Just the same with horses. Some of them have an idea that an auto means danger and "their animal instinct will keep them away from it."

Sure!

Yes, sir, a thousand little things may frighten it (the intelligent horse) and one of them is an autocar and another is the smell of gasoline.

When the writer of that article talks about "fool drivers", he certainly strikes a snag for he does not seem to know that the unpopularity of the automobile with the farmer is due in a large measure to the "fool drivers" or things called chauffeurs, who tear along at reckless speed and laugh heartily at the farmer in the ditch with his rig put out of business.

Another notable fact is that as yet autos are high-priced luxuries and only those can use them who have made their fortunes through the farmer and other hard workers.

The question now before the people is, "Who is to have the right of way on the public thoroughfare—the farmer or the autoist?" After the farmer has spent his money and labour to build roads so that he can have easy access to the city, this high-toned gentry comes along and drives him off. The people of the townships of Harvey, Ennismore, Emily and Verulam still maintain that if the autobus goes to Chemong Park, they will do business in Lindsay, Bobcaygeon and Lakefield. It has been proposed to open the road east of the Communication Road for the farmers with spirited horses. Of course the farmer can sneak along any back lane with a loaded wagon while his lord and master speeds along on pneumatic tires on the "front road".

Thanking you, Mr. Editor, for this chance to defend the tillers of the soil, I remain,

Yours truly,
FARMER FIRST.

Commence Work On New Bridge

Peterboro' Contractor at Work Building Piers.

Examiner Special.

Keene, July 4th.—Work was commenced at the piers for the new county bridge here by a gang of men under the direction of Mr. David Conroy, Jr., of Peterborough, last week. Considerable difficulty was experienced with a great large pine log, nearly buried in the mud at the bottom of the river and the services of a professional diver had to be secured to remove it. After some trouble it was removed and work is now progressing satisfactorily.

Much Building At Mt. Pleasant

Interesting News Notes From the Busy Village.

Special to The Examiner

Mount Pleasant, July 2nd. — The building operations are progressing rapidly in our village. J. D. Thexton, who intends retiring from farming is building on the site of the old hotel which was destroyed by fire some years ago. Good times under the Laurier Government has filled the pockets of farmers so that they can do without receiving a pension from the Government, and the overflow still continues.

Abram Webster, a former resident of Mariposa, a retired farmer, has been a missionary in the North-west for some time past, made a visit to the home of J. McLean, Esq., on his return from the conference, where he was appointed to do mission work at Port Stewart in the north-eastern part of Ontario. We wish him success in his home mission work.

Mr. J. W. McLean, public school teacher at Mount Pleasant, having been appointed examiner of the school at Jallieboro, has returned home.

Dr. Keath, of Omemee, visits our village on Tuesday and Friday of each week. There is a good opening for a good doctor here.

Several visitors from Toronto are spending their holidays here where they can enjoy life in a bracing air free from all floating germs, where God in His greatness and His goodness, can be seen at this season of the year in the growing crops which promise an abundant harvest.

The new Evangelism is the latest fad in the religious system in England. Would it not be advisable to have a commission appointed to decide as to which of the different sects is founded on truth. What God said to Cain still holds true "If thou doest well, shalt thou not be accepted, and if thou doest not well, sin lieth at the door." And also the answer of Jesus to the scribe "Hear O Israel; the Lord our God is one Lord". He alone is worthy of all worship. But to-day we sing "Jesus shall reign", etc., Our song should be "The Lord Jehovah reigns", etc.

British law is set aside by the Tory party at Toronto. Old officials are still being removed from office without a trial.

There is an immense crop of weeds growing upon the streets, and on some private properties also, in the corporation. These should all be cut at the proper time to prevent them from going to seed. No doubt the village council will attend to this as usual, and while it is being done there is a lot of long grass hanging over the sidewalk in places that should be cut as well.—Norwood Register.

Windsor Heard From!

Postmaster Wigle makes a statement

The following letter from Mr. Alfred Wigle, Postmaster at Windsor, who is a man of excellent musical ability, and a most competent judge, speaks very highly of the New Scale Williams Piano:

Dear Sirs:—

I am delighted with the New Scale Williams Piano (Style Sheraton), which I purchased from you. It fully equals, if not excels, your representations, and certainly exceeds the expectations which I had formed. I esteem it to be by far the best piano I have ever owned, and I have been the owner of four of the leading pianos manufactured in Canada.

Its tone has clearness, power and volume and a resonance that lengthens and enhances its outpouring "concord of sweet sounds."

Anyone conversant in music must know that quality of tone depends upon the material used and the construction of the musical instrument. I have no hesitation in saying my full conviction is that the New Scale Williams Piano with its Harmonic Tone-Prolonging Bridge and other noticeable modern improvements is by far the best piano manufactured in Canada or the United States today. It is, without doubt, the piano of the twentieth century. Yours very truly, ALFRED WIGLE, Postmaster.

J. M. Greene Music Co., Cyrus, Hynes, Limited

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 TRADE MARK ROGERS BROS.

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

Budget of News From Keene

What the People of This Progressive Village are Doing.

Examiner Special.

Keene, July 2.—Mr. James Miller, of Toronto, spent Dominion Day in Keene.

Mr. and Mrs. James Andrews, who have been visiting friends in this vicinity, returned to Toronto Monday.

Mr. and Mrs. J. H. Taylor left today for a visit to friends in the Northwest.

Mr. and Mrs. Roland Wilson and Miss Kathleen Wilson spent Sunday at Mr. R. Hope's.

Mr. James Elmhirst's trotter, "Little Girl," won first money at Campbellford, Monday.

Mr. Archibald Bryce is in Toronto the guest of his son, Mr. Walter Bryce.

Mr. R. S. Skinner went to Campbellford Monday.

The Reason Why?

If you are not well there is a reason. If you do not get well there is a reason. The reason is probably the same in both instances, namely, that your system is so run down, that it is in no shape to either resist or throw-off disease.

The remedy is obvious:—Build up the constitution and nature will do the rest. As a system builder

FERROL

the original and only combination of **Cod Liver Oil, Iron** and **Phosphorus**, easily holds the record. Unlike most other Cod Liver Oil preparations **Ferrol** is palatable and easily digested, and may be taken with advantage at all seasons, even in the warmest weather.

Ferrol is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanatoriums, etc.

Seed Experts Address Meeting At Warsaw

A Meeting at Which Matters of Great Import to the Farmers of the County Were Discussed--Mr, Carlow and Mr. Raynor Were the Speakers--Personal News From Warsaw--Cottesloe Strawberry Social.

Examiner Special.

Warsaw, June 28.—Messrs. A. Seymour and C. Snider, of the city, were in town on Friday.

Miss Ada Payne was in Whitby for a few days last week visiting friends at Ontario Ladies' College.

Mr. and Mrs. R. W. Dixon and children, of Oshawa, visited relatives here on Sunday and Monday.

Messrs. J. G. Keefer and Chas. O'Reilly, of Norwood, were in town on Saturday.

Mr. D. S. Calder, of Peterborough, spent Sunday in the village.

Mr. and Mrs. H Smith and Miss Lottie Smith, of Lakefield, were guests of Mr. R. Deen on Sunday.

Mrs. G. Mattice, was in the city for a few days last week.

Mr. M. J. Willoughby, of Colborne, brother of Dr. Willoughby, M.L.A., was in town on business on Thursday.

Mr. and Mrs. Thos. Foster, of Peterborough, were here on Sunday, attending the funeral of the late Donald McIntosh.

Mr. A. F. Choate opened his branch store at McCracken's Landing, Stony Lake, on Tuesday.

Mr. John McIntosh, of Saskatoon, Sask., who was called home on account of the death of his father, arrived here on Wednesday.

A large number from here attended the Douro picnic, and report having had a good time.

The strawberry festival and ice cream social given on Monday evening by the Cottesloe Presbyterians was quite a success. The refreshments were served in the school, after which the following programme was rendered in the church:—

Selection—Lakefield choir.
Address—Rev. L. S. Steedman.
Selection—Choir.
Solo—Mr. Doidge.
Address—Rev. Mr. Whitelaw.
Selection—Choir.
Solo—Mr. Doidge.
Solo—Miss Quinn.
Quartette—Four members of the choir.
Address—Rev. Mr. Atkinson.

The Presbyterian Sunday School scholars were favoured with fine weather for their excursion to Buckhorn which took place on Thursday.

Services will be held each Sunday at 3 p.m. in St. Mark's Anglican church at which Mr. Clark, of Toronto, will preach.

The local meeting of the series being held throughout Ontario, by the Department of Agriculture, Ottawa, took place on Saturday afternoon. The gathering was not as large as might have been expected considering the importance of the subjects under discussion, yet those who were fortunate in being present were amply repaid for the time spent.

The speakers were, Mr. Carlow, of Warkworth, and Mr. A. J. Raynor, of Scarboro Junction, and the subject, "The Nature and Best Means of Eradication of Weeds."

Mr. S. Hawthorne acted as chairman of the meeting, and made a short address of explanation, after which he called on Mr. Carlow.

In opening his address, the speaker referred briefly to the Seed Act and its relation to farmers as well as to the seed dealer, then the nature of the most troublesome weeds, of which of which many specimens were on exhibition. Botanists divide them into four classes, viz.—Annual, winter annual, biennial and perennial. The annual is one which grows from the seed, flowers, and perishes in the course of the same season; and example of which is the mustard. The winter annual is one whose seeds germinate late in the fall, and produce flower and seed the next spring as for example, the Shepard's purse. The biennials are those which take two years to produce flower and seed of which the Burdock is an example. The perennial, which is the most troublesome of all, produce flower and seed year after year from the root, the thistle, wild chicory and bird weed being examples.

The speaker then explained the nature of a large number of weeds of which he had specimens. Among which were the following:—Fleabane, an annual, not considered very harmful; French weed, annual, troublesome in Timothy although not very common in Ontario; the trefoil, a biennial found chiefly in Alsike, from which it is impossible to distinguish a difference. This latter weed has been sold in Canada as a pasture grass, and is much liked by sheep, yet the United States Government has prohibited the sale in that country. Of the four species of Mustard, an annual, the one known as the wormseed, is the most common; the false-flax, a winter annual, is also of this family and is similar to shepard's purse.

The pepper grass is a troublesome weed on light soils, and is found in timothy and alsike as also is the night-flowering catchfly, the seed of which resembles the burr.

The round leaf marshmallow is becoming common, but is not very injurious to the crops and will not stand cultivation. The French weed, a winter annual is considered the greatest pest with which Northwest farmers and ranchmen have to contend on account of its imparting an objectionable flavour to the beef. A very common and well known weed is the white or oxeye daisy, a perennial. This is hard to eradicate as the roots spread widely. The black plantain, the seed of which is hard to distinguish from red clover is yearly becoming more of a nuisance. The sow thistle is found in these varieties; an annual, with a rough leaf the perennial, the leaves of which are smooth and the creeping root stock thistle, which is by far the most noxious. The Canada thistle a perennial, which is also endowed with a creeping root stock is among the most troublesome. Other weeds, the nature of which was explained are:—Bird weed, of which there are two varieties, the common names being wild buckwheat, and wild morning glory, the shepard's purse, May weed, rag weed, lamb's quarters, wild pea, purslane, an annual; the milkweed, a perennial, other annuals are the bladder campion, blueburr and wild mustard.

Mr. Raynor then spoke on the means of eradication, the most latest method being, shallow cultivation. By cultivating about two inches deep a great many roots of the perennial will be pulled out, and will perish. The machine used should have stiff teeth, the common cultivator not being firm enough to do good work. This labour should be applied several times after harvest. Another method is to change the crop every year, this will assist greatly in cleaning the land. Deep ploughiong is a thing of the past and should not be done, as by doing so the nitrogen, which is so necessary, is turned up, and goes to waste. Another common error is that of allowing clover fields to re-seed themselves. Two crops of clover should not be grown on the same field in succession, a root crop should come between.

The speaker then referred to the different Seed Acts and amendments which prohibit, among other things, the sale of unclear seed.

Two receipts for the cleaning of seed were given. For cleaning smut from oats or barley, pile the seed on the barn floor and sprinkle with one gallon to each bushel of grain, a mixture of one pint formalin to 40 gallons water. For wheat, one pound bluestone to ten gallons water, and used in the same manner as the formaline will have the desired effect.

Any person desirous of knowing the name of any weeds, or the quantity mixed with the seed may do so by mailing a sample, which goes through the mails post free, to the Department of Agriculture, Ottawa.

The delegates then asked for questions, of which they received many pertaining to local weeds and the treatment they should receive.

Warsaw Public School Report

The Names of Scholars Who Will be Promoted.

Examiner Special.

Warsaw, July 4.—The following shows the progress of the pupils of S. S. No. 3, Dummer, for the year ending June 29, 1906. Pupils in classes II. and III. passed a uniform set of test question papers for promotion to the next higher class. The marks necessary to pass from Class II. to Class III. are 275, and from Class III. to Class IV., 325.

Names of pupils promoted from Junior to Senior Part I.:—Lelia Thompson, Clara McCracken, Kitty Anderson, Ada Nickle, Mary Steedman.

From Senior I. to Part II.:—Hazel Brown, Myrtle Brown, Christina Anderson, Ada Nickle, Maud Calder, Cecil Wilson, Fred. Bell, Bessie Middleton, Melville Crowe, Percy Cooper, Theo. Douglas, Mary Steedman, Fred. Steedman, Herbert Richmond.

From Part II. to Class II.:— Eva Lonsberry, Oswald Alexander, Myrtle Wilson, Norman Crowe, Marie Payne, Olive Clements, Edith Atkinson, Theo. Douglas, Cecil Wason.

From Class II. to Class III.:—Bella Nickle, 446; Hilliard Clements, 430; Grace Darling, 402; Annie Anderson, 384; Llewellyn Douglas, 380; Allan Bell, 344; Stewart Anderson, 327; Willie Aikins, 308; John Clifford, 276.

From Class III. to Class IV.:—Stella Douglas, 535; Lyall Douglas, 491; Stanley Thompson, 466; Marjorie Choate, 457; Ruby Crowe, 456; Wellington Middleton, 377; St. Clair Douglas, 377; Olga Miller, 369; Linda Doughty, 326.

GEO. S. MATTICE, teacher.

United Schools Ran Successful Excursion

The Trip of the Lang Sixth Line and Bethel Sunday Schools to Stony Lake a Great Success--A Three Days' Trip Next Week--Personal News.

Examiner Special.

Keene, July 4.—Mrs. W. McCrae, Mrs. W. J. Mein, Mr. and Mrs. A. Archibald and Mr. John Mein, of Peterborough, were the guests of Mrs. A. Campbell, Monday.

Rev. Dr. McKay, of Toronto, conducted anniversary services in the Presbyterian church Sunday, July 1. Besides the usual morning service a service was held at 7.30 p.m.

Miss Kate Gourlay visited friends in Hastings, Sunday.

Mr. James Miller, of Toronto, who has been visiting friends in this vicinity, returned to Toronto Tuesday.

Mr. R. S. Skinner, who is a former resident of Campbellford, attended the Old Boys' reunion there Dominion Day.

The excursion from Keene to Stony Lake which was postponed on account of the break in the canal above the lift lock will be held Wednesday, Thursday and Friday, July 11th, 12th and 13th. The "Rainbow" will carry the excursion and will call at Hastings, Birdsalls, Harwood and other points on the lake, arriving at Mount Julian Wednesday evening. On Thursday, Love Sick Lake, Burleigh Falls and Deer Bay will be visited, and the return trip will be made Friday.

Mr. and Mrs. Roland Wilson and Miss Kathleen Wilson spent Sunday in Lang the guests of the Misses Hope.

Miss Maude Howson spent Sunday and Monday in Campbellford the guest of her uncle, Mr. John Howson.

Mr. and Mrs. Peter Drummond spent Dominion Day in Warsaw, the guest of Mrs. and Rev. J. Atkinson.

Entrance examinations were held in Keene public school Wednesday, Thursday and Friday, of last week. Mr. Sidney Smithson, of Villiers was presiding examiner. About 30 pupils altogether tried their entrance examinations.

Mr. P. T. Pilkie was in Hall's Glen last week acting as presiding examiner at the entrance examination held there.

An excursion to Stony Lake was run last Thursday by the Lang, Sixth Line and Bethel Sunday Schools. Excursion rates were given from Hastings, Birdsall's Blezard's Keene, Drummond's and Peterborough, also from Indian River on the C.P.R. The Steamer Stoney Lake took the excursionists from Lakefield around the lakes, returning to Lakefield to catch the seven o'clock train, which ran as far as Hastings. About three hundred and sixty attended; the largest crowd the Stoney Lake has carried this year. Thanks to Mr. Samuel Armstrong's good management, a very pleasant day was spent and the funds of the Sunday School were increased by a large surplus from the excursion. Mr. Armstrong is to be commended for his generous and enterprising spirit in guaranteeing and successfully engineering the affair.

Mrs. Howson, of Norwood, is the guest of her brother, Dr. Kindred.

Mrs. Waller, of Havelock, spent last week in Keene with her daughter, Mrs. (Dr.) Harold Kindred.

Mr. Fred Doughty, of Peterborough, was in the village Monday.

Mr. J. Bremner, of Peterborough, spent Dominion Day in the village, renewing old acquaintances.

Master Archie Bryce, of Toronto, is visiting his grandfather, Mr. Archibald Bryce.

Miss Jennie Eson, of Westwood, was in Keene Monday.

Mr. William Brackenridge, of Westwood, was in the village Thursday.

Mr. William Read has bought a house in Peterborough and intends moving there shortly.

The annual Villiers picnic and dance was held at Villiers corners on Friday June 29th. Owing to the threatening aspect of the weather the attendance was not so large as usual and the rain coming on broke up the dancing early still there was a fair attendance and a very pleasant evening was spent.

A party from Cobourg are Camping at Grape Island.

Mr. and Mrs. A. D. Anderson and party intend leaving for a month's outing at Trent Bridge Wednesday.

Mr. and Mrs. Fred English, and Miss Adeline English, of Ottawa, are the guests of Mr. Robt. English.

Mr. Jas. Weir of Peterborough Dominion Day in town.

An excursion was run from the village to Hastings where a programme of sports was run off, on Dominion Day.

Lady's Narrow Escape From Terrible Death

Mrs. Harrison, of Havelock, Fell Unconscious on Cattle Guards on Track--Was Rescued Before Train Came--She Was Severely Hurt by Fall--Other Notes of Interest From Havelock.

Examiner Special

Havelock, June 28.—Mrs. P. W. Reynolds and Miss Ruby Buck, Norwood, spent Monday with friends in town.

Mr. Robt. Flynn has returned after spending a couple of weeks with friends in Toronto.

Miss M. Drain, Norwood, spent Sunday in town the guest of Mrs. Stanley Barlow.

Mr. Geo. Andrews, Norwood, spent Sunday in town the guest of his brother, Harry.

Mr. Arthur Gabriel left town on Monday for Dundalk, where he has accepted a position. Mr. Gabriel has spent several years in Havelock, and has made many friends. They all join in wishing him every success in the future.

A number of our young people drove over to Trent Bridge on Friday evening to enjoy a few hours' boating.

Mr. S. Terry, gaying teller in the Sovereign Bank, left town on Sunday morning for Pfaffer law, where he has accepted a similar position in a new branch of the bank there. Mr. P. T. Clarke, Stouffville, will succeed Mr. Terry.

Miss Eva Lancaster left town on Monday morning for Toronto. Miss Lancaster intends visiting friends in Toronto, Owen Sound and Parry Sound.

Miss Irma Puffar, who has for the past two weeks been a guest at Miss Lancaster's, left on Saturday for Peterborough.

Miss M. Walton, of Toronto, is spending the holidays at her home here.

Miss Lauretta Bennett, Ottawa, is spending the holidays with her parents here. Miss Bennett has been attending the convent school in Ottawa.

Miss Stinson, Norwood, spent a few days of this week in town the guest of Mrs. P. Haig.

Mrs. S. J. Cross spent Monday and Tuesday with friends in Peterborough.

Several of our young people attended Mrs. Morrow's musical recital in Peterborough on Monday evening.

Misses Stella Veyer, Ida Howe and Mr. Percy Ford attended the social in Norwood on Monday evening last.

We are pleased to learn that Mrs. H. T. Andrews, who has been dangerously ill for the past few weeks, is rapidly recovering.

Mrs. Rennin, Stayner, is spending a few days in town the guest of her daughter, Mrs. H. T. Andrews.

Miss E. Lockwood, of Toronto, is spending a few days in town visiting her niece, Mrs. Geo. Galbraith.

Master Birt Dermo is spending a few days in town visiting his cousin, Mr. Will Bryans. He is on his way to his home in Toronto, where he has been spending a month or so with his grandmother.

Miss Richards is visiting friends in Belleville.

Mrs. Harrison, an elderly lady of town, narrowly escaped being killed on Wednesday afternoon. She was walking up the track from Vance's crossing, when she missed her footing and fell on the cattle guards. She was found some time later in an unconscious condition by a couple of girls who were passing. Fortunately no trains happened to be passing at the time, or Mrs. Harrison would have been instantly killed. Her head was severely cut from striking the rails. The girls assisted her to Mrs. Vance's, where her wounds were dressed.

Miss Ethel McBurney returned home Monday evening after spending some time in Nisbolls Hospital, undergoing treatment for neurosis of the limbs. Miss McBurney, we are sorry to learn, has not yet recovered and it will be some time before she will be able to walk.

Mrs. Samuel Higby is spending a few days with friends in Toronto.

Miss Campbell, of the Public School staff, left on Wednesday to spend the holidays at her home in Norwood.

Miss Bailey and Mr. Tucker, of Stirling, spent Sunday in town the guests of Miss Ada Holcombe.

Mr. and Mrs. Chas. Armstrong have returned after spending a week camping at Mt. Julian, Stony Lake.

The merchants of Havelock have decided to close their stores every Wednesday afternoon during the months of July and August.

A number of the boys attended the baseball match in Norwood on Wednesday afternoon.

A TORONTO MAN TRIES SOMETHING NEW AND IS DELIGHTED. FEELS LIKE A BOY.

MR. M. N. DAFOE

Mr. M. N. Dafoe, Manager The Dustless Brush Co., 39 Colborne St., Toronto, is telling his friends how he found health after years of illness and pain. He says: "I have been a great sufferer from dyspepsia for many years. I have been treated by local doctors and have taken nearly all the advertised remedies, with only temporarily relief, if any at all—but since using Anti-Pill I can eat any thing, the same as when a boy. I have been taking one Anti-Pill at bedtime for the past three months, and find they regulate both stomach and bowels. My old-time vigor has returned, so that my spirits are buoyant and temper normal. As a result of this unhoped-for experience I am on duty bound to give all credit to this wonderful remedy, Anti-Pill."

Every druggist sells Dr. Leonhardt's Anti-Pill, or a sample will be sent free by The Wilson-Fyfe Co., Limited, Niagara Falls, Ont.

The remedy that cured Mr. Dafoe so completely is surely worth a trial. 802

A CANADIAN FOLK SONG.

The doors are shut, the windows fast,
Outside the gust is driving past,
Outside the shivering ivy clings,
While on the hob the kettle sings—
Margery, Margery, make the tea.
Singeth the kettle merrily.

The streams are hushed up where they flowed,
The ponds are frozen along the road,
The cattle are housed in shed and byre,
While singeth the kettle on the fire—
Margery, Margery, make the tea,
Singeth the kettle merrily.

The fisherman on the bay in his boat
Shivers and buttons up his coat;
The traveler stops at the tavern door
And the kettle answers the chimney's roar—
Margery, Margery, make the tea,
Singeth the kettle merrily.

The firelight dances upon the wall,
Footsteps are heard in the outer hall,
And a kiss and a welcome that fills the room,
And the kettle sings in the glimmer and gloom—
Margery, Margery, make the tea,
Singeth the kettle merrily.

—William Wilfred Campbell.

Strange "Teas."

Tea is not always the fragrant beverage which cheers but does not inebriate, and the name has curious application. Ginger tea was once a most popular beverage. Cowslips and other flowers and herbs, including camomile, thyme, marjoram, balm and mint, have been used. Histories have made us familiar with the substitutes for tea which our Revolutionary grandmothers used after the tea from the East India company's ships was poured into Boston harbor. Tea made from the leaves of ribwort, strawberry plants and currant bushes, sage, thoroughwort and other herbs was drunk. So called "liberty tea" was made from the leaves of four leaved loose strife, while Hyperion tea, according to a valuable chronicle of the time, was made from raspberry leaves and was said by patriots to be very delicate and most excellent. The beverage may have tasted so to the patriotic palates, but many a colonial dame must have longed if she had allowed herself for the fragrant Hyson which she had been accustomed to enjoy.

A CHARMING BABY'S BASKET

A Compact Hamper Made With a Camp Stool and Box.

Every young mother loves her baby's surroundings to be dainty and pretty, but unfortunately many a young mother who is not blessed with an abundance of this world's goods is apt to say when one suggests mere prettiness to her, "Yes, I know I should like so and so, but I can't afford it." So poor baby has perhaps to go without a compact basket, where all his requirements are at hand, and to put up with many a wait during dressing because his mother can't remember where she put brushes or safety pins.

Now, no baby need be without a toilet basket, such a one shown in the de-

READY FOR COVERING.

sign only requiring a small outlay in money and the deft touches of clever fingers. The basket itself has as a foundation one of those nice flat cardboard boxes in which gowns are sent home. The inside of the box is first well padded with wadding and the whole afterward covered with silk or mercerised sateen, which in its turn is again covered with white or cream spotted muslin. Any pretty shade of silk can be selected, but choose something bright in order to show up through the muslin. A pretty lace edged frill of muslin must be put all round the box and on no account skimp your frill.

The four corners of the box are finished off with ribbon bows or flat rosettes made of silk. Do not forget to make a large pincushion. A triangular one is convenient, as it fits in one corner. A cover for the basket when not in use could be made from a piece of silk covered with muslin to match that on the basket.

The basket is nothing more than an ordinary camp stool. Remove the can-

THE BASKET COMPLETE.

vas seat, sandpaper the legs and enamel them the color of the silk which lines and decorates the basket.

When quite dry, place the box on it, as shown in the first sketch, and securely nail it on the top bars. This can be done either before or after, but a neater effect is gained when it is put on afterward. Gilt headed nails would not be an eyesore showing on the inside if they were driven in strongly and evenly.

The Light of the Moon.

The moon is a mirror which reflects the sunlight to us. An examination of moonlight with the spectroscope shows, of course, the same spectrum as that of sunlight. The quality of the reflection is indicated in the announcement that it would take no fewer than 618,000 full moons to supply to us an amount of light equal to that which we get from the sun, and there is only sky room for, say, 75,000 of them. The inclination of the moon's orbit to the horizon accounts for the harvest and the hunter's moon, which occur when the tipping is slightest, thus permitting the moon to rise about the same time for several successive evenings. The moon often appears much enlarged when on the horizon, but this is caused by the refractive feature of the air about the horizon and the natural tendency to compare it with terrestrial objects.

The Ark Born Ham.

Hundreds of the ancient gleaners of miscellaneous curios, legends, myths and traditions give us to understand that Cush was born on the ark. Others claim that there was a child born on the sacred vessel, but that it was sacrificed to one of the wild beasts, Noah declaring that no person should leave the ark who had not gone on board in the regulation manner. The weight of the evidence as it is given by the Talmudic writers is to the effect that Cush is the person referred to by the old time mystery gleaners when they speak of the "ark born" man. The sacred books as well as the scores of Biblical encyclopedias, handbooks of ancient history, etc., are silent on the subject. In the "Saxon Chronicles" the following occurs: "Bedwig was the son of Shem, who was the son of Noah, and he (Bedwig) was born on the ark." Herbert's note in "Nimrod," volume 2, page 37, says, "Kybele is the ark, and as Cush was, begotten in the ark his posterity were in a peculiar sense descended from that ship." Although Herbert makes no direct reference to the fact of Cush being actually born in the ark, he speaks of him in several places as "Cush, the ark born." The Talmudic writers discredit the Bedwig story, but declare that Cush was born on the day that "God's covenant" (the rainbow) first appeared.

The Birds at Dinner.

If we notice carefully the beaks of all the birds we see, it will help us, by indicating their habits of feeding, to locate them in their families and thus lead us to their correct names. All the sparrows have short, stout beaks, well suited to cracking open seeds and grain, which are their usual food. The thrushes have a curved bill, convenient for holding worms and digging in the soil. They find most of their food on the ground, poking among the dead leaves and rubbish for grubs, beetles and larvae. Our robins, which are true thrushes, do valuable spring work in the garden and lawn pulling worms from the soil. Have you ever watched a robin at work? How he tugs and pulls when the worm is long and does not come easily! There are an energy and a certain business air about him when at work which are very interesting. The tiny humming birds, with their long, needle shaped bills, are well equipped for securing honey from the very heart of the trumpet flowers and honeysuckles. They find numerous small insects within the flower as well as honey.

A PARIS BEAUTY SHOP.

Crooked Noses Are Straightened and Wrinkles Disappear by Magic.

From time immemorial women have longed to be beautiful and above all to remain beautiful.

Diet and rest are the two most popular beauty prescriptions. In France a woman doctor has gone a step further and started a regular beauty institute, where everything ministering to the cult of feminine beauty is a subject of

FOR HOLLOW CHEEKS.

earnest study and experiment. To this "beauty shop" patients flock from all over the world.

The physician in chief of the beauty institute is a great believer in electricity and in hypnotism, and those who put themselves under her charge must bear in mind the old French proverb, "Il faut souffrir pour etre belle," which may be roughly translated as "To be beautiful you must be ready to endure pain."

"What do you consider the most hopeful class of patients?" was asked the beauty physician.

"The ideal case from our point of view is the pretty woman verging on middle age who has gradually become indifferent to her personal appearance. She is rather too stout, crow's feet have begun to appear, her double chin indicates a too generous diet and neglect of exercise, her once lustrous hair has become thin and dull in tint, her smooth forehead is covered with a network of thin lines—age is creeping on her fast. She comes to us in great dismay and is willing to go through anything in order to regain her youth and the admiration of her friends."

"And can you give her back the lost years?"

The beauty doctor smiled.

"If it is true that a woman is only the age that she looks we can do a great deal for such a patient as I have just described. We begin by giving her a fortnight of no starch diet. This is severe, I admit, but it works wonders both in reducing obesity and in toning up the whole system. A little regular exercise, say an hour in the morning and half an hour in the afternoon, makes a real difference in the patient's general appearance, and then at the end of fifteen days devoted to simple hygienic treatment begins the special local treatment of the thines—that is, of the wrinkled de crows feet of the double chin and flabby cheeks, of the lack luster hair and yellowed complexion."

"You believe in a combination of massage and electricity?"

"Yes, and in the hypnotic suggestion of the person administering the remedy. Massage has always been of the greatest beauty producing value; so

STRAIGHTENING THE NOSE.

have medical baths. Electricity is, of course, a comparatively new discovery and is especially useful in correcting actual physical defects. With its help we sometimes perform cures which seem miraculous, but I always warn beauty patients that electricity, even massage, should only be used under medical supervision or doctor's orders.

"There is many a woman willing to go through any form of torture which may minister to her vanity. Such a woman is the natural prey of the quack. She spends a fortune on complexion lotions, anti-fat pills and beauty compelling emollients, to say nothing of rouge and powder."

"Then you do not claim to make plain women pretty?"

"We claim to improve the personal appearance of every patient, and among our most faithful clients are actresses, singers and professional women generally."

For Bed Furnishing.

The rage for beds of gayly painted enamel, even of pure white enamel, has given place to a distinct demand for the plainest of brass beds.

An up to date bedroom is a marvel of simplicity, beautiful rugs, plain, unfigured walls and simple furniture.

The marseilles counterpane, even in white, is no longer used. In its stead have come lawn or linen bedspreads, many of which are tucked.

Most expensive of the bedspreads are those of fine linen, hand embroidered in satin stitch, English eyelet work or madeira.

The newest quilts shown are of white Japanese silk and made to fold at the foot of the bed. They are thick with down, are not heavy and are just large enough to cover the bed.

The most popular color for bedroom fittings is pure white. Very little blue, pink or yellow, favorite colors previous seasons, are shown.

Curtains match the bed covers. If the bedspread is of sheer material, white silk is used beneath it—no colors.

A Bug Six Inches In Length.

The island of Dominica is the home and natural habitat of the hercules beetle (Dynastes hercules), the very largest known species of the coleoptera or beetle family. Full grown specimens of this gigantic representative of the hard winged bug family average six inches in length from the tip of their pinchers to the termination of the wing covers. It has a long, black horn growing out of a head which is even darker than the horn itself. On its lower surface the horn is covered with a thick setting of gold colored bristles, which the entomologists say are used by the insect in capturing its prey. Another and shorter but more powerful horn grows out from beneath, the two forming a powerful pair of pinchers. The creature has six powerful legs, each armed with claws. The elytra or wing covers are of a dapple gray color and the under parts of the body black. Taken all together, it is a formidable creature, with strength sufficient to catch and hold a bird of the size of the English sparrow.

Why They Wear Hats.

History does not tell, so far as we know, how it came about that members of the English parliament wear their hats. The custom has descended from an age when its proceedings were not recorded, but one may suspect that thereby hangs a tale of sturdy and victorious revolt against privilege, such as broke out at Versailles, could it be recovered. Now and again we find antique allusions to the practice. When the commons voted that every one should "uncover or stir or move his hat" when the speaker expressed the thanks of the house for any service done by a member Lord Falkland "stretched both his arms out and clasped his hands together on the crown of his hat and held it down close to his head, that all might see how odious that flattery was to him."—London Chronicle.

Echoes and Architects.

"It is possible to make echoes," said an architect. "It is, indeed, easier to make than to destroy them. In the past men built their great temples and cathedrals with no thought of acoustics; hence when the preacher preached echoes rolled freely amid the groinings of the roof, down the rows of sculptured columns and round and round the nave. With wires strung here and with tapestries spread there, many of the echoes of the old world buildings have been obliterated. There are echo experts—builders acquainted with the science of acoustics whose specialty is echoes' destruction. Sometimes their tasks are hard. Today an architect takes thought of the echo. His building is constructed so as to exclude this intruder. And, knowing how to exclude it, he knows how to welcome it also. I have frequently in landscape work put up summer houses and arranged rocks so as to create an echo there."—Exchange.

Flogging.

Flogging, in public and otherwise, is not of mediaeval origin. In the middle ages ridicule and not physical suffering was the means employed for the correction of wrongdoing; hence the pillory, the stocks and the thewe—a chair suspended high over the heads of the crowd, in which women, generally scolds, were brought to a sweet reasonableness—but the whipping post belongs to the Tudor age. The Elizabethan servant question was met by flogging girls for idleness on Sunday morning. But it was in the Hanoverian period that flogging was carried to excess. As late as 1804 six women were publicly flogged in Gloucester, England, because they had been found begging.

Eat and Be Beautiful.

"The main thing about my beauty diet," said a specialist, "is that I never eat unless I am hungry and never one mouthful after hunger has been satisfied. Besides that, I masticate every mouthful. I eat those things for which I have the greatest longing, as I believe that our natural instincts are the proper guides, unless they have been perverted, as is sometimes the case, by the sense of taste.

"The famous beauties of history confined themselves to one or two dishes at each meal. Some, in fact, chose one particular vegetable or fruit and ate nothing else, as did one of the beauties of Louis Philippe's court, whose menu consisted of oranges—one dozen for breakfast and luncheon and another for dinner, with a slice of brown bread and a glass of bordeaux.

The Charm of Repose.

We women need to cultivate repose. We fuss and fidget altogether too much.

All we have to do is to watch one another to know that it's true. You don't? Pardon me, but you do. You have fixed your veil while I've been talking, and now you are fluffing up your pompadour.

When we are sitting silent we are still fussing. Unconsciously we are using up our vital forces and adding to our age.

Did you ever notice how fresh and placid the true philosopher appears?

There is a lesson for us. Learn to forget the ego. Forget to be self conscious. Have ourselves so well in hand and be so sure of ourselves that we do not need constant attention.

Tea Flavor and Strength

THE greater body and richness of Indian tea when combined with the delicately flavored but thinner tea of Ceylon, produces that "rich fruity flavor" of Red Rose Tea—a tea that is strong and goes further—requires less to make a cup of equal strength than any brand of Ceylon tea alone.

Red Rose Tea combines the strength and richness of Indian tea and the delicacy and fragrance of Ceylon tea.

Red Rose Tea

is good Tea

DOUMA'S STORMY SCENE.

Cossack Radical Beaten by Police—M. Alladin Warns Ministers in Fiery Speech—The Bialystok Report.

St. Petersburg, July 6.—There was a stormy scene at the opening of the Lower House of Parliament yesterday.

M. Sidelnikoff, a radical Cossack member of the House, was beaten while in the hands of the police Wednesday night, after having been arrested for exhorting a crowd of people to resist the police, who were breaking up one of the mass meetings which are becoming more frequent. When M. Sidelnikoff was searched at police headquarter a revolver was found in his possession.

He was released later in the evening. When the House opened yesterday M. Sidelnikoff gave his version of the affair, and proposed that the House interpellate the Minister of the Interior, asking him what measures had been taken to punish the policemen who were guilty of assaulting a member of Parliament and to prevent a recurrence of such incidents in the future.

M. Alladin, the fiery Danton of the House, declared that he expressed the views of the group of toil when he announced that if such an incident recurred no Ministers would be permitted to speak in the House and he could not even answer for their personal safety.

The Minister's Reply.

Interior Minister Stolypin gave the House his personal assurance that ample measures would be taken to assure the inviolability of members, and if the police were guilty in this case they would be punished.

President Mouromtseff then administered a severe rebuke to the members of the left for lowering the dignity of the House by such a demonstration.

The interpellation eventually was adopted unanimously.

After recess Mr. Schtepkin presented the Bialystok report. In a speech he emphasized the inefficiency of M. Stolypin's measures, in the early stages, to stop the looting and said that Police Lieut. Sheromtieff and other organizers of the riot in Bialystok acted under secret inspiration and influences more powerful than the Minister, thus plainly indicating Gen. Trepoff, although his name was not mentioned.

Permitted Killing.

M. Schtepkin declared that the evidence obtained proved the following facts:

1. That no religious race prejudice existed to warrant the measure.
2. That the rioting was deliberately prepared by accusing the Jews of being revolutionists.
3. That the day of the riot was announced in advance by the authorities.
4. That the administration and the troops acted lawlessly in permitting the systematic killing of peaceful Jews, including women and children, under the guise of suppressing a revolution, and that six of the military and civil authorities not only assisted, but participated in the murders, tortures and robbery.

In conclusion M. Stchepekin presented the recommendation of the commission that Interior Minister Stolypin and War Minister Rudiger be interpellated, asking that if steps have been taken to prosecute the guilty civil and military officials.

HUSBAND 5 YEARS; WIFE HALF.

Woman Pleads to Be Allowed to Serve Terms For Both.

Woodstock, July 6.—Five years in Kingston Penitentiary was the sentence yesterday meted out to Alfred Nowell, the self-confessed burglar, arrested on Sunday morning.

The authorities called Mrs. Nowell into the dock and sent her to the same institution for two years and six months on a charge of receiving stolen property, knowing it to be stolen. Nowell took his sentence like a stoic, but was moved to tears when his wife was sentenced and broke down.

Nowell stood up valiantly for his wife, and pleaded with the magistrate not to sentence her, while the young woman asked to be allowed to serve both her husband's term and her own, a period of seven and a half years. This was denied her.

On six separate charges Nowell elected to be tried summarily by the magistrate, and pleaded guilty. He was sentenced on each count, the terms to run concurrently.

BIGAMY IS CHARGE NOW.

Young Woman Acquitted of Man-Killing Arrested Again.

Montreal, July 6.—Miss Tracy, nee Eva Beard, who was acquitted Wednesday evening at Sweetsburg by the coroner's jury of the charge of murdering Howard, is once more under arrest. At the inquest Eva Beard, the admitted slayer of Howard, gave her age as 24. She was alone in her home with her two children when Howard came in, she said, and he asked where her husband was. She told him Ed. was in the glen washing the wagon. Howard looked through the window and said "Ed. is coming." She went to the window to look out, when Howard grabbed her.

When Howard rushed at her, with open arms, she grabbed the first thing to hand, which was the gun. She told him that unless he got out she would tell Ed., and when he came towards her again she leveled the gun and fired. When he fell she ran to Mrs. Gleason's.

She declared she had married Ed. Tracy at Richmond, Vt., five years ago, but knew that he had another wife living. She has a marriage certificate. She knew the deceased, and declared that he had previously tried to assault Nancy Whitehead, Emma Beard and Floyd Tood.

SCH. ELLA G. ELKS SINKS.

Captain Breen Only Survivor.—Struck Ledge in Storm.

Machias, Me., July 6.—The loss of four men and of the three masted schooner Ella G. Elks of Rockport, Me., were reported in a message sent here yesterday by Capt. W. A. Breen, the schooner's only survivor. The schooner was wrecked late Wednesday on Libby Island, in Machias Bay, while bound from New Bedford, Mass., to Windsor, N. S. The dead: E. Brown, St. John, N. B., mate; W. Duplissis, steward; C. Johnson, seaman; unknown seaman.

The schooner struck the submerged ledges, her hull was pierced and she at once began to break up.

Was Glad to Be Saved.

Windsor, July 6.—Edward Gough, whose home is in Toronto, and who travels for a Chicago house, attempted to drown himself here Wednesday night by jumping into the river from the Michigan Central dock, but shouted for help as soon as he struck the water. Watchman Girardin fished Gough out of the water. He cried for joy at being saved. He was despondent as a result of habits he feared he could not overcome.

Killed While Asleep at Crossing.

Windsor, July 6.—Celestine Soulier was ground to pieces under a Canadian Pacific train a few miles from here on Tuesday night. He drove home from the city, and must have been asleep as he approached the crossing. The train struck the end of his rig, throwing him under the train. He was 38 years of age and leaves a widow and a daughter.

Cotton Spinners Strike.

Montreal, July 6.—The cotton mill at Magog is closed again. After a meeting the men Wednesday to the number of 400 walked out. The strikers demand an increase of 20 per cent. in wages, recognition of the union, and that all agreements signed be null. The company consider these demands excessive and will resist them.

Service at St. Paul's.

London, July 6.—At request of Lord Strathcona, a memorial service for the Canadian victims of the Salisbury wreck will be held at St. Paul's on Tuesday.

New I. C. R. Shops.

St. John, N. B., July 5.—The first sod in the construction of the new I. C. R. shops was turned yesterday morning when a large gang of men went to work.

David Marshall Nominated.

London, July 6.—David Marshall, president of the Canadian Canners' Association, was yesterday unanimously nominated to contest the riding of East Elgin in the vacancy caused by the appointment of Andrew Ingram, M.P., to the Ontario Railway and Municipal Board.

Montrealer Honored.

Montreal, July 6.—Dr. T. A. Starkey, head of the hygiene department at McGill University, has been appointed fellow of the Royal Sanitary Institute. This is the first time that this honor has been conferred on any scientist of this continent.

Gored by a Cow.

Hamilton, July 6.—William Bickle, Dundas, was fatally gored by a cow last evening. He was brought to St. Joseph's Hospital.

Canoeist Drowned.

Halifax, N. S., July 6.—A canoeing accident on the Northwest Arm yesterday afternoon resulted in the death by drowning of Henry C. Allen, drug clerk, aged 26 years.

Drowns in Aqueduct.

Ottawa, July 6.—William Mitchell, a man about 45 years of age, was drowned in the city aqueduct last evening. He had been drinking heavily.

Feeding Children.

Up to the year of ten children are much better without tea or coffee. Milk or milk and water is far better. Neither should pickles, nor condiments of any kind except salt be allowed, and meat should only be permitted once a day. If children were more carefully fed instead of being allowed to eat anything that is provided for their elders there would be fewer dyspeptics in the years to come.

ALL RUN DOWN

Weak---Nervous---Unstrung.

Thousands get run down and become invalids before they realize anything is wrong. By permitting low vitality to develop, the way is paved for fevers, pneumonia and diphtheria. To put off makes it all the harder to get well. The time to repair the system is right now, before the damage gets any worse. The remedy is Ferrosone; it revitalizes, renews, builds up vitality that outlasts old age.

FERROZONE is a genuine invigorator that banishes weakness, and instils surplus force and vigor into every organ of the body. Ferrozone sharpens the appetite, produces rich nutritious blood, and thereby contributes that sense of buoyancy that adds so enormously to one's pleasure and usefulness in life.

For all forms of debility, weakness, lack of blood or nerve tone, sleeplessness, tiredness and exhaustion, there is no medicine so vitalizing and potent as Ferrozone. Even one trial demonstrates its rapidly and certainty of action.

To restore the energy of youth, to get back your vital stamina and reserve force, there is positively no treatment so certain as Ferrozone. You have only to try Ferrozone to know the enormous benefit it invariably brings to all in poor health.

FERROZONE

Miss Dorothy E. Leduc of Chester gives the following convincing evidence of Ferrozone's power:—"My work compels me to rise early in the morning and work ten hours daily as a saleslady. Last Spring I was run down, lost my color, and fell off in weight. I seemed to lack ambition and the life was out of me. A friend recommended Ferrozone, and I took one tablet after meals with wonderful results. Ferrozone brought back my complexion, and has given me new strength and abundance of energy and spirits. I would advise all young ladies to use Ferrozone."

Mrs. H. G. Wilder of Dexter says:—"My daughter was not very well last Winter, and lost her strength completely when the Spring came. I gave her Ferrozone, and am glad to say it did wonders. After six boxes were used my daughter was strong, and looked the picture of health."

Gave New Strength

FERROZONE

It makes the weak strong, the sick well, and ensures lasting good health.

WARNING—Beware of any substitute for Ferrozone; it alone can cure you. Sold by all druggists and dealers in medicine, only in 50c boxes containing 50 chocolate-coated tablets. By mail be sent address if price is forwarded to N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U.S.A.

Mrs. Byrne's Hair Works

FOR SUNDAY READING

We easily forget our faults when they are known only to ourselves—*La Rochefoucauld.*

Lesson II.—July 8.—The Duty of Forgiveness.—Matt. 18:21-35.

GOLDEN TEXT.

Forgive us our debts, as we forgive our debtors.—Matt. 6:12.

NOTES.

The Place and the *Time.*—Capernaum, at the time of the last lesson; summer or autumn, A. D. 29.

Between the Lessons:—

Our lesson text is from the same discourse of Jesus, as that for last Sunday, and, in point of time, immediately follows our last lesson. It will be very helpful to read, at one sitting, the eighteenth chapter of Matthew.

CRITICAL NOTES.

23.—Seventy times seven. Compare the Greek of Lev. 25:8. Or, as on the margin, "Seventy times and (an additional) seven;" a possible rendering as is shown by the Greek and Latin of Gen. 4:24.

23.—Therefore. Because of the duty of forgiveness. Servants. Margin, "Bondservants"; an appropriate designation for the chief officers of an Oriental King. 1 Sam. 22:14; 2 Kin. 19:2, 5.

24.—The Attic talent became standard in Palestine at the time of Alexander the Great. It contained 6,000 drachmas. The drachma was worth a trifle more than sixteen cents in the time of Christ. Compare Luke 15:8, margin. Hence the talent was worth somewhat more than $960. Ten thousand talents, about $10,000,000. The royal treasurer might easily be indebted to the king to this amount. Ezra 8:26, 27.

25.—Sold, and his wife, and children. This treatment of insolvent debtors had long prevailed. 2 Kin. 4, 1; Neh. 5:1-8; Isa. 50:1. The Mosaic law ameliorated the harshness of the custom, however, by limiting the period of bondage.

26.—Worshipped. Did obeisance.

27.—It was a debt (Matt. 18:32), but at the same time a "loan" (margin), because money had been intrusted to these officials on condition of its future return. Luke 19:13-20.

28.—A hundred shillings. The Roman denarius (Matt. 22:19), here translated by shilling, was worth at this time about seventeen cents.

30.—Prison. A common punishment for debtors.

34.—The tormentors. Jailers knew how to make life miserable for the prisoner, and thereby goad him and his friends on to the payment of the debt or the revelation of concealed property.—Westminster Teacher.

The Church and Workingmen.

Christian truth and life, says the Congregationalist, are suffering loss to-day from too much talk about the church's relation to the labour problem, as though Christianity had a peculiar mission to those who labour without having their money employed in the work they are doing. Phillips Brooks expressed an important truth when, replying to an invitation to preach to workingmen, he wrote: "I like the workingmen very much, and care for their good, but I have nothing distinct to separate to say to them about religion; nor do I see how it will do any good to treat them as a separate class in this matter in which their needs and duties are just like other men's".

The Devil's Fishhooks.

The following appears at the head of the leading editorial column of the Catholic Standard and Times for May 20:—

"Atlantic City is a beautiful place in the gay summer, but everything in it and about it is not beautiful or good—especially some of the postal cards for sale there. The authorities have had their eyes opened to the wickedness of these devil's fishhook baits, and have taken action to spoil the sport. A public censor has been appointed to look after them—an example that might be profitably imitated here in this city, especially in the foreign quarters."

Land For Congo Catholics.

A press cablegram from Brussels says a convention between the Congo government and the Vatican has been signed, providing that every catholic institution in the Free State, composed of priests, monks or nuns, shall be entitled to own in perpetuity 230 acres of land donated by the state. The missionaries agree to teach the natives and found agricultural and technical schools.

Pulpit on Rails.

There has just been completed a very handsome pulpit for use in St. Cuthbert's church, Carlisle, and the peculiarity about it is that it runs on wheels. The structure is made entirely of mahogany, and measures 9 feet over all in height, nearly 8 feet in width, with a depth of 5 feet. There are seven steps up each side at the back. It is worked on a trolley and endless rope, and the wheels, which are covered with rubber, running in iron grooves let in the stone floor.

The system works very smoothly, and the pulpit is wound in and out before and after the sermon by turning a wheel about 20 times. The pulpit was consecrated by the bishop of Carlisle. It is to be in perfect working order for Sunday next, and was used for the first time yesterday. It is the only pulpit on rails consecrated by a bishop.—London Daily Graphic.

Believes in Newspapers.

"I believe in the newspaper," says Mr. Alexander, the singing evangelist. "To illustrate their carrying power, let me tell a story:—

"A newspaper, published in England, one day carried in its columns a sermon by the late Rev. Charles H. Spurgeon. That newspaper found its way to Australia, and eventually was part of a bundle that was thrown under the counter of a store to wrap up packages with. In course of time it was reached, and inclosed some articles that were sent to the house of a most ungodly man. He unwrapped the goods, and as he did so, the heading of the sermon struck his eye. The man read it, became thoughtful, read it again. It convinced him, and he became an earnest and devout Christian."

Jewish Family Religion.

In every Jewish home Kiddush is recited by the master of the house on the eve of Sabbath and festivals, and is the ceremony by which the coming in of Sabbaths and festivals was sanctified in synagogue and home. According to the Jewish principle of hallowing the home, all causes for rejoicing are connected with the religion and Kiddush is thus a characteristic Jewish ceremonial. It consists of drinking from a cup of wine after an appropriate benediction. According to the Talmud, "the prayer of Kiddush belongs to the meal." From this it would seem that there is no justification of the Kiddush in the synagogue, but it is probably a survival of the time when meals for strangers used to be prepared in the synagogue, or in adjoining rooms.

Evil thoughts, if cherished, blight virtue, destroy purity, and undermine the stablest foundation of character. They are very much like rot in timber, like rust in iron. They eat into the man. And when the process has gone on for awhile, and there comes the stress of outward temptation, down they go into a mass of ruins.—Addison.

Thus, while it is true that one who keeps his self-respect has the world's ear it is also true that he must discredit the world's to maintain his own. The public may chatter about what a man has, but it asks, before it stops talking, what he is, and rates him accordingly.—James I. Vance, D.D.

It is moral courage that characterizes the highest order of manhood and womanhood, the courage to seek and to speak the truth; the courage to be just; the courage to be honest; the courage to resist temptation; the courage to do one's duty.—Samuel Smiles.

Every day is a little life, and our whole life is but a day repeated. Therefore live every day as if it would be the last. Those that dare lose a day, are dangerously prodigal; those that dare misspend it are desperate.—Bishop Hall.

To-morrow In City's Churches

ST. PETER'S CATHEDRAL. — At St. Peter's Cathedral there will be three masses celebrated — at 8.00 a. m., low mass; children's mass at 9.15 a.m.; high mass at 10.30; Vespers at 7.00 p. m., with sermon.

ST. JOHN'S CHURCH.—Rev. J. C. Davidson, rector. July 8th, Fourth Sunday after Trinity. Services.—8.30 a. m., Holy Communion; 11.00 a. m., Morning Prayer, Litany and Sermon; 3.00 p. m., Sunday School and Bible Classes; 7.00 p. m., Evensong and Sermon.

ALL SAINTS' CHURCH — (corner of Rubidge and Sherbrooke streets) Rev. Wm. Major, rector. July 8th, 4th Sunday after Trinity. Services.—11.00 a. m., Morning Prayer, Litany and Sermon; 3.00 p. m., Sunday School and Rector's Bible Class; 7.00 p. m., Evensong and Sermon. Sidesmen Messrs. W. Comstock and J. Donnoly.

ST. LUKE'S CHURCH.—Rev. E. A. Langfeldt, M. A., rector. July 8th, 4th Sunday after Trinity. THE CITY MISSION BAND, 366½ Water street. Services—Sunday 11 a.m. and 7 p.m. H. B. Luck in charge. Open air services at corner George and Simcoe streets at 6.30 p. m. Tuesdays and Fridays in the Hall at 8 o'clock. Everybody welcome. Any one who is not in the habit of attending any place of worship, will be gladly welcomed.

ALMOST HOPELESS.

The Condition of Thousands of Pale, Anaemic Girls.

"Almost hopeless is the best way to describe the condition I was in about a year ago," says Miss Mamie Maunett, of Athol, N.S. "My health had been gradually giving way until I reached a condition when I feared I was sinking into chronic invalidism. I was as white as a sheet, my blood apparently having turned to water. I had no appetite, suffered from headaches and dizziness, the least exertion would leave me breathless, and it appeared that I was going into a decline. I had seen Dr. Williams' Pink Pills highly recommended by the newspapers, and I decided to give them a trial. It was a fortunate day for me when I came to this decision, as the pills have not only restored my health, but have actually made me stronger than ever I was before. I now have a good appetite, a good colour, and new energy, and I am satisfied that I owe all this to Dr. Williams' Pink Pills, which I cheerfully recommend to other pale feeble, ailing girls."

Dr. Williams' Pink Pills quickly cured Miss Maunett, simply because they make the new, rich, red blood which enables the sytem to throw off disease, and brings robust health and cheerfulness to pale anaemic sufferers. Dr. Williams' Pink Pills cure bloodlessness just as surely as food cures hunger, and the new blood which the pills make braces the nerves and tones and strengthens every organ and every part of the body. That is why these pills strike straight at the root of such common diseases as headaches, sideaches and backaches, kidney trouble, indigestion, neuralgia, rheumatism, St. Vitus' dance, paralysis, and the troubles from which women and growing girls suffer in silence. It has been proved in thousands of cases that Dr. Williams' Pink Pills cure after doctors and all other medicines have failed. But you must get the genuine pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box. All medicine dealers sell these pills or you can get them by mail at 50 cents a box or six boxes for $2.50 by addressing The Dr. Williams' Medicine Company, Brockville, Ont.

Personal Notes From Norwood

Movements of the People of the East Peterboro' Capital.

Examiner Special.

Norwood, June 28.—Miss Eva Kempt, who is teaching school at Roseneath, is home for the summer vacation.

Miss Edna Waters is visiting in Peterborough with her sister, Mrs. R. Lees.

Miss Edith McMillen has returned from a few days' visit with friends at Indian River.

Miss Mabel Campbell is spending a few days at her home in Toronto.

Miss H. L. MacLachlan, of Bracebridge, arrived on Thursday evening to spend her holidays at the home of her mother, Mrs. Jas. MacLachlan. She was accompanied by Miss G. Sibbett, who will spend a few weeks in town.

Miss Stella Unger, of Havelock, was in town on Thursday.

Miss J. Stewart and Mrs. W. T. Buck are visiting friends in Keene.

Mr. Adam Patterson was out at Stony Lake on Wednesday.

Mr. E. Hawthorne, of Warsaw, was in Norwood on Tuesday.

Miss A. Jotcham, of Toronto, is visiting her parents, Mr. and Mrs. Jotcham, Spring street.

Mr. and Mrs. I. N. Ackerman, went out to Stony Lake on Wednesday, where they will spend the summer at their cottage.

Mrs. P. W. Reynolds and Miss Ruby Buck were in Havelock this week.

Miss M. Brighty, who has been teaching in the public school here, left for her home in Galt on Wednesday.

Mr. and Mrs. J. C. Fletcher, who have been visiting their niece, Mrs. John E. Roxburgh, returned to their home at Beatrice, Arkansas, on Monday.

Miss Smith, of Warsaw, was in Norwood this week attending the funeral of the late Richard Franklin Moffat, which took place on Wednesday.

Mr. R. Phillips, of Havelock, was in town on Wednesday.

Miss Perrin, of Peterborough, is a guest of her sister, Mrs. J. W. Rork.

Mr. and Mrs. W. A. Richardson, Mr. and Mrs. J. G. Keefer, Mr. and Mrs. A. C. Harrison, Mr. and Mrs. G. Duffield, Mr. and Mrs. G. Mills, and Mr. and Mrs. M. R. Callander drove over to Havelock on Wednesday where they enjoyed a pleasant evening at the home of Mr. and Mrs. J. R. Craig.

Mr. John Grady was visiting friends and relatives at Indian River this week.

Mr. Robert Harrison, of Peterborough, was in Norwood this week.

Mrs. Sims, of Peterborough, is a guest of Miss Nellie Davidson.

Mrs. J. Northy, of Selwyn, is visiting Mrs. Wm. Baskin.

Miss Hilda Ball is spending the week at Rice Lake with her cousin, Mrs. Stewart.

Mr. Reg. Hudson, of Warsaw, was in town on Wednesday.

Mr. Hiram Taylor, of Peterborough, was in Norwood this week.

Miss Olive Ray, youngest daughter of Mrs. Wm. Ray, left on Friday morning to enter on a course of training in the St. Mary's Hospital, Rochester.

Mr. Breault, of Peterborough, visited his brother, Mr. A. Breault, on Wednesday.

CURE SICK HEADACHE

An Insurance Company Which Stood The Test

Insurance Commission Found Nothing to Criticize in London Life—An Example of Honesty, Economy and Conservatism—Has Progressed in Normal Way—A Commendable Record.

In the course of the Insurance investigation The News has found it necessary to criticize certain companies and their attitude towards the Insurance Act and the policyholders. It is, therefore, a pleasant task to mention briefly an instance where a company has been content to progress in a normal way and to avoid the pitfalls and the various sharp tricks to which more pretentious companies have descended. It is a curious commentary that whereas the majority have earned castigation for this or that breach of the law, a company which is law-abiding should bear the stamp of isolated virtue.

We refer to the London Life, which was recently investigated by the Royal Commission. The Company is not one of the largest, principally because it has never entered upon a career of extravagant expansion, such as has characterized too many of our Canadian companies. Orderly, normal growth, conservative methods, and common honesty have been the outstanding qualities. These three features have prevented the reign of the evils which have besmirched some companies.

To give examples of how the London Life differs from many of its competitors, we may mention:

Commission advances to agents are treated by most companies as a liability of the agent and an asset of the company. These advances are seldom, if ever, repaid, and are written off in irregular amounts each year. In no real sense are they an asset at all. The London Life charges them straight to expense—where they belong.

Nearly every company examined issues estimates of profits, and at the same time denounces the practice. These estimates in very many instances are grossly deceptive and misleading. The London Life follows the British system of publishing not estimates so misleading as to be grotesque, but results actually attained on matured policies. These are only two of the facts revealed in the evidence given at London, which demonstrated the care, the honesty and the economy exercised by its management.

The evidence disclosed no juggling with accounts; no window dressing on December 31st, no loans to directors; no subsidiary concerns by which directors made personal profit out of the company; the investments are strictly within the Act; no deferred dividend policies are written; and the system of changing the basis of reserve adopted by the London Life was the least calculated to prejudice the interests of old policyholders.

This does not mean that the London Life is altogether blameless. It suffers from the rebating system—as do all companies. Its expense ratio is fairly high, but by no means extreme when compared with other companies of its age. And, while we do not like the principle which underlies industrial insurance, nor some features which appear inseparable from that branch of insurance, the London Life has not as high a lapse ratio, nor has its business been nearly so expensive as in the Union Life.

On the whole the London Life is a fair example of a company managed with honesty, economy and conservatism, comparatively untouched by the glaring and grosser evils with which we have become only too familiar.

It is a welcome and a pleasant duty to say a word for this company, in view of the criticisms we have dave bad to make of others which did not make as good a showing. But, we say again, that merely because a company lives within the law and is managed pretty much as sound insurance policy would dictate, it is curious to find it become conspicuous. No special virtue attaches to observance of the law. We believe the time is coming when the proportion will be reversed when that company which does not obey the law and deal honestly with policyholders, the public and the government, will find itself in an isolation by no means splendid. —Toronto News.

Peterborough branch—336 Water street, E. L. Stackhouse, Agency Manager.

HARVESTMOON LIFE IS HAPPIER THAN HONEYMOON

The idea that the honeymoon is the choicest, happiest time in the existence of married people is one of the greatest fallacies on record. Every experienced person knows that the first year or so of married life is simply a training school for the life to follow. There are many hard lessons to learn and serious questions to encounter. When young people begin life together they find, at best, for the first few years, that it means a series of climbing up unknown and untravelled courses. The way is usually beset by many bewildering obstacles. But, as time rolls on, the rough edges wear down, and for a period of years things run on, on a level, as it were. The way is easy and the outlook clear. This state continues through middle life and until we reach the downward grade and begin to go down the hill. This middle life, then, is the real essence of happiness. It is the true goal, which having retained and enjoyed we can always reconcile ourselves with the thought, come what may "It has been". This is the time when that fascinating, though fickle goddess, Happiness, turns her smiling but evasive face toward us, and we deem this earthly living worth while.

This middle life, matrimonially considered, occurs generally between 35 and 45 years of age. Just at the time when a man and a woman are ripe and ready for wholesome enjoyment of all the good things in life; when selfishness has been wiped out by actual living, when healthy natural interests and habits are centered and established, when association has done wonders in developing a more tender regard and a deeper love than mere sentiment alone can inspire—life becomes bread and doubly interesting as seen through the combined eyes of a healthy natural man and woman. The man's comprehensive, sane understanding and rigid judgment mellowed and made tender by the sympathetic, keen and intuitive grasp of things seen through a woman's eyes. This is the time when good hard sense and good comradeship count for more in a woman's category of charms than the glint of a stray lock or the turn of an ankle; when clean life and good habits rank a man higher than wit and cleverness of speech, combined with the presence of an Adonis. In other words, this is the time when people see with their eyes opened; there is no deception. Real enjoyment is obtained from all things that are genuine and enjoyable. One is not too old nor too young. Our knowledge of life gives zest to its blessings. We are living now—to-day is vital—hence enjoyment is ripe.

When, during the first experience of couples starting out in life together, things conspire against them—go wrong—and the way is dark; when the whole scheme of living seems to them a failure—then let them realize that the happy goal is still beyond. Let nothing daunt them in their endeavour to attain this happy middle life experience since it is the climax, the real ideal existence, and well worth striving for. The petty misunderstandings of the honeymoon class are not worth considering. The small frets and worries of early married life soon wear away when real earnest living and pulling through life together begins. The wiseacres all proclaim that we get real satisfaction only when we reach the level course of a happy middle life.

PATENTS.

Below will be found a list of Canadian and American patents recently granted through the agency of Messrs. Marion & Marion, Patent Attorneys, Montreal, Canada, and Washington D. C.

Information relating to any of the patents cited will be supplied free of charge by applying to the above named firm.

Messrs. Blais & Bilodeau, Bromptonville, Que., nut lock.

Alfred Ed. Watts, Wattsburg, B. C., fire alarm.

Harmas Bricault, Coaticook, Que., sink.

Joseph Moreau, St. Germain de Grantham, Que., post digger.

James L. Strickland, Westport, N. S., rotary engine.

Hubert Nap. Rivard, Montreal, Que., cream pasteurizer and cooler.

Andrew L. Donogh, Griswold, Man., road grader.

Ludger Savigny Sherbrooke, Que., billiard cue rack.

Walter A. Thrasher, collector of inland revenue, Sarnia, was arrested on a charge of stealing $300 from Robert Winters, Leamington.

The Dominion Day banquet at the Hotel Cecil, London, England, was attended by 350 people, including many distinguished persons.

Do You Eat Meats

that are lacking in that rich delicious flavour known as quality? We sell nothing but the choicest meats, because we buy nothing but this kind for our Peterboro retail trade.

Choice Pot Roasts of Beef	8c
Choice Shoulder Roasts of Beef	10c

MAY LOSE —AN IMPORTANT— INDUSTRY

Colonial Weaving Company May Locate in Another City.

Directors Are Dissatisfied With Treatment of Council.

Peterborough is likely to lose one of its most successful and promising industries. It is understood that the directors of the Colonial Weaving Company, one of the city's newer, but rapidly growing industries held a meeting recently, and it was decided, in view of the fact that the City Council had broken faith with the Company in connection with the by-law giving the property a fixed assessment, and finding it necessary to secure larger premises to accommodate the growth of the business, to open negotiations with some of the places which have already signified their willingness to grant them concessions to locate there, with a view of removing their plant from this city.

Directors Dissatisfied.

The directors of the company are naturally somewhat reticent in speaking of their plans, but the Examiner has gathered that they are very much dissatisfied with the council, and are in a mood to accept any reasonable offer to locate their plant in some other city, particularly in view of the fact that their present premises are becoming too small for them, and they will have to secure larger buildings in any event.

Repudiated by Law.

About two ago a by-law was passed in the council granting the company a fixed assessment of $4,000 on the property here, but a clause provided that it should be inoperative until it should have been sanctioned by the Legislature, as the law provides. After passing the bylaw, however, the council allowed it to drop, and it was not included in the private bill introduced into the Legislature at the next session, as it was understood that it would have been, and since that time nothing has been done in the matter, the company paying taxes on the assessment fixed upon the property by the assessors, this year the amount being $5,865. The company has made an effort to secure a rebate of taxes but the effort has proved futile, and the full taxes have had to be paid.

A Growing Concern.

About thirty-five hands are given employment by the company, the pay roll amounting to about $11,000 a year, and the business is prospering at a most satisfactory rate, a number of additional looms being an immediate necessity, if the company is to be in a position to fill its orders.

SPECIAL NOTICE TO THE PUBLIC

Dr. Montgomery, the "shadow-test" specialist, who has been doing such great work here for the past three weeks, will remain only one week more, Saturday, July 14, being the last day. This will give all eye-sight sufferers a chance to see him and obtain help for their eyes. Full clinic as usual from 9 a.m. until 8 p.m. each day.

NEW PLAN —SAYS THE ADJUTANT— FOR WORK

Adjutant Jennings, Who Leaves for Halifax, Discusses Immigration.

He Will Take Charge of the Work in the Maritime Province.

Adjutant Jennings, who for the last twenty-three months has been living in this city, and for more than a year has been in charge of the Salvation Army's immigration department in the eastern part of the province has received word from his superior officer, Brigadier Howell, Immigration Secretary directing him to go to Halifax and take charge of the department for the Maritime Provinces. He will leave here next Thursday and will be accompanied by his family, who will reside in Halifax, while the Adjutant will for the greater part of time be travelling around the three provinces.

Headquarters Moved.

The Army has decided to rearrange the work to a certain extent, and in future the centre of the eastern Ontario district will be in Kingston instead of at Peterborough. Staff Capt. Creighton, whose successor Adjut. Jennings will be at Halifax, will come to Kingston and take charge of the work there. Adjt. Jennings has spent fifteen years in the east and is therefore well qualified to undertake what would to the ordinary man be a difficult task. He has been stationed in practically all the towns in Nova Scotia, and knows the country thoroughly. His duty will be, in the first place, to prepare for the winter, when the ocean liners will make Halifax their Canadian port of call, and when the immigrants arrive he will be the first to take them in charge, and will arrange for their disposition. During the winter boats will call at Halifax every week from England, and the great majority of them will carry immigrants.

To Improve Methods.

While it is too early yet to publish details it is probable that in the near future the plan of working the immigration department of the Army will be very materially changed. The experience of the last two years has taught the officials how the system might be improved, and it is the intention to make use of this experience to effect the improvements necessary to bring the system up to as near perfection as possible.

In all probability Adjt. Jennings will be given an assistant in the near future, the intention being that the work will increase to such an extent that it will be impossible for one man to handle it successfully.

A Popular Officer.

During his stay here of nearly three years Adjt. Jennings, who for some months acted as the officer in charge of the local corps until he was given a furlough on account of ill health, has won many friends and there will be universal regret expressed at his departure, not only among the members of the Army, but as well by those who are not identified with that organization, but who cannot help admiring the work which they are doing. Adjt. Jennings has won the respect and esteem of all with whom he has been associated and, upon his departure will carry with him only the very best wishes for his success.

Mr. Hatton Says Trees Were Shamefully Destroyed

Gaps in Honey Locust Hedge Left in the Wake of the Surveyors of the Proposed New Route--Willows Cut Down--Finest Tree on Mr. Hatton's Property Destroyed--Cattle Roam About His Premises.

The Examiner interviewed Mr. Geo. Hatton at his residence in North Monaghan last night in reference to the reckless damage reported done to the trees and hedges on the proposed grade route of the new C.P.R. in the vicinity of his residence.

Mr. Hatton was very indignant that such wholesale, unnecessary ruining of trees should be done by the surveyors in staking out the new route.

On his own property he showed the reporter where his beautiful honey locust hedge had been chopped down. On the northern and opposite side of the lot a gap had been made in the row of willows. He had been speaking to local Civil Engineers to discover if this were absolutely necessary. These informed him, he said, that the destruction of trees in such a way was totally uncalled for.

The first route staked out, he remarked, apparently did not appeal to them as satisfactory and about 100 feet farther east, similar depredations among his hedges and trees were made.

"Fifteen years' time," he added, "would not replace the evil."

The gaps are still left in the hedge and Mr. Hatton says he has considerable trouble in driving the roaming cattle from his hay and oat fields.

On several occasions he has had to get out of bed early in the morning and drive cattle through the wet grass, just because the survey party has carelessly left unfinished what they should have done and done the things they ought not to have done.

"There is an ash tree over yonder," he said, "the prettiest on the property, which is ruined. A slab several inches in thickness and two or three feet long has been cut out of the side of it, where a post would have answered just as well."

He also remarked that where houses happened to be situated on the proposed route, measurements were taken in some way without pulling them down. "Why," he asked, was property such as trees not protected in the same way?"

Mr. Hatton pointed out a number of places on other properties which in his opinion were unnecessarily destroyed.

A Worthy Institution Which Deserves the People's Heartiest Support, and the Popular Rector of the Parish.

SHOT HIS RICH FATHER WHEN DENIED MONEY

(Examiner Special.)

New York, July 7.—In a dispute over money matters in the doorway of the apartment house which he owns at No. 895 Winchester avenue, Richard Hodington, aged fifty-five years, a wealthy real estate owner of the Bronx, last night was shot and beaten by his son Frederick. The son, who is twenty-five years old, turned on his father after he had shot him in the head and beat him furiously with the butt end of the revolver.

When Policeman Baum and McGrath came, young Hodington turned the weapon on them and fired four shots. His aim was poor and after a short struggle he was subdued. Dr. Seidler at the Lebanan Hospital where Mr. Hodington was taken said his skull was fractured and that he could not live.

Band Concert Was Enjoyed

Largest Crowd of the Season Heard Concert Last Night.

The record crowd of the season listened to a delightful programme rendered by the 57th Band at Victoria Park last night. The fine weather attracted a large number of persons who showed unmistakably their pleasure and satisfaction.

The band has been so busy this week that they have had no opportunity of preparing new numbers, but the selections given last night were entirely to the liking of the audience. A number of the popular operatic scores were given, as well as a number of other tuneful selections.

Pastor Created Good Impression

Clinton People are Going to Like Rev. W. J. Jolliffe.

The Clinton New Era, recording the first Sunday's service conducted by Rev. W. J. Jolliffe in that town says:

Rev. W. J. Jolliffe entered on his pastorate in connection with this church last Sunday, and was greeted with good congregations both morning and evening. The impression created on his hearers was decidedly favourable and the people look forward to a season of spiritual prosperity. At the close of both morning and evening sermons he made some remarks relating to his pastorate and work here, suggesting some slight changes in the order of service and complimenting the people on the beauty of the church, in which he said it was the first in all his ministry that he had the pleasure of the choir being located at his right hand.

Cleveland Party For Stony Lake

American Visitors Here En Route to Kawarthadom.

A large number of Cleveland ladies and gentlemen arrived in the city last night on their way for an outing at Stony Lake. Most of the party are bound for the Victoria House, McCracken's Landing. The following were registered at the Snowden House: J. H. and Mrs. Belt, Miss Ada C. Belt, A. H. Smith and Mrs. Smith, Dr. G. W. Stevenson and Mrs. Stevenson, D. A. Smith and Mrs. Smith, Miss Helen M. Smith, Miss Adelaide Smith, Miss Harriet E. Smith, and Miss Louise M. Smith, all of Cleveland.

CREEKS —SAYS CITY, MUST BE— DIVERTED

By-Law to be Submitted to People Providing for This Being Done.

Aylmer Street Has Been Causing Trouble and Will be Repaired.

A committee of the whole council decided last night to submit a by-law to the people authorizing the issuing of debentures to cover the cost of diverting the Aylmer street and East City creeks and relieving the ratepayers from further payments on the Park street drain. The matter has been under discussion for a long time and was brought to a head last night when Ald. Johnston called the attention of the council to the condition of the drain on Bethune street.

The Alderman pointed out that the drain there was causing trouble to residents in the neighbourhood and strongly argued in favour of repairs being made at once. Ald. Wilson also spoke of the condition of the drain.

Ald. McWilliams asked if it was the intention of the council to go on with the proposed plan of diverting the creek. If such was the case, he was opposed to anything but the most urgent repairs being done on the present drain. It was suggested that a pipe be laid in the drain from McDonel street, along Bethune street to the outlet into the creek.

Ald. Johnston moved, seconded by Ald. Wilson, that the Board of Works be authorized to proceed with the work of opening and repairing the drain on Bethune street and where most needed on McDonel and Aylmer streets.—Carried.

Ald. Adams thought it advisable to go on with the diverting of the creeks as soon as possible, and therefore, moved seconded by Ald. Elliott, that the solicitor be authorized to prepare a by-law for the issuing of debentures for the diversion of the Aylmer street creek and the creek in East City as well as for relieving the payments on the Park street drain.—Carried.

Ald. Ball thought that the Downie street creek should be included in the list. It was pointed out that it would not be necessary to issue debentures for this purpose as the cost of performing the work would be small.

WILL FAREWELL AT THE BARRACKS

To-morrow afternoon there will be a farewell service in the Salvation Army Barracks for Adjutant and Mrs. Jennings, who will leave on Thursday for Halifax.

The meeting should be largely attended as they have been very popular during their stay in the city.

THREE VALUABLES IN ONE WEEK--A RECORD

An automobile lamp, gold umbrella head and a gold watch clasp set with pearls all found in one week is a pretty good record. This is what the Examiner did since last Saturday. The owners of these lost articles had faith in the ability of the Examiner to find them and inserted ads in the lost column. Their faith was rewarded and the Examiner found their lost valuables.

Nine-tenths of the things advertised for in these columns are recovered.—A record which it will be hard to equal, let alone surpass.

A blue shirt—new—size 17, is at this office waiting an owner. It was found on the street. The one who lost it may have it on application to this office.

IRON GLADIATORS CRASH TO SCRAPS IN ARENA

(Examiner Special.)

New York, July 7.—Before 25,000 spectators, two steel gladiators, groomed and harnessed for combat, met on the iron rails at the Brighton Beach race track yesterday afternoon. The gladiators were modern railroad locomotives.

Both were knocked to smithereens. There was one vast and mutual solar plexus punch, two two shrill and agonizing screams clouds of smoke and ashes, cataracts of water, strange sobs and moans as of agony, and then 100 tons of iron and steel were ready for the scrap heap.

It was a spectacle such as only this marvellous twentieth century could produce. While it lasted it was strange, huge and barbaric.

Repairs To The Smith St. Bridge

Pedestrians Have Now to Take a Different Course.

The Smith street bridge is at last undergoing repairs. It has been closed to vehicular traffic for the past four or five months, and, according to reports, has caused a great deal of inconvenience.

A number of workmen are now at work tearing up the planks, and the bridge is now also closed to pedestrians, who have either to cross at London street, or on the Grand Trunk foot bridge farther north.

Presented Report Of High Court

Members of Court Peterborough C.O.F. No. 29, Hear Report From Mr. A. Martin.

At the meeting of Court Peterborough, C.O.F., No. 29, last night, the report of the recent High Court meeting held in Ottawa was presented by Mr. A. Martin, who gave a synopsis of the business transacted at the session, which was one of the most largely attended and important meetings in the history of the order. Many questions of great importance to the order were discussed, and were satisfactorily concluded. The attendance last night was large and deep interest was taken in the report as presented.

More Work For Mr. E. Elcome

Many 'Lunge Sent to Him to be Mounted.

On Wednesday of last week Mr. Helm of Cleveland, who is stopping at the Whyte House caught a maskinonge weighing twelve pounds. It being the first maskinonge caught by him, of course he was delighted. Mr. Flinch of the same place caught one 16 lbs., and Mrs. Little one of a similar weight. On Saturday Mr. F. Dreher, caught a maskinonge weighing 22 lbs. It measured 46 inches long and 14 inches in girth. Mrs. Helm also was successful in hauling out a 10 lb. maskinonge. All of these fish have been shipped to Mr. Elcombe of Peterborough, to be mounted and then be sent to Cleveland as souvenirs of their visit to Bobcaygeon on the Kawartha Lakes.—Bobcaygeon Independent.

The federation of Canadian Zionists in convention in Toronto, pledged itself to support the bank for financing the Zionist colonies in Palestine.

RACES —CAN BE MADE A— SUCCESS

History of the Turf Club Shows that With Good Officers This is Case

Citizens Should Take Greater Interest in Both the Fair and Races

A well-known citizen, speaking to The Examiner to-day, expressed in the opinion very strongly that both the Peterborough fair and races could be made to pay if handled properly, and if the people of the city would be patriotic enough to support them as the deserved. Referring to the affairs of the Turf Club, the citizen gave the information that the club was organized in the fall of 1902, with J. M. Brooke president, R. H. Munro, treasurer, and A. Rountree, secretary. The club started with nothing in the treasury, but by the aid of subscriptions were able next spring to pay out nearly $600 on the track and other improvements, and also to obtain a charter for the track. In the summer of 1903 a most successful race meet was held at which $2,360 was given in prizes. There was between $100 and $200 in the treasury, when new officers were elected. Each man had two shares of stock paid up.

The new officers collected from the shareholders nearly all the stock subscribed and held two meetings. When they dropped out they left the club in debt. The succeeding officers, Messrs. Munro, Jackson and Rountree, held a meeting last summer, and cleared off the debt, leaving the club in a most healthy condition. The rent is paid up for 1907.

The Examiner's informant said that the hotel men gave $150 to help pay the rent of the grounds, and would probably do so again this year if the directors of the fair were to see their way clear to run it this fall. There was no reason why the Turf Club and fair directors could not make the fair and races pay.

Havelock Officers Were Installed

Interesting Oddfellow Ceremony Last Night.

The installation of Royal Lodge, No. 286, I.O.O.F., Havelock took place last night and was an interesting ceremony. The installing officers were Bro. Curtis, who acted as Grand Secretary; Bro. J. Curtis, as Grand Financial Secretary; Bro. Coon, as Grand Treasurer, and Bro. W. Patterson, as Grand Marshall. These officers were assisted by Bros. A. A. Fowler, P.G., and Wm. Hill, P.G., of Peterborough.

A delightful banquet followed the installation ceremonies.

The following officers were installed:—

D. Denike..... J.P.G.
Wm. Backus..... N.G.
F. J. Heeper..... V.C.
J. Barlow..... R.S.
Ed. Fennell..... P.S.
Geo. Childs..... Treas.
J. Howe..... Warden
J. Coon..... Con.
C. Barton..... O.G.
W. Reaston..... I.G.
J. Campney..... R.S.N.G.
T. Curtis..... L.S.N.G.
N. C. Stubbs..... R.S.V.G.
W. S. Fairman..... L.S.V.G.
W. Boyd..... R.S.S.
W. Cole..... L.S.S.
W. Patterson..... Chap.

CITY MAY —YET, IT IS SAID— HAVE FAI

Provided Council Gra... $400, and Guaran... $100 in Case of Ra...

Mr. Geo. Elliott Says D... ectors Are Much Aver... to Dropping the Fair.

There is a probability that ... Peterborough Industrial Fair may ... running this year as usual, in s... of the decision reached some ti... ago to drop it.

"If the city council gives us ... with a guarantee of $100 in cas... rain, and the Street Railway C... pany guarantee another $100, ... have what we want, and will ... ahead with the Fair," was the st... ment of Mr. Alex. Elliott, vice-p... ident of the Peterborough In... trial to the Examiner this mo... ing. Mr. Elliott went on to s... but that the directors were v... much averse to dropping the F... as it would mean that the Gove... ment grant of $560 or $600 would ... lost to Peterborough for ever. T... wanted to see the Fair go ahe... and did not want to make mo... out of the project. All they wa... ed was to come out even so that t... directors would not have to go de... into their pockets for two or thr... hundred apiece. Mr. Elliott thou... that the people of Peterborough ... not support the Fair as they sho... in view of its importance to th... city.

Ald. Hicks brought the matter ... at last night's meeting of the Co... mittee of the Whole Council, statin... that he had been informed that t... Fair would go on if the council wou... give $400, with a rain guarantee ... $100, and the Street Railway Co... pany $100. The question was ... given a cordial reception by th... committee who seemed to look upo... the Fair as a dead issue.

All Her Pupils Took Honours

Miss Doherty's Music Pupils Were Very Successful.

Miss Doherty has met with very gratifying success preparing her pupils for the examination of the Toronto College of Music. Out of five of her pupils who took the examination, they were all successful, and all took honours, four out of the five taking first class honours. This is a record of which Miss Doherty might very well be proud, and she will be warmly congratulated upon the success of those whom she has instructed. Their names are:

First Piano—Miss Ruby Fitzgerald, first-class honours.

Primary Piano—Miss S. Barrier, Miss M. Grady, Miss Olga Johnston, first class honours; Miss Annie Hogan, honours.

Algoma Farmer Wants a Wife

And Inserts Advertisement Calling for One in Paper.

The Orillia Times this week contains the following advertisement, under the heading of "Matrimonial":—

I have a good farm in Algoma, am in fair circumstances and want a wife. I shall be glad to correspond with any woman wanting a good home, one used to farm management preferred. Address "ISLAND", in care Times office, Orillia.

Peterborough Boys Make Successful Men

Many Are Winning Names for Themselves and Their Native County in Canadian West—Mr. Sanderson Met Many of Them on His Recent Trip.

Peterborough county boys who are meeting with success, are located in almost every town and city in the world.

Mr. M. E. Sanderson, who recently returned after a trip to the new provinces, reports having met with men from this section in every place he visited, and, universally, they were leaders in the community.

In Moosejaw the Mayor is Mr. D. M. McLean, a former Lakefield man, while an ex-mayor is Mr. W. C. Sanders, also a former Lakefield man, now living retired, in the city of Moose Jaw.

Others he ran across in his travels, were Dr. Milberth, formerly of Smith township, now located and enjoying a good medical practice in Macleod; Mr. R. J. Stuart, formerly of Norwood, now district manager of the Sun Life Company, in Calgary; Mr. Thornton, of Lakefield, also in Calgary; Mr. J. A. Fife and Mr. E. B. Edwards, who are well pleased with their new homes in Edmonton, Sask.

In Regina two young Peterborough county men, Mr. J. Anderson, of Norwood, of the firm of Tate & Anderson, real estate agents, and Robert Weir of Harvey, are doing splendidly and are becoming wealthy.

Mr. Thomas McCarthy who, while here, was employed in Meldrum's mill, is now in Portage la Prairie, working with the Lake of the Woods Milling Co. In Arden, Man., Rev. J. H. Burrows, a native of Smith township, is preaching the Gospel with much success. Mr. Sanderson met with a large number of former Peterborough men in Winnipeg, during his short stay there, and they all speak very highly of the west and its prospects. Mr. Jas. Emmerson of Port Arthur, was one of the last called upon by Mr. Sanderson, and he had the same story of progress to report, the universal topic of conversation in the West.

Rare Chance

—FOR—

BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office

Price and full particulars on application.

SATURDAY, JULY 7, 1906.

EDITORIAL NOTES.

Looks as if the growth in Canada's population is going to be continuous. In the last six months 28,156 immigrants arrived in Toronto, 10,067 more than in the same period of the preceding year.

Some physicians have been guilty of the heinous crime of advertising in other ways than on their windows, horse-blocks, lamps and signs, and, horrible to relate, paying for it, and the Hamilton Times says, that the old fogies of the Medical Council are solemnly considering what should be their punishment. And this is the year of Grace 1906, and in a land of liberty and free public education!

What Exchanges Are Saying

One Georgian Bay Fish.

Toronto Globe.

A 525 pound sturgeon, 12 feet long is a record for Georgian Bay that rivals the stories of big fish from the Fraser river.

Not Yet Satisfied.

Crothers & Price were a firm of Tory lawyers in St. Thomas. A position was made for the latter in setting mining claims in New Ontario, and the former has been given a place on the school book commission. Even all these will hardly appease the anger of Mr. McDiarmid, the member for West Elgin, for being passed over when Mr. Whitney was choosing a Minister of Agriculture. —Brockville Recorder.

Needs No Boosting.

Toronto Star.

July needs no poet to sing her praises. Where is there another month that can show three holidays like the First, the Fourth and the Twelfth?

Give the Boy a Pup's Chance.

Coffeyville, Kan., Record.

If a man has a $10 pup he would look after it carefully and not let it run all over town, but if he had a boy it would be different. He is turned loose at a certain age and let go to the devil. The people wonder where the great army of tramps, loafers, dead beats and sots come from each decade. They are germinated from the pure seed gathered from our homes and sown broadcast upon our streets and alleys. It may be your's is starting in that direction. At all events the boy ought to be given the same chance with the pups.

Welcome Awaits Edward.

Baltimore Sun.

The suggestion has been made that it would be grateful and appropriate for King Edward VII to make the Jamestown exposition the occasion for paying a visit to the United States. The suggestion is an excellent one and it is to be hoped that "the King and Emperor" may be pleased to act upon it. He will receive a welcome here which will convince him of the hospitality and good will of the American people. Nearly fifty years ago, when a youth, the King paid a visit to Canada and the United States and was everywhere welcomed with acclamations. The King, then the Prince of Wales, visited a large part of the United States. There is not a city which he would recognize if he were to come here next year and go over the route he took in 1860.

That Sunday Blue Law.

Canadian Graphic.

Just why it is more immoral to eat ice cream and ginger snaps than to take ginger snaps and ice cream is just about the same reason why it is considered a worse breach of the Sabbath to go by boat to Niagara Falls than to go to Toronto Island.

In Defiance of Rheumatism.

Dundas Banner.

Out with your fads of progress, your maxims and homilies and what not. We make our beds in the fleecy clouds and ride in ether. Below us are the village virtues and its small thunder, the sober household duties, the unquiet hopes and fears, and the gnawing dangers which spring from the common weeds of envy and malice. We are floating in an atmosphere which surrounds the earth and its facts and sail across the sky with rosy-fingered Aurora looking down on our mean selves to learn how small we mortals are.

Get Your Shoes Shined.

—The two Greek brothers, Louis and George, formerly with Pappas Bros., will be found now, on at the Oriental, the other at McDonough's where they will be pleased to meet old patrons.

Steamer Empress Meets With Slight Accident

Stony Lake's Latest News Briefly Told—The Story of the Young Peterborough Lady Who Waved at the Steamer—A New Bunch of Arrivals at the Lakes—Excursion Over From Buckhorn—A Delightful Yachting Party--New Cottages Opening.

Examiner Special.

Stony Lake, July 5.—Among the many amusing incidents that are daily occurring on the lakes is the following, which took place on Monday afternoon:

She was a Peterborough lady and had come on Saturday to spend Sunday and Dominion Day with a chum at her cottage. It appears that the visitor expected her "gallant" on Monday morning's boat, when a renewal of acquaintanceship was to take place. To be sure, the arrival of the steamer was eagerly watched for, and when about 9 o'clock a.m. she was sighted, the young lady ran to the wharf, waving her handkerchief. About this time a gentleman who was also a guest, and had been out fishing, returned, and inquired, "Know anybody on board?" "No, I don't; but they are waving their handkerchiefs at me," she replied. "Handkerchiefs!" he exclaimed, nearly falling out of the boat with laughter. "Why, that's the Rathbun Company's Alligator, and those are the men's shirts hung up to dry." The lady's name and that of the cottage, which is situated not over 100 miles from Junior, is withheld until some future date.

Mrs. K. G. Loch, Miss Alberta Gooding, and Messrs. Keith and Cyril Loch, city, came up to the cottage yesterday afternoon.

Mr. T. Lauer, Mrs. Lauer and son, of Pittsburgh, Pa., passed up the lake to-day on a two weeks' fishing trip to Loon Lake. Guides and conveyances were engaged at Mt. Julian.

Mr. and Mrs. J. West, Cleveland, Ohio, are guests at Victoria House.

Mr. F. Collins, Peterborough, and Mr. Heintzman, Toronto, are at Cotswaran for a time.

Mr. and Mrs. H. M. East and Miss East, Toronto, opened their cottage for the season to-day.

Several hundred excursionists from Buckhorn visited the lake to-day on the steamer Esturian.

Mr. Henderson entertained a number of friends to a yachting party this afternoon. A tour of Stony and Clear Lakes was made. The following were the guests: Miss Clemes, Mr. Gordon Clemes, Mr. Oxley, Miss Clarke, Mr. J. B. Clarke, and Masters John, William and Gerald Leach.

Service will be held at Vismede Pavilion on Sunday next at 11 o'clock a.m. Rev. H. F. Batterby will be the minister.

Mr. C. J. Blomfield and Miss K. Blomfield, Lakefield, opened their cottage for the season yesterday.

Mr. Jas. Acton, who has been spending a week at his cottage, returned to Toronto this morning. Mr. Acton, who recently sold his cottage is having a new one erected on Horseshoe Island.

The steamer Empress met with an accident this morning at Burleigh, whereby the propeller shaft was broken. She is expected to be in ship-shape again in a few days.

A hare may be "too good to eat," so thinks Mr. Oxley, a Vismede guest, who is sending a specimen to a Toronto taxidermist to be mounted.

Miss E. Hunter, Millbrook, is a guest of her brother, Mr. S. Hunter, Pegaston.

Work Accomplished Is Worthy Of Recognition

The Annual Contributions in Aid of St. Joseph's Hospital and House of Providence Being Taken--Rev. Father McColl Tells of the Work Being Done---Sisters of St. Joseph Give Their Lives to the Work.

Few public institutions in the city, are more worthy of popular support, than St. Joseph's Hospital and the House of Providence. The annual appeal on behalf of those institutions, is being made by the rector of the parish, and no doubt the citizens to whom circulars explaining the work being done are being sent, will, as in the past, make a liberal response to the invitation to contribute to the funds for the maintenance of the institutions.

Rev. Father McColl is this week sending copies of the following circular to a number of the business and professional men of the city:

St. Peter's Cathedral.

Peterborough, June 29, 1906.

Dear Sir,—During the month of July in each year a collection is taken up from the members of St. Peter's Parish of this city, for the purpose of contributing towards the maintenance of St. Joseph's Hospital and the House of Providence. In addition to this collection, for a number of years past, an appeal has been made at the same time to the professional and business men of the city, to aid in this charitable work and this appeal has always been generously responded to.

St. Joseph's Hospital was built in 1889, and since then it has received hundreds of destitute sick of this community, irrespective of their denomination. These people, without any means or friends to assist them, have been cared for, and have received the medical attention that their cases demanded. In looking after the wants and alleviating the sufferings of this afflicted portion of the community, the hospital has been carrying on a great work of charity.

The House of Providence has also been built and maintained, where the homeless may find shelter and have the necessaries of life supplied to them. As you are aware no municipal poor house has yet been established in this county, and consequently the House of Providence has been called upon to look after a great number of the county's poor, in this manner the burden of the citizens in supporting their poor has been considerably lightened.

The Sisters of St. Joseph's Community, voluntarily, without any pecuniary reward whatever, devote their lives in ministering to the wants and looking after the welfare of the inmates of those institutions, and the members of St. Peter's parish have always contributed generously to their support. The burden, however, is very great, and owing to the rapid growth of our city, is continually increasing. Under these circumstances the annual appeal is made to citizens who are not members of this parish. The charitable work is being carried on in our own midst, and for the benefit of our own citizens. These institutions have obviated for a number of years, the necessity of resorting to taxation for the purposes for which they are carried on. I have no doubt that the charity and usefulness of St. Joseph's Hospital and the House of Providence, is appreciated by our citizens generally, and that the appeal that is now being made to them will meet with the same generous response as it has always met in the past.

I feel confident that no more deserving object of charity or one that appeals more directly to you can be found. I therefore take the liberty of asking you for your contribution. Your assistance will, I assure you, be much appreciated by those who have in charge the maintenance of these institutions.

A list of the contributions will be printed and distributed among the contributors on the third Monday in July.

Believe me, sincerely yours,

W. J. McCOLL,

Rector.

Future Man Will Of Necessity Be Strong Both In Body And Brain

In an extremely remote past, when man was hardly conscious of time, he lived like an animal, working hard, physically, but thinking and reasoning little. The result was that he developed corporally, much faster than he developed cerebrally. As time went on, however, he learned to use his brain more, and this led to using his hands less. Corporal and cerebral development then advanced nearly together. At present man not only uses but exerts his brain so constantly, and he has in consequence so greatly developed it, that now the upper classes of the civilised nations need employ their muscles hardly at all. It is true that the common people, that constitute the great working class, still labour with their hands; yet constantly improved machinery steadily tends to lessen their work also. Not that this is an evil to them as yet, for there is no question that they now labour too hard and too long. It is my present intention to warn chiefly the cultured classes that are too apt to do no physical work whatever. There will come a time, probably, when no one will be obliged to do hard manual labour. When that time comes humanity will, I believe, be neither so happy nor so healthy as it thinks it will be; indeed I very much doubt whether it will be so blessed as it is at present.

It is certain that our cerebral development is now far outstripping our corporal development, and that the danger of this one-sided progress is not half adequately recognized. Future man, we are told, will be great of brain and insignificant of body. There could be no such type, for too much is the size of the brain dependent on the strength of the body. Progressive cerebral elolution with progressive corporal retrogression would eventuate in such great physical feebleness that both the body and brain would die. Moreover, before this occurred, power of propagation would be lost where the brain too much exceeded the body in strength; and this would be a further check on an overbrained race.

Underfeeding and too little exercise in childhood and adolescence impoverishes the brain as well as the body. Witness the stupidity of stunted peoples. And that is what we should expect. Rich pure blood, the result of an abundance of food and exercise, favours the growth of all organs. But if the body as a whole be not properly exercised, because of an exclusive use of the brain, the blood will not be rich and pure; whence the brain will have poor material with which to augment its structure, and will suffer accordingly. On the other hand, body exercise, stimulating as it does the appetite and strengthening the digestive organs, insures the brain having the best and richest matter for its nutrition.

Though it is true that there are brainy men that have puny bodies, and that some muscular men possess puny brains, yet these exceptional cases do not invalidate the truth of the principle that has been expressed. The overbrained man that starves his body to feed his head may become so weak as to die prematurely. The overmuscled man that starves his head to feed his body may become hopelessly imbecile. For, be it remembered that however good the blood it will no: much nourish muscles or organs that are little used; for they, not requiring much nutriment, will not attract it.

Prof. Nicoforo, of the University of Brussels, has just concluded extensive researches into the causes of height. He found that an abundance of pure air and food favoured growth more than did all other causes. The poor, that are so often ill nurished, and the underfed French peasantry, are, as a rule, undersized. Furthermore, Prof. Nicoforo, found that the size of the brain was proportional to the height of the man.

Now, if both corporal and cerebral growth depend so absolutely on the amount of air and food that we absorb, it follows that physical exercise, which enables us to appropriate the maximum quantity of these elements, must be a most powerful factor in developing brain as well as brawn—provided the brain also be exercised.

The bearing of the foregoing facts, on the ultimate human type is most important. Those that continue to neglect their bodies that they may the more excessively develop their brains will, in the struggle for existence, at last be swept aside by those whose whole strength is better balanced.

Could the brain exist apart from the body, there would be excuse for neglecting the body. But not only is the brain's health absolutely dependent on the corporal part—it would be perfectly useless could not that part carry out its directions. Lastly, it is incredible that a weak human organism could endure amid the rigorous physical environment to which it is constantly subjected. Future man will, of necessity, be strong both in body and brain.

SOUVENIRS

Call and inspect our stock of novelties in Souvenirs; we have some special lines to show you at a very LOW PRICE.

Our Postal Cards

include some eighteen views of Peterboro and the Kawartha Lakes, as well as latest ideas in fancy postals.

DAVIS-THOMPSON COMPANY

LIMITED

'PHONE 48. 433 GEORGE STREET

WITH THE SMALL FRY

Mr. Jimmie Saunders, who has been living a quiet, retired life in Omemee during the spring months, returned to Millbrook some three weeks since and went to camp with Col. Syer's gallant boys. Since coming back from camp he has been fishing. He commenced on Mr. Geo. Needler's pond and fished it dry. Then he fished down stream, and then up stream, and cleaned it out both ways. now he says there is more fun fishing for muskrat, and he is going back to Omemee to clean out Pigeon Creek. —Millbrook Mirror.

There is a "pull" between Messrs. Langton Wilson and W. Dyell as to which is to have the C.P.R. station. The odds seem to favour Langton, as the lion tamer has positively refused to use his airship to carry freight any further east than Langton's. Mr. Casey is also quite agreeable to have the station at so convenient a point, and why not; all he would have to do would be to have his grain threshed and have it shipped at once, instead of having to store it away. No wonder there's a "pull," as above stated.—Omemee Mirror.

The friends of Miss Estella Sandis will be pleased to learn that she has secured a position in the New York Central and Michigan Central Railway's fast freight clearing house in Buffalo at a salary of $40 a month. Her knowledge of railway work at the Omemee station helped her in getting such a good situation on the start. We join in extending hearty congratulations to Miss Sandis.—Omemee Mirror.

The C. P. R. Co. has had the low place in the yard at the south side of the station platform filled up. A train load of gravel was brought from the pit where the steam shovel is at work near Burketon on Monday and deposited there. To put the yard in good shape another train load should be brought.—Norwood Register.

Dr. Snelgrove, of Millbrook, has a Maltese kitten which has the advantage over her sisters by having several extra toes to protect herself with. One paw has five toes, each of the others have six, seven and eight toes, respectively, all fully formed, and all supplied with sharp claws. The doctor should send the freak to the cat show, at Toronto.—Warkworth Journal.

One cannot drive or walk about our thriving burg without being impressed with the spirit of improvement which is manifest, and taste which prevails. On whichever street you go there are new buildings, or additions, re-painting, cement walks, front fences being removed, etc., etc. It is certainly gratifying to see such a universal aspect of thrift, taste and development manifest on every hand.—Warkworth Journal.

The man with the scythe should be abroad. The sidewalks on residential streets, which are mostly four feet wide, are being reduced to the dimensions of cow paths through the encroachment of grass and weeds. These conditions are especially trying on ladies' skirts on dewy evenings. There should be a bylaw compelling all householders to keep the grass cut in front of their houses. If they are too lazy to use a scythe or lawn mower, they might pasture a goat on the boulevard.—Warkworth Journal.

The farmers who are in the beef ring seem to be so well satisfied that some of them could not be paid to quit it. They like to get a good big chunk of fresh beef every week; but the trouble is to get potatoes to eat with it, as they are very scarce in this neighbourhood.—Fowler's Corner Correspondent to Peterboro Falls Gazette.

Two Gill Nets Were Seized

Fishery Inspector Johnston Surprised Two Law-breakers.

Last Wednesday evening Fishery Inspector D. Johnston was down the river and seized two gill nets at Riddel's Bay. He was paddling along in the shadow of the bay in the vicinity of Beaufort bridge, when he noticed the suspicious actions of two men. Mr. Johnston made investigation and found the nets across the creek. Both were seized and brought to the city yesterday, but the lawbreakers made their escape in the dark.

35 Per Cent. Die From Indigestion

From insurance records it has been found that about thirty-five per cent. of the deaths of policy holders was tributed to disease of the digestive system.

To persons who have been accustomed to think lightly of indigestion, billiousness, and liver derangements this statement will be rather startling, but it cannot be refuted.

To a large extent the liver controls the digestive system by supplying the bile to insure the prompt passage of the food along the intestines, where the difficult part of digestion takes place.

Because of their immediate and direct influence on the liver, Dr. Chase's Kidney-Liver Pills insure a good flow of bile, and by so doing positively overcome constipation and intestinal indigestion.

Wind on the stomach, rising of sour taste in the mouth, smothering sensations in the chest, pains about the heart, headaches and dizziness, drowsiness and discomfort after meals, and sluggish action of the liver, kidneys, and bowels are the symptoms of this serious and dangerous form of indigestion.

Dr. Chase's Kidney-Liver Pills will promptly overcome these symptoms. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates and Co., Toronto.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Light to moderate winds, fine and warm. To-morrow warm.

No Police Court.

—There was no police court this morning.

Y.M.C.A. Boys' Camp.

—Boys! Are you goint to the Boys' Camp?

Hardwood Floors.

—House, office and store fittings. Clothes reels, etc. 'Phone 465. E. Courtney.

Board of Education.

—The regular meeting of the Board of Education will be held on Monday night next.

Meeting For Men.

—Men, hear Rev. H. M. Manning at the Y.M.C.A. on Sunday at 4 o'clock. Special music.

Theft Case

—Thos. Coursey appears before Magistrate Dumble this afternoon at 4 o'clock on a charge of theft.

Subject To-morrow.

—The subject of the discourse at the First Church of Christ Scientist, to-morrow will be "Sacrament."

The Quaker Excursion.

—Ten coaches carried the Quaker Oats excursion to Orillia this morning with over 300 people on board.

Names Omitted.

—In the list of Separate School promotions the names of L. McGlynn and A. Cleary were omitted.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Bible Club.

—Mr. Williamson will lead the Bible Club at the Y.M.C.A. to-night at 8 o'clock. There will be a question drawer.

Murray Street Church.

—The pastor, Rev. F. J. Scott will officiate at both services to-morrow. The Sunday School will be held at 10 o'clock, a.m.

For Children's Aid.

—At the special Orangemen's service in St. Andrew's to-morrow night the offering will be in aid of the funds of the Children's Aid Society.

Entrance Exams.

—The Board of Entrance Examiners is meeting to-day and it is probable that the results will be ready for publication on Monday.

Many Improvements.

—Mr. W. H. Hill has considerably improved his cottage, 'Clear View,' at Chemong Park this spring. It has been enlarged and a new verandah erected.

Mark Street.

Rev. G. J. Lewis will preach at both services to-morrow. Morning subject, "Marks of a Besetting Sin," evening subject, "Answers to a Divine Call."

Sold Yacht.

—Mr. H. B. Rogers has disposed of his steam yacht, "Lassie" to parties residing near Winnipeg. The boat was loaded at the Dickson Company's yeards.

Shipping Cheese.

—Mr. J. L. Squire, of Norwood, shipped two carload of cheese from Norwood, one from Hastings and one from Havelock, the total value running up to $13,000.

A Quiet Wedding.

—Miss Madge McElwain and Mr. Edward Cooney, of Peterborough, were married at the George street parsonage, by Rev. Dr. Crothers. The wedding was quiet and the bride was unattended.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Silver From Cobalt.

—Mr. Wm. Snowden, of the Snowden House, has received a fine sample of silver, in the form of a brick. It was sent to him by a friend in the Cobalt district and makes a very handsome souvenir.

Notice to The Public.

—Our business has increased to such an extent that we have been obliged to instal a third telephone. Our telephone numbers are now:—Bell 19 and 30; Machine, 18.—E. A. OKE, 376 George street.

First Communion.

—To-morrow morning at 9 o'clock first Communion will be given 100 children at the 9 o'clock mass in St. Peter's Cathedral. It will be celebrated by Rev. Father McColl, and will be an impressive sight.

A Painful Injury.

—Mr. A. R. Kidd, of the Customs office staff, met with a painful accident on Thursday night while alighting from a street car. His foot was injured, necessitating his confinement to the house for some days.

Bad for Hay.

—The present unsettled weather is having a bad effect upon the hay crop. The rain in the early part of the week prevented cutting to any great extent. With good weather for a few days large quantities will be cured.

Buster Brown.

—To-day the Examiner publishes the first of the series of new Buster Brown cartoons. Every subscriber is asked to see that they get the section of the paper in which these cartoons are given. They will be found on page 8 of the fist section.

Dividend Declared.

—The Trusts and Guarantee Company, Limited, Toronto, have declared a dividend at the rate of five per cent. per annum on its capital stock for the half year ending June 30, 1906. The dividend will be payable at the office of the company on July 3 next.

Diamonds are Dear.

—A local jeweller stated to the Examiner to-day that the price of diamonds had gone up about 40 per cent. in the last few months, but that the sales had not diminished by any means. People are commencing to realize that diamonds are a good investment.

Hair Cutting Comes High.

—"Your's next!" is always welcome news in a barber shop, but after Monday there will be a certain sting in the announcement, as the price of hair-cuts will be raised to 25 cents, instead of 20 cents as now. So a well-known barber informed the Brantford Expositor.

Presbytery Meeting.

—The regular meeting of the Peterborough Presbytery will be held in Mill street Presbyterian church, Port Hope, next Tuesday afternoon at 2 o'clock. A public meeting will be held in the same church in the evening, when addresses will be delivered by visiting brethren.

'Prentice Boys Attention!

The members of Jubilee Lodge, No. 7, 'Prentice Boys, are requested to meet at the Orange Hall, Simcoe street, on Sunday morning, July 8th, at 10.30 o'clock for the purpose of attending Divine service at the Park street Baptist church. By order, G. A. Macdonald, W. M. 3d

Good Music.

—Messrs. Demetrie Bros. are pleased to announce to the public that they have engagged the services of Messrs. Richards and Peters, the two well known, to the Peterborough people, musical artists. They will be at our ice cream parlours this evening. Come one, come all and hear them.

To Take With You on Your Vacation.

—A Fountain Pen should be the companion of the tourist and traveller; if it is not used at other periods it is indispensable on the vacation trip. We sell the "Stratton Special," a good dependable fountain pen, for $1; also Waterman's fountain pens from $2.50 to $7. A. H. Stratton & Co.

The Result.

—A Warton grocer is displaying the following: "I regret the disaster that overtook three delinquent customers. One said he would pay Saturday night if he lived. He is dead. Another said he would see me Saturday night. He is blind. Another said he hoped to pay in a week or go to h—l. He is gone.

Peterborough Mail Delayed.

—The Peterborough mail that should have arrived on Tuesday evening was not put on the train. It did not arrive until noon on Wednesday. It apparently did not occur to the Peterborough officials to send the mail via Toronto and so save time when the original blunder had been made.—Port Hope Times.

In Port Hope Too.

—The Wednesday half holiday is not working as smoothly as it might be. Last Wednesday a couple of the grocery stores remained open, and this has caused the trouble. The other merchants claim that it is unfair to expect them to close when two or three insist on keeping the places of business open.—Port Hope Guide.

Celebrate at Apsley.

—Apsley L.O.L., No. 1072, and North Star, L.T.B., No. 74, will hold a grand Orange picnic at Apsley on Thursday, July 12th. In the afternoon a good programme of sports will be run off; also a football match, swings and games. Prominent speakers from Peterborough and Lakefield will be present and deliver addresses.

Mr. Gordon's Good Work.

The Lindsay Post says: Mr. Cleon. Gordon, overseer of the Trent Canal, has been in town for a couple of days looking after the repairs being made to Wellington street bridge swing. So far the steamers have not been compelled to land below the bridge, and Mr. Gordon is to be commended for his efforts to spare the public all the annoyance possible.

Milk Regulations.

—Dr. Sheard is going after, in a legal way, outside milk vendors who ship poor milk to Toronto. In order to give him the power to take action outside the city, he requests the City Council to pass a bylaw according to the provisions of the act recently passed by the Legislature. The Board of Control to-day gave its sanction to the project, and the legal department was instructed to draw up a bylaw.—Toronto World.

Ask Mr. Watt, Then.

—The Examiner has received the following letter referring to an article headed "Ask Mr. Elcome" in yesterday's paper:—"Dear Mr. Editor,—Re muskinonge and salmon trout mentioned by the Lindsay Post, wish to say that as Inspector Bradshaw's name is mentioned, 'and we are so busy,' would prefer the matter of identification to be referred to our local fish inspector, he can tell him 'Watt' it is. Yours truly, E. Elcome."

STOLE LUNCH BASKET FROM THE JACKSON PARK

It appears that there are some sneak thieves at work in the city, and their present scene of operation appears to be at Jackson Park. Yesterday afternoon a lady went to the park to spend the afternoon, taking her children with her, and intended to take tea there. Shortly after her arrival at the park, she left her basket under a tree, and went for a walk with her children.

On her return to have supper she found three bathing fellows in the act of eating the last of the lunch she had brought out.

When she attempted to remonstrate with these contemptible thieves, they simply laughed at her and walked away.

May be the police will take the matter up and see that an officer is stationed at the park in future.

PETERBOROUGH CHEESE PRICES ARE IN THE LEAD

Peterborough's supremacy in the cheese business is again demontrated. The price paid at the board here on Wednesday, when 113-4 was received has not been equalled in Ontario or Quebec this year, since the first sale, at which the price is always high. The Montreal Star's size up of the situation is as follows:—

From the prices which continue to be paid for cheese on the different country boards, it is evident that prices will shortly have to be raised here. However, it is claimed that it is possible to purchase finest Ontario cheese here at 113-4 still, and that Easterners are obtainable at 113-8 to 111-2 cents. Shipments this week are said to be large again, and it looks as though there was very little accumulation of stock here thus far. The tone of the market is quite firm, and dealers look rather for an advance than a decline.

Receipts of cheese reported on the Board of Trade to-day were 13,369 boxes.

PASSENGERS REPLACED CAR ON THE TRACKS

The story of the third-class passenger was recalled last night, when passengers of one of the park line trailers were called upon by the conductor to lift the car back upon the rails again, after in had jumped them at the corner of Charlotte and George street. It was one of the new trailers, and perhaps had not yet become accustomed to the Peterborough tracks. At any rate it jumped them last night, and the services of the passengers were called into requisition to replace it.

SUPPLYING GENERATOR TO BOBCAYGEON COUNCIL

The Canadian General Electric Co. has been awarded a contract for supplying a 20 k.w. electric generator to the village of Bobcaygeon, for installation in the municipal lighting plant of the village.

The contract price was $2928, and at a special meeting of the council held a few days ago, the deal was closed. Mr. Boyd, representing the company, was in the village and booked the order.

LINDSAY MAN BURIED IN A SAWDUST PILE

During the last two or three days various startling rumors have been on the rouad in the north ward, and all are of strikingly different variety. One has it that Reginald Farthing is dead, another that he had been drugged, another that he had been hit with a brick, buried alive, died in jail, etc. It appears that on Tuesday night Policeman Smith was called to the extreme part of the north end of William street, by a 'phone message. He obeyed the summons and was shown a peculiar sight. He found a man named Farthing almost buried in a sawdust heap near Parkins' Mill, on what is known as the "sawdust diamond" with a wet coat wrapped around his head. He pulled him out, and probably by this time he is at work as if nothing had happened.—Lindsay Post.

NEW MINISTER WILL GIVE ADDRESS

Rev. H. M. Manning, the new pastor of the Charlotte street church, will be the speaker at the men's meeting on Sunday at 4 o'clock. His subject will be "Paul's Five Propositions." All members and men generally are invited to rally to-morrow, and give Mr. Manning a warm welcome to the Association and the city. There will be special music.

WAS BITTEN WHILE ACTING PEACE-MAKER

Mr. Eugene Hurtubise the well known rugby player had his hand badly lacerated by being bitten by a dog last night. Two canines were engaged in a desperate fight on George street, and Mr. Hurtubise in trying to separate them had his hand seized by one of the animals. The wound made was very painful. It was dressed by a physician.

PE-RU-NA KEEPS THE FAMILY IN THE BEST OF HEALTH.

This is Only One of a Million of Homes in Which Pe-ru-na Has Been a Blessing. Read This Family's Glowing Testimony.

Mr. Henry S. Campbell, 1737 S. Williams St., Denver, Col., State Deputy of Modern Woodmen, Montana, and Delegate of Builders Trades Council, writes: "Peruna has been a blessing in our home. My wife was in poor health for several years and nothing but Peruna helped her. She gradually recovered her health and became the mother of a boy which blessed our home. We call Gerald our Peruna boy. He is in the finest of health and his mother has never enjoyed such excellent health.

"I have personally found Peruna of great value to me while traveling. Getting irregular meals and often poorly prepared food ruined my stomach, but Peruna toned up my digestive organs and brought fine health to me.

"We are never without Peruna in our home and know by experience that it keeps us all in the best of health."

A RECENT LETTER.

A recent letter received from Mr. and Mrs. Campbell is, as follows:

"We still use Peruna and in addition to our son, Gerald, who is a fat and saucy lad of 23 months, we have another son, still larger for his age. He is now ten months old and is always healthy.

"His mother says Peruna has surely made both of our children as healthy as they are, helped, of course by Colorado's healthy air.

"A bottle of Peruna is at all times a welcome visitor to our home."

A multitude of families have discovered that Peruna is their standby.

In all the catarrhal ailments which are likely to beset the various members of the family, Peruna is the remedy that brings quick relief.

No matter whether it be a catarrhal condition of the head or lungs, or a derangement of the stomach and bowels, Peruna is the remedy.

Many Testimonies To His Character Worth

The Funeral on Friday of the Late Rev. H. McQuade Was Largely Attended—A Number of His Fellow-Ministers Speak of His Work and its Results—A Successful and Faithful Preacher.

The funeral of the late Rev. H. McQuade, whose death was recorded on Thursday, took place yesterday afternoon, and was very largely attended, the members of his congregation and others who were acquainted with the deceased during his lifetime turning out in large numbers to show him honour in death. A number of his fellow-ministers, too, were present, among them being Rev. Dr. Crothers, Rev. Dr. Speers, Toronto; Rev. J. E. Robeson, Greenwood, formerly of Fraserville; Rev. M. E. Sexsmith, Cavanville and Rev. W. A. Burner, Nowtonville, the predecessor of the late Rev. Mr. McQuade at Bridgenorth.

The service was conducted at the residence by Rev. Dr. Crothers, as chairman of the district, and he, with Rev. Mr. Sexsmith and Rev. Mr. Robeson, gave addresses, in which eulogies to the deceased were mad. Rev. Mr. Robeson, in particular, spoke of the good work accomplished by the departed gentleman. Mr. Robeson had been acquainted with the late Mr. McQuade for years, and was with him for some considerable time prior to his death.

The pall-bearers were lay members of the congregation to which the deceased ministered The remains were brought to Peterborough, and on the midnight train were conveyed to Stenoorville, from which place the interment took place this morning, the remains being accompanied by Dr. M. A. McQuade, son of the deceased.

The late Rev. Henry McQuade was born February 22, 1874, and died at Bridgenorth, July 4, 1906. He was the son of the late John McQuade, of the township of Edwardsburg, County of Grenville, Ontario, and was next to the youngest of a family of eleven children, seven sons and four daughters, and the first of the family to cross the river. He was converted in a revival service conducted by the late Rev. W. E Johnston in the village of Winchester, received his first license as a local preacher during the pastorate of the Rev. Thos. McCammond, now an honoured superannuated minister in the Montreal Conference. He was then carrying on a very successful mercantile business, but the voice of the church called him from his mercantile life into the work of the active ministry. He entered Albert College at once to prepare for that great work, and took up the work of the ministry of the Methodist E, iscopal church in 1874, was ordained deacon in 1876, and elder in 1878. He laboured on the following circuits:—Chantry, Elgin, Malorytown, Annlor, Lyndhurst, Frankford, Hilton, Ponlyiool, Amelinsburg, Havelock, Manilla, Warsaw and Bridgenorth.

The late Mr. McQuade was a faithful exponent of the Word of God, not of the letter only, but of the spirit. He was a true evangelist, his appeals were to the heart and conscience, and on all of his circuits his labours were attended with gracious revivals. As a church builder he had few equals. In January last he found his health failing him, and in March was apprised of the fact that he was seized with that dreadful disease, pernicious anaemia.

He was married in 1868 to Miss Green, of the township of Augusta, who proved to be a worthy companion and a constant helper in all his work, and who still survives him, and with her son, Dr. Milton A. McQuade, of Yarker, has the warm sympathy of many friends on every circuit the deceased laboured.

City Will Entertain Visiting Oddfellows

Committee of the Whole, However, Decided Not to Make Any Grant Directly to the Oddfellows—Reception Committee Will Look After the Affair.

The Committee of the Whole Council decided last night to place a sum of $250 to the credit of the reception committee of the council, to be used in entertaining the delegates and visitors to the Grand Lodge meeting here on August 7th, 8th and 9th. This assistance was granted as the result of the solicitation of a delegation of the local Oddfellows who waited on the council last night, and asked for aid in giving the visitors a good time.

The committee decided not to make a money grant directly to the Oddfellows, but to use the money themselves to entertain the visitors as they see fit. Among the ways suggested of doing this was to give the delegates a trip over the Lift Lock.

The members present were Mayor Best, in the chair; Ald. Graham, Elliott, Mason, McIntyre, Wilson, Duncan, Adams, Hicks, Ball and Johnston.

Oddfellows' Request.

The Oddfellows' delegation was composed of Colonel J. W. Miller, F. A. Clarke, William Madill, Emmerson, B. Lastar, Wm. Cowie, H. Morgan, T. McFadden, W. Savigny, and J. H. Smith.

Colonel Miller said that about 600 or 700 representatives would be here and with the different branches there would be about 1,000 visitors. The entertainment of this large number would cost considerable, and they did not expect the council to pay the whole of it, but they asked as much assistance as possible. They believed that the large amount of money brought into town would be beneficial, and such a large and influential body of men would be a fine advertisement. He thought that when the Grand Lodge was here in 1887, the city granted $500. They intended to spend the money in such a way as would be to the best advantage of the town.

In reply to a question from Ald. Elliott, Colonel Miller said that the city of Brockville, had assisted the Grand Lodge last year.

Ald. McWilliams said that at the last meeting the feeling seemed to be that some particular thing could could be done, instead of giving a money grant.

The Entertainment.

Colonel Miller said that among other things the Commitee proposed, was hiring steamers to take the visitors over the Lift Lock.

Mr. William Madill said that the Grand Lodge convention would be an advertisement to the city. One did not know when he sowed seed what the result would be. The delegates were a representative body of men who might be expected to carry back much information about Peterborough.

Colonel Miller said that the matter of the programme of the affair was being discussed by a committee at present, and could not be fully gone into, until all the sources of funds were known. The Mayor of Brockville had told him that the Grand Lodge delegates had brought $10,000 into the city last year. They did not propose to raise any money by subscription from persons outside the Order. They would like to know what the Council was going to give, so that they might know what they would have to raise from the Order.

Mr. John H. Smith said that the Oddfellows were nearly all ratepayers of the city, and had not asked for a grant for nineteen years. He also spoke of the advertisement it would be to the city.

Mr. William Cowie also referred to the advertising the city would receive from the visit. There would be no banquets or banquetting, but the money would be used in advertising the city and giving the visitors a good time. The delegates would be shown what Peterborough was and what it was likely to become.

Mr. Harry Morgan said that on the occasion of the previous visit of the Grand Lodge the council had granted $500, and the Oddfellows had spent $1600.

Mr. F. A. Clarke said that the money given would be spent in the city, and the visit would be a great advertisement for the city.

Messrs. B. Lastar and T. McFadden also spoke of the importance of the advertising features.

The Mayor asked as to the accommodation, and was informed that the hotels could accommodate 700 people, while the rest would be accommodated in private homes.

The city clerk looked up the record, and found that the grant to the Grand Lodge in 1887 was $200.

City To Spend Money.

The committee then retired leaving the matter in the hands of the council, after which a discussion followed. The general opinion among the aldermen was that in the future no money grants should be handed over to societies, but that the city corporation, through the reception committee might entertain such visitors or delegates as was seen fit.

Ald. Hicks said that the time had come when the handing over of money to societies would be criticised. Other aldermen expressed the same views on the matter.

The question of how much should be given was then taken up. Ald. Mason, chairman of the Reception Committee, thought that a sum not exceeding $250 should be placed at the disposal of his committee. Ald. Hicks thought that $150 should be sufficient for the purpose.

$250 To Be Used.

It was moved by Ald. Johnston, seconded by Ald. McIntyre, that a sum not exceeding $250 be placed at the disposal of the Reception Committee to be used in entertaining the delegates to the Grand Lodge meeting.

This motion was carried, only three, Ald. Hicks, Ball and Graham, voting against its passing.

Ald. Hicks said that he was in favour of $150, but would not vote for the larger sum.

Illegal Says Ball.

Ald. Ball came suddenly into prominence at this stage of the game. He questioned the legality of giving grants to societies, and moved the following resolution, which was seconded by Ald. Graham:

"That the city clerk be instructed to reply to any applications made in future for grants to any society or organization, asking for grants or money, that would be illegal, that such grants are illegal and such applications do not come before the council."

Ald. Graham thought that the money could be used to better advantage on the streets, making particular reference to the conditions existing on Water street, which, he said, made it most difficult for wheelmen.

Ald. Ball's motion was lost on the following vote:

Yeas — Ball, Graham, Duncan.

Nays — McWilliams, Hicks, Johnston, Wilson, McIntyre.

Ald. Adams and Elliott did not vote.

"Well, gentlemen," said Ald. Ball, emphatically, "I know what course is open for me to pursue and I shall certainly do it the next time an illegal grant is made."

Profits Now Go Skyward

The time has come at the City Clothing Store when all strictly Summer Stocks must go.

All Summer Suits, Raincoats, Furnishings, Underwear, Hats and Caps cut deepest.

Nothing is reserved. Nothing is too good to keep.

Learn Possibilities Of Canadian Trade

London Chamber of Commerce Will Send Delegate to Peterborough to Report on Possibilities of Trade Expansion in Canada.

The secretary of the Board of Trade, Mr. T. Q. Quartermaine, has received the following circular from the London (Eng.) Chamber of Commerce:—

"I am directed to inform you that the Council of this Chamber at its last meeting, confirmed, on the motion of General J. Wimburn Laurie, a resolution which had previously been carried unanimously at a special meeting of the Canadian Trade Section of this Chamber, in the following terms:

"That the members of the Canadian Trade Section of the London Chamber of Commerce desires to express their gratification at the appointment by the Board of Trade of Mr. James Gregg, as a Commercial Commissioner to visit and report upon the possibilities of increased trade between the Dominion of Canada and the United Kingdom, which it is believed will result in mutual benefit to British and Canadian industry, and they recommend to the Council of the Chamber that letters be despatched to the Canadian Boards of Trade and Chambers of Commerce, recommending those bodies to render to Mr. Gregg all the assistance in their power."

"I am to express the hope that your Chamber will afford every facility in its power to Mr. Gregg in connection with the object of its mission, in which great interest is taken by the Council of this Chamber."

Needless to say the local Board of Trade will render every possible assistance to Mr. Gregg, on the occasion of his visit to this city.

Orangemen Will Attend Church

Will Parade Both Morning and Evening to City Churches.

To-morrow being the last Sunday before the Twelfth, the Orangemen of the Peterborough District will parade to church. In the morning the lodges, consisting of Nos. 80, Peterborough; 82 Downer's Corners; 178 Smith; 494 Keene, Nassau and the Prentice Boys will assemble at the Lodge Rooms on Simcoe street at 10 o'clock and parade to Park street Baptist church where Rev. A. H. Brace will preach a special sermon to Orangemen. In the evening the lodges will meet at 6 o'clock [illegible] street and parade to St. [illegible] church where the Rev. J. G. Potter will deliver an address to them.

All Brethren in the city are invited to attend church with the local Orangemen.

The retirement of the Gormully ministry has been definitely decided upon.

Mark St. School At Jubilee Point

Best Excursion in the History of the Sunday School.

The Mark Street Sunday School picnic to Jubilee Point yesterday, was pronounced the most delightful in the history of these annual events. The steamer "Water Lily" carried almost 300 of the Mark Street people and their friends, who comfortably filled the boat so that everybody enjoyed the day.

The steamer left the Wolfe street wharf about eight o'clock in the morning calling at the East City and street car wharfs and several other points on the river. Jubilee Point, the destination of these excursions formed the camping ground for dinner; a few took in the sail across Rice Lake to Gore's Landing, Harwood and Idyl Wyld.

After dinner the sports formed the chief attraction of the afternoon and were ably looked after by the committee composed of Mrs. (Rev.) Lewis and Mrs. S. Taylor.

Tea was served on the boat on the homeward cruise, the steamer reaching the city again about eight o'clock. The day was a beautiful one and all things seemed to unite to make the excursion an enjoyable one. The following were the winners of the different sporting events:

Children, 5 years and under—1, R. Rightmyer; 2, B. Lewis; 3, W. Smith; 4, R. Matchett.

Girls', 5 to 10—1, Iola Matchett; 2 Lottie Hogan; 3, P. Brisbin.

Boys', 5 to 10—1, L. McIntyre; 2, Hunter Lewis; 3, Arnold Bennett.

Girls', 10 to 15—1, A. Dixon; 2, J. Elliot.

Boys', 10 to 15—1, W. Crowe; 2, R. Smith.

Young ladies' race—1, Miss J. Girvin; 2, Miss L. Throup.

Young men's race—1, E. Hunter; 2, H. G. Nesbitt.

Needle race—1, J. Elliott; M. McIntyre.

Married men's race—1, M. McIntyre; 2, H. Rightmyer.

Married women's race—1, Mrs. G. Coon; 2, Mrs. T. Cunningham.

Three legged race—1, W. Crowe, T. Record; 2, A. Crowe, R. Smith.

Men's race—1, Mr. C. Noyes; 2, Mr. E. Wicker.

Women's race—1, Mrs. W. Payne; 2, Mrs. J. Fowler.

W. J. McQuinn's Show A Success

Former Peterborough Man Doing Well in New Ontario.

Mr. Wm. J. McQuinn, formerly of Peterborough, is making a great success in the show business in New Ontario, where he is travelling with "The Biggest Little Show on Earth." A friend in the city received word from him this week to the effect that business was good, and in some places he was breaking all his records for bumper houses. His show is under canvas and is undeniably a good one—the people of New Ontario know good ones when they see them all right.

Sudden Death Of A Norwood Resident

Alex. Baptie Passed Away Suddenly Early This Morning —Wife Was Wakened in the Night.

Examiner Special.

Norwood, Ont., July 7. — Alex. Baptie, a sawyer in W. G. Harrison's mill, here, died very suddenly. About 4 o'clock this morning his wife was wakened by a gurgling noise in his throat, not being able to waken him she sent for a doctor, but before the latter arrived Mr. Baptie was dead. He leaves a widow and two small children.

Dealers Ordered To Stop Selling Cigarettes

Cigarette By-law Will be Enforced—Had Been Regarded as a Dead One by the Dealers, Who Have Been Selling as Usual.

"Give me a package of Sweet Caps" "No chance. Just got orders to stop selling."

This or similar dialogues were repeated many times over in the various tobacco stores in the city to-day. The cigarette by-law passed by the council is responsible for the action of the dealers and as a result there was great consternation in the ranks of cigarette users to-day. The by-law which was supposed to have come in force on July 1st was regarded as a dead one and dealers went on selling as usual until this morning, when the police gave orders to stop the sale. No licenses have yet been taken out and it is not probable that any dealer will put up the necessary $200.

Meanwhile the hotels are going on selling. The clerk of one of the largest hotels in the city informed the Examiner this morning that the hotel was selling them and would continue to do so.

Chief Roszel said that the by-law would be enforced and any dealer found selling without a license would be prosecuted.

WEDDING BELLS

BRAY—SHERWIN.

A pretty wedding was solemnized on Tuesday, June 26th, at "Cedar Lynne Farm," Smith, the residence of Mr. J. R. Sherwin, when his eldest daughter, Effie Eugenie, was united in marriage to Mr. Milford Johnston Bray, of Midland, son of Mr. Thomas Bray of Plainville. Rev. R. A. Deive, of Blackstock, performed the ceremony which took place in the drawing room, under an arch of evergreens and floral bell, and was witnessed by a large number of friends. The house was tastefully decorated with ferns and roses.

The bride entered the drawing room leaning on the arm of her father, to the strains of the bridal march from Lohengrin, played by Miss Evelyn Chasty of Peterborough. Miss Stella Sherwin, sister of the bride, acted as flower girl.

The happy couple left on the 5.35 G. T. R. train for Toronto, Niagara Falls and points west, and on their return will take up their residence on Seventh street, Midland, where the groom is partner in the firm of Benson & Bray, contractors.

The guests from a distance were: Mr. and Mrs. T. Bray, Misses Ella and Laura Bray, Messrs. Frank and Harry Bray, Plainville; Mrs. Colin Curtis, Toronto; Miss Ruby Bray, Port Hope; Mr. and Mrs. J. Harper, Mr. and Mrs. J. Jibb and Mr. O. Jibb, Cambourne; Mr. Taylor and Miss Carrie Taylor, Roseneath; Mr. W. Cole, Coral; Mr. Harry Bray, Cavanville; Mr. and Mrs. A. Sherwin, Harwood; Mr. and Mrs. J. Baptiste, Fenella; Mr. and Mrs. Thompson Bradean, Lakefield; Misses Chasty and Mrs. W. Isaac, Peterborough. — Cobourg Sentinel-Star.

TREBILCOCK—TAMBLYN.

A number of Peterborough people will be interested in the following despatch from Bowmanville, telling of the wedding of Mr. Fred Trebilcock, who frequently visits Peterborough in his capacity as traveller for a wholesale dry goods house:—

Bowmanville, July 6.—The marriage of Miss Julia Victoria Tamblyn, youngest daughter of Mr. W. W. Tamblyn, M.A., and Mr. Frederick W. Trebilcock, of Toronto, will be celebrated in St. John church this afternoon at half past four o'clock, Rev. W. E. Carroll, B.A., rector of the church, officiating. The bride will be gowned in point d'esprit over white silk, with lace bolero and trimmings of white satin baby ribbon, wearing a long tulle veil, hemmed with seed pearls, and caught with lily of the valley, her only ornament being a pearl pendant, the gift of the groom, and carrying a white satin prayer book. Miss Beatrice Tamblyn will attend her sister and wear a princess gown of pale green pliette silk, trimmed with Irish lace and carry a bouquet of pink roses. The little flower girls are Miss Julia and Miss Charlotte Greenwood, of Toronto, nieces of the bride, to be prettily dressed in white with trimmings of lace, and to carry bouquets of daisies. Mr. Paul E. Trebilcock will support his brother. The ushers will be Mr. Gibson Tod, Mr. C. C. Tamblyn, Mr. J. Howard McMurtry and Mr. Arthur E. McLaughlin. A reception will be held at the home of the bride's parents. Mr. and Mrs. Trebilcock will leave by the evening train for the west, the bride wearing an Alice blue silk gown.

No More Golf Can Be Played During Sunday

House of Commons Proposed to Forbid All Games.

THE VOTE RECONSIDERED

Mr. Aylesworth Says He is Opposed to Spirit of the Bill—Debate on Third Reading of the Lord's Day Measure —Final Protest From Mr. Bourassa—House Opens Friday With a Flag Incident.

Ottawa, July 7.—The Union Jack did not fly from the pole of the main tower of the Parliament Buildings on Monday, Dominion Day. Mr. Peter Elson of East Middlesex made an impassioned loyal speech on the omission.

Mr. Hyman, while agreeing in the main with Mr. Elson, said that Monday was not the First of July, and that the flag had been flying on Sunday. The housekeeper had certain instructions to fly the flag on certain days, which apparently did not cover occasions such as that when the celebration of a holiday was delayed.

Appealed to Sir Wilfrid.

On motion for a third reading of the bill relating to the Supreme Court of Judicature of New Brunswick, Dr. Stockton renewed his objections previously expressed, and appealed to the Premier.

Sir Wilfrid Laurier denied in the strongest terms that the Government was cognisant of or party to any plot to take away any man's office. As the appointment of Chief Justices was primarily his duty, he said he would endeavor to do his duty in other instances.

The bill was given its third reading.

Sunday Observance.

The final stage in the passage of the bill respecting the Lord's Day was then entered upon, on motion for its third reading.

Mr. Duncan Ross again moved his amendment to permit: "Any unavoidable work on the Lord's Day to save property in cases of emergency, or in imminent danger of destruction or serious injury."

Mr. W. F. Maclean discussed the principle of the bill, and quoted extracts from Lewis' "Life of George Brown," of which his interpretation was that all those questions involving religion should be left to the provinces. He expressed the belief that the old Sunday law which was in force in Upper Canada was still in force in Ontario. He blamed the Government for not having kept the question out of the House and for not having conferred with the provinces in order to have the B. N. A. act amended, if necessary, to bring the question of Sunday observance under provincial jurisdiction. He urged that the measure be postponed until the November session, that a summary of the existing laws regarding Sabbath observance be prepared as a state document, and that a conference be held with the provincial authorities in the meantime.

Bill Not Perfect.

Mr. Aylesworth replied that his experience since undertaking to carry the bill through committee had convinced him of the difficulty attending the effort to carry legislation of this nature through Parliament. At the same time he did not regard the difficulties as insuperable. The only effective way of dealing with the question was by encroaching somewhat upon the domain of the criminal law, and it was in that aspect that the provincial legislators would find themselves hampered in any attempt to legislate upon the matter by reason of their inability to deal with it from the standpoint of the criminal law. The bill before the House, while not perfect; was practicable and the result of much thought and study, and he could not see in any of the arguments advanced any reason why the measure should not now be enacted. If in the future a necessity for changing any of its provisions should be demonstrated amendments might be made, but that was not a reason why the bill as it stood should not become law. He favored the recommittal of the bill to the committee in order to consider Mr. Ross' amendment, and also of a matter that had been overlooked, providing for telegraph and telephone operators who work on Sunday that they should have a day of rest on some other day.

Further Amendments.

In committee Mr. Ross' amendment was carried, and Mr. Ross then moved that clause 4 be amended by adding a subclause providing that the clause "shall not apply to any employe in the work of any industrial process in which the regular day's labor of such employe is not more than eight hours' duration or 56 hours per week." The clause as it stood provided that if any employe worked on Sunday he must have 24 hours' rest on some other day. Mr. Ross explained that the change was made in according with telegraphic protests from both employers and employes of smelters and other industries in British Columbia. He had also received a communication from Rev. Mr. Hastings, Greenwood, B. C., secretary of the Lord's Day Alliance of that district, endorsing the amendment as necessary to meet local conditions.

Mr. Thos. Martin (North Wellington), and Dr. Black (*Hants, N. S.*), protested against the amendment and insisted upon the necessity of every worker having one complete day's rest in every seven.

Afternoon Debate.

In the afternoon Dr. Black said that if all the exceptions asked for by manufacturers, smelters and others had been granted there would not be enough time left on Sunday to repeat the Lord's prayer.

"Are you satisfied with the bill as it stands?" asked Mr. Gunn.

"No, I am not," Dr. Black replied.

Dr. Stockton said there had been a remarkable exhibition of vacillation on the part of the Government. The bill was now only the skeleton of its former self.

Government's Position.

Mr. Borden asked for an expression of opinion on the amendment from the Government, who, he ironically observed, had some connection, though remote, with the bill.

"Those remarks are consistent with the amount of assistance my hon. friend has given those who are asking for the bill," Mr. Aylesworth replied. He favored the amendment.

Mr. Borden said he never saw a bill so absolutely without guidance. They had seen the Minister of Justice and the Prime Minister voting against each other day after day.

"When my hon. friend says that he says what is not true," Mr. Aylesworth replied. "That only occurred once on the Jewish clause, a detail of the bill which was not in it when the bill was introduced by the Government."

Mr. Fielding added that Mr. Borden and Mr. Foster had voted against each other on the same question. "The leader of the Opposition is advertised as the Vice-President of the Lord's Day Alliance," said Mr. Fielding, "and is, therefore, the grandfather of this bill. Why has he deserted it?"

"He has put it in the wrong hands to bring it up," suggested Mr. Cochrane amid laughter.

"That is all the more reason for him to come to the front and give a helping hand," Mr. Fielding replied.

Mr. Ross' amendment was adopted.

Another amendment by Mr. Aylesworth was adopted, entitling those engaged in transmitting, receiving or delivering telephone or telegraph messages to twenty-four hours' rest during the week.

To Stop Sunday Golf.

Mr. Thos. Martin moved an amendment providing that it shall not be lawful for any person being a member of any club or association where an annual or other periodical fee is charged or paid to play upon such grounds on Sunday golf, cricket or any game of ball or to be present thereat.

When the question was put to a standing vote, a goodly number of Liberals rose in support of the amendment, and the Opposition members rose almost in a body. All the Ministers present voted nay and the result was greeted with some laughter. Among those observed to vote yes were:—Messrs. Conmee, Bourassa, Guthrie, Grant, Clarke, McCraney, Kennedy, R. L. Borden, Foster, Sproule, Haggart, Barker, Thomas Martain, Monk, Morin, Armstrong, Uriah Wilson and Blain.

Among those voting nay were:—Sir Wilfrid Laurier, Sir Frederick Borden, Messrs. Fielding, Emmerson, Hyman, Aylesworth, Brodeur and Lemieux.

Mr. Martin's amendment was carried by 52 to 42.

Amendments Defeated.

The House rejected an amendment by Mr. Guthrie, making all railways incorporated by the Dominion Parliament, though wholly in one Province, subject to Provincial Lord's Day legislation.

Mr. Galliher made an effort to have the words restored to substitution D of clause 3. The words were: "Or if without the doing of such work on the Lord's Day such process cannot be carried on continuously and safely during the other six days of the week."

Mr. Zimmerman, Mr. Conmee and Mr. Barker supported the amendment, which was defeated by 24 to 58.

Mr. Bourassa came next with an amendment to prevent the use of Sunday for beverage of any alcoholic liquors in railway or tramway cars, on steamboats, in railways stations or in any public place.

"There is just as much necessity for preventing this on the other six days of the week," Mr. Aylesworth declared. The amendment was defeated by 42 to 64. Messrs. R. L. Borden and Foster voted for it, and all the members of the Government present voted against it. Otherwise the vote was split up.

Mr. Pringle once more moved an amendment to allow freight trains to proceed to the destination of the freight on Sunday, instead of to the next divisional point.

After dinner Mr. Aylesworth took the ground that the question had been fully debated at a previous sitting, and Mr. Pringle having advanced no new reasons for reversing the former decision, the bill was reported.

Sunday Games Clause.

When the amendments were taken up for concurrence in the House Mr. Aylesworth moved that the bill be referred back to Committee of the Whole with instructions to strike out the amendment made on motion of Mr. Martin, prohibiting playing golf, tennis, cricket or games of ball on club grounds on Sunday.

The House divided on the motion to refer back, which was carried by 79 to 42. It was a party vote with a few exceptions.

A Case of Nerves.

When the House went into committee there was uproar for a while, culminating in an acrimonious passage between Mr. Aylesworth and the Opposition leader. The former accused Mr. Borden of intentionally misrepresenting him.

Mr. Borden warmly resented this, and said: "I may say, however, that whatever the Minister of Justice thinks about me is of not the slightest consequence to me."

There were Opposition cheers and uproar, which was continued as Mr. Aylesworth responded: "And I may be allowed to reciprocate the compliment."

On a standing vote the clause was struck out by 80 to 58, and the bill reported for the third time.

Mr. Porter moved that the toll bridge and swing bridge between Belleville and Prince Edward County be allowed to operate on Sunday.

Mr. Aylesworth pointed out that the provision exempting conveyance of travelers and work incidental thereto covered the point.

Mr. Bourassa's Protest.

The amendment was declared lost and the question for the third reading was put at 11.20, when Mr. Bourassa made a final protest by moving an amendment providing that the act shall not go into force in any province until the Legislature of the Province has enacted that it shall apply to such province. In an impassioned speech he asserted that the bill as it stood was not in accordance with the constitution, and that the passage of such bill was a menace to the harmony and welfare of the Dominion.

Mr. Aylesworth's Reply.

Mr. Aylesworth took the ground that the amendment was not in accordance with the spirit of compromise upon which the measure had been framed and brought up to the present stage. It would place the provinces in a position that they would have to accept the measure as it was or have nothing. He suggested that had it been the intention to require the provinces to enact legislation bringing the act into force, an entirely different measure would probably have been framed.

At 3 o'clock this morning the bill was still before the House.

Defeat of Power Bill.

During the hour for private bills last night the House in committee defeated the Senate bill to incorporate the Grand River and Western Power Co.

Ottawa, July 6.—Boarded, 1627 boxes white and 273 boxes colored; bidding opened at 11⅜c per lb., and sales began at 11⅜c. All but 316 white sold at that price. There were 12 buyers present.

STRUCK FROM ROLLS.

Dr. Crichton Declared to Have Acted Unprofessionally.

Toronto, July 7.—The name of Dr. Alex. Crichton was yesterday erased from the register of the College of Physicians and Surgeons of Ontario. He will appeal to the law courts for redress through his solicitor, W. C. Kerr.

He was accused of "disgraceful conduct," in a professional sense, in issuing a circular purporting to have discovered a sure and immediate cure for grippe.

The case of Dr. L. H. Sheppard of this city, whose name was struck off the list several years ago, came up for reinstatement. The report went back for reconsideration.

Before the House of Lords.

London, July 7.—Paul Morton, president of the Equitable Life Assurance Society, and Emory McClintock, vice-president of the Mutual Life Insurance Co. of New York, appeared yesterday before the select committee of the House of Lords on life insurance. Mr. Morton explained the methods by which the Equitable was conducted, and called attention to the special provision made for the security of British policyholders by the $500,000 deposited in the Bank of England. Mr. McClintock said it was not desirable to make special provision for the British policyholders.

No Licenses in Owen Sound.

Toronto, July 7.—The appeal of Owen Sound against Judge Mabee's decision quashing the local option by-law will be heard in September. An Owen Sound deputation told Provincial Secretary Hanna yesterday that local option would be again submitted on the first opportunity. "If you don't help us, don't help the bar," was the tone of the deputations' request, and they were assured of the assistance of the Government, and that no licenses would be issued until the appeal was heard.

New Potatoes At The Market

Sold at $50c. Peck—New Hay Quoted at $12 Ton.

The market was featured this morning by the advent of new potatoes. These were the first of the season and attracted a large crowd, many of whom refused to buy, when the price—50 cents per peck—was heard. They however quickly changed ownership, and the man with the first got the big profits.

Green peas were conspicuous this morning, shelled selling at 15c per quart and unshelled at 30c peck. Garden gooseberries were offered at 10c a quart, or three quarts for 25c. Old potatoes sold at $1.25 and are yet in good demand. Price of butter still continues around 21c and 122c per lb., and eggs are yet at 19c and 20c per dozen. Spring chickens could be bought at 75c per pair, but as yet they are rather small.

A load of new hay also appeared on the market. The owner wanted $12 per ton. Old hay sold at $13.

The following were the general prices this morning:

Butter, per lb	20	to	22
Eggs, per doz	19	to	20
Chickens, per pair	75	to	1 25
Turkeys, each	1 50	to	2 50
Pork, per lb, hind	10½	to	11
Veal per lb	6	to	7
Peas shelled, per qt	15	to	....
New Potatoes, per pk	50	to	....
Potatoes, " "	1 10	to	1 25
Honey, per lb	10		
Hay, Clover per ton	10 00	to	11 00
Hay, Timothy " "	13 00	to	14 00
Wood soft, per cord	3 00	to	00
" hard, " "	6 00	to	6 25
Rhubarb, per bunch	..	to	5

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 7. — The stock market this morning was very strong; the opening prices were all above last night's and the advance continued right to the appearance of the bank statement. Great strength was shown in the Steels, U.P., St. Paul, Copper, C.F.I., and Twin City.

The bank statement was very unfavourable showing a decrease in the reserve of $5,590,675. A very quick break of about two points all round followed but before the close the market rallied again and closed quite strong, a little above last night's prices.

	Opening	Closing

MR. M'CAMON'S FATAL FALL.

Prominent Belleville Citizen Found Dead At Foot of Stairs.

Belleville, July 7.—At 4 o'clock yesterday morning, Police Sergeant Hayes found the dead body of W. J. McCamon, one of Belleville's prominent lawyers and citizens, lying at the foot of a back stairs of the Robertson Block, with his neck broken and face cut. He had been dead some time, as the body was cold.

He left some friends down-town at 11 o'clock to go home, and it is thought went to call on another lawyer in the Robertson Block, and opened the wrong door, falling downstairs.

50 KILLED BY HAIL.

District in Spain Bombarded By Orange-Sized Ice.

Valencia, Spain, July 7.—A hailstorm yesterday killed 50 persons.

Hailstones as big as oranges smashed the roofs of houses, causing the inhabitants to take refuge in the cellars. The crops in many districts were destroyed and great distress prevails.

Relief is urgently requested.

The Deadly 4th.

Chicago, July 7.—Fifty-one dead and 3,551 celebrants maimed or injured, some of them fatally, is the record of this year's "Glorious Fourth," as compiled by correspondents of The Tribune up to an early hour yesterday. That the death list will continue to mount, July 7.—Court yesterday heard half a dozen witnesses testify against Italians accused of rioting at the G. T. R. station and stabbing officers of the law. Delalia Ferrata and Donte and Nicholas Donofrio, were the men regarded as using the stilettos and revolvers. Some 12 were remanded for further hearing on July 12 and 13. Italians were discharged as not concerned. W. W. Pepe Montreal, was here to assist the crown authorities.

Taught the Jap Army.

Berlin, July 7.—Major-General Meckel, formerly professor of military tactics in Japan, died yesterday. He went to Japan in 1885, stayed there three years, reorganized the Japanese army and wrote a book on tactics. Field Marshal Oyama, after the battle of Mukden, telegraphed to Gen. Meckel, ascribing his success to Meckel's instructions.

The Buchanan Centenary.

St. Andrew's, Scotland, July 7.—Yesterday at the University of St. Andrew's the quarter centenary of George Buchanan, Scottish scholar, historian and poet, is being celebrated. To-day there will be a garden party, at which further tributes will be offered to the memory of the great apostle of liberty and typical Scotsman.

HAS EARL GREY BLUNDERED?

Said to Have Recommended Royal Honors Without Consulting Cabinet.

Ottawa, July 7.—(Globe Special.)—Some of the honors recently conferred upon members of the Canadian civil service are said to have been bestowed, not as a result of recommendation from the Government, but because of the personal suggestion of Earl Grey himself.

If the rumor can be credited this action on the part of the Governor-General is resented by his advisers, who feel that in any matter affecting the Canadian civil service they are the parties solely entitled to make recommendations.

That the question has been considered by the Cabinet and that a strong remonstrance to the imperial authorities is contemplated, and, in fact, may have been already drawn up and forwarded, are also alleged.

Sir Wilfrid and the Entente.

London, July 7.—(C. A. P.)—A Paris wire states The Echo de Paris had an interview with Sir Wilfrid Laurier, who expressed strong approval of the entente cordiale between Great Britain and France, in which he saw not an ephemeral rapprochement, but a logical and necessary alliance which would not be broken. Great Britain and France would be at the head of the new civilization in Europe.

For Fourteen Years.

Kenora, July 7.—Magistrate Moore yesterday imposed an unusually heavy sentence upon Fred Bartley, an English immigrant, who was convicted of housebreaking. He was sent to the penitentiary for fourteen years.

Six Months For Theft.

Ingersoll, July 7.—David Barker, 19 years old, who has made his home in this vicinity for the past three years, was this afternoon sentenced to six months in the Central for theft of eleven dollars.

Binder Twine Seized.

Kingston, July 7.—Joseph L. Haycock, binder twine inspector, made a valuable seizure near Ottawa of some 5,000 pounds of twine under measurement. The act makes confiscation the penalty.

Gets Oxford Lectureship.

London, July 7.—(C. A. P.)—W. L. Grant, a son of the late Principal Grant, has been appointed to an assistant lectureship in colonial history at Oxford at a salary of 300 pounds sterling.

$800,000 Applied For.

Toronto, July 7.—Provincial Treasurer Matheson reported the applications for the new provincial 2½-2 per cent. loan yesterday as amounting to $800,000.

Remains of Canadian Victims.

London, July 7.—The bodies of Mr. Barwick and Mr. Pipon will leave Southampton to-day on the steamer Minneapolis for New York, thence to Toronto.

A Citizen of Greece.

Hamilton, July 7.—Billy Sherring has received official notice that he has been made an honorary citizen of Greece with the right to vote at all elections.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

BASEBALL

To show to the world that they are all-round ball players the Torontos occasionally lose a game.—Toronto Star.

• • • •

From the motions it makes when on the field, there is a general supposition that the Montreal team imagines it is playing baseball.—Toronto Star.

• • • •

BASEBALL

Now the player
Full of vim,
With a new suit
Onto him,
Will come on and expectorate in either hand;
Then he'll wipe them
On his clothes,
Then he'll loudly
Blow his nose,
Then he'll stoop and rub his meat hooks in the sand.

Then he'll firmly
Grasp the bat,
And he'll smartly
Rap the mat
Where he stands and straightens up to hand a clout
To the horsehide
As it flies;
But its curves
Will fool his eyes,
And the chesty, nifty player will strike out.

"—— —— ——!
—— —— ——!!
—— —— ——
—— —— ——?"

While he trudges to the bench with features grim.

"—— —— ——

Signal Honour For Mr. Dennistoun

Proposed Toast at Atlantic Union Banquet at Oxford University.

The London, Eng., Standard gives an interesting account of the Oxford luncheon of the Atlantic Union held at Pembroke College, Oxford, at which Mr. and Mrs. P. M. Dennistoun were present. The guests included distinguished visitors from all parts of the British Empire.

To Mr. Dennistoun fell the signal honour of pronouncing the toast to the Atlantic Union which was responded to by the Hon. J. F. Taverner, the Agent General for Australia. The selection of Mr. Dennistoun as a speaker at this most distinguished banquet is a tribute indeed, of which he might well be proud.

Some Of Those Going To Camp

Arrangements for Y. M. C. A Outing Nearing Completion.

Arrangements are nearing completion for the 19th Y.M.C.A. boys' camp, which starts at Clear Lake on Wednesday of next week.

The following is a partial list of those who are going, with many more names to be added: G. H. Williamson, leader; Mr. Manning, of Victoria College; Gordon McClennan, Stan. Madill, Max. Dobbin, Art. Hall, Alf. Gilbert, Thos Arnott, cook; Grant Potter, A. Clements, Elmer Sanderson, W. Fortye, G. Minorgan, Chas. Dean, Frank Patterson, H. E. Saxby, Mack Perks, W. Saxby, L. Stevens, C. Drummond, R. Dutton, Douglas Layfield, Wilfred Stratton, Stanley Wade, George Martin, Percy Hooper, and S. Outram.

The camp is fortunate in securing Mr. Manning, of Victoria College, to take charge of the sports and other similar features of the camp. All applications should be in not later than Monday night.

OBITUARY.

MRS. AGNES TREMOUTH.

Word was received in the city this morning of the death of Mrs. Agnes Tremouth, near Orillia, sister of John Robertson, Hunter street east. Full particulars of the death have not yet been learned. Mrs. Tremouth was 73 years of age and died this morning. She will be buried on Monday at the Little Lake Cemetery.

MRS. JOHN R. GIBSON.

This morning at 8.30 o'clock, Jane Bothwell, relict of the late John R. Gibson, passed away at her residence, 374 1-2 Water street. Death occurred after an illness of less than a week, and was due to heart failure. The deceased lady was 57 years of age and had only resided here since last January. She was born in Perth, Ont., and afterwards moved with her parents to Springville, Cavan township, where most of her relatives reside. Her husband p re-deceased her 11 years, and she leaves one daughter, Miss Maria, Water street, and two sons, Geo. H. Gibson, Springville, and Arthur John, Regina, Sask. She is survived by four brothers John, of Cavan; William and Robert, of Springville, and James, of Vancouver, B.C., and one sister, Mrs Miller Murdoch, of Portland, Ore.

She was a Presbyterian in religion, and while in the city attended St. Paul's church. The funeral will take place on Monday at 1 o'clock to the 9th line of Cavan Cemetery for burial.

THE MOONLIGHT AN ENJOYABLE ONE

Messrs. M. McFaddon and C. Donovan left this morning for Stony Lake, where they intend cruising about until Tuesday next. Accompanied by Mr. Larry Steele, of Lakefield, they will travel by canoe, touching at Young's Point, Burleigh Falls and a number of the lake points. They will also visit the Blue Mountains in Burleigh before their return.

The Excursion was planned previous to Mr. Donovan's departure, who leaves for Hamilton next week, where he has secured a position.

STERILIZED BARBER SHOP

A Famous Shop in the Carrollton Hotel, Baltimore, Maryland.

The barber shop in the Carrollton Hotel, Baltimore, sterilizes everything it uses in the shop. the sterilizing is done by heat. The towels, the razors, the strops, the soap, the combs and brushes are all sterilized before being used on a customer. Where there is no sterilization, have the barber use Newbro's Herpicide. It kills the dandruff germ, and it is an antiseptic for the scalp, and for the face after shaving. All leading barbers everywhere appreciate these potent facts about Herpicide, and they use it. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

An Uprising Of Armed Men Is Now Feared

Peasant-Workmen Instructed to Await the Signal.

$7,500,000 FOR FAMINE RELIEF

Lower House of Russian Parliament Votes It and Begins an Epoch of First Joint Work of a Financial Character—Russian Finances in a Bad Way, Worse, Indeed, Than Expected—Revolution Made.

St. Petersburg, July 7.—During the debate in the Lower House of Parliament yesterday, on the Bialystok report, an orthodox priest, Father Aranasieff, member from the Don Province, fiercely denounced the policy of the Government.

The debate on the Bialystok report was adjourned until Monday to permit the consideration of the Ministry's bill appropriating $35,000,000 for famine relief, which developed the sensation of the day.

Parliament's Right.

Prof. Hertzenstein, chairman of the committee which reported the bill, revealed the important fact that M. Kovosoff, the Finance Minister who had appeared before the committee, made no effort to conceal the desperate financial straits of the Government. The Finance Minister said it was necessary to make a fresh loan to cover the famine relief.

Prof. Hertzenstein said this was exactly where the committee took issue with the Ministry. Parliament, he added, was in favor of a famine relief measure, and would give more money if necessary, but it would never agree to a new loan, for which in reality there was no necessity. The budget was filled with extravagant items and money could be found by revising the budget. This method, the committee proposed, should be coupled with the provision that the right to make such revision belonged to Parliament and not to the Ministry.

The Lower House of Parliament finally appropriated $7,500,000 to be dispensed by the administration for famine relief. This was epochal as the first recognition of the Cabinet by Parliament, and the first step in joint work.

Prepared For Armed Uprising.

In accordance with the decision of the peasant-workmen's congress at Helsingfors, emissaries have been despatched throughout Russia to instruct the peasant and proletariat organizations to continue their preparations for an armed uprising, but to await the signal from St. Petersburg.

Rioting occurred yesterday among the employes of the Government printing offices, where the plates for the paper currency are engraved and printed. The men left their work and went into the court-yard of the building, singing the "Marseillaise." Gendarmes and Cossacks were summoned and drove back the demonstrators into the building, where, after some parleying, they returned to work.

Interior Minister Stolypin has removed Gen. Kourloff, the Governor of Minsk.

Cossacks Killed.

Berlin, July 7.—A despatch to The Lokal Anzieger, from Kattowitz, Prussian Silesia, says that at 3.15 p. m. yesterday twenty-five Cossacks surrounded a lime kiln at Mischow, in the province of Kielce, Russian Poland, on information that it was being used for the manufacture of bombs. As the Cossacks were forcing their way in a terrific explosion blew the kiln to pieces. Eight Cossacks were killed and five were wounded.

Police In Dread Reign.

Warsaw, July 7.—The reign of crime and terrorism is so great here that the police have decided to resign. The Governor-General, when apprised of the decision of the police to resign, threatened to arrest and punish those who failed to appear for duty.

Mutiny Ended.

Batum, July 7.—The mutiny of troops here has ended. The ringleaders escaped, whereupon their followers yielded, and are confined in the fortress.

Passengers' Narrow Escape At The Falls

Although Heavy Freight Train Crashed Into Depot.

WRECK AT NIAGARA FALLS

Waiting Passengers, Warned In Time Flee For Their Lives—Shed and Other Buildings Wrecked—Roof and Supports Came Down Almost on Heels of Flying Passengers—Stone Wall Demolished.

Niagara Falls, July 7.—A big freight wreck occurred about 3 o'clock yesterday afternoon at Niagara Falls Station.

A heavy freight was coming at a good rate of speed from Buffalo and when crossing Third street just east of the depot train shed, the third car on the train mounted the rail at a frog and with seven other cars following plunged into the train shed that was filled with passengers waiting for different trains.

Had not Mr. Weber, city fire commissioner, who was on Third street at the time, promptly cried out a timely warning to the crowd of passengers someone would certainly have met instant death, as the derailed cars plunged in all directions through the shed.

The waiting passengers ran in all directions to places of safety from the tumbling cars, that pulled the long train shed roof and supports down almost on the heels of the flying passengers. Some of the derailed cars crashed into the northwest wing of the station proper, demolishing the stone wall of the conductors' room.

The hundred or more passengers and train crew escaped without a scratch, grow for several days is indicated by despatches recording injuries believed to be fatal.

Little Girl Drowned.

Toronto, July 7.—Playing with her kitten on the crib work at the foot of Brock street little 3-year-old Ariel MacAuley, daughter of Hugh MacAuley, 6 Stewart street, was drowned last night. The kitten walked on a mass of floating debris upon the surface of the water, but it would not hold her weight when she followed it and she sank in 8 feet of water.

Miss Mary McCully Drowned.

Severn Bridge, July 7.—A drowning accident occurred at Sparrow Lake tourist resort yesterday. Miss Mary McCully of Toronto, in company with her brother and sister, went canoeing with a fishing party down the Severn River. Passing through the rapids below the lake their canoe was overturned. The brother and younger sister were rescued by members of the party, but Miss Mary was never seen after the canoe capsized. The body has not yet been found.

Swept to Death in Log Jam

Parry Sound, July 7.—John McKeown, a young man working on the drive for Sword & Ludgate, was drowned Thursday evening at the grist mill rapids. After running the logs over the dam a jam formed at the foot of the falls. McKeown, before going on the logs, handed his pocketbook to a comrade, and went to the most dangerous part of the jam. The jam was broken, and all the other men got safely ashore except McKeown. Deceased came here from Arnprior, but has relatives in McKellar.

Boy Drowns.

St. Catharines, July 7.—John Flynn aged 16 years, son of John Flynn, was drowned in the Twelve Mile Creek Thursday night while in bathing with some other boys.

Traveler Drowned.

Quebec, July 7.—The body of a commercial traveler named Elzear Breton was picked up in the river at St. Joseph de Levis. Breton, who resided in Limoilou, left his home on Monday morning. He was a married man with a family.

Killed at Port Arthur.

Toronto, July 7.—Jerry Alton, for many years conductor on the Teeswater branch of the C. P. R., who went west four years ago, has been killed at Port Arthur. He leaves a widow and three children in this city.

Ladder Falls; Fireman Hurt.

Montreal, July 7.—At 2.30 yesterday morning fire did seventy-five thousand dollars damage to premises at 16 Cote street, occupied by Desbarats & Co., engravers; B. Plow & Co., bookbinders; Smith & McKeown, shirt manufacturers; Scott & Hayward, printers, and J. E. Haldaworth, sponging works. A fireman and a lineman were badly injured by the fall of an extension ladder.

THE SENATE.

Usefulness of Its Work Not Understood, Remarks Mr. Kerr

Ottawa, July 4.—The debate on Senate reform was resumed by Senator Kerr of Cobourg in the Senate yesterday. He averred that the Senate had never been given fair treatment by either political party or the public generally. The usefulness of its work was not understood by the public.

Power of Deportation.

On the bill respecting immigration and immigrants being offered for third reading in the Senate yesterday afternoon, Senator Power proposed an amendment. As the bill stood, he said a person who was deaf, dumb, insane, feebleminded, or epileptic could not be allowed to land in Canada. He, therefore, offered an amendment which would permit the father of a family to bring in a feeble-minded or otherwise afflicted child.

The amendment was lost by 13 to 24.

Senator Power offered an amendment reducing from two years to six months the time in which an immigrant may be sent back for becoming a charge on the public.

Hon. Mr. Scott said the power of deportation was one that would be exercised only in extreme cases. It had been found desirable to have the power of deportation for two years. The United States took the power for three years.

The amendment was lost on division, and the bill was given its third reading.

MAJORITIES SMALL.

Government Gave House a Free Hand on Education Bill.

London, July 4.—Discussion of the sixth clause of the education bill, which makes attendance of children in elementary schools compulsory only during the hours of secular instruction, occupied much time in the House of Commons Monday.

The Government succeeded in defeating a hostile amendment by the small majority of only 47 votes. Irish members protested strongly against so important a point being settled by such a small majority.

The small majorities were partly due to the Government giving the House a free hand, with the result that about 40 Liberals, including, James Bryce, Chief Secretary for Ireland, and Sir Henry Fowler, chancellor of Lancaster, voted against the bill.

LIKE YANKEES, BUT —

Mr. Asquith Can't Afford to Give Two-Cent Postage.

London, July 4.—"There is no nation with which we would rather see the facilities of communication extended than with the great republic on the other side of the Atlantic," said Chancellor of the Exchequer Asquith yesterday to a deputation of members of Parliament who called on him and on Postmaster-General Sydney Buxton, relative to the proposition to establish an Anglo-American two-cent postage rate.

Mr. Asquith added that he had no money to give for the purpose, and that there was no evidence that the United States Government was desirous of making the proposed change.

Mr. Buxton remarked that it would cost $500,000 yearly to make the change.

WASHINGTON'S HOPE.

Boundary and Fishing Disputes to Be Settled by British Ambassador.

Washington, July 4.—Sir Henry Mortimer Durand, the British ambassador, expects to visit Canada this summer, and it is believed that when Secretary Root and the ambassador return to Washington in the fall they will be able to frame satisfactory treaties for the adjustment of the boundary and fishing disputes between the United States and Canada.

Great Church Burned.

Hamburg, July 4.—The great church of St. Michael, with its tower and spire 426 feet high, was totally destroyed by fire yesterday. The tower, in falling, crushed several neighboring houses, and they caught fire. Four workmen, who were repairing the church, were killed. The church was one of the city's objects of pride. It was erected on the site of the ancient church, which was burned in 1750 by lightning.

Manila, July 4.—Cholera of a virulent type has broken out among the natives of Manila and surrounding provinces. Four Americans in Manila have been stricken to date, and one American has died. Twenty-one cases and 16 deaths were reported yesterday. The provinces report 36 cases and 25 deaths. The disease is of the most deadly type.

Leg Broken From Robber's Kick.

Toronto, July 4.—Frank McConville, a drover, was attacked by three highwaymen at the foot of Stafford street early yesterday and so badly assaulted that his right leg was broken by a kick. He was robbed of $1.85. He dragged himself on the ground until he met a policeman and was sent to St. Michael's Hospital.

Fisherman's Outfit

$3

This Splendid Fish Outfit consists of a beautiful three jointed split bamboo nickel mounted rod, made of selected stock, six strips carefully glued and tapered, very closely whipped, solid metal reel seat. All mountings are full heavy nickel plated. Cork handle. Rod is 7½ feet long, comes in a stained hollow wooden form and cloth bag. One fine quality Multiplying Reel, full nickel plated mixed gear, black click and drag, balance handle, holds 80 yards of line. Outfit also contains 25 yards assorted braided silk for trout or bass. 25 feet Braided Bass Line. Two dozen split shot for Sinkers for Bass fishing. Six assorted styles Bass and trout flies. One six foot silk worm gut leader. Eighteen single gut snelled hooks, assorted for bass and trout. One soft rubber frog, perfect imitation. One No. 4 Plated Trolling Spoon, nicely plated with swivel hooks, nicely feathered. One colored flasi. This outfit would ordinarily cost at retail at least $5.00. We will send it to you for $3.00 with the distinct understanding, that if you are not satisfied with it after you have examined it, you can return it to us at our expense and we will refund your money.

Send us for our new catalogue of Bicycles, Fire Arms, Fishing Tackle or every Sporting Goods and you are needed on first order of four dollars or more.

Local Carpenters And Joiners Form New Branch

Officers Elected at Last Night's Meeting—Society Was Instituted in England in 1860—Every English Colony Represented With a Branch—Large Number Enrolled at First Meeting.

The organization of a branch in Peterborough of the Amalgamated Society of Carpenters and Joiners is the fruit of Mr. Wm. Scott's visit to the city. Mr. Scott resides in Toronto, and is the special organizer for the Amalgamated Society in Canada.

A meeting was held last night in the Orange Hall, Simcoe street, at which a large number of the carpenters were present and made it an altogether successful one. Eleven members were enrolled, and a number of other applications received from those who were unable to be present at the meeting.

The society is an historic one, being instituted in Manchester, Eng., in June, 1860. It has since spread into every English colony in the world, and has been attended with great success in every country.

The great advantages obtained by the influence of the society since its formation, in reducing working hours, increasing wages, the adoption of codes of working rules, the establishment of boards of arbitration, and the formation of classes for promoting technical education in Great Britain and Ireland.

The qualifications for membership insure that none but the best workmen will be able to enter. Candidates for admission must be in good health, have worked at the trade five years, be good workmen, of steady habits and good moral character, and not less than 20 or more than 40 years of age. Apprentices in the last year of their engagement may be admitted if they are in every respect eligible in conformity with the conditions therein specified. Each branch of the society appoints a surgeon for the purpose of examining and giving certificates as to the state of health of candidates proposed as members. These certificates are paid for from the society's funds.

Since the 9th of April Mr. Scott has organized six different locals at Galt, Brantford, Welland, St. Catharines, Toronto Junction and Peterborough, and expects in a short time to have the brotherhood in the greater number of the cities and towns in Ontario, as well as in a number of villages. Mr. Scott is an aggressive man and will see that the Amalgamated Society of Carpenters and Joiners will flourish in this country.

At the organization meeting last night, officers to represent the local branch were elected, with the following results:

President, Bro. E. Evans.
Secretary, Bro. A. Hope.
Treasurer, Bro. J. Shippen.
Branch Trustees — Brothers Skinner, Angelsey, Graham, Evans and Dickenson.

The meetings will be held beginning with last night, every 14 days in the Orange Hall, Simcoe street.

To-day Mr. Scott left for Cobourg to continue the work of organization, after which he will go to Trenton, Belleville, and other southern points in that direction.

Rev. Dr. O'Boyle Honoured By The Gaelic Society

An Ottawa Priest Who is Visiting Here Made Recipient of Travelling Bag at Capital—Was Secretary of the Ottawa University—Going to Pacific Coast.

Rev. Dr. O'Boyle, late of the staff of the University of Ottawa, is in the city visiting his aunt, Mrs. T. F. Crowley, Water street, and in view of this fact the following from the Ottawa Journal will be read with interest:

Very sincere regret is felt at the departure of Rev. W. P. O'Boyle, O. M.I., D.D., former secretary of Ottawa University, who left on the Toronto train en route for the Pacific Coast. He was escorted to the depot by a number of members of the Gaelic League of Ottawa, of which he is president. As the train pulled out, a large number of Ottawa College boys on the platform gave him a rousing 'Varsity cheer.

Last evening Dr. O'Boyle was made the recipient of a fine travelling bag from the members of the Gaelic Society. The presentation took place at the residence of Mr. E. P. Stanton, the able instructor of the Gaelic students, at 238 Laurier avenue east, and was quite a pleasing social affair. In a very eloquent address preceding the presentation, Mr. T. J. Tobin, secretary of the local league, expressed the profound regret of all at Dr. O'Boyle's withdrawal from the scene of his fruitful labours in St. Joseph's parish, from the seat of learning with which he has been so prominently connected for many years, and especially from the Ottawa branch of the Gaelic League, of which he was president since its inception five years ago. That he has been more than president, constant and sympathetic friend, Mr. Tobin fervently declared. He concluded, "In bidding you a heartfelt farewell, we beg your acceptance of this slight token of our good-will and esteem, and ask you to believe that to the distant scene of your prospective labours you carry with you the best wishes for your success and happiness of the Gaelic Association of Ottawa."

The Rev. Dr. O'Boyle's reply was necessarily brief, for his feelings were too much for utterance. The tension was relieved by the serving of refreshments.

Havelock Celebrated In Spite Of The Rain

Sports Well Carried Out, But Rain Interfered--Rest of Events Will Take Place on July 11th--Request to the Village Council to Purchase Park Property--Personal Items of Interest.

Examiner Special.

Havelock, July 5.—Miss Suzie Chandler of Toronto Junction, is spending a few days with friends in town.

Miss Leath Maldens, of Belleville, is the guest of Miss Wright.

Miss Laura Belleghem, of Peterborough, has returned home after spending a few days in town the guest of Miss Locke.

Miss Lodeami Johnston, of Norwood, is visiting friends in town.

The regular meeting of the council was held in the town hall Wednesday evening, July 4th. Present, Reeve, Councillor Campney, Young and Curtis. The minutes of the last meeting were read and approved. The following accounts were ordered to be paid:—

J. Wilds, treasurer of Belmont	$ 3 78
Alf. Spencer, for plank	99 00
Jas. Bachus, work	20 25
J. Craighead, work	11 40
D. Hogg, carting	1 00
J. W. Bryars, exchange on cheque	30 00
School Board	300 00
Elias Williams, constable salary	16 66
Dog tags	3 77
Electric Light for June	63 33
Jesse Campney, blacksmithing	1 50
Dr. Crawford, fumigating	19 50

It was also ordered that Jas. Bachus be appointed to look after all the work on streets.

The Park Board requested the council to pass a by-law to raise $2,600 by twenty years debentures to buy the Park. Pacy lot and enough land to square the park about eight acres. Moved by Messrs. Curtis and Morrison that the request of the Park Board be referred back to them for a petition of those entitled to vote on the by-law, and if enough signatures in favour of them this council will have a by-law prepared.

Mrs. Webster and family left on Thursday for Ottawa, where she intends to spend a few weeks visiting friends.

Miss Annie Bryans spent the holidays in Peterborough, the guest of the Misses Bullen.

Miss Eva Bryans spent Monday at Cashemore's summer resort, the guest of Miss Cashemore.

The Havelock Band will hold their annual excursion to Idyll Wyld, on July 18th.

Miss Della Frost is attending the summer school at Twelve O'clock Point.

Mr. W. Rose, of Toronto, spent the holiday at his home.

The Misses Raney, of Campbellford, are spending a few days at their home.

Mrs. Spillsbury and Mrs. Cassan and family, of Peterborough, visited for a few days at the home of the former's daughter.

Miss Minnie Garrison, of Belleville, spent Saturday and Sunday in town, the guest of her cousin, Mrs. Ed. Williams.

Mr. Wm. Barlow, of Toronto, spent Saturday and Sunday under the parental roof.

Misses Ethel and Lula Beatty, of Toronto, spent Saturday at their home here.

THE CELEBRATION.

The celebration held here on Dominion Day was almost a failure on account of the heavy rain that poured most of the day.

The Calithumpian procession did not amount to much although the rig gotten up by Harold Matheson was well worthy of the prize of $10.00, which he received for having the best outfit.

The baseball match between the Charlotte Street team, of Peterborough, and the local nine had to be called off before the last innings. The game resulted in a score of 6 to 2 in favour of the visitors.

What few sports could be run off between showers resulted as follows:—

Boys' race, under 16—1, Roney O'Brien; 2, W. Curry; 3, W. Capp.

Girls' race, under 10—1, Vera Bennet; 2, Lela Herrington; 3, G. Keating.

Boys' race, under 15—1, Harold Patterson; 2, S. Holcombe; 3, S. Cole.

Girls' race, under 15—L. Vanskickle; 2, F. Alley; 3, L. Smith.

Married women's race—1, Mrs. H. Roger; 2, Mrs. John Spinks.

Addition race—1, Mary Frost; 2, Vera Chapman.

Sack race—1, W. Curry; 2, Robt. Curry.

Fat man's race—1, Geo Dart; 2, Thos. Bennett.

Three legged race—1, P. and A. Ford; 2, R. Curry and H. Johnson.

Hop step and jump—1, F. Cummings; 2, A. Ford.

The remainder of the sports will be run off on Wednesday, July 11, when Hastings will play baseball with Havelock.

The gate receipts amounted to $230.

The concert in the evening was fairly well attended. Miss Robson, of Norwood, rendered a solo which was very much appreciated. The popular comedian, Mrs. Jas. Fax, of Toronto, as usual delighted his audience. Miss McKanna and Miss McGill, of town also assisted. The receipts of the evening amounted to $40.00.

"AN EXCELLENT FOOD, admirably adapted to the Wants of Infants."

SIR CHAS. A. CAMERON, C.B., M.D., Professor of Chemistry, R.C.S.I., Ex-President of the Royal College of Surgeons, Ireland.

Neave's Food

For Infants, Invalids, And The Aged.

DR. BARNARDO says:—

"We have already used Neave's Food in two of our Homes (Babies' Castle and the Village Home), and I have no hesitation in saying it has proved very satisfactory."—July 27th, 1901.

USED IN THE Russian Imperial Nursery.

Manufacturers:—JOSIAH R. NEAVE & CO., Fordingbridge, England.

Wholesale Agents—The LYMAN SONS & CO., Limited, Toronto, and LYMAN, SONS & CO., Montreal.

Funeral Took Place Yesterday

Late Robt. Adamson Was Buried at Little Lake Cemetery.

The funeral of the late Robert Adamson took place yesterday, the remains being interred in the Little Lake cemetery. The service was conducted by the Rev. J. G. Lewis. The pallbearers were Messrs. Robt. Rish, Reuben, Thomas and Harry Castle and T. Lang.

Deceased was born in Yorkshire, England, and came to Canada when he was five years old. He was married in 1856 to Miss Pue, by whom, with four children, he is survived. The children are Robert J., of Otonabee, and Mrs. Renwick, of Otonabee, Mrs. Cowle, and Miss Sarah.

BRIGADIER HOWELL HAD VERY NARROW ESCAPE

If all the people who had intended travelling on the American Line steamer, the train connecting with which was wrecked at Salisbury had gone, the death list would, undoubtedly be much larger than it is. Brigadier Howell had been invited to go with the late Mr. Pipon who met his death, but was unable to go, fortunately, and escaped the fate, which Mr. Pipon met with.

Proper Style.
Brockville Recorder.

In case we want to drop a line to Canada's governor-general, here is the orthodox way to open fire:

"To his Excellency the Right Honourable Sir Albert Henry George, Earl Grey, Viscount Howick, Baron Grey of Howick, in the county of Northumberland, in the peerage of the United Kingdom and a baronet; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, etc., etc., governor-general of Canada."

Cold on the Lungs.

"We have seven children and have used Dr Chase's Syrup of Linseed and Turpentine for every one of them and with good results. We get four bottles at a time and find it a good remedy to break up a cold on the lungs."—Mrs. R. D. Turner, Broadview, N.W.T.

What Are Your Glasses Worth?

The real value of a Pair of Glasses consists, not in the Frames and Lenses, but in the personal skill of the Optician. Any dealer will sell you best quality Frames and Lenses, but your money is wasted unless they are fitted by a man with the "know how."

Save yourself time, trouble and money by securing the services of a first-class Optician.

We guarantee to give perfect satisfaction, and we have but one price to everybody.

105 Were Successful In Entrance Exams.

List of Those Who Passed and Will Enter Collegiate Institute—Eleven Took Honours--Total Number Who Wrote 169--Good Record of South Central School—Of Eleven Honour Candidates Ten Were From That School.

The results of the Entrance examinations are published to-day. Out of 169 who wrote, 105 were successful, as compared with 95 out of 179 in 1905. Of the 105 who passed, 11 took honours, that is, their marks were within 75 per cent. of the total. The total marks obtainable were 690, and 488 were necessary for honours, and 396 to pass.

The two scholarship winners were Margaret Anderson and Willie Giles, and these will be given a free year's tuition in the Collegiate Institute as a gift from the Board of Education. They are given to the boy and the girl receiving the largest number of marks.

The record of the pupils in the South Central School in this examination is worthy of special mention. Out of 42 candidates, 38 were successful, and of the 11 who took honours, 10 were pupils of that school, both scholarships being won by South Central pupils.

The percentage of those successful this year is considerably higher than that of 1905.

The list of successful candidates is as follows:

Appeal Judge Renders Decision

Upholds Judgment of Trial Judge in Dickson Co. Case.

In the appeal of the Dickson Company in the case of McWilliams vs. Dickson Company, the appeal Judge gave a decision dismissing the appeal, with costs. The plaintiff's entered a cross appeal, which was also dismissed, the judgment of the trial judge standing. His finding was that the plaintiffs should be paid for the timber, the amount to be fixed by a referee, to whom the matter was to be referred.

Award Contract For Warehouse

Shovel and Tool Company Will Erect One to Cost $3000.

At a meeting of the directors of the Peterborough Shovel and Tool Company on Saturday last, it was decided to immediately erect a new brick warehouse, 40 x 100 feet.

Tenders had been asked, and the contract, it is understood, has been awarded, the cost being in the neighbourhood of $3000.

Messrs. Belcher & Heatheote are the architects who have the work in hand for the company.

Norwood Man One Of Wreck's Victims

Mr. Frank Mills Meets Death in First Bad Wreck on T. & N. O. Railway—Was in Norwood Two Weeks Ago Visiting His Brother—Had Been in New Liskeard on Visit to His Sister—Will be Buried at Campbellford.

Examiner Special.

Norwood, July 9. — Mr. George E. Mills of this town received a telegram yesterday informing him of a fatal accident which his brother, Mr. Frank Mills, met with, on the T. and N. O. Railway, near New Liskeard.

A despatch from New Liskeard, dated July 8th, tells the story of the accident as follows:

The first bad accident on the T. & N. O., occurred at 6.20 o'clock last night, when through the breaking of a coupling, while a train was pulling up a heavy grade, three men were killed and several others injured. The accident occurred about 35 miles north of New Liskeard on the portion of the line operated by Contractor A. R. McDonnell.

At a point known as Swanson's Cut there is a grade so heavy that an auxiliary engine is kept on hand to push the train over the rise. Yesterday afternoon a heavy train under Engineer O'Connor made a dash at the grade and the auxiliary in charge of Engineer Brown, followed to lend assistance. When the train had climbed a considerable distance Brown noticed that the two rear coaches had broken away, and were pushing down upon him. He brought his engine to a standstill but had no time to back away before they smashed into his cowcatcher. The first of the passenger coaches stopped dead, telescoping the baggage car, which followed. The three unfortunate men were standing on the platform between the two cars and were instantly crushed to death.

Describing the unfortunate victims of the accident the despatch adds:

"F. Mills, who is a prospector, is a man of middle age, about whom practically nothing is known. In his pocket was found an envelope containing a letter addressed to F. Mills. It bore a Detroit postmark."

Mr. Mills had been in New Liskeard visiting his sister, Mrs. Kenny, and resided in Detroit. He was a married man and leaves besides his wife, his brothers, Mr. Geo. Mills of this village, and Mr. Thomas Mills of Campbellford. They both went to Toronto to-day to meet the body, which will be brought to Campbellford for burial.

The deceased gentleman was here two weeks ago visiting his brother.

Mr. Francis Goselin Saves Couple Of Lives

Strong Current Near McDonald's Mill Proves Too Much for Inexperienced Swimmers--Their Rescuer Arrived Just in the Nick of Time as Both Parties Were Badly Exhausted.

On Saturday afternoon Mr. Francis Goselin, 139 George street, prevented what would have undoubtedly been, had it not been for his timely assistance, a double drowning. Mr. Goselin, who is a river driver, was on the logs near the Dickson Company's mills, when a man at the mill called his attention to two young men apparently in great distress struggling in the water, near McDonald's mill. Although 70 years of age Mr. Goselin went to their rescue with great alacrity, and found them hanging on to a log in a state of great physical exhaustion. After much difficulty he managed to pull them both out. His arrival was most fortunate, for had he not come when he did there is little doubt but that both the young men would have met a watery grave.

The two persons who owe their lives to Mr. Goselin's prompt action went in bathing near McDonald's mill and as neither one of them very very expert swimmers, the current proved too much for them. It carried them out much beyond their depth, and placed them in the perilous position they were found by their rescuer. It was impossible to learn their names.

OBITUARY.

MRS. AGNES TREMOUTH.

The body of the late Mrs. Agnes Tremouth of Ramah Township, arrived in the city to-day on the 11.40 G.T.R. train from Lindsay and was interred in the Little Lake Cemetery. The death occurred on Friday, the 6th inst., in her 73rd year. Mr. John Tremouth, the bereaved husband of deceased, with his four surviving sons and one daughter, accompanied the remains, and attended the funeral to participate in the last marks of respects to a loving wife and mother. Deceased was a daughter of the late John Robertson, formerly of Peterborough, who lived for many years in East City, and was a resident there when it was best known as the 'Scotch Village." Her husband, John Tremouth, had been engaged in business in Peterborough about 45 years ago, and afterwards removed to Lindsay, but latterly has been living with his sons in Ramah. The only relatives of deceased known to be living in Peterborough, are a brother, Mr. Jno. Robertson, carpenter, and his son, Alex. Robertson. It was the wish of deceased that her body be brought here and interred alongside her parents in the Robertson burial plot. The pallbearers were Messrs. Geo. Brown, J. H. Morrow, J. P. Metheral, Alex. Robertson, A. McFarlane and W. Menzies.

MRS. McGRATH.

The death occurred at Emily yesterday of Mrs. Sarah Jane McGrath, wife of Mr. Peter McGrath, at the age of 41 years. The demise of Mrs. McGrath was due to an attack of heart trouble, to which she has been subject at intervals for the past two years.

The funeral takes place to-morrow to St. Peter's cemetery, Peterborough leaving the late residence at 12 o'clock [illegible]

Seized With A Hemmorage While Working

And Expired the Following Evening at St. Joseph's Hospital.

The death of John Maloney, Douro, aged 31, took place on Sunday night last at 9 o'clock, under particularly distressing circumstances. The deceased young man was seized with a severe hemmorhage of the lungs at Curtis' brickyard, where he was employed, on Friday last, while harnessing up a team. He was conveyed to St. Joseph's Hospital and expired there the following night as before noted. He was well known and very popular, as was shown by the large number that attended the funeral this morning to St. Martin's cemetery, Ennismore. The bereaved family have the sympathy of all who know them.

Besides his parents, Mr. and Mrs. John Maloney, of Douro, the following sisters and brothers are left to mourn his loss:—Mrs. John Hynes, Smith; Mrs. Frank Hynes, Douro; Mrs. Geo. Charlton, Douro; Misses Sarah and Lottie, at home; Michael, New York State, and George, Jerry, Smith and Herbert, at home.

Mr. Macdonald Goes To Chicago

To Assume Management of the Cereal Company's Business.

Mr. A. P. Macdonald and family, formerly manager of the American Cereal Company, are leaving for Chicago in a few days, where Mr. Macdonald will assume the management of the company's business in the west.

Mr. and Mrs. Macdonald's many friends will extend their good wishes, while regretting their departure.

No Route For C.P.R. Is Yet Selected

Said That New Line May Cross River at Nassau.

It is understood that no definite decision has yet been reached by the Canadian Pacific Railway, as to the exact location of the line near Peterborough. The difficulty is the ridge at the west of the town. It is said the ridge may be avoided by crossing near Nassau, and connecting with the Canadian Pacific farther east. It is reported also that the route may go west of the city altogether, connecting with the C.P.R. near Springville.

In any case it is an easy grade the C. P. R. are after, and it is said that this will be had, no matter what route has to be taken.

WILLIE TAYLOR RELIEF FUND

Another addition has been made to the subscription inaugurated by the Examiner in behalf of the family of Willie Taylor, who was deprived of both his legs by an accident some time ago. Mr. Reuben Mowry who interested himself and collected a considerable sum has added $150 to that formerly acknowledged, and this sum has been handed to Mr. Geo. Cochrane, who is administering the fund.

At Holland Patent, N. Y., lightning started a fire that did $60,000 damage and many buildings were burned.

Rare Chance

—FOR—

BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office

Price and full particulars on application.

MONDAY, JULY 9, 1906.

The Preservation Of The Gaelic

An Interesting Letter on This Subject Received.

The following interesting letter to the sympathizers with the Gaelic, has been handed to the Examiner for publication. It was addressed to the secretary of the St. Andrew's Society, Peterborough:—

Feill a' Chomuinn Ghaidhealaich
Inverneill, Ardrichaig,
Scotland, May, 1906.

Dear Sir,—"An Comuin Gaidhealach" is organizing a Bazaar—Feill a' Chomuinn Ghaidhealaich—which is to take place in the St. Andrew's Hall, Glasgow, on 31st October, and 1st and 2nd November, 1907, with the following objects:—

To promote the teaching of Gaelic.

To develop Gaelic literature, music and art; and to encourage home industries among the Gaels.

There will be Highland County Stalls, "Buthan nan Siorramachdan Gaidhealach;" also Town Stalls, such as "Buth Dhuneideann," "Buth Ghlascho," "Buth Dunnainn," etc.

The Committee is very anxious that Highlanders at home should see how much Highlanders abroad value their native land and language, and propose to have a Colonial Stall, 'Buth Chairdean thar a' chuain."

May I put down your name as being a supporter of the scheme, and will the Society of which you are Secretary give us some small substantial aid towards furnishing the Colonial Stall? Work, curiosities, trophies, etc., from the Country in which you live, would be welcome.

I should be so much obliged if you could tell me the names and addresses of any ladies or gentlemen, of any Society, who would be likely to sympathize with us, and to whom I might venture to write.

Believe me to remain,
Yours very truly,
(Miss) YSOBEL CAMPBELL,
Secretary of the Colonial Stall.

Although the St. Andrew's Society is dormant in this city, that need not debar the sympathizers with Miss Campbell's laudable undertaking, from giving a helping hand.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Arranging Sale Of Irwin Dam

Mr. W. Fair in the City for That Purpose.

Mr. W. Fair, Toronto, is in the city arranging for the sale of the Irwin power plant at Nassau. It is understood that a number of persons are after the property, and Mr. Fair expects to close the deal in the course of a few days at the outside.

NERVOUS?

Perhaps Sleepless, too!

You'll be a total wreck pretty soon, life will no longer be a pleasure. Just think of the days and nights of misery you must spend if not cured!

Won't you use Ferrozone? It's a nerve strengthener that really does cure. It acts through the blood. First, Ferrozone brings appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells.

FERROZONE

Instils strength into every part of the system. You get well—keep well—nervousness forever departs—because you have used Ferrozone. Avoid substitutes.

Price 50c per box, or six boxes for $2.50, at all dealers or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A. 124

Juniper Island Pavilion Open To The Dancers Last Saturday Night

Large Number Attended First Hop of the Season—Some Surprising Fish Catches—The Sunday Services—Burleigh Lock Out of Order--Toronto Man's Fancies Turn to Thoughts of Poetry--Many Citizens Spend Sunday at the Lakes.

Examiner Special.

Stony Lake, July 9.—The Stony Lake season is now in full swing and gradually nearing the climax. Saturday night saw the opening of the Juniper Island pavillion with all the grandeur and gaiety of the dance. The youthful population of the lakes have once again begun to converge at this popular evening spot, the throwing open of which insures to the dancer that the season has begun in earnest.

A large number attended the dance on Saturday evening and as in other years it was the same delightful function. These will be continued during the remainder of the season and they bid fair to become more popular than ever.

Burleigh Lock Damaged.

Navigation from Stony to the upper lakes is at present at a standstill. On Saturday the Burleigh lock went out of commission caused by a pin dropping through the valve in one of the gates preventing it from doing its duty.

The steamer Empress had just passed through, but the Government boat Sovereign was a few minutes too late and had to portage its cargo to the Ogemah above the lock. The Ajax tug was on a cruise down to Stony Lake and was also delayed. A diver from Hastings has been sent for and it is expected the damage will be adjusted to-morrow.

Deepening the Drag.

The Government dredge is at work at the "Drag" on Lake Katchewanooka The deepening of the channel at this point is a much needed improvment as the big steamers generally bumped over the boulders at times of shallow water. The channel when the operations are completed will be a straight course instead of a semi-circular one.

The Government steamer, "Empire" is assisting in carrying away the dredgings.

Young's Point Gates.

Two winches have been placed on the ends of the timbers for opening the gates at the Young's Point locks. These were found necessary in view of the great strength needed to operate the big timbers.

Mr. P. P. Young, the lockmaster, says that a great improvement has been made.

At Viamede.

The guests registered at Viamede during the past few days include the following: Mrs. C E Moore, London; Mr. and Mrs. Thos Meagher, Rochester; Mr. Warren C Landon, Rochester; Mrs. A C Husband and Miss E L Husband, Toronto; Miss May Mitchell and Mr. Henry Mitchell, Port Hope; Messrs. W. J. Walker and W Wood, Toronto.

The guests at Viamede report the fishing there the best in its history. Mr. Meagher, of Rochester, Dr. McIllraith and Mr. Oxley, of Toronto, are having astonishing results in their piscatorial expeditions. The high water they affirm has made the fishing better than ever before.

The installation of the telephone at Viamede is proving one of the greatest conveniences around that popular resort. Many of the guests are now able to let their friends at home know that they will spend a few more days at the lake.

Guests are expected this week from Rochester, Toronto, Ottawa and a number of other Canadian and American cities.

Dancing is again among the evening enjoyments at Viamede and many nightly congregate at thee pavilion to trip the light fantastic.

The Sunday Services.

Every cottager and tourist at Stony Lake had an opportunity of attending church service yesterday. In the morning services were held at Burleigh Falls, Viamede Pavilion Juniper Island Pavilion at which Rev. H. F. Battersby, Young's Point; Rev. Dr. Saunders, Rhinebeck, N.Y.; and Rev. Mr. Malcolm, Toronto, preached, respectively to audiences which were large, considering the earliness of the season. Owing to the inclement weather the evening service at St. George's church, McCracken's Landing, at which Mr. J. E. Clarke, Toronto, Missionary-in-Charge, officiated, was not largely attended by cottagers.

The services next Sunday at Viamede Pavilion will be conducted by Rev. Dr. Saunders, of Rhinebeck, N. Y.

The following lines from the pen of Mr. Harry Blakely, Toronto, composed previous to his departure from Victoria House, where he has been spending a week's holidays show as far as words can tell his admiration for the Kawartha Lakes, and the impression that they have left upon him:—

Dear Stony Lake! a long farewell
I now must leave your wooded shore,
But still within my heart shall dwell
Sweet scenes that I may see no more.
Farewell unto your fresh green islets!
Where nature in her beauty smiles;
Where rocks eternal guard your stand;
Sentinels of this lovely land.
Farewell the friends whom I have met
Those social hours can I forget?
—Harry Blakely.

Local Anglers' Luck.

Messrs. "Derb" Routley and "Jack" Fraser who have been at the lake for the last four or five days have been surprising some of the old anglers by their big catches. Since their arrival over thirty of the scaley dwellers were secured, the largest beam weighing 5 1-4 lbs. As usual, the "over-six-pounders" were lost by the hooks getting caught in old logs or some other unlucky obstacle.

Personal Mention.

Mr. Geo. H. Doherty, Toronto, is a guest at Clandeboye.

Mr. A. P. MacLean, Peterborough, is spending some holidays at Bona Vista.

Mr. Wayne Adams, Rochester, N. Y., is a guest at Glenwood.

Thw Smith party, of Cleveland, O., who have been guests at Victoria House for several seasons have taken Mr. Harry Stock's pretty cottage, Ivanhoe. This jolly and popular party is at present composed of the following persons, and will be augumented later on by several others:—Mr. and Mrs. A. H. Smith, Miss Harriet Smith, Mr. and Mrs. P. H. Smith, Miss Loise Smith, Miss Helen Smith and Miss Adelaide Smith.

Mr. C. E. Cunningham, Toronto, is a guest at Glen Oak.

Misses Clara Wanne, Ethel Goodfellow and Margaret Stuart, Peterborough; Miss N. Dunkerly, Toronto, and Mr. Harry W. Gray, Peterborough, are at Idle Side.

Mr. Wm. Cox, city, is a guest of Mr. Keith Loch. Kenmore.

Mr. and Mrs. J. E. Colville, Miss Irene and Master Nelson Colville, Toronto, are at the cottage, Beverley Point.

Saturday's arrivals at Victoria House were:—Dr. and Mrs. G. W. Stevenson, Mr. and Mrs. J. H. Belt, Miss Ada C. Belt and Mr. and Mrs. John N. Mortimer, of Cleveland, O.

Major Davidson, of Rochester is a guest at Dulce Domum.

Mr. Chas. Bernard, Rochester, is at Dulce Domum for a few days.

Mr. H. R. Munro, Toronto, is a guest at Dulce Domum.

Mr. A. R. Stubbs and party, of six persons, Toronto, came on Saturday to Chateau du Lac, which has recently been purchased from Mr. Jas. Acton.

Messrs. Godfrey Coughlin and John Gorham, city, spent Sunday at Victoria House.

Mr. G. L. McClennan, Ontario Bank, Warsaw, visited at Spring Side Cottage on Sunday.

Mr. Geo. Guillet and Geo. Guillett, jr., Cobourg, joined the party at Westaway, saturday.

Among the guests at Dulce Domum week are, Mr. Frank Fuller, Toronto; Mr. Jas. Acton and sons, Leonard and Clarke, Toronto; Mrs. J. Tasker and Mr. Harry Tasker, Toronto, and Major Davidson, of Rochester.

Mr. Elwood Cox came up to Dulce Domum on Saturday night.

Mr. Allan Hunter spent Sunday at his father's cottage, McCracken's Landing.

Mr. Ross Cameron spent yesterday on Syndicate Island, Boschink.

Mr. Wm. Stock, who has purchased Mr. McAllister's cottage, spent Sunday there.

Mr. J. R. Donnel spent yesterday at Kilkenny.

Mr. Shelton and family came up to their cottage on Shelton Island on Saturday night.

Baptist church excursion to the lakes to-day. The day was spent at the McCracken's Landing summer resort.

Mr. Thos. Darcy returned home to Burleigh Falls on Saturday night after spending a few days in Lakefield.

Mr. C N Brown spent Sunday at Forest Nook.

Miss N. Hall spent Sunday at Wenonah.

Miss Gwendoline Hall came up to the Lake Saturday night to spend the summer at Wenonah.

Mr. and Mrs. G. B. Hilliard and family went around the lakes on Saturday night.

Miss Call, of Lakefield, was a guest at the Park Hotel, South Beach, over Sunday.

Miss Cora Lightfoot, Lakefield, spent yesterday a guest at South Beach.

Mr. F. M. Delafosse and Miss Delafosse, Lakefield, took the round trip on the steamer Empress on Saturday night.

Mr. J. S. Knapman came up to his cottage, Forest Home, on Saturday night.

Mr. Harry Thompson visited at Bonna Vista yesterday.

Mr. Geo. Watson spent Sunday a guest at Wenonah, Sheriff Hall's Island.

Mr. H. P. Lindsay went down to Peterborough this morning.

Mr. Ed. Tate and Mr. Pullen came up to the former's cottage on Saturday afternoon.

Mr. W. H. Meldrum went down the lake this morning.

Mr. and Mrs. Harry Overend spent Sunday at the Lakeview House, Young's Point.

Miss E. Scollard and Miss B. Costello, spent Sunday visiting friends at Young's Point.

Dr. Gibson, of Lakefield, was a guest at South Beach over Sunday.

Mr. A. Kilbourne, Lakefield, spent Sunday at South Beach.

Mr. Harry Foote and family moved up to Mr. Brownscombe's cottage on Saturday.

Mrs. Wallis and party from Peterborough are camping on Juniper Island.

Mr. H. McBain returned home from Bona Vista this morning.

Mr. Percy Reid came up to the lake this morning.

Mr. Craig and family, of Fergus, moved up to their cottage near the Dummer shore on Saturday.

Mr. and Mrs. Chas. Crawford, Lakefield, came up to their cottage on Saturday.

Mr. Fred McGrath was a guest at the Park Hotel, South Beach, yesterday.

A party of ten from Toronto came up to Mr. C. Bell's cottage at Cedar Lake on Saturday.

Dr. Morgan returned home to Peterborough this morning.

Record Attendance At Y.M.C.A. Sunday

Rev. H. M. Manning Addressed a Big Men's Meeting.

Never on a July Sunday afternoon has there been so many men in attendance at the men's meeting as yesterday, when Rev. H. M. Manning, the new pastor of the Charlotte street Methodist church, was the speaker. Mr. Williamson presided, and, after a hearty song service, in a few well chosen words, welcomed Mr. Manning on behalf of the Association.

He gave a clear, practical and forcible address on "Paul's Five Propositions," dealing with his conversion and the grand outcome of his becoming virtually united to Christ.

The speaker made an impressive appeal to the young men to follow Him.

Mr. J. F. Thornton sang several selections which added much to a very effective meeting.

First Communion Was Given 95

An Imposing Sight at St. Peter's Cathedral Yesterday.

Special interest attached itself to the 9 o'clock Mass in St. Peter's yesterday morning, the feature being the fact that 95 children, 51 boys and 44 girls, received first communion. The Cathedral was crowded, and the sight of the young children being received into the Communion was an impressive one.

During the week they had undergone special preparation. They attended Mass each morning and on Thursday, Friday and Saturday were in retreat in preparation for the Communion, the special instruction having been given by Rev. Father McColl at the conclusion of each day they were dismissed with the benediction of the Blessed Sacrament. At the Mass yesterday, which Rev. Dr. O'Brien sang, they received Holy Communion, given by Rev. Father McColl and Rev. Dr. O'Brien. At three o'clock they again gathered in the church and renewed their baptismal promises. They also promised to emulate the purity and holiness of the Blessed Virgin. During this service the other children rendered a musical service. Those who received Communion yesterday will be confirmed next year by His Lordship Bishop O'Connor.

A BROAD STATEMENT.

This announcement is made without any qualifications. Hem Roid is the one preparation in the world that guarantees it.

Dr. Leonhardt's Hem-Roid will cure any case of Piles. It is in the form of a tablet.

It is the only pile remedy used internally.

It is impossible to cure an established case of Piles with ointments, suppositories, injections, or outward appliances.

A guarantee is issued with every package of Dr. Leonhardt's Hem-Roid, which contains a month's treatment.

Go and talk to your druggist about it.

The Wilson-Fyle Co., Limited, Niagara Falls, Ont. 1

Manuel Garcia, the veteran teacher of singing and inventor of the laryngescope, died at his house in London, aged 102 years. Jenny Lind was his pupil.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Moderate winds; mostly fair and decidedly warm. Tuesday—Thunder storms; warm.

A Brooch Found

—A brooch set with 11 stones awaits an owner at the police station.

St. John,s Picnic.

—The Sunday School of St. John's will hold its annual picnic on Thursday next.

Hardwood Floors.

—House, office and store fittings. Clothes reels, etc. Phone 405. E. Courtney.

Board of Education.

—The regular monthly meeting of the Board of Education will be held to-night at 7.45 o'clock.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Business Meeting.

—The regular quarterly business meeting of the Murray street Baptist church will be held on Wednesday night.

Lift Lock Illustrated.

—The last issue of the Scientific American contains three splendid half-tones of the Peterborough lift lock with a descriptive article.

Potatoes! Potatoes!

—We are in receipt of a quantity of very fine old potatoes from Prince Edward Island. Leave your orders early. E. F. Mason & Co., Limited.

Increased Traffic.

—The traffic over the Lakefield G. T. R. route was so great this morning that a double header was necessary to take the passenger and freight cars to their destination.

Gravel for Havelock.

—Thirty-five ballast cars carrying gravel from Pontypool to Havelock passed through the city this afternoon on the C.P.R. The gravel will be used for filling in between the ties.

Sunday School Picnic.

—To-morrow the annual picnic of the Murray street Sunday school will be held, the excursion going by train to Lakefield, and there taking the steamer for a trip around the Lakes.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Jackson Park.

—There will be a good programme at Jackson Park to-night, including the moving pictures and the band. With the prospects of a fine evening there will no doubt be one of the largest crowds of the season.

Notice to The Public.

—Our business has increased to such an extent that we have been obliged to instal a third telephone. Our telephone numbers are now:—Bell 18 and 30; Machine, 18.—S. A. OKE, 376 George street.

Consecration Meeting.

—To-night the regular consecration meeting of the B.Y.P.U. of the Murray street church, will be held, the subject being "Humility, the foundation virtue." Miss Kathleen Martin will be the leader.

K.O.T.M. Notice.

—The regular meeting of Peterborough Tent No. 69, K.O.T.M., will be held on Wednesday evening this week instead of Thursday evening. Full attendance requested as S. W. Trustler, Camlachie, will likely be present.

Real Estate Change.

—Mr. E. H. D. Hall, the local barrister, has sold his handsome property on King street, to Mr. Read, of Keene, who will move there when Mr. McGee, the present occupant, removes to Fleming Terrace, about the middle of August.

A Popular Feature.

—The Buster Brown cartoons in the Examiner on Saturday proved to be a popular feature, the edition, which was an unusually large one, being sold out entirely early in the evening. See next Saturday's paper for Buster in another role.

Conductors Change.

—Conductor Haskill has taken charge of the Lakefield train for a few days. His place on the Bellville train is being taken by Conductor Jobbit. The change has taken place on account of the illness of Mr. Haskill's mother.

An Interesting Programme.

—To-night the usual weekly meeting of the Epworth League, of Charlotte street church will be held, and will be under the direction of the Literary Committee. It is understood that a good programme has been prepared for presentation to-night.

Decorations.

—The Campbellford Despatch, reporting the inaugural celebration, says: The handsome decorations of the town and grounds, which were so much praised, were furnished by J. J. Turner & Sons, of Peterborough, who sent several men here to do the work.

Why Not Cobourg?

—The merchants of Port Hope have agreed to close their stores every Wednesday afternoon during July and August. Peterborough merchants will close on Thursday afternoons, and Campbellford merchants on Friday afternoons during the same months.—Cobourg World.

To Take With You on Your Vacation.

—A Fountain Pen should be the companion of the tourist and traveller; if it is not used at other periods it is indispensable on the vacation trip. We sell the "Stratten Special," a good dependable fountain pen, for $1; also Waterman's fountain pens from $2.50 to $7. A. H. Stratton & Co.

Over the Lift Lock on Thursday.

—St. John's Sunday school excursion this year, will be over the Lift Lock to No. 5 Dam. The boat leaves the Wolfe street wharf at 1.15 p. m. on Thursday. Tickets, 35 cents, may be had at Mr. Jas. Bell's grocery store, on Hunter street, or from the wardens and superintendent of the Sunday school.

Canada Mourns.

—All Canada mourns the loss by death, of Mr. Alex. Muir, whose hymn, "The Maple Leaf Forever," has made his name known everywhere. Even though he had not done more than composing this one song, his life was well spent in the service of the country, for those beautiful lines of "The Maple Leaf," have done much to inspire patriotism and loyalty to King and country.—St. Luke's Parish Magazine.

Three Days at Stony Lake.

—The three days' trip advertised by the steamer Rainbow, to have taken place last week, will take place on Wednesday of this week, July 11, leaving Hastings in the morning, and reaching the Peterborough lift lock at 2 o'clock the same day. It will proceed to the lakes for Mt. Julian, where arrangements have been made for the accommodation of the excursionists over night. On Thursday the boat will cruise around the lakes and return home Friday. The return fare from Peterborough is $1.50. 2d6

The Funeral of Mrs. McIlroy.

—The remains of Mrs. McIlroy, were laid to rest yesterday afternoon, the funeral taking place from the family residence, No. 31 Catherine street, to the St. Thomas cemetery. Rev. H. W. Reed, conducted the services. The floral offerings which covered the casket were very beautiful. The following gentlemen acted as pallbearers: William Irwin, George Cockram, Sam Barrett, Edward Harrison, William Hayden and Alf. Calver. Edwin McIlroy returned to London to-day, and Ilroy also left for his home in Peterborough.—St. Thomas Journal.

Music at Charlotte Street.

—At the morning service in Charlotte street church yesterday two solos were given, Mr. Freund singing "There is a Green Hill Far Away," and Mr. D. Bedford, of Campbellford sang "Galilee," by James Adams, both solos being thoroughly appreciated. Mr. Freund has been heard frequently in the city and his splendid tenor voice was heard to good advantage in this selection. Mr. Bedford was visiting in the city, and kindly consented to sing yesterday. He has a deep bass voice of good range and much sweetness and delighted those who heard him. At the evening service no anthem was given, and Miss Howell, a member of the choir whose voice, unfortunately is not often heard in solo work, rendered in a most acceptable manner, "Under His Wing," a sweet little hymn from which the soloist extracted much music.

Mr. G. Markle's Pupils Pass

In Examination; at the Toronto Conservatory of Music.

The following violin pupils of Mr. Gilbert Markle were successful in their examinations conducted by the Toronto Conservatory of Music:—Primary, Frank Halpany, first-class honours. Junior—Miss E. Doris, honours; Miss Ethel Glavin, honours; Miss Kathleen Wallis, pass.

Assessment Is $9,500.00

Not $5,865 as Stated in The Examiner Saturday.

In an article in reference to the possible removal of the Colonial Weaving Company to another city, in the Examiner on Saturday, the statement was made that the company paid taxes on an assessment of $5,535. It should have read $9,500 which is the amount the company is assessed at.

The Real Estate Business Good

Brown Agency Reports a Good Week's Sales.

Sales of $32,000 in five days last week is a pretty good record for a Peterborough real estate office, but that is the amount of business which the Brown real estate agency did from Tuesday morning to Saturday night last week. Mr. Brown is authority for the statement that the real estate business in the city was never so active as at the present time, and the future prospects are excellent.

EXCURSION HERE FROM BALTIMORE

The steamer Rainbow carried 150 or more excursionists from Baltimore to the city to-day. The excursion was under the auspices of the Presbyterian and Methodist churches of Baltimore. The boat sailed from Harwood and Gore's Landing this morning and a pleasant trip was enjoyed. A number of them visited the lift lock and other important city places. The steamer returned at 5 o'clock.

MORE IMMIGRANTS PASS THROUGH CITY

Two coaches attached to the regular early C.P.R. train from the east carried a large number of immigrants from the Old Country. Most of these were ticketed for Port Hope and other neighbouring points. They appeared to be strong and healthy and a choice lot of immigrants to settle in Ontario.

Came From Sick Bed And Found His Wife Gone

Bricklayer Took His Better-Half Away.

There is an Englishman in this city in a bad way. He was taken sick and during his absence in the hospital, his wife, a buxom lass of twenty four summers, took a notion that there was another man whom she would rather have than her lawful husband, and when the latter returned from the hospital it was to find a note on the table stating that she had gone with a bricklayer, who, it appears, had paid her attentions and won her heart.

The husband appealed to the Chief of Police for help, but the latter could give him no encouragement, and so far as the police are concerned, he will have to take matters in his own hands.

Orangemen Walk Morning of 12th

Before Leaving by the Grand Trunk for Lindsay.

The local Orangemen, before leaving for Lindsay on the morning of the twelfth, will parade through the city streets. The will leave the hall of L.O.L., No. 80, at 9 o'clock, marching to the corner of Bethune and McDonel street, where they will meet the Lakefield District lodges. Leaving there they will parade along McDonel street to George, down George to Charlotte, and thence to the Grand Trunk station.

The 57th Battalion Band, the Lakefield, and the Nassau Fife and Drum Band, will be in attendance to supply the music.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 9. — The stock market opened lower this morning. A point rally in Reading was the only feature, after which the market grew dull and prices sold off a little. London was reported an early buyer in the market. The foreign element seemed to appreciate the attractiveness of investment securities, here more than the home investors, who are no doubt influenced by the administration tactics to an an extent that is unjustified. Cables indicate this.

Several attempts have been made to-day to break the market. The story on the floor is that the western element is back of this operation. Morgan people are reported as bullish on the market, and it is said that the ore deal is completed and will be announced soon.

A break in wheat and corn in the afternoon gave stocks a firmer tone but the fluctations were narrow. Expectations of a good government report of grain to-morrow rallied the market near the close, which was firm.

Many Declines In Stock Market

A Better Feeling, However, Has Developed During Last Week.

Henry Clewes in his weekly market letter says:—

A somewhat better feeling developed in Wall Street after the Independence holiday. This was due entirely to partial improvement in the monetary situation. Recent liquidation released considerable funds previously locked up, and the market is also now free from the disturbance incidental to preparations for nearly $160,000,000 of July disbursements. The decline in sterling was also beneficial to both money and stock markets. Further, a drop of 10 to 40 points in active securities during the last six months has brought about at least a partial readjustment in values. It is worth while noting a few of these declines. St. Paul dropped over 20 points since January, the high level period of 1906; Northwest dropped over 40 points during the same interval, Lackawanna 60, Illinois 10, Interboro 30, Missouri Pacific 15, Atchison 10, New York Central 25, Ontario & Western 10, Pennsylvania 35, Reading 45, Southern Pacific 10, Southern 10, Union Pacific 30, Amalgamated 30, Smelting 30, Anaconda 65, United States common 12 and preferred 13.

Sunlight Soap is better than other soaps but is best when used in the Sunlight way Buy Sunlight Soap and follow directions.

THE SUNLIGHT WAY

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Hard rubbing and boiling are things of the past in homes where Sunlight Soap is used as directed.

Sunlight Soap will not injure even the daintiest fabric or the hands, and the clothes will be perfectly white, woolens soft and fluffy.

The reason for this is because Sunlight Soap is absolutely pure, contains no injurious chemicals—indeed, nothing but the active, cleansing, dirt-removing properties of soap that is nothing but soap.

5c. Buy it and follow directions 5c.

YOUR MONEY REFUNDED by the dealer from whom you buy Sunlight Soap if you find any cause for complaint. 165

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Now that there are so many visitors to our city I think the council should see that the carriages, waggons and rubbish are removed from in front of McCallum Bros.' livery and the Fitzgerald Carriage Co. I counted no less than 32 rigs on the side of the road in front of these two places Friday evening. Mr. Editor, should this be allowed? Is there not a by-law to prevent this? It is a disgrace to our city. Let them store them some place else, and keep the roads clean.

RESIDENT.

Editor Post Card Column:

Dear Sir,—Some of the clerks are complaining that a shoe dealer, who agreed to close down on Thursday's did not do so last week. How can they expect them to close up when some of those same clerks are members of a shoe club, by which shoes are obtained from a Brockville firm? The money is not only sent out of town, but the scheme is a sort of a lottery and not a legitimate business?

Yours truly,
FAIR PLAY.

Editor Post Card Column:

Dear Sir,—Is it true that Miss Paisley is not legible to start on any National or American Association track?

HORSEMAN.

Miss Paisley is elegible to start on any track.

St. Paul's Team Defaulted Games

Charlotte St. and George St. Teams Will Fight it Out To-night.

The St. Paul's Guild League team to-day notified the secretary of the Guild League that they default their two games to the George Street team. President Kerr has ordered the Charlotte Street team to take their place in to-night's game. This action of the Presbyterians places the George Street team in a position to tie Charlotte Street for the championship and to-night's game will be an exciting one.

Mr. R. M. Dennistoun Tells Of His Trip Abroad

Spent a Delightful Six Weeks Visit to the Old Lands--Empress of Britain and Empress of Ireland Among the Finest Vessels Afloat--A Feature of the English Railway--London Changed in a Few Years--Peterboro' Party Generously Entertained by the Atlantic Union Society.

After a delightful visit of a month and a half to Great Britain, Mr. R. M. Dennistoun, accompanied by Mrs. Dennistoun returned home to Peterborough yesterday. Mr. Dennistoun has nothing but the best words to say about his voyage across the Atlantic, and his sojourn in the Mother Land. His visit from beginning to end has been an extended pleasure, and, he says, will remain fresh among the memory pictures for years to come. He, and the

MR. R. M. DENNISTOUN,
Who Returned Yesterday Morning From a Trip to England and the Continent.

Peterborough party which he accompanied during the latter part of their journey, were royally entertained in England, and made to feel at home.

Mr. Dennistoun left Canada's shores on the 19th of May, on the steamer Empress of Britain. Mrs. R. M. Dennistoun, Miss Halliday and Miss Kirkpatrick, who left Canada on April 21st, made a tour of Ireland and then went to Paris, where they were joined by Mrs. J. F. Dennistoun and family. They returned to England by way of northern France and Belgium, spending some time in Brussels and Antwerp. The party was then joined by Mr. R. M. Dennistoun, and made its headquarters in London. From here they visited a large number of the towns a few miles distant until the date of sailing for Canada, June 29th.

Impression of Steamers.

Mr. Dennistoun was loud in his praise of the new C. P. R. steamers, the Empress of Ireland and the Empress of Britain. He and the remainder of the Peterborough party were passengers on board the latter on her maiden voyage from Liverpool to Canada. They were certainly magnificent vessels, he said, and all the passengers on board were satisfied that they were of the most modern construction. The C. P. R. sent Mr. Arthur Piers across the Atlantic on both these new ships. He has now made his fifth passage with the sole object of ascertaining any deficiency in them, so that it may be rectified.

One of the features of the new ships as well as the London hotels is the lounge where the ladies and gentlemen enjoy their cigarettes after dinner. These palatial apartments have been popular by reason of the fact that so many ladies now insist on smoking, and as they were not allowed to smoke in the drawing rooms, and would not go to the smoking rooms of the men, it was found necessary to provide them with special lounges. However, the practice of smoking, Mr. Dennistoun says, is confined exclusively to those who belong to the "smart set," and lower classes, and is not approved of by the women of Great Britain as a whole.

The English Railways.

A useful feature of the English railways, which struck Mr. Dennistoun as one which would be profitable in Canada, is the issue of week-end special tickets at about one-half the ordinary fare. This enables a great many to leave the city on Sunday who would not otherwise do so.

London Changes Rapidly.

Mr. Dennistoun noticed that London city has greatly changed within the last few years. The London County Council has expended millions in tearing down many of the old historic portions of the city and replacing them with broad modern thoroughfares. Greatly increased facilities, he said, have been given to travel on the public highways.

Royally Entertained.

The party received many kind invitations from the Atlantic Union, a society which was organized at the time of the Spanish-American war, for the purpose of promoting a better understanding between the different nationalities speaking the English tongue. Parties of American, Canadians, Australians, New Zealanders, and English people, are invited from time to time to different places of interest in England, in and about London. These invitations included trips to Oxford and Cambridge, to the Temple Church, and to the Terrace of the House of Commons. In every instance the party was presided over by English gentlemen of prominence. They were always entertained to either a luncheon or afternoon tea, or both, and in this way were brought into contact in a very pleasant manner with each other. The party also received many invitations to private social functions which came through the Victoria League. The president of the league is the Countess of Jersey, and associated with her is a strong committee consisting of many members of the nobility and prominent people in London society. The league was organized for the purpose of endeavouring to repay people from the colonies who visit London, for the hospitality which is always extended to Englishmen travelling in the colonies. A great deal of kind attention was shown to the Canadians, particularly by those who had been connected at different times with the Government House at Ottawa.

Canada Holding Back.

Mr. Dennistoun noticed particularly that while the English people feel very kindly disposed to Canada and the Canadians since the South African war, there is a general feeling everywhere that Canada is holding back in the matter of national defence. It was pointed out often that in the event of foreign aggression, it is to the British navy alone that Canada must look for effective resistance, and Canada's attitude in refusing to pay anything whatsoever to the support of the navy is looked upon in England as due to some misunderstanding on our part. They do not wish to believe that we intend this action to be unfriendly, and it was remarked by many prominent men that unless the colonies will come forward and help maintain the navy, it must be very materially reduced, as the cost is now more than the British taxpayer is able to bear.

Mr. and Mrs. R. M. Dennistoun were the only representatives of the party who have yet returned to the city. Mrs. J. F. Dennistoun and the Misses Dennistoun remained in Quebec, and will return home in about a week's time. Miss Halliday remained in Montreal, and Miss Kirkpatrick has gone to Kingston.

Mr. and Mrs. Dennistoun will leave shortly for their summer cottage at Chemong.

Is The Cigarette By-law Serving Its Purpose?

Hotels Are Selling Cigarettes the Same as Ever, While Dealers Have to Pay $200 for the Privilege--Cigarettes are Sold as Usual But the Profit Has Changed Hands.

Ald. Ball's cigarette bylaw is now in force, but no diminution in the amount of cigarette smoking is noticeable. The dealers with the exception of M. Pappas, who paid $200 for a license on Saturday, have stopped selling, and customers were met with a refusal when they asked for cigarettes. Those who want them, however, will get them in spite of a few obstacles, like the Council and cigarette bylaw. The wise ones, on failing to obtain the "dopes" at tobacconists, headed for the nearest hotel, where, much to their relief, packages were being handed out in the same old way. The word quickly passed around that nearly all the hotels were selling, and cigarette smokers felt that the situation was relieved. Hotels which never sold a cigarette before, laid in a stock on Saturday and were doing a land office business.

This was what the Council were afraid of when the bylaw first came up, and many voted for the measure on the understanding that the hotels would stop selling. They have not done so, nor, as far as The Examiner can learn, did they make any promise whatever to do so. Their license covers the sale of cigarettes, and they will go on selling. It's an ill wind that blows nobody good, and in this case the money that went to the tobacconists is now flowing into the coffers of the hotel men. Ald. Ball's measure has not succeeded in any way in stopping the sale or smoking of cigarettes. It has merely transferred the sale of them from one party to another. Instead of buying cigarettes in a store, the youth will go to a barroom for them. It is a question that might well be considered by the Council as which is likely to have the least evil effect upon the boys and young men of the city.

Keene Gets Its Usual Summer Visitors

A Great Many Who Go There to Enjoy a Holiday--Personal and Other Items of Much Interest.

Examiner Special.

Keene, July 7.—Mr. William Campbell spent Friday in Toronto on business.

Mr. and Mrs. McKay, of London, are the guests of Mr. Wm. Wedlock.

Miss Margaret Wedlock, who has been visiting friends in Toronto, returned home this week.

Mrs. John Edwards left on Saturday to visit her mother, Mrs. Murdoch, of Verulam Township, who is seriously ill.

Mr. and Mrs. A. D. Anderson and party are spending their holidays at Trent Bridge.

Mr. and Mrs. Fred. English and family, Ottawa, are spending their holidays in Keene the guests of Mr. Robt. English.

Dr. Geo. Archer, Toronto, is visiting at Mr. W. Campbell's.

Mr. J. Walsh, Rochester, N.Y., is the guest of Mr. Timothy Walsh.

Mrs. Edward Wright, Peterborough, is visiting her mother, Mrs. John Edwards.

Miss May Bell, Peterborough, is the guest of her cousin, Miss Lilian Bell.

Misses Agnes and Lillian Campbell, who have been studying music in Toronto, returned home Tuesday.

Mr. Wallace Wood, Peterborough, was in the village Monday.

Mrs. Geo. Gilchrist, Peterborough, is the guest of her father, Mr. John Lang, ex-M.P.

A lawn social under the auspices of St. Mark's (Zion) church was held at Mr. John Dickson's on Wednesday evening, July 4. Strawberries were served and a programme was rendered. Also Rev. E. A. Langfeld gave a feature with stereopticon views on "The Rhine Tour." A large crowd attended the social, the receipts netting over $50.

Profits Now Go Skyward

THIS IS LAST WEEK SATURDAY LAST DAY

It has been a grand success, and none realize it more than those eyesight sufferers who have at last been perfectly fitted with glasses. We refer to the campaign of optical education which has been going on at Sanderson & Co's. Dr. Montgomery, the "shadow test" specialist, will remain this week only, conducting as usual, free clinic each day from 9 a.m. to 6 p.m. 1t

Clever Musician Receives Honours

Miss Josephine Clancy Passes Toronto College Examination.

In the list of successful pupils in music of the Toronto College of Music, the name of Miss Josephine Clancy of this city appears among those who took first class honours in piano.

Miss Clancy has been studying at St. Joseph's Academy, Lindsay, and is being warmly congratulated upon her success, among the congratulatory telegrams being one from Dr. Torrington, director of the college. Miss Clancy's many friends here will learn of her success with pleasure.

Souvenir Views of Peterborough.

Unless you have been through the Peterborough Bookstore recently you can form no right idea of the variety, beauty and attractiveness of the many new souvenier views of Peterborough in stock. The scenes are all well taken and are depicted in artistic detail. We show them in medallion form, and on wood, leather, china, etc., plain and coloured effects, at a wide range of moderate prices. A. H. Stratton & Co

R. A. Dutton Replies To 'Caveat's' Letter

Points Out That Strawberry Prices Are Not Too High.

Editor Examiner,

I noticed in Saturdays issue of the Review a letter signed 'Caveat," in which the writer, who, by the way, has apparently not the courage of his convictions, for he refuses to sign his name, makes some remarks upon what he is pleased to call the exorbitant prices charged for strawberries by local fruit dealers.

To show that the writer, whoever he may be, does not know whereof he speaks, I would like to quote the wholesale prices for strawberries on the Toronto market, as obtained by me on Saturday. Here they are: 10 to 12 cents a box, and at Niagara Falls the wholesale prices are 9 to 10 cents. In Toronto retail prices are 10 to 15 cents a box. In view of these quotations, I think the people of Peterborough will be willing to agree that the prices charged by the local dealers are not too right. The greater quantity of berries sold here comes from Hamilton, a few being received from Newcastle, and by the time express charges are added to the wholesale prices, there is, as can be seen, very little profit for the local dealers.

If the writer of the letter referred to thinks that the prices are too high he should move to the place where they are cheaper, if he knows where it is. In a prosperous city like Peterborough there should be no objection to having to pay a living price for the necessities of life.

Yours,
R. A. DUTTON.

Convent Pupils All Took Honours

In the Toronto College of Music Examinations.

All the pupils of St. Mary's Convent who tried the recent examinations for the Toronto College of Music not only succeeded in passing, but every one took honours — a record gratifying to the pupils and reflecting the highest credit upon the Sisters of St. Mary's, who have charge of the music department.

Following is the result:

Third piano—Honours — Bessie Lynch.

Second piano — 1st class honours—Edith Connors; honours, Lilian Fife.

First piano — 1st class honours, Marion Gorman, May Grady; honours, Eleanor Morrow, Aileen Sullivan, Mae Watters, Barnue Giroux.

Primary piano — Honours — Harriet Pierce, and Madeline Rutherford.

NO GREASE OR DANGEROUS DRUGS

In "Herpicide," the New Scientific and Successful Dandruff Treatment.

Have you dandruff? Then you have a contagious parasitic disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that east at the root of the hair. The only preparation for destroying these germs is Newbro's Herpicide. Charles Klein, of Laramie, Wyo., says: "Herpicide allayed the itching, cured the dandruff, and stopped my hairs falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dangerous dugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Distinctly Opposed To Thursday Half Holiday

"Business" Writes to Protest Against What He Considers An Injury to the Trade of the City—"It Was Not Like This in the Olden Days."

To the Editor of the Examiner:

Dear Sir,—Will you give me a few lines space to protest against this Thursday afternoon half holiday. It is most decidedly an injury to business that cannot be made up and is never made good the loss to business, no matter what may be said to the contrary. It disarranges business as well. When I was a young man, I had to have my breakfast at 6 o'clock, store opened and swept up and ready for business at seven o'clock, when all the clerks were at work arranging for the day's business and we closed at 10 o'clock and sometimes eleven, and now business is over at six, all hands off and stores shut up before the clock is done striking. If one wanted an evening off once in a while we got it—as a great favour. Now every evening, Thursday afternoon, commence duties between 5 and 6 o'clock. The clerks are not injured—our boys are just as good as those of to-day and were and are as good men and saved more money proportionately than those of to-day.

If one or two dry goods men are able to keep closed Thursday afternoon, I have no objection, but I wish it distinctly understood that I am not going to close my doors even though some may do so. I hope the business men of the town will see to it that the whole business arrangements of the town are not disarranged a half a day in the middle of each week. Let Port Hope have its half holiday, if it wishes. It would not matter much if it stayed closed forever.

Yours truly,
"BUSINESS."

Adjutant Jennings' Farewell Address

Given Yesterday Afternoon at Salvation Army Barracks—Has Left for Halifax Headquarters of Immigration Work.

Yesterday afternoon at the Salvation Army barracks, Adjutant Jennings, who has been in the city for nearly two years in connection with the work of the Army, and who more recently has paid particular attention to immigration work, bade farewell to his comrades. He left for Toronto this morning, and on Friday goes from there to Halifax, where he will still be engaged in the immigration work of the Army, receiving the immigrants as they arrive on the various ships, and placing them in positions, when possible.

Yesterday afternoon Adjutant Jennings spoke for three quarters of an hour, making special reference to immigration statistics. The increase in immigration during the past eight years has been enormous. It has of course been more active of late, and up to the present time 12,000 have been brought out by the Salvation Army. By the end of the year it is expected that 15,000 will have been induced to settle in Canada, and next year there is every reason to believe when the movement will be well organized, and under way, that the number brought out by the Army will aggregate between thirty and fifty thousand. The speaker stated that it had grieved him very much to leave his associates in Peterborough, as his stay here had been most pleasant.

Staff-Capt. McAmmond on behalf of the local corps, expressed great regret at the departure of the Adjutant and Mrs. Jennings and wished them God-speed.

The meeting was attended by a large number, and the address of Adjutant Jennings listened to with much interest. He was very popular among his fellow workers in this city and will be much missed.

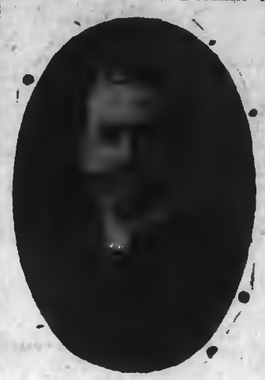
Rev. Mr. Manning's Sermon Was Enjoyed

New Pastor of Charlotte Street Church Preaches Helpful Sermon—Speaks of the Tenderness of Christ—Man is Compared to Bruised Reed and Smoking Flax.

Large congregations were present at both church services yesterday at the Charlotte street Methodist church, when the new pastor, Rev. H. M. Manning preached. On the preceding Sunday, when his pastorate really began a number of the congregation were out of the city, consequently yesterday was the first opportunity many of them had, of hearing their new pastor.

It is a matter of general opinion that the church was fortunate in



REV. H. M. MANNING,
Who Preached Most Acceptable Sermons in Charlotte Street.

securing a man of Rev. Mr. Manning's attainments as the successor of Rev. Mr. Jolliffe, and those who have heard him since his arrival are delighted not only with his pulpit work, which gives evidence of his possession of a mind well stored with knowledge and an ability to impart the truth wished to convey in a pleasing manner, but with the equally important pastoral work during the week when he comes into contact with the people in their homes.

Since his arrival in the city Mr. Manning has met a number of his former friends, persons who were acquainted with him when he preached at Port Perry.

His sermon yesterday morning was one in which the gentleness and compassion of Jesus were dealt with, and was an especially helpful exposition of truth. Taking the symbol of the bruised reed and the smoking flax, as given in St. Matthews, 12; 20, he applied the symbol to the condition of human nature to-day, both physically and spiritually and showed how when mankind were in the condition indicated by the figure of speech employed they were tenderly dealt with by the Saviour.

In introducing his subject the speaker pointed out that the terms employed in the text, "bruised reed" and "smoking flax" were not terms which the world's historians and biographers apply to their eulogies on the subjects of their writings, and, at first sight, it would seem that there was no justification for their use, in the connection of the text. But when the question is more fully considered and it is recognized that in this application of the text, the comparison is between God and man, it is more easy to believe that the reference to the reed and the flax, symbolums of helplessness, is justified.

In considering the justification of the symbolism employed in the text the speaker pointed out that it was justified in a physical sense. Man at his best physically is nothing better than a bruised reed. A pound of steel, an ounce of lead or a microscopic grain of poison applied to our bodies and we are gone. Then in a spiritual sense, also it is justified. There is, said the reverend speaker, a spiritual condition,—which, while it is not found in every one, is met with sufficiently frequently to justify the use of this symbol. Bruised reed and smoking flax are used to indicate a similar condition—that of helplessness. A number of specific conditions were enumerated in which the soul might be and the symbolism applicable, among them being adversity and disease. The speaker expressed it as his belief that to reach Heaven a man had to come near to the gates of hell. The truth of the matter is, said he, that Christ would rather have a smoking flax than no fire at all, and a spark of goodness is much better than none.

The possibilities of the human soul were referred to, and his hearers were encouraged to hope that they might reach the greatest heights of goodness, by the mercies of God.

The difficulties of the business man, worried all week by business cares and finding it hard to drop thoughts of business and concentrate them upon spiritual things on Sunday were spoken of and the preacher also had a word of encouragement for the young people, the hearts of whom he said he was acquainted with, and understood their difficulties.

The sermon closed with an appeal to his hearers to trust Christ in every condition of life in which they found themselves.

Miss McCabe's Pupils Success

All Took Honours in Toronto College of Music.

Peterborough music students have done remarkably well in their recent examinations. Miss McCabe's pupils pupils who took the examinations in the Toronto College of Music course were all successful, and all took honours. The results are as follows:—

Intermediate piano—Emily Walker honours.

Primary piano — Hazel Moffat, first class honours.

Senior Rudiments—Lizzie Smith, first class honours.

Lord's Day Act Is Now Law. It Passed House

House of Commons Passes It At Dawn Saturday.

ON A STRICT PARTY VOTE

Messrs. Bourassa and Lavergne Joined the Opposition—Mr. R. L. Borden's Amendment, Prohibiting Any Kind of Game on Sunday, Defeated by 39 Yeas to 77 Nays—The Bill Read a Third Time.

Ottawa, July 7.—The third reading of the Lord's Day bill was carried in the House of Commons at 2.30 this morning on a strictly party vote, with the exception of Messrs. Bourassa and Armand Lavergne, who voted with the Opposition. The last vote was on an amendment by Mr. R. L Borden to prohibit, except where authorized by Provincial Legislature, any games on Sunday, even when not played for reward or gain, and to per .it the charging of an admission fee to places where divince worship was conducted. This was defeated by 39 to 77, and the third reading of the bill was carried on same division reversed. This was the division on Mr. Borden's amendment:

The Division.

Yeas (39)—Alcorn, Avery, Barker, Barr, Bergeron, Blain, Borden (Carleton), Bourassa, Boyce, Bristol, Chisholm (Huron), Christie, Clements, Cochrane, Crocket, Elson, Foster, Fowler, Henderson, Herron, Hughes (Victoria), Lake, Lalor, Lancaster, Lavergne (Montmagny), Lefurgey, Leonard, Monk, Morin, Paquet, Porter, Pringle, Seagram, Staples, Taylor, Walsh, Wilson (Lennox and Addington), Wright (Muskoka).

Nays (77)—Archambault, Aylesworth, Beauparlant, Beland, Black, Bole, Borden (Sir Frederick), Boyer, Brodeur, Bureau, Calvert, Campbell, Carrier, Chisholm (Antigonish), Clarke, Conmee, Costigan, Delisle, Demers, Desjardins, Devlin, Dubeau, Emmerson, Forget, Gallibar, Gauvreau, Geoffrion, Gervais, Girard, Gladu, Grant, Guthrie, Harty, Hunt, Jackson (Selkirk), Johnston, Kennedy, Lachance, Lanctot, Lapointe, Laurier (Sir Wilfrid), Lavergne (Drummond and Arth.), Lebianc, Lemieux, Macdonald, Maclean (Lunenburg), Macpherson, MacIntyre (Perth), McIntyre (Strathcona), McLennan, Marcile (Bagot), Marcil (Bonaventure), Martin (Wellington), Mayrand, Oliver, Pardee, Parmelee, Parent, Piche, Pickup, Rats, Reid (Restigouche), Ross (Cape Breton), Savoie, Sinclair, Smith (Oxford), Telford, Templeman, Tobin, Turgeon, Wilson (Russell), Zimmerman.

It was broad daylight when many members of the House and gallery left the building.

Saturday's Regular Session.

Although the House did not adjourn till half-past three this morning, there was a fair attendance at the session which opened at 11 o'clock.

Mr. Aylesworth rose to a question of privilege. Two days ago he had been misjudged in The Toronto World. He was reported as saying that he believed and hoped that there was no likelihood of public ownership in Canada. He had not used the expression "hoped."

When he had finished, Hon. Geo. E. Foster rose and with mock solemnity extended his assurance of profound sympathy.

"Is nobody to be brought to the bar?" asked Mr. Fielding, jocosely, and the incident closed amid a general chorus of merriment.

More Money For Archivist.

The estimates of the Department of Agriculture were taken up. On a vote of $20,000 for the archives branch, Mr. Fisher urged the importance of the work of collecting historical art here and in Europe.

Dr. Stockton invited the Minister to ask for a sufficient amount to have the cataloguing work brought up to date. The House should not be niggardly.

Hon. Geo. E. Foster urged that Dr. Doughty, who is in charge of the branch, be given enough to enable him to do the work effectively.

R. L. Borden paid a very high tribute to Dr. Doughty.

"Dr. Doughty," said the Postmaster-General, following Mr. Borden, "has a world-wide reputation as an archivist. He had corrected many errors in foreign histories with regard to Canada."

Mr. Fisher, after some more discussion, promised a salary increase of from $2,050 to $2,400 for Dr. Doughty. This will keep the archivist in the service. He has been on the point of getting out.

Mr. Monk's Amendment.

Mr. Monk's amendment "that the House, while recognising the sanctity of the Lord's Day and the necessity of securing to all classes proper legislation for the proper observance of that day according to each one's conscientious convictions, is of the opinion that the matter of Sunday legislation should be left at present with the various provinces of the Dominion," was voted down by 15 yeas to 102 nays, Messrs. Bourassa, Lavergne (Montmagny), and Beauparlant being the only Liberals voting in the affirmative, and Mr. Borden and Mr. Foster being among the Conservatives who voted nay.

Mr. Bourassa's Amendment Defeated.

Mr. Verville (Labor) supported Mr. Bourassa's amendment, which was "that a clause be inserted providing that the act should not go into force in any province of Canada until the Legislature of the province has enacted that said act shall apply to such province."

The division bells rank at 2.30, and Mr. Bourassa's amendment was lost by a majority of 89 on a vote of yeas 15, nays 104.

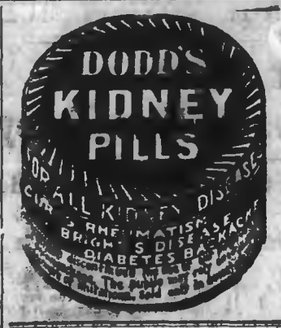
Mr. Borden, Mr. Foster and the majority of the Conservatives voted against the amendment. Messrs. Lavergne (Montmagny), Mr. Boyer and Mr. Beauparlant were the only Liberals who voted with Mr. Bourassa.

Postal Estimates.

Hon. R. Lemieux, the new Postmaster-General and Minister of Labor, made his debut in Committee of Supply, and achieved success. Suave and courteous to a degree, he promptly conformed to every request of the Opposition for information, assured them he would treat the postmasters fairly, no matter what their political affiliations, spoke sympathetically of the efforts of the new organisation to secure better salaries for those who assume the exacting duties of administering the local offices through which his Majesty's mails pass and got his estimates through with remarkable rapidity.

Agricultural Estimates.

Estimates for the Department of Agriculture went through in record time, Mr. Fisher securing the cordial goodwill of the Opposition by his frank statement in reply to Mr. Lake, that if he found H. J. Moberley, who made a false return in Prince Albert election, was, contrary to the information he had received from the census officers, now working as a census enumerator, Moberley's connection with the department would cease coincident with the precise moment the fact came to his knowledge. Incidentally Mr. Fisher intimated that he proposed extending the system of experimental farms by establishing branch stations in the irrigation district of southern Alberta and in the northern portion of that province, and the question of experimental stations in Ontario for fruit and tobacco is also receiving consideration.



H. W. BRICK DISAPPEARS.

Was Manager of the Canadian Branch of Wampole & Co. of Perth.

Perth, July 9.—Mr. H. W. Brick, who has for some time been associated with Henry K. Wampole & Co. in connection with their Canadian business, and who resided in this town, left here Saturday morning, June 30, for Toronto to spend the Dominion Day holiday. He appears to have left Toronto Saturday afternoon and has not since been heard of.

Mr. Brick's disappearance naturally caused a sensation in the town as he was prominent in local affairs, and has taken an active interest in public matters since his removal to Perth about the first of this year.

Enquiries were made Saturday at the company's laboratories, and the information given was that Mr. Brick was no longer in the employ of Henry K. Wampole & Co. in any capacity, and no longer in any way authorised to act for or represent them.

The business is in no way affected by Mr. Brick's absence, and everything was in full swing Saturday.

LARGEST TALC MILL BURNS.

$150,000 Blaze at Hillsboro—Will Seriously Affect Market.

Brockville, July 9.—The largest mill of the International Talc Co., said to be the biggest in the world, was totally destroyed by fire at Hillsboro, the cause of the blaze being unknown. The flames had gained such headway when discovered that it was found impossible to save it and everything went up in smoke, including several cars loaded with the finished article. Its capacity was 60 tons per day.

This makes the fourth mill of its kind destroyed within the past year, and the removal of the largest plant will, it is said, cripple the fibrous talc supply of the world. The loss is over $150,000, covered almost half by insurance. It is not known whether the mill will be rebuilt.

TRAIN SLOWED DOWN.

American Boat Express Passed Through Salisbury Sunday.

Salisbury, Eng., July 9.—When the American boat train passed through Salisbury yesterday morning it traveled at the rate of only 10 miles an hour.

The two sections of the train carried 140 passengers.

The engines were doubly manned.

Castro Sack; Cells Open.

Willemstadt, Curacao, July 9.—Advices received here from Maracaibo, Venezuela, under date of July 5, declare that the dungeons in the fort on San Carlos Island have been thrown open and the political prisoners with the exception of those charged with treason, set at liberty. This act is coincident with the return to Caracas of President Castro. July 5 is the Venezuelan day of independence.

Insurance Commission Resumes.

Toronto, July 9—The Insurance Commission commence a short session at the City Hall this morning. The Ancient Order of Foresters will be put on the stand for investigation. The commission will go on tour after closing here. Guelph, Waterloo, Hamilton, Kingston, Montreal and Winnipeg will be visited before the holidays are announced.

Oil Ship on Fire.

Singapore, July 9.—The British oil steamer Indrani, Captain E. N. B. Williams, from New York to Shanghai with 2,000 drums of naphtha and 35,000 cases of oil on board, caught fire Saturday afternoon just east of this harbor. Many drums were thrown overboard, and the fire eventually put out. The Indrani continued her voyage.

Wife Murderer Executed.

Boston, July 9.—John Schidlofski, a Lithuanian of Brockton, was electrocuted at the state prison at Charlestown early yesterday morning, for the murder of his wife, Mariana.

John D. Rockefeller 68 Years Old.

Compiegne, France, July 9.—John D. Rockefeller played golf with the mayor Saturday, to whom he offered souvenirs of his sixty-eighth birthday, which occurred that day.

The Agrarian Law Proposes To Help Poor

Expropriation of Land For Peasant Millions of Russia.

FIRST CLAUSE IS ACCEPTED

Commissioners Have Now Locked Horns Over the Mode of Expropriation and the Method of Disposal of Private Estates — Meanwhile the Condition of the Peasants is Pitiable—Disorders Increase.

St. Petersburg, July 9.—A correspondent of The Associated Press has just completed a tour of the provinces of Samara and Saratov. He reports that the drought is finally broken, but the rains have come too late to save the crop and help the peasants, who are in a pitiable condition. Their cattle either have been sold or starved in the fields.

The Government relief granaries were completely emptied during last year's famine.

The present Agrarian disorders, which can be expected steadily to grow worse, are due largely to the necessity of the peasants seizing food and forage to preserve their lives and save from starvation the remainder of their cattle. These disorders have reached the highest pitch in the Province of Voronesch, where the troops and cossacks, although in considerable force, are practically helpless and on the defensive.

Many peasants have been killed or wounded in desperate attacks on the military patrols and the rural guards.

The Agrarian Law.

The first paragraph of the proposed agrarian law, viz., the augmentation of the lands of the peasants by the expropriation of all State and Crown domains and church and monastery lands, has been accepted by the commission of the Lower House with practical unanimity. The commissioners have now locked horns over the mode of expropriation and the method of disposal of private estates, and the end is not yet in sight.

Czar and Kaiser to Meet.

London, July 9.—The correspondent in St. Petersburg of The Tribune telegraphs that a meeting between Emperor William and Emperor Nicholas is expected next month.

Is Alladin a Revolutionist?

St. Petersburg, July 9.—The inspiration for the disorders in the Guards and other troops is clearly traced to the Socialist organization. The secret police are investigating the movements of M. Alladin, the peasant leader in the Lower House, hoping to connect him with the mutiny of the first battalion of the Preobrajensky Regiment.

Dr. Nicholaieffsky Is.

Dr. Nicholaieffsky, who was elected a member of the Lower House from Krasnoyarask, Siberia, openly flaunts the revolutionary colors. Yesterday, he said that just before his departure, he presided at a revolutionary meeting at Krasnoyarask. Cavalry sent to disperse the meeting joined the revolutionists in parading through the town behind the red flag, in place of the national colors.

Went on the Rocks.

The bill of the Lower House of Parliament for the abolition of the death penalty, went on the rocks Saturday between the caucus, the Centrists and the Council of the Empire, a majority of which was opposed to its acceptance in its present form.

The demand for the retention of the death penalty came with the greatest insistence from the representatives of the border districts, where the death penalty is more in use — Poland, the Baltic Provinces and the Caucasus, who feel themselves in the grip of the revolutionists and terrorists without the summary processes of martial law.

Will Indict Police.

Bialystok, Russia, July 9.—The agent of the Minister of Justice has finished his investigation of the recent massacre here and in consequence of his recommendation two captains of police, several sergeants and 1 patrolmen will be indicted for inciting the people to participate in the rioting.

Warned of Coming Massacres.

Warsaw, July 9.—The Socialists have issued a manifesto warning the people to be prepared for massacres of Poles and Jews during the next few days, which are being arranged by the police and troops, out of revenge for recent attacks. The manifesto advises foreigners in Warsaw to seek the protection of their respective consuls.

Nora Smith, Toronto, died from injuries received in a street car accident on Saturday.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

The Quakers' Picnic Was A Record Event

Annual Outing of Employees of the American Cereal Company—Trip to Orillia Was Taken Saturday—Most Successful Excursion in History of These Annual Outings—Good Baseball Game—Record Time Made by G. T. R.

The fourth annual excursion of the employees of the American Cereal Company was held on Saturday, and it was in every respect, a gratifying success. The objective point this year was Orillia, the beautiful Lake Simcoe town, and a delightful day was spent in viewing the sights of that pretty and progressive town.

A feature of the trip was the exceptionally fast time made on the run by the G.T.R., the time from this city to Lindsay on the up trip being 36 1-2 minutes, and Orillia was reached inside of two hours. The committee expressed themselves as greatly pleased with the splendid service given by the G.T.R. on this trip. Between 350 and 400 persons took in this excursion, and the unanimous verdict was that it was the most enjoyable of any held under similar auspices. Those having the affair in charge spared no pains to give everyone a good time, and they succeeded admirably. The train got away on time in the morning, and Orillia was reached at 9 o'clock, giving the excursionists a good long day in the town. The morning was spent in taking in the sights of Orillia, and those who had provided their own luncheon took them under the shades of the beautiful trees in the park on the shores of Lake Couchiching.

The hotels of the town, also provided accommodation for a great many and their service was all that could be desired.

The feature of the trip was the programme of sports, which took place at the park.

At the Park.

Before the sports were started the steamer "Geneva" made a couple of trips around Lake Couchiching, on the shore of which the park is situated. The first trip was made at one o'clock and for an hour a large number of young people, viewed with pleasure for the first time that beautiful body of water and the many cottages on the islands and on the main land. A second trip was made at two o'clock by the same steamer and another crowd went for a sail.

At 2.30 the committee on sports called the people together and announced the conditions of the first event which was the men's tug of war. The sports as run off were as follows:—

Men's tug of war, best two pulls in three, box of 50 cigars—Captains, Frank White and Wm. Walsh. The latter won the first two pulls.

Ladies' tug of war, 5 pound box of candy—Captains, Miss L. Dennard and Miss M. Henry. The former won.

Girls' race, open, under 16 years, 50 yards—L. Grady, M. Gorman, T. O'Donohue.

Young ladies' race, 75 yards, open—Misses M. Dunford, Miller, M. Geary.

Boys' race, under 1 5years, 100 yds.—O. Bennett, H. Miller, J. McDonald.

Boys' race, under 12 years, 50 yds.—L. Hinds, W. Yeomans, C. Brennan.

Girls' race, under 12 years, 50 yds.—T. O'Donnell, M. Gorman, E. Henderson.

Girls' race, under 7 years, 25 yds.—M. Howley, L. Roland, M. Brown.

Boys' race, under 7 years, 25 yds.—C. Brennan, H. Copp, G. Gagnon.

A section of the Orillia Brass Band was at the park all afternoon and rendered several selections in excellent style. The Orillia Band is a good organization and their presence added greatly to the pleasure of the day.

The basket committee conducted a refreshment stand in the pavilion and all day served free to all lemonade and puffed rice.

The Baseball Match.

The Oval at Orillia was the scene of one of the fastest ball games that has ever taken place in the northern country. The occasion was the fourth annual outing of the American Cereal Company. The local boys went up on the special train early in the morning, and, after dinner, accompanied by a couple of hundred excursionists, adjourned to the oval, where they were joined by a few hundred Orillia people, who witnessed a great game of ball between Fred Whiteroft's ball tossers and the crack Orillia team.

The fielding on both teams was gilt-edged, both Roddy and Burnham receiving the best of support. Burnham, who pitched for Orillia, was with the Lindsay nine last season. He struck 11 of the locals out, and allowed 7 hits; while Roddy allowed but 8 hits and struck out 4 Orillia men. Peterborough played errorless ball. The fielding features of the game were the stunts done by Fitzpatrick, Whitcroft and Heaslip. Whitcroft carried off the battery honours of the day, having three hits out of four times up. At 3.10 Umpire Ed. James called "Play ball," Orillia taking the field.

Parnell led off for the locals and was an easy out to short. Callahan out to pitcher. With two gone, gone, Trainer singled to left, stole second and came home on Whitcroft's corking drive to centre. Derocher grounded out to first, ending the innings.

Orillia went out in 1, 2, 3, order to Whitcroft and Heaslop.

There was nothing doing in Peterborough's half of the second.

Orillia got busy in their half. Nicholson, first up, sent a high one to Whiteroft. Irwin singled to left, and Black doing the same. Graham flew out to Fitzpatrick. With two gone and two on bases Barlow scoring Irwin, Black going to third. Roddy's wild pitch scored Black. Giroux struck out.

There was no more scoring until the first half of the seventh, when Whitcroft singled to left. Derocher hit by pitcher, advancing him a base. Heaslop cracked out a two bagger, scoring Whitcroft. Derocher was caught trying to steal third. Fitzpatrick flew out to left.

Orillia scored their last — and winning — run in their half of the eight. Graham first up flew out to Whitcroft; Barlow singled and stole second. Giroux flew out to Trainer, holding Barlow at second. Mitchell laid down a bunt, advancing Barlow to third. Till singled to right, Barlow scoring. Burnham struck out.

Peterborough had a chance to score in the ninth. Whitcroft, first up, drove one to centre, but was called out stealing second. It looked a bad decision from the bleachers, Whitcroft was blocked but got the bag before he was touched but the umpire would not see it that way. Derocher singled, stole second, and third, but died there when Cavanah struck out.

The Return Trip.

The return journey home was made in even quicker time than the trip up, the train leaving Orill a at 6 o'clock, and Peterborough was reached before 8 o'clock—a record run. The committee, to the members of which credit must be given for the huge success of the trip, was as follows:

Chairman—W H Denham.

Judges of Games and Sports — Messrs T H G Denne, Geo Carruthers, A Miller, A Poe, F White, E Pakenham.

Committee on Arrangements — Messrs M J Kirn, Geo Carruthers, O C Callender, A Miller, G P Edwards, T J Grant, W Walsh, J E Sullivan, E Pakenham, J Taylor, F White, P Gardner.

GGames and Sports — Messrs T J Grant, Wm Walsh, O C Callender, C P Edwards.

Basket Committee — Messrs C Gould, Serro, Tim Dineen.

What About The New "North Star"?

Messrs. Harris & McAllister's New Steamer Soon to Begin Regular Daily Trips.

Enquiries having been made as to when we are to have a daily steamboat service between Peterborough and Rice Lake, the Examiner's representative interviewed Mr. Wilbert Harris, one of the owners of the new North Star, on Saturday. Asked if he could say whether the new North Star would begin regular trips as in former years, Mr. Harris said the intention was to resume daily trips to Rice Lake and return, as formerly, but he did not think they would begin until the first of August, although it would depend on the weather and other circumstances. He did not see any need for beginning yet, and the steamer had been doing good business so far with freight and excursions, which paid all right.

The new Star is built very much after the lines of the old Star. She is larger and will carry more passengers and more freight. The limit to her number of passengers is 200. She measures 84 feet long by 14 feet wide, and is stoutly built and well-safeguarded for the protection of passengers. Although ready for any kind of work, a good deal of finishing, painting, etc., is yet to to be done to the steamer, which will be done whenever convenient.

At present the crew consists of Clare Calcutt, captain; Wilbert Harris, engineer; D. McAllister, mate.

Orangemen At Park St. Church

A Large Attendance Yesterday Morning—Other Notes.

At the morning service in the Park street Baptist church yesterday, the Orangemen and 'Prentice Boys attended in a body, filling the vestry, school room, church, platform and many turned away. Subject of sermon, "The Glorious 12th — its Place in History."

A large congregation was at the evening service. Subject — "A Chance of a Lifetime." The choir was at its best all day, and the services full of inspiration.

B.Y.P.U. to-night at eight. Public service on Wednesday at 8. Pastor will be in charge. Tuesday—Ladies Circle meets at same hour in the church. President, Miss Maggie Mann.

Arrangements are completed for the picnic on the 19th. Preparations are being made for a song sermon next Sunday evening.

THE LATEST SPORTS

Will Leave For Chicago Shortly

Representatives of Shamrocks to Arrange Game With Windy City Team.

A couple of representatives of the Shamrocks will leave for Chicago in a week or so to arrange a game with a team of that city. It is expected that games will be played with Detroit and teams of other intermediate places. As is generally known this trip has been under consideration for some time and it is now practically a certainty.

BASEBALL

Manager Stinson received word from "Maggie" Whitcroft this morning, saying that they would bring their very best and strongest team to town on Wednesday night next. The Y.M.C.A. nine will have on their best team. They will have two catchers, "Billy" Ferguson and "Vic" Suggitt. The Valentia battery, Suggitt and Cy Emmerson, the southpaw, work well together and will keep the Peterborough boys guessing.—Lindsay Post.

Peterborough are coming up with the intention of showing Lindsay fans that they can still trim Lindsay on their own diamond. Well, let's see them do it. It will be a good game.—Lindsay Post.

The following George Street team will play St. Paul's to-night:—Pedlar, p.; Parnell, c.; Crane, 1b.; P. Weatherstone, 2b.; Craig, 3 b.; Kendry, s. s.; Shaw, l. f.; McMillan, r. f.; Curtis, c. f.

Demonstrate Sub-Target Gun

At Meeting of No. 7 Company 57th Regiment To-morrow.

A demonstration of the sub-target gun will be given to-morrow night at the armouries when No. 7 Company will meet at 8 o'clock.

All members of the company are asked to be present, and to turn in any equipment they may have, except the serges, caps and trousers. This meeting will be the first time that the new sub-target gun at the armouries will have been demonstrated.

Crippled by Kidney Disease.

"I was troubled for years with kidney disease and Dr. Chase's Kidney Liver Pills have entirely cured me. When I began the use of these pills I could only walk from my bed to a chair; now I can go to the field and work like any man." — Mr. W. H. Mosher, South Augusta Grenville Co., Ont. This statement is certified to by the Rev. E. H. Emett, Baptist Minister of Brockville, Ont.

No loose screw annoyance is experienced with the Royal Ajax Eyeglass. All parts are firmly riveted. They are made partly in solid gold and partly in gold filled and guaranteed to wear ten years. The lenses rest on patent concave cups, which eliminate breakage.

The Annual Sermons To Orange Association

Big Turnout at St. Andrew's Last Night—Orangemen Admonished to Offer up Spiritual Sacrifices and Reminded of Their Great Responsibility—Church Was Crowded.

"Ye also, as lively stones, are built up a spiritual house, an holy priesthood to offer up spiritual sacrifices acceptable to God by Jesus Christ," was the message of Rev. J. G. Potter at St. Andrew's last night to one of the largest turnouts of the Loyal Orange Association that ever attended divine service in Peterborough. Following their usual custom, the Orangemen of the district marched from their hall to the church in a body, headed by a detachment of the 57th Band. In the parade were big representations from Peterborough Lodge No. 80, Nassau L.O.L. No. 457, Colonel Sanderson L. O.L. No. 321, Otonabee, and Jubilee Lodge No. 7, 'Prentice Boys. The Nassau L.O.L. fife and drum band accompanied their lodge. A feature of the parade was the number of young boys present. Seats had been reserved for the Orangemen in the centre of the church, and with the large congregation present the capacity of the church was taxed to its utmost.

Rev. Mr. Potter preached a forcible and helpful sermon from I. Peter, ii., 5, in the course of which he pointed out in no uncertain language the great responsibility resting upon the members of the Orange Order to offer up spiritual sacrifices.

In extending a cordial welcome to the brethren, Mr. Potter said that he was anxious to assist further the principles of the Order, the maintenance of peace, the establishment of truth, the exalting of Jesus Christ, the equality of the grace of God and the equality of salvation. Although they might be misrepresented by enemies, the members should be found ever zealous and ever helping in the great work of exalting the Lord as Saviour.

The preacher spoke of the power of Christ to bring back a lost world to God, for which He lost His life on the cross. To the church of Jesus Christ there had been granted a wonderful responsibility to exalt Christ as the recognized medium between God and a lost world. They were banded together to stand by the truth of God and to glorify and exalt Him. There should not only be a personal peace with God, but a general, a Catholic pacification with Him. This influence would be larger and would reach beyond them and outside their vision. The apostle in the time of the cruel monarch Nero could see a lost world, and see in Jesus Christ its salvation. God's design was to uplift mankind and to bless and save all. His spirit should be breathed in.

The speaker passed on the speak of what had kept the church of Jesus Christ from its work. Looking back on the pages of history, he said, there could be seen the arrogance, and prejudice, and selfishness, and worldliness, which concealed and hid the simple truths of the Saviour. Their attitude to God and His church and gospel should be unmistakable. They should be conscious of their responsibility. God alone was not expecting them to do their duty, but a needy world was also waiting. Their attitude should be to have righteous indignation against all forms of human oppression, and to uphold Christ as the Christ of all truth and life, and the only means of salvation, and to seek, day by day, in all was, to reflect Christ in truth over all forms of darkness and sin and evil. Their great work was to proclaim Christ as the great Liberator, the great Redeemer. Sometimes people were drawn away from the centre object of their faith.

Rev. Mr. Potter admonished his hearers that they should be as a temple to offer up spiritual sacrifices. They should live a Christian life and follow Jesus. That was the test, let the requirements of any church. God called upon them to offer up spiritual sacrifices in different ways. It meant obedience, loyalty and devotion, and not merely for fear of hell or hope of heaven.

The speaker closed with an earnest exhortation to be as spiritual house and offer up spiritual sacrifices. In conclusion he addressed a few words to the boys present, pointing out to them also the need of offering sacrifices.

The brethren assembled in their hall after the service, and passed a vote of thanks to the pastor and congregation of St. Andrew's church.

Kirkfield Visited By Disastrous Cyclone

Two Houses Unroofed—Large Steel Range Carried Twenty Feet—Residents Thought Earthquake Had Struck Village.

The village of Kirkfield was struck by a cyclone about midnight last Thursday, which did considerable damage. Two houses were unroofed, chimneys blown down and a number of trees uprooted. Some of the shingles were torn off Campbell's Hotel and the plaster knocked off a corner bedroom. About 90 feet of McKenzie's chimney were blown to pieces, a large range carried for 20 feet and three hundred chickens killed. Several of the houses shook and people roused from sleep thought an earthquake had struck the village. A shingle was blown through the window of Mr. W. A. Graham's store and two trees on the property split down the centre In the morning the men of the village were obliged to turn out and clean up the streets.

Committees Formed For The Year's Work

Organization Was Completed at Y.M.C.A. Directors' Meeting on Friday—A Physical Director Will be Engaged Shortly—Will Devote Whole Time to the Work.

A good start for another year was made by the Board of Directors of the Y.M.C.A. at their initial meeting held on Friday evening last.

The new president, Mr. Robt. E. Harding, occupied the chair. The attendance of Directors was large and important business was transacted.

The following were chosen as standing committees. The first named are chairmen:—

Executive and Supervision—R. E. Harding, R. J. Kidd, A. M. Bunt.

House—Wm. Madill, G. M. Roger, A. W. Cressman.

Dormitory—H. C. Stabler, G. L. Galley, J. W. Bennet

Finance—A. E. Dixon, J. S. Knapman, B. F. Ackerman.

Visiting—July to December—J. J. Howden, A. McFarlane, J. C. Shook; January to July—J. H. Connal, H. W. Morphet, Dr. W. D. Scott.

Religious work—A. M. Bunt, G. L. Galley, W. E. McCann and chairmen of sub-committees.

(a) Meetings—J. F. Thornton, Chas. Craig, A. W. Callender, A. E. Walker, Dr. W. D. Scott.

(b) Bible Study—W. Shiner, R. J. McClennan, J. C. Shook, Max Yelland, M. W. Matchett.

(c) Foreign—W. D. Morrow, Wm. Shea, Wm. Madill, Geo. Robertson, A. Trethewey.

Boys—W. E. McCann, W. D. Morrow, A. Emmerson, G. M. Roger, Jos. Middleton.

Physical—G. L. Galley, A. M. Bunt, Alf. Hodgson, G. E. Bruce, E. E. Lord.

Educational—R. Lees, W. Shiner, E. Doidge, Andrew MacFarlane, A. W. Cressaman.

Social—Chas. Coleman, R. Gardiner, Chas. H. Reid, N. Perry, James Patterson,

Membership—Frank White, G. Carter, F. H. Walters, H. Cook, John Hardwicke.

The Board also decided to engage a regular physical director to give his whole time to the work, taking charge of both senior and junior classes as was the plan up to last year.

Correspondence with a number of outside points will likely bring the committee in touch with the man they need to direct this work.

Mr. Baker was appointed to take charge of the building during the boys' camp and general secretary's vacation.

A resolution was passed approving of the effort of the camp committee in endeavouring to secure a permanent camp site.

Lumber Company Is Incorporated

Peterborough Lumber Company Receives a Provincial Charter.

Saturday's issue of the Ontario Gazette contains notes of the incorporation of the Peterborough Lumber Company, with a capital stock of $40,000 and the head office in this city. The officers of this company, reference to which has already been made in these columns, are:

President, D. Davidson.
Vice-President, John Thompson.
Secretary, S. Lenton.

This is the company which is taking over the business of the Dickson Company.

Are Holding A Family Re-union

An Interesting Week at Home of Mr. Wm. Clancy.

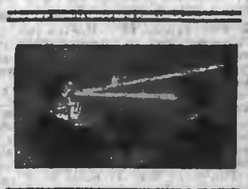
This week a family re-union is being held at the residence of Mr. Wm. Clancy, 123 Stewart street, all the members of the family being at home. One of those who us being welcomed home is a son, Mr. T. J. Clancy, manager of the shipping department of J. F. Brown & Co., Toronto, after an absence of several years. Mr. Clancy is spending a week at his home, and is renewing old acquaintances in the city.

Another Big Excursion Here

Gooderham & Worts' Employees Here on July 26th.

The fame of Peterborough as a delightful place to spent a day is avidently spreading. The employees of Gooderham & Worts' distillery, Toronto, have decided to run an excursion to this city on Thursday, July 26th. A representative of the Company was in the city on Saturday making arrangements for the 700 persons expected to accompany the excursion here. This is always a delightful trip, and this year will be the first time the employees have taken their outing east of Toronto. They heard of the charms of Peterough and decided to see for themselves.

THERE IS NO TIME LIKE THE PRESENT



To eyesight sufferers everywhere we say this. If you have been disappointed by other so-called eye specialists—if you, like many others, have been obliged to keep changing your glasses and even if you have lost all hope, come. Dr. Montgomery is still with us, and will remain ALL THIS WEEK. He is busy, very busy. People from all parts of the country are coming. Now, you come, and we will personally guarantee that you will be suited, no matter how difficult your case is. **Saturday, July 14th is the last day.**

JOHN KYLIE,

Hunter Street. - Peterborough.

Theft Charge Was Dismissed

No Evidence Against Coursey of Stealing Horse and Buggy.

A big matinee crowd gathered at the police court on Saturday afternoon, when the case of Thomas Coursey, charged with the theft of a horse and buggy from Henry McGee, of Emily, came up. Coursey was discharged after the complainant was heard, the magistrate considering that there was no use going on with such a trivial case.

McGee's story was to the effect that he and Coursey had driven to the Montreal House, where they went into the bar. Witness stayed there about half an hour, and when he went out he found his horse and buggy on the other side of the hotel. Coursey was with the outfit, and said to witness, "You had better come on with me." Witness had gone into the hotel again, and when he came back the rig was gone. He found it shortly afterwards near the Queen's Hotel.

Mr. O'Connell, who appeared for Coursey, said that it was a most frivolous and ridiculous case to bring into the police court.

The magistrate agreed with this, and discharged Coursey, while he lectured McGee for putting the court to so much trouble over the case. The complainant was also called by Mr. Wood for his unwillingness to give evidence.

This morning Geo. Chausse was the only man to face the magistrate. The charge was that of being drunk yesterday. Chausse pleaded not not guilty, and the case was adjourned until Wednesday to allow of the procuring of several witnesses.

The Toronto Argonauts beat first Trinity, Cambridge, on Monday, in the first heat for the grand challenge cup at Henley, Eng. The Argonauts won after a magnificent race by a bare length. Time, seven minutes, twenty seconds.

Taking a Trip Through North

Rev. E. A. Langfeldt Will Accompany Ven. Archdeacon Warren.

Rev. E. A. Langfeldt left to-day for a two weeks' holiday which he will spend with Venerable Archdeavon Warren in visiting the Church of England Missions in Haliburton County. During his absence Rev. William Major will attend to any parochial duties, and in case of sickness, etc., the members of St. Luke's are requested to communicate with him.

Rev. C. J. James, M.A., rector of the Church of the Redeemer, Toronto, will officiate at St. Luke's next Sunday.

Nothing Relieved His Kidneys Until He Tried

Bu-Ju

MARKHAM, Ont., Dec. 1, 1905

"I had suffered for seven years with kidney trouble. Could scarcely walk and was unable to attend to my farm. Saw "Bu-Ju" advertised, and after taking the first few pills, felt much relieved. After taking half a box, was able to do a full day's work. I know one box of "Bu-Ju" saved me $40.00 doctor Bills.

"JAMES ABBOTT."

It costs only 3c a day to take "Bu-Ju"—the kidney pill that never fails.

All druggists have "Bu-Ju" or will get them for you.

NOTICE

Mr. Joseph Poulston left his lawful wife and child two years ago, and I wish it known to the public in general and particularly those women and girls he is now known to, that he is a married man, and I am his lawful wife.

MRS. JOSEPH POULSTON.

The Motorman Alone Prevented An Accident

Stopped His Car on Park Street To-day in Time to Save Two Men From Serious Injury—It Would Undoubtedly Have Struck Them.

Two men driving on Park street this morning had a very narrow escape from serious injury. They were driving in a single buggy and their horse, becoming frightened at a street car got the buggy across the track at a point where a pole was placed so far out into the street that there was not sufficient room between it and the rails. Had not the motorman on the car, Mr. Londerville, brought the latter to an emergency stop the two men would have been thrown onto the street, and the buggy smashed. Fortunately however, he saw the predicament the men were in and stopped the car, just as it was upon them. It is said that on this street there are a number of poles placed so far out on the street that it is impossible to pass between them and the car track with a horse and buggy. If this is the case it would seem to be a matter which should engage the attention of the authorities, because the city cannot afford to have accidents of this kind occur on its streets.

No Route Is Selected Yet, Says Mr. Leonard

C. P. R. May Not Touch This City at All—As Soon as a Decision is Reached Company Will Confer With the Council.

Confirming the statement which appeared in The Examiner yesterday, it is learned to-day that Mr. Leonard, of the C.P.R., has informed Ald. McWilliams that the company has selected no route for its new line yet, and it is not by any means certain that the new line will touch Peterborough.

Ald. McWilliams, as chairman of the Manufacturers' Committee of the Council, to which committee the matter was referred, called Mr. Leonard up by telephone yesterday and informed him that there has been some objection raised to the railway entering the city, by what the surveyors had been understood to say was the route selected, and the committee while not endorsing the objection, would like to have a conference with Mr. Leonard on the matter. The latter stated that he would be glad to talk the matter over with the Council or committee as soon as there was anything to talk about. At the present time the company had not arrived at any decision as to the route which the railway should take, and while they were anxious to touch the city if possible, it was quite probable that it would be impossible to come into the city limits at all. Unless it could be done with an easy grade it would not be considered.

It is not likely, therefore, that the Council will take any action until the railway company reaches a decision as to the route, which, Mr. Leonard says, they have not done yet.

Dealers Met To Discuss The Cigarette By-law

License Fee of $200 on All Tobacco Stores is a Measure Proposed by the Dealers—Present By-law is Causing Great Dissatisfaction.

The dissatisfaction of the tobacco dealers at the cigarette by-law was expressed at a meeting of the dealers held this morning. The unanimous opinion of the meeting was that the by-law was a mistake and an injustice and the dealers will use strenuous efforts to have it repealed. A special meeting of the council will in all probability be held this week to discuss the situation and a deputation will be present to support their claims.

Some of the dealers to-day advocated the licensing of all tobaccos, compelling tobacconists to pay $200 for their store in which case the license would cover the sale of cigarettes, cigars and all other forms of the weed. The proposers of this measure point out that such a by-law would drive the tobacco trade where it belongs, into tobacco stores and cut off all the promiscous selling in corner groceries, confectionary stores and such places. "The tobacconists' business seems to be everyone's now" said a dealer to-day. A by-law such as proposed will keep the trade in the hands of men who would be responsible for the way they conducted their business as they would be licensed and thus under the control of the authorities. Many of the dealers are said to favour the measure, which would effectually serve Ald. Ball's purpose of preventing the sale of cigarettes to minors. The dealers under such a by-law would be compelled to walk circumspectly is not a great injustice upon the dealers as is the by-law now in force.

In the alternative of not being able to repeal the present cigarette by-law the dealers will endeavour to have passed a measure on the lines suggested above, which as outlined looks most reasonable and fair.

ONE THING AND ANOTHER

Almost Pitiful.

Chicago Record-Herald.

"OH, DEAR," she half whispered, "I'm so hoarse I can hardly make a sound."

"That's too bad," he replied.

"Yes. If you were to want to kiss me and I should try to scream I don't suppose I'd be able to make anybody hear me."

• • • • •

A Solemn Thing.

London Chronicle.

AN ENGLISHWOMAN was heard to chirp from the depths of a throbbing golf crowd at St. Andrew's: "Is it not absurd to be so serious over a game!"

There came to her, says "Golfing," the wise and gentle reproof: "Het's no a game, madam, het's the study of a lifetime!"

• • • •

Two Winning Answers.

Chicago Journal

TWO MEN were undergoing civil service examinations in New York City for jobs in the fire department. Among the questions to be answered was one of a rather complicated character regarding municipal government. One candidate answered: "What's that to do with squirting a hose?" The other man wrote in answer to the same question, "I don't know, but I want the job." Both men passed.

The Girl Who Snickers.

THE habit is condoned by some,
They seem to think it doesn't matter.
I do not mind her chewing gum.
I rather like to hear her chatter.
I'm fond of her, but still I think,
Were I her parent, I would link her,
It almost drives a man to drink
When she gets off that silly snicker.

—Chicago News.

Head One Way at Least

SENATOR La Follette was displeased with an answer that had been given to one of his questions.

"That is a most unsatisfactory answer," he said. "It tells no more than the answer of the young lady at the races.

"The races were crowded. The young lady had a place where she could see well, but her escort, from his place could see nothing.

"And at the most exciting point of the principal race, the young man cried excitedly:

"'Can you see if the favourite's in front?'

"'It's in front at one end,' the young lady replied, 'but I can't tell which end it is.'"

• • • •

Circumstantial Evidence.

A LAWYER, says the New York Tribune, says that the best illustration of circumstantial evidence as proof was a story he had recently heard.

A young and pretty girl had been out walking. On her return her mother said:

"Where have you been, my dear?"

"Only walking in the park," she replied.

"With whom?" pursued her mother.

"No one, mamma," said the young girl.

"No one?" her mother repeated.

"No one," was the reply.

"Then," said the older lady, "explain how it is that you have come home with a walking stick when you started with an umbrella."

Presentation To Col. E. B. Edwards

Was Given a Silver Teapot by Members of Law Association.

A large number of the members of the Law Association gathered this morning at 10.30 in the Law Library and presented Col. E. B. Edwards, K. C., who has recently returned from Edmonton, with a beautiful silver tea pot. The vessel was engraved with the following words: "Presented to Burritt Edwards, K.C., by the Law Association on the occasion of his removal from Peterborough, June 1st, 1906."

Mr. E. A. Peck, the President of the association made a few remarks referring to Mr. Edward's departure from the city and the severing of his connections with the Peterborough Law Association. The presentation was made by Mr. J. W. Bennet, the Secretary.

Col. Edwards made a suitable reply referring to the beauties of Peterborough, the city he was leaving. He remarked that he would always remember the many kind friends he had met here. No person, he said, could help realising that he was making a sacrifice in going west, after witnessing the scenery from the Court House hill. He believed, however, he was taking the right course in going to Western Canada—the unlimited granary of the Empire — and hoped to receive a share of what was going. He thanked the Law Association for their many acts of kindness to him and Mrs. Edwards while in Peterborough.

The following members were present:—

President E. A. Peck, D W Dumble, Geo. Edmison, Jno. Green, W H Moore, R E Wood, A P Poussette, G M Roger, A E Dixon, W S Johnston, E F McWilliams, D N Gordon, E L Goodwill, S T Medd, J W Bennet, F D Kerr, R M Dennistoun and a number of Court officials.

Sunday's Storm Did Much Dam

The Hail Destroyed Cr... Northern Part of Coun...

It appears that the storm... took the form of rain here on ... afternoon, was of a much ... ous nature in the northern ... the county. The section, ... Selwyn, North Smith, part of ... more, Harvey, etc., was visit... very heavy rain storm, ... accompanied by hail. It last... ly four hours and proved one ... most disastrous that has ... that district in years. It was ... the electrical part of the storm ... caused the damage, but it was ... rain, which fell in torrents, ... hail. The hail stones were ... large and wrought great ... the crops, beating them flat ... ground and destroying the ... them.

The hail stones were parti... destructive, as the recent ... rains have made the stalks of ... grain largely water, and consequently very weak.

57th Band Has New Uniform

Appeared Last Night at Jack... Park in New Garb.

The 57th Band appeared last ... at Jackson Park in a bra... of blue with gold trimmings ... and many complimentary remarks were heard on their natty appearance. They will wear these uniforms on Thursday at Lindsay, where they will play for the Orange walk.

Gay Italian Wedding Celebrated This Morning

An Event of Much Interest to Our Citizens From Sunny Italy—To-night Will be a Festive Occasion.

Peterborough's Italian colony was thrown into quite a flutter of excitement this morning over a social event of much interest to all the sons and daughters of Sunny Italy living in the city. A wedding, no matter of what nationality the parties are, is always a joyous affair, and the nuptials celebrated this morning partook of the festive nature peculiar to all weddings.

The young couple who were the centre figures in the event were Florindo Di Corlo and Anna Almola. The ceremony was performed at St. Peter's Cathedral at 8 o'clock by Rev. Dr. O'Brien in the presence of a few friends. The contracting parties were attended by Mr. and Mrs. Leonard Minicolo.

At the conclusion of the ceremony the party adjourned to the home of the groom's friends on Bethune street, where a wedding repast, which all the good things tempting to the palate of our citizens from the south were served. About fifty guests were present and the joy was unconfined. Italian wine brought from Italy for the occasion was one of the features of the refreshments.

There will be "a sound of revelry by night" this evening, when a large number of friends will gather to celebrate the occasion with a dance. The features peculiar to such an event in Italy will be in evidence to-night.

The groom, who is employed by the C.P.R., has been living in Peterborough for about two years, while his bride only came here about a week ago. They were married by license in the Old Country, but desired to be married in a church, hence this morning's ceremony.

Rojestvensky Is Acquitted

Russ. Admiral Will Not Have to Pay Penalty for Surrender.

Examiner Special.

Cronstadt, Russia, July 10.—Admiral Rojestvensky, whose trial on the charge of surrendering to the enemy after the battle of the Sea of Japan, began before a court martial here on July 4, was acquitted to-day. Four officers of the torpedo boat destroyer Bedovie were found guilty of having premeditatively surrendered the Bedovie, and all four were condemned to death by shooting, but on account of extenuating circumstances, the Emperor will be requested to commute the sentences to dismissal from the service and to be deprived of certain rights.

Two Years Yet To Finish Line

This is What Orillia Paper Says of C.P.R. Line.

The Orillia News-Letter says:—There seems to be an air of mystery about this end of the line. So far the plans do not show any line into Victoria Harbour, and further, the water accommodation could not be secured there without extreme difficulty and the expenditure of millions of money. It therefore looks as if nothing definite had been decided upon with reference to terminal and elevator sites at this end of the line, and this matter may be finally decided even after the road from Victoria Harbour to Peterborough is well under construction, as the work cannot be completed in much less than two years.

Ice Cream Social At Stewart's Hall

Peterborough Artists Assisted With the Programme.

Last evening a very enjoyable social was held at Stewart's Hall, Otonabee, in connection with the 12th anniversary services of the River Road Union Sabbath School. There was a large attendance, including a number from Peterborough, Monaghan, and other places. The hall was tastefully decorated with evergreens and ferns. Refreshments, consisting of ice cream and cake, were served by the ladies, after which the following programme was rendered, Mr. Bruce Savigny acting as chairman:—

Vocal Solo, Miss Bell.
Instrumental Duet, Miss Alice Stewart and Mr. Evans Stewart.
Vocal Solo, Mr. Clayton Hambly.
Vocal Solo, Miss Bell.
Reading, Mr. C. N. Brown.
Vocal Solo, Miss Bell.

The pleasant evening was brought to a close by the singing of the National Anthem.

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suf-fering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

Miss Margret Merkley

There are cases where an operation is the only resource, but when one con-siders the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Com-pound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:

"Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing-down pains and cramps compelled me to seek medical advice. The doctor, after making an examination said I had a female trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Ve-getable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect your-self: try Lydia E. Pinkham's Vegetable Compound.

IMMIGRATION CONTRASTS.

The immigration returns for the fiscal year just closed indicate an increase of twenty per cent. in the number of new arrivals in Canada, says the Ottawa Free Press. Not only has the year been the banner year in immigration in point of num-bers, but the immigrants are more and more of Anglo-Saxon stock.

While Canada is getting fewer of the less desirable races from Con-tinental Europe, the United States immigration statistics for the year show that the disproportion of the undesirable class of immigrants reaching the Republic, is greater this year than ever before. Years ago the national stock of the United States was recruited chiefly from the British Isles and Germany, but of the new arrivals in the United States this year, less than fifteen per cent, are those of near lineage like the British and the Germans, Austro-Hungarians, who are regarded as the lowest class of immigrants from continental Europe, head the list of United States immigration. This does not speak very highly of the class of immigrants reaching the Republic.

The gain in the immigration of all classes to the United States over the previous year was but 8 1-2 per cent, as compared with a gain of 20 per cent. in Canada. Thus both in the percentage and in the qual-ity of new arrivals, Canada leads the United States in immigration.

The Simple Life

is best. To live naturally; work during the day, keep your temper, eat three meals and take a Beech-am's Pill regularly, as required. There is no medicine for the sim-ple life, or the strenuous, like

Beecham's Pills

Sold Everywhere. In boxes 25 cents.

EDITORIAL NOTES.

Mr. Cochrane was License Inspec-tor in Peterborough for many years. His salary was six hundred dollars per annum. He paid his own office rent. Mr. Stewart has been License Inspector for four days. He receives eight hundred dollars per annum, one hundred additional taken from the town and one hundred from the province. He wants the town to supply him with an office, easy chairs, light, fuel and other per-quisites. It might have been as well, to have allowed Mr. Cochrane to re-main in the office. The man who ac-cepted another man's job is becoming rather expensive on the start.

What Exchanges Are Saying

The Powders Again,

Hamilton Herald.

A day or two ago a Hamilton doc-tor had to work hard to save the life of an east-end woman who had been poisoned by headache powders. There is some danger that the headache powder will become an instrument of suicide.

Moving Some.

Kingston Whig.

Autos, in place of stages, and run-ning between the city and fishing re-sorts around the city, are the expect-ed. The world is moving.

Time to Quit.

Kingston Whig.

It is time parliament prorogued. Some of the members are acting as if they were tired of each other and of the everlasting talk in which they indulge.

Dog Travelled From Manitoba To Meaford, Ont.

Got Tired of the West and Came Back 1100 Miles.

We have often heard of the re-markable sagacity and intelligence shown by dogs of various breeds, but we do not remember ever hearing of a dog which has ever ac-complished such a wonderful feat as a collie dog owned by Wm. Davey, who recently arrived at Saskatoon, Alta., with a car of settlers' effects from Meaford, Ont. When the car of effects was rolling over the C.P. R. some six hours' run from Winnipeg the dog jumped off the car, rolled over a few times faster than the wheels of the car were turning, shook the dust from his back, and started down the track towards the home from which he had so recently been taken and which he loved so well.

Nothing was heard of the venture-some canine until last week, when Mr. Davey received a letter from Meaford stating that the dog had arrived home in an exhausted condi-tion. The letter did not state the day of the month on which the dog got back, but Mr. Davey has written to find out. From Winnipeg to Mea-ford the distance is 1,100 miles, and when it is taken into consideration that the dog, in order to reach home, had to travel over a line of rail-way which crosses several rivers, and innumerable creeks, runs through tunnels and through a mountainous country, the feat seems so remark-able that it taxes one's credulity to believe it.—Bladworth Progress.

Inspected Work On Bridge Piers

Mr. Belcher, County Engineer, in Keene for That Purpose.

Examiner Special.

Keene, July 10.—Mrs. Coons, Lake-hurst, is visiting friends in this vic-inity.

Master Stanley Mathers, Toronto, is the guest of Mr. Peter Comries.

Mr. Gillespie Gets Lindsay Cheese

Pays 11 9-16c. for 732 Boxes at the Board Yesterday.

Mr. G. A. Gillespie was in Lindsay yesterday attending the meeting of the Victoria Cheese Board. He bought 732 boxes of cheese, paying 11 9-16 in a sale in which there was considerable lively bidding. The whole Board was sold at the same figure. Mr. Kerr also a buyer on the Peterborough Board, getting the first choice and Mr. Gillespie the second. One thous-and six hundred and eight boxes were were boarded, a much smaller num-ber than sold at the Peterborough Board.

DRS. KENNEDY & KERGAN

Specialists in the Treatment of Nervous, Blood, Private and Sexual Diseases of Men and Women. 25 Years in Detroit.

No Names used without Written Consent. Cures Guaranteed.

Thousands of young and middle-aged men are annually swept to a premature grave through early abuse or later excesses. Chas. Anderson was one of the victims, but was rescued in time. He says: "I learned an evil habit. A change soon came over me. I could feel it; my friends noticed it. I became nervous, despon-dent, gloomy, had no ambition, easily tired, evil forebodings, poor circulation, pimples on face, back weak, dreams and drains at night, tired and weak mornings, burning sensation. To make matters worse, I became reckless and contracted a blood disease. I tried many doctors and medical firms—all failed till Drs. Ken-nedy & Kergan took my case. In one week I felt better, and in a few weeks was entirely cured. They are the only reliable and honest Specialists in the country."

READER—We guarantee to cure you or no pay. You run no risk. We have a reputation and business at stake. Beware of frauds and imposters. We will pay $1,000 for any case we take that our NEW METHOD TREATMENT will not cure.

We treat and cure Nervous Debility, Varicocele, Stricture, Weak Parts, Kidney and Bladder Diseases. Consultation free. Books free. Call or write for Question List for Home Treatment.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Winds moderate; partly fair, with thunder storms in many places; Temperature unchanged

Band Practice.

—The 57th Band will practice to-night, and a full attendance is desired.

Hardwood Floors.

—House, office and store fittings. Clothes reels, etc. 'Phone 465. E. Courtney.

Trades Council.

—To-morrow night the regular monthly meeting of the Trades and Labour Council will be held.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Ring Lost.

—A friendship ring was lost on the streets yesterday. Will the finder kindly leave it at the Peterborough Bookstore.

An Important Meeting.

—An important meeting of the Canadian Automatic Telephone Company is to be held in the city this week.—Brantford Expositor.

Y.M.C.A. Camp.

—The annual Y.M.C.A. Camp will open to-morrow, and the prospects are that the number of boys taking this outing this year will be larger than ever.

Ladies, Circle.

—The Ladies' Circle of the Park street Baptist church meets to-night. Miss Maggie Mann will be in the chair and the meeting will be held in the class room.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Stony Lake Telephone Service.

—The long distance line of the Bell Telephone Company has been extended from Young's Point to Mt. Julian, and a rate of 10 cents provided for three minutes' conversation between these two points.

Committee to Meet.

—To-morrow night the Grand Lodge Committee of the I. O. O. F., will meet to discuss matters in connection with the Grand Lodge meeting. The nature of entertaining the delegates will bet akan up.

Thanks, Doctor.

—The editorial staff of The Examiner has to thank Dr. Gray for a box of Marguerite cigars. This mark of appreciation on the part of the doctor is only one of many he has given evidence to during his residence in the city.

To Take With You on Your Vacation.

—A Fountain Pen should be the companion of the tourist and traveller; if it is not used at other periods it is indispensable on the vacation trip. We sell the "Stratton Special," a good dependable fountain pen, for $1; also Waterman's fountain pens from $2.50 to $7. A. H. Stratton & Co.

Isolation Hospital.

—A meeting of the Financial Committee and a special committee of the Board of Health will take place to-morrow, when the isolation hospital question, with which the Board of Health have been wrestling for months, will be discussed, and Architect Blackwell's revised plans submitted for the approval of the Finance Committee.

A Run on the Barbers.

—There is a run on the Brantford barber shops nowadays. All men whose looks are at all long enough for the application of the scissors, are getting 'em off before the rise in prices comes into effect. "Give me a haircut," is what every visitor at the tonsorial parlours says nowadays. "Give me two haircuts," was the remark of one fellow to-day. "Both at 20 cents; I can't afford to pay a quarter."—Expositor.

Notice to The Public.

—Our business has increased to such an extent that we have been obliged to instal a third telephone. Our telephone numbers are now:—Bell 18 and 30; Machine, 18.—S. A. OKE, 376 George street.

—The regular meeting of Peterborough Tent No. 60, K.O.T.M., will be held on Wednesday evening this week instead of Thursday evening. Full attendance requested as S. W. Trustler, Camlachie, will likely be present.

An Interesting Meeting.

—Park Street B. Y. P. U. had a very interesting session last night on "Forgiveness, Divine and Human." The discussion was free and helpful. Mr. W. Lamb, Mr. J. Juby, Mr. A. Haddow, Mr. Roy Jackson and the pastor gave short addresses. Two new members were voted in. Mr. Chas. Barrie was appointed convenor of the Programme Committee in the place of Mr. Lincoln Brace, who is leaving for the summer. The subject announced for next Monday is "True Friendship, What It is, and How Maintained."

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bur School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

The young wife of a well known New York yachtsman, and only married six or seven weeks, accompanied her husband on a perilous sea voyage. She and her husband sailed on the Gauntlet which took part in the race from New York to Bermuda. Although caught in a terrific storm, the yacht arrived safely, crossing the line second.

Torturing, Itching Piles

It is a great mistake to imagine that the effects of piles are local, for, as a matter of fact, they sap the vitality of mind and body and slowly, but surely, lead to the ruination of the health.

This is true of itching and protruding, as well as of bleeding piles, which, because of the loss of blood, are more rapid in their disastrous effects.

Dr. Chase's Ointment brings almost instant relief from the itching, burning, stinging sensations of piles, and is a positive and thorough cure for every form of this wretched, torturing, and oftentimes stubborn disease. This has been proven in as many thousands of cases, that there is no longer any room for doubt that Dr. Chase's Ointment is the most satisfactory treatment for piles that was ever discovered.

Frequently when doctors have failed to cure piles, and the surgeon's knife has proven futile, Dr. Chase's Ointment has effected thorough cure. 60 cents a box at all dealers, or Edmanson, Bates & Co., Toronto.—3.

Fifteen Pupils Of Mr. Gliddon Successful

In Recent Piano Examinations at Conservatory.

Mr. R. Gliddon's pupils in piano instruction have met with gratifying success in their recent examinations. Fifteen pupils were successful and the greater number took honours.

The list of those who passed in the recent examinations were:

Toronto University.

Junior piano. — Arthur Sisson, 1st class honours.

Toronto Conservatory of Music.

Junior piano. — Beatrice Starke, honours.

Primary piano, Mrs. M. B. Hodgson, 1st class honours.

Toronto College of Music.

Intermediate piano, Agnes Hall, honours.

Junior piano, March Branch, honours; Ethel Johnson, honours; Margaret Edwards, honours; Lilian Packert, pass.

Primary piano, Pearl McDonald, 1st class honours; Ella M. Dartnell, 1st class honours; Irene Clancy and Irene Shea equal, 1st class honours; Florence Reid, honours; Vina Gilgour and Eva N. Orr, pass.

Menzies' School Will Be Leased Another Year

Addition to West Ward School Not to be Undertaken at Present—Regular Board of Education Meeting—The Different Reports Received--Pupils Should Have Better Knowledge of Music.

The regular session of the Board of Education was held last night, and, after meeting in committee, attended to the routine business of the Board.

There were present Chairman Ferguson, Messrs. Morrow, Hayes, Crane, Hill, Dumble, Dr. Morrison, and Dr. Burnham.

The minutes of the last meeting were taken as read, after which the various reports were read.

Property Committee.

The chairman of the Property Committee, Mr. Crane, reported as follows:—

That the tender of the Peterborough Fuel and Cartage Company to supply the schools with 400 tons of 3-4 Youghenny soft coal at $4.50 per ton be accepted.

That the tender of Jos. Greg of $100 for the sheds behind the Central School be accepted.

That the Menzies School be leased for a further term of one year at $600, the Board allowing the landlord the privilege of preparing the front lots on George street for building, any time after April 1, 1907.

Your committee recommend that the proposed addition to the West Ward School be not undertaken at present, but that plans be made with a view to the prosecution of the work early next year.

On motion, the report was adopted.

Finance Committee.

The report of the Finance Committee was read as follows by the Chairman, Mr. Hayes, and adopted:

Light and Power Co.	$ 5 00
Kingan Hardware Co.	14 01
E. B. Clegg & Co.	16 00

C. Fernenden, presiding at examinations	42 25

Public School Attendance.

	On roll.	av.
Central School	378	347
South Ward School	462	424
East Ward School	179	169
North Ward School	176	158
West Ward School	194	178
George Street School	153	142
Kindergartens	147	111
Total on roll	1,688	
Average attendance	1,529	

A letter was received from Mr. W. Might, asking the Board that the insurance company which he represents be allowed to partly insure the new school which is being built. The communication was referred to the Property Committee.

Mr. Dumble, in a brief address to the Board, urged the necessity of having the teachers in the various Public Schools pay more attention to the cultivation of a taste for music among the pupils. He moved that the Supervision Committee be especially requested to look into the matter. The motion carried.

The Board then adjourned to meet again in September.

Fall Fairs For Season of 1906

Dates of Fairs in This District Settled On.

The dates for fall fairs in this district have been fixed as follows:—

Belleville—September 12, 13.

Castleton—October 3, 3.
Wooler—October 6.
Colborne—October 1, 2.
Coe Hill—October 11.
Sangcroft—October 12.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 10.—Fifteen minutes of semi-activity following the opening and the stock market relapsed into dullness to-day. During that time prices declined a good fraction. A decline of 2 1-2 points in Interboro was the only feature. Every one seemed to be awaiting the government crop report at 2 o'clock.

London was a moderate buyer of stocks in this market to-day but the volume was not large enough to be a factor. The general London market was dull too. Bull talk on Nat. Lead was revived to-day, it being said this issue is in line for a higher dividend when market conditions are right. It was persistently rumoured that an announcement of a St. Paul loan is near. A careful canvas of houses of the street indicates a more hopeful feeling, opinion being that conditions are excellent and prices low.

Government report on winter wheat was 85.6; last year it was 82.7; spring wheat 91.4; last year 91; corn 87.5; last year 87.3. This report was considered bullish on stocks. A little activity in the late trading was mostly at the expense of values and the close was dull and heavy.

	Opening	Closing
A.C.P.	96¾	97⅞
Atch	88	87¼
B.R.T.	74¼	73¾

Tenders Will Be Opened To-morrow

Fire, Water and Light Committee Will Hold Afternoon Meeting.

A meeting of the Fire, Water and Light Committee of the city will be held to-morrow afternoon at 5 o'clock when tenders will be received for the purchase of the section of land at the corner of Stewart and Murray street. This triangular piece is the property of the city, and at a recent meeting of the committee it was decided to sell the land, as it is not large enough to be of any service to the corporation.

Expert Tea Blending

HAVE you ever tried to blend colors to match the shade of the red rose?

Pretty difficult, yet an expert can do it easily.

Why? Because he can tell by looking at the rose what colors are required to produce that tint or shade. He can make that precise color every day in the week.

Just as the artist in colors blends the tints of the red rose, so my artists in tea blend the "rich fruity flavor" of Red Rose Tea.

With expert knowledge and intuitive skill he selects the particular picking of rich, strong Indian tea and the precise grade of fragrant, delicate Ceylon, and by skilful blending produces the peerless flavor of Red Rose Tea—a tea which for delicacy and strength is matched by no brand of Ceylon alone.

Red Rose Tea is good Tea

The New Appointments To Public School Staff

Miss McAllister and Miss Hamilton are Recommended--Messrs. Kenner and Jeffries to Receive the Maximum Salaries--The Teachers Re-engaged and Their Salaries.

The report of the Committee on Appointments read at the Board of Education last night was probably the most important of them all. The committee recommended that the new appointments to the Public School staff be Miss McAllister, of Welland and Miss M. Hamilton, at the minimum salaries $375.00.

Mr. W. H. Hill read the report as follows:—

Your Committee on Appointments beg leavee to report as follows:—

1. That Messrs. Kenner and Jeffries be paid the maximum salaries from 1st of Sept., 1906.

2. That the following teachers be re-engaged for the ensuing year at the salaries opposite their respective names.

3. That Miss McAllister, of Welland, be appointed to a position on the Public School staff, at the minimum salary of $375.00.

4. That Miss Margaret Hamilton B.A., be appointed to the vacancy on the Public School staff at the minimum salary of $375.00.

Boy's Brave Act Saved Woman From Drowning

Mrs. Jellings Had a Very Narrow Escape—Fell Into the River and Was Almost Gone When Jos. McGrath Came to the Rescue.

Mrs. James Jellings, who lives on the river bank, opposite "Goose Island," had an experience yesterday afternoon which she would not care to repeat, and by which she almost lost her life.

She was engaged in picking driftwood out of the water, and in trying to reach a piece of wood stepped on a log, which rolled, and threw her into the swift current. The water at this point is very deep, and there is a swift current rushing towards the dam, two hundreds yards away. Mrs. Jellings tried to seize a log, but it kept turning, and throwing her back into the water. Scores of people on the opposite side of the river saw her plight but could do nothing but watch her frantic struggles to keep her head above the water. She had gone under twice, and the helpless spectators thought that she was gone, when a boy named McGrath, who was swimming farther up the river, ran down the bank and came to her rescue. Wading out as far as he could he succeeded in cathing hold of Mrs. Jellings, and drawing her into shallow water.

It was a very narrow escape, and McGrath, who is about thirteen years of age, deserves great credit for his pluck and presence of mind, which alone prevented a drowning. The Humane Society might well consider the advisability of giving the brave rescuer a testimonial.

Citizens Must Take Action, Says A Writer

Wants the People of the West End to Ask Council to Intercede--"West Ender" Points Out What He Thinks Will be Detrimental to City.

To the Editor of the Examiner,—

Dear Sir, — Referring to the proposed route of the Canadian Pacific Railway from the city of Peterborough to Victoria Harbour, it must strike any observant or thinking ratepayer of this city, that should the proposed route, as laid out, be enforced, it cannot but be to the permanent loss of the citizens.

A deputation waited upon the council a few days ago, with the intention of placing before them the injuries that the proposed route would do the city. The deputation, representing, as it did, the Hon. Geo. A. Cox, the Toronto Real Estate and Investment Company, W. G. Morrow, Bradburn Estate, Mr. R. A. Morrow, the Chamberlen estate, the Hatton estate, and Mr. G. W. Hatton, all taxpayers and old residents of this city, whose taxes aggregate a very considerable sum per annum, and who appeared as citizens and taxpayers, were treated, to say the least, most cavalierly.

Many citizens disinterested, in so far as their particular holdings and residences are concerned, have spoken to the writer, all concerned, and objecting, to the proposed route through the west end, and, as they admit, the coming residential part of the new city, wishing to place themselves on record, stating, however, that unless the West Enders, who are particularly interested and whose properties are being injured, do not assert themselves in opposition to the proposed route through this part of the city, they feel that it would be out of place for them to do so.

The people residing from Smith street to Sherbrooke street, west from Park street to the boundary line, will wake up and find to their cost that they should have strenuously placed themselves on record against this proposed route. It is stated by the surveyors, who have, as they say, located the last, or permanent, route of this section, that this railway will go through Jackson Park at the level, with the G.T.R. tracks, and from thence south on the easiest grade to the present line of the C.P.R. from this city to Toronto, one cannot help but conclude that the railway will cross Smith street, Boaseord street, McDonel street, Walnut street, Elm street and Weller street, over each of which streets will require to be erected overhead bridges. The proposed track occupies the boundary line then from Weller street south to nearly Homewood avenue. All of the ratepayers of this city who own and occupy some of, if not, the best residences in this city on Weller street, Homewood avenue, Gilmour street, Charlotte street, King street, east to Park street will suffer most materially by the construction of this line as at present laid out. The prevailing winds in this section are from the west, and the railway tracks being protected from the west, the valley between the western heights and the rise of land at, say, St. Andrew's church and St. Peter's cathedral will be permeated by dense volumes of smoke from the locomotives, single and double headers, necessary to carry the grain from the north. The smoke, unless high winds are prevailing, will lay in this section of the city, to say nothing of the shriek of the whistle and the clanging of the bells all day and night, Sunday included.

If public opinion was now to place itself on record and demand from the members of our city council a hearing from the Railway Commissioners at Ottawa, in all probability they would be able to ascertain whether or not a more suitable route at less expense to the city could be obtained, and giving the city and the railway all the advantages it has as per the prospective route asked for.

Mr. Monaghan Farmer, naturally most solicitous for himself and his neighbours, objects to having his and their farms quartered and halved, must have a fellow feeling, at least if he expresses himself honestly for his co-farmers and neighbours who live on the front of the township, and whose homes for twenty, thirty and forty years are now being ruthlessly cut up and destroyed; and doubtless has, although he does not express himself, sympathy with his Smith township farmers and neighbours, who have already one railway line quartering and halving their respective farms and who are now threatened with another, and who in all probability will have another.

Railways we must have, they are the highways of the country and to obtain them at the least loss and expense to the ratepayers of this county should be the object of our citizens. To reiterate and with a view of impressing the west end citizens, by this I mean the citizens living west of Park street and who have lately spent hundreds of thousands of dollars in improving their properties, I would impress upon them the desirability of endeavouring to the utmost to have this route changed to the creek beds of the township of Monaghan lying immediately west of the boundary line.

Thanking you for your space, I am,

Yours truly,

WEST ENDER.

OBITUARY.

MRS SARAH BRICKLEY.

At six o'clock last night the death occurred of Mrs. Sarah Brickley, relict of the late William Brickley, at the age of 65 years.

Deceased, who was predeceased by her husband 24 years ago, is survived by a brother, Mr. Jas. Edmison, at whose residence, 138 Rubidge street, she expired, and a sister, Mrs. J. Ryan of this city. Mrs. Brickley was stricken suddenly with paralysis, the day before her death, and the attack proved fatal. The funeral will take place from her late residence to-morrow at 2.30, and proceed to the Little Lake cemetery.

G. N. BABCOCK, Eye Specialist

CONTRACTOR WANTED TO SUBMIT TENDER

A city contractor to-day expressed great surprise that the council had opened tenders for the construction of sewers in the city. He stated that he had intended to tender on the work, but did not know that bids had been asked for until he saw the report to-day that the tenders had been opened.

He had looked through the columns of the evening papers for the past few weeks but had not seen any advertisements calling for tenders. It appears that the practice of the Board of Works has been to advertise for tenders for sewers by posters, and although the bills have been up for some days he did not see them.

This raises the question as to whether it would not be advisable for the Board of Works to either insert the advertisements in the papers, or, at any rate, publish a notice calling attention to the posters.

The Murray St. S. S. Excursion

Large Number Take a Day Off for Sail Around the Lakes.

The Grand Trunk station was the scene of a busy spot this morning just before the Lakefield train drew out. Almost 200 persons had gathered there to attend the Murray street Baptist Sunday School excursion to Stony Lake. On the arrival of the train at Lakefield the excursionists boarded the steamer Empress for the sail around the lakes.

The Empress of Britain, of the C. P.R., has cut down the time between Rimouski and Moville by one hour and twenty-five minutes, making the passage between the two points in five days, twenty hours, fifty minutes.

NO RIFLE PRACTICE FOR THIS SEASON

According to present indications there will be no rifle practice for the 57th Regiment this year. Last year's Curtis Ranges cannot be procured this season at the same rent as last and no other place in the vicinity is known to make a suitable range. This practically means that the Regiment will not practice rifle shooting this year.

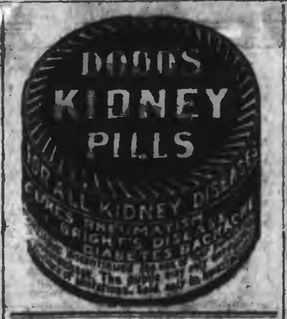
Hogs Reach A New High Level

$7.60 Was Paid Yesterday at Toronto Market.

The receipts of live stock at the Union Stock Yards, Toronto, yesterday, were 90 cars, consisting of 1,370 cattle, 51 sheep, 7 calves.

The quality of fat cattle was fair. Trade was slow. Export prices ranged from $4.60 to $5.15, the bulk selling at $4.75 to $4.85. Export bulls sold at $3.50 to $4.25. Butcher's prices for picked lots of choice ranged from $4.70 to $4.80; good from $4.40 to $4.62; medium $4.00 to $4.25; common $3.60 to $3.80; butcher cows $3.50 to $4.50. Veal calves sold at $5.00 to $6.50 per 100 lbs. Milch cows and springers at $30.00 to $50.0. Sheep and lambs.—Export ewes from $4.00 to $4.75; bucks $3.50 to $3.75; yearling lambs $4.50 to $5.00. Spring lambs at $4.50 to $6.00. Hogs—Selects sold at $7.60; lights $7.35; sows $4.00 to $5.00; stags $3.50 to $3.75 per 100 lbs.



All Interested Are From Peterborough

The Peterborough Lumber Company, Ltd., is Capitalized at $40,000—Provisions of the Charter.

As noted in yesterday's Examiner, a charter has been granted the Peterborough Lumber Company, Limited, permitting it to carry on the business of timber merchants and mill proprietors, to buy, sell, import, export and otherwise deal in or dispose of timber, lumber, logs, log products and wood of all kinds and descriptions, whether manufactured or unmanufactured; to manufacture and deal in articles of every kind and description in the manufacture of which logs, timber of wood is used; to buy, sell and otherwise deal in and dispose of timber limits and concessions, to cut, drive, and otherwise handle or manipulate logs, and to carry on any other business which may seem to the company to be capible of being conveniently carried on in connection with any of the above.

The capital stock of the company is $40,000, divided into 400 shares of $100 each. The provisional directors of the company are Messrs. George Lenton, John Thompson and Dickson Davidson, while others interested to a large extent are Messrs. J. F. Lennox and Miss Laura Davidson. All of the above are of the city of Peterborough. The date of the granting of the charter is June 20.

Does It Cost More To Live In Peterborough?

To the Editor of the Examiner,—

Sir. — I notice in your issue of the 9th inst., a reply to "Caveat's" letter, which makes the price of living public property discussion.

As a citizen, I do not think it rude to criticise the cost of living in Peterborough. I spend nearly a thousand dollars a year to keep a family of three in this expensive city. Let us compare with Belleville, Port Hope and Bowmanville.

First, in consideration, is the house rent, which is nearly fifty per cent. higher. Some one says, "Buy a house,"—and pay the exorbitant price, which the present time demands for a house, that may possess worm-eaten or knot hole lumber for for sheeting or siding, and pay taxes of 25 mills to the dollar. Know the greatly lights try to pull the wool over our eyes and state it is only 18 mills on the dollar.

What about the price of coal? Is it not a great deal higher in Peterborough than in Belleville, or any frontier town up to Toronto? Yes. Coal is cheaper in some of our inland villages.

Now, take our vegetables. I have bought potatoes and had them shipped in to me, and saved money by so doing—and thus it goes. And fruit, in a general sense, is much dearer in Peterborough than Belleville, Bowmanville, Port Hope or Trenton.

Then take our meats—are they not extremely high, when you come to pay 15 to 18 cents per lb., and even 30 cents per lb. for cooked meats?

Again, take our butter. I have bought butter at 16 to 18 cents per lb. outside of the city from local dealers when I had to pay 25 cents a lb. in this city.

Take drygoods. I have bought from outside merchants in this line and had better satisfaction than in our own city. But they tell us in their flysheets that they are selling at such slaughter prices! They must be very gratuitous to treat us so liberally and remain in business.

The wages for mechanics and labourers are not much higher than they were five years ago. However, I expect to live in Peterborough, and pay the prices—or buy elsewhere—without the advice of any merchant

COMPETITION.

ARRANGEMENTS FOR THE NINTH Y. M. C. A. CAMP

All plans are about in shape for the ninth annual Y.M.C.A. Camp which opens to-morrow at Clear Lake.

The applications are pretty well in, and over 30 will be—perhaps the number will be nearer 40.

Great interest centres in the excursion of the Fellowship Club on the 20th of July. Tickets are on sale at Madill's, Bert's Stove Company, and R. Hutton's stores.

All the boys should be at the station at 11.45 on Wednesday with their baggage.

Stony Lake Residents Answered Conundrum

The Latest News From This Summer Resort—Pittsburg Party of Thirteen Arrive—Majestic's Big Crowd of Passengers—Other Late News.

Examiner Special.

Stony Lake, July 9.—Here's a conundrum that has been going the rounds to-day per steamer Stoney Lake: Which is the slipperiest in wet weather, an eel, a canoe, or a steamer's gang-plank? A great many commendable answers have been given to the above, yet only two have been heard which seemed to convey that the reply was based from practical knowledge. These come from Ivanhoe Cottage and Victoria House, and are in favour of the canoe and gang-plank respectively.

A party of 13 from Pittsburg, Pa., passed up the lake this afternoon to Lovesick Lake, where they will spend a couple of weeks in fishing.

The Baptist Sunday school of Lakefield held their annual excursion to the lake to-day.

Mr. and Mrs. Jos. C. McDonald, of Pittsburg, Pa., and Mr. Harry G. Anderson, Toronto, are to-day's arrivals at Victoria House.

Miss Alta Bradd, city, is a guest of Miss Aikins at the cottage.

Mrs. LeBrun, of town, Miss Hackett and Mr. Le May moved to their cottage, Bellevarage, to-day.

Mrs. Knox, Toronto, moved to her cottage near Mt. Julian.

Mr. French and party from Rochester, are at Burleigh Falls.

Mr. and Mrs. Acton have arrived at their new island, formerly owned by Mr. Sheldrake.

Rev. Mr. Gibson is visiting at the lakes from Unionville.

Miss Brown, Peterborough, is visiting at Mr. A. L. Davis' cottage.

The Majestic carried about sixty passengers yesterday, afternoon on her up trip. The rush to the lakes has commenced in earnest.

Mr. Stubbs, Toronto, who is staying at the lakes, has received his yacht Pavana from the Queen City.

Mr. Meagher, of the Rochester, N. Y. postoffice department, with his wife, has arrived, and will spend a few weeks here.

Miss Nellie Cox, Winnipeg, is visiting at "Dukes Domain."

Mr. R. Neil returned to the city to-day.

Mr. L. Cox, Lakefield, came down from his cottage this morning.

TRADE MARK REGISTERED.

AT THE BISLEY RANGES.

Canadians Will Use the Lee-Enfield Rifle This Year.

Bisley Camp, July 10.—The annual meeting of the National Rifle Association commenced yesterday with a record attendance. The Canadians are all in good health, and very fit for the arduous work of the next fortnight.

In addition to the regular team, Transport Sergt. Stuart of the 43rd Regiment, Ottawa; Staff-Sergeant Bayles of Toronto; and Capt. Mitchell of the Corps of Guides, are here.

The Canadians are gratified by the announcement that H. R. H. Prince Arthur of Connaught, who recently toured the Dominion on his return from Japan, will distribute the prizes on Saturday, the 21st.

The Canadian team has definitely decided not to abandon the Lee-Enfield rifle for the Ross weapon, as was expected would be the case. They have found that they have not had sufficient practice with the new rifle to justify its use, so they will shoot with the Lee-Enfield, as in previous years.

In the armouries competition yesterday Staff-Sergt. Mortimer of the G. G. F. G., Ottawa, scored a 34. The range is 900 yards.

In the Singer competition, seven shots at 600 yards, Staff-Sergt. Mortimer made 34.

Killed by Trolley Car.

Bowmanville, Ont., July 10.—Citizens were shocked yesterday by the news that Thomas Hoar was killed by a trolley car at Compton, Cal. Mr. Hoar carried on a blacksmith business here for many years. He has visited almost every part of Canada, the United States and Great Britain, and has written many interesting accounts of his travels for the local press. About ten days ago he left here intending to visit some American cities. He was 77 years of age, and leaves a wife, who at present is visiting their son, Mr. F. Arthur Hoar, Barrie, and two daughters, Mrs. A. Mitchell of this town and Mrs. H. Goodman, Toronto.

Killed at Work.

Toronto, July 10.—John Wilson, fireman at the Don Valley Brick Yards, did not die of heart disease Saturday morning, as was first stated, but was killed in the act of taking out the Scotch block from under the wheels of a brick car, previous to letting it run down the incline. As the block was pulled away, the car must have started suddenly and pinned Wilson's neck against the post.

Killed, Leaves Family of 10.

Ottawa, July 10.—James Jeffries, an employe of the Canadian Asphalt Co., was killed yesterday by being caught in the machinery at the company's plant on Catherine street. He was caught between revolving steel teeth and both legs were crushed. Death followed in a few minutes. He leaves a wife and nine children.

Latest News Of Various Sports

George Street Won Easily From League Leaders

Charlotte Street Team Defeated by 10-4 in a Five-Innings Game Last Night—Winners Had Their Strongest Team of the Season.

A new complexion was put on the Guild League standing last night when George Street decisively defeated Charlotte Street by 10-4, which leaves the game 11-6 in favour of George Street, with one innings to play. A victory for George Street seems assured and as a result the two teams will be tied for the championship.

George Street had much the better of the Charlotte Street team last night after the first two innings when the champions got three runs. Roddy was touched up rather freely and in bunches and the errors of the Charlotte Street team were also bunched with the result that George Street kept circling the bases.

The winners had the best team that has represented them this season and played good ball. Pedlar pitched a fine game and his support after the initial innings was all that could be desired. A running catch by Shaw and Kendry's one-handed stop of a fly were the fielding features. Curtis carried off the honours with the bat getting three hits.

W. Waram gave satisfaction as umpire. The score:—

GEORGE ST.	A.B.	R.	H.	P.O.	A.	E.

Quakers Given The Double Cross

Will Not Play in Championship Games in O. F. A.

Mr. J. E. Sullivan, secretary of the Midland Football League received a telegram to-day from F. H. Brigden, Chairman of the Match Committee of the O. F. A. ordering the Quakers to play the first game in the semi-finals for the Ontario Championship to-morrow evening in Toronto with the Little Yorks; the return game to be played here next Saturday.

In the event of the Quakers winning they would then have to play home and home games with Preston in the West.

The Quakers believe they have been unjustly treated by the Toronto portion of the Match Committee as they explained to them the meagre state of the finances and asked to be given the bye. Not only was this refused, but no draw was ever made for the bye which was given to Preston.

This action on the part of the Match Committee and their associates who arranged it, looks as if they were trying to give the locals the double cross. The committee was informed that the Quakers would drop out if they had to play Little Yorks first and in the event of winning go to Preston. Knowing this they deliberately, without consulting all the members of the committee, arranged the games so that the Quakers would have two to play away from home. The Quakers, therefore, will not consent to play for the championship.

To show that the local team were in good faith they sent their entrance fee to the secretary of the O. F. A. so that this amount will be lost.

The action on the part of the Toronto clique practically means that the Midland League will sever their connections with the O. F. A.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c. at all dealers or EDMANSON, BATES & Co., Toronto.

DR. CHASE'S OINTMENT.

Notice is hereby given that it is the intention of the Grand Trunk Railway Company, of Canada, after the expiration of four weeks from the first publication of this notice, to apply to the Board of Railway Commissioners for Canada, under Sections 175 and 186 of the Railway Act, 1903, for authority to construct a branch line or siding extending from a point on its tracks on Bethune street, north of Rink street, Peterborough, thence southerly along Bethune street and crossing Rink street to a point opposite the premises of the Peterborough Fuel and Cartage Company, as shown upon the plan, profile and book of reference deposited in the Registry Office in the County of Peterborough, the 28th June, 1906.

Dated at Montreal 29th June, 1906.

W. H. Biggar, General Solicitor, Grand Trunk Railway Company, of Canada.

Shamrocks vs. Port Hope

Will Clash at Riverside Park on Thursday Next.

On Thursday next the Young Shamrocks and Port Hope will play a junior C. L. A. match on the Riverside Park. Port Hope possesses a husky lineup and improved considerably since the first game with the locals when the latter won by a score of 5-2. They are much heavier than the Shamrocks and will attempt to blot out the first defeat. The calibre of the twelve is known to Peterborough lacrosse enthusiasts and if there is any possibility of winning they certainly will get there. This game will be one of the most interesting of the season and should be well patronized.

Will Finish Game On Friday Night

George St. and Charlotte St. Will Battle for the Championship.

The remaining League game between Charlotte Street and George Street will be played on Friday night George Street have a lead of five runs and should be able to keep in front. At the conclusion of the game the teams will begin the final game for the championship. In view of the surprising form of George Street last night and the close race for the pennant there will likely be a big crowd to see the contest.

Will Arrange For Bowlers' Visit

Special Meeting is Called for To-night.

A meeting of the executive of the Lawn Bowlers' Club will be held to-night at Mr. J. E. A. Fitzgerald's office. A full attendance is desired as arrangements will be made for the visit of the Old Country Bowlers.

LACROSSE

The Toronto Telegram hands it out to the morning papers in the following terms:—

Toronto morning papers know less about lacrosse than they do about pretty nearly anything else, and they show it in their fairy tales to the effect that the Torontos played "rag" or blew up in the third and fourth quarters.

LAWN TENNIS

The Nicholls Oval Tennis Club will hold a Tennis Tea on the Oval this evening. These social functions have now become quite popular and a large number congregate there on such special occasions. All members of the club are requested to be present to-night.

Souvenir Views of Peterborough.

Unless you have been through the Peterborough Bookstore recently you can form no right idea of the variety, beauty and attractiveness of the many new souvenier views of Peterborough in stock. The scenes are all well taken and are depicted in artistic detail. We show them in medallion form, and on wood, leather, china, etc., plain and coloured effects, at a wide range of moderate prices. A. H. Stratton & Co.

Prize-Winners In Shooting Contest

Those Who Were Successful in Ennismore.

Examiner Special.

The following is the result of the shooting contest in Ennismore on Friday, July 6th:

500 yards range -- 1st Peter Flood, 41; 2, Dan. Kennedy, 40; possible, 45 points.

200 yards range -- 1, P. Flood, 43; 2, J. K. Galvin, 41; possible 45

100 yards range — 1, Dan Crough, 45 points; 2, W. Crough, sr., 44; possible, 45 points.

The prizes for the shooting contest were presented by A. G. Taylor, Fred A. Clarke, J. C. Sullivan, Frank McPherson and Lang & Maher.

Joins Firm Of Roger & Bennet

Mr. E. L. Goodwill, of Charlottetown, P.E.I., Arrives in City.

Mr. E. L. Goodwill, B.A., of Charlottetown, P.E.I., has arrived in the city and has associated himself with the firm of Messrs. Roger & Bennet. Mr. Goodwill is a graduate of Queen's University, and for the past three years has had an excellent training with the well-known firm of Barwick, Aylesworth, Wright & Moss of Toronto, barristers and solicitors. Mr. Goodwill graduated with honours from the Law School at Osgoode Hall at the last session, and is a young man who has shown himself possessed of more than ordinary ability.

Weed-Cutting Is Necessary

On Some Streets Condition is Said to be a Disgrace.

A citizen to-day called the attention of The Examiner to what he termed the shameful condition in which some of the streets of the town were in owing to the luxuriant growth of weeds. On Reid street, north of London street, the burdocks and other weeds are so thick and rank that it will soon be impossible for a person to see over the tops of them, and the burdocks were so big that it would require an axe to fell some of them. The attention of the proper authority is called to the matter complained of.

SCIENCE SCORES AGAIN

A Preparation That Will Destroy the Dandruff Germ Discovered.

Finally the scientific student has discovered a certain remedy for dandruff. When it first became known that dandruff is the result of a germ or parasite that digs into the scalp and saps the vitality of the hair at the root, causing falling hair and baldness, biologists set to work to discover some preparation that will kill the germ. After a year's labour in one laboratory, the dandruff germ destroyer was discovered, and it is now embodied in Newbro's Herpicide. It prevents baldness, stops falling hair, and speedily eradicates dandruff. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit Mich. Ormond & Walsh, Special Agents.

Glenwood Guests Lucky With Rod

Have Caught Number of Good Fish Lately.

The guests at Glenwood, Stony Lake, have had splendid luck fishing this season. So far, and a number of good catches have been reported. Since Thursday last six lunge have been caught. Yesterday morning Mr. Harry Gray was out with an American gentleman and caught one lunge and one bass with a steel rod. Mr. Jas. Stevenson also has been lucky.

Those who are registered at this popular house are: Mr. Parks, Mrs. Parks, Miss Parks, Rochester; Misses Thompson, Peterborough; Mr. Powers, Brooklyn; Mr. Mullins, Brooklyn; Dr. Adams, Master Wayne Adams, Mr. Harry Gray, Rochester; Mr. Lou Miller, Toronto; Mr. Smith, Peterborough; Mr. Oxley, Toronto.

Miss Ella Thompson has greatly improved in health since she came to Glenwood.

Three cars of Norris and Rowe's circus were wrecked near Saskatoon, and the show people had a hard job getting the frightened animals back into their cages.

Five Tenders Received For Sewer Construcion

Board of Works Held Meeting Yesterday Evening—The Engineer Will Figure on the Different Tenders and Award Contract to Lowest Tenderer—Richard Sheehy the Probable Contractor—Ald. Adams Advocates Day Labour Plan.

A special meeting of the Board of Works was held yesterday evening at 4 o'clock to open the tenders for the construction of the various sewers which were advertized some time ago. There were five tenderers — Messrs. R. Sheehy, Jas. Bogue, J. E. Hayes, J. Robson, and the City Engineer—and although the contract has not been definitely awarded yet, the first of the tenderers will probably receive it.

Those present at the meeting were Chairman Hicks, Ald. Adams, Elliott, McIntyre, Johnston, Graham, Wilson, Mayor Best and the City Engineer.

The following were the sewers tendered for, with the tenderers and prices:

Stewart street, to McDonel, 200 ft., 9-in. pipe, R. Sheehy 83c, Bogue 85c, Hayes 75c, Robson 75c, City Engineer 85c.

Stewart street, London to Edinburgh, 9-in. pipe—Sheehy 95c, Bogue $1.05, Hayes 99c, Robson $1.08, Engineer $1.14.

Downie street, Charlotte to Hunter, 9-in. pipe—Sheehy 97c, Bogue $1.05, Hayes $1.04, Robson $1.12, Engineer $1.10.

Reid street, Sherbrooke to Park—12-in. pipe—Sheehy $1.13, Bogue $1.35, Hayes $1.25, Robson $1.19, Engineer $1.22.

Simcoe street, Water to Queen—Sheehy 95c, Bogue 95c, Hayes 95c, Robson $1.07, Engineer $1.12.

Queen street, Simcoe to Hunter—Sheehy $1.07, Bogue $1.10, Hayes $1, Robson $1.07, Engineer $1.12.

Maitland avenue, King to Charlotte streets—Sheehy 83c, Bogue $1.15, Hayes 99c, Robson 95c, Engineer 95c.

Bethune street, McDonel to London—Sheehy 87c, Bogue $1.05, Hayes 85c, Robson 95c, Engineer $1.

Murray street, Downie to 215 ft. east—Sheehy 75c, Bogue 85c, Hayes 70c, Robson 75c, Engineer 75c.

Cedar street, Park to Cross—Sheehy $1.13, Bogue $1.05, Hayes $1.05, Robson $1.23, Engineer $1.15.

Hunter street, Roger to Concession—8-in. pipe—Sheehy 99c, Bogue $1.40, Hayes $1.03, Robson $1.28, Engineer $1.17.

Mark street, Hunter to Robinson—Sheehy 98c, Bogue $1.05, Hayes $1.05, Robson $1.10, Engineer $1.10.

Mark street, Hunter to Douro—Sheehy 97c, Hayes $1.05, Robson $1.10, Engineer $1.05.

Burnham street, Hunter to James—Sheehy 93c, Bogue $1.10, Hayes 95c, Robson $1.15, Engineer $1.10.

It was moved by Ald. Graham and McIntyre that the City Engineer be given power to award the contract to the lowest tenderer after having figured on the whole work to ascertain which is the lowest.

Ald. Adams was in favour of letting the contract for the construction by day labour. He moved an amendment that the engineer report first to the committee and have the latter award the contract. The original motion carried.

The meeting then adjourned.

Where Did It Get Its Name?

The "Sundae" Is an Adulteration of Sunday.

Several explanations of the origin of the name of the favourite soda fountain refreshment, "Sundae," have been sent the editor of the Nosegay column since the publication of a statement that its origin was unknown. One of the most plausible explanations of the derivation is that this fascinating dish originated in a town where the selling of soda on Sunday was forbidden. The druggists continued to sell ice cream, and though they could use no soda, syrup was poured over the cream as an experiment. The concoction took hold of the public fancy, and "Sundays" became the rage. Later, it is explained, the spelling was changed. Another correspondent wrote that the name is probably derived from the East Indian "sundari," which is a tree belonging to the cola nut family and from which a beverage is made.

The house of William Lyons, Valcartier, Quebec, was burned, and the body of a relative of the family, waiting burial, had to be abandoned to the flames.

With Husband In Hospital Wife Fled With Boarder

Ernest Leflay Returned to Find His Wife and Children Gone—Eloped Yesterday Morning, as a Note Left by the Faithless Wife, Informed the Husband.

Returning from a week's confinement in the Nicholls' Hospital, to find that his wife had eloped with a boarder, was the startling experience which Ernest Leflay, an English painter residing on Water street, opposite the market square, went through yesterday.

Leflay, who has been living here for two months, had been suffering with rheumatism, and a week ago was compelled to go to the hospital for treatment. One of the boarders in the house was Joseph Dair, another Englishman, and a bricklayer by trade. He evidently took advantage of the opportunity offered by the husband's absence to press his suit with Mrs. Leflay, and the culmination was reached yesterday, when the two left the house, taking with them Leflay's two little daughters, aged about five and seven years respectively. A note left on the table, and written by Mrs. Leflay, informed her husband that she had gone with Dair, and had taken the step of her own accord. The writer said that she had not been happy with Leflay.

Dair, the man who caused all the trouble, is old enough to be the father of the companion of his flight. He has been boarding with the Leflays for about six weeks, and while his growing intimacy with Mrs. Leflay was apparent to the neighbours, the husband himself was ignorant of the matter, and it was not until he read the note from his wife yesterday that he realized the condition of affairs that had been existing in his household for some time.

He is very much depressed over the trouble that has come on him, but it is said that he is willing to receive his wife with open arms should she wish to return to the home which she has so faithlessly deserted.

Mr. Leflay reported the case to the police, but the authorities can do nothing for him. There is no clue as to where the pair have gone. Mrs. Leflay was 25 years of age, while Dair was over 40.

Good Cheese Reason For The High Prices

A Cheese Man Talks About the Industry and its Prospects—The Quality Has Improved Wonderfully—There is Call For Products Now—The Prices of the Present to Be Maintained If Not Increased.

The Kingston Whig says: Next week the cheese instructors for the various syndicates throughout Eastern Ontario, leave for a meeting in Montreal. They will practically be in charge of G. G. Publow of this city, and chief cheese instructor for this district of the province. There will also be delegations from many of the cheese boards. Besides other business of importance to the cheese makers, visits will be paid the leading exporters and their houses.

Speaking of the coming trip, D. J. Mackinnon, of this city, buyer and local manager for the James Alexander Company, Limited, expressed regret that more from Kingston were not going.

"It is too bad," he said, "that the different salesmen of the Frontenac cheese board have not thought seriously of visiting Montreal. I firmly believe that it would not only be to their personal interests, but also to the farmers of the community."

G. H. Robinson, instructor for Kingston syndicate will go to Montreal.

"How do you consider the make of cheese has been this year," the Whig reporter asked Mr. Mackinnon.

"Exceptionally good," was his emphatic reply. "The make has not only been heavy but of a first-class quality. Pasturage has been of the finest, and the milk flow good, so that with comparatively cool weather the cheese has turned out well. Especially do I consider the front factories have done well this year."

As he continued the conversation this prominent buyer grew somewhat reminiscent, referring to six years back. Then Frontenac cheese had a far different grading on the market than it has to-day. He said that the Montreal exporters then refused Kingston cheese. To-day thanks principally to the system of instruction, and to the energies of the Frontenac cheese makers, Kingston dairy products find a ready sale. There is not another syndicate in the district that has made the prostrides in her cheese making as has Kingston," asserted Mr. Mackinnon. "What syndicate in Eastern Ontario, makes in your opinion, the best cheese?" was asked.

"I must say the laurel wreath goes to Prince Edward," said Mr. Mackinnon. "There is a market call in the old country markets for this cheese. And much of the credit for bringing Prince Edward cheese to its present high standard lies with a Kingston boy, Dr. C. A. Publow, for three years instructor for that syndicate."

To the question whether or not the farmer could expect good prices for the product for the rest of the season, Mr. Mackinnon replied in the affirmative.

"I would not be surprised to see cheese go to 13 cents," he said; "if it goes down it will not likely go below 10 cents, and then only for a week or two. Cheese is in great demand in the old country markets, and to some extent, through the exposures in canned meats, the local—Canadian and United States—consumption is increasing. Of course, however, it is the European markets which influence the prices."

Will Present The Call To Presbytery

Lakefield Congregation Will Ask for New Preacher.

To-day the regular meeting of the Peterborough Presbytory is being held at Port Hope, and the usual attendance will be present from this city. The ordinary routine business will be taken up, and the only special business for consideration will be the call of Rev. S. Burns to the Lakefield congregation from Cardinal.

A deputation from the Lakefield church will be present to support the call, and it is confidently hoped that it will be favourably considered by the Presbytery.

Short Session At Police Court

Three in the Prisoners' Box Charged With Disorderly Conduct.

The cases at the police court this morning were of a frivolous character and attracted a very small audience. The prisoner's box contained three men, two of them appearing on drunk and disorderly charges. One of the Greeks who keep the restaurant on Charlotte street testified that one of the men used grossly insulting language and ordered a meal, for which he did not pay the full price. The other, he stated, was drunk, and did not settle for two meals. Both pleaded not guilty, and were discharged with a warning.

Disturbance Charge.

A man from East City was charged with causing a disturbance on Rogers street. He related his story, which told of domestic troubles. His wife was to have appeared but did not, and the charge was dismissed.

Human "Steam"; Keeping It Up

The Secret Of That Tireless Energy Some People Possess.

There is another kind of steam than that in which the boy James Watt, watching his mother's tea-kettle, first saw the great possibilities that long since have become realities.

This other kind of steam is human "steam." And it is a most important factor in our affairs.

Some people call this human "steam" by other names. They call it "push" sometimes, or "hustle," or "get-up," or "life." Well, it's all of these, but after all it's just "steam." It's the power to do things,—a seemingly tireless power which some people possess.

Malta-Vita, the perfect malted wheat food, fills men and women and children with the power to do things. It makes them strong in body and mind. It keeps up their "steam."

When Malta-Vita comes from the ovens, every flake baked crisp and brown, it is the most delicious and most healthful food in the world, containing only one per cent of moisture. The other 99 per cent is nutrition, digested most readily, even by the weakest stomach, because the gelatinized starch of the thoroughly cooked wheat has been converted by fine malt extract into maltose, or malt sugar.

There's no other food like Malta-Vita! None "just as good." Sold by all grocers, 15 cents.

HIS SYSTEM PROVEN TO BE THE BEST

Of all the opticians who have visited or located in Peterborough for years past, not one has achieved an original idea. The same old way, trying on glasses, changing lenses every few weeks, practically fooling with the eyes. But a new day has dawned for eye sight sufferers. Dr. Montgomery, the "Shadow Test" Specialist, who has been teaching his system to our leading jewellry firm, Sanderson & Co., has proven to the public that his great discovery in optics does away with all guess work and gives sight to eyes when all other methods fail. He remains this week only. Free clinic as usual each day from 9 a.m. to 6 p.m.

The Evening Examiner.

What Are Your Glasses Worth?

The real value of a Pair of Glasses consists, not in the Frames and Lenses, but in the personal skill of the Optician. Any dealer will sell you best quality Frames and Lenses, but your money is wasted unless they are fitted by a man with the "know how."

Save yourself time, trouble and money by securing the services of a first-class Optician.

We guarantee to give perfect satisfaction, and we have but one price to everybody.

A Bold Attempt To Assassinate The Czar

Bombs Discovered In the Garden At Imperial Palace—An Attache Of Palace Believed to Have Been the Guilty Person—Excitement Is Intense.

New York, July 11.—According to a St. Petersburg despatch to The World, there was wild consternation at the Imperial palace at Peterhof yesterday following the discovery in the garden of the palace of several bombs filled with dynamite. The excitement and dread were indescribable. It was obvious that the bombs must have been placed there by some one connected with the palace, either as officer, guard or servant. Everyone equally was under suspicion. Gen. Trehoff, the commandant, immediately put in motion all the machinery of his office to discover the culprit, but thus far without result. In the meantime the person of the Czar is being more rigidly guarded than ever, if increased precaution is possible.

May Secure Big Michigan Contract

Local Contractor Likely to Get Big $500,000 Contract At Mount Rose—A Power Canal and Dam.

In the past Canadians have become accustomed to hearing of big contracts in Canada being taken by American contractors. It will, therefore, be particularly pleasing to learn that not only are Canadians now in a position to do their own work, but it is a fact that Canadian contractors are actually going into the United States and underbidding their own contractors. This is interesting in a general way to Canadians, but it is of special interest to the people of Peterborough that a local contractor is likely to secure a $500,000 contract for a dam and power canal at Mount Rose, Mich.

The Examiner is not at liberty at the present time to publish the name of the contractor, but he is one of the city's most successful men in this line of work and has carried through a number of large contracts in the past. He will not know for a few days whether he has secured the contract, but he stands a good chance. It will require about two years to complete it and an equipment worth at least $2,000. The contractor referred to is in a position to finance the whole work and carry it through successfully.

Rev. Peter Duncan Is Elected Moderator

Meeting of Peterborough Presbytery Held At Port Hope Yesterday—Much General Business Was Transacted.

Examiner Special

Port Hope, July 11.—A meeting of the Peterborough Presbytery was held here in the Mill street Presbyterian church yesterday, with the Rev. A. E. Camp, of Havelock, the Moderator, presiding.

Rev. Peter Duncan, of Colborne, was elected Moderator for the ensuing six months, but owing to Mr. Duncan's illness, Mr. Camp will continue to discharge the duties of the office until Mr. Duncan has recovered.

The calls from Lakefield and North Smith congregations to Rev. S. S. Burns, of Stirling, was presented by Messrs. Fairburn and Tanner, of Lakefield, and was sustained and ordered to be forwarded by the clerk to Rev. Mr. Burns. The invitation will next come before the Presbytery of Kingston at a special meeting, when the congregation of Stirling will be heard. If the call is accepted a special meeting of the Peterborough Presbytery will be held to arrange for the induction of Rev. Mr. Burns.

Rev. Mr. Edmison, of Orangeville Presbytery, addressed the Presbytery on the subject of the augmentation of stipends. He was given permission to address several congregations in the Peterborough Presbytery on this subject.

The redistribution of the work in the mission field in the northern part of the Presbytery, which is in charge of a son of the Rev. D. A. Thompson, of Hastings, was discussed. The matter was left in the hands of the Home Mission Committee. Another missionary will likely be appointed so that the work may be divided, and it will not be necessary to traverse such long distances.

The congregation of the First Presbyterian church of Port Hope was given permission to change the name of the church to St. Paul's, and also to sell the old church property, as the new church will be opened in a few days.

At the evening session of the Presbytery Rev. J. M. Whitelaw, of Omemee, read an interesting paper on "Religious Life in the Home." An animated discussion followed among those taking part being Rev. D. A. Thompson, Rev. A. C. Reeves, of Campbellford, Rev. J. G. Potter, of Peterborough, Rev. W. W. Johnston of Millbrook, and Rev. Mr. Edmison of Orangeville Presbytery.

In addition to these gentlemen there were present Rev. A. E. Camp, Havelock; Rev. C. S. Lord, Grafton; Rev. J. F. McFadden, of Warkworth, Rev. J. S. Skene of Baltimore and Cold Springs; Messrs. Nellis and Abraham, Port Hope; and Robert Harrison, Peterborough.

The next regular meeting of the Presbytery will be held on Oct. 2nd, at Hastings.

To Take With You on Your Vacation.

—A Fountain Pen should be the companion of the tourist and traveller; if it is not used at other periods it is indispensable on the vacation trip. We sell the "Stratton Special," a good dependable fountain pen, for $1; also Waterman's fountain pens from $2.50 to $7. A. H. Stratton & Co.

Hearts of gold do not come by setting the heart on gold.

• • • •

Sufficiently Identified.

Everybody's Magazine.

SHE walked into a branch bank on upper Broadway and pushed a check through the paying teller's window.

"You will have to be identified," said he; "I don't know you Madam."

"You don't, eh?" said the woman, with fire in her eye. "Aren't you the father of the Smith family that has a flat in the Pilermin apartments?"

"Y-e-s."

"Well, I'm the red-headed janitress that your wife's always complaining about. When you left home this morning I heard you say: 'Emily, if our children get fighting with that old fury in the basement don't quarrel with her. Wait till I get home and let me talk with her.' Now if you think you can get the best of an argument with"—

"Here's your money, madam," said the paying teller, and she took it and went.

They All Said Am.

"ONCE in Banbury," says a writer, "I died with an English family. We had ham for dinner—a most delicious ham, baked. The farmer's son soon finished his portion, and passed his plate again.

"'More 'am, father,' he said.

"The farmer frowned. 'Don't say 'am, my son; say 'em.'

"'I did say 'am,' the lad protested, in an injured tone.

"'You said 'am!' cried the father, fiercely. 'Am's what it should be: 'Am, not 'am.'

"In the midst of the controversy the farmer's wife turned to me with a little deprecatory smile.

"'They both thinks they's saying 'am!' she said."

• • • •

Twenty-three O'Clock.

AT eleven o'clock a weary young lady hit upon a plan of getting rid of her visitor.

"Isn't it funny," she asked, "the way they calculate time in those C.P.R. timetables? They count right up to twenty-four, instead of twelve. At two o'clock in the afternoon they call it fourteen; at six o'clock it is eighteen; it's now eleven. That's twenty-three for you."

WEDDING BELLS

FOWLER—DUNCAN.

This afternoon at two o'clock at Annesley Hall, Toronto, a quiet wedding of considerable local interest, took place, when Mr. Jas. Fowler, son of Mr. John Fowler, of North Monaghan, was married to Miss Daisy Duncan, daughter of Mr. John Duncan of Smith street, Peterborough.

The bride and groom were unattended, the former being gowned in a mauve travelling suit. A few of the immediate friends of the contracting parties witnessed the ceremony, after which Mr. and Mrs. Fowler left for a boat and train trip to Hamilton and Brantford.

Upon their return they will reside in North Monaghan, where Mr. Fowler is building a new home.

LAWLOR—O'BRIEN.

The Belleville Ontario of yesterday said:—A very charming wedding took place at 6.30 this morning at the new St. Michael's church, when Miss Nora Blanche O'Brien, daughter of the late James O'Brien, was united in marriage to Mr. James Vincent Lawlor, a popular young gentleman of Toronto, but whose home is in Peterborough. Rev. Father Twomey performed the ceremony in the presence of a large number of friends of the contracting parties. The bride was assisted by Miss Frankie Lawlor, sister of the groom, while Mr. James Connolly, of this city, did the duties of groomsman.

The bride looked very pretty dressed in white silk and chiffon with real lace and bolero jacket. She wore a very becoming hat of white chiffon with a white plume and carried a bouquet of white roses and carnations, and also a beautiful prayer book the gift of the groom. The bridesmaid wore a pretty creation of white silk with a hat to match. The maid of honour Miss Kathleen O'Brien, looked very pretty in a sun pleated skirt of green colleene, with a white de'esrit overdress.

After the ceremony the guests repaired to the family residence on West Bridge street, where a dainty wedding breakfast was partaken of. The tables, which were beautifully decorated, were placed in the shape of the letter L in honour of the groom.

The presents received by the bride were numerous and beautiful, a very handsome hand-painted set of dishes coming from her uncle in Denver, Colorado.

The happy pair left on the International for the west, where they will spend the honeymoon, and on their return will take up their residence in Toronto. May joy and prosperity attend them is the best wish of all their friends.

TINDLE—BRYDEN.

On Wednesday, July 4, the home of Mr. and Mrs. Jas. N. Bryden was the scene of a very pretty wedding, when their eldest daughter, Hello Stuart, was united in matrimony to T. J. C. Tindle, son of the late G. B. Tindle, Peterborough.

The drawing-room was prettily decorated with evergreens and daisies.

At 9.30 a.m. the bridal party, to the strains of Mendelssohn's wedding march, played by Miss Wilson, cousin of the groom, took their places under the arch, and Rev. J. C. Wilson, Newcastle, uncle of the groom, performed the ceremony.

The bridesmaid was Anna M., sister of the bride, and Mr. O. Mowat Perry, Perth, attended the bridegroom.

After the ceremony the bridal party and guests proceeded to the dining-room, where they partook of a dainty breakfast.

The bride looked very charming in a gown of cream gloria silk with a veil and wreath of orange blossoms, and carried cream roses. The bridesmaid was dressed in cream nun's veiling, and carried pink carnations.

The bride's going-away suit was of brown checked silk and white silk blouse. They were accompanied to the station by a few of their young friends, where the happy couple left for Toronto, Niagara Falls, and other points of interest.

On their return, Dr. and Mrs. Tindle will reside in Flinton, where Dr. Tindle has a large practice.

Fishing None Too Good At Stony

Local Men Try Their Luck With the Rod.

Messrs. Martin McFadden and C. J. Donovan, returned to the city yesterday after a few days' fishing at Stony Lake. They were accompanied by Mr. L. Steele, of Lakefield, a veteran disciple of Izak Walton, and a man who knows the lake thoroughly. The two managed to hook half a dozen bass and twice that number of lunge, but hardly did as well as they expected to do. They camped at Hill's Island and other points on the lake.

Mr. McFadden reports that the fishing in the back lakes is by no means first class this season, owing to the height of the water, which he says, is about two feet higher than usual at this season of the year. The cottagers are not very well satisfied with results in the piscatorial line so far but anticipate better fishing when the water is lowered. It is expected that it will be brought to the usual level in a very short time.

WEDNESDAY, JULY 11, 1906.

THE NEW C.P.R. MIDLAND ROUTE.

The surveyors are hard at work trying to get a good route into, and out of, Peterborough for the propsed new line. The city lies in a valley, and it is very difficult to get in and out with the easy grades that modern railways require; consequently all this talk about various routes. In the past the railways had their own way in Peterborough, and we are suffering to-day — Bethune street is little better than a railway yard. The C. P. R. comes in on the diagonal, crossing lots and streets in a very bad way. The C.P.R. station is planted right at our leading street, so that every train blocks traffic. The C. P. R. bridge might, had foresight been exercised, have had a swing and a foot passage. We see the mistakes now, when it is too late. Let us then, do what we can to secure the entrance of the railway by the route that will do the least harm. Of course we want the railway, and of course the railway wants a share of the trade of the best freight centre between Montreal and Toronto.

The railway will willingly pass the city, for it means more miles to construct, a new swing bridge, more employees and the loss of a large freight and passenger trade. The better the grade for heavy freight, the better it is for all purposes. If the road should come in by Jackson Park, passing through the splendid properties east of the boundary road, a great and permanent injury will be done to the town. Compensation would, of course, be made to private owners, but what compensation would be made to the public for canalling the city with deep cuttings or blocking it with heavy embankments, and for the innumerable street crossings?

If the junction can be made a mile or two west of the city, the railway will secure splendid sidings, they will save $50,000 in cost of right of way, and they will save building bridges and many miles of new railway; they will secure our trade and please the people—which, of course, they will aim to do. If the Railway Company is persistent in coming in by the Park route, the city will simply have to make every effort to save itself from injury. The Railway Company have a difficult problem; let us hope they will find a solution satisfactory to all concerned.

PHYSICALLY EXHAUSTED?

You're out of joint with everything—lacking in courage—no nerve—scarcely on speaking terms with yourself. Such low spirits are pitiable. Your brain is fagged, vitality exhausted till your nerve-wracked body has gone all to the bad. FERROZONE is what you need.

FERROZONE

IS A BODY-BUILDER, A VITALIZER, A NUTRITIVE TONIC.

It's by making flesh and blood, by infusing iron and oxygen into the system that FERROZONE helps. It repairs the weak spots, instils energy, vim and endurance into worn-out organs—makes you feel like new. Why not use this grand restorative? It lifts age from the old, brings new resiliance and buoyancy of spirits to the depressed. Be vigorous, manly, ruddy-colored, cast aside weakness and enter into that happy life that follows the use of FERROZONE.

Ferrozone is sold everywhere in 50c boxes or six for $2.50. By mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

EDITORIAL NOTES.

In the whole province of Ontario there is but one of its License Inspectors appointed under the Liberal Administration, left in office.

What Exchanges Are Saying

Paid Advertising—Never!
Hamilton Times.

The Ontario Medical Council has a holy horror of advertising—that is done in the newspapers, and paid for. One of these days the combine of dubs will get some advertising itself that will make it sit up. It exercises powers that should never have been farmed out.

The Editor Sees the Point.
St. Catharines Star-Journal.

Professor Lombard, of Ann Arbor University, thinks he has located the dwelling place of the soul in the spinal column. Now we know why mother's slipper applied close to the foundation of the psychic residence, is such a moral tonic.

As Others See Us.
Boston Globe.

"Canada is moving towards independence," says a Dominion senator. Great Scott! Isn't she sassy and independent enough already?

Canada's Chance.
Hamilton Herald.

Experts estimate that the world's wheat crop will be short a couple of hundred million of bushels this year. That means higher prices. And the news from the Canadian west is that a record crop will be garnered there.

For New Rector Of St. George's

Canon Starr is the One Most Favoured.

Kingston, Ont., July 10.—The congregation of St. George's Cathedral met last evening to choose a rector to succeed the late Dean Smith.

Four names will be submitted to Bishop Mills—those of Canon Starr, the present acting rector, who has been attached to the cathedral for ten years; Rev. Principal Whitney, formerly of Leanoxville College; Rev. Frank Dumoulin, of St. Peter's, Chicago; and Canon Farthing, of Woodstock.

Canon Starr received over twice as many votes as the other three clergymen combined.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

DOG POISONER AT WORK AGAIN

Like a contagious disease plague the dog poisoning epidemic is forever springing up. A much prized fox terrier, owned by a Gilmour street resident, has just received its second dose of strychnine this year.

The despicable work of the criminals who thus take the cruelest advantage of the canines and their owners, is beneath notice, and it is to be hoped that some day one of them will be detected and punished.

Big Crowd At Jackson Park

This Popular Resort Was Well Patronized Last Night.

Despite the fact that the band was not present the crowd at Jackson Park last night was above the average. The night was perfect and the programme presented was greatly enjoyed. The new bill of pictures put on this week are the most popular of the series, and caused great amusement last night. The merry-go-round shows no decrease in popularity, and was kept busy all evening, while the ice cream parlour and the box ball alley were well patronized throughout.

Heavy Rain Is Bad For Hay

Unless It Dries Up Soon Loss Will be Serious.

The continued wet weather is likely to prove disastrous to the hay crop, unless a sudden change takes place. A Smith farmer told the Examiner last night that while the crop of hay was heavy it was going to be a difficult matter to save it unless the weather man dished up some sunshine pretty soon. The recent heavy rains too, had driven the grass down, and made it difficult to cut.

A Protest That Had Good Effect

Weeds Were Cut Down on Reid Street.

In yesterday's Examiner an article appeared protesting against the growth of weeds on Reid street north, and suggesting that the proper authorities take the matter into their consideration. The protest must have had an effect for last night at six o'clock the weeds had been cut down, and the cause for complaint removed.

No Difference.

No distinction is made as to the kind of piles that Dr. Leonhardt's Hem-Roid cures.

The names, Internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply the names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-Roid is a tablet taken internally.

It is a permanent cure, and no case of piles has ever been found it failed to cure. Money back if it does.

A guarantee with every package. Price $1, at any druggist's, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont. 2

Omemee Wants The 57th Band

Would Like to Hear Them on the Way to Lindsay.

Examiner Special.

Omemee, July 9.—The wet weather has prevented the early ripening of the grain crops. In other years, before the 12th of July, farmers had commenced to cut down the orange and golden crops in preference to celebrating with artificial colours.

Lindsay will attract a large number from here on Thursday, July 12. Many will patronize the Ross Hospital refreshment booth and dining-hall, and will visit the hospital, the House of Refuge and other places of interest.

The 57th Band of Peterborough has been engaged by the L.O.L. brethren of Emily at an enormous expense. The band should drop off a Omemee and cheer us up. This would afford a treat to our citizens.

There were two young Peterborough men who wheeled up here on Sunday. There is no prettier drive in the Dominion at this season of the year than from here to Peterborough.

The water is very high in Pigeon River.

A steamer is expected around with a scow load of lumber from Kelly's mill, Bridgenorth.

There is quite a lumber famine in our village. There are three or four men building there who cannot get material.

The Orange brethren paraded to the Methodist and Presbyterian churches last Sabbath. The numbers are falling off, and there is not as much enthusiasm as in former years.

Colony of Campers At Crawford's

Several Peterborough Families There for the Summer.

One of the prettiest spots on the river is Crawford's Grove, where quite a colony of Peterborough people are encamped for the season. This resort has the advantage of being convenient to the city and at the same time possessing all the pleasure of a camp far from the maddening crowd. Among those living under canvass at the Grove are, Mr. and Mrs. W. S. Merrell, Mr. and Mrs. W. E. Talbot, Mr. and Mrs. Robinson and Mr. and Mrs. A. Patterson. With a more romantic name the Grove will have everything that goes to make up a successful summer resort.

What the "Canada Lancet" says about Abbey's Effervescent Salt.

"Many physicians of Canada are now prescribing ABBEY'S SALT.

It is particularly useful in cases of obstinate Constipation and chronic liver trouble. It is especially effective in kidney trouble.

It corrects acidity of the stomach, making it a specific in certain forms of dyspepsia and in gout and rheumatism.

Abbey's Effer-vescent Salt

We consider Abbey's Salt absolutely the best effervescing salt made in any country."

25c. and 60c. a bottle.

SOUVENIRS

Has Taken a Thousand
Zutoo
Always Cured Headache.
Never Affected her Heart.

Here is a testimonial from the wife of Doctor W. L. Shurtleff, K.C., of Coaticook, Que., who has taken a thousand Zutoo Tablets (the Japanese Vegetable Headache remedy.)

It should convince any doubting one, that while the tablets cure headache, they do not, like the drug cures, affect the heart, nerves or stomach. No one would or could take such a number if they were not perfectly harmless. Mrs. Shurtleff herself had to discard the drug cures.

Here is what she says:

I have always been a great sufferer from headache, and have taken a great many headache cures. I found that after taking them for a time they caused palpitation of the heart. Three years ago I began using Zutoo. I have likely taken over a thousand tablets. I have never yet felt the least ill-effect from using them and they cure my headaches as quickly as any remedy I ever took.

They are Harmless as Soda.

MR. ALFRED PLEAU.

PE-RU-NA STRENGTHENS THE ENTIRE SYSTEM.

Mr. Alfred Pleau, an expert machinist, 178 St. John Street, Quebec City, Can., writes:

"Two years ago, an accident necessitated my confinement for several weeks. The good health I had enjoyed was slipping away and there developed a complication of diseases. My physician said my case was one of general debility.

"Among the many ailments which developed was a serious attack of catarrh, which annoyed me considerably and kept me awake whole nights.

"I decided to give Peruna a trial and soon found it acting as a wonderful tonic to my system. The catarrh grew less severe and shortly afterward disappeared, as did also the various other maladies.

"I attribute my prompt relief and ultimate cure entirely to the use of Peruna and gladly recommend it."

THEY ARE THE BEST

THE NEWS OF CITY AND THE DISTRICT

Weather To-day and Thursday—Moderate winds, fair and moderately warm.

Trades Council.

—The Trades and Labour Council will meet to-night.

To-morrow the 12th.

—To-morrow will be the anniversary of the Battle of the Boyne.

Committee to Meet.

—The Finance Committee will meet to-night in the City Clerk's office.

Hardwood Floors.

—House, office and store fittings. Clothes reels, etc. 'Phone 405. E. Courtney.

Business Meeting.

—The Quarterly Business Meeting of the Murray street Baptist church will be held to-night at 8 o'clock.

Repairing Bridges.

—The C.P.R. bridge workmen are in the city to-day repairing the small bridge at the station over the creek.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Murray Street Church.

—To-night the prayer meeting and quarterly business meeting of the Murray street Baptist Church will be held.

Brotherhood Meeting.

—The Junior Brotherhood of St. Andrew will hold an important meeting in St. John's schoolroom to night.

Lift Lock All Right.

—The lift lock is again in perfect working order. Four boats went over yesterday and the lock worked perfectly.

Fishing Good.

—Fishing is reported good in Little Lake. The 'lunge are commencing to bite now that they are getting their new teeth.

An Early Bird.

—A local barber with more than usual enterprise was on the principal streets last night "hawking" 12th of July badges.

An Important Meeting.

—Important business meeting will be held at Bethany Tabernacle after the prayer service. Every member is requested to be present.

Leather Workers' xcursion.

—The Leather Workers will hold their annual excursion to Jubilee Point and Gore's Landing on Saturday afternoon, July 28th.

Alderman and Angler.

—Ald. Duncan is a successful fisherman as well as a successful angler. Last night he secured two fine 'lunge in the Little Lake.

Annual Outing.

—The regular annual outing of the Bethany Tabernacle congregation will be held on Wednesday, July 18, the destination being Jubilee Point.

Buried at Douro.

—The funeral of the late John Moloney took place on Monday morning at Douro Cemetery, instead of in Enniskillen, as stated in the Examiner.

Home Circle.

—The regular meeting of the Peterborough Home Circle, No. 193, will be held to-morrow night at eight o'clock in the Foresters' Hall, George street.

Bowling Meeting Postponed.

—The meeting which the Bowlers called for last night to consider the entertainment of the English bowlers was postponed until next Tuesday night.

Public Service.

—A public service will be held this evening in the Park street Baptist church. Rev. A. H. Brace will preside at a one hour service which will be hearty and helpful.

S. S. Excursion.

—The steamer Water Lily carried a large number of excursionists from Knox church, Sunday school, to-day up to the lakes. The boat went over the Lift Lock.

Over the Lift Lock on Thursday.

—St. John's church Sunday school will picnic at No. 5 dam Thursday. Boat will leave Wolfe street wharf at 1.15 p.m., and proceed to the grounds via the lift lock, canal and river.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," pressor, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

"Rainbow's" Trip.

—The steamer Rainbow came up from Rice Lake yesterday afternoon with a scow-load of hogs for the Matthews Packing House. She arrived at 5.45 and cleared at 6 on the return trip for the excursion to the lakes to-day.

Notice to The Public.

—Our business has increased to such an extent that we have been obliged to instal a third telephone. Our telephone numbers are now:—Bell 18 and 30; Machine, 18.—S. A. OKE, 376 George street.

This Sold Them.

—The news agent of the 11.45 G. T. R. train sold his Toronto papers at the station this morning much more quickly than usual, his ordinary solicitations being supplemented with the fetching cry, "The Sunday Bill is dead as Caesar."

Excursion to Sandy Point.

—The Strangers' Fellowship Club will run an excursion to Sandy Point, Stony Lake, on July 20th, to the Y.M.C.A. Boys Camp. The steamer Water Lily will carry the party, leaving the Wolfe street wharf at eight o'clock, and passing over the Lift Lock.

He is Grateful

—Mr. John Londry, whose house on Bethune street, had a narrow escape from destruction by fire a few evenings ago, desires through the Examiner, to express his sincere thanks to all who helped to extinguish the fire—the bowlers on the green, near by, and the fire brigade.

Ate Under Trees Planted By Himself

Unique Experience of Mr. Geo. Cochrane Yesterday.

Mr. George Cochrane had an unique experience yesterday. Twenty years ago Mr. Cochrane was a school trustee in Lakefield, and at that time he was instrumental in having trees planted on the school grounds there. These trees have now grown to a good size, and, yesterday, with the Murray street Baptist Sunday School, he took his tea under the very trees he had planted twenty years ago.

His Death Gaused Sorrow In Warsaw

Where Rev. Mr. McQuade Was Well Known--Personal Notes From Village.

Examiner Special.

Warsaw, July 10, 1906. — Mrs. J. B. Douglas, and Miss Yeula, who have been visiting Mrs. (Dr.) Douglas, left on Friday and will take an extended trip to the Pacific coast.

Many expressions of deep regret are heard here over the death of Rev. H. McQuade, at Bridgenorth, last week. The late Mr. McQuade was pastor of the Warsaw Methodist church a short time ago, and during his term of pastor here the reverend gentleman made a great many warm friends, who received the news of his death with sincere sorrow. A number of Warsaw people drove over to Bridgenorth to attend the funeral and pay their last respects to their late pastor.

Miss Edith Bickell of Lakefield, is holidaying here, the guest of Miss Linda Doughty.

Miss Lyall Douglas went to Spring Side, Stony Lake, on Sunday, where she will spend a few weeks as Miss Marjorie Choate's guest.

Mr. Harold Payne's many friends are pleased to see him home again after his term's studies at the Collegiate Institute at Peterborough.

Miss Lyda Crowe of Toronto, has returned to that city after spending a short holiday at Hall's Glen with her mother, Mrs. Jordan Crowe.

In the list of the successful pupils in Senior Rudiments at the recent examinations of the University of Toronto, appears the name of Miss Julia G. Choate of Warsaw. Miss Choate passed her examinations with first class honours and is being very warmly congratulated by her many friends.

Mr. Reg. G. Hendren and Mr. Albert J. Smithson, went up to Stony Lake on Saturday and spent Sunday at Mr. Hendren's cottage.

Mr. and Mrs. John Mulhall of Peterborough were the guests of Mrs. D. McIntosh over Sunday.

Mr. Jordan Crowe left on Saturday for Arden, Ont, where he will spend the summer.

The tea and concert given by the Methodist church at Zion last week was largely attended. Many people from Warsaw took in the event, and report it a decided success.

The local Orange Lodge attended in a body at the evening service at the Presbyterian church on Sunday. The sermon which was an eloquent one, was preached by Rev. W. L. Atkinson, and was heard with much pleasure by the loyal sons of William.

Rev. Mr. Steadman went over to Lakefield yesterday to attend the excursion to Stony Lake given by the Lakefield Baptists.

Probably the largest fish caught in Quarry Lake was landed on Wednesday by Mr. Thomas Miller. The 'lunge weighed 16 1-2 lbs., and Mr. Miller says that it made very good eating.

On A Three Day Excursion Trip

A large number of the Keene, Ainwick and Hastings business men passed through the city to-day on a three days' excursion to the Lakes. The steamer Rainbow carried the party, which arrived here about 1 o'clock, going over the lift lock. They will spend to-morrow cruising about the upper lakes and will return home on Friday.

ALD. ELLIOTT'S FOX TERRIER GONE

Ald. Elliott met with a loss this morning, in which he will have many sympathizers. He was at the Hunter street bridge with his little fox terrier which is a general favourite among Ald. Elliott's friends, and a C.P.R. switching engine came along; the dog getting in the way of the wheels was so badly mangled that it had to be killed to be put out of misery.

RHEUMATISM

Moxsen's Rheumatism Cure seldom fails to relieve pains in legs, arms, back, stiff or swollen joints in a few hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system. —MOXSEN

Young Shamrocks Are Out To Win

Will Cross Sticks With Ontarios, Of Port Hope, at Riverside Park

The following will be the line-up of the Shamrocks for their match with Port Hope at Riverside Park to-morrow afternoon:—

Goal—Gilman.
Point—White.
Cover point—Devlin.
1st defence—Seymour.
2nd defence—Doris.
3rd defence—Dusty.
Centre—"Jimmy" McNicholl.
1st home—Saunders.
2nd home—Feenie.
3rd home—Bassett.
Out home—Jack McNicholl.
Inside Home—Dobson.

This match will be the most important of the season so far and will probably be attended by a big crowd. The Shamrocks are in good shape and will attempt to trim the fast Ontarios for the second time this season. From all indications the weather will be good for both the spectators and players.

BASEBALL

After the lacrosse to-morrow afternoon on Riverside Park, the spectators will be treated to a fast baseball contest between the Drygoods men and the Clothiers.

LACROSSE

"Tommy" Tucker leaves for Montreal to-night where he will be employed by Mr. J. Elmhirst, of Otonabee, who has several horses in training. Mr. Tucker will be much missed by the Young Shamrock's as he was one of the most valuable men on the line up.

BOWLING

A party of Port Hope bowlers are expected in the city to-night to play the locals an exhibition game.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 11th. Strength in St. Paul has been the only feature of an otherwise dull and uninteresting stock market to-day. Opening prices are unchanged from last night, but demand for St. Paul carried that issue up over two points before noon. The general list did not sympathise to any extent, however, and a drive at C.P.R., which carried it off five points, brought recessions elsewhere. Professionals had the market all to themselves.

London was steady and slightly higher. There was no news marketwise. In Chicago, wheat, corn and oats were firm, recording yesterday's losses. Weakness developed in the afternoon, prices declining easily with losses ranging from one to three points in the active issues. St. Paul lost its early gain. The close was weak.

	Opening	Closing

MRS. JOSEPH POULSTON.

Cobalt No Place For Man Without Means

Local Prospector, Who Has Just Returned, Gives Some Good Avice to Those Thinking of Going in Search of Silver—New Mining Law Causes Trouble.

A Peterborough man who has been in Cobalt since May 1, and who has spent a greater part of the past year in that region, is again in Peterborough. He has made a thorough investigation of that country from a business point of view and is able to give much valuable information to any who are interested in the mining operations in New Ontario.

In an interview he states that he has great confidence in the future of the Cobalt mining region. The country is very rich in mineral and may prove to be the richest in the world, and the mineral is not difficult to get at when both capital and labour are properly applied. Men who went there less than a year ago, properly prepared, have already become wealthy. There are now 21 paying mines shipping ore every day, and five more valuable finds were made during the month of June. There is every reason for believing that this kind of thing will continue.

"I would not advise anybody to go to Cobalt just now and I would not advise a poor man to leave a good job to go there at any time," said the Examiner's informant. "The present laws governing claims and titles work too many hardships to prospectors.

"As the law is now enforced it is the one who first finds mineral thereon, not the one who stakes out a claim, that gets the title. Thus an industrious prospector, after having staked out a claim and worked it for weeks may lose it to some passerby, who happened to find valuable mineral on it. Already there has been much trouble along this line and many prospectors are discouraged. Mass meetings have been held at Cobalt, Haileybury and New Liskiard and delegations have been sent to Toronto to present these grievances.

"Cobalt is no place for the common labouring man without money. Labouring men are standing around with nothing to do and no money with which to get homes. If the law regarding titles is made to apply properly, things will brighten up at once and then one who is prepared may do well to go to Cobalt. Just now there are more leaving the place than there are going to it."

History Of Agreement With Weaving Company

Ald. McWilliams Says the Company Have Not Been Fairly Dealt With—Difficulty Now Arises in Connection With Rebate Asked for Which Would be Illegal.

The Examiner this morning interviewed Ald. McWilliams, chairman of the Manufacturers' Committee, in reference to the complaint of the Colonial Weaving Co. that the City Council has broken faith with them in connection with the bylaw giving their property a fixed assessment.

Mr. McWilliams gave the history of the bylaw as follows: In the fall of 1903 the Council entered into an agreement with the Weaving Company to fix their assessment at $4,000, and passed a bylaw to that effect, subject, of course, to ratification at the next Session of the Legislature. At the close of that year Ashburnham was united with the town, and in the last year of its separate existence the village council passed a bylaw fixing the assessment of the Dickson Company's mills and the property of the Ultimator Co., subject to the approval of the Legislature.

When the united Council came to deal with the applications for private legislation in January, 1904, some objection was taken by some members to the assessment of the Dickson Co. The advocates of the fixed assessment for the Dickson Co. claimed that all three should be treated alike, and after a long contest, a majority of the Council decided to give all three the same treatment, and then another majority, differently composed refused to apply for legislation to confirm any of the three bylaws. The result was, the Colonial Weaving Co. bylaw was not dealt with by the Legislature at all, and nothing else has been heard about it by the Council until this year. In 1904 the company paid about $99 more than they should have under the terms of their agreement with the city. Under the new Assessment Act, which came into force this year, the company's assessment has been reduced from $9,500 to $5,600, so that after this year their taxes will only be slightly in advance of what they would have been under the agreement.

The difficulty now, according to Ald. McWilliams, is as to the taxes for the last couple of years, which have already been paid, and on which the company now ask a rebate. "Unfortunately," said Mr. McWilliams, "there is no provision in the law which will permit the Council to legally make any such rebate, although I think the general feeling of the Council is that the Colonial Weaving Co. have not been fairly treated."

1000 Excursionists From Lake Towns

Will be Here on Friday, the 20th of July.

Another society excursion will be run to this city. On Friday, July 20, the A.O.U.W. and S.O.E. of Whitby will conduct an excursion to Peterborough. Yesterday a deputation representing the A.O.U.W. of that town was here making arrangements for the excursion, which will run from Whitby, Oshawa, Bowmanville, Newcastle, Newtonville and Port Hope, and will also include the Sons of England, which society is co-operating with the Workmen on this trip.

The deputation here yesterday arranged with the street railway for transportation to Jackson Park, and it is probable that a trip over the lift lock will be part of the entertainment provided. It is expected that fully 1,000 visitors will be in the city that day.

Received Report Of Brighton Meeting

An Interesting Session of Park Street Mission Circle.

The Ladies' Mission Circle held their monthly meeting in the vestry of the Park street Baptist church last night, the president, Miss Maggie Mann, being in the chair. The minutes of the last meeting were read by Mrs. Joseph Johnston. Mrs. M. Mowry gave the report of the woman's meeting at Brighton, to which she was a delegate from the Circle.

A long and interesting account was read from the Indian reserve in the Northwest, between the Lakes Manitoba and Winnipeg, which is 12 miles by eight. Successful gospel work is going on. The ladies decided to help by a 10-cent canvass among all their friends, which will mean considerable. It was decided to spend an evening at "The Maples" Farm, Monaghan, at the kind invitation of Mrs. Robt. Smith, during the fourth week in this month.

Busses will be engaged to carry the ladies and their friends.

Other routine business was attended to and the meeting adjourned.

Had a Bad Leg.

"For twelve years I was a great sufferer with eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was terrible. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore." Mr. Alex. McDougall, Postmaster, Head Cove, Marsh, N.S.

Galt Wants Cars For The Sunday

Movement on Foot to Have Street Cars Run That Day.

Galt, July 11.—It is becoming more and more apparent that the people of this town want the Grand Valley Railway Company to be given leave to enter its gates on Sunday, or they will know the reason why. In a fair estimate, there are probably as many as a hundred common citizens of Galt ready to take a spin down the beautiful valley of the Grand River on a Sunday—to get away from the heat and the familiarities, not to mention the cares and worries of the work-a-day town. Of these, who didn't own carriages or bicycles and weren't able to afford a livery, if such a thing could have been got, ten yesterday walked the three-quarters of a mile, from the street car depot to the boundary line of the corporation, where the G. V. R. car stood waiting. The working classes are very eager to have the cars run.

Crippled by Kidney Disease.

"I was troubled for years with kidney disease and Dr. Chase's Kidney Liver Pills have entirely cured me. When I began the use of these pills I could only walk from my bed to a chair; now I can go to the field and work like any man." — Mr. W. H. Mosher, South Augusta, Grenville Co., Ont. This statement is certified to by the Rev. E. H. Emett, Baptist minister of Brockville, Ont.

364 GEORGE STREET

Leather Workers' Annual Trip

Will be Taken to Rice Lake on July 28th.

The Leatherworkers will run an excursion on Saturday, July 28th to Jubilee Point and Gore's Landing. The steamer Water Lily has been engaged for the trip, and will leave the Wolfe street wharf at 1.30 and the street railway wharf at 2 o'clock. A booth will be conducted on the steamer and at the objective point games will be played. Dancing will also be indulged in. A pleasant trip is anticipated.

CURIOSITY

Leads to Investigation and Truth.

What shall we do to be saved? was the title of one of Robt. Ingersoll's lectures. People of faith and people of no faith flocked to hear it. Thousands are asking, "What shall I do to get rid of dandruff?" The answer is, "Kill the germ that causes dandruff, falling hair, and, finally, baldness"; and the only thing that will do it is Newbro's Herpicide. That is the very latest discovery of the laboratory, and it is the only preparation that claims to, or that will, kill the pestiferous dandruff germ. It also is a delightful hair dressing, free from oil or grease or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Hamilton Sets This City Good Example

Issues Handbook Giving Information About the City—Citizens Think That Local Manufacturers' Committee Should Follow Suit—A Factor in Securing Industries.

A local gentleman who was in Hamilton recently called at the Examiner office to-day and left a handsome booklet, which he had been handed on that city. It is a volume of 107 pages, yet not bulky. It can be carried quite handily in one's pocket, and contains an immense amount of very valuable information. It was published by the Assessment Commissioner's Department of the city, and every stranger in the city is given one or two to take away with him. The gentleman referred to, was greatly impressed with Hamilton, as an enterprising city, and thought that Peterborough might very well take a leaf out of that city's book. The Manufacturers' Committee, he said, were supposed to get out some literature advertising Peterborough, but more than half the year was gone and nothing was being, or had been done, in the matter, so far as the public could see.

The hand-book he had been given in Hamilton while it contained a great quantity of information, was not by any means expensive. It was illustrated with cuts of the industries of the city—a great many—and when a stranger had one of them placed in his hands on coming into the city, he at once formed a favourable impression of the enterprise and progressiveness of Hamilton. The city was out after the industries in earnest, and, what is more to the point—with no superior advantages to Peterborough—secures them, and the great factor in getting these new industries is the campaign of publicity, one of the features of which is the publication of the hand-book referred to.

The person who reads it and sees what has already been done in the way of securing new industries, at once gets the impression that Hamilton must be a mighty good place to locate in, and then the rest is easy.

The gentleman who showed the hand-book to the Examiner has also given one to a member of the Council, and suggested to him that it was pretty near time the Committee supposed to be in charge of this department got busy and did something.

Half Holiday Question Becoming A Live One

A CLERK'S VIEW.

To the Editor of the Examiner,—

Sir, — In Monday evening's paper I noticed letters signed "Fair Play" and "Business," protesting against the Thursday half holiday arrangement which was begun last week.

Why didn't "Business" and "Fair Play" sign their names to their respective letters in the Examiner? Are they afraid the public would not support their selfish motives? Why should some merchants sign a petition and never intend to keep it? Why is it there is always a knocker or two, and more especially in regard to the half holiday, when all the merchants that had the petition presented to them signed, and others that hadn't been approached closed with the majority?

In a good many respects times are not as they used to be when every night groups congregated in the stores and sat around benches spinning yarns of a century old amid clouds of tobacco smoke. Those days have passed away and smarter ones have followed. When goods are sold the purchaser takes his or her leave, and the business is over in half the time.

If the half holiday plan disarranges business why did the knockers sign? All who signed were men who apparently had brains and good judgment. Where does the injury come in when all stores in one line are closed five hours once a week, and only for July and August?

Thanking you for your valuable space.

Yours, etc.,
J. F. McFADDEN.

AN EMPLOYER REPLIES.

Editor Examiner.

I would like to reply to the letter signed "Business" in The Examiner of Monday. In the first place, he talks about working from 6 in the morning until 11 at night. Well, if it took him that long to do a day's work, he would be too slow to get a job in any modern store to-day. The clerks to-day do not take as long as that, and do not think it right that they should be compared to a man who requires 18 hours to do 10 hours' work. In the days "Business" speaks of stores were used for men to sit around in and spit tobacco juice all over the place, swap stories, and gossip about the people of the town. Those stores are for the country crossroads or the bush, but not for a city like Peterborough.

The clerks of to-day work hard for their employers, because they appreciate that it is as much to their advantage to see that business is good, as the more money their employers make, the better the clerks' chances are.

All merchants know that July and August are dull months, and eight half holidays in that period will not do any good, reliable business man in this city any harm.

"Business" speaks about copying Port Hope. Perhaps he is so slow that he does not know that the bigger stores in the large cities recognize that their clerks work better for a half day's rest over a week, and they close their stores on Saturday afternoon. Eatons do this—but the chances are that "Business" does not go to Toronto often enough to see this—or perhaps he is so stingy that he does not read the papers and does not see the advertisements. He looks like a man who would not spend much money on advertising himself, too.

Shields, Peterborough, transacted business in town yesterday.—Lindsay Post.

Good Attendance At Murray Street Annual Picnic

Trip Around Lakes and Sports Held At Lakefield

One hundred and seventy five pupils of the Murray street Baptist Sunday school, and their parents and friends, attended the annual picnic of the school to Lakefield and the Lakes yesterday. The weather was particularly favourable and the outing very enjoyable in every respect. The excursion party left the city on the 8.30 G.T.R. train for Lakefield yesterday morning and took the steamer Empress for Mount Julian where dinner was served. The picnicers remained at this point for about two hours when the steamer again called and took a large number of them for a trip as far as Crowe's Landing, Stony Lake, calling at Mount Julian again on the way back to Lakefield, which was reached about 5.30. Tea was partaken of here and the sports run off. The party reached home about 8.40 in the evening by special train from Lakefield.

The following is a list of the races and the prize winners;

Boys under 9 — Roy White, Harold Yelland.

Girls under 9 — Olive Regan, Aleen Kendry.

Boys 9 to 12 — Ken. Routley, Norman Wilson.

Girls 9 to 12 — Mary Evans, Florence Scott.

Boys 13 to 16 — Jack Eastwood, Ray Scott.

Girls 13 to 16 — Maggie Eastwood, Isabella Kleome.

Boys over 16 — J. Ellis, Percy Glade.

Girls over 16 — Helen Routley, Emily Miller.

Teachers' race — Emily Miller, Abbie Garbutt.

Boys' boot race — Ken. Routley, Jack Eastwood.

Wheelbarrow race — W. Garbutt, L. Cross.

Egg race — Florence Scott Maud Evans.

Boys three legged race — J. Ellis, P. Blade.

Girls' three legged race — Ethel Garbutt, Alice Hardwicke.

Boys' bun — Ellis Armstrong, V. Eastwood.

Girls' bun — Maud Evans.

The success of the picnic was largely due to the efforts of Mr. Will Cochrane and Mr. H. A. Robb, who had charge of the arrangements.

'Twill be a pleasant sail with the Stranger's Fellowship Club of the Y. M. C. A. to Stony Lake, Friday, July 20th, via Lift Lock. Tickets 50c.

Boils and Pimples

Red Rash, Eczema, in fact any skin disease, disfigures the complexion because the bowels are constipated—or because the kidneys do not rid the system of waste—or because the skin itself is unhealthy.

Ointments, salves and soaps are useless. Because the trouble is with the blood.

Owing to defective action of bowels, kidneys or skin, the blood becomes laden with impurities. It is these impurities — deposited by the blood — that make boils, pimples, and painful, disfiguring skin diseases. It is because the trouble is with the bowels, kidneys or skin, that FRUIT-A-TIVES cure these diseases

Fruit-a-tives

OR "FRUIT LIVER TABLETS"

act directly on the eliminating organs—correct their irregularities—strengthen them—and thus clear the skin and make the complexion clear and soft.

If you have any skin trouble—or any fault with constipation, liver trouble, biliousness, headaches, indigestion, rheumatism—cure yourself with Fruit-a-tives. They are made of fruit juices and tonics—and never fail to cure.

50c. a box or 6 boxes for $2.50. Sent on receipt of price if your druggist does not handle them.

To-Morrow To See Close Of This Session

Announcement of the Prorogation of Parliament.

KILLED LORD'S DAY BILL

Senate Changes the Name to Sunday Bill—Measure Finally Reported, After Many Amendments, in the Senate — Consent of Attorney-General of Province Required in Prosecutions Under the Act.

Ottawa, July 11.—Members were gratified last night by the announcement by the Premier that prorogation will take place on Thursday. Yesterday the remaining items in the estimates were passed, and supply bills were introduced and advanced several stages.

Good progress was also made with the new rules of the House, and the bill repealing pensions to ex-Ministers was reported by committee after Mr. Foster had spoken strongly in favor of the principle of granting pensions to ex-Ministers of the Crown who need such provision.

The Premier expressed sympathy with the principle, but admitted the defects in the bill of last session, which had aroused the opposition of the people. At the same time he declared his readiness to listen to any practical suggestions for meeting the need of those who had given their lives to the service of the country.

When the House adjourned only a few Government bills remained on the order paper.

No Compensation For M. P.'s.

The committee on election laws reported a bill providing that no member of Parliament can practice before committee of the House or receive any compensation directly or indirectly in relation thereto. The imprisonment feature of the punishment was struck out and the fine made not less than $500 nor more than $2,000, instead of $10,000. A clause was added providing for the punishment of anyone who offers compensation to such a member for such services.

THE SUNDAY BILL.

Measure Finally Reported For Third Reading in the Senate.

Ottawa, July 11.—Yesterday morning the Senate went into committee on the Lord's Day bill.

On the first clause Senator Power moved that the word "Sunday" be substituted throughout for the words "Lord's Day," which is used throughout the act as passed by the Commons. He held that the language should be the language of ordinary conversation. The first day of the week was ordinarily called Sunday, not the Lord's Day.

Senator Mitchell approved the amendment. All days were supposed to be Lord's days, but there was only one Sunday in the week. The amendment carried by 21 to 13.

A great number of amendments were made, but one of the most important amendments was made on motion of Senator Kerr of Toronto, and declared that no prosecution can be commenced without the consent of the Attorney-General in the province in which the offence is alleged to have been committed.

At 11 o'clock last night the bill was reported and the amendments concurred in, and the third reading fixed for to-day.

Sir Mackenzie Bowell said he would divide the House on some amendments.

PORT ARTHUR SCRUTINY.

Mr. Justice Teetzel Orders Other Side to Start Count.

Port Arthur, July 11.—The scrutiny into the ballots in the Port Arthur and Rainy River election trial was adjourned at noon, to be resumed in Toronto on the 23th, when argument will be heard as to the rights of the court to scrutinize ballots cast by aliens and under-age voters. Justice Teetzel was not clear on this point and would not proceed until it had been cleared.

At the adjournment Mr. Preston had succeeded in striking off twenty-six ballots polled for Mr. Kennedy, thus giving him (Preston) a majority of fifteen. At this stage the justice ordered that Mr. Kennedy proceed with his case, as there was no use continuing to pile up a majority for Preston. If Kennedy succeeds in affecting the majority secured by Preston, the latter will be allowed to go on again.

Stabbed in Drunken Quarrel.

Galt, July 11.—J. J. Groves stabbed William West in a drunken quarrel at the New Royal Hotel last night, and the injured man is in a precarious condition. A clasp knife was the weapon used, and seven or eight stabs were inflicted, one close to the heart. Groves is a gasfitter and West the hostler of the hotel. The man who did the stabbing fled.

Memorial Service.

London, July 11.—A memorial service for the Canadian and American victims of the Salisbury railroad disaster of July 1, took place in St. Paul's Cathedral yesterday in the presence of a large congregation, including many celebrities. The service, which was fully choral, was conducted by the Dean of St. Paul's, assisted by Archdeacon Sinclair.

PRESIDENT KILLED.

Brazilian Revolutionists Have Seized State of Mattogrosso Capital.

Rio Janeiro, Brazil, July 11.—The revolutionists in the State of Mattogrosso have occupied the capital of the state, Cuyaba, murdered the President of the state and seized the Government.

Disgusting Conditions in Britain.

London, July 11.—The annual report of the inspector of factories and workshops yesterday, shows that the conditions here are quite as revolting as anything alleged of the Chicago Meat Packing revelations. Dirty factories and disgusting methods seem to be the rule, instead of the exception. Jam factories, bakeries and sausage makers are all censured as being equally filthy, and the description of one fits most of the others.

AT "CALAMITY CURVE."

Ballast Train Backed Into Pile-Driver and Kills Three Italians and Injures a Dozen.

Galt, Ont., July 11.—As a result of a collision on the C. P. R. at noon yesterday, three men lost their lives, V. Nicolo and F. Favello, Italians, and Samuel Muma, a Scotchman, of Innerkip, foreman of the gang of 50 navvies, of whom the dead men were members.

About a dozen other Italians were hurt.

The accident was caused by a ballast train backing into a pile-driver on the track, at work near the bridge. The injured are in the hospital. An inquest will be held to-day.

The accident is the seventh, and perhaps, the worst that has occurred at this point on the road, a sharp curve with a steep grade. The spot has aptly been termed "calamity curve."

The wrecking train from Toronto cleared the track before 6 o'clock.

The wreck occurred near the home of Mrs. Dietrich, who showed herself possessed of unusual nerve and presence of mind under trying circumstances. She telephoned for doctors and for priests to minister to the injured Italians and performed splendid service in personally attending to the wounded.

Killed In Belting.

Quebec, July 11.—While playing about his father's mill at St. Casimir, County of Port Neuf, yesterday morning, 4-year-old Joseph Trottier had his clothing caught in the belting and was carried around the pulley at a rapid rate of speed, his life being crushed out.

Drowned In Ottawa River.

Ottawa, July 11.—Phillip Blais, aged 8, son of Wilfrid Blais of Hintonburg, was drowned in the Ottawa River yesterday afternoon. He was playing on the logs and one rolled tumbling him into the water. His companions got him out, but too late to prevent death.

Child Eats Deadly Tablets.

Kingston, July 11.—Yesterday morning a sad death occurred in the Township of Pittsburg. A young lady, Miss Orr of New York, who has been visiting a relative, Wm. Patterson of Dufferin, has been in the habit of taking sugar-coated tablets. In some way a child of Mr. Patterson's secured some of these tablets and before he was observed, ate them. The tablets contained a deadly poison, which should be taken only in small doses. Soon the little fellow was suffering intense agony, and, before medical aid arrived, was dead.

Aged Man's Bad Fall.

Deseronto, July 11.—Levi Gould, an aged resident of Tyendinaga, while purchasing some hardware in W. H. Stafford's store yesterday, met with a serious accident. He slipped and fell about 13 feet to the basement, fracturing his skull. He is 72 years of age.

Victim of Lightning.

Toronto, July 11.—The lightning which accompanied Monday's storm did considerable damage throughout the country. John Davis, a farm hand, in the employ of John Blewart, living in the second concession of West York, was struck and instantly killed, as he was crawling under a haystack.

An Englishman's Sad Fate.

Hamilton, July 11.—Andrew McGarvey, an Englishman, who had arrived in Hamilton from the old land only a few weeks ago, got into a quarrel with a boy named Alexander McDonald, a fellow-employe at the Norton Manufacturing Co.'s factory. It is charged that McDonald kicked McGarvey in the head. Blood poisoning set in, and McGarvey died yesterday morning in the city hospital. McDonald was arrested yesterday afternoon. The charge against him now is aggravated assault.

Chief Tinsley in Charge.

Toronto, July 11.—Chief Game Warden Tinsley, who is considered a safe and reliable man by the Minister of Public Works, will be placed in charge of the fisheries branch as a result of the removal from office of Deputy Commissioner Bastedo. The appointment is not intended to be a permanent one, but will give Hon. Dr. Reaume time to look about him. He stated yesterday that he had no one in mind at all in connection with the position.

Latest News Of Various Sports

Marathon Victor Will Visit Peterborough

Sherring Will Likely be Here on Saturday, July 21st—Big Ball Game Arranged Between Port Hope and Peterborough for That Date.

Peterborough people will have an opportunity in the near future of seeing the great and only "Billy" Sherring, the winner of the great Marathon race and incidentally, the best advertisement Canada has ever sent out. Arrangements are under way to have the great runner give an exhibition here on Saturday, June 21, when there will be a big ball game between the reorganized Peterborough Club and their old time rivals, the Port Hope Ontarios. The locals will play in Port Hope on Saturday where Sherring will also show the stride with which he distanced the world's best runners and bore the maple leaf first across the line in a race renowned for ages. The visit of Sherring to Peterborough will, no doubt, be greatly appreciated by the citizens, all of whom have eagerly read the story of his famous race and will be anxious to see the man of whom so much has been heard in the last few months.

Open Challenge To The Review

Examiner Team is Very Anxious for Baseball Game.

The Examiner baseball nine under the tuition of Capt. Joshua Craig, has rounded into just good enough shape to inspire them with the notion that they are just about fast enough to capture the scalps of Big Chief Metheral's horsehide chasers. Of course it is generally known that this annual game is arranged more out of custom than for any other reason as the laurels are captured by the Examiner leather pounders invariably. Of course while it is probably very unkind to rake up old incidents the mere recollection of which will cause sorrow on the part of the sporting man of the Tory rag, it is assumed that the unmerciful drubbing administered the Review hockey team last winter by the seven whirlwinds from the Examiner office, has caused them to lose their nerve and in spite of repeated hints that the nine from this institution are hardly able to contain themselves, so anxious are they to get on the time they have received no response from the ones at whom these repeated insinuations have been hurled. It was decided to withhold this intelligence as long as possible, but as no attention has been paid to the Examiner's repeated advances the matter is set before the sporting public who have long been looking forward to the meeting of the old time rivals with more than ordinary interest. If the Review will muster a nine together for the occasion the Examiner people will promise not to trim them by over 30 runs furthermore permit them to gain the plaudits of the public by giving the losers a barrel of flour to any local charitable institution.

A return game could be played at the Printers' Picnic, which will be held this year at Idyl Wyld on Civic Holiday.

Baseball Game In Port Hope

Peterborough Team Will Play There on Saturday.

The Port Hope Guide says:—Just as we go to press we learn that satisfactory arrangements have been made for a game here between Peterborough and Port Hope, for Saturday afternoon next. Sherring, the winner of the great Marathon race will run an exhibition mile and this will be the great feature of the program.

Tennis Tea Was Great Success

Nicholls Oval Club Had Very Pleasant Gathering.

The Nicholls Oval Tennis Club held another delightful tea at the Oval last night which was attended by a large number of members. The gathering was marked by the sociability which is always a feature of such an occasion with this club and a very pleasant time was spent. The weather conditions were all that could be desire. After tea the members participated in a lively game on the courts.

SHEA GOES BACK TO SHORT STOP

Dennie Burke says he will make some changes on the Duffs team before the team plays again. Shea will play short stop (his right position by the way), Shea has always played short stop, and can play that position. It is said by outsiders, with any amateurs in Ontario. He does not pretend to be a catcher though he can make a good job of it, but where he shines is at short stop.—Brantford Courier.

CHANCE FOR SOME YOUNG LOAFERS

To the Editor of the Examiner:

Wanted.—About seventy-nine young men of all shapes and sizes, from the tall, graceful dandy with the baseball moustache (nine on a side) down to the little hump-back, corduroy beaded, weasled eyed upstart. The object is to form a gazing corps to be in attendance at the street corner each Sunday during the summer, before and after divine service, to stare at the ladies as they pass, and make delicate remarks upon their person and dress. All who wish to enlist in the above corps will appear at the various street corners next Sunday morning and evening, when they will be duly inspected and their names, personal appearance and quantity of brains registered in a book kept for the purpose and which will be published. To prevent a general rush, it might be as well to state that none will be enlisted possessing intellectual capacity superior to that of a well-bred donkey.

CHURCH-GOER.

BASEBALL

The Strathconas will play a game in Lindsay to-night with the Y.M.C.A. team of the Lindsay town league. The team, which will leave on the 5.35 train will be picked from the following:—Pannell, Swanston, Crane, Fitzpatrick, Pedlar, Craig, Kendry McMillan, Shaw and Curtis.

• • • •

The situation in the Guild League has taken a remarkable change in the last few days. Charlotte Street, instead of being the champions of the league with both their opponents out of the race, now find themselves engaged in a neck and neck contest for the pennant with George Street, which a few days ago were the tail enders. St. Paul's default of their two games with George Street followed by that team's surprising defeat of Charlotte Street on Monday night, amply exemplifies the truth of Raymond Hitchcock's hit, "Ain't it funny what a difference just a few hours make?"

This sudden change in the league standing has caused great excitement among the fans and George Street's stock has gone away above par. The last innings of the game will be played on Friday night, followed by the first half of the final game for the championship. There will no doubt be the record crowd of the season to see the contest, which in view of the form displayed by George Street during the past few days will be a great game.

• • • •

(Toronto Star.)

See Barrow's awaiters, blithe and gay,
Their work is really pretty,
"Come, clear the way," they seem to say,
"We're after Jersey City."

• • • •

It is a matter of fixed principle with the Torontos to hit a baseball whenever they see one, provided there is no game on.—Toronto Star.

FOOTBALL

The Peterborough Quakers may yet have an opportunity of playing for the Intermediate Championship of the O. F. A. The team held a practise last night on Central Park and the members all being willing to meet their own expenses to Toronto to play the Little Yorks, Mr. Brigden, chairman of the Match Committee was communicated with to try and arrange the game with Little Yorks to-day. The latter had made arrangements to play with Preston after they were notified yesterday that the Quakers were out of the running. The locals, therefore, did not go to Toronto to-day. Arrangements are now under way to have the Quakers play the winners next week so that they may yet have a try for the Ontario championship. The executive will know some time this week.

• • • •

The Quakers will hold a practise to-night on Riverside Park in preparation for the probable game with the winners of the Little York-Preston teams. The following players are requested to be in uniform at 7 o'clock:—McFadden, Doris, Simpson, Evans, Archibald, Best, Deforge, Fitzgerald, Sullivan, Gibbs Todd, Brooks, Baker, Armstrong, Boycott, Crough, Barrie, and any other members of the club.

LAWN BOWLING

The bowlers are thoroughly enjoying the beautiful weather of this week by keeping the Brookside green well filled with players every afternoon and evening. The games are becoming more interesting and are attracting a large number to this popular spot. The results of yesterday's games are as follows:—

Afternoon Games.

Delong	R. Davidson
T. E. Fitzgerald	Dr. Greer
W. F. Johnston	D. Belleghem
Dr. Marshall, 16.	Dr. Boucher, 16.

Evening Games.

A. L. Talbot	A. Belleghem
Dr. Marshall	John Green
T. H. Pratt	D. Kerneghen
Dr. McClellan, 17.	D. Belleghem, 5.
R. Davidson	Dr. Caldwell
Dr. Gowen	W. Switzer
R. Cottrell	W. S. Robinson
Dr. Greer, 16.	J. Russell, 5.
C. Wood	Davey
A. R. Kidd	W. Dayman
S. Sharpe	L. A. Potvin
W. Johnston, 11.	G. H. Giroux, 16.

GOLF

The fourth round for the Stratton trophy is to be finished by Saturday, July 21st.

The draw is as follows:—

Mr. Easton, 20.	Mr. Walker, 12.
Mr. Merritt, 24	Mr. Mulholland, 12.
Mr. Matthews, 24, bye.	

LACROSSE

Messrs H. Morgan and W. Meagher went to Newmarket to-day to play with the team of that town against Bradford to-day.

A Presentation To The Pastor's Family

Mrs. (Rev.) Robeson and the Misses Robeson Honoured Before Leaving Fraserville for Greenwood — Members of the Congregation Give Them Valuable Presents— Other Interesting Fraserville News.

Examiner Special.

Fraserville, July 11th. — Mr. Jas. Cruikshanks, and bride, of Peterborough, spent the first with his parents and sister, Mr. and Mrs. Hugh Cruikshanks, and Mrs. Robt. Delahey.

Miss Mamie Fisher is visiting with friends in Belleville and vicinity.

Miss M. Smythe of Cleveland, is a guest at the home of her cousin, Mr. David Smythe.

Miss T. Elliott of Peterborough, was the guest of Miss Ethel Waterman for a few days last week.

Miss C. Clayton and sister, of Port Hope, spent the first with their friends here.

Miss Maud McIlroy is home for her holidays, from Fox Point, Muskoka, where she has been teaching during the past year.

Presentation.

A very pleasant event occurred on the evening of June 28th when a large number of friends met at the Methodist church to say good-bye to Rev. and Mrs. Robeson and family, ere their removal to Greenwood.

Mrs. Robeson, Misses Maggie and Clara, were asked to come to the platform. Mr. G. F. Clark read the following address, and Misses Waterman, Cunningham and Might made the presentation.

To Mrs. Robeson, and Maggie and Clara—

Dear Friends, — We, the members of Fraserville congregation and choir, knowing that you are so soon to leave us, desire to express our deep regret in having to part from you.

During your short stay among us you have endeared yourselves to us by your kindness and helpfulness in every way in the social circle, and also in all church work. We esteem you, Mrs. Robeson, for your true helpful Christian character, and we will not soon forget how you have encouraged us. Particularly, as members of the choir, you all have been untiring in your efforts, and we feel that we shall greatly miss you.

As we desire for each to take with you some token of our friendship and esteem we ask you, Mrs. Robeson, to accept this purse, and Maggie and Clara these rings and pins, hoping that they may be pleasant reminders of your friends at Fraserville.

Our united prayers are that God may bless and prosper you all in your new field of labour.

Signed on behalf of the congregation and choir.

Ethel Waterman,
Ella Cunningham,
Sadie Might,
G. F. Clarke.

Mrs. Robeson replied very fittingly although she was completely taken by surprise. Mrs. Robeson's gift was a beautiful Morocco leather bag containing a coin purse with several gold coins. Misses Maggie's and Clara's were each a beautiful gold signet ring with initial, also gold pins.

After the presentation a reception was tendered Rev. Mr. and Mrs. Wetherall. Refreshments were served and all went home having thoroughly enjoyed the evening.

Mrs. David Wood of Peterborough and daughter, Mrs. Robert Wyatt, of Melitla, Man., were the guests of Mr. Arthur Wood on Wednesday last

Misses Ada and Myrtle Fisher spent a few days last week with friends at Garden Hill.

Mr. and Mrs. A. H. Carl and family who have been visiting the former's brother, Mr. Arthur Carl, for a few days, left for their home in Toronto on Tuesday.

Mrs. Callen of Cobocunk, is a guest of her sister, Mrs. Arthur Carl.

Miss Ethel Waterman visited with friends in Bailieboro last week.

Miss Jessie Lightfoot of Peterborough is the guest of Miss Ada Fisher.

Mr. and Mrs. Arthur Wood spent Sunday in Keene.

Miss Crystal Stewart of Millbrook, is visiting her parents, Mr. and Mrs. Jas. Stewart.

Miss Flossie Seabrooke returned returned home from Peterborough on Saturday, where she has completed a course in typewriting and shorthand at the Peterborough Business College.

The many friends of Mrs. Jos. Hopkins will be pleased to learn that she is improving nicely from the accident she met with and expects soon to be able to be brought home.

Y. M. C. A. Boys Off To Their Clear Lake Camp

Party of Thirty-five Left To-day For Three Weeks' Simple Life—Those Who Composed the Party.

With provisions enough to furnish the commissariat of an army for a week, and with paraphernalia that would make the transportation department of a circus look worried, the members of the ninth annual Y. M.C.A. camp left the city on the 11.55 Lakefield train to-day for their two weeks of simple life at Sandy Beach, Clear Lake. About 35 were in the party, who will take the steamer Majestic at Lakefield, and go at once to their camp, where all hands will have to get to work to put up tents.

No advance party was sent this year, so that there will be more work than usual for the main body. Among those in the party were Mr. G. H. Williamson, leader; Mr. Manning, of Victoria College; Gordon McClennan, Stan. Madill, Max. Dobbin, Art. Hall, Alf. Gilbert, Grant Potter, A. Clements, Elmer Sanderson, W. Fortye, G. Minorgan, Chas. Dean, Frank Patterson, H. E. Saxby, L. Stevens, C. Drummond, R. Dutton, Douglas Layfield, Wilfred Stratton, Stanley Wade, Geo. Martin, Percy Hooper, S. Outram. Thos. Arnott will accompany the boys as chef.

Otonabee Farmer Tells Of Sheep Destruction By Dogs

Suggests Methods of Allaying the Wholesale Havoc—Some Vicious Dogs Leave the City on Sheep Expeditions—Eight Were Killed in One Night.

To the Editor of the Examiner:

Mr. Editor,—From the standpoint of a farmer I would like to point out to the readers of your worthy papers and especially to those residing in the suburbs of the city and in the country who have dogs in their possession, of the great destruction and havoc which the latter are causing among the sheep folds of the farmers. I do not keep sheep myself so that there it is of no personal benefit to me whether the animals that clothe us are slaughtered by vicious canines or not. Yet I reside in Otonabee in a district where farmers have severely suffered from the ravages of blood thirsty and useless dogs and I think that these men should be protected.

A week ago last Sunday night Mr. J. J. Howden, a butcher in your city, had eight sheep worried to death by dogs in his own field a short distance below Downer's Corners. Last Thursday night the Thompson Bros' sheep fold on the same road was attacked and had not the ravenous enemies been seen in time, probabilities are that the same story would have been related. As it was one animal was badly worried. Dogs were after Mr. Robert Bowden's pigs on Sunday night and chewed the ears off two.

This is only a glimpse into the destruction which is going on throughout the country so that at the present time very few farmers are keeping sheep. As a result there is a noticeable rise in the price of clothing from former years, and I believe the wholesale destruction of sheep by dogs has a great deal to do with the question.

I have noticed several half starved dogs from the city roaming through the country at hours when they should have chains around their necks and placed behind closed doors. Not only these but many of the hungry brutes belonging to the country people are allowed to wander where they please after dark.

If I had the legislation governing the keeping of dogs in my hands, I would have a $3 tax on every dog and $5 on every bitch. I would also have every dog seen roaming about after 7 o'clock on other people's property without an owner, disposed of at the will of the person or persons upon whose property it trespassed. And until such methods are accomplished, Mr. Editor, it seems impossible that farmers or any person else will be able to keep sheep with profit.

Thanking you in advance for the space, I remain,

Yours truly,
"OTONABEE FARMER."

Lindsay's Rate To Be 28 Mills

The Ratepayers Will Have to Pay That This Year.

The town council of Lindsay has decided to strike a tax rate of 28 mills on the dollar, which is the same as that of 1905.

The estimated expenditure for the year is $26,565.00, and the estimated receipts $6,000.00. The expenditures include hydrant rental, $3290; Board of Works, $2580; special grants, $1090; salaries and allowances, $7,600. Some of the aldermen favoured a lower rate, believing that the expenditures could be sufficiently reduced to allow this.

Wore Bathing Suits On Street

Newport Women Inaugurate a New Fad in Dress.

Newport, R.I., July 10.—Four society women, walking leisurely down Bellevue avenue in bathing suits in the morning, created a sensation and incidentally suggested that even the bathing hour might have to yield to a change of fashion. The women took particular pains that their identity should not be discovered, for they wore thick veils. They were on the way to their daily dip, and either had not been able to secure a section in the bathing pavilion or were making an effort to be the pioneers of a fad. Their bathing dresses were perfection of art.

Drunk on Sunday Was Fined $5

The Only Case Before Magistrate Dumble This Morning.

Only one case occupied the attention of the police court officials this morning. The young man who appeared on Monday, and who was remanded until to-day, on a Sunday drunk and disorderly charge, pleaded guilty to being under the influence of liquor, and felt sorry for his misconduct. It was the first time in his life that such a circumstance had occurred, and he promised that it would be the last.

The Magistrate said that he would have to impose the usual fine of $5 for being drunk on a Sunday, with $4.15 extra for costs, or ten days. The fine will be paid.

Barbers Charge Higher Prices

New Schedule Adopted by the Tonsorial Artists of Brantford.

The Brantford barbers find that they have not been charging enough for their services, and a new schedule of prices has been arranged. The Expositor compares the old with the new prices, which are as follows:

	Old price.	New price.
Shaving	10	10
Sea-foam	10	25
Singeing	10	15
Beard-trim	10	10
Facial massage	15	25
Hair-cut and beard-trim	30	35
Shaving neck		5
Hair-cutting	20	25
Shampoo	25	25
Honing razors	25	25
Shaving sick	25 and 50	50

THE PETERBOROUGH BOOKSTORE

"THE DAYLIGHT STORE"

IT'S RAINING MONEY

It's almost raining money here these days. Patrons are actually showered with dollars.

The number you get depends on the amount you buy.

Buy one of our $12.00 suits or top coats, and you get it for $9.90.

Buy a $15.00 garment, and you get it for $11.90. Buy a regular $18.00 garment, and you get it for $14.90.

Then in the lower lines our reductions are just as sweeping.

OUTING SUITS

You always want to look your best when you go on your vacation, and also to feel as comfortable as possible. You will find here a dainty profusion of Summer Suits in many fabrics, colors and shapes.

Outing Trousers of Flannel, Homespun and White Duck, with turn up bottoms and with loops for belts.

We can surely fit your fancy in Outing Wearables, and your satisfaction will be our best reward.

Occasion for Merriment.
Hamilton Times.

A Syracuse, N.Y., girl is suing an electric railway there for $1,000 because she was not furnished with a seat upon paying her fare. She says the conductor laughed at her when she asked for a seat. What did she expect? That conductor had a rare appreciation of a good joke. Expect a seat after paying fare! Well, that's a good one.

Gold Rush Probable For Apsley Section

A Number Of Good Strikes Reported—Mr. Z. Tucker Has a Good Claim But Refuses to Sell—Increased Activity In Prospecting In the Northern Part Of County.

According to reports received in the city to-day from Apsley there is likely to be a marked revival in gold mining operations in that section in the near future. Recent developments indicate that the wealth of gold bearing quartz in the region around Apsley is being realized by prospectors, and, while the movement is being taken quietly, and those responsible are saying little or nothing about it, there are a number of old prospectors, who know gold when they see it, working there, and their number is increasing almost daily.

The prospectors themselves would likely be the last ones to be ready to admit—to the outsider — that there were indications of a revival in the interest in gold mining in the northern part of the county, and for very good reasons, but the fact remains nevertheless.

Mr. Z. Tucker has a property which gives every promise of developing into a rich proposition. He has a staff of men working on it and blasting is going on every day, it is stated, with most satisfactory results. At any rate it is reported, that Mr. Tucker has been offered a good round sum, up in the thousands, for his property, but it looks good to him the way it is, and the chances are that he will keep it.

There are other properties which those "in the know" say are good, so good, in fact, that the present owners do not want to sell—they prefer to hold on to their claims until further development work has been done, in the belief that there will be more in it for them.

It is expected that as soon as the professional miners learn of the condition of things in the north country there will be a flock to that section and some interesting developments are looked for. The people of Apsley are considerably excited over the prospects of a gold rush in their midst and as a result the price of land in the vicinity has increased — everyone who has land has boosted the price a little, and some sales are being reported, too.

A large number of tourists are expected in Apsley this year. Messrs. Windsor and Kennedy have bought a tract of land near Loon Lake, and a large boarding house has been erected, for the accommodation of the increasing number of men who are finding Loon Lake a pleasant place to spend a holiday.

Score of Lives Reported Lost In Boat Wreck

Mississippi Steamer Disaster—Aground and Afire.

Special to The Examiner.

Lacrosse, Wis., July 12. — The Str. "Quincy," of the Diamond Joe Line, with two hundred passengers on board, went aground and then caught fire on a shoal two miles from Tompleleau on the Mississippi River, late on Wednesday night. Half an hour after the ship struck the last person was reported to have left. The roustabouts comprising the steamer's crew, are stated to have arisen to the emergency and displayed the greatest daring and coolness in the face of the panic. Sixty of the passengers who escaped arrived here at midnight. They stories they tell are widely different. Some claimed that at least a score of lives were lost. Others say that only a child swept overboard in the rush to get into the boats, was lost.

Accident At Cordage Works

Matthew Clancy Was Hurt Yesterday Afternoon.

Matthew Clancy, Lafayette avenue, an employee of the Canadian Cordage Company was somewhat badly injured yesterday afternoon by an accident in the factory of that company He was working on a rope-reeling machine, a part of which flew off and struck him on the side, inflicting a bad wound. He was also slightly injured on the arm. Dr. McGrath was called in and attended to his injuries, which are not regarded as serious unless he has been hurt internally. He is doing as well as could be expected to-day.

Lindsay After A Normal School

Sends Deputation to Toronto to Ask For It.

Two deputations pressing the claims of their respective municipalities for one of the proposed new normal schools, waited on Hon. Dr. Pyne yesterday afternoon. One from Lindsay consisted of Mr. S. J. Fox, M.P., for West Victoria, and Mr. Flavelle of Lindsay. They want one of the schools in the latter town. The other was from the city of Stratford and was headed by Mayor Ferguson, who was accompanied by Ald. Monteith, C. A. Mayberry and Jas. Steele. The deputations emphasized the point that they were authorized to give free sites for the schools if their municipalities should be selected. In reply the Minister of Education said that due consideration would be given the requests laid before them. A decision had not been reached as to the sites of the normal schools.—Globe.

Concert By 57th Band At Lindsay

Feature of the Celebration of the Glorious Twelfth.

A feature of the celebration of the Twelfth at Lindsay to-day will be a concert by the 57th Regimental Band during the afternoon. This attraction was arranged for by the committee in charge in order to give the people a chance to hear the crack local organization. Last year the band made a big hit in the same way at Omemee and their playing should be very favourably received to-day.

Biggest Celebration Ever Held In Lindsay

Twelve Thousand Visitors, Says a Despatch—Great Preparations Have Been Made For Their Reception—Speeches by Many Prominent Citizens.

Examiner Special.

Lindsay, July 12. — The largest Orange celebration ever seen in Lindsay is being held here to-day. Orangemen have gathered from all over the district. Every train to-day has brought its quota of loyal sons and daughters of William, and between ten and twelve thousand visitors are in town. The principal streets are in gala attire with bunting and streamers, the elaborate decorating being done by Messrs. J. J. Turner and Sons of Peterborough. Many citizens also have decorated their residences in honour of the ceremony.

The accommodation of the various establishments is being taxed to its utmost to feed the crowd. Most of the people made preparations by tearing down partitions and extending their dining rooms. Temporary restaurants and booths are everywhere in sight on Kent street. The Y.M.C.A. is running a light luncheon and ice cream booth, and the ladies of the Ross Hospital auxiliary have turned the council chamber into a dining room. The Salvation Army have also made preparations to accommodate a large crowd.

The lodges as they came in marched to the curling rink, where they were dismissed for dinner. After dinner the Orangemen will reassemble at the rink, and form in procession in Central Park. The line of the procession is via Sussex street to Wellington street, across the bridge to Lindsay street, back to Kent street and thence to the Fair Grounds. Addresses will there be given by the Mayor, Dr. Vrooman, Col. Sam Hughes, M.P., Mr. J. H. Carnegie, M.P., Mr. Sam Fox, M.P.P., Dr. J. W. Wood and M. W. Bro. J. W. Parkhill from Midland, Past Grand Master, as well as the resident clergy.

Very Rich Vein Struck In Big Dipper Mine

Letter From Superintendent Tells the Story of the Strike—Tests of Output of the Old Shafts Have Been Very Favourable.

The Big Dipper Mining and Milling Company has evidetly struck a rich vein at their mine in te township of Barry, Frontenac county. Mr. J. S. Waldron, the secretary of the company, has just received a letter from J. A. Jamieson, director and general manager, which gives the story of the strike as follows:

"I put the shaft men to work on another vein, a little north of where we were working, and have opened up a very large body of quartz, 12 feet wide, without any waste rock at all. This is the finest showing yet. We are down ten feet. The ore is well mineralized, full of sulphites and silver galena—the best I have ever seen. It is coming out in great chunks. The ore is right on the granite wall."

The last test from the output of one of the first shafts is very favourable. Two and one half tons of rock from the Yellow Jacket shaft show $16.65 per ton of 22 carat gold when refined. The new vein is much richer than the others and the test is expected to show a very high standard. A visit to the Big Dipper mine might be of interest and profit to those interested.

Rates Question Was Discussed

At a Meeting of Dan Spence Council, R. T. of T.

There will be no further meetings of Dan Spence Council, R.T. of T., until September, the officers deciding to call the meeting off during the months of July and August. The trouble in reference to the decision of the Dominion Council to increase the rates will likely be settled satisfactorily. One of the Dominion Council officials was here recently, and, at a meeting of the local Council explained the situation, and the members were brought to see the matter in a more favourable light. There are prospects that when the meetings of the Council are resumed in September, there will be an increased attendance of members, and a more harmonious feeling will prevail among the members.

Choir Enjoys A River Trip

Steamer "Monarch" Engaged By the St. Paul's Choir.

This afternoon the members of St. Paul's choir are enjoying a sail down the river on the steamer Monarch, which has been very kindly placed at their disposal for the afternoon.

Knox Church Picnic To Clear Lake Was Success

Pleasant Outing Spent at South Beach Yesterday.

Favoured by beautiful weather the picnic of Knox church congregation and Sunday school to South Beach, Clear Lake yesterday was a delightful success. The steamer Waterlily had her full capacity on board when she left the Wolfe street wharf at 9 o'clock. The sail over the lift look and through the canal is still new enough not to have become stale to anyone and was greatly enjoyed. Beautiful South Beach, one of the most charming resorts in Kawerthadom was reached at one o'clock and the picnickers partook of dinner there. During the afternoon an interesting programme of sports was run off, after which Rev. Dr. Torrance presented much appreciated prizes to the winners. The races resulted as follows:—

Boot Race, 25 yards—Harold Goodfellow, John Moss, C. Powell.

Boys under 12, 50 yards—Alf. Taylor, Harry Cary, Garnet Tovey.

Boys under 16, 75 yards—Alf. Taylor, G. Tovey, C. Powell.

Girls' Boot Race—Verda Watt, Jessie Miller.

Boys' 3-Legged Race, 25 yards — G. Tovey and A. Taylor, C. Powell and M. Lee.

Girls under seven—Helen Brooks, Edna Allen, Grace Allen.

Girls under 12, 25 yards—Jessie Miller, Verda Watt, Geraldine Byers.

Girls under 16, 50 yards — Effie Jackson, Bertha Coon, Mabel Bartley.

Young Ladies, 50 yards—Miss Winnie Moss, Miss Winnie Anderson, Miss Maud Bartley.

The Water Lily reached the wharf on her return trip at 7 o'clock. The outing was voted a grand success by every one on board and those in charge are deserving of credit for the arrangements made for the comfort and convenience of the excursionists.

Fatal Injuries To Livery Horse

As Result of Collision on Water Street Last Night.

Last night at 10 o'clock on Water street just above Smith's a horse driven by a Lakefield young man and the property of Mr. Baggitt, proprietor of a Lakefield livery stable, collided with another horse and buggy with fatal results. The collision was, it appears, purely accidental.

The driver of the injured animal led it back as far as McCollam Bros' livery barn, where it collapsed. Two vetinary surgeons were secured and laboured hard to save the horse's life, but it succumbed to its injuries at 8 o'clock this morning.

What Are Your Glasses Worth?

The real value of a Pair of Glasses consists, not in the Frames and Lenses, but in the personal skill of the Optician. Any dealer will sell you best quality Frames and Lenses, but your money is wasted unless they are fitted by a man with the "know how."

Save yourself time, trouble and money by securing the services of a first-class Optician.

We guarantee to give perfect satisfaction, and we have but one price to everybody.

ONE THING AND ANOTHER

Too Soon.

Life.

"I AM 35 years old," announced a woman of 56 at a tea last week.

"And I am 28," said the woman of 45. Then turning to a girl of 17 who stood nearby, she asked, "How old are you, Ethel?"

"Oh," replied Ethel, "according to present reckoning, I'm not born yet."

• • • •

Mother Love.

Bon Vivant.

FRIEND—I am afraid that your husband has a bad cold; he's continually sneezing. It's quite painful to hear him. Why don't you ask a doctor to see him?

Matron—Well, I'm waiting just a few days because it amuses baby to see his father sneeze.

No Wonder He Wept.

London Globe.

ADDRESSING a political gathering the other day a speaker gave his hearers a touch of the pathetic. "I miss," he said, brushing away a not unmanly tear, "I miss many of the old faces I used to shake hands with."

• • • •

Had Presentiment

IT IS RELATED of a Buffalo small boy, who came back from Sunday school, where he had been deeply moved by the story of the making of a wife for Adam out of one of his ribs, that he had a painful stomach ribs, that he had a painful stomachache after dinner. "Mother," said the boy very soberly, feeling of his ribs to see that none was fetching loose, "mother, I believe I'm going to have a wife."—Buffalo Commercial.

Rare Chance

—FOR—

BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office Price and full particulars on application.

THURSDAY, JULY 12, 1906.

FORTY ONE STORIES HIGH.

New York World.

Completed plans have been filed in the Building Department for the new Singer Building with its forty-one-story tower. The location is to be the site of the present Singer Building, enlarged by adjacent property.

The tower will be 625 feet high, the highest commercial building ever known and higher than any church spire in the United States. Its construction will present no novel problem except in the engineers' calculations for resistance to wind pressure. The erection of the walls, the provisions for their lateral strain and the foundation can all be readily planned.

The wind strain will require another set of calculations. Even in buildings of moderate height the wind strain must be considered. It is one of the most delicate factors of calculation in large bridges. Where a bridge is built on piers, so that the wind leverage acts more closely to the point of support, the strain is nothing like so great as in a suspension bridge. So in a tall building the wind strain increases theoretically as the square of the height and practically somewhat more, as a high tower has not the protection of surrounding buildings.

The greater the base in superficial area the easier it is to construct a high tower safely. But the new Singer tower will be anchored to a fourteen-story building with a large base, so that the engineering problem of the wind strain is largely confined to the tower structure above the fourteen-story main building, and the foundation problem concerns only the structural weight.

With the limited area of the financial and business centre of New York and the high cost of land it will become more and more necessary to build very tall office buildings to secure adequate returns on investment. If a $6,000,000 building will give twice the floor area of a $3,000,000 building, and the land in either case costs $3,000,000, it is obvious that an additional investment of 50 per cent. will double the rental income. This financial argument makes the new Singer Building only the pioneer of taller office buildings.

Mr. Curry To Practise Law

Has Returned to Toronto to Resume Practise.

Mr. J. Walter Curry, ex-Crown Attorney, who recently paid a visit to Cuba, in the interests of the Canada-Cuba Land and Fruit Co., Limited, will not devote the whole of his time to the interests of the company, as originally intended when he left for Cuba.

Mr. Curry found the interests of the company so well looked after when in Cuba that he decided to return to Toronto, and devote part of his time to his legal practice. This arrangement was satisfactory to the directors of the company, but it is the intention of Mr. Curry to pay frequent visits to Cuba, in the interests of the company he represents.—Toronto Star.

WAS FINED FOR CONTEMPT OF COURT

The prisoner's box at the police court this morning contained a solitary occupant. This was a man charged with taking one dollar from a lady on a job which he didn't do. He was to have appeared in court some time ago, but being influenced by some friends, he said, did not do what was right, and was sorry for it.

In the meantime, he had returned the dollar to the lady, and produced the receipt, but was assessed the costs of all the proceedings against him, amounting to $8.10, for contempt of court.

The magistrate remarked that there was too much of this sort of work going on in the city, and he proposed stopping it at once.

South Africa Offers No Advantages To Settlers

Mr. D. F. Jacobs, Late of Johannesburg, Says That It Is a Good Place to Stay Away From—Chinese Labour Has Caused Hard Times.

Mr. D. F. Jacobs, of the J. M. Fortier Cigar Company, Montreal, who has recently come to Canada, after a nine years' residence in Johannesburg, South Africa, was in the city last night, and gave an Examiner reporter much interesting information about that city.

"The worst place in the world," was Mr. Jacobs' reply to the reporter's question as to what kind of a place it was for a young man. "The young men were going around the streets literally begging to get enough to eat, and the man with money enough to enable him to leave the place was considered most fortunate. The importation of Chinese labour to work in the mines was the cause of the hard times. These Chinese worked for low wages and bought everything they wanted at the mines, with the result that no money was put in circulation in Johannesburg, and the merchants were beginning to feel the effect of this. Another difficulty with which the merchants had to contend with was the dust evil, which compelled them to keep their shop doors closed tightly at all times. The principal street of Johannesburg, is Commissioner street, full half the stores of which are occupied by Jews. In fact," said Mr. Jacobs, "there are so many Jews in the place that they are thinking seriously of changing its name to 'Jewhannesburg.'"

Mr. Jacobs said that South Africa could not compare with Canada as a field for settlers, and the people in England were beginning to realize that fact, as there was comparatively no emigration to South Africa at present.

Mr. Jacobs who is an Australian, has been four times around the world.

Carpet Company Asks For Fixed Assessment

From the North Monaghan Council—The Matter Will be Discussed at Special Meeting to be Held in the City on Saturday—Other Business at Council Meeting.

Examiner Special.

North Monaghan, July 9.—The Township Council met in the town hall to-day at 7.30 p.m. All the members were present.

The Minutes of the three previous meetings were read and confirmed.

Gravel certificates were fyled as follows:

John McIntosh, 62 yards, Division No. 1, $8.20.

John Patton, 168 yards, Division No. 1, $16.80.

Jas. Lillico, 263 yards, Division No. 1, $26.30.

John Tully, 68 yards, Division No. 1, $6.80.

These accounts were passed and ordered to be paid.

The clerk presented a copy of the equalized assessment from the assessors of North Monaghan and Cavan, of the two Union schools in these townships. This was ordered to be fyled.

A communication was received from the county clerk of Peterborough County showing the equalization of assessment of the several municipalities in the county to be used for county purposes for the year 1906.

Also a demand upon the township for the sum of $1,816.06 for county purposes, and the sum of $85.19 for for school purposes for the year 1906. These were received.

Fixed Assessment.

A communication was presented and read from the Brintin Carpet Co. asking for a fixed rate of assessment for 20 years at $10,000.

Mr. G. W. Hatton, of Peterborough appeared representing the company, and urged the council to grant their request. Mr. Hatton showed the general advantage of having so large a factory established in the township. He said a large number of houses would be erected in the vicinity. The company's pay roll would be from $1,200 to $1,500 per week; fire protection and water and light facilities would be available to residents in the neighbourhood, and altogether, land values would increase, adding to the resources of the township to a very great extent. Mr. Hatton explained that the council could pass a bylaw fixing the assessment as applied for, and then ask the Legislature to confirm such action. Otherwise the bylaw would require to have the assent of two-thirds of all the ratepayers entitled to vote.

It was moved by Messrs. Holmes and Fowler, that the application of the Brintin Carpet Co. for a fixed rate of assessment be referred to a Committee of the Whole Council and the township solicitor, to meet in Peterborough on July 14.

This was carried.

Moved by Messrs. Brown and Holmes, that the matter of repairs to South Monaghan boundary road be referred to the Cavan Boundary Committee with power to act.—Carried.

Moved by Messrs. Fowler and Morrow, that Messrs. Holmes and Brown are hereby appointed a Special Committee to collect all amounts due for gravel taken from the township pit.—This was carried.

Moved by Messrs. Holmes and Fowler, that Messrs. Holmes and Morrow are hereby appointed a committee to investigate the complaint of water lying upon Brown street.—Carried.

Bylaws Nos. 567 and 568, to authorize the reeve and treasurer to borrow a sum of money to meet current expenditures, and appoint a sanitary inspector, respectively, were then introduced and finally passed.

Council then adjourned until the next regular meeting on August 13, 1906.

The Tenders For Land Were All Too Cheap

And Property Committee Decided Not to Sell.

The Fire, Water and Light and Property Committees met yesterday afternoon in the city clerk's office to open tenders for the city lot at the corner of Murray and Stewart streets, which is now being used as a storing place for lumber. There were present Ald. Adams, chairman; Elliott, Duncan, Ball and Mason. Two offers for the property were read by the chairman, one from W. A. Roberts for $248, and the other from W. J. Lundy for $205.

On motion of Ald. Elliott, seconded by Ald. Ball, no action was taken with reference to the sale of the lot, as the prices were not satisfactory.

A request from an East City resident to have a hydrant placed near houses he is constructing on Sophia street, was received. A sewer is being constructed near his property, but he explains that this is of no use to him without water service. Ald. Adams stated that Superintendent Henderson, of the Peterborough Water Commission, had informed him that the cost of extension of the main would be $550 if 6-inch pipe were used. Considerable discussion followed as to the advisability of granting the request, and the matter was finally left over until the next meeting.

Ald. Mason was of the opinion that a new brake should be put on the hose wagon. All of the committee were unanimous in the opinion that the present one was useless.

It was moved by Ald. Mason, seconded by Ald. Ball, that a new brake be placed on the hose wagon, as the present one is inefficient.—Carried.

The question of purchasing a new fire team was introduced by Ald. Mason, but no steps were taken in the matter.

Acknowledgment Of Sunday Offering

$15 Received By Children's Aid Society From St. Andrew's.

On behalf of the Children's Aid Society, Mr. George Cochrane acknowledges $15, from St. Andrew's church, being the amount taken in as collection on Sunday night last, when the members of the Orange and allied orders attended divine service there. This contribution will be very gratefully received by the society, and will be a material help to them in their work.

Editor Post Card Column:

Cruelty to animals does not appear to have been eliminated in the city yet. Last night I noticed a local butcher's horse standing out in the night air when the animal should have been in its stable long before. This, Mr. Editor, is not a rare occurrence, but has repeatedly been done. Is there an inspector of cruelty to animals in this city, and if so why does he not attend to his business?

Yours etc.,
JUSTICE.

WHO IS RESPONSIBLE?

Editor Post Card Column:

Dear Sir,—Can you tell me, who is responsible for the proper maintenance of the walk in Victoria Park, leading up the slope from the fountain to the Court House esplanade? At present it is in a wretched condition of disrepair. The woodwork is absolutely rotten in places and there are numerous holes here and there, which present admirable chances—if not certainties—for broken limbs. At its best the present walk was undesirable. Steps at intervals of twelve or fifteen feet are extremely awkward. I was looking over this walk yesterday and passed over it at some personal risk. The result of my inspection is the conclusion that with a flight of two or three steps at the base of the slope, to ease the grade, a sloping walk of concrete or other material could be laid down and be a comfort to frequenters of the park in contrast to the existing walk, or man trap, which is really in a condition favouring broken legs, if not more serious injury, duty is it to look to the improvement of this walk?

Yours truly,
CAUTION.

Wonders of a Modern Factory

The Perfect Food Is Made In Absolute Cleanliness.

A visit to the greatest modern food factory is a revelation to anyone not familiar with the development of machinery in recent years. Such a visit verifies the claims of the manufacturers of Malta-Vita, that this perfect whole-wheat food is cooked, steamed, mixed, baked and packed in absolute cleanliness.

"Purity" is the watchword of this wonderful establishment. From the time the wheat is received in the factory until the finished product is shipped out to all parts of the world, Malta-Vita is not soiled by human hands. Machinery, clean, shining machinery conveys the wheat through all the long process, even to the packing and sealing of the air-tight, germ-proof, dirt-proof packages.

After the wheat has been thoroughly cooked and steamed it is mixed with pure barley malt extract and each grain of the malted wheat is rolled into a wafer-like flake. Then it goes to the great ovens where, under intense heat, it is baked crisp and brown —Malta-Vita, the most delicious, the most healthful food in the world.

Malta-Vita is always ready to eat. No cooking. No inconvenience. And you never tasted anything quite so good. All grocers, now 10 cents.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day and Friday—Light to moderate winds, Fine and warm.

Prof. Kinsella in the City.

—Prof. J. O. Kincella, the well known scientific chiropodist, is in the city on professional business.

One Cent a Ride.

—In Kingston the Street Railway Company give the children a one-cent rate on Friday to attend the shows held in Lake Ontario Park.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonnel street. 'Phone 199.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

All Saint's Excursion.

—The annual excursion of All Saints' Sunday school will be held on Wednesday, July 18, to Mt. Julian. The excursionists will leave on the morning train for Lakefield, and the steamer will be boarded there.

Removing to Peterborough.

—The Norwood Register says: We understand that Mr. Samuel Adams has purchased a farm near Peterborough. Mr. Adams recentnly sold his farm east of Norwood to Mr. John Baskin.

Not in Peterborough.

—The Lindsay Post says: How often it occurs that small boys below the age week to buy cigarettes from the local dealers, and when they are refused they go out and get some larger companion to purchase the weeds. Pity the purchaser who buys such coffin nails for the minors.

Good Decoration.

—The Orangemen have given the contract for decorating the streets for the 12th to Messrs. Turner and Sons, of Peterborough. As we go to press the firm have men putting up the decorations, and the streets are taking on a gala appearance.—Norwood Register.

To Take With You on Your Vacation.

—A Fountain Pen should be the companion of the tourist and traveller; if it is not used at other periods it is indispensable on the vacation trip. We sell the "Stratton Special," a good dependable fountain pen, for $1; also Waterman's fountain pens from $2.50 to $7. A. H. Stratton & Co.

Publish Assessment.

—The first municipality we have heard of to publish the assessment roll is the township of Amelias burgh. This is done to give everyone an opportunity to thoroughly examine his assessment, and if any errors exist, or if his rating is regarded as too high, he can take the necessary steps to have the same adjusted. —Hastings Star.

Serious Accident.

—While Messrs. C. Elliott and John Robb were putting up a hay carrier in Mr. Wm. Buck's barn on Monday a slight mishap occurred. Mr. Robb was holding the ladder while Mr. Elliott was working in the peak, when the ladder slipped and broke, and Mr. Elliott fell to the floor, a distance of 14 or 15 feet, landing in a sitting posture. — Norwood Register.

Constant Reader.

—What width scaffold is a brick contractor compelled to leave for the other trades by law, or what is the law regulating that question? Answer—There is no law regulating this matter, which depends upon the specifications drawn up by the architect and upon which the contractors tender for the work. Unless the specifications so provide he is not bound to leave a scaffold for the other trades.

Early Closing; Coal Combine And Some Other Things Written

THURSDAY HALF HOLIDAY.

To the Editor of the Examiner,—

Dear Sir, — I noticed in last evening's Examiner a letter signed by Mr. McFadden, giving the clerks' view of the Thursday half holiday, and also a letter from an "Employer" regarding the same subject. Both of these letters appear to be written by the same individual; as to that I cannot say definitely, it just appears that way—perhaps great minds run in the same groove, and I may be mistaken. However, that is immaterial.

As a business man, I object to having my business all disarranged by this half holiday. The drygoods houses close, then those who desire to do business with the drygoods merchants or their employees find them away from their business places and, as a business man, it does not require a clerk or employer to inform me as to business methods. I have been many years in business and I know whereof I speak, that half of the merchants that signed the Thursday afternoon half holiday petition, did it against their own best judgment, just because they did not want to stand out, while some others were signing it, and being afraid of being boycotted—some of them told me so.

That all business is disarranged in the city is beyond doubt, and stores that close their places of business for half a day in the week, cannot catch up in the balance of the week, any more than a merchant can catch up in a late season. Unless the seasons come regularly and properly there is a loss, and we have sometimes to slaughter our goods on account of the lateness of the season. We lose business in just the same way by closing our stores on Thursday afternoons and never catch up. The clerks of to-day are no more attentive than the clerks of days gone by. No more half holidays for me.

Yours truly,
BUSINESS.

THE PRICE OF COAL.

To the Editor of the Examiner,—

Dear Sir, — Will you kindly answer the following questions:

Is there a combine between the coal men of Peterborough as to the price to be charged for coal until the end of the year, perhaps longer — which is practically an agreement—a combine—between the coal dealers?

Is there an understanding that there is to be no canvassing for orders?

Is coal $1 per ton more in Peterborough than in some other places?

Is there any way by which the people can combine not to purchase coal from the present dealers?

Is there an agreement that cash must be paid for coal?

Cannot the municipal council start a coal yard, and break the combine?

Are the poor people of the town to be charged the high price, while the coal dealers may enjoy all the luxuries of the season?

Should the Mayor not call the attention of the Crown Attorney to the combine and take proceedings? It is not necessary that a combine shall be in writing—an understanding or agreement is sufficient—why should the people have $1 a ton extracted from them?

Yours truly,
A WORKING MAN.

The correspondent is asking some questions that the Examiner is unable to answer. The rate for coal seems to be pretty uniform. If our correspondent will ask the coal dealers, they will tell him there is no combine. There is certainly no direct canvassing for orders, but it is questionable if it is not being done by some indirectly. Coal is higher in Peterborough than in some other places.—Editor of Examiner.

ASSESMENT VALUES.

To the Editor of the Examiner,—

Dear Sir, — I see in your last night's paper that the rate on the dollar to be paid by the property owners in Lindsay is to be 28 mills, which is the same rate as last year. This may mislead some of the readers of the Examiner when the rate in Peterborough is 17 1-2 mills. As the assessment in Lindsay is about 50 per cent. of the value of the property, while in Peterborough it is assessed at nearly full value. I know many properties in Peterborough that can be purchased for what they are assessed for.

Yours truly,
ONE WHO HAS PROPERTY IN BOTH PLACES.

BRIDGE-PLAYING.

To the Editor of the Examiner,—

Sir, — "There's no denying that women are foolish, but God made them so to match the men," was the saying of a famous French woman. That must explain much of the "Bridge" slavery that holds so many women of the smart set enthralled. Positively, it is an appalling thing to consider that women with brains enough to play a good game of cards should devote five or six afternoons and evenings a week, aye and mornings, too — to the bridge table, to the exclusion of social, domestic, or other duties.

Yours very truly,
HOME-LOVER.

Tortures of Itching Piles.

"I had tried very many so called cures for piles and can truthfully say that there is no remedy on the face of the earth like Dr. Chase's Ointment, for it has entirely cured me. I would not be without it for any amount fo money, and I can heartily recommend it to all sufferers." — Mr. John Harvey, mayor of Arnprior, Ont.

Striking Evidence Of Real Estate Activity

Ellae Burnham Property Is Being Sold Rapidly—Four Lots Sold This Morning.

The real estate business in Peterborough has reached a state of activity never before experienced in this city, and there are evidences that still greater things are in store for this branch of business. An evidence of the great activity along this line was furnished this morning, when no less than four lots were sold to four separate purchasers, the lots, being part of the property known as the Ellas Burnham sub-division. The facts of the case are that on Tuesday Messrs. Roger & Bennet, agents for the vendors, had posted on bill boards plans of the balance of these lots unsold, and the results of the publicity given the desire to sell this property were seen in the quick responses.

This activity indicates possibly two things; first, that there is still a good demand for building lots in Peterborough, and, second, that the buying public appreciate the fact that these lots are good value.

Preparations For The Grand Lodge Meeting

Big Parade Will be a Feature—Toronto Cantons Will Put on the Degree of Chivalry—Other Interesting Events.

The Grand Lodge Committee of the local Oddfellows met last night to go on with the arrangements for the meeting of the Grand Lodge of Ontario here on August 7, 8 and 9. Reports were received from committees as to the billeting of delegates, and no trouble is anticipated in accommodating the many visitors who will be in the city for the occasion.

The programme for the meeting was discussed, but has not yet been definitely mapped out. Before this can be done there will be a joint meeting of the Grand Lodge Committee and the Reception Committee of the City Council, when the two bodies will be able to arrange just what form the entertainment of the visitors will take.

A feature of the occasion will be the grand parade to be held on the evening of August 8, in which all the visiting delegates, as well as the local lodges and the Toronto Cantons will take part. Over 1,200 Oddfellows will be in line, and several bands, including the local 57th, and one of the best Toronto bands, whom the cantons will bring down with them.

An interesting ceremony will be held on the evening of August 7, when the Cantons will confer the degree of Chivalry on a number of Rebekah Lodge, the ladies lodge of Oddfellows. This picturesque event will be well worth seeing. The Cantons are endeavouring to secure the Brock street rink or some other suitable place, and will put on the degree in finished style.

The entertainment of the visitors will include a trip over the lift lock and to the many points of interest in the city. The idea is to have the visitors go away with a very favourable opinion of Peterborough's progressiveness, hospitality and beauty.

Cloth Caught Much Of Dirt

An Evidence of the Pollution of the City Waters

A citizen called at this office to-day to produce proof that the city water is not pure. He had a napkin, which was clean before it was tied over the water tap in his house at noon today for a strainer. After being there an hour it was removed and during that time it had gathered dirt until it was almost completely black, evidence of the fact that those who drink the city water as it comes through the tap unconsciously take considerable dirt, which would be better on the outside of their system.

The Nerves of School Children

Dr. Weir Mitchell, the great American authority on diseases of the nerves, makes the following observations on school children's nerves:—

As examination time approaches headaches become frequent as the result of eye strain and exhausted nerves. St. Vitus' Dance is preceded by incessant winking, shrugging of the shoulders and twitching of the face muscles.

Girls become hysterical, nervous, cry easily, get fidgety, etc.

Under these circumstances the system demands such assistance as is afforded by Dr. Chase's Nerve Food.

Failure to restore the depleted nerves makes a complete failure of health almost certain, for nervous diseases do not get well of their own accord.

Because of its mild and gentle action and extraordinary restorative influence Dr. Chase's Nerve Food is especially suited as a treatment for pale, weak and sickly children.

It instils new vigour into brain, and nerves, adds new, firm flesh and tissue and builds up the system generally; 50 cents a box at all dealers, or Edmanson, Bates & Co., Toronto.

LITTLE Bell BIOGRAPHIES

Mendelssohn

FELIX MENDELSSOHN (-BARTHOLDY), born at Hamburg 1809, died at Leipsic 1847, was one of the greatest composers of the 19th century, and though not a brilliant player, he was an organist and pianist of high distinction. His career, like Bach's, Mozart's and Beethoven's, illustrates the power of good music in the home. He began his studies under his mother, and first played in public when only 9 years old. In his 11th year he produced 60 compositions—songs, cantatas, dramatic scenes and trios. At 15 he composed his fine Symphony in C minor (Op. 10). And so great was his precocity that at 17 he finished the score of his Overture to Shakespeare's "A Midsummer Night's Dream," which, though more than three-quarters of a century old, is still one of the most brilliant achievements in modern music. His Oratorio "Elijah" and his "Scotch Symphony," have added considerably to his fame.

Of his piano compositions, the best known and most popular are his "Songs Without Words," the scores of which were first published in 1832, when he was 23 years old. They are full of a peculiar vein of pure and charming melody and of simple sensuous harmony. Though devoid of great technical difficulties, they require the aid of an instrument like

The Bell Piano

With its rich, Singing Tone and its easy, flexible action, to render forth all their lovely moods and beauty. The "Songs Without Words" are pre-eminently for the home, and the Bell Art Piano is beyond all others both the virtuoso's and The Home-Lover's Piano.

The full series of "Little Bell Biographies" in booklet form, illustrated, will be mailed free on request by

The Bell Piano & Organ Co., Limited, Guelph, Ont.

Isolation Hospital May Not Be The Magnificent Building Expected

Dr. McNulty and Finance Committee Advocate Cheaper Building Than That Recommended By Majority of Medical Association — Proposed Structure May Be Erected Near One Of Local Hospitals—Question Left Over Until After the British Medical Association Meets Next Month.

A satisfactory conclusion to the Isolation Hospital question has not yet been reached. Last night a joint meeting of the Finance Committee of the City Council and a committee from the Board of Health was held in the City Clerk's office to discuss the Isolation Hospital plans submitted by Architect Blackwell, but after a lengthy argument left the matter over for at least another month until the British Medical Association meets. It is altogether probable though that a much less expensive building will be erected than the one heretofore considered. The cost may not exceed $2,000 instead of the $10,000 which the last plan prepared by Architect Blackwell indicates, and which was drawn under the supervision of the Medical Association of the city.

The members of the Finance Committee present were, Chairman Mason, Ald. Elliott, Wilson, McWilliams and Mayor Best; and of the Isolation Hospital Committee, Chairman (Wm. Eyres, Dr. Bingham and Dr. McNulty.

Elaborate Plans.

Architect Blackwell submitted three plans the last being the one recommended by the Medical Association. This plan shows that the building is a two-story one, 90 feet by 35 feet in dimensions and capable of containing 28 patients. This building would be divided into two parts one for scarlet fever and the other for diphtheria patients, with accommodations for isolating the two diseases from one another. The estimated cost was $10,000.

The first plan showed the building to be 50 feet by 32 feet and capable of containing 20 patients. The cost of this was estimated to be about $4,600 including the plumbing and heating.

The second plan drawn by the architect showed the proposed building to be 80 feet by 3 5feet, the estimated cost being $8,000.

Building Too Expensive.

Dr. McNulty was asked his opinion of the various plans. He said that so far as he was concerned he thought a much cheaper building would be adequate to supply the few demands for an isolated spot in which to place persons with infectious diseases. He had made a thorough study of the matter taking into consideration many prominent men's opinions, and had come to the conclusion similar to the general opinion that an expensive building was not required. The British Medical Association were meeting in August and would consider this question so he thought it advisable to have the views of that body on the matter.

Ald. Wilson said that the city ought to have a hospital, but did not think that the benefits derived from a $10,000 building would occasion such an expensive one. Ald. Elliott was of the same opinion.

Ald. McWilliams said that he had been informed by Dr. Smith and Dr. Hodgetts that the Guelph Isolation Hospital only cost the city about $1,600 and it was found to be a building competent to meet all demands.

Board of Health's Initiative.

To the Mayor's question as to who authorized the Board of Health to have the plans made out, Mr. Eyres said that the Board took the matter in its own hands and had Mr. Blackwell make out a rough plan to submit to the City Council so that something definite might be had to work upon. He further stated that the Council would not be called upon to meet any of the expense of preparing the plans.

Ald. Adams suggested that the matter be left over until the British Medical Association met in the fall.

To a question from the Mayor Dr. Bingham stated there were no infectious diseases so far this year that necessitated the use of an isolation Hospital.

The Mayor and Ald. Wilson also were of the opinion that the Council had better wait until after the meeting of the British Medical Association when the committee might then have a better foundation to work upon.

Some Statistics

Ald. Mason cited figures which showed that the total number of cases of scarlet fever and diphtheria this year was 12 of the former and 3 of the latter. In 1905 there were 8 cases of scarlet fever and 9 of diphtheria; in 1904, 30 of scarlet fever and 1972 of diphtheria, and in 1903, 80 cases of scarlet fever and 66 of diphtheria. This showed that these contagious diseases were gradually becoming less.

Ald. McWilliams said that these figures indicated that there were always some cases of infectious diseases every year and he thought there should be some place to put patients infected with them. He did not, however, approve of spending $10,000 if $2,000 or less would be sufficient.

Ald. Elliott thought that a small isolated building near each of the two city hospitals would be all that was necessary; the cost of each to be about $1,000 each. They might then be maintained more cheaply as nurses would then be more easily procured.

A Co-operative Plan.

Ald. Mason thought Dr. McNulty's views along the line of a cheap building were worthy of consideration. He commended Mr. Eyres for his labours in looking after the views of different people and supplying so much information on the hospital question. He was sure the people would more readily consent to have the hospital erected at about $3,000 A $10,000 building would stand for all time and would consume an immense sum of money every year. Nurses would be hard to supply—at least at some times of the year—and he thought the results would be much better if the isolation hospital or hospitals were built in the vicinity of the two city hospitals.

Ald. McWilliams suggested that plans should be prepared showing the best possible building that could be erected for $2,000. The co-operation of both city hospitals would have to be had, he said, in attending to the different cases.

Ald. Mason thought that the City should erect a building and make an agreement or agreements with one or both of the local hospital authorities to maintain it.

To Defer Action.

The discussion was brought to a conclusion by a motion from Ald. Elliott and Wilson, that the subject of Isolation Hospitals be deferred until after the meeting of the British Medical Association in August and that this meeting be adjourned until after that date. The motion carried.

In connection with obtaining information from the city hospital authorities Ald. McWilliams and Adams moved that the Mayor, Ald. Mason and Chairman of Board of Health be a committee to interview the city hospital authorities and find out what they will do with regard to all possible plans for the treatment of all contagious diseases.—Carried.

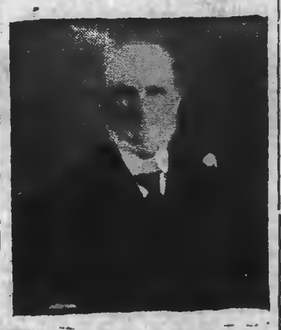
The meeting then adjourned.

Mr. D. Sullivan Lives To Read His Obituary

Toronto Star Published An Alleged Dispatch From Peterborough, Telling of the Death of Mr. Daniel Sullivan—Happily There Is No Truth In the Report.

It isn't every man who lives to read his own obituary in the paper, and when this happens, as it did to a respected Peterborough citizen to-day it is worthy of some recognition.

Some papers are enterprising, but there are times when enterprise



MR. DANIEL SULLIVAN, Who Was Reported Dead in the Toronto Star.

ceases to be a virtue, as in the case of the Toronto Star, which last night published the following despatch dated from Peterborough:—

FIRST IN MANY YEARS.

Daniel Sullivan, a Pioneer Resident of Peterborough, is Dead.

Peterborough, July 11. — The late Daniel Sullivan had lived in the district for sixty years. He was eighty at his death. He was the first Separate School teacher in the County of Peterborough, the first postmaster of Douro, the first township clerk of Douro, after the municipal system was established, and the first township school inspector in Douro.

Mr. Sullivan is a reader of, and a believer in the Star, but he thinks this is the limit, and if he had the editor of that journal for about five minutes he would likely convince him that he is not a dead one yet, by any means.

It is unnecessary to say that no such despatch was ever sent from Peterborough as published in the Star, but it is comparatively easy to understand how it came to publish the article quoted. It will be remembered that some few weeks ago, in the series of articles running in the Saturday Examiner, a cut of Mr. Sullivan was published together with a sketch of his life, and it is probable that the Star supposed that it was an obituary article, but appreciating the fact that the Examiner does not believe in waiting until one dies to say something to his credit.

In support of his contention that he is yet very much alive, Mr. Sullivan walked down town this morning, and called at the Examiner office to express his indignation that the article reporting his death should have been published.

He is hale and hearty, and in all probability it will be a good many years yet before it will be necessary to print an obituary notice of which he is the subject.

To show that the statement is without foundation, and to convince the Star, Mr. Sullivan's picture is published herewith. It was taken quite recently and is a good likeness of the gentleman referred to.

DESTROY THE CAUSE

You Cannot Cure Dandruff Without Destroying the Cause of It.

Many people wash their scalps Saturday night or Sunday to try to keep the dandruff down for the week, but on Monday night the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff; and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will destroy the germ, and that is Newbro's Herpicide. It is an entirely new discovery, and the only hair preparation that is based on the new scientific principle. In addition, Herpicide is a very refreshing hair dressing for regular toilet use. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Condemnation Of The Entertainment Grants

Trades and Labour Council Discuss and Condemn Action Of City Council In Granting Money for Bowlers' and Oddfellows' Entertainments—Board Of Works Also Comes In For Criticism—Sewer Work Should Be By Day Labour, Says Council.

The grants made by the Council to the bowlers and Oddfellows for the purpose of entertaining their visitors this summer, were discussed at the meeting of the Trades and Labour Council last night, and were strongly condemned.

The official report of the action taken on this question, as furnished The Examiner, is as follows:

It was decided by a unanimous vote to strongly condemn the action of the City Council in granting money to the bowlers and the Oddfellows, on the ground that it is a bad precedent to adopt. Many members expressed a strong conviction that organizations like the above should be able and willing to pay the expenses incurred in entertaining their own guests. The Council believed the money might be spent to more advantage in improving our streets. It came before the meeting.

was also noted that several aldermen when interviewed personally, expressed their disapproval of the principle—then, why did they vote for it? The Trades and Labour Council strongly approved of the manly and honest stand of Ald. Ball and Duncan in the interests of the citizens of Peterborough in voting against the granting of money to societies and clubs.

The Trades and Labour Council is also disappointed at the action of the Board of Works in giving the work on the sewers to contractors, instead of having it done by day labour. They expressed their support of the position taken by Ald. Adams, who was in favour of having the work done by day labour.

The president, Mr. C. P. Murty, was in the chair, and there was a good attendance of members, who took a lively interest in the discussions on the various matters which

Wanted To Help The Inspector

But Did Not Sign His Name to the Communication.

Fishery Inspector Watt has received an anonymous communication from some person apparently greatly interested in the keeping of the Act for the protection of fish and game. In the letter it is stated that a party caught over a hundred bass in the river recently, a well-known citizen's name being mentioned as having been one of the crowd, and that some of the fish were under nine inches.

Mr. Watt is very glad to receive any information regarding law-breakers in the piscatorial line, but cannot do anything on the strength of an anonymous communication. It is necessary for the writer to divulge his identity, for under other circumstances it is impossible for the inspector to know whether the intelligence is false or true.

Crippled by Kidney Disease.

"I was troubled for years with kidney disease and Dr. Chase's Kidney Liver Pills have entirely cured me. When I began the use of these pills I could only walk from my bed to a chair; now I can go to the field and work like any man." — Mr. W. H. Mosher, South Augusta, Grenville Co., Ont. This statement is certified to by the Rev. E. H. Emett, Baptist minister of Brockville, Ont.

Oddfellows And Bowlers Will Go Over Lift Lock

Reception Committee Decides to Charter Steamer and Entertain Them In This Way—Addresses Of Welcome Will Be Given By the Mayor and Chairman Of the Reception Committee.

The method of entertaining the British Bowlers on Aug. 1st and the Grand Oddfellows' Lodge delegates on August 8th and 9th was a question discussed by the Finance Committee last night at the conclusion of its joint meeting with the Board of Health committee. As the lift lock is Peterborough's greatest advertisement at present the committee was unanimous in displaying it to the visitors.

In addressing the meeting Chairman Adams said that whatever was done a distinct understanding should be had with the local interested parties and at the same time the reception of the visitors should be of a character which they would approve of. He suggested that a steamboat be chartered to take them over the lift lock and thought they would appreciate this more than anything else.

Ald. Adams and McWilliams agreed with this suggestion and if possible thought that the trips should be run as far as Dam No. 5.

In connection with the Bowlers' visit to the city for which reception $150 was granted, Ald. McWilliams and Elliott moved that the Chairman be requested to arrange with Reception Committee to take the visiting bowlers over the lift lock and that an address of welcome be presented to them by the Mayor and Chairman of Reception Committee, and that a photo be taken of them while in the lock and presented to them afterwards.—Carried.

In connection with the Oddfellows' reception Ald. McWilliams and Adams moved that a steamer be chartered for a couple of days and take the visitors over the lock and also have an address of welcome presented by the Mayor and Chairman of Reception Committee at the Lodge Room. —Carried.

The above motions will be subject to changes if it is found necessary to make alterations in the reception plans.

Rev. Leroy Hooker, formerly pastor of the Metropolitan Church, Toronto, died in Chicago on Friday.

The Glorious Twelfth Loyally Celebrated

Peterborough Orangemen Are Walking in Lindsay To-day—Over 2,000 People Left This Morning—Local Procession Was Imposing One.

To-day the anniversary of the Battle of the Boyne is being as usual celebrated by the loyal Sons of William in Peterborough District,

GEORGE BARTLEY.
W. M., L. O. L. No. 80, District Director of Ceremonies

as well as by the Orangemen all over Canada.

Lindsay to-day will be the scene of one of the greatest Orange gatherings ever seen in this part of Ontario. No more beautiful weather ever greeted an Orange celebration than that which is favouring the Lodges to-day.

That it was the Glorious Twelfth could not be doubted by any one in

ROBT. RITCHIE
W. M., Col. Sanderson Lodge, No. 321, Otonabee.

Peterborough. From early morning the Fife and Drum bands could be heard as the outside lodges began to arrive and the streets were soon bustling with Orangemen and their friends. From the number of people on George street one would have thought that the Twelfth was being celebrated here instead of in Lindsay. The procession, indeed, which marched to the G.T.R. station was large and imposing enough to grace any Orange celebration, and should make a favourable impression upon the people of Lindsay, and their thousands of visitors.

All the lodges of the surround-

W.H.G. ARMSTRONG,
District Secretary.

ing country gathered here this morning to entrain for Lindsay. The local lodges gathered at their hall on Simcoe street, and marched in procession, headed by the 57th band to the corner of McDonel and Bethune street to welcome the Lakefield brethren, who arrived about 10.30 o'clock. From that point the Orangemen marched to the G.T.R. station, the route of the procession being McDonel street to George street, to Charlotte street. The following was the order of the procession:

George Bartley, W.M., Diamond L. O.L., No. 80, District Master of Ceremonies. (mounted.)
W. H. G. Armstrong, District Secretary, (mounted.)
Union Jack.
57th Regimental Band, Peterborough.
Jubilee Lodge, No. 7, 'Prentice Boys, Peterborough, Geo. McDonald, W.M.
Diamond Lodge, No. 80, Peterborough, Geo. Bartley, W.M.
Fife and Drum Band.
Lakefield Lodge, No. 122, Lakefield, W. Hunter, W. M.
Fife and drum band.
Wellington Lodge, No. 457, Nassau, J. Leason, W. M.
Fife and drum band.
Keene Lodge, No. 494, Keene, W. Wedlock, W.M.
A. Robinson's Lodge, Nassau, juveniles.
Fife and drum band.
Jubilee L.O.L., No. 178, Smith, A. Young, W.M., District Master, West Peterborough.
Col. Saunderson's Lodge, No. 321,

GEO. MacDONALD,
W. M., Jubilee Lodge No. 7, 'Prentice Boys.

Otonabee, Robert Ritchie, W.M.

Over two thousand people left the G.T.R. station here for Lindsay today. The regular trains carried big crowds, this morning, and the special which left at 11 o'clock carried over 1100 people. The fourteen coaches were crowded and the platforms of every car was packed.

Four Initiated In Peterborough Tent

K. O. T. M. Had Anniversary Meeting Last Night.

The regular meeting of Peterborough Tent, K.O.T.M., was held last night, when a very pleasant time was spent. Peterborough Tent is steadily growing, and last night four candidates were initiated, while twenty-two propositions were received, many of whom will undoubtedly join the order. The membership is now well over the one hundred mark. Deputy Yule will remain in the city for a week longer to round up more members.

The Stagnant Water Strongly Objected To

Residents of East City Do Not Like the Odor Eminating From McAllister's Tail Race—Claim it is Injurious to Health.

"Did you notice any peculiarly disagreeable odor around the city last night?" a resident of the East Ward asked a reporter of The Examiner. To tell the truth, the reporter had noticed something not just right, but could not locate the source of the trouble. The explanation was given, however.

The people of East City, and a number living on this side of the river, for that matter, are complaining of the disagreeable odor arising from the abandoned tail race below the McAllister mill. As was pointed out in these columns some time ago, the water there is stagnant and rapidly becoming badly polluted, and the result is that a stench, which daily becomes more unendurable, arises from the water.

It is not only decidedly disagreeable, but the people of that part of the city are of the opinion that it is injurious to their health. They state that complaints have been made to the authorities, but they seem to have little or no effect. Perhaps this will stir up the Board of Health to what would seem to be a matter in which they would be interested.

WE CAN GIVE YOU CORRECT VISION IN BOTH EYES

The majority of people find that one eye is worse than the other. We can bring the vision of the poor eye up to the standard of the good one, or, if the good eye ought to be better we can improve that and thus give you perfect vision in both eyes, providing always that anything in glasses will do it. Fifteen years' experience in optical work, a thorough knowledge of opthalmometry and using the best and most scientific instruments in examinations.

Returns After An Absence Of Seven Years

Rev. Herbert Taylor Will Spend Month Visiting Friends.

After an absence of seven years, Rev. Herbert Taylor, a son of Mr. Wm. Taylor, returned to-day to spend a month visiting at his home here. He is accompanied on this trip by Mrs. Taylor and two children. During the seven years that he has been away from Peterborough Mr. Taylor has lived in Manitoba, North Dakota and for the last four years in Minnesota, having been pastor of the First Congregational church, Pelican Rapids, Minn., for two years.

Pelican Rapids is a growing town of 1,000 people, and is in the centre of one of the best agricultural sections of the State. Mr. Taylor reports that the crop prospects in the Western States this year are good, and in this respect they are like Canada.

It is quite probable that during his months' stay here, Mr. Taylor will be heard in one of the city pulpits.

Will Build A New Lock At Rosedale

Engineer Grant Left To-day to Superintend Survey For New Locaiion—Present Lock is Too Small—Work Will Be Commenced Next Year.

Mr. Grant, the new superintending engineer of the Trent Canal, has decided to construct a new lock at Rosedale, to replace the old wooden lock, which has done duty there for years, and which has now become too small to accommodate the larger craft navigating the Trent Valley Canal waters. This morning Mr. Grant, accompanied by Mr. A. W. Spence and Mr. H. H. Charles, left for Rosedale for the purpose of making surveys for the new lock. It is probable that a different location will be chosen for the new lock, and this will serve a double purpose. It will give a more direct line, and navigation will not be interrupted, because the present lock could be used, while the new one was being built.

This lock was taken over from the Ontario Government last year, and has done service for a number of years, until at the present time it is of little use, and the time has come when it is necessary to construct a new one.

It is not expected that any work, outside of the survey, will be done on the lock this year, but an amount will probably be placed in the estimates next year for its construction.

Adjutant Jennings To Leave City To-morrow

Goes to Halifax to Take Charge of Immigration Work of the Salvation Army—25,000 Will Come to Canada in 1907.

To-morrow morning Adjutant and Mrs. Jennings will leave for their new home in Halifax, where the former has been transferred by the Salvation Army to take charge of the immigration work. In this connection it will be of interest to learn what Commissioner Coombes says of the prospects for this branch of the work. It is reported in the Mail and Empire as follows:

"Most satisfactory in every way," is the way Commissioner Coombes, of the Salvation Army alluded to the results of the army's efforts in bringing settlers to Canada this year. The season is now practically over and only a few parties are arriving. During the year 14,000 immigrants have entered the country under the auspices of the organization. Brigadier Howell, who is prominently connected with the work, will be in England very shortly preparing for next season's campaign. Several boats will be chartered next year, as heretofore, and it is expected that during 1907, 25,000 persons will leave the Old Land under the auspices of the army to settle in the Dominion.

Auto Bus Will Fill The Bill

Was Tested Yesterday and is Thoroughly Satisfactory

The big auto-bus for the Chemong Park route of which so much has been heard lately is at last under way, having been shipped from Buffalo this morning. Mr. Isaac Eastwood was in Buffalo yesterday when the machine was tested and had a ride through the city in the 'bus, which he reports will thoroughly meet the requirements of the Chemong trip. One of the best chauffeurs in Buffalo has been secured to handle the car, so that there need be no fear of any accident through inexperience. He with Mr. Eastwood and Mr. Olmstead of the Buffalo Auto-Car Company, will arrive here on Saturday morning and the 'bus will be placed in commission either on Saturday or Monday.

Council Should Look After It

Alleged Bad Condition of Park Street, Between Charlotte And King.

The condition of Park street, between Charlotte and King, has been reported to the Examiner as disgraceful by a resident of that section of the city. Only one side, he states, is fit for traffic, and the poles of the street railway company take up the most of that. The other side is very rough and practically impassable. A number of serious accidents have been narrowly averted there of late, and the Examiner's informant was of the opinion that the city council should take steps at once to remedy the matter.

WEDDING BELLS

HUDSON—TOWNSEND.

The home of Mr. and Mrs. Butler Hudson, 629 Stewart street, was the scene of a happy event at half-past seven o'clock last evening, when Pastor Steurnagel, of Bethany Tabernacle, in the presence of a number of relatives, united in marriage Miss Clara Townsend, of New York City, daughter of Mr. Joseph Townsend, of Brampton, to their son, Harold V. Hudson, of Peterborough.

The bride was attended by Miss Nettie Hudson, while Mr. Carl P. Hudson supported the groom. The bride looked charming in a dress of cream silk colienne trimmed with lace, and carrying a bouquet of white roses. The bridesmaid was also attired in a cream costume carrying white carnations.

After the ceremony all sat down to a dainty repast. Among the guests from a distance were Mrs. Joseph Townsend of Brampton, and Miss Maud Lalley of Toronto. The large number of beautiful presents received are an evidence of the high esteem in which the young couple are held by their many friends. Mr. and Mrs. Hudson will reside on Dublin street.

Had a Bad Leg.

"For twelve years I was a great sufferer with eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was terrible. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore."—Mrs. Alex. McDougall, Postmaster, Broad Cove, Marsh, N.S.

New Uniforms Made A Hit

Few Recognized in Them the Old Scarlet Serges.

The new blue uniforms worn by the 57th Band in this morning's parade were the subject of much favourable comment. Few recognized in these smart looking coats the old scarlet serges formerly worn by the band. Some bright spirit among the musicians, probably Bobby Beech, put the members on to the way of getting new undress uniforms at comparatively no cost. Fifty old serges were secured, and, presto, change! there is that number of handsome blue ones. It shows that economy is carefully practiced among the members of the 57th.

M. Y. MOYES,
408 George St.

Majority of Seventy-One; A Preference

Vote For Canada Resolution Was 107 to 36.

ADOPTED WITH ENTHUSIASM

"God Save the King" Sung by the Canadians in the Congress of Chambers of Commerce—Only a Few Dissenters Were Counted Against Resolution to Establishing an "Advisory Imperial Council."

London, July 12.—By an overwhelming majority, the Congress of Chambers of Commerce of the Empire yesterday morning adopted the Canadian resolution in favor of preferential trade. The show of hands revealed large individual opinion in favor of closer imperial trade relation. The vote by chambers was: For the resolution, 107; against, 36; neutral, 31. The neutral votes included the important chambers of London, Birmingham, Edinburgh, Melbourne and Sydney.

The result was received with enthusiastic cheers, the Canadians rising to their feet and singing "God Save the King." Eighteen English chambers voted against the resolution; the remainder of the opposition was scattered over divergent parts of the Empire.

Advisory Imperial Council.

Again, on the initiative of Canada, congress, after luncheon, took up the question of an imperial council. The resolution urging the home and colonial Governments to appoint such a body was moved by R. H. Alexander, Vancouver, seconded by Arthur Bennett, Warrington. They argued that it was time to systematize the affairs of the Empire.

On the suggestion of F. H. Mathewson of Montreal, the name was changed to "Advisory Imperial Council."

The resolution was adopted, with only a few dissenters.

The congress also passed a resolution, introduced by George H. Drummond, in behalf of the Montreal Board of Trade, to the effect that the congress "hereby reaffirms the principle of the resolution adopted by the last congress, that it is the duty of the self-governing colonies to participate in the coast defence of the Empire."

Wars Due to Colonies.

At a complimentary banquet last night at the National Liberal Club, Lord Loreburne, Lord Chancellor, emphatically denied that the Liberal party was unfriendly to the colonies. At the same time they should face the fact that all the British wars of the last ninety years were due to India and the colonies, says in the case of India, the cost was almost exclusively borne by the United Kingdom. Practically the only danger of collision arose through the contiguity of the colonies to foreign nations.

Presentation to Chamberlain.

At a special meeting of the Tariff Commission yesterday a presentation was made to Mr. Chamberlain, commemorating the 70th anniversary of his birth. In reply Mr. Chamberlain said he had faith in the protectionist propaganda, which had been delayed too long. He was not ashamed to change opinions under conviction.

Victory For Miners.

Dubois, Pa., July 12.—The long coal strike in this region was settled yesterday, and all employes will return to work next Monday. The settlement includes all the mines along the Buffalo, Rochester and Pittsburg R. R., and affects about 10,000 miners and laborers. The terms are a substantial victory for the miners.

Editor Nominated.

Winnipeg, July 12.—Both the local political parties are showing activity in the nomination of candidates. Yesterday, the Liberals nominated Ira Stratton, editor of The Postmaster's Journal, to contest Rockwood.

SINFUL HABITS IN YOUTH

MAKE NERVOUS, WEAK, DISEASED MEN.

THE RESULT of ignorance and folly in youth, overexertion of mind and body, induced by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the threshold of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life—the farm, the office, the workshop, the pulpit, the trades and the professions. Nervous Debility and Sexual Weakness are guaranteed cured by our New Method Treatment or No Pay. You run no risk. 25 years in Detroit. Bank security.

CURED WHEN ALL ELSE FAILED. No names used without written consent.

"I am 33 years of age and married. When young I led a gay life. Early indiscretions and later excesses made trouble for me. I became weak and nervous. My kidneys became affected and I feared Bright's Disease. Married Life was unsatisfactory and my home unhappy. I tried everything—all failed till I took treatment from Drs. Kennedy & Kergan. Their New Method built me up mentally, physically and sexually. I feel and act like a man in every respect. They treated me six years ago. They are honest, skilful and responsible financially, so why patronize Quacks and Fakirs when you can be cured by reliable doctors."—W. A. Belton.

Synopsis Of Canadian North-West Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

Latest News Of Various Sports

George St. Team Lost Game To The Lindsay Y. M. C. A.

Methodists Lost to Scugog Bunch By 5--1 In Fast Game Last Night—Unlucky Third Gave Lindsay the Game.

The George Street Guild League team journeyed to Lindsay last night and met defeat at the hands of the Y.M.C.A. team of the Lindsay town league. The score at the end of 8 innings was 5-1 in favour of the Scugog nine. The game was a fast contest and was marked by some clever fielding features. Eight innings were played in fifty-five minutes, which shows that the teams were mowing some. It was a pitcher's battle, neither team doing much with the willow. "Cy" Emmerson, Lindsay's south paw twirler, held the Methodists down to three singles and had seven strikeouts to his credit. His deceptive inshoot had the George Street team guessing most of the time. Swanston pitched clever ball for George Street, the sum total of Lindsay's effort with the bat being four singles and a double. He caused nine of the Y.M.C.A.'s to slugg the ozone.

After the third innings Lindsay could do nothing with him, not a hit being made.

Lindsay's fielding was very snappy and clean, one error being chalked up against them after that period. George Street had a bad third innings in which three hits and several errors gave Lindsay four runs and the game. Kendry's work at short stop was one of the features, his catch of P. Moynes' drive in the fourth being especially noticeable. Parnell caught a splendid game and threw to second very accurately.

For Lindsay, Menzies at short stop got everything that came his way and the outfielders got away with some pretty catches.

Emmerson got a two bagger in Lindsay's first but was stranded, the next two grounding to Craig and Pedlar. George Street went out one, two, three. In the second Hart made the circuit for Lindsay on Kendry's high throw to first. There was nothing doing for the Peterborough aggregation although Shaw lead off with a single.

Lindsay won in the third. Perkins singled. Craig misjudged Emmerson's fly, and Moynes was hit by pitcher, filling up the bases. Menzies then singled sending in two runs. Stoddard's hit with Fitzpatrick's high throw to the plate resulted in two more.

George Street got their only run of this innings. Curtis drew a base on balls, stole second and third and came home on Kendry's out to Menzies.

There was no scoring after the third both teams going out in order in nearly every innings.

Umpire Dick Butler, of Lindsay, was eminently satisfactory to both teams.

The score:—

Y. M. C. A.	A.B.	R.	H.	P.O.	A.	E.
Perkins, 1 b.	4	1	1	8	1	0
Emmerson, p.	4	1	1	2	3	0
F. Moynes, 2-b.	3	1	0	2	0	0
Menzies, s.s.	4	1	1	1	1	0
Hart, r.f.	4	1	0	x	0	0
Suggett, c.	3	0	0	6	3	0
Stoddard, c.f.	3	0	2	2	0	0
Skitch, l. f.	3	0	0	x	0	0
P. Moynes, 1 b.	3	0	0	8	0	1
	30	5	5	24	7	1

GEORGE ST.	A.B.	R.	H.	P.O.	A.	E.
Kendry, s.s.	3	0	0	2	3	1
Parnell, c.	3	0	1	8	1	1
McMillan, l.f.	3	0	0	0	0	0
Shaw, r.f.	3	0	1	0	0	0
Pedlar, 2b.	3	0	0	0	2	1
Swanston, p.	3	0	1	0	1	0
Fitzpatrick, 1b.	3	0	0	8	0	1
Curtis, c.f.	3	1	0	1	0	0
Craig, 3b.	3	0	0	1	1	2
	25	1	3	21	8	6

Summary:—

Two base hit—Emmerson. Base on balls—Off Ennismore, 3; off Swanston, 1. Struck out—By Emmerson, 7; by Swanston, 8. Hit by pitcher—By Swanston, 1. Wild pitch—Swanston, 2. Passed balls—Parnell, 2; Suggett, 1. Left on bases—Lindsay, 6; George Street, 2.

Mrs. R. S. Davidson Won The Trophy

In the Ladies' Golf Competition At the Links.

In the finals for the Stratton trophy in the Ladies' Golf Competition, Mrs. R. S. Davidson defeated Miss Pearl Lundy, and is the holder of the trophy for this year.

AUTOMOBILING

The automobile road race for the Glidden Cup, began at Buffalo to-day with thirty motor cars, each containing at least four persons. The object of the itinerary is to encourage long distance tours and the trophy will go to the chauffeur, who goes over the course with the greatest care and skill, and who scores the fewest accidents. The course is a distance of about 1,500 miles—1,134—from Buffalo east to Saratoga, northward to Montreal, along the northern shore of the St. Lawrence to Quebec, then southward again to Bretton Woods, New Hampshire. Speed is not the object for the distance will require sixteen days to cover, an average of 75 miles per day. About 75 automobiles will enter the contest many of which are Canadians.

BASEBALL

The Peterborough baseball team will practise to-night at Riverside. The following are asked to be on hand:—Greene, Parnell, Sheridan, Wareham Whitcroft, Graham, Connors, Derocher Fitzpatrick, Quinlan, Pilling, Lang Callaghan, Shaw.

• • • •

The Brantford Expositor says:—Shea of the Dufferins is a good man with the stick, and in the four games he has played has batted safely six times, his figures being .375.

LACROSSE

La Presse, Montreal, foreshadows the defeat of the Shamrocks, of Montreal, against Cornwall, at Mile End, on Saturday owing to the fact that O'Brien, Hobbin and Paddy Brennan will not play their places with the Shamrocks. They will be replaced by intermediates.

You can use it and get your money back if not satisfied. 60c, at all dealers or EDMANSON, BATES & Co., Toronto.

DR. CHASE'S OINTMENT.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 12. — From the start to-day liquidation continued in the stock market, coming from the same sources as yesterday and being of the character termed "necessity." The absence from the investment market for fire and life insurance and trust companies for reasons well known is of course a big factor in the security situation, because individual buying is not sufficient to absorb the enormous new flotation issues from time to time. This has deprived the stock market as well as the bond market of a buying power that at this time of the year usually proves irresistable.

London was fairly steady, a good influence being the excellent return of the Bank of England showing a ratio of 48.45 per cent in reserves, which is almost up to the record of a year ago. Short covering near the close rallied the market from the low prices and the close was steady.

Coal Men Have Reached Buffalo

On Their Way to the Pennsylvania Coal Mines.

Nearly 400 Canadian retailers of coal, including the Peterborough coal men, passed through Buffalo yesterday morning on their way to Scranton over the Grand Trunk and Lackawanna. They will inspect the method of mining and preparing coal for the market. From the time of their departure until their return they will be the guests of the Delaware, Lackawanna & Western Coal Company.

Hotelman And Boarder Mix Up

Bartender Was Advised Not to "Butt Into" the Row

A local hotelman got into a mix-up last night with one of his boarders. The proprietor passed some remarks that his guest took exception to and a row resulted in which the former got a little the worse of the argument. The bartender came out to assist his employer, but was told by the conquering boarder that he was a trifle light to interfere and that his place was behind the bar. As a result off the altercation the hotelman carries a beautifully decorated optic, his opponent moved to new lodging quarters to-day.

Want Thanksgiving Day Date Changed

To Fourth Monday in October From November.

The Eastern Passenger Association has decided to circulate petitions praying the Government to change the date of Thanksgiving Day from a Thursday in November to the fourth Monday in October.

It is thought that such a change would ensure better weather, would be a benefit to commercial travellers, and would increase the railway travel, as Monday holidays are more popular than others, owing to the opportunity they afford for two or three-day trips.

It was also remarked that the change of day would be an improvement as regards the religious aspect of the holiday, as added significance would be given to the Thanksgiving services on the previous Sunday.

"THE DAYLIGHT STORE"

IT'S RAINING MONEY

It's almost raining money here these days. Patrons are actually showered with dollars.

The number you get depends on the amount you buy.

Buy one of our $12.00 suits or top coats, and you get it for $9.90.

Buy a $15.00 garment, and you get it for $11.90. Buy a regular $18.00 garment, and you get it for $14.90.

Then in the lower lines our reductions are just as sweeping.

OUTING SUITS

You always want to look your best when you go on your vacation, and also to feel as comfortable as possible. You will find here a dainty profusion of Summer Suits in many fabrics, colors and shapes.

Outing Trousers of Flannel, Homespun and White Duck, with turn up bottoms and with loops for belts.

We can surely fit your fancy in Outing Wearables, and your satisfaction will be our best reward.

Tobacconists Ask To Have By-Law Repealed

Petition Presented At the Finance Committee Meeting Last Night--Aldermen Say By-Law Passed Under Misrepresentation--Matter Left Over Until a Future Date.

The opposition of the city tobacconists to the cigarette bylaw has now taken the form of a petition for the repealing of the measure. This petition was circulated yesterday and was signed by all the leading dealers. It will be presented to the Council at an early date.

Following is the petition:—

To the Municipal Council of the City of Peterborough.

We, the undersigned owners and keepers of stores and shops where tobaccos, cigars and cigarettes are sold by retail in the city of Peterborough, humbly show that,

Whereas the Municipal Council of this city, on the 8th day of May, 1906, passed a bylaw, numbered 1218, requiring the owners or keepers of either stores or shops in the said city of Peterborough, other than taverns or shops holding license under the Liquor License Act, where cigarettes are sold by retail, to procure a license therefore from the city clerk, and prohibiting the city owners and keepers from selling or exposing for sale cigarettes without first obtaining such license, and

Whereas, in our opinion, the said bylaw unjustly discriminates against the tobacconists of this city, and effectually and unjustly directs a large portion of their legitimate trade to other places, and

Whereas, the purposes alleged for the passing of the said bylaw are not being effected thereby, and

Whereas, the said bylaw has not only for its object the regulation of the sale of cigarettes in the said city of Peterborough, but the prohibition thereof, and

Whereas, in our opinion, the said bylaw is defective in law and is in excess of the jurisdiction conferred upon the municipal corporation by the Municipal Act,

Your petitioners, therefore, humbly pray that you may, at as early a date as possible, cause the said bylaw to be repealed.

Signed—T. W. Mofsomough, E. S. Mitchell, W. J. Morgan, Sam Ray, J. J. Cottingham, W. E. Talbot, W. J. O'Brien, W. G. Rundle, M. Pappas.

Widely Signed Petition Against The By-Law

Dealers Ask That the Measure Be Repealed—Claim That the By-Law Is Defective and Unjustly Discriminates Against Them.

A petition, signed by nine of the principal tobacconists of the city, was read by the Mayor at the Finance Committee meeting last night, which created considerable discussion, and bringing out the views of the aldermen present on the cigarette bylaw. No action was taken in the matter.

The petition asked for the repeal of the cigarette bylaw prohibiting the sale of cigarettes without a special license of $200.

Ald. Adams stated that if the hotel keepers sold cigarettes wholesale to small boys, the citizens would in time see the great evil and shut off the licenses.

Ald. Mason said that the bylaw went through under misrepresentations. The council were under the impression that licensed hotels would not sell the cigarettes when the bylaw was passed. It now transpires, he said, that the boys, instead of getting the cigarettes at the tobacco stores, would get them at the hotels.

Ald. Wilson said that there was nothing to hinder the purchase of cigarette tobacco and paper at the tobacco stores, and manufacturing the cigarettes themselves.

Ald. Mason suggested that the bylaw be repealed and another passed making the license for the sale of cigarettes, cigars, and tobacco, $200. This would then cut off all grocery stores from selling tobacco in any form, unless a special license for its sale was taken out.

The members of the committee thought that it was a matter which the whole council should look into and no further action was taken.

We're Turning Up Great Shoe Values

The inducements are such as to unloosen purses and pocket-books. To spend money at Kylie's is to save money. Here's the proof:—

The Best Dog Story Yet; Engineer Tells It

How a Dog Saved Life Of a Child—Was Struck By Engine On Immigrant Special—A Wabash Engineer Tells Of the Incident.

St. Thomas, July 11. — Dan Dalton, a Wabash engineer, residing in St. Thomas, relates a dog story that is almost beyond acceptance. Yet anyone who knows Dalton will admit that he is not given to exaggeration, and that he is regarded as a man of veracity.

"I was coming west this week with an immigrant special," said Mr. Dalton, in telling of the incident. "Between Ekfrid and Glencoe I noticed a large dog on the track. We whistled but did not think of stopping. My attention was attracted by the peculiar actions of the animal. He jumped around and kept looking straight at the oncoming train. The next time I looked I was horrified to see a little child on the track.

"We closed off steam, and put on the brakes, but I knew that the train could not stop in time. It looked just like murder, but there was absolutely no way of avoiding the accident unless the little tot got out of the way.

"The wheels were jarring and the cars were bumping under the brake pressure when we neared the spot. I wanted to turn my head away but I kept my eyes glued on the dog in front of the child. That noble beast never faltered. He stood like the dumb hero that he is, although in his inferior intelligence the dog must must been warned by instinct to jump out of the way for his own safety. As true as I sit in that engine, the dog remained in front of the baby, who was standing near one rail, perhaps unconscious of danger, and perhaps confident of safety in the dog's presence.

"Well, we struck the dog first, but by doing so the dog knocked the child out of harm's way. Neither were injured to any extent, because we were almost stopped at the time. The dog was wild with joy when we picked up the babe and carried it off the track."

Rush To Stony Lake Is Still Continuing

Many Cottages Are Daily Opening--Large Number of Sailing Vessels On the Lake--American Visitors Coming and Going--Excursionists Still Visiting Kawarthadom.

Examiner Special

Stony Lake, July 11.—Dr. Morrison, city, came up to his cottage, "Elfin Nook," last evening.

Mr. and Mrs. Wm. Irwin and Misses Eva, Lizzie and Annie Irwin, city, are at Headlands for the season.

Miss Isabel Edwards and Miss Amy J. Ball, Peterborough, were visitors to the lake yesterday.

Mr. N. L. Piper, Toronto, came up yesterday to open his cottage for the season.

Mrs. Ormond, Ottawa, and Miss Alberta Gooding came to Strathormond-on-the-lake yesterday.

The "stranger" seen cruising the lake to-day was Mr. A. L. Davis' new motor boat, the Nancy. It is a very handsome craft, and in speed will equal the fastest on the lake.

Mr. Adam Hall, city, is having his cottage on Syndicate Island re-decorated.

Messrs. H. McBain, C. E. Frost and Hamilton Hall, Peterborough, passed up the lakes this evening on the Mollie on a three days' trip to Lindsay.

Messrs. F. Collins and Basil D. Hall are doing the lake on the lark sailing yacht, the Pando.

Several hundred excursionists from Peterborough were here yesterday on the Empress, which had been chartered for the occasion.

Mr. Kenneth Crane went down the lakes this morning to bring up his launch, the Woo Wee, to the island.

Mr. William Graham, of Viamede, went down to Lakefield this morning.

Mrs. W. Darcy, Burleigh Falls, went down the lake this morning.

Mr. Wm. Batten, the Massey-Harris man, embarked on the Majestic at McCracken's this morning for Lakefield.

Mr. Wm. Irwin went down to Peterborough this morning.

Mr. Thos. Barrie, of Ashpoming cottage, went down to Peterborough this morning.

Mr. Fred. Clarke went down the lakes to-day.

Mr. John Crane returned home this morning.

Mr. J. S. Knapman went down to Lakefield this morning for two sail boats which arrived there by the G. T. R. yesterday.

Mr. E. Wade, Rochester, returned home this morning, after a holiday at Burleigh Falls.

Miss White and party moved up to the lake to-day and will occupy Mr. Moore's cottage on Ojal Island for the summer.

Mr. Piper, Toronto, came up to the lakes yesterday.

Mr. R. Winch came up to his cottage at Young's Bay yesterday.

Mrs. J. R. Stratton opened up Strathormond-on-the-lake yesterday.

Mr. Gould, Toronto, arrived at his cottage, "Woodcat," yesterday.

Mr. and Mrs. A. M. Brown and Mrs. F. P. Huydryk and children, of Franklin, Pa., came up to the lakes yesterday.

Mr. and Mrs. Williams, of Havelock went around the lakes to-day.

The afternoon trip up the lakes is now becoming very popular. The steamer Majestic is carrying large crowds of cottagers and tourists every day.

Mr. Charles Bell, of Lakefield, went up to the lakes to-day.

Mr. and Mrs. Might, of Peterborough, came up to Burleigh Falls to-day.

Mr. and Mrs. G. Lech moved up to their cottage Kenmore, to-day.

Master Maxwell and Lex Fife are spending a holiday with Harold and Colin Lees, at Water Lee Brae.

Mr. Jas. Hubert and Miss Eakins of Toronto, came up to the lakes to-day.

The steamer Majestic brought up the Y.M.C.A. boys to their Clear Lake camp to-day.

DR. MONTGOMERY GOES TO BELLEVILLE

After closing his engagement here on Saturday night of this week, Dr. Montgomery, the eye specialist, is engaged to deliver a course of lectures in Belleville. His work here in Peterborough has been so very satisfactory that the people hereafter will have great confidence in the ability of Sanderson & Co.'s opticians from the fact that they have learned this great system of correcting imperfect sight by "looking into the eye."

Falls Heir To Fortune Of Five Million Francs

Good Luck of B. T. McGregory, who Is Well Known Here—Uncle Was a Member of the Austrian Nobility.

Peterborough horsemen will be interested in the story the Toronto Star has in reference to B. F. Gregory, who was well-known in this city some years ago. The story says:

That Mr. B. F. Gregory, who is well known around Toronto as a horseman, has fallen heir to five million francs is a rumour current around the down-town district, where he is well known, to-day. Five million francs is, roughly, a million dollars. This money was, it is said, left to him by his uncle, a member of the Austrian nobility. Mr. Gregory himself could not be found to-day, but his friends confirm the story. Ever since Mr. Gregory came to Toronto about five years ago he has claimed relationship with good families in Austria.

Mr. Gregory is a well-known figure down town. For the benefit of those who do not recognize him it may be stated that Mr. Gregory is a slight, dark man, whose clothing betrays his interest in the equine kingdom. He is usually found attired in tan shoes, leggings and riding breeches of ultra fashionable cut, and wearing a yellow and black or tan-coloured waistcoat, a brown coat, riding stock and brown Derby. He spends much of his time at the Repository, and Boyd's and Maher's stables, and is sometimes called "The Count." A month ago he purchased some choice Canadian carriage horses and shipped them to an Austrian country.

Jumped Down Bank To Save Their Lives

Four C. P. R. Employees at Norwood Who Had a Narrow Escape—Had to Abandon Handcar and Latter Was Smashed to Pieces.

The Norwood Register this week says: "Shortly after six o'clock last Friday evening as the section men employed on the section east of Norwood, on the C.P.R., were returning home after their day's work, they had a narrow escape from a serious, if not fatal, accident. They were riding on the hand car and were coming along near the old woollen mill site when an east bound freight, coming at a lively pace hove into view. The hand car was brought to a stand still as quickly as possible—stopping about the middle of the overhead bridge—and the men had just time enough to jump and scramble down the embankment when the engine struck the car and hurled it into the air, smashing it to fragments. The men on the car were Messrs. Jas. Frost, Jas. Ferguson, Eleazer Kelly and Charles McCarthy.

Narrow Escape From Injury

Horse Ran Over a Go-Cart and Occupant Might Have Been Killed.

George Rutherford, the little son of Mr. Chris. Rutherford, Simcoe street, had a very narrow escape from serious injury last night. He was being wheeled in a go-cart by several other children, and as they were passing the entrance into the Snowden House yard, a horse and buggy came from the yard. The children did not see it in time to pull the go-cart out of danger, and the cart, with its little occupant, went under the horse's feet. Fortunately, however, the little fellow was thrown out and escaped the horse's feet. He received several bad bruises about the head. The go-cart was completely demolished.

One Thing And Another

Lines by an Old Fogy.

Montreal Herald.

I'm thankful that the sun and moon
Are both hung up so high,
That no presumptious hand can stretch
And pull them from the sky.
If they were not, I have no doubt
But some reforming ass
Would recommend to take them down
And light the world with gas.

An Inapt Text.

SOME years ago an Amora preacher inaugurated the practice of having the children quote Scriptural texts as they dropped their Sunday school pennies into the contribution box. On the first Sunday under the new plan a little shaver came and said "The Lord loveth a cheerful giver," and in dropped his penny. "Charity shall cover a multitude of sins," and in dropped the next. "It is more blessed to give than to receive," said the third, and so on. Just then up walked a little fellow with the unmistakable remnants of molasses candy on his chubby face and, as he dropped his cent he bawled out, "A fool and his money are soon parted." — Kansas City Star.

IT IS THE LAST BUT NOT THE LEAST

To-morrow will be the last day of the engagement of Dr. Montgomery, the eye specialist at the store of Sanderson & Co. It will not be the least in the matter of interest or number of callers. Many who have been unable to call will wish to consult him before he leaves the city, and for this reason he will conduct his clinic until 10 o'clock on Saturday night. The engagement has been a grand success and will be long remembered by the many whose sight has been made good.

Bullet Passed Through Entire Length Of Boy's Leg

Almost Fatal Accident to Oswald Jory of Dummer--Went Out to Shoot Woodchucks When Gun Went Off--No Arteries Cut.

Examiner Special.

Warsaw, July 13th. — An almost fatal rifle accident occurred four miles north of here yesterday when Oswald Jory, the 17-year-old son of Franklin Jory, of North Dummer, nearly lost his life. He went out in the fields in the afternoon to hunt woodchucks with a .44 Winchester rifle. In stooping down to pull some weeks that were lying in his path his finger in some manner pulled the trigger. The bullet passed into his leg above the knee and came out above the ankle, tearing the flesh badly. No arteries, however, were cut. In an unaccountable manner he reached his home, and Dr. Douglas of Warsaw was summoned to dress the wound.

At the time of sending the despatch it was not knowing how the boy was getting along.

Terrible Fatality At The Lindsay Station

Wm. Stewart, Formerly of Otonabee, Killed by the Peterborough-Toronto Flyer—Attempted to Cross the Tracks as Train Came Into the Station.

A terrible fatality cast a cloud over the festivities that were marking the closing hours of the celebration at Lindsay last night. Wm. Stewart, who was with Col. Sanderson Lodge, Otonabee, in the walk yesterday, was instantly killed at the G.T.R. station by the Peterborough-Toronto flyer shortly after 9 o'clock. The station was packed with Orangemen and their friends ready to entrain for home, and the accident was a great shock to them, though but few were aware for some time that anything was wrong. When the news became generally known at the station and throughout the town, deep regret was expressed by everyone, and a feeling of sadness took the place of the joyous spirit exhibited earlier in the day.

It appears that Stewart, who was about 65 years of age, was about to board the train for Peterborough. There was a train standing on one of the outer tracks, and Stewart, evidently thinking that it was the Peterborough train, crossed the track to get on board. Realizing his mistake he started back for the platform, and stepped right in front of the flyer which came in on the other track. The train ran over the middle of the unfortunate man's body, cutting him almost in two. Death was instantaneous.

W. Stewart, the victim of the accident, was very well known in Peterborough, and particularly so in Otonabee, where he lived until a number of years ago. He had been working for Samuel Ferguson in Cavan, and went to Lindsay yesterday to celebrate the anniversary of the Battle of the Boyne with his comrades of Col. Sanderson Lodge. He was married to a Miss Kimblrat, of Otonabee. No children are left to mourn his loss.

Committed Sacrilege In Port Hope Church

Offertory Box Rifled and Contents Stolen—Every Cent Taken—Was the Sunday School Birthday Fund—Intended For Missionaries.

Sacrilege was committed at the Mill street Presbyterian church, about three weeks ago, and funds belonging to the Sunday school were stolen.

In the church is a strong box in which articles of value are deposited. On the occasion of the robbery a box containing money belonging to the Sunday school was inadvertently left out of the strong box. Some persons entered the church a day or so afterwards and broke open the collection box and stole the money it contained.

The key of the church is one easily duplicated and it is believed that thieves entered by the church door. No other damage was done beside the theft of the money.

The culprits are believed to have been two boys. Strong suspicion point in their direction and their arrest is probable in the near future.

The money stolen is what is known as the Birthday Fund. The Sunday school scholars and their teachers deposit in the box on the anniversary of their birthdays a sum equal to their ages expressed in cents. This money is periodically devoted to missions and is used for the support of native missionaries. At the time of the robbery the box contained about ten dollars. Every cent was stolen. — Port Hope Times.

Pastor Steuernagel Tenders Resignation

Wants to Leave Bethany Tabernacle on August 1st—Has Been Here Over Three Years.

At a largely attended meeting held in Bethany Tabernacle last night Pastor Steurnagel tendered his resignation, the resignation to take effect on August 1st. After commendations for past services, and expressions of regret for the present action, it was unanimously voted to request a reconsideration for one week. The pastor seems clear and settled, however, in his purpose, and feels warranted in continuing only on condition that circumstances change so as to afford a better opportunity. It is understood that he has had several offers affording good opportunities in other fields, though his future plans have not yet been fully matured.

Pastor Steuernagel has been in charge of Bethany Tabernacle between three and four years, coming here from Milwaukee. He has proved himself a scholarly, zealous and faithful preacher of the Gospel as he understood it, and his decision to leave the city will be regretted by many.

Service In Brantford By January, 1907

Mr. F. D. Mackay Says Automatic 'Phones Will be Ready for Use in Telephone City by That Time—Meeting of Company Held There.

A Brantford despatch says: Prominent telephone men and members of the American Automatic Company are gathering in the city to-day. A meeting is to be held here of the company which controls the American rights of the Lorimer automatic 'phone, and it is for this purpose that the gathering is taking place to-day. Most of the gentlemen in attendance hail from Toronto.

The Work Here.

Among the visitors is Mr. Mackay, the general manager of the Canadian Telephone Machine Co. In an interview with an Expositor man this morning Mr. Mackay stated that the construction work in this city was progressing very favourably. They will not get the conduits for the underground work until the end of August. Work on the central building will be commenced in September.

"When will you be ready to give a telephone service here?" he was asked.

"By the first of next year," was the reply.

Buster Brown In A New Role

He Will Appear in To-morrow's Examiner.

Buster Brown will be in Peterborough again to-morrow. He with his dog Tige, will appear on the eighth page of the Examiner in a new role, "That Busy Little Mischief Again." This is a series of very laughable cartoons and no one should miss seeing them. They are published in Peterborough only in the Examiner, and have proved to be the most popular feature ever given.

More Deaths Than Last Year

Death Statistics for First Six Months at Hand.

The vital statistics of the city for the half year from January 1 to June 30 have just been compiled. The figures for the last three half years are as follows:

January 1 to June 30, 1905—
Births, 172.
Marriages, 64.
Deaths, 112.
June 30 to December 31, 1905—
Births, 177.
Marriages, 116.
Deaths, 112.
January 1 to June 30, 1906—
Births, 164.
Marriages, 88.
Deaths, 128.

A comparison between the first six months of this year and the corresponding period in 1905 will show that there have been eight less births, 24 more marriages and 16 more deaths this year than last.

Didn't Like The Outlook

A Rochester Gentleman Who Walked Air Chamber on Pontoon.

Yesterday afternoon a Rochester gentleman and his daughter, about 18 years of age did a perilous "stunt" at the lift lock. They were on the steamer Water Lily as the boat was being put over the lock. When the pontoon was at its extreme height the gentleman in question probably thinking it a favourable opportunity to land stepped on the edge of the chamber of the tower and proceeded to the quay beyond, clinging with both hands to the iron network. The girl followed suit amid the excited remonstrances of the onlookers. The girl reached her destination all right but the father lost his nerve when he looked below and saw the hungry looking chasm of 65 feet at the bottom of which was the other pontoon like an enormous coffin. He clung tenaciously to the air chamber. He was crawling along until assisted to the quay by one of the men employed on the lock.

George St. Choir Outing to Chemong

Time Was Pleasantly Spent in Beautiful Park.

The choir of George street Methodist church had a very pleasant outing at Chemong Park yesterday afternoon and evening. Two 'bus loads drove out to the pretty park, where the time was most delightfully spent in the cool shade of the pines. A programme of races was run off during the early part of the evening that added considerably to the amusement of the occasion. The choir sang several choruses during the evening that were greatly appreciated by the cottagers.

"IT SAVED MY LIFE"

PRAISE FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:—

I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Address, Lynn, Mass.

FRIDAY, JULY 13, 1906.

MR. BASTEDO'S DISMISSAL.

Toronto News.

Mr. S. T. Bastedo, Deputy Commissioner of Fisheries for Ontario, has been dismissed after twenty-seven years in the Provincial civil service. He was charged with partisanship, was found guilty, and recommended for execution by Mayor Judd, the Commissioner appointed by the Government to conduct the inquiry. We believe this dismissal is not justified, we contend that the case was heard by a prejudiced judge, and we regard the whole affair as a deliberate and heartless application of the spoils system at the instance of the Conservative party head-hunters throughout the Province, and of the practical politician who dabbles in statesmanship as Minister of Public Works.

Mayor Judd is chief magistrate of London, Ontario. Municipal affairs in that city are known to be tainted with politics, and therefore the Conservative who can win the mayoralty prize must be reasonably active in this field of human endeavour. He may be a fair-minded man ordinarily, we have no doubt he is. But as a political partisan of Conservative stripe, it is not within the range of probability that he had no bias against the accused. Even an unconscious bias might change his whole train of thought. We submit, therefore, that it was unfair to Mr. Bastedo to make Mr. Judd his judge.

Mr. Whitney announces the decision of the Government by a statement of one and a half columns of "nonpareil." It was evidently a dismissal which required a good deal of explanation, and we cannot but wish it had been a little longer. In that case we might have been able to discover some reasonable argument to justify the Government's course.

The Premier "announced with regret," and Dr. Reaume since has given an interview praising Mr. Bastedo as one of the best officials in the service. In this way we are asked to believe that the Premier and his colleagues were martyrs of duty. Mr. Bastedo was the right hand that offended them and they cut him off, not without flinching, but in the pursuit of high ideals of true patriotism and heavy-weight statesmanship. Under the circumstances these unavailing tears might well have been spared.

But what are the circumstances? The main charges made against Mr. Bastedo were: The mutilation of official letter-books, the secretion of official letters containing political references, the suppression of documents called for by an Order of the House, interfering in election campaigns, and contributing to the Liberal party's election fund. These offences are said to have been committed before the present Government came into office. Mr. Bastedo swore that the letters had been separated and certain documents suppressed at the orders of his chief, Mr. Latchford, then Minister of Public Works. In reference to this statement, Mr. Judd said he "presumed" he would have to accept it, but he "could hardly credit it." This was a comment entirely uncalled for. Mr. Judd's duty was to report the evidence and not to call in question the oath of any witness unless his testimony was contradicted.

It must be remembered that the Government was in office by grace of a majority of three. Any fair map must see it was in the personal interests of the Ministers that nothing compromising should be made public. Such things might cause defections from the party. Is it strange then that an ardent politician like Mr. Latchford should scrutinize with a careful eye the departments for which he was responsible? Mr. Bastedo was under the Minister's orders. His duty was to do what he was told, and if he had failed in it his place very soon would have been vacant.

But it is said that Mr. Bastedo contributed to Liberal party funds. So did other civil servants. They were practically forced to do so. More serious, however, was the charge that fishing licenses were given only to Liberals, or men willing to vote Liberal in exchange for the privileges. The information concerning each applicant was secured in the regular "patronage" style, either from the Liberal member or from the defeated Liberal candidate in each constituency. Mr. Latchford knew of this practice and approved of it. What else could Mr. Bastedo do? It was not his place to condemn the political practices of the Liberal or any other party. His duty was to carry out the policy of his Minister and of the Government.

Mr. Whitney finds that after the new Government came into power Mr. Bastedo began to treat Conservatives as he had treated Liberals in the past, that he was not instructed to do so and, indeed, that he was instructed to the effect that a man's politics should not be taken into account at all in the issuance of a fishing license. This may be Mr. Whitney's attitude, but we are not sure that Dr. Reaume sees things in the same light.

At Providence Bay, Manitoulin Island, a Liberal fisherman recently applied for a license, but though he had held one for many years, the renewal was denied him, and his family came near to starvation. But he was a diplomat. He formed a partnership with a Conservative, application for a license was made for the company in the Conservative's name, and it was granted, but too late to be of any use this season. This incident does not show any material change from the practices of the Ross Administration.

Cases like this could be multiplied. Fishery overseers throughout the Province have been discharged in groups, to be replaced by nominees of Dr. Reaume. We are not aware that activity in politics on behalf of the Conservative party has prevented any of the would-be overseers from appointment. Indeed, we feel assured that in the eyes of the Minister only Liberals can be partisans. All Conservatives are enlightened, fair-minded men, who would scorn to be blinded by politics. It cannot be denied that in the issuance of licenses Conservatives have been favoured unduly and Liberals have suffered. The Whitney Government is following a fishery policy which can not be differentiated from that of the Ross Government. It is a policy unfair to the country and unfair to the fisherman. Mr. Whitney may talk till doomsday about a non-partizan fishery policy, but his colleague's administration contradicts him daily.

Mr. Bastedo obeyed the orders of his chief and it may be that he was too docile. He is discharged because the present chief is an enemy to the former Minister and all his works. It is the spoils system, bald and unlovely. If Mr. Bastedo were a Liberal partisan he would have used his office to the detriment of the present Government, he would have aided Liberals to get Government considerations. But he did none of these things. He served Reaume with all the zeal he had displayed under Mr. Latchford, proved himself "one of the best public servants in the building," and as a reward is shot from the mouth of the party heeler's cannon. Altogether the incident is but another proof that the Whitney Government is enslaved by the office-grabbing, hungry minority of the Conservative party. The Premier has no occasion to congratulate himself on this latest exhibition of statecraft.

WHO RULES WHITNEY?

The somewhat unexpected course so far pursued by the Government in dealing with the cause celebre of Bastedo vs. Webster has given rise to considerable speculation and rumour of a more or less striking character.

The impression quite generally prevails—and is, in fact, accredited to—those presumably "in the know"—that the Government is in the unfortunate position of being unable to deal with the Webster end of the case. It is stated with more or less frankness that the Cabinet dare not undertake to dismiss or discipline the chief clerk of the Fisheries Department, unless the members are prepared for some disclosures of an embarrassing party character.

Yesterday, despite the public view of the case and the comment of the Minister of Public Works that both chief and subordinate were "in about the same boat," Mr. Webster ridiculed the idea that he would be asked for his resignation, and his conversation went to intimate that he could secure promotion to the vacancy created if he so desired, having "first organized the entire Department."

Rumour now has it that Mr. Webster is in practical control and that he can and will dictate his retention in the Department to the Cabinet. It is intimated that this condition of affairs was brought about by reason of individuals high in the councils of the Government having availed themselves of Mr. Webster's enmity to his chief to instigate him to make his celebrated charges with the intent of securing the fine plum of a good vacancy for the spoilsmen, under cover of a general and official investigation.

The Government is said to find itself in an uncomfortable position. If they hold Mr. Bastedo had earned dismissal, the evidence and finding have satisfied the public that it was a case of the pot and the kettle, and there is a general expectation that Mr. Webster's head must follow his chief's. This action, however, it is believed the Government dare not take, as Mr. Webster's disclosures as to the origin of his complaints and the assistance given him in securing their ventilation, would be of a most embarrassing character. — Toronto News.

EDITORIAL NOTES.

The Kingston Whig asks: — Does the license of a hotel cover the sale of cigarettes? It is held so in Peterborough, where there is a bylaw against the handling of cigarettes by all who fail to put up $200 each.

Rojestvensky has managed the court martial business splendidly, says the Kingston Whig. He assumed the full responsibility of the surrender to Togo, and the doctors declare that being injured in the head he did not know what he was doing. So a temporary touch of lunacy is the salvation of them all.

Even the Toronto Telegram is disgusted at the dismissal of Mr. Bastedo. It says, speaking of the report which caused it. "So far as its terms have been disclosed by the Ontario Government, is a pettifogging, cowardly, production."

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Light to moderate winds, fine and warm. Saturday—Mostly fair; warm, with thunder storms.

Excursion From Toronto.

—To-morrow the Woodmen of the World of Toronto, will run an excursion to this city.

On Their Own Routes.

—Conductor Jebbitt is again on his Lakefield route, and Conductor Haskill on the Belleville route.

Special Meeting.

—A special meeting of the North Monaghan Council will be held to-morrow afternoon in the city.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 238 McDonnel street. 'Phone 199.

Installation.

—To-night a number of local Oddfellows will go to Pontypool to take part in the installation of the officers of the lodge there.

Did Decorating.

—Mr. A. Kingscote of Peterborough has been here attending to the decoration of the twelfth of July parade.—Lindsay Watchman-Warder.

Scarlet Chapter.

—The Scarlet Chapter will open tomorrow evening, July 14, at 8 o'clock, in the lodge room on Simcoe street. All members of the chapter are requested to attend.

Declines Offer.

—A man named S. L. Brooks of John street, Toronto, offers to walk against Jimmy Reynolds from Port Hope to Toronto for $100 a side. Jimmy says he's not looking for a race.

Was County Director.

—In yesterday's Examiner, under the out of George Bartley, Master of L.O.L. No. 80, it stated that he was the District Director of Ceremonies. This should have been County Director.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valiet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Grand Lodge Committee.

—A special meeting of the Grand Lodge Committee of Oddfellows will be held in their hall at 8 o'clock to-night. All members are asked to be on hand as there is business of importance to be considered.

Long on Oats.

—One day this week Mr. F. McKee of Selwyn brought into the News office a stalk of oats measuring 58 inches in height and fully headed out. The sample was a fair average of the whole field. — Lakefield News.

Canadian Entertainers.

—On Monday evening, July 16th, Miss E. Pauline Johnston, the Indian poet and entertainer, and Mr. Walter McRaye, humourist, will give a concert in Steinway Hall, London, England. It will be given under the patronage of Lord and Lady Strathcona.

Father Casey's Outing.

—Rev. Father Casey chartered the steamer Manita on Tuesday and took the members of the choir, the altar boys and the collectors for an excursion to Rosedale. The day was an ideal one and a very pleasant time was enjoyed.—Lindsay Watchman-Warder.

Ferry Delayed.

—The Rochester Democrat says that it will be impossible for the shipbuilding company to complete the new ferry that it is proposed to run between Port Hope and Rochester until December and that the first trip of the new boat will not be made until next spring.

Sold Fine Team.

—Reeve McNeil of Cavan sold his fine driving team last week to Mr. Harry Patterson, for to go to New York, for the good round sum of $600, and it was thought by many that that fine span would bring home the bride too. But alas! all hopes are shattered for the time being.

Couldn't Find Janitor.

—Patrick Meagher, the city hall janitor couldn't be found to-day just because it was desired that the flag should be hoisted on the city hall in honour of the Twelfth. They say he is always around early the 17th of March. This may be only a canard, however. — Belleville Ontario.

Removing to West.

Messrs. W. H. Hunter and Geo. Ray returned home last week from Saskatchewan where they had been spending the past few months. While there both these gentlemen located homesteads near Humboldt and intend removing and settling there in the near future. — Lakefield News.

Orangemen are Temperate.

—Mr. Geo. Bartley, Master of Lodge 80, wishes to express his appreciation for the excellent manner in which the local Orangemen conducted themselves while in Lindsay. Intemperance among the members of the order has now been almost extinguished, he says, and every man returned to Peterborough as he had left in the morning.

The Crop Outlook.

—Mr. Owen Carlin, Lindsay, says: "I never saw heavier crops in this district than at the present time. The straw is heavy and the berry is filling out in a way to make every farmer's heart glad. The spring weather was just right for planting, then came copious showers, and now all we want is dry weather to ripen the crop. Hay will be an immense crop."

Mira
TRADE MARK REGISTERED.

Ointment quickly cures Itching Piles, Eczema, and other skin troubles.

Leo Corrigan, 475 Ferguson Ave., N. Hamilton, had Eczema since childhood. He consulted specialists—lay weeks and weeks in hospitals—and despaired of ever getting better. "I thought Mira would be like other remedies I had tried," he writes, "but, to my delight, a few hours after the first application I felt great relief. It has worked wonders for me."

Don't put it off—get a box of Mira Ointment at once and be relieved. Price 50c.—6 for $2.50. At druggists—or from The Chemists' Co. of Canada, Limited, Hamilton—Toronto.

Brakesman's Accident.

—Mrs. H. A. Brown, brakeman on the G.T.R. who boards in Lindsay, but whose home is in Port Hope, met with an accident yesterday morning at Lorneville. He jumped off his train to lock the switch and boarding a box car he lost his hold and was drawn under it and the wheels crushed his right foot so that the great toe will have to be amputated. He was brought to Lindsay where he was met at the train by Dr. Jeffers and taken to the hospital. —Watchman-Warder.

Vacation Days are Here.

Don't forget a fan.
Don't forget a hammock.
Don't forget a few good books.
Don't forget a package of writing paper.
Don't forget a money wallet or purse.
Don't forget a wrist bag or hand satchel.
Don't forget a package of calling cards.
Don't forget souvenirs of Peterborough.
Don't forget the Peterborough Bookstore. A. H. Stratton & Co.

Sent False Alarm.

—The young man who was accused of ringing in a false alarm last week from the east ward, has left town, it is said. Under the criminal code, which would apply in this case, the penalty for the offence is two years in the penitentiary. In some cases where alarms have been turned in for nothing the offender may not have been so much to blame, as the alarm boxes have not looked like business, the key being in the lock inviting the curious mind. But it is just possible that the penalty may apply whether the alarm box is in proper order or not. — Lindsay Watchman-Warder.

Sunday School Outing Enjoyed

A Delightful Trip Over the Lift Lock to Lock No. 5.

The annual exenrsion of the Sunday School of St. John's Church held yesterday afternoon was a most enjoyable outing. The trip this year was taken over the lift lock and through the canal and river to the beautiful grove at No. 5 Dam.

The well appointed steamer Water Lily under the capable and courteous command of Captain White, left the Wolfe street wharf at 1.15 sharp, with 250 or more pleasure seekers on board, and after an extreme delightful and still novel trip, reached its destination at three o'clock. The afternoon was an ideal one for picnicing, and the spot chosen for the occasion at, and contingent to, No. 5 dam, was eulogized by one and all as a very desirable situation to spend an afternoon. There is plenty of shade the river and surrounding country is charmingly picturesque, and the addition of a few tables and seats, would unquestionably convert the spot into a popular resort for picnic parties.

The pleasure of the trip was considerably enhanced by a plentiful supply on board of much appreciated ice water, soft drinks fruit, candies, nuts, etc.

The grounds afford ample opportunity for sports, of which a very acceptable programme was run off for the indulgence of the little folk.

Mr. W. H. Walkey, superintendent of the Sunday school, and his staff of teachers, are to be congratulated on the commendable executive skill displayed in planning and carrying through to a successful conclusion, one of the most delightful afternoons ever spent by St. John's Sunday school and those who kindly patronized the event.

The following programme of sports was run off, the winners being indicated:—

Infant class, girls—Sarah Emmerson, May Dunnett, Grace Thompson.

Infant class boys—Reynolds Cresswell, Teddie Norris, D. McNevin.

Girls under 10—Maggie Emmerson, Winnie Thompson.

Boys under 10—Ormond Cavanah, Romeyn Stevenson.

Girls under 15—L. Hearn, G. Stevenson.

Boys under 15—Edw. Hatton, Stanley Long.

Girls under 15—Tressie Simmons, Maud Morris.

Boys under 15—Hugh Burritt, Joe Hughes.

Boys over 15—David Hatton, Frank Heffernan.

Boot race—Edwin Hatton, David Hatton.

Tack race—Mrs. Chambers, Mrs. Ballard.

Girls' consolation race—Ina. Norris, Isabel Nesbitt.

The Superintendent was ably assisted in the programme of sports by Rev. Canon Davidson, Warden Mitchell and Mr. Cresswell. Mr. Chas. Goodeve presided at the refreshment booth which was well patronized. The management thanks all who assisted to make the outing a success.

Returning the Water Lily left the dam at six o'clock, and reached the Wolfe street wharf at 7 o'clock.

Will Be Wedded At The Barracks

Another hallelujah wedding will take place in the Salvation Army Barracks on Wednesday night. The contracting parties are Miss Maud Froom, the junior secretary of the corps, and Mr. Wesley Boorman, one of the bandsmen. The occasion will also be marked by the welcoming home of the corps cadet brigade, who are at present touring Eastern Ontario.

License All Tobacconists Is Wish Of The Dealers

Measure is Strongly Advocated by Principal Tobacconists —Would Stop Sale of Cigarettes to Minors—Also—Ald. Mason in Favour of Proposal.

The scheme proposed to license tobacco stores at $200, license to cover the sale of cigars, cigarettes and all other forms of tobacco seems to have met with the approval of the principal dealers of the city. They point out that the measure is not a prohibitive one, such as they claim Ald. Ball's bylaw to be, and at the same time would be as effective in stopping the sale of cigarettes to minors. Ald. Ball's contention was that boys obtained cigarettes from grocery stores in the outskirts, and it was to put a stop to this that he introduced the bylaw. The licensing of all tobacco, such as is now proposed, would have the same effect as Ald. Ball's now famous measure, and would not be dealing unjustly with the dealers. The latter are perfectly willing to pay a license of $200 in view of the increased revenue when the promiscuous selling of tobacco all over the city is cut off. The measure would place the sale of tobacco in the hands of responsible dealers, limited to nine or ten, who would be under the control of the authorities by reason of their license, and there would be much less danger of law-breaking than now exists, with every other store throughout the city selling tobacco.

Ald. Ball's bylaw merely covers the sale of manufactured cigarettes. Nothing hinders the dealers from selling cigarette paper and tobacco. If his intention was to stop the small boy from smoking cigarettes, the bylaw, the dealers claim, must be considered as a failure. The average boy does not smoke ready-made cigarettes; he buys, or gets some one to buy, the material and he is his own manufacturer. There is nothing in the cigarette bylaw to stop that state of affairs. It merely discriminates against the dealers, and compels the older people who want cigarettes to go to the hotels for them.

The new measure would not only stop the sale of cigarettes, but also of tobacco by dealers who are not licensed. Hence it goes a step further than Ald. Ball's measure, and, at the same time, is much more just to the dealers.

Ald. Mason, who introduced the measure, when seen by The Examiner this morning, was strongly in favour of the proposal. He did not think the small dealers should be considered in the matter at all. He dealt in tobacco probably as much as any other grocer, and was perfectly willing to drop it at once. Under the present conditions, however, he was compelled to keep it in stock. Ald. Mason said that every grocery store was unconsciously selling tobacco to minors. Boys would be sent to get tobacco for their fathers, until they learned that there was no trouble in securing it, and thus they fall into an easy way of getting tobacco for themselves. He was strongly in favour of the proposed measure.

It is probable that there will be a meeting of the Council on Tuesday night to consider the matter, when the dealers will urge the City Fathers to pass a bylaw on the lines suggested above, which would seem to meet the wishes of all concerned in the matter.

Inspector Peter Thompson Refused License To Plumbers

Says That MacGregor & Reid Have Not Kept the By-law Case Considered at the Police Court--Court Thinks That Inspector Misinterpreted the By-law---Case Enlarged Until Friday Next.

At the police court this morning, MacGregor and Reid, the plumbers, were arraigned before the Magistrate, charged with not having a plumbing license. The information was laid by the chief of police in consideration of the notice given him by Peter Thompson, the plumbing inspector.

Mr. R. H. Dennistoun appeared for the defendants, who were represented by Mr. MacGregor of the firm of MacGregor & Reid.

It appears that the inspector had received a marked cheque from the defendants, but he had refused them a license. The bylaw governing the qualifications for plumbers was read in court, which showed that at least one of the members of a plumbing firm or an employee must understand the business.

The court pointed out as Mr. MacGregor had all the proper qualifications that the Inspector had misinterpreted the bylaw.

Mr. Thompson stated that on his inspection tours of the past year, he had found the work done by the MacGregor and Reid firm satisfactory but since June 1st he had refused to inspect it on account of the grievance.

The matter will go before the committee of the city council dealing with licenses within the next week.

The Magistrate enlarged the case until next Friday.

AMERICAN CAPITALISTS VISIT BIG DIPPER MINE

George Fletcher, Medina, N. Y., president of the Big Dipper Mining and Milling Co.; G. W. Hemley, Medina, and George Stewart and John W. Fletcher, Buffalo, N.Y., were in the city this morning on their way back from the Big Dipper mines, in Frontenac County. The party went to the mines with the intention of personal inspection, with a view to investment, and Messrs. Stewart and Fletcher also acted for several American capitalists. They were highly pleased with the gold showings, and all quartz tried contained gold. They had several samples of the pannings with them and spoke very highly of the prospects of the mine. They paid a visit to the local office while here.

The party arrived in the city early this morning, and left for Toronto on the 6.25 G.T.R. express on their way home. Another party of American financial and mining men from Olean, N.Y., will visit the mine on Tuesday next. Delegations from different places on the other side of the border, who pay visits here at different intervals, are all very optimistic as to the success of the mine.

POLICEMAN'S CONDUCT IS SCORED BY CITIZENS

An information has been laid before the Police Commissioners against P. C. Adams by a Peterborough citizen for the treatment he gave to Jas. Vincent, a drunken man whom he found lying on the steps of the Queens Hotel yesterday evening.

This citizen and others who witnessed the affair say that the policeman used indiscretion and might have treated the prisoner more humanly. Mr. Vincent this morning has a badly marked countenance but in police court he could not remember how he got it or anything else about his arrest.

A number of citizens have signed their names to a letter remonstrating against the policeman's conduct and the case will likely come up before the police commissioners in a short time.

Good Concert At Victoria Park

57th Band Will Render a Good Programme.

To-night the 57th Regiment Band by permission of Lieut.-Col. Miller and the officers of the regiment, will render the following programme at Victoria Park. Prior to the regular programme the band will render a number of popular selections:—

Anvil chorus from "El Trovattore"
Descriptive ... ..."A Hunting Scene"
March ... ..."Avic Aplombe"
God Save the King."

William Jennings Bryan has agreed to accept the Democratic presidential nomination if it is offered to him.

St. Paul's Choir Had Pleasant Trip

Outing on the Steamer Monarch Yesterday.

Beautiful weather, pleasant companionship and a comfortable boat, all combined to make the outing of the St. Paul's choir on the steamer Monarch yesterday a most delightful event. The generosity of a number of the congregation placed the steamer at the service of the choir. The Monarch carried the members to Jubilee Point and back as far as Highland Park, where supper was partaken of at the beautiful grove.

Tortures of Itching Piles.

"I had tried very many so called cures for piles and can truthfully say, that there is no remedy on the face of the earth like Dr. Chase's Ointment, for it has entirely cured me. I would not be without it for any amount of money, and I can heartily recommend it to all sufferers." — Mr. John Harvey, mayor of Arnprior, Ont.

Orangemen Muster In Numbers; Annual Parades Were Successes

Two Gigantic Demonstrations Yesterday—Twelve Thousand People Gather in Lindsay—Greatest Number in Town's History---Norwood Also Has Big Parade---Some of the Figures---Speeches Marked By Moderation--Special Trains Carried Immense Crowds.

The pretty little town on the banks of the Scugog smiled a welcome to its numerous visitors. The decorations were on an elaborate scale. The streets were resplendent with streamers, mottos and flags. Large banners bearing inscriptions: "No Surrender," "Lindsay Welcomes Everybody," and others of a similar nature, were strung across the streets at points of vantage, while flags and bunting were used with good effect. Stores and private houses were also decorated lavishly and the whole town presented the appearance of being en fete. Flags flying from numerous flag staffs added to the general effect. The people of the town were hospitality personified. The Orange brethren were given a warm welcome on every side, and had practically the freedom of the town.

All roads led to Lindsay yesterday. People came from far and near, on trains, in buggies of all types, waggons, bicycles and on foot. The jubilation commenced early in the day and continued until long after the shades of evening fell. The early morning trains brought in several lodges and hundreds of people. Then towards noon the special trains commenced to arrive and the crowds brought in literally swarmed the town. A special train left Port Hope for Lindsay by way of Millbrook, but at the latter place it was found that the crowd was so large that the train had to be split in two although two engines were drawing it. The engines proceeded with the first half to Lindsay and then came back after the second section. A "double-header" also came from Cobourg and points north, and two engines were required for the Peterborough train. The Peterborough contingent arrived in Lindsay shortly after twelve o'clock. In addition to the lodges that entrained at Peterborough several were picked up along the way, at Best's, Omemee and Reaboro. At all of the stations big crowds boarded the train and by the time the objective point was reached standing room was at premium. On the arrival of the train a procession was formed and marched from the station to the curling rink where the lodges disbanded and did not assemble again until after dinner. Even at this early hour the town was filled with visitors and more were constantly arriving.

Lodges Assemble.

At two o'clock the lodges assembled in the park on Kent street and prepared for the grand procession. There were over sixty lodges, some with brass bands, some with fife and drum bands, and all of them with music of some kind. And how they did beat those drums! The noise must have been heard at Omemee. There was one constant rub-dub-dub, all day. When one band stopped another started, and at times as many as a dozen were going together. The route of the procession was Sussex street to Wellington street, across the bridge to Lindsay street, back to Kent street and thence to the fair grounds. The procession was over five miles long and as stated above took ninety minutes to pass a given point. It was an imposing sight. The banner of each lodge was carried high by stalwart arms and the letters and fringes of gold glistened in the bright sunshine. The watchwords of the Orange Order—"No Surrender," "Equal Rights to all and Special Privileges to None," Glorious, Pious, and Immortal Memory"—could be easily deciphered as the procession moved along. The streets were lined with people all along the route. The Order of the procession was as follows:—

Mounted Marshalls.
Union Jack.
57th Regimental Band.
Jubilee Lodge 'Prentice Boys, No. 7, Peterborough.
Diamond L.O.L., No. 80, Peterborough.
Col. Sanderson L.O.L., No. 221, Otonabee.

The Addresses.

The addresses at the exhibition grounds attracted a large number of people. The grand-stand was filled, while many gathered at other points of vantage. A platform had been erected in front of the grand-stand, and from it the speeches were made.

Rev. J. M. Whitelaw, of Omemee, acted as chairman, and, in a few well-chosen words, opened the proceedings by welcoming the Orangemen and other visitors to Lindsay on behalf of the brethren of the County of Victoria. He was glad that the demonstration was such a magnificent success, and congratulated those who had charge of the arrangements.

Speaking on matters appertaining to the Orange Order, Mr. Whitelaw stated that, in his opinion, in the 216 years that had elapsed since the Battle of the Boyne there never was a time when the Orange Order was more greatly needed than at present. He then introduced Mayor Vrooman of Lindsay, who congratulated the Orangemen on the success of their demonstration, and extended to them a hearty welcome to Lindsay.

Col. Sam. Hughes, who was the next speaker, was greeted by prolonged cheers on rising to address the gathering. He congratulated the County Master on the success of the celebration and noted with satisfaction the complete arrangements which had been made. It was a good thing continued Col. Hughes, to meet together on July 12. It was a day that brought back old recollections which serve to make us prize more highly the heritage which our fathers have handed down to us. Orangemen and Orangewomen should be uplifted by ennobling spirits. The Orange Order, contrary to a widely-spread idea, had not for its object the putting down of Roman Catholicism and Catholics. This was a false conception, and one far from the true principles. Orangemen were sworn to support their Roman Catholic brethren and stand by them, fight for them, if necessary, to assist them in enjoying their personal liberty and constitutional rights if they are encroached upon. Orangeism stood for the rights of the people. This was what had been obtained by King William by the victory at the Battle of the Boyne.

The colonel concluded by relating an account of the part played by the Cavan "Blazers" in the rebellion of 1837, which was received with laughter and applause.

A Fine Address.

Rev. A. H. Brace, of Peterborough, gave a splendid address which was enthusiastically received. He laid emphasis on the ennobling influences of the principles of Orangeism, and exhorted his brethren to be true Orangemen, true Christians, and true Canadians and British subjects. It was a good thing to assemble on July 12, and keep green the memory of William, Prince of Orange, who had fought for and obtained civic and religious liberty for the people. He had listened with pleasure to the inspiring music during the day, and it reminded him of the lines, which follow:

"You may go to the East, you may go to the West,
To her valleys and mountains high;
But you can't get away from the tunes that they play
On the glorious Twelfth of July."

Other Speakers.

Addresses were also given by Mr. J. H. Carnegie, M.P.P.; Mr. Sam. Fox, M.P.P.; Rev. Dr. Bishop, pastor of Cambridge street Methodist church, Lindsay; Rural Dean Marsh, of St. Paul's church, Lindsay; Rev. J. W. Wallace, of St. Andrew's church, Lindsay, and Dr. J. W. Wood, Lindsay. They all spoke in a most happy strain, congratulating the Orangemen on their success and wishing them continued prosperity. All had something laudatory to say regarding the principles of the Order, and said it in a manner that pleased the large crowd immensely.

The speeches over, the lodges returned up town, and shortly afterwards many of them left for their homes. The Peterborough contingent returned on a special train, leaving Lindsay at 8.30, and reaching the city about 9.30.

The Weather.

The weather throughout the day was splendid. A cool breeze tempered the atmosphere to a pleasant degree and made the temperature just about right.

The order was excellent. There were no rows or rowdyism of any kind, and, with the exception of handling a couple of drunks, the police had a day off.

The crowd was larger than expected, and consequently there was some delay in securing meals, but considering the circumstances, the dining facilities were excellent and reflect credit upon those in charge.

There were over a dozen booths along Kent street, where refreshments were served, and they all did a land office business.

It was the biggest celebration in this district for many years.

AT LINDSAY

It was such a day as Lindsay had never known before—the celebration of the glorious Twelfth there yesterday.

Twelve thousand people thronged the streets of the town, the park, exhibition grounds, in fact all property that was not surrounded by an unsurmountable fence, was congested. It was one of the largest Orange celebrations ever held in this part of Ontario and the largest ever seen in the town of Lindsay.

A few facts regarding the demonstration will be of interest here.

It is estimated that over 10,000 visitors were in the town.

The music of the fife and drum band was heard in Lindsay at 5.30 o'clock in the morning.

Over sixty lodges participated in the procession in the afternoon.

The procession was over five miles long and took ninety minutes to pass a given point.

There were eight brass bands and over thirty fife and drum bands assisted in the celebration.

It was one of the largest, if not the largest crowds ever seen in Lindsay.

AT NORWOOD

Norwood never held a bigger crowd than that which congregated there yesterday.

Conservative estimates place the number at 6,000.

Orangemen from five counties —Peterborough, Hastings, Victoria, Northumberland and Durham—joined in the big celebration.

Eleven lodges, containing over 600 Orangemen, marched in the afternoon procession.

Eight fife and drum bands and one brass band furnished the music during the big parade. When the lodges returned from the Park every band played together on the corner—the noise was heard at Hastings, six miles away.

Over 3,000 persons listened to the speeches in the park during the afternoon.

Order prevailed in the village throughout the day and made the anniversary of the Battle of the Boyne a glorious one.

The last celebration held in Norwood was six years ago.

Twelfth Celebration In Norwood A Glorious One

Population Was Increased to More Than 6000—Accomodations Very Limited—Grand Orange Parade in the Afternoon—Addresses by Many Clergymen—Village Gaily Decorated by the Citizens—A Warm Welcome to the Visitors.

Special Staff Correspondence.

Norwood, July 13.—With the greatest pomp and display, the 216th anniversary of the Battle of the Boyne was celebrated here yesterday by thousands of the sons and daughters of King William of Orange. The village was the scene of one of the gayest coloured pictures ever witnessed upon its streets. Throughout its length and breadth the people who had assembled all united in making the day the greatest of all in the history of its twelfth of July celebrations.

From early morning until noon all highways led to Norwood. Each country road bore up its hundreds of people who were out to spend the day along with the rest in the big celebration. When 12 o'clock came the streets were impassable. Every available street beside the dinner tables was occupied, although special eating houses and tents had been erected especially for the day. Norwood scarcely has seen a bigger crowd than that which gathered within its limits yesterday. It is estimated that fully 6,000 persons joined in the mammoth celebration.

All things seemed to harmonize to produce the desired end—a successful celebration. The weather conditions were perfect, which, together with the general good feeling that seemed infectious and to spread throughout the vast gathering, made a day well spent.

Every village and town within a radius of many miles sent its quota to help swell the population. Orangemen with their friends from Havelock, Warsaw, Hastings, Dummer, Roseneath, Alderville, Belmont, Cordova Mines and many other places were there with the colours to participate in the commemoration of the glorious Twelfth.

Banners, pennons, bunting and Union Jacks were artistically hung about the streets to show the many visitors that their presence was appreciated and that they were welcome. Norwood was never dressed in a prettier garb. Many private residences also were uniquely adorned with gaudy colours as a mark of welcome to the visiting followers of King William.

The big celebration was under the auspices of the County Orange Lodge of East Peterborough, whose well-laid plans in every way conversed to make the Twelfth of July of 1906 a glorious one. Their arrangements for the Orangemen's parade in the afternoon were carried through with all success.

The Parade.

Probably the greatest attraction of the day was the walk, which began shortly after 2 o'clock. Every street in the village through which they marched was covered with a compact, swaying mass, many of whom could scarcely get a glimpse of the Orangemen as they passed. Eleven bangers in all floated in the breeze, each bearing the name and number of the lodge to which it belonged, besides the mottoes of the brethren. The masters and directors of ceremonies, carrying drawn swords, were invariably mounted on white chargers, giving the lengthy procession a martial aspect. Over 600 Orangemen and True Blues followed their banners, and a manly looking lot they were.

Almost every lodge was accompanied by its own band, so that the sound of the fife and drum dropped continuously on the ear. Only one brass band was among the many. This was the Alderville Indian band and was given the distinctive honour of heading the procession. The Red-

Improvements To The Neill Store

He Puts New Front in Lindsay Shoe Store.

The Lindsay Watchman-Warder has the following:—

One of the most noticeable improvements made in Lindsay of late, is the transformation which has taken place in Mr. R. Neill's shoe store on the north side of Kent street. The new front and attractive windows give a certain tone to the locality, and the improvements are a credit to Mr. Neil, as well as to the workmen who have made the alterations. The wooden pillars have been removed from the entrance, the approach widened, the doorway made narrower, thus enlarging the window for display of goods. New plate glass windows now adorn the front, and already the appearance as it used to be is forgotten in the presence of the modern improvements.

You have read the Sailor Boy's Plea buy to-day for your dinner to-morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon. Your money does not buy better goods. Do you get Sailor Boy or substitutes?

Outing Suits

Cigarette By-law Is A Success, Says Ald. Ball

Will Stand By It To The End—Wants to Meet the Tobacco Men Face-to-Face—A Few Opinions of the Originator of the Measure.

Ald. Ball says the cigarette bylaw is a success. "It's not a success, of course," he said to an Examiner reporter this morning, "from the selfish view point of those interested in the sale of cigarettes, but it is a protection for the young people against the evil and the viewpoint of their parents is a decided success. Ask any of the citizens who have children what they think of it, and see whether they'll endorse it or not. It wasn't framed for the dealers' benefit. The sole idea was to prevent the children as much as possible from contracting the habit."

All Ball would not say all he could concerning the measure, he stated, but will have a great deal more to say when the tobacco men come to the council.

"I want to meet them face to face," he remarked with emphasis. "The tobacco men were very anxious to have the bylaw enforced some time and one said he would like to see the license $500. Another tobacco man informed me that a customer of his had told him he was feeling much better since he quit cigarettes and took to smoking cigars."

Alderman Ball said he intended to stand or fall with the measure because he was convinced he was in the right. He said in conclusion he didn't bring it in to gain grandstand plaudits, but to remove the evil of cigarette smoking, as far as the rising generation in the city were concerned.

Arm Broken In Fall On Sidewalk

Horse Frightened at an Approaching Street Car.

David Breno, a young lad 13 years of age, living at No. 50 Aylmer street, fell off a load of shavings yesterday evening and broke his arm. He was drawing the shavings from McDonald's sawmill up George street for a gentleman, when the horse took fright at a passing street car near the C.P.R. station. The little fellow was thrown violently to the pavement, alighting on his arm and causing a bad fracture. Medical aid was procured and the boy is now doing nicely.

Kennealey a few days this week.—Lakefield News.

Broke Rules Of The Hotel

Some of the Preliminary Steps to Hotel Trouble Reported Yesterday.

Some further particulars were furnished to-day in reference to the trouble in a local hotel reported in yesterday's Examiner. It appears that the boarder who is said to have used the proprietor rather roughly, was accused by the latter of breaking one of the rules, strictly observed in all well regulated hotels.

The statement is made by one of the parties interested, that the boarder has been living at the hotel with a woman who registered as his wife, and the Examiner's informant is not prepared to say that she was not.

On Thursday night, however, another woman arrived, a sister of the one already there, and it is stated that she remained over night in the same room with her sister and the man boarder. During the night there was considerable merriment given evidence to, in the room, and once the proprietor had to go to the door and ask them to make less noise.

In the morning he again referred to the matter, and charged the boarder with breaking the rules, as intimated, when the trouble referred yesterday occurred.

As the British tank steamer Apsalchee, Captain Simpson, was leaving Yokohama harbor she collided with the Athenian, Captain Robinson, of the Canadian Pacific Railway company. Both vessels sustained damages and returned for repairs.

Water On Stony Lake Is Fast Lowering

The Drives Have Passed Young's Point and Stop Logs Removed—Welcome News to the Cottagers—Many American Tourists Arriving—Peterborough Citizens Come and go to the Lakes.

Examiner Special.

Stony Lake, July 13.—Mr. Alex. Gibson, city, came to his cottage at Boschink Wednesday.

Miss Carey, of Peterborough, is spending some holidays at Bonnicastle.

Mr. H. LeDrun, city, came up to Belle Chasse yesterday.

Mrs. W. A. Sanderson and the Misses Sanderson, Peterborough, came up yesterday afternoon and opened their cottage for the season.

Mrs. Wood, city, opened her cottage at Burleigh Falls yesterday.

Mrs. J. H. Brown and Mrs. D. McIntosh, Warsaw, are guests of Mrs. T. Hendren at her cottage.

Mr. and Mrs. Lees and the Misses Lees, Peterborough, came to Lea Brae yesterday.

Mr. and Mrs. Dobson, city, are camping on Juniper Island.

Miss Gladys Crane, Peterborough, is a guest of Miss Wallace at her camp on Juniper Island.

Mr. Geo. Morrow, Peterborough, took the round trip on the steamer yesterday.

Mrs. W. H. Meldrum went down to the city yesterday.

Mrs. Munro, Peterborough, is at her cottage, Clear Lake.

Master W. Adams, a guest at Glenwood, is having much success with the rod and line. On Wednesday he landed a lunge which weighed 16 pounds.

The steamer Rainbow, from Rice Lake, came up on Wednesday on a three-day trip with an excursion party of about 60 persons from Keene and Birdsall's. Mr. Julian was made the headquarters of the party, and from there trips have been made to places of interest on the lakes.

Mr. Hyman, Rochester, N.Y., who has been spending some holidays at Burleigh Falls, returned this morning.

Dr. French, New York City, returned this morning, after having spent a few weeks on the lakes.

Dr. Morrison went down to the city this morning.

Mr. B. Shortly, city, went down this morning.

Mrs. Graham, Viamede, went down to Peterborough this morning.

City Clerk Armstrong, Mrs. Armstrong and family came up this morning on a couple of weeks' holidays.

The last drive of logs for this season, cleared Young's Point yesterday.

The trouble and inconvenience that has been caused to cottagers by reason of the high water will soon be over, as the stop-logs at Young's Point were taken out last night, with the result that the water lowered several inches by this morning.

A Large Increase To The Sales Dept. Staff

This is Said to be the Intention of the American Cereal Company--A Dozen New Men May be Added—Intend to Go After Business Strong.

The Examiner understands that in the near future the American Cereal Company will make a radical change in its sales department.

Mr. T. H. G. Denne, the head of the Canadian Sales Department here was out of town to-day and confirmation of the statement was therefore impossible, but it is understood that the company intends to place about twelve extra salesmen on the road in Canada in the near future.

It is not contemplated that there will be any change in the sales department office staff, the result since Mr. Denne took over the department having been satisfactory, but it is stated that the company has decided to go after the business more extensively, and, with this object in view will greatly increase its sales staff on the road.

At the present time the company's travellers call simply on the larger places, the business from the smaller places coming through the brokers, of which there are a number. But in future the company's own salesmen will go after the business in all directions, taking in the smaller places as well as the larger ones.

This will mean, too, that the manufacturing end of the business will have to get on an extra spurt to keep pace with the selling end, and it is probable that under the new regime the staff of men in the mill will have to be increased.

Mr. D. T. Finnie of the head office in Chicago, is in the city, and will, it is expected, remain until the new arrangement has been put in force.

WEDDING BELLS

ARMITAGE—REYNAR

At Cobourg, Ont., the marriage was solemnized on Tuesday, July 10th, at 4.30 o'clock, of Miss Marianne Beatrice, daughter of Rev. A. H. Reynar, M.A., LL.D., professor in Victoria University, and Rev. William Leslie Armitage, vicar of the Anglican church, Picton. The wedding took place at the home of the bride's parents, Rev. N. S. Burwash, Chancellor of Victoria University, officiating. The rooms were charmingly decorated with daisies, and the modest flower was used also in the bride's bouquet. Guests were present from Picton, Toronto, Winnipeg, Chicago and other cities. The bride, who entered the room with her father, wore white net over silk, with veil and orange blossoms. She was attended by her sister, Miss Constance Reynar, wearing pink-flowered organdie over pink silk. Mr. and Mrs. Armitage left on the evening train for the West on their honeymoon trip and later will take up residence in Picton. The bride is a graduate in arts of Victoria University. The groomsman was Rev. C. R. De Pencier, of Wellington.

BROWN—LASHER.

A pretty Twelfth of July wedding was celebrated in Belmont yesterday morning at the residence of David Brown, when his son, Harry, was united in marriage to Miss Jennie Lasher, daughter of James Lasher, also of Belmont. The ceremony was performed by the Rev. D. E. Johnston, of South Dummer, in the Methodist church, in the presence of a number of the friends of the contracting parties. The young couple were unattended. After the nuptial knot was tied, the guests sat down to a dainty wedding dinner. Numerous presents testified to the popularity of the couple among their Belmont friends.

Mr. and Mrs. Brown left in the afternoon for Norwood, on their honeymoon. They will also visit in Peterborough and Lakefield before returning to Belmont, where they will reside.

The Suspected Man's Long Ordeal Now Happily Over

France Has Wiped Out Infamous Stain On Capt. Dreyfus.

ARMY RANK RESTORED HE WILL BE PROMOTED

Long Suffering French Soldier at Last Obtains Tardy Justice — Condemnation Annulled Without Re-Trial by the Supreme Court—Story of Official Villainy in Greatest Scandal in Military History.

Paris, July 13.—The Supreme Court yesterday announced its decision, annuling the condemnation of Dreyfus without a retrial. The effect of the decision is a complete vindication of Dreyfus, entitling him to restoration to his rank in the army as though he had never been accused.

The decision of the court was read by the presiding judge, M. Ballot-Beaupre, president of the Court of Cassation. Among those present were Matthew Dreyfus brother of Alfred Dreyfus; Maitre Mornard, counsel for Capt. Dreyfus, and many others who have figured in the celebrated case. Capt. Dreyfus was not present.

An Impressive Scene.

The scene as the decision was pronounced was impressive. The court, consisting of 49 judges, gowned in flowing red robes, solemnly mounted the bench. Deep silence prevailed as the presiding judge read the lengthy decision, minutely reviewing the series of sensational events of the last 12 years and completely disculpating Dreyfus of all wrong doing, freeing him of the accusation of being the author of the famous incriminating documents, on which the entire charge was founded, and ordering the annulment of the judgment of the Rennes court-martial with the publication of the final announcement of his innocence in 50 newspapers, to be chosen by Capt. Dreyfus.

The reading of the decision lasted an hour and it was only at the close that the spectators realized the sweeping nature of the vindication.

Matthew Dreyfus hastily despatched a messenger to bear the good news to Capt. Dreyfus and Mme. Dreyfus.

Outside the court the crowds received the decision without making any demonstration.

The circumstances of Capt. Dreyfus' returning to the army have not yet been determined upon, but it is expected that he will take the grade of lieutenant-colonel of artillery, which he would have reached if his service had not been interrupted.

The Cabinet will hold a special session at the Elysee Palace to determine on the course to follow in view of the decision of the Supreme Court.

Silent, But Thankful.

In the course of an interview yesterday after the announcement of the Supreme Court's decision in his favor, Dreyfus said:

"This has been a long and terrible ordeal. I began to feel it would never end. It is clear that the decision restores me to my old place in the army, but I am not aware of the intentions of the Government concerning my advancement in rank.

"I have nothing to say against my accusers. Being again an officer, I am obliged to obey the army regulations of silence, but I am inexpressibly thankful to all who have assisted in the maintenance of truth."

A Celebrated Case.

Capt. Alfred Dreyfus of the artillery, member of a wealthy Hebrew family of Alsace, where he was born in 1859, was on Oct. 14, 1894, arrested on the charge of communicating French military secrets to a foreign power. Two months later he was tried by court-martial and found guilty, and Jan. 5 he was publicly degraded and deported to Devil's Island, near Cayenne, French Guiana, there apparently to spend the remainder of his life. The friends and relatives of Dreyfus, notably his wife, always believed in his innocence, and devoted all their energies to the work of proving that he had been unjustly condemned.

In June, 1899, a fresh court-martial of Dreyfus was ordered and the prisoner was brought back from Devil's Island to be retried.

The second court-martial of Dreyfus opened at Rennes, France, Aug. 7, 1899. It resulted in his again being convicted, and he was sentenced to ten years' imprisonment in a fortress. Later he obtained a full pardon from President Loubet and was set free. The friends of the unfortunate captain, however, were not contented. They obtained fresh evidence in his behalf and finally got the case before the Supreme Court.

ENGLAND SECOND, CANADA THIRD

Scotland Wins Mackinnon Trophy at the Bisley Camp.

Bisley, Eng., July 13.—Scotland won the MacKinnon Challenge Cup yesterday. The scores were: Scotland 1,445, England 1,430, Canada 1,376.

The wind was strong and shifty when the Canadian team fired in the MacKinnon Cup competition yesterday morning.

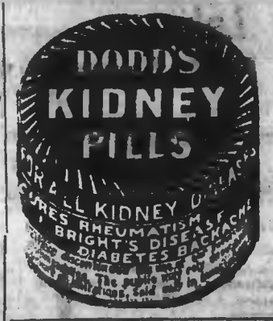
	Summary.		
	800 yds.	900 yds.	1,000 yds. Tl.
Scotland	512	480	453—1,445
England	466	466	444—1,430
Canada	492	487	397—1,376

Died at 104.

Brockville, July 13.—Robert Lapsett, born in Ireland in 1802, died here yesterday after a short illness. He came to Brockville from Montreal about 1840, and some time later established in business here as a retail merchant, and was continuously engaged as such until a few years ago. He leaves no relatives, his wife having predeceased him.

Alex. Paradis, Mine Foreman, Killed.

Thetford Mines, Que., July 13.—Alex. Paradis, 42 years of age, was instantly killed, Thomas Poulin, 21 years of age fatally injured, and Hudger Dubois, 19 years of age, seriously injured at 10.35 o'clock yesterday morning by a fall of loose rock in King's asbestos mines. All were married men. Paradis was foreman on that division. He leaves a wife and two daughters.



OBITUARY.

JOHN KEARNS.

The death occured on Wednesday last last at his late residence in Emily of John Kearns, aged 26, son of Mr. Francis Kearns of Emily. Death was due to lung trouble, from which the deceased has been suffering for the past year.

Besides his father, he is survived by a brother, William, of Ennismore, and a sister, Flossie, at home. The late Mr. Kearns was known in Peterborough, and was a cousin of Mr Gus White. He has been a resident of Ennismore since his birth.

The funeral took place this morning to the Cross cemetery, Ennismore, after requiem high mass had been sung at St. Martin's church, Ennismore. The funeral cortege was a particularly large one.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 13—Heavy selling due to overnight liquidation, the closing was irregular with net changes counts and a continuance to some extent of yesterday's bear pressure was apparent at the opening to-day, with consequent lower prices all round. L. & N., B. R. T., Smelters, Copper and the Hill stocks showed the greatest weakness. London was firm and higher, notwithstanding the disturbing reports from Russia.

Liquidation subsided in the afternoon and traders were inclined to cover short contracts, this operation causing a small rally, which was obviously overdue. The rally continued until the close which was quite strong.

One Drunk Case After The 12th

Lakefield Citizen Drank Too Much Bad Lindsay Liquor.

It was quite evident from this morning's police court the twelfth was not celebrated in Peterborough. Only one man, Jas. Vincent, of Lakefield, appeared before the Magistrate on a charge of being drunk in a public place. He had been in Lindsay for the day and imbibed more aqua vitae than his system could contain and still maintain its equilibrium. He was arrested by P. C. Adams on the steps of the Queen's Hotel, where he lay fast asleep. He had managed to get this far from the station but no farther.

This morning he pleaded guilty to the drunk charge, but as this was the first occasion he had been so and as he was a respectable citizen of Lakefield, the magistrate discharged him. The latter advised Mr. Vincent that he ought not to drink any more Lindsay liquor as there was better nearer home

Battery Will Go To Petawawa

Will Attend the Instructional Camp in August.

Major (Dr.) Young, the officer commanding the 34th Field Battery, has issued the following orders:

The members of the 34th Field Battery, Canadian Artillery, who purpose going to the Instructional Camp at Petawawa, are requested to attend a preliminary practice at the East City drill shed on Tuesday evening, 17th inst., at 7.30 p.m.

By Order.

Orangemen Muster In Large Numbers

(Continued from 4th page.)

men were capable of furnishing excellent music, and were tendered many complimentary remarks from the spectators.

Hastings L.O.L. No. 588 sent the largest contingent to the celebration. About 90 members of the Order from that body were present, Havelock coming next with 75.

The parade made Ridge street its starting place. From here the line of march followed along Peterborough street to Front, and thence to the extreme eastern limit of the village, making Elliot's Grove the objective point.

The following was the order in which the different lodges marched to the grounds:

Thos. Sexsmith, County Marshall. (Mounted.)
Joseph Moore, County Master. (Mounted.)
Alderville Brass Band.
Alderville L.O.L. No. 1069; Wm. White, Master; 40.
Fife and Drum Band.
Rosecath L.O.L. No. 261; Thos. Doney, Master; 50.
Fife and Drum Band.
Belmont L.O.L. No. 277, H. Wildman, Master; 40.
Fife and Drum Band.
North Dummer L.O.L. No. 281, Wm. Batten, Master; 40.
Fife and Drum Band.
Warsaw L.O.L. No. 284, Stephen Miller, Master; 45.
Havelock L.O.L. No. 326, Jno. A. Sexsmith, Master; 75.
Fife and Drum Band.
Cordova L.O.L. No. 520, Jno. Wiggins, Master, 30.
Fife and Drum Band.
South Dummer L.O.L. No. 522, Thos. Webster, Master; 60.
Fife and Drum Band.
Hastings L.O.L. No. 558, Ezra Peters, Master; 90.
Belmont L.O.L. No. 1369, Arthur Waters, Master; 30.
Norwood L.O.L. No. 34; Robert Martin, Master; 50.

The Addresses.

On reaching Mr. Elliot's grove the Orangemen, together with over 3,000 of their admirers, gathered around the big platform erected among the beautiful maple trees for the speakers. Refreshment booths were erected on the grounds and a pleasant time was spent there.

Addresses were delivered by many of the clergymen of the East Peterborough district, as well as by a number of the Orangemen.

The chair was occupied by Bro. Jos. Moore, County Master, who introduced the various speakers to the vast audience.

Those who spoke were Bro. David Andrews, County Secretary; Rev. E. W. Pickford, Rev. W. H. Adams, Rev Jas. Deason and Rev. G. A. Maclennan, Norwood; Rev. W. L. Atkinson, Warsaw; Rev. D. E. Johnston, South Dummer; Bro. R. J. Graham, P.D.M., of Havelock; Rev. Mr. Joblin, Alderville; and lastly, Bro. Dupras, Past Grand Chaplain of Ontario East.

All congratulated the Orangemen on the grand showing they had made on the 216th anniversary of the Battle of the Boyne. They exhorted the members of the Order to stand firm by their declaration, which definitely states that every Orangeman must be a Christian. They also pointed out that as Orangemen were taken as examples on the Twelfth, they must carry themselves accordingly. The reverend gentlemen congratulated the Order for the beautiful day which had greeted their grand celebration, and all appreciated the honour given them by the management in being asked to speak to such an immense gathering.

At the conclusion of the ceremony in the park, the lodges again formed in line and returned to the village by the same route which they had previously taken.

A halt was made at the corner of Peterborough and Front streets, and here the various bands gave an impromptu exhibition of what they were really capable of doing. The music rang throughout the whole village for many minutes, until finally the universal playing of "God Save the King" brought to a fitting conclusion the glorious Twelfth in Norwood.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

Latest News Of Various Sports

Port Hope Was Easy For The Young Shamrocks

Took Bunch From Lake Burg Into Camp by 9-0—The Game Rather Rough and Visitors Outlassed—No Scoring Done in Last Half—Port Hope Left Field Before Time Was Called as Result of Scrap.

The Young Shamrocks defeated Port Hope once this season before they met yesterday afternoon, but at yesterday's game they got out after them with the whitewash brush and from the time the two centre men first knelt on the field until the unfortunate finish the boys from the lake town didn't have a ghost of a chance. The game was by no means a good exhibition as too much rough and loose play was indulged in and enough offenders were penalized to wear a few paths to the timers' quarters. With about five minutes to play a general mixup took place and the Port Hope 12— or rather 10, for they only brought 10 men with them—left the field. The score at this juncture stood 9-0 in favour of the Shamrocks, who were much superior, both in individual and team play, although averaging less in weight than the braves from the Port. Referee Tyner spent a good deal of his time penalizing the naughty ones ruling off 13 men in the first two quarters. The minimum penalty time was five minutes, so the transgressors had lots of time to think over their misdemeanors. Both teams were prominent for their continuous decoration of the fence.

The game was not very good from a spectator's standpoint as the Shamrocks were so much superior to their opponents that at times interest lagged. They showed surprising skill and speed, and are sure to go pretty well to the front before the season is over.

The home men of the local twelve were after the ball all the time and showed splendid stick handling ability and speed. They also checked well and missed few chances to shoot. Their shooting on the whole was good although at times they were a little erratic. This was probably due to the fact that they were always well in the lead and did not exercise as much care as they would have done had the game been a close one. The home men seemed a little too anxious to leave their checks and go after the ball. This move at times created some confusion and had the locals been up against a faster team might have been productive of results—for their opponents.

There was more rough play than the occasion called for and the scrap near the conclusion of the game was unfortunate. The Port Hopers refused to continue as a result of this fracas and left the field.

When the game commenced the spectators shouted lustily and encouraged the wearers of the green and white, but before half time the noise on their part had subsided. It was such easy money for the Shamrocks that the excitement soon died out.

THE GAME.

After three minutes' play Bassett scored first. Doris made a nice rush up the field, passed to McNicholl, but a Port Hope man interfered. It struck his stick and bounced off. Bassett getting it notching the initial point, 1-0. Hudson was the first man to do time. He was given five minutes for tripping Bassett. In a scrimmage in front of the visitor's goal McNicholl pushed the ball through for the second score. 2-0. Time three minutes. Feenie was ruled off for holding an opponent's stick. McNicholl got the next in another scrimmage after some acrobatic manoeuvering. 3-0. Huston tripped Dusty and was given five minutes. Dobson followed with the same length of time for roughing it and Devlin, Doris, Dann and Rankin followed in order named for various offences. The first quarter ended with the score 3-0 and Peterborough forcing the play.

SECOND QUARTER.

Bassett again set the game going by copping the first goal in this quarter in 2 minutes. 4-0.

Feenie did the necessary two minutes later. 5-0. Dann stayed away 5 minutes for slashing. McNicholl found the lace work on a pass from Bassett in two minutes. 6-0. Saunders carried the ball right from centre field and passed to Feenie who scored. Time 30 seconds. 7-0. It was one of the most spectacular features of the day. Bassett put Peterborough's stock up another point 11-2 minutes later. 8-0. McNichell was side tracked for holding his check's stick. Bassett again rang the bell. Time five minutes. 9-0.

The third and fourth quarters were painfully lacking in features. Not a single goal was scored and the play became pretty loose. Both the green and red shirted men were conspicuous among the timekeepers. Although no scoring was done Port Hope did not have any the better of the play than they did in the first half, but the locals did not seem to be particular whether they scored or not. The ball came very seldom near the Shamrocks' nets and the defence had practically nothing to do. In fact they were not in the least busy at any stage of the game and Gilman was called upon to stop only one shot during the whole of the match. As before stated a row was commenced shortly before time and the visitors left the field.

THE TEAMS.

Port Hope.		Shamrocks.
McMillan	Goal.	Gilman

Dry Goods Men Won Ball Game

"Trimmed" the Clothiers in the Latest Approved Fashion.

Yesterday afternoon at the conclusion of the lacrosse match between the Shamrocks and the Ontarios, the Clothing Men and the Dry Goods Men gave an exposition of how ball is played in the National League. The score was 9-5 in favour of the Dry Goods and the Clothiers broke away right from the start. Bell went into the box for the losers with a confident smile, but when three base hits were made off the first balls delivered, the management of the Clothiers sized him up as a "3 flusher" and put him behind the plate. He did the receiving for the rest of the game and Picord, who took his place pitched good ball Gillespie directed the horseride in fine fashion for the winners and struck out 14 men.

Another feature of the game was that "Tommy" McDonough, of the Oriental played right field for the clothiers in the first innings. "Bill" Stroud, an import from Ceylon, stood on third for the losers and Dr. Wightman had to be taken on as short stop to "fill up" for the wingers. Mr. Martin Connors handled the indicator and gave good satisfaction.

Was McCorry's Money Taken?

Report That He Was Held Up at Campbellford.

The Havelock Standard, in a note referring to a recent baseball game at aCmpbellford, says:—After the game McCorry complained to the police that he had been held up and robbed. He did not know who the individual was but from the fact that the one in question had struck at him three times and missed, it is surmised that it must have been a Campbellford player.

GREAT BASEBALL GAME THURSDAY

Next Thursday afternoon a great game of baseball will be played at Riverside Park between the Wine Clerks and Barbers. The captains of the respective teams are T. Molbourough and Jimmy Lewis, both of whom promise to place teams on the field that will make the other fellows go some.

BASEBALL

The Brantford Expositor says:—The choice of Shea as the catcher for the all-stars looks good, though Fred. Mimmes also has strong claims for the position behind the bat. Shea is considered by many as one of the best all-round men in the league. Down in Peterborough he used to play short stop and they say he was a regular trummer in that department.

• • • •

Mr. C. G. Graham has received a letter from the manager of the Midland baseball team asking for a game here on July 26th or 28th. There is a probability that Peterborough may give the northerners a game on one of those dates.

• • • •

Montreal finished their series at Toronto yesterday after winning four straight games.

The re-organized Peterborough ball team will leave on the 11.45 train tomorrow for Port Hope, where they play a game with the Ontarios. Billy Sherring will give an exhibition during the contest. The local team will be picked from the following:—Quinlan, Pilling, Lang, Heaslip, Whitcroft Green, Sheridan, Treaner, Fitzpatrick Callaghan, Parnell.

YACHTING

The first race in the series for the championship flag of Chemong Park will be sailed to-morrow afternoon at four o'clock and promises to excite a great deal of interest. There is a marked revival in yachting at Chemong this summer, the fleet at present being composed of ten dinghies and two sloops.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of Itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c. at all dealers or EDMANSON, BATES & Co., Toronto.

DR. CHASE'S OINTMENT.

Final Game For Championship

George St. and Charlotte St Will Meet To-night.

There promises to be a big crowd at Riverside Park to-night when the George street and Charlotte street teams will finish their game and commence the final game for the League championship. There is intense rivalry between the teams and the contest to-night will be most exciting. Fred Whitcroft will umpire.

The George street team will be as follows:—Parnell, C; Pedlar, p; Crane, 1b; Weatherston, 2b; Kennedy, ss; Craig, 3b; McMillan, lf; Curtis, cf; Shaw, rf.

The Charlotte street team will be picked from the following:—Lang, Roddy, Heaslip, Squires, N. McWilliams, A. McWilliams, Crowe, Dusty, E. Roddy, Pilling.

Fifty Miles Of Canal To Cost Million A Mile

Promoter Cantin Talks Some More About the Canal Across Western Ontario—The Preliminary Survey Next and Will Be Begun Promptly.

It's all up with the Trent Canal! At least it is—perhaps—if a promotor from St. Joseph's gets his proposed canal in operation. The Toronto Star of yesterday had something to say in reference to it. This is part of what it said:

N. M. Cantin, the founder of St Joseph's, has at last made a statement which covers the scope of his projected canal across Western Ontario. He says that he has sufficient capital allied with him to finance the project, which will be before the House next session. In the meantime he will at once go on with his preliminary survey. In brief, he summarizes the features of his proposed canal as follows:

Length—From the eastern shore of Lake Huron to the north shore of Lake Erie, fifty miles.

Depth—Thirty feet clear.

Width—Four hundred feet at the water line.

Cost—$50,000,000.

Locks—Only one, as the difference in level between the two lakes is but nine feet.

Estimated yearly traffic — Over twenty thousand vessels.

Tonnage involved—Seventy million tons of freight.

Estimated cost of survey, to be undertaken this year—$25,000.

As will be noted, Mr. Cantin's statement deals in large figures, "but," says he, "the cut-off accomplished by this canal and the unsatisfactory waters avoided may be seen by a glance at the map, and it is evident that the canal, once opened, will afford great opportunity for all classes of manufacturing interests."

Shorten Route 400 Miles.

No one will venture to contradict the last of these statements, containing as it does an "if" clause of satisfactory dimensions. But Mr. Cantin promises to make good. "The canal," said he to-day, "will shorten the routes, now used by vessels plying between the east and west, from 400 to 600 miles on a round trip.

"A canal with only one lock is rather unusual, isn't it?" asked The Star.

"That is just the point," answered the man from St. Joseph. "The difference of level between Lake Huron and Lake Erie is but nine feet, which will be overcome by a single lock, and utilized to develop power to take vessels through the canal by electric traction or otherwise at the same speed as self-propelling craft."

Whence the Revenue.

"How will this immense cost of construction be paid off?" asked the newspaper man.

"Why," he said, with the easy confidence which characterizes him, "at a toll of 7 1-2 cents per ton for freight traffic on the trade between Lake Huron and Lake Erie, which would be the lowest freight rate in the world—it would pay good returns on the cost of construction and maintenance, and enable to accumulate a sinking fund."

"And you are going on with your preliminary survey this summer?" asked the reporter.

"Yes," said the wizard of Lake Huron, "at an immense cost—$25,000."

Three-Year-Old Crosses Alone

Makes a Trip From New York to Liverpool.

Among the passengers sailing from New York the other day on the Str. Cedric, bound for Liverpool, was one who was not quite three years old, and who made the voyage unescorted. He is Charles Clinton Gladwin, jr. A tag attached to the little fellow's jacket was inscribed:

Charles Clinton Gladwin, jr.,
of New York,
Bound for London, England,
To be forwarded to Mrs. E. Barr,
49 Priory Road,
Chiswick, London, England.

The boy is the child of Charles C. Gladwin, of the New York Athletic Club and national snowshoe champion of the United States and Canada. The father was unable to make the trip at this time. The little boy's mother died some time ago, and he is being sent to the home of Mrs. Barr who is his aunt. The child will be under the care of the stewardesses of the ship on the trip to Queenstown, where relatives will meet him.

Boat Trips Are Very Popular

Very Difficult to Secure Berth Accommodation.

One does not need to be in a hurry about taking holidays these times — especially if a steamboat trip is considered. It appears to be a very popular form of outing this summer, and this fact is evidenced by the information given yesterday to a gentleman who applied at one of the local railway ticket offices for a berth on one of the R. and O. steamers from Toronto. He was advised that all the berths were taken and that there were thirty ahead of him on the waiting list, which meant that he would have to take his turn.

Street Railways' Newest Feature

Moonlight Trips by Steamer Water Lily Arranged.

Next week the Peterborough Radial Railway Company will inaugurate a new feature, that of combined boat and street car trips. On Tuesday and Thursday nights the steamer Water Lily will run moonlight excursions down the river, in conjunction with the street railway, the boat to leave the street railway wharf at 8.15 and go down the river six or seven miles, returning about 10.30.

The new electric searchlight placed on this steamer will add materially to the pleasure of a night trip on her, and there is little doubt that both these excursions will be largely patronized.

It is the intention of Manager Larmonth to make this a regular feature in the future, and if it proves popular, as it no doubt will, frequent trips will be made. The scow will accompany the steamer, and an orchestra will be on board to furnish music for dancing.

The tickets, it is understood, will be sold at 25c.

Movements Of Keene People

Personal and Other Items of Special Interest.

Examiner Special.

Keene, July 13:—Misses Agnes and Nellie McCrae, who have been visiting friends in Winnipeg, returned Thursday.

Dr. Archer, who has been for a week the guest at Mr. William Campbell's, left for Campbellford on Tuesday.

Mr. Jas. Wedlock's yacht took a small party from Keene for a sail around Rice Lake Wednesday.

Miss Jessie Plunkett left for New York on Thursday after a three weeks' visit with her parents.

Miss Lillian Bell took part in the Sunday school concert at Stewart's Hall, Otonabee, on Monday evening.

About 40 Keene people, on Wednesday, went on Mr. Burnett's boat, the Rainbow, on the annual trip to Stony Lake.

"THE OLD SCRATCH."

How the Evil One Came to be Popularly Known as "The Old Scratch."

One of the many familiar names of his satanic majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time; not only disagreeable, but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff, effectively, use Newbro's Herpicide. It kills the germ which creates the dandruff, which is preliminary to falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Herpicide also is a very delightful and effective hair dressing. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

We're Turning Up Great Shoe Values

JOHN KYLIE,

Hunter Street, Peterborough

"I tell you, Sir, I know 'Bu-Ju' will cure you."

"I have seen hundreds of cases treated by 'Bu-Ju' and CURED—after all other treatment had been a complete failure.

I know of acute attacks of Bright's Disease, successfully overcome by 'Bu-Ju'—and the diseased kidneys completely cured.

I am acquainted with men, who were all crippled up with Rheumatism and suffered agony with the pain. To-day, they are well and happy—thanks to 'Bu-Ju.'

I know of women—whose kidneys were weakened by childbirth—who regained their former robust health with no other medicine than 'Bu-Ju.'

I know that 'Bu-Ju' will do you good—will make you feel better—and will cure you of Kidney and Bladder Trouble—and Rheumatism.

If your hands and feet are swollen—if there is a constant desire to urinate—if there is pain in the back and through the hips—if the bowels are constipated—stomach upset—I tell you right now to take 'Bu-Ju.'

They are guaranteed to cure you. If they don't, you can get your money back."

Lure Of Jackson Park Still Draws Big Crowds

Two Ladies Had a Bad Scare Last Night—Crowd is Very Orderly and Constable Has an Easy Time—New Bill of Pictures is Popular.

The usual big fine weather crowd was in evidence at Jackson Park last night, and every department was booming. The band, owing to another engagement, was not present, but the rest of the attractions were going and the evening was very pleasantly spent by the many people who thronged the beautiful park.

This week's bill of moving pictures is the most popular yet presented, and includes some very fine "skits" which thoroughly pleased the crowd last night. The merry-go-round nightly continues to separate nickels and their owners. To the little ones it is a never failing lure, and some older people sometimes go round the fell line. Last night there were a number of people from the nearby villages at the park, who dropped off here coming from Lindsay, and to them the merry-go-round seemed to appeal with special force.

A Bad Scare.

Two young ladies who are strangers in the city, got a bad scare last night. They had strolled down through the park on the driveway near the spring, and had just passed that point when two men suddenly came out from the trees and accosted them. The young ladies were naturally much alarmed and turned and ran in the direction of the crowd. The men who were responsible for the scare made no attempt to follow them, and they reached the upper part of the park in safety, although much alarmed, doubtless needlessly, as the men had probably mistaken them for some other persons. The ladies, however, will not believe that, however, and claim that highway robbery was the least they would have suffered had they not made their escape.

Crowd Was Orderly.

The crowd, though large, is very quiet generally, and P. C. Meharry had no trouble in keeping order. Since the instructions given the Chief of Police to have an officer patrol the park during the afternoon and evening, there has been no rowdyism and no complaints have been received from any one as to the behaviour of the crowd.

A large number of small boys are following a dangerous practice every night, and an accident is bound to occur sooner or later. They get on the steps or fender of a car, and when the conductor hoves in sight they drop off, sometimes with the car going at full speed. Boys who have been doing this are warned to stop at once before some one is injured.

Re-organization Of The Industrial Fair

A Citizen Suggests That This Course be Pursued—Ald. Elliott Might Take the Management of the Fair Again—Street Railway Company is Willing to Help—Loss to the City Would be at Least $25,000.

A number of the business men of the city have spoken to the Examiner in reference to the exhibition, which they feel should be continued and not allowed to drop, as the present prospects seem to indicate as a probability.

One gentleman who has in the past been associated with the Fair, and who is interested in it, not as a matter of personal gain, but in the belief that it is of general benefit to the city, has a proposition to make, which, he said, if accepted, would ensure the continuance of the Fair.

While fully appreciating the work done and the enterprise of the present board of directors and officers, he suggested that since the present officers had signified their intention of discontinuing the fair unless the council gave a guarantee of $1000, or a straight grant of $400, a re-organization might be effected, and in case the present officers felt that they had given all the time they cared to, a new set of officers might be elected. He informed the Examiner that it was understood that Ald. George Elliott, who, for a number of years, was the directing head of the Fair, and was largely instrumental in bringing it to the satisfactory state it had reached, might be induced to take up the reins of office again, and, choosing his own directors, would be willing to go ahead with the Fair once more.

Mr. Larmonth, of the Radial Railway Company, informed the Examiner yesterday in speaking of the same matter, that his company would make a guarantee of $100 and would give every possible assistance to the directors to make the Fair a success. Personally, he felt that it would be a distinct loss to the city if the Fair were allowed to drop. The Fair meant that at least $25,000 was spent in the city, during the days of the Fair, and he believed the merchants would feel the loss of this business keenly.

MOSQUITOES ARE VERY TROUBLESOME

The mosquitoes are very bad down the river according to a local fishing enthusiast who tried his luck the other day, but failed to catch anything owing to the troublesome "skeeter."

"Why, my hand became black with the pests in a minute," he said. "Jersey may be bad, but the immigration movement has apparently struck there since measures are being taken for their extermination," he said.

Interesting Movements Of Stony Lake People; Stories From The Lake

Delightful Dance at Juniper Saturday Night—News From the Lakes Beyond--A North Pole Story--A Few Fortunate Fishers--A Dip in the Ketchewanooka--Many Peterborough People Spend Sunday at Their Cottages.

Examiner Special.

Stony Lake, July 16.—The Stony Lake population is fast increasing. Every steamer from the Lakefield port carries its quota of cottagers, visitors and tourists, who have a holiday to spend and who are eager to get away from the regular daily grind of city life. A rough estimate places the present population of the Lakes at 1,200, irrespective of the large number summering at Chemong and vicinity. On Saturday night the steamer Stoney Lake had over 125 passengers, the majority of whom are remaining this week. Although the hotels and boarding houses can provide accommodation for many more, they have now a considerable number of the population. Almost every cottage on the lake has been opened and each contains a visitor or two. The leaders of the simple life are found in canvasses pitched here and there on several islands—those who rest their heads on nature's pillows.

The Juniper Island pavilion was the scene of the initial big hop of the season on Saturday night. A few small dances have been previously held but it was not until the week-end that the youthful population gathered in large numbers to this popular centre. Dancing has now begun in earnest and during the remainder of the summer season will be nightly occurrences. The music on Saturday evening was of a delightful character and hurriedly brought many a laggard to join in the merriment with the rest. Those who presided at the piano were the Misses Helen and Gwendoline Hall, Mrs. Thompson and Miss Smith. Among those who joined in the dance were the following:—Misses Nettie Collins, Helen Hall, Marley Hall, Harriet Smith, Flora Collins, Gwendoline Hall, Effie Munro, Olive Bradburn, Eva Rodgers, Florence Cameron, Helen Smith, Loise Smith, J. Adelaide Smith, Cleveland, and Messrs. Fred Collins, Chas. Heintzman, Toronto; Harry Hall, Basil Hall, Geo. Easton, L. M. Watson, Hamilton Munro, Durrier, Gerald Hall, Ross Cameron, Taylor, Lakefield; Charles Bloomfield, Hubert McHain, John Lang.

An Unexpected Dip.

Passengers on the Stoney Lake on Saturday night were given a free exhibition of agility and remarkable daring by Mr. George Foster, a river-driver. George has been working on the dredge below Young's Point and wished to come up the lakes to spend Sunday. So, taking a position on the end of a punt he waited the arrival of the steamer which when it came along drew in, but did not stop. However, as he has considerable of a reputation as a "lepper," he was not going to be troubled by such trifles as air space, so he jumped. Now this Diavolo if evidently had two "stunts" in view, that of jumping-the-gap and shooting-the-Chutes. At any rate he did the latter with the result that he landed in the "briny." The remainder of the evening was spent beside the stoke-hole of the steamer drying out the Sunday garments.

How Sunday Was Spent.

It is quite evident from the large attendance at the several services held yesterday that the residents and visitors of Kawarthadom are not by any means so wrapt up in pleasure-seeking that they forget their duty to things spiritual. At all services the attendance was the largest since the opening of the season. The ministers were the same as last Sunday, Rev. J. McIntosh, Toronto, at Juniper Pavilion; Rev. Dr. Sanders, Rhinebeck, N. Y., at Viamede; Rev. H. F. Batterseby, Young's Point, at Burleigh Falls, and Mr. J. B. Clarke, Toronto, at St. George's Church, McCracken. Announcements regarding next Sunday's services will be made later in the week.

Way Back.

An exploration party consisting of Messrs. Robert Munro, Harry Tasker, Toronto, and Elwood Cox, Lakefield, who are at Dulce Domum, took a trip up the back lakes last week. The party left on Wednesday morning and during the three days in which the trip was made the following lakes and streams were traversed—Lovesick, Deer Lake, Deer Creek, Stop-log, Turtle, Long, Compass, Louck's Lakes and Eels Creek.

The boys report a great scarcity of fish but abundance of mosquitos. On Thursday, while at camp on the shores of Long Lake, Mr. Munro had a half hour's excitement with a sup bass, but as he did not have his gun wth him Mr. Bearlet made good his escape.

Cedar Lake Party.

One of the merriest parties that have passed up the lakes is the "Happy-Go-Lucky" party now encamped on Sybil Island, Cedar Lake. The party, in charge of Mr. Clarence Bell, consists of Mr. Bell and family, the Misses Lewis, Thompson, McCullough and Nolan, and Messrs. Lloyd Sills, Archie Ryall, W. H. Dunsmore, Charles Simpson, and Ivan Brown, all of Toronto.

The party occupy a large cottage recently built and are taking life easy. Their motto is "Don't kick but smile" The fishing is excellent and good catches are being made nearly every day.

Mr. Bell, who is president of the Peterborough Old Boys' Association, of Toronto, and who takes a deep interest in everything pertaining to the district, is engaged in preparing a new map of the Stony Lake district that will be more complete than the one published by him a few years ago.

At Burleigh Falls.

The Burleigh Falls Hotel is more popular than ever this season, and many American visitors to the lake are finding this resort their resting place during their stay here. Mr. Chas. Fuller, the genial lock master at the falls, and moving encyclopaedia to the new comers, is again called upon to answer the numerous inquiries of the "first time" visitors.

The other day a recent arrival from London, Eng., in his tour of inspection of the Falls, met Mr. Fuller near the big cataract.

"Where does the water all go?" asked the Cockney.

He was informed that it travelled at least as far as the North Pole,

Continued on 8th page.

Prentice Boys To Say Good-Bye

To Geo. Macdonald, Their Worshipful Master.

To-night the members of 'Prentice Boys' Lodge, No. 7, Peterborough, ough, will meet to bid good-bye to Mr. Geo. Macdonald, the Worshipful Master of the Lodge, who leaves in a short time for Dundas, where he has taken a position.

At W. J. McCallum's to-night the members of the Lodge are asked to meet at 6.30 where a supper will be held.

Mr. Macdonald will be missed in other organizations than the 'Prentice Boys, in the city, too.

He is an enthusiastic and efficient football and baseball player, and in rugby this fall he will be especially missed. He will carry with him to Dundas the best wishes of all the young men in the city.

The Decorations Were Praised

Waterford People Like Work of J. J. Turner & Sons.

The re-union decorations, the work of Messrs. J. J. Turner & Sons, appears to have been universally satisfactory. The following from the Waterford Star is evidence of this fact: "During re-union days our visitors were continually complimenting the committee on the fine decorations, which extended from the station to the town hall. We wish to say that it was the work of Turner & Sons, of Peterborough, who make a business of decorating with flags, bunting, and banners, for large celebrations."

Woman Created A Disturbance

Appeared on Balcony in Semi-Naked Condition and Used Bad Language.

The actions of a woman on Brock street, near Victoria Park, about 9 o'clock last night, caused somewhat of a sensation. She appeared on a balcony, clad only in an under-garment, and commenced to address the crowd, that quickly gathered, in language that was far from being parliamentary. The disturbance was so great that the police had to be called in to disperse the crowd. The same woman earlier in the evening created a disturbance on Simcoe street, and was moved on by P. C. Newhall. The case may be aired in the police court.

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bar School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food, and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

Watchman-Warder Is Incorporated

New Printing Company for Town of Lindsay.

Among the new companies for which Provincial letters of incorporation have been given, notice of which is contained in the last issue of the Ontario Gazette, is the Watchman-Warder Printing Co., of Lindsay, with a capital stock of $20,000.

Contributions Until 29th

Will be Received for St. Joseph's Hospital Up to That Date.

The annual collection for the funds of the House of Providence and St Joseph's Hospital, which was to have closed yesterday, will not close until July 29. Contributions will be received until that date.

Trouble Is At Toronto Station

Where Sufficient Coaches Should be Provided.

Mr. W. S. Dodds, the genial station agent of the C. P. R., here, called on the Examiner to-day in reference to an article in Saturday's Examiner in respect to the scarcity of coaches for local traffic between Peterborough and Toronto. Of course the Examiner's reference to Mr. Dodd's was made in a jocular way, because the fault does not rest with him. The trouble is at Toronto, where the officials should see that there are sufficient cars to accommodate the traffic.

When the train reaches Peterborough, there is plenty of room, because usually half of the passengers leave the train here.

There was room for complaint on this same score last night. On the midnight train there was only one first class coach, while there were nearly enough passengers to fill two. Some gentlemen who never smoke were forced to ride in the smoking compartment, or stand.

Detectives With The Circus

Local Police are Asked to Co-operate With Them.

Chief of Police Rossel has received a circular from the Pinkerton National Detective Agency in reference to the visit of the Barnum and Bailey circus here on August 9. The communication states that the circus authorities have secured a number of reliable detectives from the agency who will do their best to protect the patrons from pick-pockets, and the various kinds of swindlers that generally follow in the train of a circus, and the co-operation of the local police is asked to ensure the success of their efforts.

OBITUARY.

MRS. GEO. GARLICK.

Mrs. Garlick, wife of Mr. George Garlick, of the Munro House, passed away yesterday morning at the Nicholls Hospital. The deceased lady has been ill for some months, but has only been confined to the hospital since Friday afternoon last.

The circumstances surrounding her death are particularly sad, as she leaves besides her husband two small children, who will be deprived of a mother's loving care. The elder of the two is five years old and the younger a baby, four months old. Deceased was 38 years of age.

Mr. Garlick's many friends will sympathise with him in his grievous loss.

The funeral will take place to-morrow, from the family residence, 819 George street.

W. H. CROCKER.

Word has been received that Mr. William H. Crocker, a widely known agriculturist of Mauvers township, was killed on July 12th, by a kick from a colt. Mr. Crocker, it is said, was feeding the animal, which is of a rather excitable nature, when it kicked him behind the ear killing him almost instantly.

He was attending to the horse at the request of a lady who lives opposite him, and whose husband was in Lindsay at the time. Mr. Crocker's son and daughter were also in Lindsay and learned nothing of their father's sudden fatality until their return.

Mr. Crocker was a highly respected man and his death occasioned much regret in the district. He leaves to mourn his loss a widow, one son, and a daughter.

All Dress Trimmings at half price.

Young Boys Made Brave Rescue

Saved Youngster Who Had Got Beyond His Depth.

An 8-year-old son of Mr. Percy Butler, East City, had a very narrow escape from drowning while bathing in the old race-way at Rogers' dam yesterday afternoon. With a number of other boys he was splashing around in the shallow water and got beyond his depth. He was going down for the third time, when Arthur and Fred. Primeau, the nine and 11-year-old sons of Mr. J. Primeau, went to his rescue and succeeded in bringing him safely out of the water. A tragedy was averted only by their pluck and presence of mind, for which they deserve a good deal of credit.

WEDDING BELLS

KINGSCOTTE—WATSON.

A wedding of considerable local interest took place in Ephesy Episcopal church, Rochester, N.Y., on Saturday last, when Mr. Harry Kingscote and Miss May Watson of this city, were united in marriage. Mr. Reuben Lynch of Peterborough, acted as groomsman, and Miss Florence Beagle, of Rochester, attended the bride. Mr. and Mrs. Kingscote will spend their honeymoon here, and will reside in Rochester, where Mr. Kingscote has a position.

THE NORMAL SCHOOL.

The Ontario Government is to be congratulated upon having selected Peterborough as the location of one of the new normal schools, the erection of which has been decided on in the Province.

In considering the cities in which the schools should be placed the Cabinet was so impressed with the superior advantages possessed by Peterborough that this city could not be passed over.

No doubt the City Council will comply with the condition upon which the city is to get the school and that a suitable site will be provided. In the establishment of these schools through the Provinces it is to be hoped that the good results anticipated in the facility with which the more advanced forms of education may be acquired, will be realized, and if so the people will not complain.

The decision to establish one of these schools in Peterborough is one which was fully expected by the people here, because it was felt that the location of the city, with its rapidly increasing industrial importance constituted a combination of circumstances which made it practicably impossible for the Government to come to any other conclusion than that reached.

That there should ever have been any doubt as to the establishment of the school here is almost incomprehensible.

The action of the Cabinet is an admission that Peterborough is one of the leading cities of the Province and the most important between Toronto and Ottawa.

THE WORST KIND

After Piles had existed for a long time and passed through different stages, the suffering is intense—pain, aching, throbbing, tumors form, filled to bursting with black blood.

Symptoms indicating other troubles may appear to a throughly Pile-sick person.

This is when Dr. Leonhardt's Hem Roid, the only absolute Pile cure, brings the results that has made its fame.

It will cure the most stubborn case in existence and a bonded guarantee to that effect goes with each package.

Hem-Roid is to be had for $1.00 at the drug store, or from The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

What Exchanges Are Saying

Radical Opinion Out West.

Lanery's Claim.

It is better to have the whole of Canada break the Sabbath than that even one individual should be fined or imprisoned for fishing on Sunday.

We Say Why?

Hamilton Herald.

Sunday golf was threatened, but the Minister of Justice has saved it. Also Sunday baseball, cricket and tennis. But why discriminate against Sunday hockey, football and lacrosse?

RADIANT WOMANHOOD!

The glory and satisfaction of beautiful womanhood can only be known to those possessing the unlimited advantage of health.

The weak woman can't be happy or enjoy half the pleasures of life. Pallid cheeks, sunken eyes, exhausted nerves all tell of a terrible struggle to keep up.

Nothing overworked women can take will benefit like FERROZONE, which renews, restores and vitalizes instantly; it's a WOMAN'S REMEDY, that's why

FERROZONE

MAKES WOMEN STRONG, PLUMP AND BEAUTIFUL.

FERROZONE contains abundance of nutriment, the kind that forms muscle, sinew, bone and nerve. It sends a vitalizing stream of new life through the weary body, making its strengthening influence felt at once.

Every FERROZONE Tablet means more strength, better appetite, delightful color, bright happy spirits—in short FERROZONE brings true womanly health, and that's worth striving for. Avoid substitutes.

Price 50c per box or six for $2.50. At all dealers or by mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Norwood Meat Dealers Want Some Protection

Seek to Prohibit Peddling Meat on Streets—The Street Watering Question Up in Council—Routine Business Transacted.

Examiner Special

Norwood June 14.—At the last meeting of the council the following members were present: Mr. A. Breault, Reeve, and Councillors W. J. Webster, B. W. Squire, A. B. Greenbank and R. S. Patterson.

The minutes of last regular meeting and Court of Revision were read and confirmed.

The Reeve read a communication from Messrs. W. Rogers & Son, asking protection in the retail of meat by persons who are not ratepayers and who peddle meat from house to house.

Moved by Messrs. Patterson and Webster, that the above communication be referred to the Solicitor for his opinion.—Carried.

A petition was also handed into the council asking to have the by-law re watering certain portions of streets named in bylaw, repealed.

Moved by Messrs. Patterson and Greenbank, that the request of the petitioners to repeal by law No. 253 re street watering be granted.—Carried.

Moved by Messrs. Webster and Patterson that the clerk order immediately 600 feet of 9 in. sewer pipe for Wellington street.—Carried.

The following accounts were then read and on motion of Councillors Greenbank and Webster, ordered to be paid:

W C Harrison.....	$144 00
H G Buck.....	9 51
Jas. Calder.....	4 00
Geo. Terroptone.....	8 75
Dr. Wilson.....	5 00
Dr. Ford.....	5 00
Wm. Taylor.....	3 00
R. T Scott.....	34 25

Moved by Messrs. Patterson and Webstert, that Constable Scott have the lock-up repainted and kalsomined.—Carried.

Moved by Messrs. Patterson and Greenbank, that the clerk have public notices put up in gravelpits forbidding trespass.—Carried.

Council adjourned.

An Answer To Working Man

Mr. Chas. Stevens Replies to Reference to Coal Combine.

Editor Examiner:

Dear Sir,—I notice an article in your paper of this date under the heading of coal combine by "The Working Man." He claims the public is being charged 50 cents more per ton and have to pay for their coal from 4 to 5 months in advance by reason of the coal combine.

I challenge him to prove how standard hard coal such as is being sold at retail, delivered in the city at $7.10 per ton can be sold at 50 cents less per ton without loss.

July coal cost $5.50 per gross ton on cars at Buffalo or Suspension Bridge, N.Y., less 20 cents per gross ton making it cost $5.30 per gross ton, which has to be paid for with New York Exchange added, which cost from one to two dollars and fifty cents on the thousand dollars. The above price is for what is known as mine weight, which will not hold out when handled over and delivered.

When a reasonable allowance is made to cover shortage and screening, it makes a net ton of 2,000 lbs. of hard coal cost on cars at Peterborough with freight added, $6.05 unloading, 7c. per ton. Now, to deliver this coal at $6.80 per net ton, it would leave but 48 cents per ton to cover interest, storage, office rent and work, and cost of delivering, and as a coal dealer I say it cannot be done.

If the Peterborough coal dealers clear 40 cents a ton on July coal, in my judgement it is the best they can do, and when all the expenses and investments are taken into an account it is doubtful if they can make even 40 cents a ton retailing it at $7.10 delivered.

Yours respectfully,
CHAS. STEVENS,
July 14. Napanee.

School Picnic Much Enjoyed

A Delightful Day Spent at Mr. Wm. Forsyth's Farm.

On Tuesday, July 10, a very pleasant time was spent in the grove on Mr. David Forsyth's farm, near the school, S. S. No. 12. The picnic, which was the first of its kind in the section, was fairly well attended, there being about 85 present. The weather was all that could be desired, and the pretty spot selected added much to the enjoyment.

About 2.30 o'clock a programme was given by the scholars, the teacher, Miss Ada Payne, acting in the capacity of chairman. The pupils took their parts in a very satisfactory manner in the flag drill, recitations, songs and dialogues.

At the close of the programme a unique feature, in the form of a fish pond, was then introduced. The pupils were delighted at the unexpected and successful results.

Football and races, with swinging, occupied the time until supper was announced. This was abundantly provided by the ladies of the section and other friends, and was well enjoyed. Lemonade and home-made candy were agreeable additions to the other refreshments.

About 6 o'clock the people began to disperse to their homes, well pleased with their afternoon's outing.

HOW'S THIS?

Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

$22,000 Is What Affection's Worth

At Least That is the Sum Miss Cushing Values It At.

A Montreal despatch says: An action for breach of promise of marriage, which bids fair to arouse a good deal of interest has been entered in the Montreal Court. The plaintiff is Miss Emma Cushing, and the gentleman who is alleged to have trifled with her affections is Mr. J. M. Christie, formerly manager of the Canadian Bank of Commerce here, and now in charge of the Tentieton B.C., branch. The young lady has set down $22,200 as the amount which will either heal the wound the fickle Cupid inflicted, reimburse her for physical anguish and mental pain, repay what she expended on clothes and household furnishings, and support for the next 25 years. Miss Cushing's claim is set forth in the following form:

Amount expended on clothes and household furnishings for the contemplated wedding.....	$2,000
Medical attendance as a direct result of the refusal of the defendant to marry her.....	200
Estimated cost of living for 25 years at $600 per year, which would have been borne by the defendant as husband had he married her	15,000
Physical anguihs and mental pain and suffering, laceration and injury to plaintiff's feelings and reputation.....	5,000
	$22,200

Miss Cushing also took time by the forelock in entering an action to attach Mr. Christie's money and interests in the Bank of Commerce, claiming, as she did, that her one time lover had left this Province for the purpose of defrauding his creditors, and herself in particular.

How Apsley Spent July Twelfth

A Celebration Held There—Address Given by Rev. E. A. Langfeldt.

The glorious and immortal memory of King William was loyally celebrated by the Apsley Orange Order and True Blues on the 12th of July. Young's Point Lodge joined in the Apsley celebration and arrived on the scene about 5 a.m. The village was decorated with flags and buntings, and everyone was in gala attire to do honour to the day. The procession formed, and the "walk" began at 10 a.m. After dinner all marched to the grove, where speeches were delivered. Ven. Archdeacon Warren and Rev. E. A. Langfeldt gave short addresses, both gentlemen urging upon the people to be loyal to King and country, and to do their utmost to promote harmony and good-will among all classes of the country and to lead exemplary and God-fearing lives. Mr. Campbell, of Chandos, made a very clever and humourous speech, and Mr. Fitz, of Apsley, added his observations on the celebration of the day. In the evening a concert was held in the Temperance Hall, which was attended by a large audience.

You have No Reason for Not Using Zutoo

Some people think that all headache cures are alike—that they all undermine the health, even if not perceived at the time of taking them.

Well, we'll admit that the drug cures do this, but that is no reason why you should not take Zutoo.

Zutoo is a harmless vegetable remedy. One ingredient is soda—just old-fashioned soda that our grandmothers used to take to settle the stomach, when they had sick headache. And there is nothing better.

The principal ingredient—the one that stops the headache, is a vegetable ingredient, imported for us from Japan. It wont hurt you any more than will the soda.

There is absolutely no reason why you should not use Zutoo.

If you suffer from headache there is every reason why you should.

Taken in time, two tablets will ward off a headache. Taken later, they will stop it in twenty minutes, and leave you feeling good every time.

If you are using a drug remedy, why not discard it?

Zutoo will cure just as quickly and will save you the penalty, that all must sometime pay, who take the drugs which these cures contain.

If you will give Zutoo one trial, you will never take any other headache remedy again.

It is as Harmless as Soda

Lever's Y-Z (Wise Head) Disinfectant Soap Powder dusted in the bath, softens the water and disinfects.

Rare Chance
—FOR—
BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses; situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office Price and full particulars on application.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Moderate south to west winds; showers and local thunder storms. Tuesday—Mostly fair with slightly lower temperature

Board of Works.

—A meeting of the Board of Works will be held to-morrow night.

Joint Installation.

—To-night the new officers of the two Oddfellows' Lodges will be installed.

Young People's Society.

—The St. Andrew's Young People's Society will hold its regular meeting to-night.

Cheese Board.

—The next regular meeting of the Peterborough cheese board will be held on Wednesday at 10.30.

L.O.L. No. 80.

—Lodge No. 60 will meet this evening as usual, at 8 o'clock, at the Lodge rooms, Simcoe street.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

A Correction.

—In the list of the successful pupils of Mr. Glidden given a few days ago, the name Martha Branch, should have read Maria Branch.

Writing Competition.

—The results of the writing competition, for which Mr. W. Pringle, of the Business College, gave medals, will be published to-morrow.

Trip to St. Anne.

—Next Tuesday, July 24th, the annual excursion to Ste. Anne de Beaupre will leave this city. A large number of persons will take the trip.

Automobile Excursion.

—Tuesday's Examiner will contain particulars as to time and place of leaving of the automobile excursion to Chemong Thursday, under the auspices of St. Andrew's Ladies' Aid.

A Record Breaking Fair.

—The buildings on the exhibition grounds at Toronto, are valued at between $1,200,000 and $1,500,000. No other annual exhibition in America possesses the same accommodation.

A Fine Building.

—The new Dominion Express Co. building at the C.P.R. station is now nearing completion. It will be modern in every respect, and will be ready for business in a short time.

Special Meeting.

—A special meeting of the township council of North Monaghan, was held in the city on Saturday afternoon to consider the question of the fixed assessment for the Brinton Carpet Company's property.

Mouth Organs.

—We have an organ for every mouth, all sizes, "Imperial and Ideal," Harmonicas. Excellent value. Come and try them. J. M. Greene Music Company, New Opera House Building. 6d11

Marathon Race.

—The South Victoria Agricultural Society have decided to have a Marathon Road Race for about ten miles on the third day of the fair, viz., on Saturday, the 22nd day of September.

Thanks for Papers.

—The Examiner has to thank Mr. W. C. Austin of Edmonton, Alta., for recent copies of the Jornal and Bulletin of that city, both papers containing much of interest to the people in the east.

Be Sure and Go.

With the All Saint's Sunday School excursion to Stony Lake on Wednesday, July 18th, on the commodious steamer "Stoney Lake." Adult tickets 75c., children, not members of the school, 40c.

High Wages.

—The wages of women are apparently taking a rise in the city. A gentleman this morning offered a lady—a widow—$15 per month to do housework. The offer was unhesitatingly refused.

Charlotte Street.

—The usual meetings will be held in Charlotte street this week. Epworth League to-night and prayer meeting on Wednesday. The Woman's Auxiliary will meet on Tuesday at three o'clock.

Fresh Roasted Peanuts.

—I have the best stock of fresh, roasted peanuts to be had in the city, and I sell at Victoria and Jackson Parks. Any peanuts that are not good are not sold by me. Jimmy Crebar.

Jackson Park To-night.

—There will be a new bill of moving pictures at Jackson Park to-night and the band will furnish a good programme. A good crowd will likely welcome the opportunity to escape the heat in this pleasant manner.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Trip Was Postponed.

—The initial trip of the Palace auto-bus to Chemong, which was to have taken place to-day, had to be postponed owing to the non-arrival of Mr. Olmstead, of the Buffalo Auto Car Company, who was expected here at noon with a chauffeur.

No. 4. Company.

—Colour-Sergt. Waterman requests the members of Section 1 of No. 4 Company, 57th Regiment, to meet at the drill hall to-morrow evening, July 17, at 8 o'clock, as business of interest to the section will be discussed.

Copped a Big One.

—Mr. "Dunc." Johnston, accompanied by Mr. Fred. Young, of Harwood, caught a 15-lb. lunge in Rice Lake, near Harwood, on Saturday last. Mr. Johnson is an expert "lineman" and experienced little difficulty in landing the monster of the deep.

Meeting for Men.

—Rev. A. E. Camp of Havelock, conducted the men's meeting at the Y.M.C.A. yesterday afternoon. The subject of the lecture was "The Profitable Things of Life," and was treated in an interesting manner. A fairly large number of young men were present.

Must Have Bathing Suits.

The citizens crossing the Hunter street bridge are objecting to the boys bathing in the river without any bathing suits. While the weather is dangerously hot and the water refreshingly cool, the boys are breaking the law and it is stated if they continue to do so they will find themselves in the Police Court.

Will Mr. Noyes Go?

—Mr. Charles Noyes, the well-known gateman at the Charlotte street crossing, has received a good offer to act as foreman of a ballasting gang operating on a railway at Campbelltown, N.B. Mr. Noyes is yet undecided whether he will accept the offer or not. Mr. Noyes is familiar figure at his post and would be much missed should he decide to leave.

Vacation Days are Here.

Don't forget a fan.
Don't forget a hammock.
Don't forget a few good books.
Don't forget a package of writing paper.
Don't forget a money wallet or purse.
Don't forget a wrist bag or hand satchel.
Don't forget a package of calling cards.
Don't forget souvenirs of Peterborough.
Don't forget the Peterborough Bookstore. A. H. Stratton & Co At Murray Street.

Rev. F. J. Scott, the pastor, occupied the pulpit both morning and evening. Considering the hot weather the services were well attended. Col. E. B. Edwards, who has just recently returned from Western Canada, gave an interesting address in the Sunday school yesterday morning. To-night the Young People's Society will meet. The subject will be "True Friendship." Mr. John Hardwicke will speak.

The regular weekly prayer meeting will be held Wednesday night.

The New York Stock Market

Henry Clowes, in his weekly market letter, says: The absolute indifference of the stock market to good news is unusual. Favourable crop reports, increased dividends and improvement in the monetary situation are all incidents which appear to stimulate selling rather than buying of securities. Of really discouraging news there is little, but the bullish interest in the market is apathetic, and a discouraged feeling prevails in speculative circles, but not sufficiently strong to stimulate any aggressive bear campaign. The fact that stocks have declined 10 to 60 points and that a great deal of drastic liquidation has already taken place seems to be forgotten. Apparently there is an outpouring of stocks from somewhere, and the question is, from where? It would be equally interesting to know where these securities are going. One theory is that large interests with exceptional facilities for information foresee a business reaction in spite of the present activity, and are anticipating its effects. The more probable theory, however, is our leading banking interests recognize that high rates for money mean lower prices for stocks, and that, coupled with the large increase in new issues of various sorts, a readjustment between money rates and Stock Exchange values is now in progress. This readjustment has been going on for fully six months and the market situation greatly relieved and improved thereby. Speculative accounts are being extensively liquidated. The bond market is still overloaded with unsalable issues and now supplies are still forthcoming. In short, there is no sign yet of any abatement of the demands upon the money market. Many new enterprises are under way which will make further demands upon our monetary resources; hence, the firm rates for time money.

(Furnished by J. R. Heintz & Co.)

New York, July 16. — The stock market continued the short covering operation this morning as expected and the scarcity of stocks became apparent, as the bears tried to retire short commitments. The tone was much improved, more so than for some time, and encouragement was held out for an August rise of fair proportions.

There was good buying noted midst the manipulation to force the short interest in, and some stocks gained considerably in technical strength.

The market continued strong to the close, which was near the best of the day.

ENTIRE FAMILY GONE.

Edward Sentell Also Victim of the Salisbury Wreck.

Salisbury, July 16.—Edward W. Sentell of Brooklyn, N. Y., one of the passengers injured in the American line train disaster of July 1, died at 11 o'clock Saturday evening. With the death of Mr. Sentell the entire Sentell family is gone.

When the victims of the disaster at Salisbury, England, were removed from the wreckage it was found that Edward W. Sentell alone of his family of five escaped death. Reports have come from time to time that he would recover. He was cheerful for several days after the accident, explaining that it was God's will. His decline was mental as well as physical.

Members of Mr. Sentell's family taken from the wreck dead were Mrs. Sentell, Miss Blanche M. Sentell, Miss Gertrude M. Sentell and Charles E. Sentell.

Condition Critical.

Salisbury, Eng., July 16.—The condition of Robert S. Critchell of Chicago, Ill., who was injured in the railway disaster of July 1, is critical. The other patients are doing well.

Triennial Council in Toronto.

Toronto, July 16.—Prominent Orangemen from all parts of the British Empire and the United States are being drawn together for the fourteenth triennial session of the Imperial Grand Lodge Council of the Loyal Orange Lodge Association of the World, which opens in Victoria Hall at 10 a. m. today.

It is expected that there will be one hundred delegates at the meeting.

"VIVE DREYFUS!"

Meanwhile Count Esterhazy Says There Is Still Evidence of Guilt and End is Not Yet.

Paris, July 16.—The celebration of the French national holiday Saturday assumed especial significance in connection with Dreyfus resuming his place in the army. The Official Journal published a decree announcing his reinstatement and promotion and the inscription of the name on the list of chevaliers of the Legion of Honor.

Major Dreyfus, who remains in his apartments, is besieged by many friends, who are congratulating him on his final success. Hundreds of felicitations have reached him by mail, telegraph and cable. The date of his receiving his sword and putting on his uniform awaits his assignment to a regiment.

What Esterhazy Says.

In an interview with the London correspondent of The Matin, Major Count Esterhazy is reported as saying that Capt. Dreyfus was a matter of indifference to him, and that he believed Col. Sandherr, former chief of the secret intelligence bureau of the French army, had proofs of Dreyfus' guilt. Count Esterhazy said he thought the affair was not yet ended.

President Fallieres Saturday reviewed the troops at Longchamps. The principal feature of the day were the enormous crowds and the frequent shouts of "Vive Dreyfus," showing the prevailing sentiment. The review was a brilliant spectacle, the whole garrison of Paris participating.

Duellist Improves.

Paris, July 16.—M. Sarraut, the deputy who, last Friday, was wounded by Deputy Pugliesi-Conti in a duel, following an encounter in the chamber over the Dreyfus affair, is improving.

Plucky Lyon Loses Match.

New York, July 16.—There was uncertainty as to whether the year's golf champion of the United States was to be a homebred or a Canadian until the last few holes of the thirty-six hole final yesterday at the Englewood Golf Club. Eben Marshall Byers of the St. Andrew's Golf Club took the lead at the thirty-third hole and made the victory 2 up on the home green. George Seymour Lyon of the Lambton County Club, Toronto, was his opponent and a very plucky one.

Cudahys Coming to Canada.

Toronto, July 16.—One of the big Chicago packing firms has been licensed by the Ontario Government to do business in the province under date of June 27, as announced in the current Ontario Gazette. No greater amount of capital than $40,000 shall be used in Ontario by the firm, which is the Cudahy Packing Co., incorporated under the laws of the State of Illinois.

Local Dealers Visited The Anthracite Fields

Peterborough Coal Merchants Were Guests of the D. L. & W. R. R. Co. on a Most Enjoyable Trip Last Week—Programme Was a Very Delightful One and Will Long be Remembered by the Canadian Dealers.

Messrs. R. Hicks, J. E. A. Fitzgerald and William Scott, returned to the city on Saturday, after spending the greater part of last week with the Canadian Retail Coal Association on their trip from Buffalo to the anthracite coal fields, as the guests of the Delaware, Lakawana and Western Railroad Company. They report the trip as the most enjoyable they ever took, and have nothing but kind words to say of the way in which they were treated during the journey. The D. L. and W. Company paid all the expenses of the trip, which included over three hundred Canadian retail coal dealers and a number of invited guests from the other coal companies of Buffalo, which brought the total up to four hundred.

Mr. Hicks supplied the Examiner with an account of the trip which he said, was most enjoyable and novel throughout.

The party assembled at Buffalo on Tuesday morning, and spent an hour after dinner in inspecting the lake shipping dock, and immense retail trestle of the company at the foot of Erie street. At 2 p.m., a special train left the coal department's office at Buffalo, for Scranton, Pa.

World's Largest Storage Trestle.

Eleven miles from Buffalo the train slowed down to give the dealers an opportunity to see the Cheekowago trestle, the largest storage trestle in the world, which is one mile in length. The party arrived at Scranton about 9 p.m. The first view of the city was one that was calculated to arouse admiration. It is situated in a beautiful valley and is brilliantly lighted, hence the spectacle afforded from the hills upon which the train enters the city is a magnificent one. Arrived in Scranton the guests were billeted in the best hotels in the city.

Visited the Coal Mines.

The programme began in earnest at 8.30 the next morning. At that hour a special train left the D. L. and W. R. R. Co's depot for an inspection of the Diamond, Belleville, and Sloan Mines and breakers. The party was here divided into three sections, each visiting one of the mines. Mr. Hicks was with the party which inspected the Sloan breakers, located in the Keyser valley, the richest anthracite basin in the entire region. Here the party was taken down the mine, the shaft of which is four hundred feet deep. It was the first visit of most of the dealers to a coal mine, although some of them had been handling the black diamonds all their lives, and the descent into the mine was an interesting, not to say thrilling incident.

Returning to the surface the breaker boys came up out of the mine and a collection was taken up among the dealers for their benefit. Afterwards the official photographer of the company took a photograph of the breaker boys and dealers in a group. The Diamond breaker visited by a number of the other members of the company, was built in 1850, and was one of the first in the world erected for preparing anthracite coal. It is now being replaced by a modern breaker. The Belleville breaker visited by the third section, was built in 1854, and is supplied with coal coming from veins underlying the city of Scranton for many miles.

The Gigantic Water Hoist.

After inspecting the breakers the party re-united and were taken to see the company's electric, water-hoist, one of the most wonderful things that was seen on the trip. The plant is operated not only electrically, but automatically, and has a daily hoisting capacity of six million gallons. The shaft is 480 feet deep and drains no less than six mines.

Returning to Scranton at 12 a.m., for luncheon, the dealers were soon on another jaunt, this time in a different direction. A special train left the company's depot at 2 p.m., taking the party for a trip down the beautiful Wyoming Valley, passing en route breakers, culm banks and many other evidences of extensive coal mining. This trip is one which for scenic attractions has few rivals, and every moment was thoroughly appreciated by the Canadians, most of whom were gazing on its beauties for the first time. They were given a view of the magnificent Susquehana and Lackawana valleys. On the way they saw the monument erected to commemorate the Wyoming massacre of 1778.

Big Woodward Breaker.

In this valley is located the D. L. and W. R. R. Co's Woodward breaker, the largest producer of anthracite in the world, from which over one million tons of coal were taken last year.

An hour's stop was made at the Truesdale breaker, the largest coal breaker in the world and the second to be operated by electricity. This breaker while not at present the greatest producer, will be when running at full capacity. Mr. Hicks here went down into the shaft which is six hundred feet deep. It was hard to realise that one was down so far in the earth, so slow seemed to be the time of descent, and the fact that the trip was made in utter darkness added to the illusion that but a short distance had been covered.

A Delightful Concert.

Scranton was reached on the return journey about 9 p.m.

The evening was marked by one of the most pleasing incidents of the trip. The dealers were treated to a special concert given by the Scranton Oratorio Society, which is composed entirely of miners and their families. The Society is famous throughout the length and breadth of the United States, and has the signal honour of winning two world's fair medals. Their singing was magnificent, and will long be remembered by the party for whose benefit the concert was given.

The Beautiful Water Gap.

On Friday morning variety was added to the programme, and the Canadians were given a trip that they will not forget, nothing less than a trip to the celebrated Delaware Water Gap, one of the most scenic views in the world. The party agreed that the beauty of this spot was worth coming a great deal farther than they had done to see. The train works its way up to the summit of Pocono Mountain, two thousand feet above the level of the sea, and from there down to the Water Gap. This beautiful scenic paradise, the summer resort of Scranton, is magnificently situated amoung the mountains, and affords

ALDERMAN HICKS,

Whose Description of the Coal Dealers' Trip to Scranton is Given to The Examiner Readers To-day.

a prospect that has very few equals in the world. There where—

"On rocky lair the bass is found,
Where the swirling eddy dims,
Inch for inch, and pound for pound,
The gamest fish that swims,"

sportsmen, as well as the lover of romantic scenery can enjoy himself to the fullest extent.

The party was entertained at a delightful luncheon at the Kittatiny Hotel, the one hostelry at the Gap, and a magnificently equipped summer resort. The side trip to the pride of Scranton, will be remembered by the Canadians as one of the most pleasant incidents in the most pleasant trip they ever enjoyed.

Pleasure Parks Thrown Open.

Thursday evening at Scranton was left free for the guests to do as they pleased, and most of them availed themselves of the opportunity to visit either one of Scranton's two grand pleasure resorts, Rock Glynn and Luna Parks. At both of these places everything was thrown open to the visitors. They had the option of shooting the chutes, going through the figure eight, or patronising any other of the score of amusements. Everything was free and the Canadians were able to spend a couple of hours very easily at these resorts. Mr. Hicks, who visited Rock Glynn Park said it was conducted on the same lines as Hanlan's Point, Toronto, but on a much largerr scale.

The party reached Buffalo on Friday afternoon on their return trip, and dispersed for their respective homes, with pleasant memories of trip that they will not soon forget.

Officials Were Hospitable.

The Peterboroough dealers who made the journey are loud in their praises of the manner in which they were looked after by the officials of the Delaware, Lackawana and Western Railway, whose hospitality they enjoyed during the trip. Mr. D. E. Russell, the sales agent for the company at Buffalo, his chief clerk, Mr. Reid and Messrs. Burke and Martin, were with the party continually during the trip, and did everything in their power to make the visit of the Canadians to the coal fields one that would be thoroughly enjoyed and that their efforts were an unqualified success is amply evidenced by the enthusiasm with which the local dealers speak of the trip. A special train of eight coaches, with a baggage car, and an official car, were always at the service of the party. Before dispersing at Buffalo the Canadian dealers made suitable presents to the crew of the train as a token of appreciation of their untiring efforts to make the journey as comfortable and as enjoyable one.

Mr. Hicks commented on the conduct of the dealers who composed the party, which was such that it would have a good effect upon the officials of the D. L. and W. R.R.

Mr. Russell remarked that the trip was organised for the purpose of entertaining the Canadian dealers, but that he felt he was more entertained than they were because the visitors were so enthusiastic over everything they saw.

Souvenirs of the Trip.

As a souvenir of the trip Mr. Hicks brought home with him a handsome little booklet which gives the itinerary of the outing as well as views of coal breakers, the Water Gap, and many other places visited. The programme was carried out to the letter, which is not often the case.

Altogether the Canadian dealers were so pleasantly entertained, and saw so many interesting and wonderful things that they will always have pleasant memories of their trip over "the Road of Anthracite."

Profits Now Go Skyward

The time has come at the City Clothing Store when all strictly Summer Stocks must go.

All Summer Suits, Raincoats, Furnishings, Underwear, Hats and Caps cut deepest.

Yoke Of Christianity Is Lighter Than That Of Sin

Rev. Herbert Taylor, of Pelican Rapids, Preaches Convincing Sermon at Charlotte Street Methodist Church —The Way of the Christian Made Easier Than That of the Sinner.

Rev. Herbert Taylor, pastor of the First Congregational Church, Pelican Rapids, Man., a former resident of Peterborough, and son of Mr. Wm. Taylor, who is well known in this city, preached at the Charlotte street Methodist Church last night, and delivered his sermon in an eloquent and masterly manner. Before announced his text he stated that his recent visit was the first opportunity he had of coming to Peterborough during the last seven years, and that she was pleased to address a Peterborough congregation.

"My yoke is easy, and my burden is light"; Matt. xi., 30, was the text chosen by the preacher, and during an eloquent discourse he explained in no uncertain manner its great truth.

"We all believe," he said, "that Christian life is pilgrimage, but it is modified to suit present life, and many of the obstacles which confronted the old pilgrims are removed. Jesus Christ has said that in a Christian life there will be a yoke. The burden must be carried. But the yoke of Christ and His burden are easy in comparison to the yoke and burden sinful man is forced to bear.

Many of the doctrines of christianity are doubted by men of to-day. They say the burden is too heavy. But the preacher clearly illustrated by forcible comparisons that teachings of the Bible are easier to believe, and there is more satisfaction in carrying them out than those of the infidel. Surely it is easier to believe that God in His omnipotence created the world, than to persuade ourselves that its existence is due to purely scientific workings and changes.

A great many persons say that when they become Christians they have to give up the pleasures of life. The speaker referred to a young man at a social gathering. Suppose he was passed the cup containing strong drink; if he refused to take it and dashed it to the ground, would it not be better for him in years to come? Suppose another at the same gathering had tasted of the strong drink and it had started him on the drunkard's path, would not he regret that he had ever participated in the temporary depths of strong drink?

Then there is martyrdom, the heaviest Christian yoke of all. We are thankful to-day that every man can worship according to his own conscience. The speaker pictured the scene of a fair young girl taken from the bosom of her family in days gone by, and tortured to death by the sentence of the Spanish Inquisition because she would not forsake her religious convictions. But think of the great reward compared with that martyrdom to sin.

Mr. Taylor said he knew of men who were prosperous when he was a resident of the city 15 years ago, but who have since lost their positions or failed in their business and brought shame to their families simply through the curse of strong drink. They were martyrs to sin and shame.

We are not asked to bear the yoke alone. A yoke is generally made for two persons, and the Christian yoke is no exception. Christ takes the heavier end of the yoke and bears it Himself.

Y. M. C. A. Boys' Camp Is In Full Blast

"The Scribe" Sends His First Newsy Letter—This Year's Camp Gives Promise of Being Best Yet—Some of the Incidents of the First Days.

Ninth Y.M.C.A. Camp, Clear Lake, Friday, July 13. — This (Friday) morning broke fair and clear, and gave promise of another good day to add to the other two that have been enjoyed by the boys thus far. There are thirty in our party, with several more to come, who will make our total about the same as last year. The following are the names of the of the boys and leaders, with the four sections which go to make up the camp:

Section 1. — Geo. Martin, "Jiddy," leader; G. H. Williamson, "Flynn;" M. Turner, "Chuckie;" A. Greer, "Punch;" T. Arnott, "Cook;" L. Thompson.

Section 2. — Gordon Manning, "Gold Tooth," M. Perks, "Mack;" G. Potter, "Preacher;" F. Patterson, "Pettijohn;" W. Stratton, "Gamey;" G. Minorgan, "Mimo;" M. Fortye, "Fifty;" C. Dean, "Buck;" D. Layfield, "Buster."

Section 3. — G. McClennan, "Si;" S. Pringle, "Penpoint;" S. Madill, "Bedella;" A Hall, "Squaw;" R. Dutton, "Fish;" L. Stevens, "Stevie;" E. Sanderson, "Sandy;" N. McAllister, "Lungie."

Section 4. — H. Jobe, "Taffy;" leader; W. H. Saxby, "Hiaki;" H. E. Saxby, "Sunbeam;" A. Gilbart, "Skin;" H. Outram, "Button;" C. Drummond "Choppy;" Geo. Thomas, "Tootle."

The trip to the camp was a very pleasant one. We left the G.T.R. station at noon on Wednesday. A good delegation of parents were at the station and gave us a fine send-off. They were given the usual camp yells as the train pulled out. At Lakefield we had the usual hustle with the piles of baggage, and other usual and unusual camp impedimenta.

The lunches were enjoyed amid the usual breezes of Lake Ketchewnookas, being the first forestaste of camp life.

Great progress was made in landing and getting the tents in place.

After a hand-out supper the council of war was held, and the programme and instructions governing the camp given out.

The pillow fight took up another hour and a half and many a pillow came to grief. It was a good-natured struggle all through, but the battle ground looked like the remnants of a hen plucking bee.

The first morning in camp always has all up early, but such only happens once, and even the strains of Tootie's cornet will not awaken them after that.

On Thursday afternoon a number went to the store and tried the virtues of the pies and other extras to be found there.

After all were in their tents for the night camp-fire was indulged in, and much original poetry introduced. One we give — a parody, with a Dooly tune, and Jim Flynnigan as the chief character;

"Who was it planned the camp all out for 1906—
And made us all enjoy ourselves, with many fancy tricks?
And also stirred the porridge up with many dirty sticks,
Forgets to put the salt in it and then he's in a fix!

Chorus—
'Tis Mr. Flynnigan,
It's Jimmy Flynnigan — he has the largest nose I ever knew,
It is a headlight for us at midnight,
It's Mr. Flynnigan, Imagin, Imagin, oo!

Neil Mcallister landed a seven-pound lunge this morning and sent the trophy home after having had it photographed. Neil just arrived yesterday.

All the boys are well, and bent on a good time—will write again soon.

THE SCRIBE.

P. S. — We are expecting the whole town up on Friday, the 20th, the day of the excursion under the auspices of the Fellowship Club of the Y.M.C.A.

NEW HORSE FOR PETERBOROUGH

Mr. J. L. Maguire and party, Mr. John Price, Miss Baumer, Miss Annie Dittmar, of Jersey City, and Miss Madeline Becker, of Chicago, arrive this evening, en route to the Kawartha Lakes for the vacation.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or opinion. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

The disgraceful condition of the sidewalk, on Simcoe street, between Reid and Rubidge streets, is the source of much unfavourable comment on the part of those citizens who are called upon to traverse it. The walk is of planks that have seen much better days, and are worn away until the knots are the most conspicuous part of their make-up. Granolithic walks are being constructed in other portions of the city that is just being built up and why not fix up an older street in a manner that will at least not cause people to go out of their way to avoid it?

Yours truly,
RATEPAYER.

Editor Post Card Column:

Dear Sir,—The gas company have begun laying mains on several streets of the city. They have had their pipes scattered about the street to the annoyance of the public for ten days or two weeks. They have trenched a part of Belmont Avenue and covered their pipes. If the way they have done the filling on this piece of street is a sample of what they intend to do the city should restrain them by injunction from proceeding farther. The thench is a foot wide and about two and one-half feet deep. The main is a four-inch, and yet that trench is filled in so slovenly a way that an irregular, rough and hideous stretch of mound remains about a foot high. It doesn't seem that any attempt to tamp is made. The gas company should be compelled, with such a small trench, and small pipe, to put back every pound of earth taken out of the trench and make the street level as it was originally. Why in the name of all that is decent don't the town authorities compel people who rip up the streets for necessary services, to restore them to the condition in which they found them—and that none too good. If the gas company continues as it has begun, we shall have miles of our streets torn up and left like a ploughed field, where the gas pipe runs. People that have filled up their boulevards and keep them as neat as they do their lawns, will have the adjacent streets littered and torn up. The gas company is a private corporation, pandering, it is true, an important service, for which, with gas at $1.80 per thousand, they are mightily well paid. Why should they be allowed to take liberties with the streets as they do when they leave them in so odious a condition. The people who pay taxes should be protected. Will our Aldermake up.

Yours etc.,
BELMONT AVENUE.

IT IS AWFULLY HOT

That being the case, one wants cool things, both to eat and wear. In B. Y. Moyes' Store one can get coolness and prettiness combined, and what is more wonderful, and a greater attraction? Cheapness too! Soft Pretty Collars, cool and dainty, including the fashionable "Peter Pan" for 17c and 25 cents.

Beautiful Lace and Embroidery Blouses as cheap as 79 cents each, and plain Lawn Blouses for 53 cents. Embroidered Belts, too, that would take weeks of work, made at home, only cost 25c, 35c and 50c. here, the 50 cent kind being button holed all round the edges. In the language of Ben Hur, "Go try it, try it, and see."

Cadet Corps Pleased A Belleville Audience

Young Ladies From the Salvation Army Corps Here Gave Entertainment in Bay City on Friday—Serg.-Major Braund Accompanied Them—Some Incidents of the Meeting.

The Belleville Ontario, reporting the visit to that city of the Peterborough Salvation Army Cadet Corps, says:—There was a large crowd at the Salvation Army barracks last night who thoroughly enjoyed one of the very best entertainments ever held in the barrack here. The programme consisted of singing, reciting and barbell and club swinging exercises by the corps cadets of the Peterborough corps. Everything was done well and the large crowd showed its appreciation by their liberal applause. These young ladies are members of the Salvation Army Sunday School who have signified their willingness to become officers some day and they are being trained by Sergt.-Major Braund, who is the head of the Army Sunday School, and runs a little training school of his own after working hours. No part of the programme was enjoyed more than the Sergt.-Major himself, who is of the smiling off-handed style and who soon had everybody present in a "hail fellow, well met" spirit. The singing was particularly good and the "Hallelujah Printer" and the "Young Lady who makes the Tents," as the Sergt.-Major introduced them one by one were all good and were thoroughly enjoyed.

We must not fail to give special mention to little Miss Eva Stevenson, who, as a reciter and a singer was equal to anything ever heard in this city. The bar-bell and club swinging exercises were done to the the accompaniment of singing and had a very pleasing effect. Brigadier Turner was unable to be there but Capt. Allan, a lady with a very pleasing voice, assisted with her banjo and guitar and on the whole the members of the Army here and their friends had what is known in the Army as a Hallaujah time.

The Peterborough corps is in a very flourishing condition, according to Sergt.-Major Braund and the Army in that city seems to be well supported, the city council giving them a grant of one hundred and fifty dollars a year, the Sunday School raising two hundred for self-denial and the corps something like five hundred dollars. The city also turn over to the Army all bad cases of destitution.

Good Attendance At Park Street

Services Yesterday Were All Well Attended.

Large congregations assembled at the Park street Baptist church yesterday, notwithstanding the close and sultry day. The service at night took the form of a song sermon, with solo by Mr. J. Tranter and quartette by members of the choir, "Behold I stand at the door and knock," were most impressive. These changes are appreciated and will be given occasionally. The meetings for this week are Monday, B.Y.P.U., young people in charge; Wednesday, public service, pastor in charge; Thursday, the annual church and Sunday school picnic to Jubilee Point.

ASTONISHING RESULTS

Follow Each New Discovery of Science.

The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now it has been discovered how to kill this germ. The remedy used is called Newbro's Herpicide. Its success has been marvellous. Not a failure has been so far reported. It is also a delightful hair dressing, free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

A CORSET BARGAIN.

War Probable In Guatemala, Says Honduras

Proclamation Against Guatemala Posted In Salvador.

2,000 LOST AT PLATANAR

Salvador Gains a Victory Over Guatemalan Forces on Saturday Night—Guatemalan Army Repulsed by Honduras Army—United States Steps In and Its Good Offices Accepted by the Combatants.

Panama, July 16.—A telegram received here from Salvador says that Honduras declared war against Guatemala Saturday.

According to the message this proclamation was circulated in Salvador:

"Gen. Bonilla, commanding the Salvadorean army, has repelled the Guatemalan forces at Matapam in Salvador, ten miles east of the Gautemalan frontier. The victorious army of Salvador retained the positions captured from the enemy."

Salvador Gains Bloody Victory.

San Salvador, July 16.—Saturday night the Salvadorian army again attacked the Guatemalan forces at Platanar and obtained a victory over them, the Guatemalans suffering a loss of 2,000 men in killed, wounded and prisoners. The Guatemalan army, which invaded by way of Santa Fe, was repulsed by the Honduras army.

Honduras is making common cause with Salvador.

United States Steps In.

Washington, July 16.—Both Guatemala and Salvador have accepted the tender of the good offices of the American Government, looking to a settlement of their differences. This information is conveyed in official despatches received at the State Department yesterday from the American diplomatic representatives in Guatemala and Salvador, announcing that the two belligerent countries have availed themselves of the tender of the good offices of the United States, looking to their approaching each other in a conference having in view an adjustment of their differences, the cessation of hostilities, and the bringing about of peace.

REVOLUTION IN BRAZIL.

Insurgents Reported to Have Captured Several Cities.

London, July 16.—The Leader's correspondent at Lisbon says that according to intelligence received there the insurrection in Matto Grosso, Brazil, is swelling to huge proportions.

The insurgents, it is reported, have organized a large army and are marching on Rio Janiero and already have captured several cities. Gen. Riberio with 40,000 federal troops, has been sent against the revolutionists.

Fearful carnage is reported, and the Killed are said to be already more than 4,000.

CHANGES HIS COUNSEL.

Murderer of Stanford White Will Not Have Insanity as Plea.

New York, July 16.—Mrs. Wm. Thaw, mother of Harry K. Thaw, accused of the murder of Stanford White, returned to New York Saturday on the steamer Kaiser-Augusta Victoria. When the passengers landed at 5 p. m., it was too late for Mrs. Thaw to visit her son in the tombs.

Won't Be Called Insane.

It was announced last night that Harry Thaw had dismissed the law firm of Black, Olcott, Gruber & Boning in a fit of anger. Judge Olcott, who has been the active member of the firm in connection with the case all along, has insisted that insanity be made the chief point in the defence, it is believed, while Thaw has insisted with emphasis that he would not permit the insanity plea. Saturday the firm received this letter from Thaw:

Dear Sirs,—After careful consideration, I have concluded to make a change in my attorneys, and while I have no possible criticism to make of your conduct of my case, my decision is such that I have concluded to no longer retain you as my attorneys. You will therefore regard your connection with my case as finished, and will please deliver all papers in my case to Clifford W. Hartridge.

I have sent a copy of this letter to Mr. Hartridge and ask you to communicate with him at once. Yours truly, Harry K. Thaw.

Mr. Hartridge heretofore acted as personal counsel to young Thaw.

Brutal Murder Is Reported From Windsor

Chris. Spindleman Kills His Wife In Children's Presence.

WHISKY NERVED MURDERER

Mrs. Spindleman Sat on Camp Stool In Front of Their Home and Was Dead In Seven Minutes After Bullet Crashed Through Her Head—Husband's Cold-Blooded Remark on Gazing at the Body.

Windsor, July 16.—His courage bolstered up to the murder point by whisky, Christopher Spindleman Saturday night shot and killed his wife as she sat on a camp stool in front of their residence. Seven minutes after the bullet crashed through the woman's head she was dead, slain in the sight of four of her children. One of them, Robert, who boarded nearby, and who witnessed the crime, ran to the scene and snatch the revolver away from his frenzied father just as he was about to end his own miserable existence.

Struggling desperately, the two men rolled about the lawn, one battling to overcome his mother's slayer, the other to place the revolver in such a position that he could blow out his brains. Youth triumphed and held until the arrival of Policeman Maitre.

"Let me look at her once more," begged Spindleman, as the officer grasped him by the arm to take him to the police station. Believing that the man was sorry for his deed, Maitre, his heart filled with pity for the trembling, blood-stained wretch, led him back to the lawn, where the woman lay, dead.

Blood trickled from a wound just in front of her left ear.

"That is just where I intended to shoot her," said Spindleman, heartlessly. Then he was led away.

The tragedy was the result of a man's life devoted to whisky and to abuse of the woman he had sworn to love. Neighbors say that most of Spindleman's money was spent in saloons. For his wife and children he provided but poorly. The wife remonstrated many times, but Spindleman was past all reformation. Her recriminations led to bitter quarrels that grew so in frequency that Robert, the son, left home and boarded with neighbors.

Result of Quarrel.

Saturday afternoon about 3 o'clock the Spindlemans had another quarrel. The husband came home about 3 o'clock intoxicated. Shortly after, he left home, went down town and purchased a revolver.

At 5 o'clock the husband returned, even more intoxicated. He flourished the revolver in his wife's face, but the brave woman was not cowed. The quarrel continued until after 5 o'clock, when Mrs. Spindleman, convinced that her husband meant to kill her, took three of the children and left the house. Shortly after, she returned and seated herself on a camp chair on the lawn.

Revolver flashing in the air and uttering horrible curses, Spindleman sprang from the front door, ran to his wife, and before she had time to flee, fired a bullet into her head. With a moan on her lips, she sank to the ground, where she lay dying, while the struggle took place between her husband and her son.

Spindleman is 57 years of age and his victim was 43. They had been married about 20 years.

Rossland Has $30,000 Blaze.

Rossland, B. C., July 16.—Rossland had a $30,000 blaze Saturday. The fire started in the F. C. Harrison Block, a three-storey structure on Columbia avenue, and soon communicated to the Windsor Hotel on the east, and the building occupied by T. B. Morrow, druggist, on the west. The Harrison Block and the Morrow Building were reduced to ruins, and the Windsor Hotel completely gutted. Hunter Bros., warehouse and goods, entailing a loss of $12,000, was also burned.

Mayor Schmitz Is Accused.

San Francisco, July 16.—Mayor Schmitz of San Francisco, who was elected mayor by union labor, is accused of grafting by acting as a whisky agent and coercing saloonkeepers into buying of him. The charge is made by Police Commissioner Reagan, whom the mayor Friday summarily removed from office for disloyalty to the administration and allowing his private interests to conflict with his official duties.

Cruiser Fast on Mud Bank.

Kingston, Jamaica, July 16.—The Italian cruiser Umbria, which grounded while coming up the channel here last Firday, is still hard aground on Mud Bank. Her guns and coal have been removed in order to lighten the vessel, and hopes of saving her are entertained. The weather conditions are good.

Montreal, July 16.—Martin Cantos of East Syracuse is under arrest here charged with stealing $14,000 of the civic funds. He was staying with his sister, who resides here.

Gervona Floated.

Quebec, July 16.—The Thompson liner Gervona, previously reported ashore on Anticosti coast, was floated off Saturday morning, and is being towed to his port.

Gen. Trepoff's Picture Cause Of This Tragedy

Leads to Shooting of Gen. Kozlov In Peterhof Park.

CZAR A VICTIM OF ADVICE

May Dissolve Lower House and at the Same Time Announce New Elections on a Basis of Universal Suffrage—Reckoned to Be a Desperate Step—Russian Soldiers In An Organization Movement.

London, July 16.—A despatch to a news agency from St. Petersburg says that Gen. Kozlov of the headquarters staff, was murdered in the park of Peterhof Saturday. His assailant used a revolver. The three shots fired were all effective. The murderer was a well-dressed man. He has been arrested, but not identified. The case is regarded as mysterious, as Gen. Kozlov was not connected with any political agitation.

The murderer, who is believed to be a Social Revolutionist, carried a photograph at which he gazed attentively before firing, as if comparing it with Gen. Kozlov.

It was a photograph of Gen. Trepoff.

Reckonede to Be a Desperate Step.

St. Petersburg, July 16.—It was reported Saturday night that Emperor Nicholas is listening to a faction at court, which advises the desperate expedient of an appeal to the country through new elections. This plan is to dissolve the lower House and at the same time to announce new elections on the basis of universal suffrage, and it is said that a circular asking for a report on what the result of such new elections would be has already been sent to the local authorities.

Strike Spreading.

The strike in the naptha industry is spreading. The employers have rejected most of the demands of the workmen. The manager of the works at Bibebat was murdered Saturday.

Eager to Form Union.

At a meeting held yesterday at Gatchina, 30 miles from St. Petersburg, attended by three of the Guard regiments, an officer addressed the men on the subject of the soldiers' union, which is being organized for the purpose of guarding the constitution and establishing constitutional institutions, and to prepare the army to come over to the people when they are ready and armed for resistance.

The soldiers received the speech with much applause and showed eagerness to join the union, which already is very strong in southern and southwestern Russia, Siberia, the Caucasus and Turkestan. Yesterday's meeting was the first step toward organization in this locality.

Shot and Robbed of $15,000.

Nikolayev, Russia, July 16.—The representative of a sugar factory, while going to the bank Saturday was waylaid and robbed of $15,000. One of the robbers was captured and the soldiers shot another. The remainder of the band escaped.

Refuse to Honor Chouknin.

Constradt, July 16.—The sailors here yesterday declined to participate in a requiem for Vice Admiral Chouknin.

A former sailor named Shetenko, who was arrested at Sebastopol, yesterday confessed that he was the murderer of Vice Admiral Chouknin.

Czar's Sympathy.

St. Petersburg, July 16.—Emperor Nicholson sent this despatch to the widow of Admiral Chouknin:

"I am heartily touched by the distressing news of the death of your husband. His loss is a great one to me, and to the fleet. I divide your misfortune, and sorrow, which God strengthen you to support."

Attempted Assassination.

Warsaw, July 16.—An attempt was made Saturday to assassinate General Schwelkowsky, a member of the military tribunal. The general escaped without hurt, but his wife was wounded by two bullets.

Cossacks Beaten.

Tischerkassy, Kiev Province, July 16.—A squadron of cavalry was beaten here Saturday in an attempt to disperse a meeting of 4,000 peasants and sugar factory employes. An officer and three soldiers were killed and four soldiers were wounded.

Struck A Mine.

Helsingfors, July 16.—During manoeuvres in the Baltic Sea, a Russian torpedo boat struck a mine off Bjorko Saturday night. The boat was demolished, but all the crew were saved.

The Red Squadron.

Baku, July 16.—A new terrorist party styling itself The Red Squadron, is spreading anarchistic propaganda in this section. The members of this party say the present is no time to dandy words, but to answer the repressions of the Government with the death of the officials. The circulars call upon workmen to "Speak the language of the cartridge and the bomb."

Congress of Architects.

London, July 16.—The seventh congress of architects formally opens at the Royal Institute of British Architects to-day under the presidency of John Belcher, A.R.A. The Canadian delegates are: Province of Quebec, Architects' Association, John S. Archibald, Alcide Chausse and Andrew T. Taylor; the city council of Montreal, Alcide Chausse.

Housing Frisco's Homeless.

San Francisco, July 16.—A corporation composed of the members of the finance committee, having at its command $2,750,000 of the relief fund, will immediately proceed to erect permanent houses for the shelter of the city's homeless.

Succeeds Wisner.

Oyster Bay, L. I., July 16.—Eugene G. Haskell of Detroit was Saturday appointed by President Roosevelt as a member of the International Waterways Commission, to succeed George J. Wisner, deceased.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even-numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father (or mother).

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

Peterboro' Ball Team Lost Good Game At Port Hope

Were Defeated by 8-0 in Eight-Inning Struggle—Billy Sherring Gave an Exhibition of Running After the Game—Return Game Here on Saturday.

The Peterborough baseball team journeyed to Port Hope on Saturday and were defeated in an eight innings game by 8-0. The game was more warmly contested than the score would seem to indicate and the Ontarios had to play ball all the time to win. Up to the end of the fifth neither team had scored but the Peterborough infield blew up in the sixth and never came back to earth. It was a pitcher's battle with neither outfit doing much with the willow. Surphils who did the twirling for Port Hope was never in trouble Three singles representing Peterborough's efforts with the big stick. He hit two and passed one. Quinlan, who pitched the first seven innings, kept the Port Hope team down to two hits and gave three charities. Pilling pitched the last innings and issued several free tickets and gave one hit.

Port Hope had a veteran team with Henderson, Curly Brown, Andrus and several more of the old guard in the game. They played snappy ball at all stages and deserved to win. The Peterborough infield especially Treanor and Whitcroft, did not play up to their usual form and their errors were costly. The outfield played Eastern League ball each making pretty catches Callaghan especially distinguished himself by the catch of a long fly to centre. Lang's batting was the best for Peterborough.

The game was witnessed by the biggest crowd that has witnessed a ball game in Port Hope for some time.

A feature, of course, was the presence of Billy Sherring, of Hamilton, who, clad in his Marathon running suit, gave an exhibition, covering a mile in quick style. He was roundly cheered by the spectators.

The score by innings was as follows:—

	R.	H.	E.
Port Hope ... ...00000342—8	3	4	
Peterborough ... ...00000000—0	3	0	

Batteries—Surphils and Sheets; Quinlan, Pilling and Lang.

Preston Took The First Game

Defeated Little Yorks on Saturday by 1-0.

Preston defeated Littles York on the latter's grounds on Saturday by the score of 1-0 in the first of the final games for the Intermediate championship of Ontario.

Harry Direct Runs At Cobourg

Will Meet Muril Wilkes on the 18th of June.

There will be a matched race in Cobourg, on Wednesday, the 18th inst., between Dr. Johnston's "Harry Direct" and "Muriel Wilkes", owned in Cobourg for $200 a side. The event is attracting much interest and the go promises to be a hot one.

Mr. W. Lehay, of Lakefield, will officiate as judge for Dr. Johnson. A number of the local horsemen will probably take in the race.

Regatta May Be Postponed

Couple of Indian Tribes Unable To Get Away.

Mr. Johnston Paudash, Hiawatha, was up to the Scugog last week visiting his uncle, Chief Johnston. The latter wishes that the Otonabee Regatta be postponed until some Thursday about the middle of August, so that he may bring down his entire tribe.

Chief Robt. Paudash, Hiawatha, also wishes it postponed so that he also may bring up his tribe. The Indians now are all busy with their farming operations so that few could get away until the middle of August.

NAT'L SECRETARY EXPRESSES REGRET

Mr. A. Rountree, secretary of the Peterborough Turf Club, received a communication this morning from Mr. W. H. Gocher, secretary National Trotting Association, in which the latter expressed his regret that there would be no races in Peterborough this summer. There certainly are no prospects of any turf events here this summer, but some races will probably be run off in the fall.

FOOTBALL

The Peterborough Quakers will practice to-morrow evening on Riverside Park at 7 o'clock.

LAWN BOWLING.

A meeting of the whole Executive and the membership committee will be held to-night at 8.30 in Mr. Fitzgerald's office. The matter under consideration will be the British Bowlers' visit to Peterborough. A full attendance is urgently requested.

BASEBALL

The second half of the ball game for the Guild League championship, between George Street and Charlotte Street has been indefinitely postponed.

Steamer Neptune on a Rock.

St. John's, Nfld., July 16.—The steamer Neptune, employed as a Government fishery cruiser, enforcing the Bait Act against American vessels, went ashore at Cape Ray on Friday, and hung on the rocks 24 hours until pulled off by the steamer Bruce. The coastwise steamer Prospero also struck a rock Saturday, and will require docking. Dence fog caused both mishaps.

Winnipeg in Luck.

Winnipeg, July 16.—Preliminary announcement was made here last night that a company is in course of formation, with Sir Thomas Lipton at the head, to found an immense meat packing plant here. Two million dollars is the capital mentioned, and the present is considered an opportune time to capture the trade of Britain for Canada.

Two Wives; 12 Children.

Kingston, July 16.—William J. Clark is languishing in Napanee jail for assaulting his sister-in-law. His character will be further looked up, as he already has admitted having a wife and four children at Coe Hill, Ont., and another wife and eight children in Syracuse, N. Y.

Arctic Sails.

Sorel, Que., July 16.—The steamer Arctic left Sorel at 2 o'clock Saturday afternoon with a crew of 42 men, commanded by Capt. J. E. Bernier. There were over 500 persons on the wharves to see her departure.

MR. H. A. ORR'S DEATH.

Prominent Montreal Barrister Dies of Wounds Received by Accidental Discharge of Gun While Hunting.

Montreal, July 16.—H. A. Orr of the law firm of Hibbard & Orr, and one of the most prominent of the younger lawyers, died at the General Hospital as a result of a shooting accident while out hunting on Wednesday.

Orr's gun was discharged, and he received the whole contents in his right leg. Amputation was rendered necessary, but young Orr did not rally from the operation.

He won the Macdonald scholarship at McGill law faculty a few years ago, and was treasurer of the Junior Bar Association.

Woman Struck by Train.

Niagara-on-the-Lake, July 16.—An elderly woman, Mrs. Warren Goff of Stamford, while walking on the track near St. David's Saturday morning, was struck by the H. C. R. train No. 91, northbound. Her jaw and one leg were broken and her skull fractured.

Killed on Track.

Port Colborne, July 16.—The body of a man named Hawke, supposed to be from Brantford, was found on the G. T. R. track yesterday morning. It was badly mangled and it is supposed that he fell from the passenger train going east Saturday night.

Gored by a Cow.

Broadview, Man., July 16.—A Galician woman named Linuk was gored by a cow, dying shortly afterward.

S. A. Veteran Killed.

Montreal, July 16.—Wm. J. Harris, who made a fine record in South Africa, was killed yesterday in a runaway accident at Westmount.

Pathos in Three Drownings.

Stellarton, N. S., July 16.—Tragic drowning accident occurred on Saturday, when Roderick McKenzie, 27 years of age, and Leo Fraser, aged 7, lost their lives. McKenzie was bathing with some boys. McKenzie took Fraser on his back and started to swim across the river. This, he succeeded in doing without mishap. After a rest on the other side, he started back, in midstream McKenzie either took a cramp or the boy tightened his grasp so much around his neck as to in some way cause the swimmer to sink. When the bodies were found, the boy's arms were still tightly clasped around McKenzie's neck.

At Middleton, children were bathing in the river, wehn one of them, the daughter of L. S. Schaffner, got into deep water. Mrs. Arts went to her assistance, but losing her footing and becoming confused was drowned. She leaves a husband and five young children.

Drowned in Rapids.

Cornwall, July 16.—Zian Gallinger of Moulinette, engineer on the tug Pandora, was drowned Saturday night at Massena, N. Y., where the entrance of the power canal is being deepened. Gallinger had just made fast a line to one of the scows when he tripped over the low gunwale of the tug. He could not swim, and before a boat could be lowered and reach him he had disappeared in the Longue Sault Rapids. Deceased was the youngest son of Henry Gallinger of Mille Roches, and a brother of Mrs. R. Runnions of the Ottawa Hotel, Cornwall.

Popular Student Drowned.

Aylmer, July 16.—Bruce Young, aged 17, one of the brightest young men of the village of Port Bruce, was drowned in Lake Erie Saturday night. Bruce, who had just finished writing for his first-class certificate at the Collegiate Institute here, rode his wheel home and in company with Herbert Bingham of Aylmer went to the beach when Bruce suggested going in the water. By the time Herbert was ready for the bath, Bruce was not in sight. His body was found about 45 minutes later.

Two Drowned.

Six Portages, Que., July 16.—Two young men, Joseph and William Beaulieau of Maniwaki, were drowned near here yesterday afternoon. They went to bathe near shore, and it is supposed one was suddenly seized with cramps and the other in helping him was drawn under. The bodies were recovered in half an hour.

Raft Upset.

Ottawa, July 16.—Bertha Desrochers, 15-year-old daughter of W. C. Desrochers of the Public Works Department, was drowned at Kingsmere, a lake among the Gatineau Hills. The girl with two companions was playing on a raft when it capsized, throwing all of them into the water. The other children were rescued. The Desrochers girl was under the water but a few minutes, but efforts at resuscitation were unsuccessful.

Body Floating in Lake.

Sarnia, July 16.—The body of Mrs. Taft, an inmate of the House of Refuge, was found floating in the lake Saturday morning. She disappeared from the refuge only a few hours before.

Nineteen Drown.

Lisbon, July 16.—The small Portuguese steamer Silva Americano sank recently at the entrance of Kwanza River (Portuguese West Africa, while on her way from here to Dondo and 19 persons were drowned. The Silva Americano was of 146 tons net registered.

MISSIONARY KILLED.

Chinese Pirates Attack the British Steamer Sainam Near Wuchow.

Hong Kong, July 16.—The British steamer Sainam was attacked by Chinese pirates Friday evening at a point fifty miles from Wuchow.

Rev. Mr. MacDonald was shot and killed.

The captain of the steamer was badly wounded, and the engineer saved himself by hiding behind the boilers; he was, however, badly burned.

A Chinaman passenger also was killed.

The pirates escaped in junks.

H. M. S. Moorhen has left for the scene.

R. J. J. MacDonald, M. D., and wife, were stationed at Wuchow for the Wesleyan Missionary Society.

Tax Pay in Canada.

London, July 16.—T. P. O'Connor, president of the United Irish League of Great Britain, will go to Canada early in September. He will be a guest of Sir Thomas George Shaughnessy, president of the Canadian Pacific Railway, for a tour of Canada, and will address meetings in Philadelphia, Chicago and Boston.

PRINCIPAL DYER, D.D.

INTERESTING MOVEMENTS OF STONY LAKE PEOPLE

(Continued from 1st Page.)

but his thirst for knowledge had not yet been shaked. He next wished to know if it were possible to get to the Pole by following the water, and in what length of time the journey could be made. His cranium was quite satisfied on learning that a few months would elapse and a few portages have to be effected before being able to climb the big pole. Whether the imparting of the knowledge was of any benefit or not has not been discovered, but at any rate no English followers in the wake of Nansen or Peary have yet been heard of.

Recent arrivals at the Burleigh House are A. P. Burke, Cleveland; F. Koester, Cleveland; A. A. McDonald, H. Lacheur, Peterborough; Mr. and Mrs. W. T. Davis, Cleveland; E. J. McCallum and W. Q. Potter, of Pittsburg; H. T. Whittlesey, and Mrs. Whittlesey, Buffalo; E. M. Lailey, Toronto; J. W. Island, Toronto; H. C. Townsend, Brantford; G. W. Lorimer, Brantford; Fred M. Phelps, London; J. C. McConkey, Toronto; Geo. W. Stone, Toronto; M. C. Hyman, Richester; F. M. Haskell, Piesantville, Pa.

At Viamede.

The beautiful Viamede resort is again assuming its usual summer briskness. At present the fishermen stopping there are few, but for merry-making it is probably unexcelled on the lake, and "a jolly good time" in the camp reigns supreme.

Some of the late Viamede guests are F. S. Smith and Mrs. Smith, Rochester; Archdeacon Warren, Lakefield; Rev. E. A. Langfeldt, Peterborough; F. Burnett, Rice Lake; R. Walker and Mrs. Walker, Warkworth; Grant Potter, Miss May Lord, Toronto; J. H. Simpson, Birdsall's; Dr. and Mrs. Hunter Corbett, Chefoo, China; Misses M. A. and G. E. Carter, Norwood; Mrs. A. Campbell and Miss Alice M. Campbell, of Keene; Mrs. Wm. Burnett and Miss Boddick, Cobourg; W. H. and Mrs. Webb, Havelock; Eden and Mrs. Smith, Toronto; Mrs. Warren, Mr. Ed. and Miss Mary Warren, Lakefield; Mrs. Anderson, Stanley Anderson and Miss Smith, Toronto; W. H. and Mrs. Mackenzie and daughters, Ottawa.

A new dog has been placed on the floating wharf at Viamede, which has made quite an improvement to the appearance of it.

At the Victoria House.

Messrs. Freeman and Carveth, the new proprietors of the well-known hotel at McCrackon's, are meeting with greater success than they anticipated. Guests are arriving daily and life and activity are again conspicuous there.

Mr. Harry Anderson, Toronto, an annual guest at the Victoria, who was never known to catch a fish in his life before, had the unique experience of landing them, "two at a time" on Saturday. The proud angler says that a perch that would easily make a ploughman's meal, with an acute appetite for dew worms, tried in vain to swallow bait, hook and all other angling equipments when it in turn found itself between the incisors of a husky bass. With the assistance of Sherman McCracken, the double prize was pulled on to the wharf. Mr. Anderson intends having both fish mounted as a reminiscence of the lucky day.

Guests at the Victoria House within the past week are Mr. and Mrs. R. Benfield and son, Arthur, Cleveland; P. Morrison Milne, Toronto; C. R. Baltin and Mrs. W. S. Baltin, of Toronto; Harry Hayes, Cleveland; Geo. L. Henry, Toronto; Harry Anderson, Toronto.

At Forest Nook.

Among the arrivals at Forest Nook within the last few days were the following: Mr. and Mrs. Edward Hare, Pittsburg; Mrs. Holmes Simpson, Miss Grace and Master Stuart Simpson, British Columbia; Messrs. Edgar McCabe, Ralph K. Tallant and John G. Davis, Sewickley, Pa.; Mr. H. B. Reid, Peterborough; Mr. F. E. Stewart, Topeka, Kan.; Mrs. E. B. Edwards, Miss Helen and Master Donald, Peterborough; Mr. and Mrs. Stuart Brown, Miss Helen, Goodwood; Mrs. Robt. Brown, Montreal; Mrs. Dunlop, Peterborough, and Miss K. Traill, Lakefield.

The guests at this popular Stony Lake spot are very jubilant over their fishing results, and many of the monsters of the lake have been gathered in. Mr. Edward McCabe booked a big lunge the other day that surprised a few of the old anglers.

Misses Margaret Gross and Muriel Lindsay, of Kingston, are guests of Mr. H. P. Lindsay at Britannia.

Miss May M. Hamilton, Shelburne, Ont., is a guest at Oakleigh.

Miss Grace Henderson, Toronto, arrived on Saturday at Kawartha, where she will spend the summer.

Miss Eva Roger, Kingston, is a guest of the Misses Hall at Wenonah.

Mr. E. G. Hogg, Shelburne, Ont., is a visitor at Syndicate.

Master Stanley Miller, Toronto, is a guest of the Masters Roger at Chicopee.

Mr. G. M. Roger went down to the city Saturday morning.

Mr. and Mrs. B. Shortly came up on Saturday to spend Sunday at the cottage.

Miss Rebecca Clarke of Toronto who has been a guest at Mount Julian for a couple of weeks, returned home on Saturday.

Mr. C. H. Sawle, of the Review, spent Saturday on Stony and Chemong Lakes.

Mr. R. B. Rogers and Miss Edna Rogers, city, came up to their cottage Clear Lake, on Saturday.

Mr. W. Sherin and family, of Lakefield, have taken Mr. T. Gordon's cottage for the season, and moved up for the season.

Mr. J. B. Clarke, Toronto, who is at the Victoria House for the season, took a trip to Young's Point on Saturday.

Miss Alice Donnell returned from the city on Saturday afternoon.

Mrs. N. E. Bell, city, is at Spring Side cottage for a few days.

Miss Edna Armstrong, city, visited her parents at their cottage, Hurricane Point, on Sunday.

Mr. Clayton Chowan came up on Saturday to spend a few days on the lakes.

Miss Wilmott, city, is a guest of Miss Bradburn.

Mrs. William Metheral of the Review, spent Sunday the guest of his friend, Mr. Ernest Brownscombe.

Miss Welch of Peterborough, spent Sunday visiting with friends in Young's Point.

Mr. Richard Hall came up to his island on Saturday night.

Messrs. Fred Roddy and Ed. Carr were guests at the Lakeview House, Young's Point, on Sunday.

Mr. W. H. Meldrum, came up to his cottage, Cairndhu, on Saturday night.

Mr. L. M. Watson spent yesterday a guest at Wenonah, Sheriff Hall's cottage.

Mr. Harry Rogers came up to his cottage on Clear Lake, Saturday night.

Miss E. Scollard is spending her holidays at her home in Young's Point.

Miss Helen Hall spent Sunday at Wenonah cottage.

Mr. and Mrs. Shelton and family came up to their cottage on Shelton Island, Saturday night.

Mr. William Steck was at his cottage over Sunday.

Mrs. Dean and Miss Lilian Dean are at Mount Julian for a few days.

Mrs. Jas. McClennan is the guest of Mrs. S. R. Armstrong.

Mr. Spencer Howland of Oxford, England, is a guest at the Mount Julian Hotel.

Mr. W. B. Watt of Durham, Eng., is registered at the Mount Julian hotel.

Miss P. E. Ayres of Rochester is a guest at Dulce Domumm.

Major Davidson of Rochester, a Dulce Domum guest and a regular visitor to Stony Lake, is an angler with a reputation. The major says if he cannot get them in one place he always can in another.

Mr. Kenneth McCallum of the Bank of Ottawa staff, Peterborough, spent yesterday at Mount Julian.

Misses May and Emma Bullen are visiting friends in Young's Point.

Mr. Bert Heard spent Sunday at his home in Young's Point.

Mr. Edmund L. Roberts of the Metropolitan School of Music, Toronto, is a guest at Pepacton, Mr. S. Hunter's cottage, McCrackon's Landing.

Mr. Hubert McBain, spent yesterday at Bonavista.

Mr. Hamilton Hall was at the Lakes over Sunday.

Mr. W. H. Mackenzie of the Ottawa Journal, with his wife and two children, came up the Lakes on Saturday night. Mr. McKenzie returned home to-day but the remainder of the family will spent a few weeks at Viamede.

Mr. George E. Ouley, a Viamede guest, went to Toronto on Saturday and returned to the Lakes to-day.

Mr. Gordon was the guest of Mr. H. McBain, at Bonavista yesterday.

Miss Cora Lightfoot and Miss Call of Lakefield, spent Sunday at the Lakes.

Mr. Currier was a guest at Mr. T. E. Bradburn's cottage, yesterday.

Miss Kearney of Seattle, Wash., is visiting friends at Young's Point.

Mr. Harry Thompson was a guest at Bonavista over Sunday.

Mr. William Irwin came up to his cottage, Headlands, Saturday night.

Dr. Morrison came up to his cottage, Elfin Nook, for Sunday.

Mr. D. Easton was a guest at Wenonah yesterday.

Mr. E. H. D. Hall spent yesterday at his cottage, Stony Lake.

Mr. Harry Sherin of Lakefield came up to his cottage on the Burleigh shore on Saturday night.

Hon. and Mrs. J. R. Stratton are spending a few days at Strathermond-on-the-lake.

Mr. William Hamilton spent yesterday at the Lakes.

Mr. R. H. Kells was a visitor at the Lake yesterday.

Mr. T. Platt of Warkworth, is a guest at Mount Julian.

Mr. Ernest Brownscombe spent Sunday at Erle Minto cottage.

Mr. William Brotherson of Lakefield was at Mr. Dunford's cottage, Port Royal, yesterday.

Miss Sara Cameron is spending a holiday at Syndicate Island.

Mr. G. K. Fraser of Hamilton, is a guest at Forest Home.

Miss Lilian L. Blain, Miss Maud S. Campbell and Mrs. B. Campbell of Niagara Falls, are guests at Minnewawa.

Misses Evelyn Carey and Miss Maye Edgar are visitors at Bonnycastle, Mr. Sawyer's cottage.

Miss Edith M. Lacock, Bozeman, Montana, and Miss Agnes L. Peck, Trumansburg, N.Y., are guests at Minnewawa.

Mrs. C. McCallum of Colborne, is a visitor at the Lakes.

Mrs. A. B. Alexander of Toronto, is a guest at Beverly, Mr. Colville's cottage.

Mr. C. W. Palliser of Campbellford, is a guest at Viamede.

Mr. W. F. Stewart of Toronto, is a visitor at Catamaran.

Mr. and Mrs. R. Brennan of Havelock, are spending a week at Mt. Julian.

Mr. Horace Walkey of the Ontario Bank staff spent Sunday at the lake.

Mr. Jas. Hamilton was a visitor at the Lakes yesterday.

Personals.

Miss Mamie Foote returned home this morning after spending a few days at the lakes.

Miss Ethel Goodfellow returned to the city this morning.

Miss Winnie Armstrong, Campbellford, is visiting her friend, Miss May Armstrong.

Dr. Adams and son, Mayne, of Rochester, returned home to-day after a holiday at Glenwood.

Mr. Fred. Collins went down to the city this morning.

At Young's Point.

Miss Hattie Fanning, Peterborough, is the guest of her sister, Mrs. R. Heard.

Misses Nellie and Clara Buckley, of Toronto, are making an extended visit with their sister, Mrs. Ed. Young.

Miss Mary Welsh, of Rochester, N. Y., is spending her holidays with her parents here.

Miss Addie Phelan, Montreal, and Miss Josie Phelan, Lakefield, are spending a few days with their sister, Mrs. J. E. Kearney.

Mr. H. A. Trusch, Pittsburg, is the lucky man at the Point with the rod and line. From the island in front of the Lakeview House he gathered into the fold a 5 1-2 pound black bass. He was given an ovation when the big fish was landed, and is yet receiving envied congratulations from his fellow anglers at the point.

Among the guests registered at the Lakeview House last week were the following: W. H. Meldrum, Peterborough; Harold Meldrum, Peterborough; J. H. McClellan, Peterborough; Capt. Robinson, Peterborough; Capt. Morin, Lakefield; Mr. and Mrs. W. H. Denham, Peterborough; Mrs. Donald Denham, Peterborough; Mr. and Mrs. Roland Deane, Peterborough; A. H. Lomax, Pittsburg; Harry A. Grusch, Pittsburg; Mr. and Mrs. H. Overend, Peterborough; Y. Grady, Peterborough; Miss Minnie Welsh, Peterborough; R. C. Hosch, Buffalo; J. A. Smith, Rochester; B. J. Pilou, Montreal; A. J. Raddon, Peterborough; Mrs. (Dr.) T. H. Bell, Toronto; Miss Nellie Kearney, Seattle, Wash.; Miss Addie Phelan, of Montreal; Miss Josie Phelan, Lakefield; C. H. Chase, Rochester; T. B. Hartney and wife, Toronto; W. G. Menzies and wife, Peterborough; Miss Rubie Carr, Peterborough; Jas. O'Hoplihan, Peterborough; W. T. Crowley, Peterborough; H. Lacheur, Peterborough; A. A. McDonald, Peterborough; E. Carr, Peterborough; R. Roddie, Peterborough; B. Wallace, Peterborough; Miss M. Sullivan, Buffalo; Mrs. F. Haskill, Peterborough; Master Cyril Haskill, Peterborough; Miss Pearl Haskill, Peterborough; Mr. and Mrs. P. McGrath, Peterborough; C. T. Sweetland and wife; J. H. Maynard and wife, Toronto; H. O. Hartney, Toronto; Maj. Miles, Toronto; Mr. and Mrs. J. O'Brien, Peterborough; Mr. Ernest Schulze, Niagara Falls, N. Y.; Miss M. Fortier, Lakefield; Mr. H. Ledair.

"THE DAYLIGHT STORE"

IT'S RAINING MONEY

It's almost raining money here these days. Patrons are actually showered with dollars.

The number you get depends on the amount you buy.

Buy one of our $12.00 suits or top coats, and you get it for $9.90.

Buy a $15.00 garment, and you get it for $11.90. Buy a regular $18.00 garment, and you get it for $14.90.

Then in the lower lines our reductions are just as sweeping.

OUTING SUITS

You always want to look your best when you go on your vacation, and also to feel as comfortable as possible. You will find here a dainty profusion of Summer Suits in many fabrics, colors and shapes.

Outing Trousers of Flannel, Homespun and White Duck, with turn up bottoms and with loops for belts.

We can surely fit your fancy in Outing Wearables, and your satisfaction will be our best reward.

Some Good Fishing Stories Are Told

South Beach, at Clear Lake, Seems to be a Prolific Source of Supply---Many Guests Are Registered There--The Latest News.

Special Staff Correspondence.

Park Hotel, South Beach, Clear Lake, July 16.—The "Examiner is eagerly looked for every evening by the guests of this "happyland" summer resort. By some the city and local news is greedily absorbed, while others who come from a distance, the correspondence from the lakes, and the fishing feats and flippancies are pursued with interest.

During the past few days, we have had between fifteen and twenty permanent guests. Visitors, however, for a day or two, of course, are coming and going and increase the number, so that there is always "somethin' doin'" here.

Quite a favourite lunge bed has been discovered a short distance out from the dock—not more than 300 rods from the park, on the way to the Point. And a funny thing about it is that nearly all the lunge have been caught. When the ladies are trawling time and again, the experts have gone out and fished over the spot with religious patience and devotion, without getting a strike, when some of the lady guests would come along with any old kind of a line and hook and land an 8 or 10 pounder. Even "Bob" the lucky old veteran guide has had to take several good "roasts" from the innocent fishermen who scorn the idea of there being any trick about catching fish.

Mr. Perry Smith, of Brockport, N. Y., on Saturday, while fishing near Fiddler's Bay, about a mile away, captured what is considered the largest bass hooked in these waters this season. This fish, on good authority, was 26-12 inches long, with a 14-4 girth and weighed over five pounds. A funny thing about it is that nearly Fishing is getting better and better every week, notwithstanding the fact that the water is about as high as ever.

A Rochester party of ten and four young Toronto ladies are expected here Friday evening, with others to follow during the week.

The Sunday visitors from Peterborough and elsewhere are increasing.

Not a Sunday passes without numbers of ladies and gentlemen drive out to enjoy the cool and refreshing breeze off clear lake as well as to partake of the dainties of the well ordered Park Hotel Cuisine.

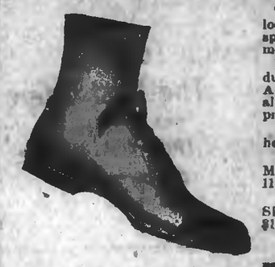
McPherson's autocar called twice yesterday carrying pleasure seekers each time.

No less than six large loon were observed yesterday afternoon swimming into the bay just off the east shore of the park. Mr. Brooks had some target practise at them with his rifle, but loons are said to have charmed lives.

The following is a list of the principal guests since last published:—

F. H. Fisher and family, Rochester; F. J. McGrath, Peterborough; Chas. H. Chase, Rochester; J. Gibson, Lakefield; F. Call, Picton; G. W. Bridgeman and wife, Medina, N. Y., Molly Young, Peterborough; Gertrude Young, Peterborough; Mr. and Mrs. H. Waddell, Peterborough; B. M. Waddell, Peterborough; Misses Waddell, Houston, Texas; Mrs. McLellan, Houston, Texas; Nelly Kearney, Dawson City; W. H. White, Peterborough; Alex. Young, Harrison; A. Young, Peterborough; J. E. Kinsella, Brockport, N. Y.; G. H. Stein, Rochester; W. F. Webster, Rochester; J. E. Canly, Brockport; Perry Smith, Brockport.

We're Turning Up Great Shoe Values



The inducements are such as to unloosen purses and pocket-books. To spend money at Kylie's is to save money. Here's the proof:—

Council Will Consider Repeal

Of the Cigarette By-law at a Special Meeting.

A special meeting of the City Council is called for Wednesday night for the purpose of considering the petition of the tobacco dealers to repeal the bylaw recently passed by the Council, imposing a license fee of $200 on each dealer for the privilege of selling cigarettes.

There is, it is believed, a strong feeling among certain members of the Council that the bylaw, in its present form, is not satisfactory, and that the best interests of the citizens would be served by its repeal or its modification. An interesting meeting on Wednesday is anticipated.

THREE EXCURSIONS ON "STONEY LAKE"

The steamer Stoney Lake this week will have a busy time with excursions. On Wednesday All Saints' Sunday School; on Thursday, the Millbrook Presbyterians, and on Friday, the Hastings and Belleville Methodists will go around the lakes on the popular excursion steamer.

Cornelius O'Leary, of Ottawa, one of the oldest conductors of the C. P. R. was run down by a street car and killed.

A move is on foot to secure the acceptance by ex-Controller F. F. Spence of the Commissionership of Industries for Toronto.

Expectant Mothers

should take "Bu-Ju" during this trying time. The extra strain, weight and undue pressure on the delicate organs often irritate and inflame the kidneys. This not only increases the danger of childbirth, but places the health of the baby in jeopardy.

Bu-Ju

THE GENTLE KIDNEY PILL

keeps the kidneys strong and vigorous—acts as a mild tonic on all the female organs, and prevents constipation.

A "Bu-Ju" pill at bedtime is the best protection against Kidney Trouble during pregnancy.

At all druggists, or direct, on receipt of price, 50c per box.

Steel Rolling Mills For Peterborough?

New Company Being Formed With $200,000 Capital—Will Locate Here if Suitable Inducements are Offered—At Start Will Employ 100 Hands—Increase in Short Time to 500 Men—Good Prospects for the New Industry—Local Capitalists Interested.

Peterborough will be given an opportunity to secure another industry, and one which should prove to be a valuable addition to the city's already extensive list of industrial establishments.

With a capital stock of $200,000, a goodly portion of which is already available, and sufficient in sight to enable the company to commence operations at once, the proposed shareholders of what will probably be known as the Peterborough Steel Rolling Mills Co., met last night in the office of Mr. D. O'Connell, the solicitor of the company, and decided to make application at once for Provincial incorporation, and as soon as a charter has been granted work will be commenced on the erection of the buildings and the installation of the plant, providing, in the meantime, the company had decided upon a location. Up to the present time nothing along this line has been done, but the Peterborough City Council will be given an opportunity of securing the industry for this city. The company will locate where reasonable inducements, such as fixed assessment or site are offered.

A Growing Industry.

In its initial stages the company will employ 100 men, but it is anticipated that within a very short time 500 men will be given employment. Five acres of land will be required by the company, and while this area will not all be covered with buildings, it is deemed wise to provide for the expansion, which the incorporators of the company believe is bound to come.

The shareholders are practically all local capitalists, and the movement resulting in the decision to form the company and proceed with the manufacturing operations was reached only after the fullest investigation had been made and the capitalists had become fully convinced that there was good money in the proposition and a market for the product.

Company's Intentions.

It may be stated in explanation that the intention of the company is to engage in the manufacture of steel plates and sheets, for which there is a large and constantly increasing demand in this country. A fact which will be conducive to the success of the new company is that in Canada to-day there is not an industry of this kind, and all the product used has to be imported from foreign countries, considerable coming from the United States.

Local Market.

Right in Peterborough there is a large quantity of this material used, notably in the shovel factory, and it was the difficulty which that company experienced in procuring the steel without waiting, in some cases months, that led to the realization of the fact that there was a good opening for such an industry here.

The raw material used in the manufacture of the sheet steel and plate is the tire of locomotive wheels after they have become too much worn to use. It is well known that the very best quality of steel is used, and it is found, by experiments, that when the steel has been rolled out into sheets it is of use in various ways.

The initial output of the mills will be 18 tons a day, and this will be rapidly increased to 40 tons a day.

The Incorporators.

Among those whose names are on the charter are Messrs. W. Davidson, Alex. Elliott, W. H. Denham, H. H. Fortye, W. Rudkins, F. J. Jamieson, N. A. McNamara, Austin Dunn, D. O'Connell, R. J. Munro, Houlihan, W. G. Ferguson, Currier, R. H. Jackson, E. Young, R. Stewart and a number of others.

It is learned that sufficient capital has been subscribed to place the company on a good working basis, and as soon as a location has been decided on—in Peterborough or elsewhere—work will be commenced on the erection of the buildings and the installation of the plant.

Are Attending The Annual Meeting

Messrs. J. A. Tully and M. T. Breckenridge go to Kingston.

Mr. J. A. Tully, travelling agent for the Oddfellows' Relief Association, and Mr. M. T. Breckenridge, local agent, left to-day for Kingston, where they will attend the annual meeting of the association. Mr. Tully has done excellent work for this association. Since he started on the road, and as a result of his efforts, the membership to be reported at this meeting will be considerably larger than at any previous annual meeting.

Leslie Howden Saves Three Boys From Drowning

Were in Swimming in Creek Near Locks Bridge—Struggles of One Endangers Other Two—All Were Beneath the Surface When Dragged to Shore—A Brave Rescue.

A triple drowning accident was narrowly averted yesterday afternoon in Boyler's creek, a short distance from the Locks bridge. It was only through the timely assistance of Leslie Howden, son of Mr. Robt. Howden, that three young lives were rescued from certain death.

The boys, whose names are Harry Evans, Charley Eaglestone, and —— Sullivan, all residing in the south end, were swimming in the creek near where it empties into the Otonabee River. Young Sullivan was the only one of the three who could not swim and had a block of wood under his chin to keep his head above water. By some mischance the block escaped and he was left helpless in about six feet of water. To save himself he grasped Eaglestone and dragged him under water. Evans attempted a rescue and he too was soon submerged with the others. When their strength began to fail they called for help and Leslie Howden, who was working close by, was on the spot immediately and with clothing and all jumped to the rescue. He first found Evans and lifted him on to a raft near by. He dove again for the others and happened to find them the first time and dragged both to safety.

It was some minutes before they were completely resuscitated, but are now none the worse for their experience. The boys are all under the age of thirteen years.

Leslie Howden is just a young man yet in his teens and deserves a great deal of credit for the brave rescue of three lives, which would have been lost, had he not been within hearing distance or had he been void of presence of mind.

Steamboat Machinery Under Inspector's Eye

Mr. Thos. P. Thompson in the City—A Dozen Steamers at the Several Wharves—Those Inspected Were Found Satisfactory—Remainder Under Examination To-day.

The Wolfe street wharf and private wharves along the river and Little Lake had all appearances this morning that a naval battle was impending. Ten or a dozen boats were tied up at the different docks, and each was surrounded by a considerable number of onlookers.

Mr. Thos. P. Thompson, of Kingston, Inspector of Boilers and Machinery, is in the city, and this was the reason that so many vessels were attracted to the city. Mr. Thompson began his tour of inspection yesterday, and to-day at noon had examined the Rainbow, the Monarch, the Myrtle, Rob Roy, and Alligator. They were all found to be in first-class shape and eligible to carry on the traffic for which they are intended. A number of the others were inspected this afternoon, and the rest will be concluded to-morrow.

Mr. Thompson is very particular in having every detail in connection with the engines and boilders in proper order, and a few small changes and additions will be made on some of the crafts.

The steamers lined up in port yesterday afternoon and to-day for inspection were the following:

Steamer Monarch, owned by Harris and McAllister, of Gore's Landing.

Steamer Water Lily, owned by W. H. White, Peterborough.

Yacht Rob Roy, owned by R. M. Roy, Peterborough.

Flash, owned by Amos Shearer, of Roseneath, private yacht.

Steamer Rainbow, owned by F. Burnett, Birdsall's Landing, Rice Lake.

Yacht Mollie, owned by McBain and Stratton, Peterborough.

Yacht Myrtle, owned by E. S. Clarry, Peterborough.

Yacht Mermaid, owned by Jas. W. Wedlock, Wedlock's Landing.

Yacht Bobs, owned by Peterborough Canoe Company, of Peterborough.

Yacht Victoria, owned by R. B. Rogers, Peterborough.

Steamer punt Coboconk, owned by the Rathbun Co.

Alligator McClintock, owned by the Rathbun Co.

When the work of inspection is concluded here, Mr. Thompson will go to Lakefield to examine the steamers on the upper lakes.

The New School Will Accommodate 160

This is to be the Capacity of the Normal School Which Will be Erected in This City—The Details Being Worked Out Now.

The Toronto Star of yesterday said: The details of the scheme for the improvements in the rural schools outlined in the recent Act, have been worked out by the Department of Education and will be communicated to the rural school boards this week.

After June, 1907, except for two or three model schools, to meet the necessities of the poorer counties, there will be only two grades of training schools, that for the university graduates and students with senior teachers' standing to be provided at Toronto, and that for students with junior teachers' standing to be provided in the reorganized system of normal schools.

The Hamilton Normal College will be abolished after its next session and its place will be taken by the department of pedagogy to be established in connection with the University of Toronto.

Normal School Facilities.

The lower grade of professional training will be provided for at the Normal Schools at Ottawa, Peterborough, Toronto, Toronto Hamilton, Stratford, and London — centres in older Ontario which are well selected for the purpose, having regard to the character and the extent of their Public School system, their railway facilities, and especially the distribution of the attendance at the present Model Schools. Of this attendance it is important to note that about two thirds is west of Toronto, and about one-third east. Accordingly only one of the four new schools has been placed east of Toronto.

The accommodations at the Normal Schools at Ottawa, Toronto and London will be remodelled so as to provide for an attendance of about two hundred each, and the new schools at Peterborough, Hamilton and Stratford will provide accommodation for about one hundred and sixty each; thus making provision for about eleven hundred students.

The Normal School to be erected at North Bay is a Normal School in a somewhat different sense from the others. Great expectations are held for the future of New Ontario, especially of the district to the north of us, and those who know its capabilities feel confident that within a few years it will be thickly peopled. In the meantime it will be used to train all grades of teachers in the new district.

Northern Life On Right Course

Northern Life Benefitted From Enquiry of Insurance Commission.

The regular quarterly meeting of the directors was held the other day at the head office of the company, Masonic Temple Building, Toronto. The out-of-town members present were: Matthew Wilson, K.C., Chatham; John Davies, Windsor; N. H. Stephens, Chatham; Malcolm McGugan, ex-M.P., Mt. Brydges.

The report of the progress made during the year 1906 is very satisfactory. This company is firmly established in public favour. The recent examination before the royal commission established the fact that its affairs were well and economically managed, and that in no instance had the interest of any individual been preferred to that of either the shareholders or policyholders.

The directors congratulate the manager that at the close of the examination by the commission nothing improper or illegal had been found to exist in the company's management, and the manager had been complimented by the commission upon the satisfactory reports returned by him and upon the careful and economical management of his company.

The company's steady growth and increasing assets give proof that the right course has been pursued since its incorporation.

The office of the Peterborough agency is over Madill's drug store; and is energetically managed by R. H. Doughty, local manager.

Palace Auto-Car Made Trial Trip

Horses Regarded the Machine With Indifference.

A number of citizens were treated to a run around the city in the Palace Auto-Car this morning and all were delighted with the machine. It ran smoothly and with very little vibration, and was easily handled. It was anticipated that horses would be frightened by the big car, but such was not the case. The equine paid no more attention to it than they do to the street cars and one dope in every twenty horses showed signs of being frightened. Whatever the country horses will think of the machine the city animals are apparently not alarmed at the stranger in their midst.

The car will not carry baggage, but Chemong and passengers are asked to bear this fact in mind. A baggage wagon will leave the Palace livery at 3.30 o'clock every week afternoon and people who have any heavy articles to be transported should have them there before that hour. The car starts on its regular trips to-morrow.

Presentation To Miss Ada Sabin

A Number of Her Friends Honoured Her Last Night.

Last night a number of friends of Miss Ada Sabin met at her home, 46 Chamberlain street, and tendered her by surprise, presented her with an address and a handsome purse.

Miss Sabin is severing her connection with the Canadian General Electric Co., and as she has, during her three years association with that institution, been very popular among the other employees, this fact occasioned the agreeable function recorded.

Miss Ada Mahoney read the address which was a veritable shower of bouquets, and eulogistically testified to Miss Sabin's many virtues and general popularity, while Miss Jennie Lillico made the presentation.

Miss Sabin made reply in a brief but appropriate manner, thanking her girl friends for the beautiful purse and their kindly disposition towards her.

After this feature was concluded a sociable hour or two were spent, the gathering dispersing about 10.30.

13,000 Persons Were Handled

By G. T. R. at Lindsay and No Accident Happened.

Mr. John Irwin, trainmaster of the G.T.R. for the 8th, 9th and 10th districts, Lindsay, was in the city to-day. Mr. Irwin informed the Examiner that things were very brisk so far as business on the G.T.R. was concerned. In his department particularly, he has been experiencing a very busy time lately. On July 12 13,000 persons were carried into and out of Lindsay. This constitutes a record for that town. This large number of passengers was handled, too, without an accident; everything passed off like clockwork. Mr. Irwin himself was on hand, and superintended the despatching of the trains. The unfortunate rumour in reference to the accident to Mr. Stewart was without foundation, as no one was hurt, let alone being killed.

THURSDAY HALF-HOLIDAY OUTING

Under the auspices of the St. Andrews' Ladies' Aid, the new automobile touring car will leave Central Park for Chemong Park every hour during Thursday morning and afternoon, beginning at 9.00 a.m. Return tickets 50c. Lunch baskets carried free. Come with the ladies, and enjoy your holiday in Chemong's beautiful Park.

TUESDAY, JULY 17, 1906.

CANADA AND IMMIGRANTS.

A very flattering reference to the care with which immigrants are selected for Canada is given by Mr. H. R. Whates, of the London Daily Telegraph, in a book he has issued, entitled, "Canada, the New Nation." It will be remembered, says the Ottawa Free Press, that in the beginning of last year, Mr. Whates was sent out to Canada to study the emigration movement and to report upon the prospects of an immigrant of average ability making a livelihood in Canada. Mr. Whates, in order to carry out his investigation unknown to anyone, went out steerage, and his conclusion is that no man with any spunk in him need object to going that way. He also went in January when the labour market was least promising, being determined to test how far it was true that a man—an unskilled labourer or a skilled labourer, ready to turn his hand to anything for the time being—given health and strength—could command work on landing. Even in mid-winter his experience proved "that an immigrant ready to turn his hand to anything at the first wage offered, need not starve." On the vessel in which Mr. Whates travelled from Liverpool to St. John was a party in charge of Colonel Taylor, of the Salvation Army. Of these he writes:

"They all came from West Ham and neighbouring East-end districts, and were all indisputable members of the working class—not loafers, not rescued particles of the "submerged" mass. The money for emigrating these families was provided in whole or in part, by the fund so opportunely started at Christmastime by The Daily Telegraph. These people were very poor. I went into the particulars of their cases minutely, chiefly for the purpose of satisfying myself whether the men were workless from no fault of their own, for it would be fatal to any emigration policy that may hereafter be formulated if the money of the charitable were spent in exporting experiments and similar degenerates, whether through the agency of the Salvation Army or any other body. It is gratifying to be able to say positively that the men—some of them mechanics, most of them "labourers" of one kind or another—were honest and respectable workers, whose only misfortune was want of employment."

Pursuing his investigation with thoroughness, Mr. Whates took up a homestead in Saskatchewan, tilled the soil and generally entered into the life of the settler. The conclusion he arrives at is that Canada is unquestionably the place for the overcrowded population of the British Isles, who desire an opportunity to make an honest and profitable living.

Woman's Health

Every woman may be attractive. Bright eyes, pink cheeks and red lips are her nature-given right. A sallow skin, lack of animation, low spirits and weak nerves may be avoided by the use of Beecham's Pills, a remedy that well deserves the confidence of every woman. Again and again they have proved to be invaluable at those recurring times when so many women feel debilitated and suffer from nervousness, headache and depression. It is wonderful the way these pills assist Nature and relieve the suffering.

Every woman who values health and good looks should become a user of

BEECHAM'S PILLS

Prepared only by Thomas Beecham, St. Helens, Lancashire, England.
Sold Everywhere in Canada and U. S. America. In boxes 25 cents.

Hilliard Property For Normal School

A Gentleman Suggests is as a Good Site.

In all probability there will be as many different sites suggested for the new Normal School as there are persons in the city.

A gentleman to-day came into the office and suggested that the Hilliard property, which the city purchased a few years ago, would be a good location for the new building. The advantage in this site would be that the city would have to extend no further money, as the property was already paid for.

Issues Writ Against Union

Canada Foundry Company Wants to Restrain Strikers.

The Canada Foundry Company has issued a writ against W. G. Whiteside, William Higgins, D. McGinnis, and the International Association of Bridge and Structural Iron Workers' local union 53, for an injunction to prevent the interference of the defendants with the employees of the plaintiffs. The writ specifies some of the things which they wish to prevent, namely, "Following the men around," "intimidation," "insolence," "coaxing employees away," "watching the building," "boycotting," etc., and refers to a Port Arthur trouble.

FALSE THEORIES

Lead to Worthless or Harmful Remedies.

Stimulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease won't yield to quinine or capsicum nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed.

Until recently there was no hair preparation, or dandruff cure, or hair restorer on the market that would kill that insidious germ that dries up the scalp in little scales called dandruff and absorbs the vitality of the hair causing falling hair, and finally baldness. Newbro's Herpicide is the only really scientific preparation to cure dandruff, prevent falling hair and baldness. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormon & Walsh, Special Agents.

Trade Slow But Prices Are Good

At the Toronto Junction Stock Yards.

The receipts of live stock at the Union Stock Yards, Toronto, yesterday, were 70 cars, consisting of 1510 cattle, 39 sheep, 21 calves, 17 horses.

The quality of fat cattle was fair. Trade was slow. Export prices ranged from $4.65 to $5.15, the bulk selling at $4.75 to $4.87 1-2. Export bulls sold at $3.50 to $4.25. Butcher's prices for picked lots of choice ranged from $4.70 to $4.80; good from $4.40 to $4.60; medium $4.25 to $4.35; common $3.90 to $4.00; butcher cows $3.00 to $4.00; canners $2.00 to $2.50; veal calves sold at $4.50 to $6.50 per 100 lbs. Milch cows and springers at $30.00 to $50.00. Sheep and lambs.—Export ewes from $4.00 to $4.25; bucks $3.00 to $3.50; spring lambs at $4.50. Hogs—Selects sold at $7.00; sows $4.00 to $5.00; stags $2.50 to $3.50 per 100 lbs.

Stole Horse From A Pasture Field

Mrs. J. E. Conroy Reports a Serious Loss.

On the night of July 12th Mrs. J. E. Conroy, of lot 1, con. 9, had a valuable bay mare stolen from a pasture on her farm, and as yet no trace of the missing animal has been found.

Mrs. Conroy is advertising for the lost horse and will be glad to receive any information as to its whereabouts.

WEDDING BELLS

SKUCE—STEWART.

A despatch from Redlands, Cal., says:—"A wedding which came as a great surprise to the relatives and friends of one of the contracting parties was that of Matthew H. Skuce, of this city, and Hilda E. Stewart, of Peterborough, Canada, which took place at Long Beach on Friday. Mr. Skuce received a telegram Thursday evening, and later he announced that he was going to Catalina for a week or two. No one entertained any idea of the object of his sudden departure until they saw the license in last evening's paper. Then they knew that the sweetheart for whom he had been waiting had come from Ontario, and they were married.

Mr. Skuce has many friends here who will unite in wishing him and his bride many years of wedded bliss."

Mrs. Skuce is the daughter of Mr. and Mrs. Noble Stewart, Otonabee, and is well known in Peterborough and vicinity. Mr. Skuce also has friends and relatives in the city.

The marriage ceremony was performed on June 29 last by Rev. Will A. Beebe, at the Long Beach Methodist parsonage. It happened, too, that the officiating clergyman was a Canadian, as well as the contracting. The numerous Canadian friends of Mr. and Mrs. Skuce join with their American acquaintances in wishing the couple many prosperous and happy years of married life.

MUSIC AND DRAMA

The many pupils and friends of Mr. Harry M. Field, late of the Peterborough Conservatory of Music, will be interested in the following from last Saturday's Globe, Toronto:

Mr. Harry Field, the Toronto piano virtuoso, sails from New York this morning en route to Germany, where he has decided to continue his professional career. In his departure Toronto loses one of its most brilliant solo pianists, and the announcement will be heard with regret by his numerous admirers and by the musical community at large. As evidence of the esteem in which Mr. Field's ability as a teacher is held, it may be mentioned that six of his Canadian pupils will follow him to Germany to continue their instruction with him.

Were You Ever In Fair Lindsay?

An "Influential" Resident of That Town Elaborates on Its Features.

Lindsay is a great place, a grand place, in fact, but there is one man there who apparently thinks there is no place on earth that can equal it or even compare with it. A Peterborough man went up there on the glorious 12th, and when wandering around the streets with nothing particular in view, was accosted by an individual, whose smile did not bespeak deep intelligence and whose general demeanour did not indicate a deep knowledge of "fast" life.

"Good day," he said to the Peterborough man.

"Good day," replied the latter.

"Where did you come from?" was the next question.

"Peterborough."

"Were you ever in Lindsay before?"

"No, never before."

"What do you think of this place?"

"Pretty nice town, I think."

"You bet it's a pretty nice town," said the Lindsay man with emphasis, and then he proceeded to tell a lot of interesting and useful news to the stranger.

"Oh, the buildings in this town are fine," said the Lindsayite. "There's a lot of grand churches and nice houses. It's a fine sight, too, to see the people sprinkle the grass in the summer with irons and tubes. And the streets are beautiful."

"Lindsay has the reputation of having muddy streets," timourously advanced the bored one.

"Oh, no," said the other. "The streets are splendid. It's a fine town all around."

Then he told about rattle snakes in the Rocky Mountains.

"The Rocky Mountains," ejaculated the Peterborough man in surprise, thinking the fellow from the Scugog burg had perhaps travelled some after all.

"Yes, the Rocky Mountains," said his informant with a bland smile, "they're ten miles north of Lindsay."

Here the visitor let escape a suppressed groan.

"I know lawyers, doctors, ministers and the influential men in Lindsay," he added.

The electric resident had awakened to the fact that he was talking to a "guy."

"Well, I must go," he said, looking at his watch. "I've an appointment with Andrew Carnegie in ten minutes."

"Andrew Carnegie, Andrew Carnegie; let me see," said the other meditatively; and then a sudden light spread over his countenance. "I know him; he lives on Votoria Road, don't he?"

"Right you are," was the reply of the man with the appointment.

Then the man from the northern town told of how he found the trail in the berry patch, and that he had a "poto" of Col. Sam. Hughes in his regimentals.

"A nice fellow Sam, too," he said.

At this stage of the game the policeman came around the corner. A half scared look spread over the "wise man's" face. „Don't let him see us talking here or he'll move us on," said the person that knew the "influential" men in Lindsay. Here the man who came in on the excursion broke away for good. If you have any respect for your person don't ask him if he ever was in Lindsay.

DRS. KENNEDY & KERGAN

The Leading Specialists of America. 28 Years in Detroit. Bank Security.

Nine out of every ten men have been guilty of transgression against nature in their youth. Nature never excuses, no matter how young, thoughtless or ignorant he may be. The punishment and suffering corresponds with the crime. The only escape from its ruinous results is proper eclectic treatment to counteract its effects.

The DRAINS, either by nightly losses, or secretly through the urine, must be stopped—the NERVES must be built up and invigorated, the blood must be purified, the SEXUAL ORGANS must be vitalized and developed, the BRAIN must be nourished. Our New Method Treatment provides all these requirements. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. We invite all the afflicted to call and consult us confidentially and free of charge. Cures Guaranteed or no Pay. We treat and cure: Varicocele, Blood Diseases, Stricture, Gleet, Emissions, Urinary Drains, Spermatorrhoea, Unnatural Discharges, Kidney and Bladder Diseases.

CONSULTATION FREE. BOOKS FREE.

If unable to call, write for a QUESTION BLANK for Home Treatment.

MALTOSE AND HEALTH.

Physicians Say Its Use in The Human System Is of Great Value.

The great value of Maltose as a nutritive substance can not be exaggerated. In the living organism it is transformed into assimilable sugar more rapidly than saccharose or cane sugar. It is very easy to digest and having not so sweet a taste as cane sugar, it can be taken in much greater quantities than the latter.

"Malta-Vita" is no meaningless coined word; it stands for its literal translation from the Latin and means exactly what it says—"Malt Life." The original phrase, "For the blood is the life," is the starting point and final winning post of Malta-Vita, which contains a considerable percentage of maltose, a natural sweetening agent, easily digestible and readily assimilated by the human economy, forming rich healthy blood.

Now for many years the medical profession have prescribed semi-solid malt extracts which contain a large percentage of maltose but which cost from fifty cents to seventy-five cents per pound. Malta-Vita contains from eight to ten per cent of this wonderful blood-maker and costs but ten cents per package.

Malta-Vita is scientifically prepared to meet the requirements of old and young, weak and strong. To every man, woman and child it gives blood, bone, muscle and brain vigor and a buoyancy of life that cannot come from other food. And it is good to eat! All grocers sell Malta-Vita.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—South wind to north west wind; a few showers to-day, but mostly fair. Wednesday—Fine and not quite so warm.

Board of Works;

—To-night a meeting of the Board of Works will be held in the City Clerk's office.

A Test Run.

—This afternoon a test run of the new auto car which will be placed on the Chemong route, is being made.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 190.

More Logs Coming.

—The Peterborough Lumber Company's logs were cut loose at Lakefield yesterday, and will appear here in a few days.

Pair of White Gloves Found.

—A pair of openwork gloves, found on George street yesterday, may be had by the owner upon application at the police station.

Soldiers to Meet.

—Colour-Sergt. H. Waterman of No. 1 Section, D Company, of the 57th, wishes to meet the men of that section at the armouries to-night.

For the Lumber Camp.

—Mr. Thos. Marshall, foreman for the Algoma Commercial Lumber Co., left last night for Sault Ste. Marie with about 15 men for the lumber camp.

Mouth Organs.

—We have an organ for every mouth, all sizes. "Imperial and Ideal," Harmonicas. Excellent value. Come and try them. J. M. Greene Music Company, New Opera House Building. 6d11

The Beaver Inspected.

—The steamer Beaver, which has been loading up with brick at Curtis' yards, for the House of Refuge at Lakefield, was one of the boats inspected by Mr. Thompson to-day.

Sale of Phonographs.

—Mr. J. T Barry, of Toronto, agent for the Columbia Phonographs, is in the city and will assist Mr. Cline, Munden, the Simcoe street salesman, for the next few days during the big sale.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Annual Outing.

—The annual outing of the congregation of Bethany Tabernacle will be held to-morrow to Jubilee Point per, steamer Water Lily, the steamer leaving the Wolfe street wharf at 8.30 a.m., sharp.

Talking Machines.

—Every day this week we will sell one talking machine. To-night we will sell one talking machine only at a reduction of five dollars off regular price; 161 Simcoe street. Free concert. 5d13

Everybody's Well.

—The population of Peterborough appears to be in a very healthy condition at present. Dr. Bingham is authority for the statement that there has not been a single case of diphtheria or scarlet fever in the city since June 1.

Pierpont Morgan's Colleys.

—John Pierpont Morgan will probably send a collection of his famous colleys to be exhibited at the Canadian National Exhibition. They will not compete for prizes, but will simply be on view.

Where is the Water Wagon?

—An exchange has the following, which may appeal to some of our Peterborough readers:

Sprinkle, sprinkle, water cart,
How we wonder where thou art—
Sand in volumes round us flies,
While the dust fills both our eyes.

Mosquitoes Galore.

—"Talk about mosquitoes," said a farmer to The Examiner to-day, "but this year there are more in the country than ever before." He intimated that they were large and vicious, and that every class was well filled.

Voted for By-law.

—Mr. J. J. Turner, of Peterborough, was in town to-day and marked his ballot in favour of the bylaw. Although a resident of Peterborough for many years, Mr. Turner still has a great interest in the welfare of his own town.—Port Hope Guide.

Danny Simons Still Doing Well.

—The Waterville, Me., Morning Sentinel of July 12, in commenting on a very excellent company playing at Cascade Park, says, concerning Peterborough's comedian, "Danny Simons got encored and re-encored for his laughable work as a stage bobo."

Lights in Sight.

—Progress is being made with the pole line, says the Bobcaygeon Independent, and the power house will be tackled in a few days. Electric lighting is now within measurable distances. The generator is to be delivered by September 15, and may possibly arrive earlier than that.

Lindsay Regatta.

—The Lindsay Post says: The coming regatta is being talked up by the cottagers. The date will be decided on at the meeting to be held on Wednesday night. It will likely be on Thursday, although some Peterborough sailing craftsmen would like to hold it on Saturday.

The Chemists Company

is an association of Ontario Chemists, formed to make pure, safe, thoroughly reliable remedies.

Each remedy is made from carefully-selected formula, on strictly scientific principles.

Dangers Of Insect Stings

Peterborough Lady's Experience.

The dangers of insect stings is illustrated by a recent report of the case of a woman who died within a short time of having been stung on the cheek by some poisonous insect. Mrs. M. A. Boorman, of Peterborough, says:—"I happened to get badly bitten by an insect on the back of the neck. The part became swollen and very much inflamed. I applied Zam-Buk, and in three days I not only was the inflamation and the swelling removed, but all signs of the wound was gone, and the place was quite healed. I think Zam-Buk an excellent remedy. I also found it useful for sore and painful feet."

For insect stings, sore feet, blistered hands, chafing sores, sunburn, freckles, etc., Zam-Buk is unequalled. It also cures cuts, bruises, eczema, ulcers, poisoned sores, and all injuries and diseases of the skin. Of all druggists, at 50 cents a box.

Winners Of The Medals For Best Penmanship

Those Who Will be Given Mr. Pringle's Donations—The Winners are Asked to Hand in Their Names for Publication.

The results of the writing competitions for the medals donated by Mr. Wm. Pringle, of the Peterborough Business College, are at hand and the numbers of the winners will be found below.

Owing to the fact that the judges were ignorant of the identity of the winners, who were known to them only by their numbers assigned to them by Inspector Walker, who is out of the city, the Examiner is able to give only the numbers of the winners. The lucky pupils will recognize their numbers and are requested to hand in their names at the Examiner office for publication in to-morrow's issue.

The following were the winners:

First Form in the Collegiate Institute, medal winner, No. 8; honourable mention No. 12.

Fourth Book Classes. — Medal winner, 1015; honourable mention, 1054.

Third Book Classes — Medal winner, 1111; honourable mention 572.

Mr. Pringle, who with Inspector Walker and Mr. Sorigley, of the Collegiate Institute staff, were the judges, stated that the writing this year showed a decided improvement over last year, and that the pupils are being gradually weaned away from the verticle style of writing.

PERSONAL MENTION

Those going on a holiday, or having friends visiting them in the city, would do the Examiner a favour by dropping a post card to this office containing the news, or telephoning the information to the editorial rooms. Telephone, Bell, 134; Machine, 57.

Please write proper names carefully and avoid annoying errors. The Examiner is always pleased to publish the news and many are interested in the coming and going of summer visitors. Tell your friends of your holiday through the Examiner.

Mrs. Staples of Toronto, is visiting friends in the city.

Mr. Robert Matchett. went to Kingston this morning.

Mrs. Rehill of Toronto, is visiting her mother, Mrs. Pollard.

A party, composed of Mr. and Mrs. Jas. B. Brooks and daughter, Mr. and Mrs. Henry J. Miller and Wm. Menzies, all of Pittsburg, Pa., were registered at the National yesterday. They will spend a holiday at Stony Lake.

Miss Gloria Hutchison of Janetville and Miss Ettie Hall of Peterborough, are the guests of their friend, Miss Pearl Fanning, William street.....Mr. John Thompson of Peterborough, was a business visitor to town to-day.— Lindsay Post.

Corporal Fee Is Heard From

Late Instructor of the 24th Writes to Peterboro' Friend

Sergeant R. A. W. Hay to-day received a letter from Corporal Instructor C. Fee, late of the 24th field battery. In his letter he says he had the honour of leading the Royal Canadian Horse Artillery out of Kingston and into Petawawa that body being the advance guard on both occasions. He asks to be remembered to all the boys of the 24th which he says, is second to none. Corporal Fee was very popular with the members of the 24th and they hope to use the words of Rip Van Winkle "that he may live long and prosper."

High Water Maintains Navigation All Along Line Of The Canal

High Water in Stony Lake Necessary in the Interests of Navigation and Industrial Concerns—The Water at the Proper Height Now—It Was Too Low When Many Wharves Were Built—Temporary Inconveniences Will be Overcome and Navigation Interests Protected.

"Extremely high water will yet cause Canal officials trouble. Cottagers of Stony Lake talking of holding mass meetings and protesting to the Government against the ridiculously high water."

The above is the "scare head" under which The Review endeavours to grow indignant over the action of the Government official who has charge of the waters of the Trent Canal system. In half a column of watery invective, our contemporary makes tidal waves out of ripples and works up a tempest in a teapot.

This sensationalism will not be appreciated by the people who know the facts. A representative of The Examiner was at Stony Lake over Sunday. On the way up on Saturday evening several of Peterborough's prominent business men, and each one a cottage owner, were on board the steamer Stoney Lake. The condition of the water was the subject of the evening's conversation. It was generally conceded, and each one acknowledged that the present state of the water, if maintained with reasonable variations, according to circumstances was to best for Peterborough's industrial interests and for the cottagers as a whole. For fifteen and eighteen years, the low water, it seems, both summer and winter, was a proper cause of complaint because it prejudicially affected the operations of the industries in Peterborough dependent upon water for motive power.

Last season, and this season so far, there has been no cause of complaint. The water has been maintained at a level, which affords all the power needed without interruption, and from present appearances there will continue to be abundant water for power uses and for navigation purposes along the whole line of the canal. From a cottager's standpoint it is quite true that here and there inconvenience has been experienced from high water. The cause of such inconvenience, however, is not of to-day's creation—it is due to the past deceptive policy of dallying with the water. For years it was kept low in summers, having been allowed to run to waste in the spring, and was exceptionally low in July and August. The public was led to believe that this was necessary and inevitable, the belief being encouraged that the water could not be retained for the dry season. Under these circumstances, accepting low water as the normal and necessary condition, some of the cottagers built wharves and made other improvements, which they necessarily found to be not quite conveniently adapted to a normal condition of high water, such as industrial and navigation needs demand.

Possibly, on account of recent heavy rains, or on account of an unusually large quantity of logs finding down an unusual quantity of water, the level in Stony and Clear Lakes may be several inches higher than it would be under normal conditions. The Government wharves are the most important on the lakes, and where any have been found to be too low, instructions have been given to raise them, and it is evident that stationary wharves, owned by private parties, will have to be raised to meet the new conditions, and placed at the level at which they would have been placed if the water had been kept at a proper level under the preceding regime.

It is questionable if the late superintendent, in seeking to arrange a meeting of the cottagers to condemn the course of the present superintendent is acting wisely. The Examiner has been informed that within the last three days the late superintendent has been trying to arrange a meeting of the cottage Holders' Association to condemn the present high water. But he should possess his soul in patience. The temporary inconvenience to cottage holders will be overcome without a lowering of the water, that would be disastrous to the industrial interests of Peterborough. A very few thousand dollars will suffice to raise stationary wharves, and the lowering of the level of the water will be obviated and Peterborough will have in steady abundance what money cannot otherwise buy, and what a hundred other towns and cities are anxious of—steady, sufficient and reliable water power.

Peterborough Boy's Action Was Heroic

Heber Rogers Attempted to Save Late Mr. Dandy From Drowning—Was Almost Pulled Down Himself—The Part the Y. M. C. A. Boys Took—Interesting Letter From "The Scribe."

Ninth annual Y.M.C.A. Camp, Saturday, July 14th. — Another bright hot day has dawned and beamed on the camp, which is now well organized. The camp is situated about 70 yards north of the old camp ground.

The first thing that strikes the eye is the large marquee which is used as a dining tent. It has neatly arranged seats and two tables, providing room for fifty. Close by is the grub tent, and farther back is the cabin in process of erection, which is the centre of the cooking operations. The culinary arrangements are ideal, and a large range makes the cook's duties much lighter than usual. Tom wears the smile that won't come off.

There are five sleeping tents, comprising one for each section and one for the cook. These are all in line, and a lovely view and cooling breezes make the place a most desirable one.

Bathing Arrangements.

The bathing facilities are excellent affording a long sandy beach, and where the water is not deep for a long distance from the shore. Just here we would note that every possible precaution is taken to prevent accidents. The boys are not allowed to bathe except at the one point and then only at stated hours. They are always accompanied by a leader during the swimming period.

Friday afternoon brought a gloom over our camp as the alarm came in about five o'clock that Mr. Dandy, who had been camping near, was drowned up at Sandy Beach, about a mile away. He had started out to swim from the shore to a sunken scow. He gave a call for help when but a few feet from the scow, which was responded to by plucky young Herbert Rogers, a boy of about ten years, and a son of Mr. R. B. Rogers. How Herbert escaped from the clutches of the drowning man was a 'miracle; yet even after he sank for the last time Herbert dived twice after him, but the unfortunate victim was too heavy for the lad.

Y.M.C.A. Boys First.

The Y.M.C.A. boys were the first on the scene after the Rogers family, and after the body had been in the water twenty minutes it was recovered.

For over two hours until Dr. Fraser arrived and pronounced the man dead, the boys worked like Trojans under the direction of Mr. Gordon Manning. The camp leaders remained until a yacht was secured and the body removed to Lakefield.

The sad occurrence was commented upon by our leader after breakfast on Saturday, when he spoke very highly of the efforts put forth by the boys, and at the same time drawing several helpful lessons from the incident.

We are all looking forward to next Friday, when we hope to see a large number up on the excursion, particularly the members of the families of the boys and their friends. It will no doubt be a great day!

THE SCRIBE.

New Rails For Marl Deposits

Mr. Kilbourn Buys Some at Lethbridge, Alta.

A Lethbridge, Alta., despatch says: "J. M. Kilbourn, one of the leading citizens of Owen Sound, and head of a large cement industry at Lakefield, Ont., was in the city on Monday to purchase some narrow-guage rails from the A. R. and I. Company, to use in building a railway to one of his cement deposits, near Peterborough."

A Knotty Legal Question Asked

Man Wants to Know About Digging a Cellar.

In the legal column of the Mail and Empire Saturday, the following question of local interest was asked and answered:

led from the Rocky Mountains to a verbal agreement with a man to dig out a cellar for a house at so much per yard. After he had dug out about one-half of it, I told him he need not do any more, that I would finish it, as there were a lot of stones which I wanted to use in the foundation. I finished the cellar myself, and now he wants me to pay him the same amount as if he had done the whole job. Can he compel me to pay his demand?

A.—The man can claim more than a proportionate part of the contract price. He made preparations to dig out the whole cellar; that is, to do the whole job, you stepped in and prevented him, and took the work out of his hands. He need not have allowed you to do this, and because he consented to your finishing the job he can not claim the whole price. But everything will depend upon the agreement between you, and how you both acted upon it.

57th Band For Toronto Fair

Those Who Go There This Year Will Again Hear It.

The musical features have become a prominent feature of Toronto's great Industrial Exhibition, and thousands of visitors to the Fair are attracted by the many distinguished musicians who compose the various bands that come from the Mother Land, the United States, and the principal towns and cities throughout Ontario. This year a programme of special merit has been prepared by the Exhibition Management and the bands that will take part are as follows:

1 Second Life Guards Band, England; 65th National Guards Band, Buffalo; Royal Grenadiers, Cadet Battalion Band, Toronto; Mimico Industrial School Band, 29th, Regt. Berlin; 91st Highlanders' Band, Hamilton; 38th Dufferin Rifles Band, 48th Highlanders' Band, Toronto; Waterloo Citizens Band, 13th Regt. Band, Hamilton; 57th Regiment Band, Peterborough; Kiltie Band, Hamilton.

Jos. Freeman Had The Money

Arrested for Abusing Horse and Had $495.50.

The Port Hope Guide says: Joseph Freeman, the veteran who has travel-

F. W. P., Peterborough—Q.—I made Eastern Canada, and who was arrested on Sunday last for abusing his horse, has picked up quite a sum of money. When searched at the Cobourg jail, the sum of $495.50 was found concealed in his shirt. In the police court here he said that he hadn't a cent.

May Use Right Hand Tracks

G. T. R. Likely to Change Its System Soon.

It is said that in the course of a few days the Grand Trunk Railway will adopt the American system of running trains on the right hand track. The left hand track has always been used in Canada after the European system, the advantage being that it gives the engineers of the different trains an opportunity of signalling to each other in passing, and they can more easily see both tracks. The object of the change could not be learned to-day.

Horse Comes To Auto's Rescue

Dragged Its Opponent Triumphantly to Peterborough.

Mr. Frank McPherson had a somewhat unfortunate mishap coming from Lakefield Saturday night. A slight breakdown occurred to his automobile about two miles from the above village, putting the machine temporarily out of commission. A horse was secured and the auto conveyed to Peterborough "a la carte," reaching here early Sunday morning. So it will be seen, in spite of the triumph of quick transit by means of electric and gasoline power, the good old horse is still in the "lead."

Park Street Baptist Pic-nic.

Yes, I'm going to that, on Thursday, 19th, by "Water Lily," Wolfe Street Wharf, to Jubilee. The Children's Paradise. Abundance of Ice Water Free. Ice Cream all the Way. Adults 40c., Children 25c. S.S. Children Free.

HARRY ADAMS

Said Farewell To The Worshipful Master

Mr. Geo. MacDonald, of Jubilee Lodge No. 7, 'Prentice Boys, Left City To-day—Was Banquetted by Lodge Last Night—City Loses a Prominent Athlete.

The members of Jubilee Lodge, No. 7, 'Prentice Boys, gathered last night at McCallum's restaurant to say farewell to the Worshipful Master of the lodge, Mr. Geo. MacDonald, who left this morning for Woodstock, where he will spend a few days before leaving to take a position in Dundas. There was a large attendance of brethren and the banquet was most enjoyable, though as is usual with such an occasion, a tinge of sadness at having to part with one whom all had learned to like and respect, was mingled with the festivities. Mr. MacDonald had endeared himself to the members of the lodge, of which he was master, and this fact was shown in no uncertain manner last night. The speeches that were made, and nearly everyone had an opportunity to say something, were all eulogistic of Mr. MacDonald's good qualities, and the efforts which he had made to make Jubilee Lodge a successful and flourishing organization, such as it is at the present time.

There were present last night Bro. Wm. Carter, Sr., chairman; Bro. F. Reynolds, P.M.; Bro. Grant Corbman, Rec.; Bro. F. Turner, Rec.-Sec.; Bro. F. Tweke, Bro. S. Adlum, Chaplain; Bros. Wm. McGregor, H. Stanton, D. Cornell, B. P. Doupe, Finance; Ed. Taylor, A. H. Webb, G. Carter, J. S. Henry, J. Jamieson, J. Robinson, J. Cornell, J. Rose and the guest of the evening, Bro. MacDonald.

The tempting repast served by Mr. McCallum, in his best style, was done

GEO. MacDONALD,
Worshipful Master, Jubilee Lodge No. 7 Prentice Boys, Who Was Banquetted Prior to Departure From the City.

ample justice to by the gathering, intellectual refreshment followed the nourishment of the inner man.

Loyalty is a feature of all Orange gatherings and the toast to the King, proposed by Bro. F. Reynolds, was right heartily drunk. Then came the turn of Mr. MacDonald, whose health was honoured amid greatest enthusiasm. Bro. Reynolds, in proposing the toast, made many references to Bro. MacDonald's efforts on behalf of the 'Prentice Boys, as well as to his genial character and many good qualities. Bro. MacDonald, in reply, expressed his regret at leaving Peterborough and especially at severing his connection with the 'Prentice Boys, and thanked the members for the great and frequent assistance they had rendered him in his office as master of the lodge.

At this point Bro. Frank Turner rendered a vocal solo that was greatly enjoyed by the gathering, judging from the applause which which it was greeted.

Bro. Ed. Taylor, in a neat speech, referred to the great loss which Jubilee Lodge, 'Prentice Boys, was sustaining in the departure of Bro. MacDonald, about whom he had many eulogistic things to say. Bro. A. H. Webber said that what was Peterborough's loss would be some fair lady's gain.

A recitation by Bro. Grant Carter and mouth organ solo by Bro. Turner were two features of the programme that were much appreciated.

Nearly all those present made short but pointed speeches, praising Bro. MacDonald for his devotion to the cause of Jubilee Lodge, and expressing their deep regret at his departure, but all wished every success in his new field of labour.

Before dispersing a vote of thanks was passed to Mr. McCallum for the excellent repast provided, after which "God Save the King" was heartily sung and the gathering was over.

Not only do the 'Prentice Boys lose a good member, but the city loses a fine young citizen, one who has distinguished himself in the field of sport, and against whom there has never been the slightest charge of unfairness or unsportmanlike qualities. Mr. MacDonald will be missed in particular by the Peterborough Rugby Club, of which he was one of the fastest wing men last year, and was of material assistance in bringing the championship to Peterborough. He played rugby several years here, beginning with the Rough Riders, in the city league, and the next year breaking into senior rugby. He is a good association football player and as a baseball player is also well known in the city, having figured on the lineup of several fast teams. Mr. MacDonald had a host of friends in Peterborough, to whom his departure will be greatly regretted and who will unite in wishing him every success.

Gained 25 Pounds.

"I was very much run down in health, could not sleep, was very nervous and so weak that I could hardly get around. Some months ago I began to use Dr. Chase's Nerve Food and to-day I am pleased to say I am completely restored to health. I have gained over 25 pound in weight sleep well and feel strong and healthy." — Miss Annie Evans, 39 Gottingen Street, Halifax, N.S.

Brass Was Stolen From The Engine

Three Boys Supposed to be Connected With the Theft.

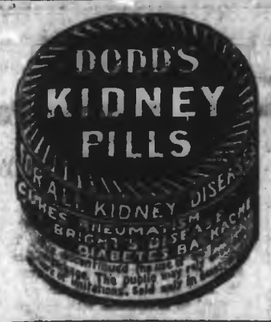
Information has been laid before the Chief of Police regarding the theft yesterday evening of the brass connections from the engine in Mr. R. B. Rogers' yacht, which is lying just below the Hunter street bridge. A resident of East City, it is stated, noticed three boys in the vicinity of the boat yesterday, and suspicion rests upon them. Arrests will probably follow and the guilty youths made to answer for their misdemeanour.

His Singing Was Appreciated

Mr. R. Norman Jolliffe Pleases the Clinton People.

The Clinton News Era in commenting on the services there last Sunday, says:

The singing of Mr. Norman Jolliffe, baritone, was a very much appreciated part of last Sunday's services; he rendered solos both morning and evening, also taking the solo in the evening anthem. His voice, which is of very pleasing quality, is well controlled, and his tones are full and well rounded. He will be a splendid acquisition to the choir.



True Friendship Was The Subject

Interesting Meeting Held by the Park Street B. Y. P. U.

"True Friendship" was the subject dealt with at the regular meeting of the Park Street B. Y. P. U. last night and the service was most interesting and profitable. A very able and practical paper was read by Mr. Roy Jackson, after which several short talks were given. The role call followed and one new member was voted on.

The picnic on Thursday is popular. The committees on sports, etc., are enthusiastic. All that is needed now is a fine day.

To Resuscitate The Peterborough Fair

Meeting Will be Held in City Council Chamber on Wednesday, July 25th, for This Purpose—Feeling That Fair Should Not be Allowed to Drop.

The Examiner has been requested to announce that there will be a meeting in the council chamber, Peterborough, on Wednesday afternoon, the 25th inst., of all those interested in the West Peterborough Agricultural Society, for the purpose of considering the position of the society at the present time. It is the desire of many that the exhibition should not be allowed to go by default, and that some united action be taken that will guarantee the continuance of the Exhibition in future years as in the past. There is no reason why a good agricultural exhibition should not take place in Peterborough, and it would certainly be in the best interests of agriculture and business that the annual exhibition should be held this fall in Peterborough as usual. All those interested should make it a point to be present at this special meeting called for Wednesday afternoon, July 25th, in the council chamber, Peterborough, at 2.30 o'clock. If this exhibition once drops out it will be a very difficult matter to regain the prestige and position which Peterborough possesses at the present time.

YOUR COLUMN

NOTICE IN THE FOUNTAIN AT THE POLICE STATION

An influential citizen and a man occupying a position of trust went after an Examiner reporter this morning as is he had some grudge against this journal.

"Why in the world don't you wake up the Aldermen in the city?" he said, "and get them to place ice in the fountain in front of the police station. The city water is pretty nearly lukewarm and is warm enough to bathe with. Instead of satisfying one's thirst it is absolutely "nasty" to drink. What is the fountain for, anyway" he said, with some warmth "to stand there as a monument of the City Fathers' negligence? Perhaps they are so fond of the hard stuff themselves that they cannot sympathize with a man who wants a good cool refreshing draught of "Adam's Ale."

ANOTHER KNOCK FOR THE STREETS OF THIS CITY

The streets of Peterborough come in for a lot of abuse. This morning a visitor to the city remarked, "Peterborough is one of the finest towns in Canada. It excels in pretty parks, is nicely located, has good stores, and from a business and industrial standpoint, can't be beaten; but one thing that it has not got is good streets. Of course it has some good streets, and I see the roller is at work, but generally speaking the streets are a disgrace to the city and would be to any other." Such remarks as these coming from a stranger, are rather hard to take but if the conditions exist there is nothing to do but to tolerate them.

New Coal And Wood Business

Will Commence in Peterborough in August.

A new coal and wood business will be commenced in Peterborough in a short time. While the establishment of the business is practically an assured fact, at the request of the firm the name is withheld.

The property for the storing of the wood and coal is already chosen and it is expected that the new firm will begin operations in August.

Mr. E. Hanna Buys An Auto

Has Purchased One of F. R. J. MacPherson's Machines.

Mr. E. Hanna, of London street, today closed a deal by which he becomes the owner of the Ford Auto, which Mr. F. R. J. McPherson has had for some time. This means that another auto will soon be seen on Peterborough streets, because Mr. McPherson will at once buy a new machine.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

I read Mr. Stoven's letter in the Examiner last night re the coal question and think he is a little out in his calculations. A ton of coal at the mines represents 2240 lbs, and the consumer's ton is only 2,000 lbs. Surely the extra 240 lbs. makes up for all waste suffered by the dealer. In Toronto coal is selling for $6 per ton and it seems strange that the Peterborough dealers, only a short distance inland, cannot affort to sell it at $6.50 per ton, and in the steady advance in price the poor man gets the raw end of the deal. He cannot afford to buy coal so soon after the heavy expense of winter living, while the rich man has ready money all the time. The authorities should investigate the matter at once and keep the greedy coal men down in their prices. We want no trusts or combines in Peterborough. The city could make money out of having its own coal sheds and by selling it to the people at a fair profit.

Yours truly,

COAL CONSUMER.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 17.—A continuation of the upward movement was seen in the market to-day. Opening prices were higher under the influence of a higher London market and foreign buying orders. Russians and South African mining shares were a shade easier in London, but the general market was strong.

Sentiment here was more friendly to the bull side, and several issues scored nice advances, notably Southern Pac., U. P., St. Paul and Copper. There was a renewal of increased dividend talk on Southern Pacific and Atchison, and the buying of these was considered good. The banks made further gains from the sub-treasury. After the first hour the market was very dull, but continued to creep slowly upward. Wheat was a cent lower in Chicago, and 5-8d. lower in Liverpool, while corn was firm.

The afternoon market was a hot weather affair, New York sweltering at 96 degrees and no air stirring. Ice securities went up four points. The close was firm, but dead.

Excursion From Hastings In City

Under Auspices of Anglican Church of That Town.

An excursion from the Hastings Anglican Church visited Peterborough to-day, coming here on the steamer Rainbow, which arrived about 1.30 o'clock. About 150 were in the party and report an enjoyable trip. During their visit in the city the visitors amused themselves by taking in some of the various points of interest. They left for home about 4 o'clock.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior

"IMPORTANT"

Rare Chance

—FOR—

BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office Price and full particulars on application.

Latest News Of Various Sports

Port Hope Baseball Players Grouchers

The Guide of That Town Gives Them Some Good Advice--Game There on Saturday Furnished Text for the Sermon.

The Port Hope Guide, reporting the baseball game on Saturday says:—

"Port Hope and Peterborough played an exhibition game at the Town Park on Saturday afternoon and the local nine won—actually scored a shut out, 8-0. The game was very poorly attended, this being due in a great degree to the excessive heat. The game started about 2.30 o'clock, and as the Peterborough team had to catch the 4.30 train, it was called at the end of the eighth innings. The Peterborough team was weak in many spots and they all proved easy for Surphlis. Port Hope scored 2 the 4th, 4 in the 6th and 2 in the 8th, while Peterborough failed to cross the plate.

It may be a little late in the season to find fault but we might just mention that if the baseball games are to be patronized the management must take steps to put a stop to the continual, wrangling that is carried on. A kick from any player during a game may be overlooked, but for one player to keep up a continual howl it is most annoying to everyone present. The fact of the matter is that it is difficult for the team to get a scorer or an umpire to act at their games, just because they will not stand for this uncalled for abuse. Hereafter let every man play ball and leave the chewing for the other fellow.

Committee To Receive Bowlers

The Skips Who Will Participate in the Games with the Old Country Men.

At the conclusion of the games on the Brooksde Bowling Green last night a number of the Bowlers met in the office of Mr. J. E. A. Fitzgerald, to discuss the reception of the British Bowlers, who arrive here on August 1st.

A committee was appointed to take charge of all arrangements, comprising the reception and banqueting of the visitors. It consisted of Dr. Boucher, Dr. Caldwell Dr Greer, John Crane T. F. Matthews, R. M. Waddell, D. H. Moore and G. H. Giroux.

The following skips were appointed for the games with the Old Countrymen:—Dr. Boucher, D. H. Moore, R. M. Waddell, G. H. Giroux and Dr. Greer.

The members also discussed other matters in connection with the reception. The action which the Finance Committee took in reference to this was agreeable to all so the visitors will have an opportunity to see the Lift Lock.

Ontario Teams Afraid Of Quakers

Local Team Not Permitted to Play for Championship.

The Quaker football team are not going to have an opportunity for a game with the winners of the Preston and Little York games. The local club wrote Mr. Brigden, the chairman of the Match Committee yesterday and received a letter to-day stating the schedule could not now be altered. The following was the letter:—

Toronto, July 16, 1906.

I regret very much that it is too late for us to alter the arrangements for the intermediate finals. The Match Committee cannot now order the winners of the Preston-Little York series to play off with your boys, as the series had been arranged before receipt of your message.

You might correspond with the winners, and see if they are willing to play but we cannot force them.

Yours truly,

F. H. BRIGDEN,

Chairman of Match Committee.

LAKEVIEWS WON EASILY FROM LILIES

The Lakeviews somewhat easily defeated the Lilies last night in a four innings game at the Driving Park. The score at the end of thee fourth chapter was 8-1 in favour of the Lakeviews, who played good ball throughout. The features of the game was Foley's two home run drives. Grose scored the Lilies' one run. The teams were:—

Lilies—Grose, r.f.; Moore, c., 2b.; Ryan, 1b., p.; Bartley, 1b., p.; Hillier, 2b., c.; Archambeault, 2b.; Scully, l.f.; Price, c.f.; Dickson, s.s.

Lakeviews—Wilson, 1b.; J. Mahoney, p.; Foley, s.s.; Letellier, 2b.; Menzies c.; Corkery, l.f.; McGill, c.f.; Hewson r.f.; Theobald, 3b.

BASEBALL

Contrary to expectations Wm. Shering, the Marathon victor, will not visit Peterborough on Saturday. The engagement was called off yesterday and as a result the return game of baseball between Port Hope and Peterborough, will not materialize.

• • • •

The George Street Guild team will practice to-night at the Oval. All players are asked to be on hand.

Summer Complaints.

Diarrhoea, Dysentery, Stomach Cramps, Colic, Cholera, Cholera Morbus, Cholera Infantum, Seasickness, and all Looseness of the Bowels

whether in children or adults, can be cured by the use of DR. FOWLER'S EXTRACT OF WILD STRAWBERRY.

It has been a household remedy for 60 years.
It is Rapid, Reliable, and Effectual in its action.
It is Pleasant and Harmless to take.
It does not leave the bowels in a constipated condition.
It is for sale by all dealers.
It has many substitutes. Do not accept them. They may be dangerous.

MRS. FRED. J. BROOKS, Shetland, Ont., writes: "I have a large family and have been using Dr. Fowler's Extract of Wild Strawberry for years for Diarrhoea and Cramps, and I always intend to use it, for I know of nothing else so good for both children and adults. It gives almost instant relief in all cases of bowel complaint.

Wedlock's Guests Are Successful

Meeting With Good Luck in Piscatorial Pursuits.

Mr. Jas. Wedlock, the well known summer resort proprietor, whose hospitable summer house on the Otonabee is visited each year by scores of seekers after rest and healthful recreation and fish—was in the city yesterday and reports that his house is accomodating the usual large number of summer visitors. At the present time he has a party of Pittsburg steel magnates, who are enraptured with the beauties of the river and lake, and especially with the splendid service given by Mr. Wedlock.

The fishing is getting good and a number of good catches are being reported almost daily.

Auto-Bus Made Its Trial Trip

Was Unloaded and Placed on Road To-day.

Mr. E. B Olmstead, of the Buffalo Auto-Car Co., arrived in the city last night with a chauffeur, and this morning the 35 h.p. auto-bus purchased by the Peterborough and Chemong Auto-Car Co., Limited, was unloaded and placed in running order. A trial run was made to Chemong this afternoon, and the regular trips commenced at four o'clock. From now on the car will be running regularly and will no doubt be well patronized. It promises to give eminent satisfaction and will make the Chemong trip in fast time.

The Prettiest Park In The Dominion Of Canada

Praise for Jackson Park From Canadian and American Visitors—Another Big Crowd Last Night—Some Novel Pictures on the Canvas—A Number of Improvements.

Visitors in the city, who have travelled throughout Canada and have seen the Dominion's most beautiful parks, declare that Jackson Park must be given first place among them all. Even American tourists from across the line maintain that nothing in the United States can compare with it for real natural beauty. Last night the usual immense crowd that always attends on favourable evenings, was present and enjoyed an hour or two before the big canvas that displayed the new moving pictures.

A section of the 57th Band delighted the audience between the serial pictures, with bright, catchy music.

The merry-go-round was in good demand last night and attracted a large number during the whole evening.

The Pictures.

The moving pictures on the screen last night were all novel and very much appreciated. The first presented was scenes among the Polar regions, and a most appropriate one for such an evening. "The Door keeper's Curiosity" was of a humourous nature and depicts some very realistic scenes of real life. "The Impossible Convicts" and the "Silver Wedding" were among the others which were most enjoyed. In fact, the whole series presented last night were pleasing features and productive of the highest commend from the big gathering that watched them.

Some Improvements.

On Saturday a new sidewalk was built across the loop from the refreshment booth to the park entrance and was very much utilized last night.

A pretty illuminated ice cream sign was erected yesterday over Mr Cheverill's refreshment stand. It is composed of electric light bulbs and can be seen to advantage from almost any point in the park.

Cheese Prices Likely To Go Higher Still

Prospects for High Prices at To-morrow's Board Meeting are Good—12c. Was Paid at Cowansville on Saturday —Market is Firm.

The prospects are that to-morrow the cheese salesmen will get a higher price, even than that which prevailed the last board meeting. At that meeting 11 3-4 cents was paid, but on Saturday 12 cents was paid at Cowansville and the market is very firm. The Montreal Star's forecast of the market is:—

The market went higher than ever in the country on Saturday, as high as 12 cents being paid at one point—Cowansville. This was the highest of the day, however. At other places 11 3-4 cents to 11 15-16 cents was the rule, so that the market is in every way very firm.

Although this is Monday, quite a little trading is in progress, and sales of several thousand boxes were made and are known to have been made at equal to the highest figures mentioned for some last week.

A sale of 1,000 Ontarios was made on 'Change at 1 o'clock at 12 1-4 cents

At the wharf this morning the offerings were light, not exceeding a few thousand boxes, and all were sold at 11 13-16 cents to 11 7-8 cents ruling.

Receipts reported on the Board of Trade this morning amounted to 7155 boxes.

Warned Against Peek-a-Boo Waist

Those Who Attend Holiness Meetings Must Not Wear Them.

Macon, Mo., July 17.—The following official warning is published in the church Herald Saturday for the guidance of those attending the feast of the tabernacles at College Mound, Macon County, August 2 to 12:—

— "Please do not let any young ladies come to the camp meeting with arms and necks exposed by thin sleeves and waists. It seems immodest and unbecoming enough to wear such garments at home, where no one sees you but your father and brothers."

Jewellery of all sorts has long since been barred by the Holiness people, but this is their first proclamation against "peek-a-boo" shirtwaists and arm exposures.

Drank Whiskey and Died.

—Daniel Fountain, and Orillia boy, aged 16, found a flask of whisky hidden in a lumber pile, and drank the spirits. He was brought home on Thursday in a paralyzed condition, and after suffering from convulsions, died last night.

Otonabee River Full of Logs

Rathbun Company's Timber Was Cut Loose Last Night.

The alligator McClintock left yesterday afternoon, after inspection, for Rice Lake with a tow of boom timber to receive the Rathbun Company's drive of logs at the mouth of the Otonabee River. The logs were cut loose last night after being tailed into Little Lake in the afternoon. Their destination will be Deseronto.

The McClintock will take them across the lake after reaching the mouth.

The Cars Broke Away; Result, Wild Runaway

Mr. G. W. Bennett, of North Monaghan, a Witness to the Exciting Run—Coupling Broke and Cars Started Backwards.

Mr. G. W. Bennett, the popular township clerk of North Monaghan, was a wit s a few days ago to an exciting incident on the Irondale and Bancroft Railway, near Baptiste Lake. The story as told in the Bancroft Times, is as follows:

"Passengers on the I. B. and O. train yesterday morning had an exciting experience and one that we fancy they would hardly care to repeat. The train which left Baptiste shortly after ten o'clock consisted of a passenger and a baggage car and two flats loaded with logs. Just the other side of the long bridge that spans a corner of the lake, there is a heavy grade and the train had just reached the top of it when it broke loose from the engine and began to go back. Gaining momentum with every turn of the wheels, it crossed the bridge at about fifty miles an hour, and only came to a standstill when it struck another grade about a mile this side of Baptiste. That the runaway did not land in the lake is almost a miracle. The sectionmen were at work on the road and had their handcar loaded with ties in the middle of the bridge. The train struck it and threw it into the lake, and the sectionmen had barely time to escape. There were ten passengers on board."

What Mr. R. Lees Thinks Of Saskatchewan

Says its a Grand Agricultural, Though by no Means Attractive Residential, Country—Place Develops From Diminutive Hamlet of Three Shacks to Thriving Village of 600 Population—Wheat Crop Will be a Record Breaker.

"From an agricultural standpoint the part of the Northwest I saw was unsurpassable, but from a residential standpoint it offers no inducements."

These opinions were offered by Mr. R. Lees, designer at the Auburn Woollen Mills, who has just returned from a two weeks' visit to Mortlech, a rapidly developing little village in Saskatchewan, and in the vicinity of which he has purchased some land. One half mile from Mortlech Mr. Lees secured 160 acres and five miles from the village, 220 acres.

The population of Mortlech is about 600, and it is growing rapidly. A year ago there were only three shacks to show existence; today it is quite a thriving little place, with several stores, butcher shops, two blacksmith shops, three grain elevators in the course of construction, agricultural warehouses and other places of business. And Mortlech, as is the whole West, is all business. Pleasure is a thing unthought of, and in this fertile prairie land nature offers no facilities in the shape of beautiful groves, rivers and lakes, resplendent with superb scenery, such as our own Ontario affords. The country is flat, and, except from the industrial magnetism it possesses, painfully monotous. A tree is an unknown thing, and the only natural beauty it possesses is the large tracts of wheat fields and prairie lands. Nevertheless, it is very picturesque with its thriving little towns and villages springing up like mushrooms all over the plains. And in these places no industries are to be found. They simply have places of business that cater to the wants of the Agriculturist. Of course as the country develops manufacturing will undoubtedly be carried on, but at present, in the new districts, the farm, and its demands, hold sway.

The wheat district in the vicinity of Mortlech is a grand one, Mr Lees said. The crop gives promise of being one of the best in years, and the farmers are overjoyed at the prospects. Harvesting operations will begin in two or three weeks. Wheat is almost the sole crop, although a little oats and flax are also raised.

Ranching Going Back.

Ranching is gradually losing its hold in the Canadian Northwest. Districts in which a few years ago, the cattle kings reigned supreme, and who probably never dreamed of this recent influx of settlers, have gone over to farming, and the grazing men have been forced to seek new quarters. As the country gradually fills up, ranching on a stupendous scale will necessarily decrease. It is still carried on to a great extent in the Northwest and there are miles and miles of splendid grazing land.

The Americans.

The Americans, with the enterprise characteristic of the sons of Uncle Sam, have settled in Saskatchewan and other places in the west in great numbers. They make very shrewd and capable farmers, and good citizens. One company owns a block of land from Mortlech to the elbow of the Saskatchewan, and consisting of 200,000 acres. Many individuals have bought up land, and are holding it for higher prices. This is of course true of the Canadians as well.

The buildings in the towns and villages of the West are all of wood, and the majority of them without even a coat of paint. They are not impressive from an architectural standpoint but serve the purpose for which they were constructed.

The people, as a rule, are very intelligent, and as only industry means success, always busy. Farming, however, does not have the drawbacks that were identified with the earlier cultivation of the Eastern Provinces, the land being flat and free from trees and all the settler needs to do is to stake his claim, and commence right away to break up the ground.

The value of land is rapidly increasing, owing to the almost ceaseless stream of immigration. Farms that a few years ago could be bought from $2 to $5 per acre are now worth from $10 to $14 per acre, and are everyday increasing in value.

Mr. Lees said that he was very glad to get home once more, so monotonous did the West with its unending miles of unvarying country grow. The woods, orchards and vegetable gardens of Ontario were very welcome to him after seeing hardly anything but wheat all the time he was away. There is not a fruit tree nearer Mortlech than at Moose Jaw, which is (six hundred miles distant. The only really pretty spot in Saskatchewan is the Government Experimental Farm at Indian Head, and that is indeed an attractive and well-kept place.

Oddfellows Officers In Joint Installation

An Interesting Gathering of Members of the Order Last Night--Large Number of Members Present at the Interesting Ceremony--The New Officers--Mr. Wm. Hill the New D.D.G.M.

There was a large attendance of triple-linked brethren at the I.O.O.F. hall last night, when the newly elected officers of Peterborough lodge No. 111, and Otonabee lodge, No. 13, were duly installed for the ensuing six months.

The installing officer was Bro. Ward Patterson, of Havelock, D. D. G.M., who was assisted by Bros. J. W. Miller, acting as grand marshall, Wm. Hill as grand wardan, A. A. Fowler, as grand financial secretary, W. Freeburn, as grand recording secretary, and F. Wise, as grand treasurer.

After the installation ceremonies a hearty vote of thanks was tendered Bro. Patterson D.D.G.M., for his active and faithful work during the past year. The recipient made a graceful and appropriate reply.

Short addresses were also delivered by a number of other members after which refreshments were partaken of in the dining room.

Following were the officers installed:

Peterborough Lodge.

Following are the committees of Otonabee Lodge:

Sick and Visiting Committee. — W Roberts, R Murduff, D Hall, G Maitland, G Cairns, F Wise, L G Payne.

Finance Com. — W R G Higgins, J W Miller, R J Matchett.

Lodge Trustees. — Harry Morgan, J E Emmerson, R J Matchett.

Property Com. — W Mason, L G Payne, H Morgan.

Membership Com. — M T Breckenridge, W S Robinson, J E Emmerson, J W Miller, M Comstock.

Delegates to Grand Lodge — Bros J W Miller and L G Payne.

Representatives on District Com.— L G Payne, Col Miller, R J Matchett and M T Breckenridge.

The committees of Peterborough Lodge are:

Sick and Visiting Com. — Thomas Hooper, Wm Frost, Dr R F Morrow, A A Fowler, Wm Hill, Thomas Duncan, F Raines.

Finance Committee. — G G Pratley W H Deyman, M W Matchett.

Lodge Trustees. — S Clegg, D H Moore and L Wallis.

Property Com. — W G Freeburn, W Robertson, Walter Hooper.

Membership Com. — W J Green, L Jackson, Thos. Duncan, Dr. McKercher, T M McFadden.

Representatives to Grand Lodge.— Bros A A Fowler, Wm Hill, M W Matchett.

Representatives on District Com.— M W Matchett, A A Fowler, Wm Hill, Thos Duncan and Dr R F Morrow.

District Committee.

A meeting of the District Committee was held last night, Bro. Ward Patterson presiding. The affairs of the past year were wound up and it is understood that the committee has recommended Bro. Wm. Hill, P. G., of Peterborough Lodge, No. 111, as the next District Deputy Grand Master. Bro. Hill will not assume office, however, until after the forthcoming meeting of the Grand Lodge.

Grand Lodge.

A meeting of the Grand Lodge Committees will be held in the I.O. O.F. Hall to-morrow — Wednesday —evening. As the time between now and the sitting of the Grand Lodge is short, a full attendance of all the members is requested.

Smashed a Rig; Laughed at Wreck

Strange Story About a Party of American Motorists.

A story which does not reflect very creditably upon some of the American visitors at Cobourg has been brought to the city by a young lady who has been holidaying at Gore's Landing. It appears that the Examiner's informant, with several relatives, were driving near Gore's Landing, when a big touring car containing a party of Uncle Sam's sons and daughters, bore down upon the vehicle. As a result the horse became frightened and the rig was completely demolished, the occupants fortunately escaping serious injury.

The occupants of the car seemed to regard the affair as a huge joke. They refused to take the party to Gore's Landing, and laughed at their injuries. "Why, we get hurt worse than that playing foot ball," said one man. The number of the car is known and the mirthful Yankees may have to face the Cobourg police magistrate.

Two Beef Cattle Killed By G.T.R. Freight Train

Belonged to Mr. John Mervin—Were Being Driven Through Smith Township to the City—Struck by Train at Crossing Near Middleton's School House—Valued at $75.

Two beef cattle the property of Mr. J. Mervin, the Hunter street butcher, were struck and killed by a G.T.R. freight train on the Midland line, in Smith township about six o'clock last night. Mr. Mervin had purchased ten or a dozen cattle in Emily township and was bringing them into Peterborough last night. In crossing from the second line of Smith on to the first, by the quarter line at Middleton's school house; the cattle arrived at the railway crossing, just beyond Lily Lake, when a big freight drew along. The track is hidden from view here for a considerable distance by trees and bushes so that the drovers did not hear the train coming. All passed over safely but two, which were instantly killed by the big engine. One of them was cut up into all sorts of shapes.

The cattle were very valuable animals and worth at least $75 to $80 to Mr. Mervin.

The crossing at this point has always been considered a dangerous one and very frequently farmers' cattle roaming about the roads are killed by the trains. So many have met their death there that the owners do not allow animals of any kind on the road without a herdsman.

Peterborough County Entrance Examinations

The Results as Furnished by the School Inspectors--The Students in County's Schools Who May Now Go Into Collegiate Institute.

In the County of Peterborough two hundred and twelve candidates presented themselves for the Entrance examination. At Lakefield there were 66; at Norwood, 63; at Keene, 31; at Ennismore, 19; at Havelock, 17; at Hall's Bridge, Buckhorn, 11, and at Apsley, five. Those who passed, and the schools at which they were prepared, are as follows:—

At Lakefield.

Blackwell, Lakefield.
Blewett, Ernest, 7 Smith.
Brown, Allan, 3 Douro.
Brown, Ephraim, 3 Smith.
Coughlin, Maggie, 4 Douro.
Cranley, Nellie, 4 Douro.
Cullen, Percy, 4 Smith.
Elliott, Emma, 9 Smith.

Dr. Scott's Mother Succumbs To A Paralytic Stroke

Passed Away at Family Residence on Tuesday Afternoon.

The death of Mrs. Scott, wife of Mr. George Scott, of Smith township, occurred on Tuesday afternoon at the family residence, lot 9, concession 4. The deceased lady was in her 77th year, and during the past 11 weeks had been gradually sinking, having sustained a paralytic stroke in April last. Previous to that she had enjoyed good health.

Her maiden name was Ann Ivison, she being the eldest daughter of the late Robert Ivison of Smith township, and latterly of Essex county. She was born in 1829, and on July 8th, 1846, was married to her now surviving and sorrowing husband, Mr. George Scott. A week ago last Sunday Mr. Scott and Mrs. Scott passed the 60th mile stone of their wedded life—their diamond anniversary—which is a very rare occurrence and the event would have been fittingly celebrated had it not been for the serious illness of Mrs. Scott.

The deceased lady resided nearly all her life in Smith township. During the past sixteen years, however, continuous residence was broken at intervals by herself and husband going frequently to Manitoba and the west to visit several sons and daughters who reside in the prairie province. Mr. and Mrs. Scott had been to the west no less than on nine different occasions. The departed was a faithful and earnest member of Gilmour Memorial church. She was a kind mother, a loving wife, a warm hearted neighbour, and a firm friend, possessing traits of character, which endeared her to all.

To Mr. and Mrs. Scott a family of sixteen children were born, twelve of whom survive—five daughters and seven sons.

The sons are George, of Manitoba; Robert, of Smith; Israel, of Brandon, Man.; Joseph, of Souris, Man.; Dr. W. D., of Peterborough; Alexander, living at home, and John, of Souris, Man.

The daughters are Mrs. Mary A. Nawton, of Brandon, Man.; Miss Sarah Jane, residing at home; Mrs. Wm. Trusscott and Mrs. Robt. Moffat, of Elgin, Man., and Mrs. Percy Edmison, of Smith.

Mr. Scott, the bereaved husband of the deceased, is 84 years of age, and enjoys good health. He came to this country in the year 1831, from Newcastle, England, and after spending a year or two at Port Hope and Brockville, located in Smith, where he has resided ever since. He is one of the very earliest residents of the township.

The late Mrs. Scott, along with her husband, faced many trials and difficulties in the olden days, but with industry, energy, and perseverence, carved out a fine home for themselves and raised a large family of stalwart sons and amiable daughters.

The late Mrs. John Fowler, of Smith, was a sister of deceased. The only other sister, Mrs. Mary Taylor, of Bobcaygeon, is still living.

The funeral of the late Mrs. Scott will take place to-morrow (Thursday) afternoon at 2 o'clock, and will proceed to Little Lake Cemetery, where interment will be made. The services will be conducted by Rev. L. McKinnon, pastor of Gilmour Memorial Church.

Delegates Off To Grand Lodge

Masons Go to Toronto to Attend Annual Meeting.

This morning the city delegates to the Forty-first Communication of the Masonic Grand Lodge of Canada, which opens in Toronto to-day, went up to the city. They were R. W. Bro. R. E. Wood, P. D. D. G. M.; R. W. Bro. Walkey, P. D. D. G. M., representing Peterborough Lodge No. 111; R. W. Bro. Alex. Gibson, P. G. J. W.; and W. Bro. W. H. Bradburn, W. M., Corinthian Lodge.

BIG EXCURSION FROM HASTINGS

The Methodists of Hastings are running a monster excursion to Stony Lake on Friday next. A special train from several places beyond Hastings, will carry the excursionists to Lakefield, where they will embark on the steamer Stoney Lake for a sail about the Lakes. It is expected that this will be one of the of the biggest and best excursions that has ever visited Kawarthdom.

The Style of Hair Worn

Is an important factor to produce a younger and refined face and a well shaped head to any lady or gentleman. Prof. Dorenwend, who will be at the Oriental Hotel, Peterborough, Wednesday and Thursday, July 25 and 26, can demonstrate this to anyone calling on him at his show rooms. He has Ladies' and Gents' Wigs, Toupees, Bangs, Wavy and Plain Fronts, Switches in every length and shade, that he will gladly adjust on any Lady's head free of charge to prove this. Don't fail to see him. It is his only visit to Peterborough this summer. Call early.

Billeting Question Will Be Difficult

Grand Lodge Committee to Deal With it To-night.

The important business at the meeting of the Grand Lodge Committee to-night will be the billeting of delegates to the next Grand Lodge meeting, which will be held here commencing three weeks from to-day. It is anticipated that this will be no easy matter to arrange, and that some difficulty will be experienced on account of the large number of visitors and the comparatively limited surplus hotel accommodation.

THURSDAY HALF-HOLIDAY OUTING

Under the auspices of the St. Andrews' Ladies' Aid, the new automobile touring car will leave Central Park for Chemong Park every hour during Thursday morning and afternoon, beginning at 8.00 a.m. Return tickets 50c. A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health is the Great Source of Power to Inspire and Encourage —All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest helpmate of my life."

Mrs. Bessie Ainsley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed.

"Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

WEDNESDAY, JULY 18, 1906.

Tried To Board A Moving Car

Young Man the Centre of an Amusing Incident.

An accident, with somewhat of an amusing tinge attached to it, occurred last evening on Charlotte street, between George and Aylmer streets. A young man who had apparently come from Lindsay, saw a street car coming along at a rapid rate, and he made up his mind to have a ride. Walking out towards it without giving the motorman any notice to come to a standstill, he reached out his hand to grasp it. Whether he considered himself strong enough to hold the big machine, or lithe enough to get on board, is not known. At any rate, a second afterwards he was gathering himself up from the middle of the street, with his new suit changed to an old one. He also narrowly escaped being run over and receiving injuries.

The car, of course, stopped to assist him if necessary, but he refused all proferred help, and, evidently thinking that experience was a good teacher, said he would wait for the next.

Huckleberries Are Very Scarce

Stony Lake cottagers who depend upon their visit there to get their annual supply of huckleberries will be disappointed. Mr. John Sawyers, who is now at cottage "Bonnycastle" on Eagle Mount for the season informed the Examiner that huckleberries were very scarce this year. He had been up the mountain the other day, but could find a very small quantity of the fruit. It was a long time he said since they were so scarce as this year. He attributes the cause to the severe frost about the 12th of June.

Many New Arrivals At Stony Lake Resorts

The Warm Weather Has Attracted Many City-Folk to the Cool Resorts—A Number of Peterborough People are There—Mr. Williamson's New Cottage—Other News of Interest From the Lake.

Examiner Special.

Stony Lake, July 17.—Miss Mabel Rae, Peterborough, is a guest at Fern Roch.

Mr. E. B. Edwards came up to his cottage yesterday.

Among the guests on Grassy Island is Miss Nellie Reid, of Melbourne, Australia.

Miss Mabel Pye and Mr. Geo. Mills, Toronto, are visiting at Beverley Cottage.

Among those on the Stoney Lake yesterday morning were Miss Perrit, London, Eng., and Miss Roberts, Tokio, Japan, both of whom are at Young's Point for the season, and have gone to Bobcaygeon to spend a few days.

Miss E. L. Larmer, Guelph, and Mr. A. F. Maxwell, Toronto, are guests at Cairndhu.

Miss Lottie L. Madill, Shelburne, and Miss Evelyn S. Cole, Toronto, are holidaying at Oakleigh Cottage.

Mr. P. G. Blotchly, Toronto, is a guest at Grassy Island.

Mr. and Mrs. R. F. McWilliams, Peterborough; Mrs. V. H. McWilliams, Keene; Miss Margaret G. Easson and Mr. Bruce Easson, Toronto, are at Tecumseh Lodge enjoying the Burleigh Bay breezes.

Mr. J. Aikens returned to his cottage last night.

Mr. C. Currier, of the Bank of Ottawa, Peterborough, is a guest at "Mattawetta."

Mr. and Mrs. R. H. Kells, Misses Emma, Kathleen and Dorothy Kells, EMiss Gladys Yelland, Peterborough, and Miss L. Staples, New York City, are at Forest Home Cottage.

A party of eight Rochester gentlemen passed up the lake yesterday to Loon Lake resort. Two trailers were required on the Apsley stage to convey the party.

Messrs. E. C. Bickford and C. F. Oatway, Rochester, have evidently again come under the influence of the Kawartha magnet, as they arrived at the Victoria House last night.

Mr. Glen. Peckham, Buffalo, was among last night's arrivals at the Victoria House.

Messrs. J. C. and T. W. Ellis, Toronto, have taken Mr. Graham Weir's cottage for two weeks. Those in the party are Mr. and Mrs. J. C. and T. W. Ellis and Misses A. and M. Ellis.

Mr. and Mrs. F. A. Clarke went up to their cottage at Eel's Creek.

Mrs. Burnham has arrived to spend a few days at Mr. R. B. Rogers' cottage, Sandy Point.

Mr. and Mrs. Potter are visiting at Sandy Point.

A gang of carpenters went up to Sandy Beach last night to commence building operations on the new cottage for Mr. G. H. Williamson, which is being erected near the Y. M. C. A. Camp.

Mr. W. F. Johnston is spending a few days at "Ballyrogue," Mr. D. W. Dumble's cottage.

Mr. Fred. McFadden, Miss Aggie McFadden and Miss Felion went up to the lakes yesterday.

Mr. C. Brown, Peterborough, came up to the lakes to-day.

Mr. J. Moore, Lakefield, is rebuilding his cottage near Mount Julian. He is raising it considerably and the appearance is much improved.

Mr. J. McDonald, Denver, Colo., is staying at "Dulce Domum."

Mr. A. P. McLean went down to the city to-day after spending a few days at Mr. J. J. McBain's cottage.

Mr. Gerald Rackham went down to the city this morning after spending two weeks at Mr. T. E. Bradburn's cottage.

Mr. R. H. Kells returned to the city this morning.

Mr. T. E. Bradburn, M.P.P., has been spending a few days at his cottage, and returned this morning.

Mr. Herbert Johnston has returned after spending a short time at Forest Nook.

Mr. Stenn and Mr. Webster, Rochester, went down to the city from South Beach to-day.

Canal Machinery Must Not Be Interfered With

Penalty Not Exceeding Forty Dollars For This Offence—Throwing Refuse Into the Canal is Also Forbidden and a Heavy Penalty Provided.

The following sections from the Act governing the management and protection of locks and canals are being posted up all along the route of the Trent Canal, by order of Mr. J. H. McClellan:

Section 7—No person shall open or shut any of the gates or sluices of any of the locks and waste wiers, or draw down the level by any means whatever, for the supply of machinery, or for any other object, or shall in any manner interfere with any of the locks, waste wiers or other works of the canal, unless by consent and under the direction of the officer or person in charge of the same, and any committing a breach of this regulation, or interfering with or obstructing the superintendent, lockmaster, or any other person employed under them in the execution or performance of his or their duties, shall incur a penalty not exceeding forty dollars for each and every offence.

Section 11—Any person or persons who shall throw into the harbour, or canal, or any lock, feeder, basin or waste wier connected therewith, or into the channel, or within two hundred yards of the entrance thereof, any carcass or dead animal, or putrid substance of any kind, or stone, ballast, timbers, brush, or other rubbish, or in any manner obstruct any canal, or harbour, or channel thereto, shall incur a penalty of not less than two dollars and not exceeding two hundred dollars.

The Cadets Created A Good Impression

On Their Recent Trip Through the Eastern Part of Province—Serg.-Major Braund Tells of the Visit—Good Crowds Were on Hand to Hear Cadets.

Sergt.-Major R. C. Braund, with his staff of seven corps cadets, has returned from a two weeks' trip through Eastern Ontario, with seven young members of the corps who have signified their willingness to become Army officers, and who were taken on this trip for the purpose of giving them an insight into the work of the Army. During the two weeks the following places were visited: Campbellford, Napanee, Deseronto, Foresters' Island, Picton, Trenton, Belleville, Cobourg, Port Hope and Millbrook. In the party there were ten in all, the members in addition to Sergt.-Major Braund and the cadets being, Brig. Turner, and Capt. Allen.

The Sergt.-Major reports a most successful trip, and states that at every place visited there were large crowds on hand to see and hear the cadets. The progress which the Army has made in the past fifteen years in this part of the province, as seen by Mr. Braund on this trip, is gratifying. Fifteen years ago, when he was divisional secretary of the Army he was over practically the same ground and he notices now that the crops are much stronger.

To-night at the barracks he will give a report of his trip.

A Guelph Alderman Makes Proposition

Whereby the City May Secure New Industries--Offers to Give Land and Build Factory--A Pointer for Peterborough Capitalists.

Ald. J. W. Lyon, of Guelph, has made a proposition that bids fair to develop Guelph industrially and to strengthen its present high position in the commercial and industrial world. To any good reliable firm that has good backing and guarantees to employ a goodly number of hands, he will donate a building lot and erect thereon a factory at his own expense. The building will be turned over to the firm which will furnish security on the building and equipment. In return Ald. Lyon wants 5 1-2 per cent. on his money, and a refund of $1,000 yearly on the principal. To a firm employing 125 hands he will erect a $20,000 factory, and they must instal machinery costing $10,000, furnishing mortgage on both.—Herald.

Dreaded Insomnia.

"I was afflicted with nervousness and dreaded insomnia, so that I never knew for three years what a full night's sleep was. Heart pains and headaches almost drove me mad. I had spells of weakness and cramps in my stomach and limbs. Finally Dr. Chase's Nerve Food was brought to my attention and eight boxes cured me." — Mrs. Jas. Wesley Weaver, a veteran of the Fenian Raid, Port Dalhousie, Ont.

OFFICE—437 George Street, Peterborough.

An Absolute Cure For DYSPEPSIA

Dyspepsia, Indigestion, Belching of gas after eating, mean weakness.

By means of its muscles, the stomach should churn the food—changing solids into liquids—mixing in the gastric juices to start digestion.

If the stomach is weak—then food is not properly churned and mixed with enough gastric juice. Then you have indigestion and then dyspepsia.

Fruit-a-tives
OR "FRUIT LIVER TABLETS"

strengthen the stomach—just as juicy beef and eggs and milk strengthen the wasted frame of a patient getting over Typhoid.

FRUIT-A-TIVES contain the elements that give new—vigor new energy—to the muscles lining the stomach—stimulate the digestive glands and assure a copious flow of gastric juice for each meal.

More than that, FRUIT-A-TIVES correct the Constipation which usually attends stomach trouble—and by acting directly on kidneys and liver, put the whole system in healthy condition.

FRUIT-A-TIVES are a peculiar combination of fruit juices and tonics that are known all over Canada for their wonderful cures in all stomach, liver and kidney troubles.

50c. a box or 6 boxes for $2.50. Sent on receipt of price if your druggist does not handle them.

Long Distance Phone day and night

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Light to moderate winds, fine and not much change in temperature. To-morrow not much change in temperature.

Special Meeting.

—There will be a special meeting of the Ladies' Aid of St. Andrew's to-night at 8 o'clock.

Grand Lodge Committee.

—To-night an important meeting of the Oddfellows' Grand Lodge Committee will be held.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Council Meeting.

—A special meeting of the council will be held to-night. The question of the proposed repeal of the cigaretts bylaw will be one of the subjects discussed.

Writing Competition.

—Charles Milner, a son of Prof. Milner, pupil in the North Ward school, No. 572, in the writing competition, was given "honourable mention" in the third class.

Mouth Organs.

—We have an organ for every mouth, all sizes. "Imperial and Ideal," Harmonicas. Excellent value. Come and try them. J. M. Greene Music Company, New Opera House Building. 6d11

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Talking Machines.

—Every day this week we will sell one talking machine. To-night we will sell one talking machine only at a reduction of five dollars off regular price; 161 Simcoe street. Free concert. 5d13

To Sandy Point.

—The Strangers' Fellowship Club excursion will be run to Sandy Point on Friday, per steamer Water Lily. The boat will go over the Lift Lock and also around the lakes for any who wish to go.

Swimming Should be Taught.

—Swimming ought to be in the experience of every boy and girl. Not only does it insure the ability to preserve the swimmer's life in certain emergencies but it may be the very means of saving the lives of others. —Lindsay Post.

Letter Not True.

—Mr. David Johnson, fishery overseer, and Mr. Brue Johnson, in speaking to an Examiner reporter concerning the letter from Nelson Nurse, which appeared in the Examiner some weeks ago, intimated that many of the statements were not founded on facts.

Hastings Methodist Excursion.

—Come with the Methodists of Hastings on their excursion to Stony Lakke on Friday. One of the best trips of the season is assured to all. Speial train from Hastings arrives here about 8.40. Str. Stoney Lake carries the excursionists around the lakes from Lakefield. Tikets: adults, 70., children 35c. 2d13

Canadians at Paaredberg.

—The Canadian National Exhibition, Toronto, has purchased Caton Woodville's famous picture, "The Dawn of Majubs Day," in which the second Canadian contingent is shown in front at the surrender of Cronje at Paardeberg. Critics pronounce it the most striking war picture ever painted.

Cut Prices for New Books.

—You are neglecting your chances in summer reading if you haven't found out that the Peterbereugh Bookstore is selling paper-bound books for f-i-v-e cents each. The titles and authors are just as popular as the 25c, 50c, 75c and $1.25 editions. Better still, you can buy eight of these books, all for 35c. This is another little lot that has just come in, and don't think any more can be got at anything like the price. A. H. Stratton & Co.

Thursday Half-Holiday Excursion.

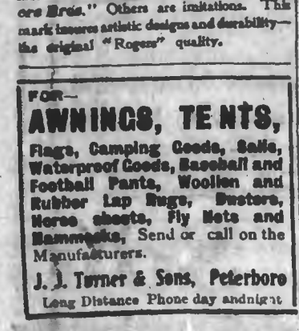
—On Thursday afternoon, August 2nd, a lively excursion will be run to Jubilee Point, under the auspices of Lansdowne Lodge, S. O. E. The tickets have been figured down to 40c for adults and 20c for children. The steamer Water Lily has been chartered for the trip, and the committee are composed of workers who are determined to have a right royal time. Mr. F. Kitney is chairman and Mr. Alf. Kingscotte the secretary, with "Daddy" Taylor and a bunch of other old sports and young English hustlers—of ripe experience in running excursions. See window cards in a few days.

Got More Than He Anticipated

And His Opponent Retained Young Lady.

A fight at the foot of Water street furnished a little excitement for a few onlookers this afternoon. It appears that one young man had gone out paddling with another young man's best girl this morning about 10 o'clock. They took their lunch with them and probably had a most enjoyable "picnic for two." When they returned they found the young man with whom the girl had been keeping company, waiting for them. He immediately went for his adversary as soon as the pair landed, but in doing so got more than he bargained for. He was soon floored, and the other fellow walked triumphantly away with the girl. The defeated man had half a dozen of his friends with him, and was apparently confident of victory.

In this prosaic age it is indeed elevating to watch two chivalrous and and fearless youths engage in combat for a fair maid.



PERSONAL MENTION

These going on a holiday, or having friends visiting them in the city, would do the Examiner a favour by dropping a post card to this office containing the news, or telephoning the information to the editorial rooms. Telephone Bell, 234; Machine, 57.

Please write proper names carefully and avoid annoying errors. The Examiner is always pleased to publish the news and many are interested in the coming and going of summer visitors. Tell your friends of your holiday through the Examiner.

Mr. Fred. Doughty is in Toronto to-day.

Mrs. R. J. Soden went up to Stony Lake to-day.

Miss Hayock went up to Stony Lake to-day.

Miss Findly of New York, was in the city to-day.

Mr. and Mrs. A. P. Poussette are in Toronto to-day.

CATARRH OF THE STOMACH THREATENED HIS LIFE.

Finds Prompt Relief In Pe-ru-na, the Reliable Catarrh Remedy.

PROF. ALBERT J. SMITH.

A PROMINENT PROFESSOR OF DANCING, WELL-KNOWN IN AUSTRALIA, LONDON AND CANADA, RELATES HIS WONDERFUL EXPERIENCE WITH THE USE OF PE-RU-NA.

Albert J. Smith, the well-known professor of dancing, formerly of Ferndale Academy, Paddington, Sydney, after touring London and Canada, has now located in Carlton, Victoria, (Australia), at 435 Cardigan street.

He writes to the Peruna Drug Mfg. Co., Columbus, Ohio, (U. S. A.), regarding his use of Peruna, as follows:

"I was troubled with catarrh of the stomach for a number of years, which finally resulted seriously.

"It was when the disease was at its worst and I could not sleep, eat nor work that I began using Peruna and found that it was doing me good every day.

"My stomach began to feel much better, my appetite increased, and I did not feel so nauseated upon rising in the morning.

"My bowels were soon in better condition, my sleep undisturbed, and the catarrh gone.

"Peruna is a perfectly wonderful medicine and I certainly recommend it for catarrh."

Some years ago it was thought that catarrh was confined to the head and nose. However, all the respiratory and digestive organs are lined by mucous membranes, and catarrh will attack these membranes at any point.

The most reliable remedy for catarrh, no matter where located, is Peruna, an internal, systemic catarrh remedy. It has proven its efficacy by years of use in thousands of families.

"Belmont" Relieves His Mind And Feels Better Over It

An Outspoken Letter Referring to the Manner in Which the City Streets are "Ripped Up" and Left in an Unusable Condition.

To the Editor of the Examiner:

Dear Sir,—Since I wrote the letter you printed Saturday about the dilatoriness of the gas company, I have been looking around and discovered something that has escaped all the newspapers I see. I find that the company opened a trench on Charlotte street about the middle of the past week, a distance of four or five hundred feet, then they took off their gang of diggers and tore up Homewood avenue. In doing this they dug clear across the street at the juncture of Homewood and Walton and closed the street to traffic, instead of doing as the waterworks people, and others do, opening half the street width at a time and leaving the other free for traffic till the other half of the trench is filled in—or tumbled in. The deserted ditch on Charlotte street was left without lights on Friday and Saturday nights, with the result that on Saturday night, in the darkness, a buggy drove into the trench and was smashed, with a bill for damages which the city will have to pay, if the gas company is not made to do it.

Now, I have nothing against the company as a company. They should have facilities for providing gas for the public, but they should not be allowed to abuse their privileges by their disregard for the public convenience in relation to the streets. All over the town there are gas pipes dumped down on the streets—to the annoyance of residents on them—weeks before they are used. One street is dug up and left a yawning stretch of hole, pitfall and man-trap, and left, to fiddle along with similar work on some other street; in fact, just as if they owned the streets, and the poor tax payers had no rights. I tell you its pretty galling when the big tax bills we have to pay are being delivered for the taxpayers to see how one corporation after another, such as telegraph, telephone, light and power and gas companies root up our streets, as if they were a potato field, without regard to the rights or convenience of dwellers on these streets—the people who own the streets and pay the taxes.

I don't altogether blame the gas company for acting up to the dictates of fallen human nature, and doing their work in the cheapest way and charging the highest price for the commodity to be distributed through the streets of the taxpayers, who are doubly taxed—a sufficient price for gas and stiffish taxes to maintain the streets for traffic, made almost doubly high to remedy the devilment of our thoroughfares by the careless and indifferent misconduct of sundry corporations, not even excluding the corporation of the city of Peterborough.

When I began this letter I had no other idea than to bring to public attention the evil results following the neglect of the gas company to light its trenches, but having begun I have concluded to relieve my mind, and to call attention to the iniquitous manner in which our streets are maltreated, assaulted, abused, neglected. The policy applied to the management of our streets, if the spineless, spendthrift attitude of drifting can be dignified with the name of a policy, is wasteful and ruinous. There seems to be no policy, no plan, no system adopted, pursued or even aimed at. Nothing seems to be begun at the beginning. We haven't a street in our city with foundations; we haven't that I can mention, a single street properly drained. There is no city in Canada that can be more easily or thoroughly drained, and at so small expense as Peterborough. There is no city in Canada with better natural conditions for first class streets — a porous soil, with proper drainage, that is dry and comfortable an hour after the heaviest rainfall. There is no city in Canada so conveniently and abundantly supplied or, rather, endowed with unsurpassable material for street making. And yet there is no city in Canada with worse streets than Peterborough has at this blessed present, as compared with what they might be if only the most ordinary horse sense were used by our city authorities.

We have seen repeatedly an amateur attempt to build up a street—without a foundation—and a fair outside result obtained—a good surface looking job, but without the real elements of permanancy, proper foundation and drainage. Then, if the street is not ripped up for sewers, or water mains, or surface drains, or telephone conduits, or gas mains or something else, there is no thought of repairs. Through lack of foundation, or by the use of dirty and unscreened street material, holes develop. They are as carefully preserved by the street commissioner as if they were a priceless relic; no attempt is made at repair. The holes are permitted to be gouged out by heavy wheels. This continues until the street is filled with mud holes and becomes about as comfortable to use as a corduroy road in far away Burleigh, and not half as good as scores of roads in the northern townships, where more common sense and less theodolite, transits and other intensely scientific tools are used—where the chief levelling done is to get a level head to begin with, and to use it, strongly adulterated with every-day common sense.

Not only are our streets built without regard to the rudimentary principles of good road making, not only are they neglected even when built in a villainously half-careful and haphazard way, but our streets have come to be regarded as legitimate spoil for the street spoiler.

A sewer contract is made, one of the conditions of which is that the contractor is bound to leave the street at the completion of his contract, in the same condition in which he found it. Has this ever been known to have been done? Not in one single instance. On the contrary the street is left in the most villainous state, not "in the condition in which the contractor found it," but in a condition worse than ever was known since the street became a street. The public is deprived of the use of the street for months, or, if it is used, it is done at the risk of life or limb or vehicle. Then, after months of neck-breaking jolting of wagon and other vehicles, the street is repaired at no inconsiderable expense to the town. This can easily be prevented. Keep the contractor to the letter of his bond. He tenders with the understanding that he is to restore the street to its original condition—adding so much to the figures. If he doesn't do it he makes so much clear gain and gets so much payments from our hard-earned taxes, for which he gives no value in work, not to speak of the loss of use of the street and the inconvenience of the ratepayers, who have to pay for having the street spoiled and then pay for having it put into useable shape.

The remedy of this intolerable nuisance and gross outrage upon long-suffering citizens is in the city's own hands. If our City Engineer would withhold his certificate till he is assured that the sewer trench is properly filled and has been properly tamped so that it will not sink, and till the street surface is properly levelled, till the street metal is thrown out separately and placed on the surface and properly rolled, then the right thing would be done. The City Engineer has no right to exercise an invertebrate compliance with the requests of contractors and give his certificate without the conditions of the contract being carried out to the letter, nor has the City Council a right to permit it. By giving a certificate under any other conditions, he is, to that extent, betraying his trust and becomes a party to improperly paying out the city's money. Where are the chairman and members of the Board of Works at? They are the servants of the people and it is their duty to protect the interests of the taxpayers and make their convenience and comfort the first consideration.

Then again, in putting in sewer services, the same neglect and sloppy work is done. Trenches are dug and filled in in so careless a manner that the earth is piled in mounds like pauper graves, and when a smart shower of rain comes the earth sinks and a hole is made. This could be avoided if the work were properly done, the earth well rammed. It would cost a little more to do it right, but then the street would not be spoiled and the city put to expense to make it right, all for the sake of putting a little more money in the contractor's pocket at the expense of the taxpayers, in cash and inconvenience.

Why don't the street authorities wake up? Why don't they try a little bit to do things in a business-like way? If you were to drive a stranger over the streets of this city and tell him that $17,000 or $18,000 was spent upon our streets every year, he would be justified, judging from appearances, in classing you with the Ish liar.

Our street authorities should give the taxpayers an innings, and not give the soft side of the bargain to corporations and contractors in regard to their use, or rather, misuse and abuse, of our streets. They should decide that no corporation nor contractor should be allowed to disturb an inch of our streets without leaving it reasonably near the same state it was when disturbed. This is not an unreasonable demand. The public own the streets, they are for the public use and convenience. Contractors or corporations, as such, use our streets on sufferance only. They are favoured parties and should not be permitted to abuse their privileges. What sane householder would permit an electrician or plumber to take up a floor plank for repairs and leave it with a bump similar to what sewer contractors leave on our streets, or like what the gas company leaves on our streets. The Canadian Machine Telephone Company laid down conduits. They dug up the streets, but they filled the trenches properly, and no one could, in a week afterwards, tell from the appearance of the street surface, where the piping was laid. What one corporation can do another can do, should be made to do, whether in connection with watermains, sewers, gas mains or street services. For Heaven's sake let us have some value for the money supposed to be spent upon our streets—give us, to use a slang phrase, something to show for our money.

I feel better now that I have had my growl, that is, supposing, Mr. Editor, that you use my little letter, but I would feel infinitely better if my letter would have some effect in bringing about some improvement, and arousing the public to a fighting sense of the manner in which they are robbed, abused and outraged in connection with the tearing up, ploughing, furrowing, trenching, mud-holing and hummocking of our streets till they are fit for the use of neither man nor beast.

Yours truly,
BELMONT.

HOW IT SPREADS

The first package of Dr. Leonhardt's Hem-Roid, the infallible pile cure, that was put out, went to a small town in Nebraska.

It cured a case of piles that was considered hopeless.

The news spread, and although this was only two years ago, the demand prompted Dr. J. S. Leonhardt, of Lincoln, Nebraska, the discover, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of piles. There is a month's treatment in each box. Sold for $1 with an absolute guarantee.

It is for sale by druggists or by The Wilson-Fyfe Co., Limited, Niagara Falls, Ont.

Return Trip.

Countryman — Why, here, of course; where else could I return? —Weekly Telegraph.

SUMMER FAG

Are you listless, 'fagged' and without energy?

Have you headache, back pains, or pains in the chest? Have you that "all-gone" feeling? If so, you need a stomach and liver stimulant, and the best is Bileans.

Mrs. R. Saville, of Oakwood, Ont., says:—"For "Summer fag," debility, indigestion and biliousness I tried many medicines, but I never met with anything to equal Bileans. They cured me."

Of all druggists at 50c. per box.

Bileans FOR Biliousness

Ex-Mayor Mundy, of Galt, broke his wrist playing football on Monday.

Another Wedding At S. A. Barracks

This Time Miss Maud Fromm Is Bride.

To-night there will be "doings" at the Salvation Army Barracks. Salvation Army weddings have been coming with increasing frequency recently, and another will be celebrated to-night, when Miss Maud Fromm junior treasurer, will be united in marriage to Bandsman Wesley Boorman. The ceremony will be performed by Staff Captain McAmmond in the usual manner incidental to Salvation Army weddings.

Mr. J. C. Pott's Leaves Lindsay

Former Peterborough Boy Going to British Columbia.

The many friends of Mr. J. C. Potts in this city will be interested in the following from the *Lindsay Post*:—Mr. J. C. Potts, who, for the past three years and a half, has been an employee of Flavelles, Limited, left on Monday for his home at Hoarde's Station, previous to going to Kamloops, B. C., where he has secured a more lucrative position in a large dry goods store. In leaving, Mr. Potts is accompanied by the best wishes of a large concourse of friends for future success. As a memento of kind regards, the staff of Flavelles' store presented him with a handsome gold-mounted clock.

Cheese Reached Highest Price of Present Season

11 15-16c. Was Paid for First Selections at This Morning's Board Meeting--4576 Boxes Were Boarded and Four Factories Remained Unsold.

According to expectations cheese took a jump upwards at this morning's meeting of the Peterborough cheese board, and the highest price of the season — 11 15-16c — was reached. At this figure the greater part of the cheese was sold; 11 13-16c was the lowest figure offered, and was refused by Brickley, Shamrock, Ormonde and Melrose Abbey, which factories also turned down offers of 11 7-8c, and, as a result, remained unsold. The number of boxes boarded was 4576, slightly less than the figures at the last meeting.

Before the bidding began Mr. John Riddle, secretary of the Board, announced that he had received a communication from Inspector Warde in which that gentleman stated that he would be unable to be present at this morning's meeting owing to urgent business elsewhere. Mr. Warde in his letter made some references as to the better finishing and boxing of cheese—among other things the inscribing of the weight of the cheese on the box.

President Young expressed the pleasure of the board at seeing Mr. Whitton, the veteran buyer, once more able to do business on the board. Mr. Whitton has been laid up for some time as the result of an accident.

There was a dispute between Mr. Warrington, a new buyer on the Board, and Salesman Moher, of the Indian River factory, in regard to 145 boxes of cheese, which Mr. Warrington bought from the factory at the last meeting, about which he claimed Mr. Moher had broken faith with him, and sold the cheese to some one else. The matter was referred to the executive committee of the board.

The factories boarded as follows:

Keene	175
Warminster	145
Shearer	100
Central Smith	170
Selwyn	162
Villiers	104
Warsaw	140
Westwood	210
Oakdale	150
Melrose Abbey	100
Lakefield	100
Pine Grove	180
Peterborough	70
Maple Leaf	130
Myrtle	208
Ormonde	160
Young's Point	110
Lang	165
Indian River	145
North Dummer	85
East Emily	150
Trewern	150
Bensfort	210
Cedardale	105
Cavanville	255
Crowe	80
Mount Pleasant	127
Norwood	110
Fleetwood	200
Buckhorn	150
South Burleigh	40
Hope	70
Brickley	100
Shamrock	100

The bidding was brisk. Mr. Whitton opened at 11 1-4c; Mr. Kerr raised to 11 15-16c; Mr. Wrighton 11 1-2c; and Mr. G. A. Gillespie 11 13-16c; Mr. Cook bid 11 5-8c; Mr. Warrington 11 3-4c; Mr. G. A. Gillespie, 11 13-16c; Mr. Wrighton 11 7-8; and Mr. G. A. Gillespie, 11 15-16c., getting the call.

At these figures Mr. Gillespie took Buckhorn, Norwood, Keene, Villiers, Westwood, Central Smith, Bensfort and Fleetwood.

Mr. Wrighton at 11 15-16c secured East Emily, Warsaw, Peterborough, and Lang.

Mr. Cook bid 11 7-8c for further selections and called Ormonde, Indian River, Maple Leaf, Shearer and Trewern—all but Ormonde accepting.

Mr. G. A. Gillespie at 11 7-8c took Lakefield, Pine Grove and Cedardale, and at 11 13-16c for further selections secured Cavanville, Mount Pleasant and South Burleigh.

At 11 13-16 Mr. Warrington secured Warminster, North Smith, Oakdale and Hope. Melrose Abbey, Ormonde, Brickley and Shamrock refused the bid and would not take 11 7-8c from Mr. Morton with the result that they were not sold.

The Board then adjourned for two weeks.

The Foot Doctor Drank Too Much

Promised to be Good in Future and Was Discharged.

Shivering at the bar of justice a foot doctor—a special on corns—from London, Ont., appeared before the police magistrate this morning on a charge of being drunk yesterday. He pleaded guilty to the magistrate's query, but in a trembling, indistinct voice made several declarations that he would be orderly and good in future and promised perpetual fidelity in this respect.

He was a stranger in the city and came here as a foot doctor. "I'll be good if you only give me one more chance," he said, and left the prisoner's box with a happy "Thank you" to the magistrate's ruling that he was discharged.

Partition Is Being Removed

On the First Floor of Customs House Building.

Renovation is being made in the Customs House building on the first floor. The big partition in the building is being torn down, and the counter will be moved forward and extended, making it one large room, with the exception of the office at the left hand, which is now being utilized as a general office.

Plastering and kalsomining will also be done and it is expected that the operations will continue for a week or ten days.

Horses Apparently Like New Auto Car

On the Trial Run Yesterday Afternoon Three-fourths of the Horses Paid no Attention to It—First Trip Was Made to Chemong Yesterday.

Yesterday afternoon a number of local gentlemen, including representatives of the press, were given a run around the city in the new auto car, which has been placed on the route to Chemong Park. The result of this trip was a revelation, not only to those who participated in it, but also the citizens who were interested spectators of the run. The new car is roomy and comfortable, and what is, perhaps, the most remarkable is the fact that horses which become badly frightened at the small autos do not pay any attention to this more pretentious car, one of the reasons probably being that it makes practically no noise. Fully three-fourths of the horses passed or met during the run yesterday were, apparently, utterly oblivious to the fact that there was a strange vehicle on the streets.

It would seem that the fears expressed by some drivers that the new car would prove disastrous to horse flesh and equipments are groundless, for the horses seem to take rather kindly to the car.

A delightful spin around the city was enjoyed, and the party alighted at the Snowdon House, from where the car left on its first trip to Chemong Park, after 4 o'clock, loaded to its full capacity.

There is no doubt that it will be very popular, and that it will be well patronized.

Canadian General Will Decide This Week

When Work Will be Commenced on the New Buildings---An Application Made for Gravel---Mr. Patterson Makes Statement.

The Canadian General Electric Co. will decide inside of a week as to the erection of the new buildings. Mr. E. G. Patterson, the local superintendent of the works, wrote to the council last night asking for the right to purchase gravel from the city's pit in view of the fact that the company intended to commence work shortly.

To-day Mr. Patterson stated to the Examiner that as yet the company had reached no decision when work would be commenced nor as to whether one, two or three buildings would be erected. He intimated that they would know, probably inside of a week, and as soon as work was commenced it would be rushed to completion.

The First Moonlight Was Greatly Enjoyed

Street Railway's New Venture Meets With Approval--Logs in River Affected Passage of the Steamer Some.

The attendance at the first moonlight excursion conducted by the Peterborough Radial Railway Company on the steamer Water Lily last night was affected by the fact that the river was full of logs, but there was a good crowd on board, and the outing was thoroughly enjoyed by everyone with the exception of the boatmen, who had their work cut out in running the blockade. The evening was perfect and the sail down the picturesque Otonabee was a most pleasant change from the hot and dusty city streets.

The brilliant searchlight lit up the beautiful shores of the river, and the effect was thoroughly enjoyed, especially by those who saw the river for the first time, as was the case with several last night. The barge accompanied the Water Lily, and an orchestra provided music for dancing, which was indulged in to some extent.

The majority of the passengers found much to interest them in the fight against the logs. Ninety thousand were out loose on Monday night, and those on board last night are willing to swear that the steamer met at least 89,000 in her journey. The down trip, as far as Robinson's Island, was made without difficulty. The trouble arose on the return voyage. After turning, the boat and barge made very little headway, and threatened to be tied up altogether. It was decided to leave the barge behind, and the craft was anchored in the stream. Not much trouble was experienced after the scow had been abandoned, although the logs were very thick all the way to the street railway dock. The city was reached shortly after 11 o'clock, and cars were in waiting to carry the people home.

With the logs out of the river, these excursions, which will be held every Tuesday and Thursday evenings, should prove decidedly popular. No more pleasant way of whiling away a midsummer night could be devised, and the new feature will be appreciated.

Good Fishing At Glenwood

The Guests There Meeting With Good Luck.

The guests at Glenwood are meeting with good luck in their fishing this week. The other morning a party consisting of Miss Grace Parks, Miss Maud Breeze, Miss Simpson and Mr. Ben Simpson, went up to Eel's Creek, and the first two named ladies landed a nice 8-pounded lunge in a small canoe. The ladies were in a state of anxiety for some time, as they had nothing with which to kill the fish. They eventually had to call for help. On their way home Miss Parks caught another lunge about the same size.

Yesterday morning Mr. and Mrs. Parks and Miss Parks started out again, and the latter again had luck, getting a 4 1-2 pound bass.

Another large party arrived at Glenwood yesterday, and by the end of the week the house will be filled.

SCRIBE'S LETTER FROM THE Y.M.C.A. BOYS' CAMP

Ninth Y. M. C. A. Camp, Monday Morning, July 16th.—We were up very early this morning—in fact we broke the record since camp began. This gives us a great start for a big week's programme. On Saturday morning there was great excitement in organizing the baseball league—the first game of which will take place at ten o'clock this morning. A scrub match was held on Saturday. Sections one and two played sections three and four—resulting in a victory of 12—8 in favour of the first team.

The following are the teams chosen for the league:

Capitals — G. Manning, (captain), Turner, Dean, Williamson, B. Saxby, Dutton, Gilbert, Potter and McAllister.

Tecumsehs — W. Fortye, (captain), Layfield, Minogran, Stratton, Perks, Pringle, Greer, Patterson, Thomas.

Chippewas—Hall, (captain), Stevens, Saxby, Martin, Madill, Thompson, McCann, Arnott, Drummond.

A cup presented by Mr. A. H. Stratton will be the prize to be competed for, and this week will see some exciting scenes on the diamond.

Tom, the cook, is a popular fellow, and, like Flannigan, is the victim of some poetry set to the same Dooley tune

"Who was it wandered into camp
Just twenty minutes late,
Because upon the orange day
He had to celebrate.
And if he thought we missed him
He made a big mistake,
For we had Jimmy Flannigan
To cook and stew and bake.
'Twas Tommy Arnott,
'Twas Tommy Arnott, etc., etc."

Saturday night an immense bonfire was built on the shore and a good social time spent around it.

Sunday was rightly observed by all the members of the camp. Mr. Williamson gave an address at the morning service on the shore, on the subject "Come and See," and Messrs. Manning and Thomas also took part.

A stereopticon service was held at night. Views on the life of Christ were thrown on canvas, interspersed with gospel songs. Tom gave a number of selections on the phonograph.

We are getting everything in ship shape for the excursion on Friday. It will be the greatest visiting day of all the camps. Everybody come along with the Fellowship Club and spend a great day.

THE SCRIBE.

"Director" Of The Fair Replies To "Well-Wisher"

Says the Exhibition Will be Continued if Reasonable Support is Given--Resents Statements Made With Reference to the Board of Directors.

To the Editor of the Examiner:

Dear Sir,—The Fall Fair will not be dropped by the directors if any encouragement is given.

In the Review of July 16th a gentleman signing himself "Well Wisher," makes reference to the failure of the fair under two occasions, namely, under a president of the old directorate and the president of the present directorate. If "Well Wisher" will just come out and sign his own name, and give security for the rent of the agricultural grounds until the expiration of the present lease, and define his proposed system of conducting a fair and guarantee to the exhibitors of the last three years the prizes consistent with the stock they have been exhibiting, (the only stock that is really an object-lesson for the young agriculturist); then if he is any good the present Agricultural Society will give him a patient hearing and will only be too glad to get substantial assistance in any way to further the success of the fair.

But it is unfair for him to say that the disaster that overtook the old directorate the year there was no money to pay the prizes, was due to the president, and it is also unfair to say that the fair at the present time is a failure, for such is not the case. An evidence that it is not is the number of applications from last year's exhibitors for prize lists for this year, as soon as they are ready, if the fair is carried on.

The fair has been a success in years gone by, and was a success the last three years, and the work was carried on as economically and wisely as possible under the circumstances, barring the night show of last year that was an utter failure to the extent of over $500 to the society. We have bought our experience in that respect.

Our prize list or amount offered is large. Our ambition is to place before the public nothing but first class stock and produce, in which success attended our efforts.

"Well Wisher" had better write a letter to the Norwood Register, and brace up the president there for last year they fell behind and were assisted by the county by a grant supplementing the usual grant. No sooner was the grant made than a special request came to forward the cheque, old liabilities and accounts rendered being the cause.

Disaster did overtake the old directors, due to wet weather, etc., and the prizes were not paid, but such has not been the case with the new society; nor do the directors want a repetition of the kind, but from the fact that the society have no funds in the treasury, in order to make sure of the last year's exhibitors, the society have asked the city council for a guarantee, in case of emergency. The public are not, as a whole, aware of the fact that under the existing circumstances the individual members of the society, not having a charter, would, in case of disaster, have to go down in their own pockets and pay, and I cannot think that "Well Wisher" would undertake the risk, nor would he be "Ill Wisher" enough to ask his fellow citizens to.

The society are only too willing to meet the public in any manner deemed most advisable, either by public meeting or otherwise, and discuss the situation and will acquiesce in any reasonable and business-like proposition.

Yours, etc.,
DIRECTOR.

Miss Gordon Wins a Medal

In The Recent Writing Competition in Collegiate.

Miss Josephine Gordon, daughter of Mr. Clem Gordon, Overseer of the Trent Canal, has been given the medal in the writing competition for First Form, in the Collegiate Institute. Miss Gordon, was No. 8, and last year in the same competition she was given honorable mention. Miss Gordon will therefore be the possessor of the medal donated by Mr. Pringle.

Rev. Father O'Brien Received Visitors

To North Bay at Catholic Foresters' Meeting.

North Bay, July 17. — The Provincial Court of the Catholic Order of Foresters opened to-day.

Among the officers present were Rev. J. J. Feeny, Acton; H. T. Noonan, Perth; J. F. Strickland, Toronto; and High Trustee, L. V. McBrady, Toronto.

The appointment of organizers for the province was acted upon and a vigorous campaign will be made made throughout the jurisdiction.

In the afternoon Rev. Father John O'Brien in the absence of His Lordship Bishop Scollard, received the officers.

The secretary's report showed that the order had made a rapid increase in its membership.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 18. — Midsummer dullness characterized the session of the stock exchange to-day. Prices opened slightly lower and sagged off nearly a point all around. Trading was very much restricted and price movements very narrow. St. Paul, U.P., Copper, Reading and Penn. lost a point or more. The London market was weak, affected by the serious Russian advices which caused grave apprehension here.

The Twin City directors to-day declared the regular dividend of 1 1-4 per cent. on its common stock. Illinois Central was to-day placed on a regular 7 per cent. basis for the first time. The close was dull, near the bottom. The Amal. Copper dividend comes to-morrow and may wake things up one way or the other.

QUICK TRANSFER OF REAL ESTATE

The real estate firm of Mr. B. A. Elliott, Water street, made a rapid sale of property the other day. Mr. Elliott met a friend from Toronto at the G.T.R. station, and after a few exchanges of friendship, Mr. Elliott remarked that he was in the real estate business here. His friend told him he had some property in Toronto which he would like to dispose of. Mr. Elliott booked the order, and inside of 48 hours had sold the property to a Toronto gentleman at a good figure.

This is but one example of the rapid work carried on by this progressive firm, which is always alive to business.

SUNLIGHT SOAP

Clothes washed by Sunlight Soap are cleaner and whiter than if washed in any other way.

Chemicals in soap may remove the dirt but always injure the fabric.

Sunlight Soap will not injure the most dainty lace or the hands that use it, because it is absolutely pure and contains no injurious chemicals.

Sunlight Soap should always be used as directed. No boiling or hard rubbing is necessary.

Sunlight Soap is better than other soap, but is best when used in the Sunlight way.

5c. Buy it and follow directions. 5c.

$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

Little Yorks' Fine Finish

Won the Second Game and Tied Preston for First Place.

There was something doing last night in Preston at the final game for the Intermediate championship of Ontario, when the Little Yorks trimmed the Preston team on their own grounds by a score of 2-1, thus making a tie. A free fight, a shower of rain and the Preston Band were a few incidents of the game.

A Preston despatch to the Toronto Globe says:—

What was probably the most exciting athletic event in the history of Preston was the second game in the round for the Ontario intermediate championship, played here to-night between the Little Yorks or Toronto and Preston, the district champions. The game ended Little Yorks 2, Preston 1, which made the round a tie, as Preston won at Toronto on Saturday by 1 to 0. The visiting team were accompanied by 200 enthusiastic supporters, while the crowd, which numbered 1,000, included large delegations from Berlin, Waterloo Galt and Hespeler The first half was in Preston's favour, and Schrum scored for the home team after 25 minutes' play of the fast and strenuous variety. J. Johnston scored the Little Yorks' first goal after 35 minutes' play in the second half, which was somewhat slower, as the players were fagged, and then came trouble Referee Brown, against whom the spring's kickers entered the strongest resentment all season, called a penalty, which he never saw, and G. Gilding scored. A scene of wild excitement followed and for a time it looked as if the storm was going to break over the unpopular referee's head, as the crowd called the decision a steal. Five minutes over time was played each way without breaking the tie, and the visiting players were carried triumphantly off the field on the shoulders of their wildly enthusiastic supporters. Schrum was penalized during the first half and Thoms in the last. A passing shower, a fight between Preston and Little York players, and music by the Preston Silver Band were passing events of the game.

Billy Sherring Will Be Here

No Truth, It is Said, In Rumors That He Will Not.

The Examiner was informed this morning, from a reliable source, that, despite rumours to the contrary, Billy" Sherring, the Marathon race hero, would be brought here in the near future. The date of his advent has not yet been definitely decided upon, but The Examiner's informant stated that he would be here for sure.

When he comes he will no doubt attract a huge crowd. The people will naturally be anxious to get a peep at the little runner whose achievement started the whole civilized world talking.

Ball Game Has Been Postponed

Barbers and Wine Clerks Will Not Play To-morrow Afternoon.

The great ball game arranged for to-morrow afternoon between the Barbers and Wine Clerks has been postponed for one week owing to the absence of Tommy McDonough,, manager of the hotel men, without whose presence the game would be as bad as the article of baseball the Toronto Club is handing out at 75 cents per hand these days. The wielders of the razor under the able coaching of Geo. Brousseau, are playing wonderful ball and will surprise all the dopers when they hit thes trail for the diamond. A dispute among the Barbers as to who was going to pitch threatened to tear holes in the harmony of the occasion, but through the Solomon-like wisdom of Jimmy Lewis, the difficulty has been overcome by allowing each man to pitch one innings. The umpire has not yet been selected from the hundred odd applicants for the job.

Midland May Come Tuesday

Young Shamrocks are Trying to Arrange Game With the Northern Team.

The Young Shamrocks are trying to arrange a game for Tuesday next with the Midland 12. Midland possesses a strong bunch and is playing intermediate lacrosse. There is a Catholic Order of Foresters excursion here Tuesday from Orillia and the Shamrocks are trying to get the Midland team to come to Peterborough on that occasion. Should the match be arranged it should prove a good drawing card.

Will Play On Saturday Next

The Shamrocks Will Go to Port Hope on That Date.

Mr. Emmett Doherty, secretary of thes Shamrocks, has received a letter from President Miller in which the latter requests that the Shamrocks go to Port Hope on Saturday next to play the lake town aggregation. He says the reason the game was postponed last was because Port Hope was unable to secure any grounds. The writer expressed his regret at the somewhat unsatisfactory arrangements. The Shamrocks have decided to go to Port Hope on the date suggested.

Taking a Day's Trip To Cobourg

New Auto Car Takes Large Party of Gentlemen.

This morning the new auto-car started out on a long journey with a full load of passengers. At 8.35, with the following gentlemen on board, the car started for Cobourg, where the day will be spent: Messrs. W. Leahy, R. Gibbs, J. M. Brooks, A. Rountree, J. Cottingham, J.Greer, W. Duncan, W. Morgan, A. Nesbitt, W. Gould, E. Cassels, I. Eastwood, G. N. Graham, Geo. Ritchie, B. McCallum, Bruce Lee, W. R. Titley and M. Mitchell.

The start was made from the Snowden House, and a large crowd gathered to see them off. Mr. W. G. Lendrum took a photograph of the car and party.

Logs In River Stopped Boating

Navigation Was Extremely Difficult Last Night.

The 90,000 logs belonging to the Rathbun Company, which were let louse yesterday, practically stopped all boating on the river for a time. Mr. Rye the proprietor of the Otonabee boat house, was unable to hire any boats. A number of persons owning small craft, were down the river, and had their work cut out for them in making the ascent of the river, owing to the large number of logs, which made navigation most difficult.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c. at all dealers or EDMANSON, BATES & Co., Toronto.

BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 1.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Peterborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office Price and full particulars on application.

Ald. Adams Still Advocates The Day Labour System

Board, He Says, Should Have Awarded Contract For Each Section of Sewer to Lowest Tenderers--Mr. LeBrun Complains of Destruction of Property—Sewer Inspectors Appointed—Crossings Applied For—Light and Power Company Will Have to Present Plans.

Various questions of more or less importance came up before the Board of Works Committee last night for consideration.

The one that roused the most heated discussion was the question of awarding the sewer contracts. Ald. Adams again held out for the day labour plan and scored the Board for awarding the contracts of some sections to R. Sheehy, when other tenderers were lower.

The members present were Chairman Hicks, Ald. Tovey, Elliott, Wilson, Graham, Adams, Duncan, McIntyre and Street Commissioner Evans.

The first question brought before the Board was an objection to the method of constructing the granolithic sidewalk on Downie street, between Simcoe and Hunter, in front of Mr. Harry LeBrun's property. The latter gentleman was present at the meeting with Mr. D. O'Connell, who spoke in his behalf.

Mr. O'Connell said he was present in Mr. LeBrun's interests to lay a complaint against the way the embankment was cut up in front of his client's property. He has one of the prettiest residential properties, he said, in the city, with some very pretty trees upon it. The workmen engaged on the sidewalk had out into the embankment nearly two feet, for which there was no necessity. The roots of the trees had been cut, and if the same sort of work continued they would certainly die. The damage would now easily amount to $1000, and if gone on with would be irreparable. Mr. LeBrun, he said, is protesting, and asks that the sidewalk be laid a foot and a half higher. Unless the present line of work be stopped at once, Mr. O'Connell said that an injunction would be issued, and have it prevented, as Mr. LeBrun would not stand for any such wanton destruction and such unnecessary damage.

Ald. Hicks said that it was a most unfortunate state of affairs that damage was being done. The Board had been trying to satisfy the citizens in building sidewalks, but would sooner not have one if such damage was being done. It was better, he thought, to work with the engineer, and have the work on that sidewalk stopped until representatives of the Board conferred with him, and decide on the better course to pursue.

The committee decided to do this, and the engineer was seen to-day in connection with the matter.

A Crossing Wanted.

Mr. Edgcumbe was present in reference to getting a granolithic sidewalk across George street at Antrim street. This was left over for the consideration of the Board to find out if they would have any appropriations for crossings remaining. The chairman said that the Board was anxious to build crossings, but over half the appropriation for the city's streets had already been expended.

In the event of any more crossings being built the request of Mr. Edgcumbe will be complied with first.

A request from Ald. Johnston was made that the committee also keep in mind the necessity of a crossing at the corner of Rubidge and Simcoe streets.

Engineer's Report.

The City Engineer reported on the total costs of the different tenderers on the construction of sewers, and awarded the contract to R. Sheehy whose contract price was $9595.84. The engineer's action was sanctioned by the Board, but the matter brought up the condemnation of Ald. Adams over the method of awarding the contract. He referred to the way in which the committee dealt with the awarding of the contract to one man. The Board had once decided that the work be carried on by day labour, and now they had given the whole work to Mr. Sheehy, whose prices in some sections were higher than other tenderers. The day labour plan was proving satisfactory and should have been continued, he said.

Ald. Hicks, Graham, Johnston and Wilson considered that the committee had done the right thing in giving the contract to the lowest tenderer on the whole work, since tenders had been advertised for.

Ald. Elliott thought that the contracts of the different sections should have been given to the lowest tenderer on each.

Ald. Adams remarked that the least the committee could have done would be to have that work upon which Mr. Sheehy's price was not the lowest done by day labour.

Ald. Hicks informed the committee that there would be a meeting of the council to-night when objections might be brought up, if desired.

Sewer Inspection.

A communication was read from J. T. Craig, asking for the appointment as inspector of the sewer to be constructed on Burnham street, East City.

Letters were also read from Samuel Belcher and Jas. O'Brien, asking for the appointment as inspectors on the sewers to be constructed by R. Sheehy.

Moved by Ald. Adams and Johnston that Messrs. Belcher and Craig be appointed inspectors, providing two were necessary; the first named to be inspector if only one was needed.

Ald. Elliott and Tovey moved an amendment that Messrs. Belcher and O'Brien be appointed. The amendment carried by four to three.

Wanted Sidewalk Changed.

Mr. W. G. Ferguson was heard representing citizens who had property on Sherbrooke street, between Bethune and Rubidge streets, in reference to the position of the sidewalk, which is to be built there, three years ago he said a petition was signed to have a granolithic walk there. That request was granted by the council, but the walk was not constructed. The property owners there now want the sidewalk outside the tree line. The engineer, he said, had reported that the sidewalk be placed inside the tree line, but the property owners wanted it outside, as it was impossible to keep the boulevards outside the trees in proper shape on account of horses, livery wagons, etc., cutting them up, and he asked that their request be granted.

Commissioner Evans stated that there were many difficulties to contend with in having the sidewalk outside the tree line. There were a number of trees which would be in the way if this were done, and said that the sidewalk if placed outside would be two feet lower than the property adjoining it.

Ald. Wilson said that the Board had been looking at that street in the spring and had found that the trees were in the way to build the walk outside them.

Ald. Hicks said that in future there might be a great deal of traffic on Sherbrooke street, and all the room possible would be required. It was also much cheaper to build the walk inside the tree line.

An opportunity was given some of the Board to visit the spot to-day, and give their opinions at the council meeting.

Want City Gravel.

A letter was received from Mr. E. G. Patterson of the C. G. E. works, stating that the company intended commencing operations on their new extensions, and asked for arrangements by which they might secure gravel from the city's gravel pit. They would be willing to pay the market price on condition they got good gravel.

Must Get Permission.

The Mayor notified the Board that the Light and Power Co. were laying pipes on various streets without asking any permission. The engineer had been asked to get a plan from the Light and Power Co. He had been promised one but had not received it. The council, he said, should have control of the city's streets and thought that a resolution should be passed respecting the matter.

Ald. Hicks said that the city should fight for the control of the streets, and agreed with the Mayor's idea of passing a resolution dealing with the question.

Moved by Ald. Graham and Elliott, that the Mayor, chairman of the Board, and the solicitor, confer with regard to the matter and report to-night at the meeting of the council.—Carried.

Dublin and Reid Crossing.

Ald. Johnston brought up the matter of building a crossing of some description at the corner of Dublin and Reid streets. He had been asked by residents there to bring the matter before the Board, and said that a crossing there was very much needed. He moved that the engineers be instructed to have the crossings fixed there so that they might be passable. Ald. Wilson seconded the motion, which carried.

The meeting then adjourned.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

PARK CROWDED AGAIN LAST NIGHT

Despite the moonlight excursion conducted by the Street Railway Co., there was no falling off in the crowd at Jackson Park. In fact, the attendance last night was about the largest of the season, and the slope was literally packed with people. The band was not present, but the new pictures were greatly appreciated and every department was booming.

Tore Their Flesh.

"My children were taken with an itching, burning skin disease, and tore their skin until it was sore, and their shirts would sometimes be wet with blood. The doctor did not seem to know what ailed them and could give no relief, so I began using Dr. Chase's Ointment. Wherever it was applied it did its work well and has entirely cured them of this horrible disease." — Mrs. Lou McKay, Tiverton, Digby Co., N. S.

The Gentle Kidney Cure.

Don't think that Bu-Ju is not effective because it does not "tear things loose." The man, who talks most, does least. Kidney remedies that purge—and over-stimulate the kidneys—upset the stomach—are going to do you mighty little good.

Bu-Ju
THE GENTLE KIDNEY CURE

goes about curing you gently, mildly, correctly. You never know you are taking medicine—except that you begin to get better and keep on getting better. Bu-Ju heals inflammation in the kidneys—takes away that sharp pain in the back and the dull ache through the hips—stops excessive urination—and enables the diseased portions of the kidneys to heal and strengthen.

Cures Rheumatism Too.

Sloessel Must Pay Penalty Of Surrender

Commission Recommends Him to be Executed for His Action in Surrendering to the Japs--Gen. Foke's Punishment.

Examiner Special.

St. Petersburg, July 19. — The commission which was appointed to inquire into the surrender of Port Arthur to the Japanese during the recent war, has filed its report. The commission proposes that General Stoessel, who was in command during the siege of Port Arthur, be sentenced to death and that General Foke, who was a member of General Stoessel's staff, and urged his chief to surrender, be sentenced to twenty years' confinement in the galleys.

An Agitation To Publish The City's Assessment Roll

A Business Man Thinks This Should be Done by the City —Claims the Business Men Pay More Than Their Fair Share of Taxes--Some Surprises Accompanying Receipt of Tax Bills.

There are a good many surprised men in the city these days. They are the men who are receiving their tax bills. Coupled with their surprise there is in some cases a feeling akin to anger. One business man seen by the Examiner to-day, was particularly wrathy. He declared that his tax bill was very much higher than it was last year, his assessment having been increased by nearly three thousand dollars, and, he remarked, his buildings and business had not increased in value to any such extent.

He declared that the business men were having their taxes increased, while those owning residential property were paying less, or, at any rate, no more than they did last year. The trouble is that people do not look at, or mind their assessment papers, when they are left by the assessors on their rounds, and when their tax bills come they suddenly awake to the fact that they have been increased.

The new assessment act has no doubt had an effect which the business men and other ratepayers have not yet been able to figure out. Some claim that even if they do get their assessment paper they are unable to figure it out to see whether they are going to have to pay more taxes than they think they should, and, by the time that they discover that, they will have to go down for more money on August 1st, to meet the demands of the tax collector. The Court of Revision has met, and the assessment roll has been confirmed, and there is nothing to it but to pay the money, and say nothing.

The business man who expressed his indignation to the Examiner, stated that he was not the only one who had been given a jolt the last few days, when their tax bills were presented, and intimated that he was going to call a mass meeting of the business men of the city to protest against what he considered unfair treatment on the part of the council, the members of which, he claimed, were responsible for the fact that the business section of the city was being taxed too heavily in proportion to the value of their property.

As a means of combatting this impression he suggested that the council should have the entire assessment roll of the city published in order that the ratepayers might know just where they stood, in relation to each other.

He stated that a number of ratepayers did not see their assessment papers. No doubt the assessors delivered them all right, but they were lost perhaps, or it might be that the person to whom it was delivered did not appreciate its importance until too late. If the ratepayers saw the assessment list published, as he claims it is in any city the size of Peterborough, he would then have no ground for complaint that he was not given an opportunity of making an appeal to the court of revision.

No Proposition Yet Re Steel Industry

Manufacturers' Committee Has Not Done Anything Yet in Reference to Securing Rolling Mills for City--Cobourg, Port Hope and Lakefield the Possibilities.

The Manufacturers' Committee, it is understood, has not yet received any proposition from the Peterborough Steel Rolling Mills Company, in reference to the latter establishing their plant in this city.

A shareholder of the company informed the Examiner that as yet the question of a site had not been considered by the promotors of the company. If Peterborough is willing to treat them with reasonable consideration, there is a good chance of the rolling mills being located here, but it is not by any means been decided that Peterborough will be the place chosen.

Speaking personally, and not for the company, though, no doubt, he will be one of the directors, he said field were all possibilities, and any one of these places might be selected in case this city did not show a desire to deal fairly with them.

There is no doubt that the industry will be one which the city would do well to secure. There is a big market in Canada for the produce and the prospects are bright for the industry developing into one of the largest in the city, if not in the Dominion of Canada.

It is probable that the company will not make any definite proposition to the Manufacturers Committee until after the charter has been secured.

ONE THING AND ANOTHER

A Vigorous Old Lady.
Exchange.

MARY WHEATLAND has been giving exhibitions of fancy swimming and diving in the sea at Bangor, England. Mary is 72 years of age and has been an expert swimmer for 57 years.

It all Depends.
New York Tribune.

SOLITUDE is a matter of taste. It has been the subject of much discussion. Volumes have been written in praise or in condemnation of it. But perhaps the real value of solitude has never been so subtly and so accurately expressed as by the girl who was asked if she liked being alone.

"That depends," she answered, sweetly, "on whom I am alone with."

• • •

A Boomerang.

"AMY," he said to his wife at dinner; "I know that since our marriage I have been too constant a frequenter of the club, and I am aware that this has caused you a deal of silent wretchedness. My dear, I am sorry. I am going to turn over a new leaf. And I will begin to-night."

The young woman's eyes shone. Her face lighted with joy.

"Oh, Harold," she cried, how happy you have made me! Uncle Jim wants me to go to the theatre with him to-night and you can stay

Carried Largest Crowd of Season

On All Saint's Annual Excursion to Stony Lake.

Yesterday was an ideal day for a trip such as that taken by the Sunday school of All Saints' church, the members of which, and their friends, to the number of about 300, took the delightful trip around Stony Lake on their annual outing. Yesterday's crowd was the largest carried this season on the trip around the lake, season on the trip around the lakes, and those who participated in it are to-day expressing their extreme pleasure.

The excursionists left on the regular G.T.R. train for Lakefield, leaving here at 8.30, and, arriving at Lakefield, the commodious steamer Stoney Lake was boarded for the water trip to Mt. Julian, the objective point. This was reached at noon and dinner was taken, and a couple of hours spent by the children in boating, bathing, etc.

Taking the boat again at 2.30, the trip around the lake was continued, and the steamer arrived back at Lakefield at 5.45, and the train boarded for the last stretch of the journey at 6.20.

Those on the committee of management were the rector, Rev. Wm. Major, and Mr. T. H. Hooper. They were ably assisted by Messrs. Firth, Armstrong, Poole and C. Lacheur. The children were unanimous in their belief that it was the most enjoyable trip they had ever taken.

Peterboro' Boy A Detective

Mr. S. R. Bradburn Here From Montana on a Civil Case.

Friends in the city of Mr. S. R. Bradburn will be pleased to learn of the success he is meeting in the Western States as a private detective, in the employ of the Civil Service Detective Force in Great Falls, Montana. Mr. Bradburn spent yesterday in the city visiting at his home and also awaiting important papers from his chief at Great Falls before going to Toronto to work on the case which has been given to him. He received them last night and returned to Toronto.

He is undertaking the case of the late George Gibbs for Charles Weller, of Great Falls, Montana. The former, before his death, had an interest in the Queen's Park, of Toronto. As Weller's mother was a sister of Geo. Gibbs, Mr. Bradburn is in Canada after evidence as to where the estate has gone. He expects to get all the information from the Toronto Daily Star. From there he will return to Montana and report to his chief.

Mr. Bradburn is quite a young man and must be congratulated on his success in the west.

"Parent" Wants Marks Published

Finds Fault With the County Examination Results.

To the Editor of the Examiner:

I noticed in yesterday's Examiner the results of the entrance promotion examinations for the county. But while the names of the successful candidates for promotion were given the number of marks obtained by each were not recorded. There is, I suppose, some satisfaction to the pupils to know that they have succeeded, but everyone wants to know how many marks they took, and how near to the top—or the foot—of the list they were. I understand that for years the same practise of publishing the results without the number of marks has prevailed in this county, which in other counties, Victoria, for instance, the correct standing of the candidates given.

It seems to me that it is only a reasonable request to give the marks obtained, and in order that there may be no suspicion that everything is not as it should be, the marks should be published with the names.

PARENT.

Girls! Don't Wear Short Sleeves

Will Cause Hair to Grow on The Arms.

A local medical man is an authority for the statement that the style this season of wearing short sleeves is one of the worst for the followers of the custom, ever adopted. He said:

"There's nothing that will cause the hair on the arms, or, for that matter on any other part of the body, to grow as quickly as will exposure to the sun and wind. In hot climates savages wear no hats and their growth of hair is not luxuriant. The girls that are now wearing short sleeves simply to be in the fashion, will regret it in a couple of years, when they see long hair growing on their arms."

Guests of Their Employers

Richard Hall & Son Entertaining Their Staff on a Picnic.

The firm of Richard Hall & Son are entertaining their large staff this afternoon on the steamer Meteor, for a sail to Jubilee Point, where the time will be spent in a regular old-fashioned picnic and games. Richard Hall and Son have the best interests of their employees at heart in giving them this outing, also a slight mark of appreciation for the extra work entailed at their Thursday Five Hour Sale which has bounded away beyond their expectations.

A feature of this morning's sale was the crowding of nearly 200 persons at the door waiting for the store to open, while less than a half an hour afterwards over 500 persons were thronging the entire store.

Will Oddfellows Raise The Rates?

Question Being Discussed at Relief Association Meeting.

Kingston, July 18. — The annual meeting of the Oddfellows' Relief Association is being held here to-day.

The chief topic of discussion is a proposal to raise the rates.

Mr. Landis, actuary, has been engaged to prepare a new classification of rates, and he has reported that the relief association practise of assessing hazards, is not a correct one.

The report of the auditors shows that the association's money is carefully handled.

The membership of the association is now 29,142, an increase of 1742 over last year.

Bishop O'Connor Recovers Rapidly

His Lordship Will be Able to Return in Short Time.

We are more than pleased to announce that His Lordship Bishop O'Connor, who has been for some time under treatment at the Hotel Dieu for his eyes, is recovering rapidly and will likely leave for his home in Peterborough by the end of this week.—Kingston Freeman.

Excursion To Stony Lake

The Presbyterians of Millbrook Passed Through City This Morning.

The Millbrook Presbyterian excursionists passed through here on the G.T.R. this morning bound for Lakefield. From there the boat will be boarded for a trip to Stony Lake. There was a large crowd, and the party was accompanied by the Millbrook Band.

Auto Picnic At Chemong Park

Ladies' Aid of St. Andrew's Enjoying an Outing.

The Ladies' Aid of St. Andrew's church, with their friends, are enjoying a picnic at beautiful Chemong to-day. The affair is largely attended. The palace auto 'bus ran a trip every hour during the early part of the day and all were well patronized.

THURSDAY, JULY 19, 1906.

GREATNESS OF SOUL.

Greatness of soul is not an acute attack in the case of our City Council. Some time ago The Examiner suggested, as a reasonable thing, a small allowance to the members of the Water Commissioners as a sort of indemnity. The Commissioners do a great deal of work; they give the city excellent service; they administer their trust in a capable, businesslike way, which could very advantageously serve us a model to aldermen in respect of the duties they are supposed to discharge. A public-spirited citizen is supposed to take an interest in the city's welfare, but it is too much to ask that a busy man shall neglect his own business to attend to that of the city, without some consideration that will indemnify him to a certain extent, at least, for the loss he thus sustains. In refusing the request of the Commissioners, the Council has taken a course which will not tend to bring the appreciation of the ratepayers, who would certainly regard an expenditure, designed to recognize the services of the Commissioners, with more favour than many other expenditures with less to commend them. Greatness of soul does not seem to be a strong point with the aldermen of the city.

FISHING AND POLITICS.

Toronto Star.

"Are public franchises, the license, for instance, of a fisherman to prosecute his calling, the spoils of party? Should these privileges be reserved for the friends of the men in office? Should citizens who cannot approve of the policy of the ruling politicians be deprived of the right of making a living by fishing? Should the official keep tab upon the licensees, and attempt to control their franchises, either by persuasion or coercion?" The Mail and Empire asks these questions, and answers them in the negative, with emphasis and indignation. It remains to be seen whether it can impress its views on the Whitney Government. It is stated, and not denied, that the fishing licenses are treated by that Government as party patronage. It is charged, and not denied, that an applicant for a fishery license wrote Mr. Cochrane on the subject, and Mr. Cochrane referred the party to Mr. Gains, the member for Parry Sound. It is charged, and not denied, that another person wrote Dr. Reaume, and that minister referred his correspondent to this member.

If that is the general practice, as is not denied, Mr. Bastedo's successor will have to do exactly what Mr. Bastedo was charged with doing. It is alleged that Liberal members, candidates and politicians were continually writing to Mr. Bastedo on the assumption that the right to fish was a party favour not to be extended to political enemies. It appears that this practice, which was very wicked when followed by Liberals, is highly virtuous when followed by Conservatives. Mr. Bastedo was dismissed because of the sins of the politicians, and Mr. Bastedo's successor will be in danger of the same fate in case of a change of Government.

It is cowardly and unjust to saddle these sins on the official. An official, as a rule, does not meddle in politics of his own accord, nor does he like the politicians to meddle with him. Like a man in any other profession or calling, he takes a pride in his own business, and prefers to carry it on without outside interference.

If the Government had desired to follow out the excellent advice of the Mail and Empire, it would not have dismissed Mr. Bastedo, but would have instructed him to pay no attention to the politicians, but to grant licenses to all reputable persons (who were likely to abide by the law, regulating the number so as not to deplete the fisheries. Mr. Bastedo or any other honest and efficient official would be delighted to carry out such instructions. The Government pursues exactly the opposite course. It dismisses the official and it maintains the system which the Mail and Empire declares to be wrong. If a fisherman applying for a license is referred to the Government member or candidate, the inference is that the license is a political "pull," a Government favour. It does not follow that every Liberal who applied would be refused, but the Government candidate would inevitably use the patronage with an eye to the election. This is the abuse which the Whitney Government ought to end. If the candidates and other politicians, instead of being invited to interfere, are told that they must not meddle with the officials, the officials will do their duty without reference to politics.

EDITORIAL NOTES.

Bye-elections in the dog days suggest repudiation of responsible Government.

If the last bye-election in Kingston had gone "Tory," Peterborough might have whistled for its Normal School.

A new class is to be added to the programme of fall fairs. Special judges will have to be appointed to judge the speeding contests and to decide what is racing and what is mere speeding in the ring.

Mr. Whitney was not influenced by the motto that courts the sunshine on banners and gives piquancy to the orations on the glorious twelfth. He readily surrenders to the "graft" politicians in his party and dismisses capable officials for the sake of providing places for the campfollowers of his party army.

The Peterborough Review, in concluding an article giving Mr. T. E. Bradburn, M.P.P., almost the "entire credit" for bringing the Normal School to Peterborough, says: "Mr. Bradburn is being congratulated on all sides on the happy result of his labours, and is in every way worthy of all encomiums that are being bestowed upon him. He is a wideawake representative—one that is up and doing, and the highest compliment that can be paid him is to say that he is a 'worker' in the interests of his constituents—in the best and fullest meaning that the term implies."

The Toronto News says that in February last Hon. Mr. Cochrane, having received a request for a license to fish in Lake Nipissing, referred the writer to the Conservative member for Parry Sound; and that in April Hon. Dr. Reaume referred another applicant to the Conservative member for Lambton. The system, then, remarks the Montreal Herald, which was in force under Ross is in force under Whitney, but Mr. Whitney dismisses Mr. Bastedo as if he, the official, could have and should have put a stop to what was done by ministers and members, instead of doing what they told him to do. If they must wield the axe, why add hypocrisy to the outrage?

It is time that somebody was offering suggestions for the site of the new Normal School. By the way, why should Peterborough be asked to provide such a building? Doesn't it seem a little infra dig, that the greatest Government of the greatest Province of the Confederation, with a big surplus and a Finance Minister who makes 96 cents do the work of a dollar, go begging for a free site like some speculative industrial exploiter? If Peterborough is, as it is, the best place for one of the new Normal Schools, it should properly be placed there. Of course, as matters stand, this city may well supply the site, for the sake of having this school, since that is one of the conditions.

The article re-printed from The Toronto Star in another column illustrates the extent to which the Whitney Government proposes to go in the application of the spoils policy. The Government procured a so-called investigation and dismissed Mr. Bastedo, an official of the Fisheries Department, for alleged politicianism in the discharge of his official duties. Yet the Government will have the same trouble with his successor, for the appointments or privileges in this department are made or issued upon the nomination or by the consent of the member of the riding supporting the Government. The truth is probably that Mr. Bastedo's place was wanted for some favourite of the party in power who would "be in sympathy" with the policy of the Government. That's the thing in a nutshell.

YOUR COLUMN

IS BUSINESS GROWING SLACKER IN THIS CITY?

According to a local business man business is slower in Peterborough at present than it has been for some years. He said the commercial slump was felt in almost every line of business and that the general purchasing this season has been away below par this year. He said merchants were offering bigger bargain inducements than ever and did not wonder that some objected to the Thursday half holiday.

THINKS COUNCIL SHOULD LET THE MATTER ALONE

"The council should go out and play marbles" cuttingly remarked a taxpayer this morning. "If they had let the cigarette by-law alone altogether they would have done much better" he added. "The fact that they have no jurisdiction over hotels makes action in passing the cigarette by-law of little value. The only remedy would be to stop the sale of cigarettes altogether and that's beyond the power of the city council In my opinion they had better get down to real business and quit puddling in inconsequential matters It is as clear as day that the cigarette by-law is only a source of annoyance to everyone concerned."

PUT PAPER IN THE BASKETS AND KEEP THE PARKS CLEAN

Notwithstanding the fact that wire waste paper baskets have been attached to a number of trees in Central and Victoria Parks, the grass is still littered with small and large pieces of paper. Citizens and visitors who use the parks as their dining rooms and places of comfort, should feel it their duty to keep the pretty spots in the city as decent as possible. Those who cannot read the signs "Put paper here", should at least be able to understand why the baskets are placed beneath and act accordingly.

DOESN'T BELIEVE IN MAKING THOSE SOCIETY GRANTS

"I don't believe in the city giving grants to societies of any nature" said a prominent citizen this morning. Under the cloak of advertising the city they ask for money and in my opinion are not in any way entitled to it. Let them arrange their own demonstrations and meetings. If every town and city in Canada would stand by this sentiment there would be less money foolishly spent. The proper way to advertise a place is to let outsiders know of the advantages it possesses in the way of manufacturing and industries, generally. What do those visitors who come here do to advertise the place? They do a little it is true, but they come purely for pleasure or lodge or society business and when they return say, "Oh, its a nice town" and that's all there's to it. The habit of spending money in this business of granting every organization that asks it, the people's good cash is absurd and I am glad to see the custom is more and more dying out."

THINKS ASSESSMENTS SHOULD BE MORE GENERALLY KNOWN

A ratepayer, in conversation with an Examiner reporter, advocated the publication of assessments. He said they should be published in pamphlet form and distributed throughout the city. He is of the opinion that he is assessed too highly for his property and says there are other people with more valuable property than his not assessed as highly as he is. He said it was only fair to every tax payer to know what his neighbour was paying.

PARK FREQENTER WANTS TO KNOW ABOUT HOT WATER

A gentlemen called at the Examiner to-day to inquire as to the arrangements with the Street Railway Company in reference to securing an agreement with the latter by which visitors to the park were to be supplied with hot water free. He stated that at the present time one of the householders, living near the park was selling hot water at 5 cents a quart, which the picnicers were glad to pay to get the water. He was informed that the condition upon which the Company was to supply the water, viz: That the city should pay $100 towards the cost of wiring the park for lights, was not met, consequently there was no obligation on the part of the Company to supply the water.

STILL NO ICE IN THE CITY DRINKING FOUNTAIN—WHY?

The citizens are asking the question to-day whether the ice trust or the city council is responsible for the fact that there is still no ice in the city fountains." What on earth was it put there for, anyway?" said one man. "If they don't intend to use it?" It is certainly not ornamental and if the council won't see that it is made useful, it might as well be sold for old iron. Meanwhile the people are doing their best to digest the lukewarm brand of half and half, that is provided at the fountains. There is even a kick that there is not enough of this stuff provided.

BUY YOUR GOODS EARLY ON SATURDAY AND AVOID THE BIG RUSH

Many of the "good" citizens of Peterborough are kicking about the way the Sabbath day is observed by a great number of the people. Yet these same persons, or at least a large percentage of them, delay the purchasing of their groceries and dry goods until ten and eleven o'clock on Saturday night so that the delivery waggon is heard pounding around the city streets until Sunday morning. These supposedly good people are preaching hard at the man who seeks a little pleasure on the seventh day—simply because he has none during the week—and yet they assist in keeping fatigued drivers from their beds of ease on Saturday night and Sunday morning and then kick because they were not around with the goods sooner.

A motto which would please driver, merchant, and purchaser, too, would be, "Get your goods early on Saturday and avoid the rush."

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Fine and decidedly warm. Friday—Moderate to fresh winds, fair and very warm, with local thunder storms.

No Ice Yet.

—July 19, 1906, no ice in the city fountain yet.

Belleville Excursion.

—To-morrow an excursion will be in the city from Belleville.

Shipping Hogs.

—Messrs. W. Stabler and Sons were at Lakefield yesterday shipping hogs.

Beaver in Port.

—The steamer Beaver arrived at port last night with a cargo from the lake ports.

Child's Coat Found.

—A child's cream coat with lace trimmed collar awaits an owner at Bountree's grocery store.

Strangers' Club.

—To-morrow the Y. M. C. A. Strangers' Fellowship Club will run an excursion to Clear Lake.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Mouth Organs.

—We have an organ for every mouth, all sizes. "Imperial and Ideal," Harmonicas. Excellent value. Come and try them. J. M. Greene Music Company, New Opera House Building. 6d11

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Talking Machines.

—Every day this week we will sell one talking machine. To-night we will sell one talking machine only at a reduction of five dollars off regular price; 161 Simcoe street. Free concert. 5d13

A New Barber Shop

—Mr. M. Pappas is contemplating the addition of a three-chair barber shop to his already large establishment. The shooting gallery will be done away with, and three more pool tables will be installed instead.

A Long Train.

—The largest train ever run over the Canadian division of the Pere Marquette passed through the other day. It consisted of 118 cars, loaded and empties, and was drawn by two locomotives.—St. Thomas Journal.

Hastings Methodist Excursion.

—Come with the Methodists of Hastings on their excursion to Stony Lakke on Friday. One of the best trips of the season is assured to all. Special train from Hastings arrives here about 8.40. Str. Stoney Lake carries the excursionists around the lakes from Lakefield. Tickets: adults, 70., children 35c. 2d14

Excursion To-morrow.

—To-morrow the union excursion of the A.O.U.W. and S.O.E. of Whitby from towns along the line of the G. T.R. from Whitby to Port Hope, will come to Peterborough. It is expected that about 1,000 persons will accompany the excursion.

Millions on Exhibition.

—The articles on exhibit at the Canadian National Exhibition, Toronto, last year were insured for $3,000,000, and were of an estimated value of twice that amount. This year both insurance and value is expected to be half as large again.

Books for Summer Reading.

—Hammock books, these or railway train books, or lakeshore books — or anything else summery you have a mind to call them. Light reading, but by good authors. Over one hundred titles. Paper bound, as low as five cents each, or 8 for 35 cents. Illustrated cover on heavy paper: 25 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

Shipping Brick.

—A carload of the Peterborough sandstone brick arrived in town yesterday. It is to be used in the new addition to Dr. Turner's fine block. The brick is a beautiful and very substantial article and will stnad more strain than any other kind.—Millbrook Mirror.

Both Have Grown.

—Mr. Harvey Watkins, press agent of the Barnum and Bailey Shows, which come here on August 9th, says that Peterborough has grown greatly since his visit with Barnum's in 1896. A naturally complementary remark is that the shows have also grown greatly in all their varied departments of popular entertainment.

Same in Peterborough.

—Will there ever be peace? Complaints still come to hand that the "undressed kid" is still in evidence during prohibited hours and that he is to be found at the iron bridge almost nightly, much to the annoyance of yachting and boating parties. Either through innocence or perversity, the lassits upon dispoiling himself unadorned, in many cases they swim up to the boats and sling to the railing. The police should gather in a few of the impudent "youngsters" that thus affront decency, and many of them are not very young either.—Lindsay Post.

Of Interest to Peterborough People.

Messrs. Ormond & Walsh are pleased to announce in The Examiner the sale of Huyler's Chocolates and Bon Bons at 80 cents per pound. Owing to the enormous demand for their goods in Canada the Huylers found it necessary to open a branch in Toronto for their manufacture, and as a result, those purchasing these celebrated chocolates will now be able to procure for 80 cents the same that previously cost $1.10 per pound. The saving is in the duty. Messrs. Ormond & Walsh are sole agents for Peterborough.

An Active Man.

—Mr. Jas. McLean, J.P., has passed the three score and ten mark, but last week he had his son, Mr. T. Walter McLean, sharpen his scythe, and the old gentleman went to work like a boy and cut two acres of hay in a day. Mr. McLean is of Scotch nationality, and to this and obeying the laws of nature, he attributes his vigorous health. We join with Mr. McLean's numerous friends in wishing him and Mrs. McLean many more happy years.—Omemee Mirror.

Barnum and Bailey's Show

Advance Car Arrived in the City Last Night.

Begins to look like a circus again! Last night car No. 1, of the Department of Publicity and Promotion, of the Barnum and Bailey Shows, the "Greatest Show on Earth," arrived in the city from Belleville, and today the staff of men accompanying the car are engaged in putting up what is about the best looking circus paper seen in this city for some time. Mr. Harvey L. Watkins, the advance agent of the show, is in charge of the car, and remarked upon the fact that since he was here last, in 1896, Peterborough had not only grown into a city, but it had developed into one of the best little cities he had ever seen.

The show, of course, is better than ever, and Peterborough people will no doubt come to this conclusion after seeing it, when it appears here on August 9th.

WILL GO ON TWO WEEK'S VACATION

Staff Captain and Mrs. McAmmond go to Fenelon Falls to-morrow for a two weeks' vacation, owing to the continued poor health of the latter. During their absence, Staff Captain McAmmond's place will be taken by Ensign Comstock.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 19. — Extreme dullness characterized the market today; what little movement there was tended towards improvement, and the prices on the whole showed fractional gain. The Amal- Copper dividend was the same as before and its announcement scarcely caused a ripple. Shorts were inclined to cover in the last half hour and prices gained a good fraction closing firm.

Last Drill Of 24th F. B. C. A.

Before Going to the Camp at Pettawawa Will be Held To-night.

The last drill of the 24th F.B.C.A., previous to going to camp at Pettawawa, will be held at the East City "Armouries" to-night at 7.30 o'clock, when the battery will be put through the gun-laying drill and possibly other field manoeuvres. All members of the battery contemplating going to the camp are requested to be on hand.

Major Young will have some pleasing information to divulge.

The names of those who will go to Pettawawa will be announced in to-morrow's issue.

The Style of Hair Worn

Is an important factor to produce a younger and refined face and a well shaped head to any lady or gentleman. Prof. Doremwond, who will be at the Oriental Hotel, Peterborough, Wednesday and Thursday, July 25 and 26, can demonstrate this to anyone calling on him at his show rooms. He has Ladies' and Gents' Wigs, Toupees, Bangs, Wavy and Plain Fronts, Switches in every length and shade, that he will gladly adjust on any Lady's head free of charge to prove this. Don't fail to see him. It is his only visit to Peterborough this summer. Call early 5d-13

Daring Horse Thief Was Chased Out Of The County

County Constable Cochrane Followed Him as Far as Trent Bridge—Stole Valuable Horse at Weston—Was Worth About $300—Owner is Still After the Thief.

County Constable Cochrane has been busy this week on the hunt for a horse thief, whose name is at present unknown to the authorities.

The horse belonged to a Mr. Neidham, of Toronto, a contractor, and was stolen at Weston. From there it was driven to Port Hope, about the 6th of July, and arrived in Peterborough on the 12th. Norwood, Havelock and the Cordova Mines were the next places visited.

The constable and Mr. Neidham followed the thief, getting traces of him at each of the above points, but were too far behind to catch him. From Cordova he was traced back to Havelock, and across the Trent Bridge, and from the latest reports which Mr. Cochrane could get was on the road to Stirling. Here he advised Mr. Neidham to co-operate with the Campbellford police, as he had got out of Peterborough county and therefore beyond his jurisdiction.

Mr. Cochrane has returned home, but he expects to hear of the capture of the robber in a few days.

The horse was a very valuable one and was worth in the neighbourhood of $300, so that the owner will make a big effort to run down the thief.

Shaffing And Skin Irritation

Your family doctor will explain to you, if you ask him, the mission of the pores of the skin, and will tell you of the dangers of using pore-clogging powders for the chafings and irritations to which babies are subject.

Any mother who has used Dr. Chase's Ointment for this purpose will tell you of how beautifully soft and smooth it has kept the skin, and of how quickly it has cured the chafing or irritation.

Especially during the teething period children are likely to suffer from eczema, and unless it is promptly checked there is danger of it spreading to other parts of the body and becoming chronic.

There is no rival to Dr. Chase's Ointment as a cure for baby eczema, as it is usually called, and it can be used with positive assurance that it will not injure the most delicate skin, but on the contrary will keep it soft and smooth.

Dr. Chase's Ointment is a necessity in every home where its merits are known, and is indispensable in the nursery: 60 cents a box at all dealers, or Edmanson, Bates & Co., Toronto.

Albert Sanderson's House Was Robbed

Former Peterborough Man, Now Living in Ottawa, Victim of a Robbery on Saturday--During Absence From Town a Thief Entered and Took $140.

The following Ottawa despatch refers to a former Peterborough boy who now lives in the capital:—

Another daring robbery was committed in the city Saturday evening. A purse containing $140 was stolen from a bureau drawer at the residence of Ald. A. E. Sanderson, 306 Gloucester street. The thief escaped without leaving any clue.

The money belonged to a young woman who has lived for three years with Mrs. Sanderson and she and the other people residing in the house had gone to Britannia for a car ride, leaving a little boy in charge. He ran off to play, however, before they returned and subsequently the money was found to have been stolen. All the doors were not locked and it is believed that some sneak thief, having awaited his opportunity, made his way into the house after the little boy had left, through the rear door. He was not seen by any of the neighbours, and consequently Detective Dicks, who took up the scent, was unable to learn anything of him. The police have been working hard on the thief, but are known to have little hope of arresting the guilty one. The robbery has caused a lot of excitement amongst residents of Gloucester and other streets in the vicinity and house-owners apparently do not take kindly to the idea of going out and leaving their homes unguarded while sneak thieves, whom the police are apparently unable to locate, are roaming round.

Mr. Burritt Elected As Grand Master

His Brother Masons Again Place Him at Head of the Order--Mr. Bounsell Elected D.D. G.M.--The Annual Meeting.

At the annual meeting of the Grand Lodge of Canada in the Province of Ontario, of the A. F. and A. M., held in Toronto, Mr. J. H. Burritt, K.C., brother of Mr. D. H. Burritt, of this city, was re-elected to the office of Grand Master for the comitg year.

The Grand Master, in his address, expressed his sense of the exalted position to which he has been called by the brethren, one that he considers has no superior among human societies.

Referring to the state of the craft, he was pleased to be able to report it as healthy. An increase in membership of 2,000, bringing the total membership to over 35,000, and in income of $1,336, making the revenue for the year ended May 31st, $34,377, be cited as instances of vitality, though the chronic delay in meeting dues invited notice. He recommended each worshipful master to give prominence to the matter during his term of office.

Mr. E. R. Bounsell, of Bowmanville, was elected D.D.G.M. for District No. 20, Otonabee.

Former Peterborough Rector In Trouble

His Congregation in Picton Resents Some Statements Made by Rev. W. L. Armitage--Tells Them That His Wife is Not to be at Their "Beck-and-Call"--His Marriage Causes Some Comment.

A despatch to the Toronto Globe, appearing in the issue of that paper of yesterday, will be read with considerable surprise by the people of Peterborough. Rev. W. L. Armitage, who is referred to in the despatch mentioned, was for some time rector of All Saints' church, Peterborough, remaining here until he left to go to Picton, where he was appointed vicar of St. Mary Magdalene church. Further interest is lent to the incident by reason of the fact that the Rev. J. J. Rae who is mentioned, is also a former Peterborough preacher, having been for a term pastor of the Charlotte street Methodist church here. The despatch follows:

Kingston, July 17. — A week ago last Sunday, Rev. W. L. Armitage, vicar of St. Mary Magdalene church, at Picton, announced to his congregation that he was going away for his holidays, and that his marriage would take place during that time. He went on to say that while he was amenable to the people indirectly, (Canon Loucks being still rector) his wife-to-be was amenable to him alone, and must not be at the beck and call of the parish. This very unusual proceeding on the part of the intending groom was made further remarkable, from the Anglican standpoint, by Mr. Armitage advising the congregation to apply to Rev Mr. Rae, pastor of the Stone Methodist church, for pastoral ministration in case of sickness or urgency. Ordinary visiting might be done by Rev. Mr. Seaborne, of Milford, or Rev. C. R. Depencier, of Wellington, both Anglican priests. The congregation is voicing its indignation audibly. Mr. Armitage has caused more comment by being married last week by a Methodist minister at Cobourg.

Story Refuted.

The Globe to-day has the following despatch in refutation of the story of yesterday:

Picton, July 18. — D. J. Parker and R. E. Wright, churchwardens of the Church of St. Mary Magdalene, have issued the following:

"There is no truth in the statement from Kingston that there is trouble in the church at Picton in reference to W. L. Armitage. Signed, R. E Wright, D. J. Parker, churchwardens."

To the Globe to-night Mr. Parker said the story was the work of some malicious person and the congregation was quite satisfied with the statement made from the pulpit regarding his marriage.

Preparations For The Grand Lodge Meeting

The Programme is Being Mapped Out—Grand Parade—Exhibition by Cantons and Visit to Lift Lock Among the Features.

The Grand Lodge Committee of the local Oddfellows made considerable progress in the arrangements for the Grand Lodge session at a meeting last night, but the completed programme will not be mapped out until the next meeting, when the billeting of the delegates weill be completed. The billeting committee is meeting with success in its efforts to secure accommodation for the visitors, and already a large number of people have been found willing to look after delegates, while the hotels will, of course, house a considerable proportion of the Oddfellows. The delegates to the Grand Lodge will number 700 or 800, while in addition there will be about one hundred representatives to the Rebecca Lodge, and at least that many with the Toronto Canton.

It was decided to have the Rebecca Lodge of Lady Oddfellows meet in the Oddfellows' Hall, on Tuesday, August 7th. The encampment will meet in the County Council chamber and the Grand Lodge itself in the court room.

Wednesday night will be marked by the biggest event of the meeting, at least from a public view point. There will be a grand parade of all the visiting delegates, as well as the members of the local lodges. The 57th Band and several other musical organizations will take part on the occasion. Over twelve hundred Oddfellows will be in line. On Wednesday evening also the cantons will put on the degree of chivalry, a ceremony that is decidely picturesque, and will, no doubt, be witnessed by a large crowd.

The steamer "Water Lily" has been engaged for Wednesday, August 8th and will make frequent trips over the lift lock for the benefit of the visitors.

No Salary For Water Commissioners This Year

Council Decided to Defer Taking Action in the Matter Although it Was Felt That the Commissioners Were Deserving of Remuneration.

At last night's meeting of the city council the following communication was received from the Peterborough Water Commissioners:

To the Mayor and Council:

The water commissioners find that a very considerable amount of their time has to be devoted to the many duties devolving on them and they respectfully request that you fix an allowance for their services under and as you are authorized to do, by the Wate Works Act.

Their duties and consequent responsibilities have grown at a great pace since the works were taken over and the rates reduced. In four years there has been an increase in the extent of the work and in the receipts of over 35 per cent.

Under the company's management a sum of $300 per annum was paid to the chairman and $100 to each of the four directors, in all $700 for their services.

The commissioners suggest that they be given authority to apply out of surplus receipts by them the sum of $500 for the purpose proposed, of which $250 to be given to the chairman, and $125 each to the other commissioners, commencing with this current year.

(Signed)
T. F. MATTHEWS,
W. H. HILL.
W. H. MOORE,
Commissioners.

Ald. Mason said that the Water Commissioners were doing a lot of hard work, and should receive consideration. He moved that the Commissioners be allowed the amount they asked for.

Ald. Hicks thought that the request was not unreasonable. The department was one that had been well balanced, and he seconded Ald. Mason's motion.

Ald. Ball moved in amendment that the question should be left to the last meeting of the year. The Water Commissioners had been elected without salary, and should serve this year without salary.

Ald. Mason said that the salary might take effect the first of next year.

Ald. Duncan also thought that the salary should begin next year.

Ald. McIntyre seconded Ald. Ball's amendment.

Ald. Hicks said that the Commissioners had volunteered to take charge of the department until it was established, when the water works were taken over. He thought the Commissioners should receive the salary at once.

Mayor Best said the Commissioners were entitled to consideration.

Ald. Johnston said that the water works department had been conducted in a most creditable manner, and had given satisfaction to every one. He would like to see the time when other civic affairs would be left in the hands of a commission.

Ald. Elliott also supported the idea of giving the salary at once. The department had been well managed. He thought that the Board of Works should receive a salary as well, as they did an immense amount of work.

Ald. Ball did not think it was a good policy for the commissioners to wait until the last half of the year to ask for salary for the first half.

Ald. Ball's motion was carried on the following vote:

Yeas — Ald. Ball, Duncan, Graham, Wilson, McIntyre.

Nays — Ald. Johnston, Hicks, Elliott, Mason.

Aftermath Of Bethune Street Flood Now Appears

Property Owners in the Neighbourhood Claim Damages—Cellars Were Flooded and Much Inconvenience Caused.

As an aftermath of the flood caused recently by the Bethune street creek, the following communication, and claims for damages were read:

Gentlemen, — We the undersigned property owners on Bethune street, McDonel street and Aylmer street, petition your honourable body to take such prompt action as will prevent a repetition of the flooding of of our property by opening up the water course between Murray and McDonel streets on Bethune street, or by any other means that will prevent the destruction and damage caused by the blocking up of the above drain.

The following claims for damages were presented:

Thomas Sullivan, 264 Murray street garden and cellar flooded, damage $20.

I. Derocher, 260 Murray street, $10 damages.

W. H. Roberts, 498 Bethune street, garden and cellar flooded, damage $6.

Ellen Shehen, $5 damages.

S. A. McCaul, 501 Bethune street, water in cellar, $2.

J. W. Petro, 505 Bethune street, damages $3.

W. H. Bolton, 507 Bethune street, potatoes and fruit in cellar flooded, $3 damages.

Mrs. George Ritchie, 256 McDonel street, cellar flooded, $1 damage.

Geo. Sanderson, 254 McDonel street, cellar flooded.

John Sim, 243 McDonel street, $10 damages.

Jas. Stewart, 240 McDonel street, $40 damages.

Miss Foote, 248 McDonel street, $40 damages.

The matter was referred to the Board of Works.

WEDDING BELLS

MULLEN–STEPHENSON.

Norwood, July 18th. — A quiet but very pretty wedding was solemnized this morning at the home of Mr. W. H Stephenson, Queen street, when his youngest daughter, Jennie, became the bride of Mr. J. S. Mullen of Montreal, and of Rev. Mr. Mullen, of Fredericton, N.B.

The bride who was unattended, was given away by her father. She was daintily and becomingly attired in white organdie, and carried a bridal bouquet of white roses.

The wedding march was played by Mrs. B. W. Squire, sister of the bride, and the ceremony performed by Rev. Mr. Garbutt of Madoc, only the immediate friends of the family being present.

After partaking of a dainty dejeneur Mr. and Mrs. Mullen left on the noon train for Montreal and Quebec.

The bride's travelling dress was black silk with white trimming, and hat to match.

Mr. and Mrs. Mullen will reside in Montreal.

The Tabernacle's Annual Outing

To Jubilee Point Yesterday Was Greatly Enjoyed.

The annual outing of the congregation of Bethany Tabernacle yesterday to Jubilee Point, was a gratifying success. The weather was particularly favourable to the occasion and the result was that in every respect the outing was enjoyed. The steamer "Water Lily" which has been engaged for the occasion was well filled with the members of the Sunday School, their parents and friends. The jolly party left at 8.30 and after a pleasant sail down the river arrived at Jubilee Point at 11.30, where lunch baskets were opened and dinner partaken of.

During the afternoon a programme of sports was run off, for the winners in the various events of which, prizes were offered.

After a delightful afternoon at the point, the steamer, with her 700 passengers, left for home at 4.30, and reached port at 8.30, the trip home being enlivened with music of various kinds.

The committee in charge of the excursion was—Mr. Harry Stock, superintendent of the Sunday School; Mr Alf Johnston and the pastor, who elected themselves to give the children a good time and succeeded admirably, the outing being voted a success in every way.

HAVELOCK AFTER MORE POWER

The William Hamilton Manufacturing Company have the contract for putting in a new wheel at the power house, near Belmont Lake. More power is needed at Havelock, which is supplied from the power house there, so that the installation of an extra wheel was found necessary. Havelock is in complete darkness these nights while the work is being performed.

Former Belmont Resident Dead

Body of the Late William C. Sloan Brought to Norwood For Burial.

Examiner Special.

Norwood, July 19.—Miss Mitchell, of Hamilton, is a guest at the home of Mrs. W. McMillan, King street.

Miss Nellie Davies, of Peterborough, is visiting Miss G. Sherry.

Mrs. Richard Nichol has gone to Stony Lake for a few weeks.

Miss Marjorie Williams, of Toronto, is visiting her cousin, Miss Marguerite Foster.

Mr. G. Duffield and family left on Tuesday for the lake, where they will spend the summer.

Mr. D. Ball spent a few days in Stayner this week.

Mr. Trevor Grover, of Toronto, is visiting his father, Mr. T. Grover.

Miss Nellie Davidson has gone to Trent Bridge to spend a few days with her sister, Mrs. A. Anderson, of Keene, who is camping there for the season.

Mr. Fred B. Hendren left on Thursday morning for Winnipeg.

A number of our young men drove over to Hastings on Wednesday afternoon to play a friendly game of baseball with the team of that place.

The body of the late Wm. C. Sloane, of Duluth, was brought here for interment on the noon train Wednesday, and was accompanied by three brothers and two sisters. Mr. Sloane was about seventy years of age and was a former resident of Belmont. He had many friends and relatives in this vicinity. The cause of his death was spinal trouble. The funeral will take place on Thursday afternoon at 2.30, from C. J. Seawright's undertaking rooms, Peterborough street.

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Peterborough,
July 17, 1906.

Dear Sir,—The cigarette and tobacco meddling brigade in the council should turn their attention to better account. Tobacco is already taxed about 50 per cent. by the Canadian Government and the law forbids selling to minors and is generally observed. The tobacco stores no doubt would be willing to pay something for a monopoly, but where is the necessity?

P. S.—Government tax comes out of pockets of consumers. Wouldn't city rake off do likewise?

HORSE SENSE.

Peterborough,
July 18th, 1906.

Dear Sir,—A word as to the conduct of rowdy youngsters at Jackson Park. These juvenile roughs congregate in front of the canvas amongst ladies and children and run, wrestle, tumble fight, swear, and use indecent language. If a man were to take to chastise one of these young villains, he is sworn at and threatened with police court proceedings and probably fined for doing the public a great favour. The policeman? Oh, he is taking life quietly in another part of the park. Couldn't this nuisance be stamped out?

DISGUSTED.

Editor Post Card Column:

Dear Sir,—May I be allowed to inquire as to where the License Inspector's office is, or whether he has one at all or not? People do not know where to look for that official.

Yours etc.,

ANXIOUS.

The Log Drives Are Decreasing

Number Passing Down the Moira River Fewer Each Year.

The Belleville Ontario says: The last of this season's drive of logs have passed through the gap and in a day or two the last of them will have been taken to Deseronto. Owing to the scarcity of timber the amount coming down this river is decreasing every year, although considerable is brought down by train. Last year there were 93,55[illegible] pieces, and this year there were 92,780 pieces, a decrease of 768 pieces. Last year the amount of toll collected was $398.31, and this year the amount was $385.37, a decrease of $12.94. Mr. H. Carre was the efficient tally clerk.

Colonial Weaving Co. Want Assessment At $4000

Communication to This Effect Received at Council Meeting —Manufacturers' Committee Will Deal With the Matter.

The Canadian Weaving Company difficulty, came up at last night's meeting of the council, and was, after some difficulty, referred to the Manufacturers' Committee.

The following communication was received from the company":

Gentlemen, — Under assessment notice served us, we are assessed for the sum of $5600. You will no doubt remember that under the arrangement made with your honourable body our assessment was to be fixed at the sum of $4000. We will thank you therefore to see that matters are so arranged that our assessment will be for $4000 only.

Ald. Elliott thought that the council should deal with the matter. An agreement had been entered into with the company which had been repudiated. He thought that if an assessment was fixed for an industry, and then repudiated a year after, it was not much encouragement to manufacturers.

It was moved by Ald. Hicks, seconded by Ald. Mason, that the matter of the assessment of the Colonial Weaving Company should be referred to the Manufacturers Committee.

Ald. Hicks in making the motion, said that the company were contemplating an increase to their works.

First Form, Collegiate Institute—Miss Josephine Gordon.

Fourth Book Classes — Miss May Grady, Convent.

Third Book Classes—Miss Veronica Carveth, Convent.

McDonald Drive Expected Soon

Scow Load of Hardwood Logs Arrived Last Night.

The steam punt St. Charles arrived yesterday evening from Stony Lake with a scow load of maple and oak logs for the A. McDonald Lumbering Company. This is the boat's first trip in this season, having been busy to date handling the company's logs, which are expected here in about three weeks' time, being in charge of Mr. P. McGrath, foreman. The St. Charles is in charge of Captain Copperthwaite and Engineer "Doc" Harris.

Timothy Hay For The Cutting

A Good Crop Ready for the Scythe on the Market Square.

A good crop of hay might be cut off the market square just now by any enterprising horse owner, who, at the same time, wants to teach economy. The timothy around the platforms has grown over two feet and casts a shaggy appearance over the market. Market Clerk Lee says that any person may have the fodder for the cutting, and the early bird will catch the worm.

OBITUARY.

MISS MAGGIE FOBERT.

The numerous friends of the family of Mr. L. G. Fobert, Bridgenorth, will learn with deep regret of the death of his second daughter, Miss Maggie, who died at St. Joseph's Hospital this morning at 4 o'clock. The cause of death was heart failure. Miss Febert had suffered from an affection of the heart for about two years, but her condition steadily growing more unsatisfactory she was removed about two weeks ago to the hospital. Though death was imminent at any time it came unexpectedly, she having been able to converse with her father, who had visited the hospital at 10 o'clock the previous evening. The deceased lady, who was 35 years of age, was a music teacher and skilful musician, with many other accomplishments and an amiable disposition which made here much beloved in the home circle, and highly esteemed by her many friends. She was musically educated at Loretta Abbey, Lindsay, and Convent Congregation de Notre Dame, Peterborough. She taught music with great success in Michigan for two years, but her health failing she returned home, where so great was her love of her profession and so great her ambition that she continued to teach music up to the time she was admitted to the hospital. Her death is the first adult death in the family, which consists besides the parents, of two brothers, Messrs. William A., of Alexandria Bay, N. Y., and Gabriel Alphonse, Detroit, and two sisters, Miss Clotilda, of Detroit, and Mrs. J. S. Sullivan, of Owosso, Michigan. The latter are expected home for the funeral which takes place from the family residence, Bridgenorth, on Saturday, July 21st, Ointerment taking place at Young's Point.

DISCRIMINATING LADIES

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later, baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

BAPTISTS GO DOWN THE OTONABEE

The steamer "Water Lily" and barge carried a large number down the Otonabee to-day on the Park Street Baptist excursion. The boat left the Wolfe street wharf about 8.20, with a big crowd on board. At the street railway wharf it was augmented by many more. The excursionists spent the day at the Jubilee Point summer resort, where a number of sports were run off.

PERSONAL MENTION

Those going on a holiday, or having friends visiting them in the city, would do the Examiner a favour by dropping a post card to this office containing the news, or telephoning the information to the editorial rooms. Telephone, Bell, 234; Machine, 57.

Mr. and Mrs. J. F. Ray, of Washington, D.C., was in the city yesterday, en route to the Kawartha Lakes.

Mrs. Henry Barnes and Miss Barnes of Cleveland, O., were in the city last night on their way to Stony Lake.

Mr. Gerald Rackham left last night for Montreal and will sail from there to-day for a three months' visit to England and the continent.

Mrs. C. Zavitz, of the Ontario Agricultural College, Guelph, is in the city, the guest of Mrs. (Rev.) Wm. Major, of All Saints' rectory.

Mr. G. H. Buck, Miss Buck, Miss Una Duffield and Miss Aggie Little went up to the lakes yesterday on Mr. Buck's yacht, the Maida Vale.

Miss May Fee is visiting friends in Peterborough.....Mr. T. W. R. Black, of the Bank of Toronto, Peterborough, spent Sunday in town.—Omemee Mirror.

Mr. I. N. Kendall, representative of the William Hamilton Manufacturing Co., went east to Three Rivers, Que., to-day on the noon C.P.R. express.

Mr. Robert Fair, Miss Eillan Fair, of Peterborough, and Miss Ada Fair, of Millbrook, are spending a few days on a fishing trip at Burleigh and Buckhorn.

Mr. and Mrs. T. G. Ranton and child of Rochester N.Y., are in the city visiting Mrs. Ranton's parents, Mr. and Mrs. Jas. Sutherland, George street.

Mrs. William Seeney of Parry Sound, is visiting her brother, Mr. George Dartnell, Auburn. This is Mrs. Seeney's first visit to Peterborough, for 25 years.

Mr. William Smith, Dickson street, who has been at Stony Lake for the past two weeks, is in the city today on business and leaves for the Lakes again to-morrow.

The many friends of Mr. A. M. Regan, the well known clerk of the Hotel National, will regret to hear that he was taken suddenly ill last night and for some time was in a very serious condition. He is greatly improved to-day, which will be welcome news.

The Misses Hurley, Peterborough, are visiting their sister, Mrs. (Dr.) Coughlan.....Mrs. L. C. Howdry, Peterborough, is the guest of Mrs. H. Lambert.....Mrs. E. Parsons, Peterborough, is the guest of Mrs. A. P. Parsons.....Miss G. Clarry, Millbrook, is visiting her brother, Mr. L. F. Clarry.—Hastings Star.

Mr. Fred. English, of the Postoffice Department, Ottawa, with his wife and little son, spent a short time yesterday with Mr. Gabriel Learmonth, Stewart street. Mr. English is spending his holidays at Keene and renewing old acquaintances in this city. He expressed himself as very much surprised at the rapid growth of Peterborough.

Mr. Wm. Johnston, Rochester, N.Y., formerly a resident of this city, on Weller street, left for home after a pleasant visit with friends here. Mr. Edward Clarke, (the major) the veteran, and well-known caterer for the Albany Club, accompanied Mr. Johnston, whose guest he will be, also making a short visit with his daughter, who is residing in Rochester. Mr. Clarke's visit will extend over several days.

Mrs. Reginald Turner gave her post-nuptial reception yesterday afternoon and evening at her charming cosy home, Gilmour street. A large number of the friends of Mrs. Turner took advantage of the opportunity of being present. The house was most tastefully decorated for the occasion, the floral features being palms and carnations. Mrs. Chris. Graham, gowned in myosotis blue, poured tea, assisted by the Misses Garrow, sisters of the hostess, attired in cadet blue.

Brass Thieves Were Arrested

P. C. Newell Rounded up the Three Youths Yesterday.

The three youths who unlawfully took the brass connections from Mr. R. B. Roger's yacht "Victoria," the other day were arrested yesterday afternoon by P. C. Newell, but not before they had disposed of the stolen goods by throwing them into the Little Lake.

P. C. Newell went over to East City yesterday and after making a few enquiries found one of the boys. The others were soon rounded up and admitted their crime. They were apparently afraid that their deed would be discovered if they disposed of the brass in another manner.

Mr. Rogers left the city this morning and will not return for a few days, so that the case was let stand until his return.

It was not the value of the brass which has caused the great inconvenience, but similar connections cannot be purchased in Peterborough. The yacht, there, cannot be utilised until these are procured.

Knocked Down By a Bicyclist

Young Lady Injured on Bethune Street Last Night.

Complaints have reached this office of the practice of bicyclists who persist in scorching on Bethune street at 12 and 6 o'clock, and last night an accident, which resulted seriously to a young lady who was run into by a scorcher, resulted. She was knocked down by a man coming from work in the south end of the city, while crossing Bethune street, and had a finger broken, in addition to sustaining other injuries.

WILL TAKE HIS FAMILY OUT WEST

Mr. Harry Smith, formerly in the employ of the Canadian General Electric Co., who left for the West a short time ago to reside, came in today on the noon C.P.R. train to make arrangements for removing his family to their new home, and intends leaving in about 10 days. Mr. Smith cannot say too much in praise of the West.

He is engaged in the hardware business and is located at Didsbury, Alta. Mr. Smith reports that the former Peterborough boys residing in his district are all well and doing well.

Are Following Examples Set By Japanese

Salvadoreans, Rich and Poor Alike Serve in Army.

FIGHT BEFORE ARMISTICE

Guatemalan Troops Desperately Attack the Salvadorean Positions by Way of Metapan — Artillery Cannonade Failed to Dislodge the Enemy and Infantry Were Repulsed — A Triumph For Salvadoreans.

San Salvador, July 17.—(Delayed in transmission.)—Shortly before the armistice was agreed to, over 10,000 Guatemalan soldiers made a desperate attack on the Salvadorean positions, by way of Metapan. The Guatemalan artillery, stationed on high plains fronting the Salvadorean positions, cannonaded the latter unceasingly, though the bad quality of the shells and the poor aim of the artillerymen resulted in the Salvadorean forces escaping without many casualties.

At about 3 p. m., in the midst of a torrential rain, the Guatemalans' fire increased all along the line, and the Guatemalan infantry attacked the Salvadoreans in close columns, endeavoring to dislodge them from the positions held by Gen. Tercero and Col. Hernandes Artega. The battle lasted ten hours, and eventually resulted in a triumph for the Salvadorean army.

Patriotic Spirit.

Never in the history of any country has there been such a patriotic spirit shown as in Salvador at the present time. Rich and poor are serving alike, as was shown in the engagement yesterday. In one of the engagements, Adalberto Guirola, son of the millionaire, Angel Guirola, lost his life. He was a graduate of West Point, and when the war broke out enlisted, with thousands of his countrymen. He was about 30 years of age, and worth half a million dollars in his own right. This is not the only case of rich men enlisting. There are members of almost every rich family in Salvador now at the front.

Peace Commissioners.

The peace commissioners of Salvador are Dr. J. R. Pacus and Senor Gallegas. They will go on board the U. S. cruiser Marblehead at Acajutla, tomorrow, with the commissioners of Honduras, and proceed to San Jose, Guatemala, where the other commissioners will be taken on board, and the party will put to sea and draw up and sign the treaty of peace.

Armistice in Effect.

Washington, July 19.—The armistice between the warring Central America Republics went into effect at 6 o'clock yesterday morning. Mr. Munoz, the Gautemalan Minister, called at the State Department yesterday and announced that he had been advised by his Government of the selection of three commissioners and a secretary to represent Guatemala at the peace conference. They will go to San Jose, Guatemala, in time to board the Marblehead, which is expected to reach there today.

EX-PRESIDENT LOUDON.

Board of Governors Fix His Allowance at $5,600 Per Annum.

Toronto, July 19.—At a meeting of the board of governors of the university, the annual retiring allowance for Dr. Loudon, ex-president, was fixed at $5,600, the amount of salary he has been receiving.

In the matter of securing a successor, it was stated that the special committee appointed will correspond with leading educationists in Britain and in America, for information and advice as to the choice of a man.

Follow Trail of Confetti.

Montreal, July 19.—The Glidden automobile tourists arrived at the Windsor Hotel yesterday morning. They left Hotel Champlain at about 7 o'clock, covering the distance of 72 miles uneventfully. They followed a trail of confetti. The invading party numbers about three hundred ardent motorists, with about seventy cars of various manufacture and design. This afternoon at 3 o'clock a civic reception will be tendered by the mayor and aldermen at the City Hall.

Grain Commission.

Ottawa, July 19.—The commission for which $10,000 was voted last session to enquire into the inspection and grading of wheat, is as follows: G. E. Goldie, Ontario; L. McNair, Manitoba, and John Millar, Saskatchewan. The secretary is J. R. Boyle, Alberta.

Earth Trembles in Texas.

Santa Fe, N. M., July 19.—Two more earthquake shocks occurred at Socorro yesterday morning. The shocks were felt distinctly as far south as El Paso, Texas, where Tuesday a street car was thrown from the track by the shock.

Diarrhoea, Dysentery, Stomach Cramps, Colic, Seasickness,

and all Summer Complaints are instantly cured by

The Rubicon Being Crossed By The Russians

Reactionary Idea of Russian Lower House Address.

EPIDEMIC OF ASSASSINATION

Russian Local Authorities and Police Terrorized by Uninterrupted Series of Murders and Conflicts — Situation "Hopeless" in the Province of Veroneesh—Peasants Are Rising and Burning Estates.

St. Petersburg, July 19.—The political barometer is again falling. The confusion which seems to have taken possession of the upper spheres since the efforts to form a coalition Ministry failed, coupled with the alarming reports from the interior and the attitude of Parliament, make almost anything possible. There has been a marked renewal of apprehension that the crisis may end in a coup d'etat against Parliament.

Big Plot to Kill.

The assassinations of Vice-Admiral Chouknin and Gen. Kozloff, the discovery that behind the murder of the general was a big plot to kill not only General Trepoff, but Prince Putiatin and other courtiers, and the general epidemic of assassination, which has terrorized not only the local authorities, but even the police, together with the wild destruction of property by the peasantry in half a dozen provinces during the last few days, have again strengthened the small part of the court which believes in resorting to "extreme measures."

Lever to Move Czar.

The adoption by the lower House of Parliament of an address to the country will, it is feared, place in the hands of the reactionists the needed lever to move His Majesty. M. Petrajitzki, vainly warned the lower House Tuesday of the seriousness of the proposed step, but the majority of the Constitutional Democrats, of which party he is a prominent member, seem to be convinced that they must hold the peasants at all hazards. The members of the extreme left seemed to court a fight, preaching open revolution from the rostrum. The Novoe Vremya, which often reflects the views of the court, says yesterday that the adoption by the lower House of an address to the country would go beyond the jurisdiction of Parliament, and virtually constitute an appeal from the Government to the people.

Would Cross the Rubicon.

The paper adds: "With its adoption Parliament would cross the Rubicon, abandon its professed policy of trying to restrain the country, and instead of pacifying it, deliberately pour oil on the flames."

Despatches from the interior continue to tell without interruption stories of the burning of manor houses, robberies murders, collisions between peasants and rural guards, and the hurried despatch of troops here and there. The centre of the peasants' uprising in their mania for the destruction of property do not discriminate between friends and enemies, as evidenced by the complete devastation of the estate of M. Kokoshkine, one of the most prominent Constitutional Democrats in the lower House.

Rising Everywhere.

The whole of the Province of Veroneesh is affected by excesses, arising from the agrarian movement. The peasants are rising everywhere and burning estates. In Bobrovsk district more than 20 estates have been burned and 200 head of cattle killed or carried off. In this vicinity 15 estates have been destroyed. Troops have been sent to the disturbed districts.

The Situation "Hopeless."

Yesterday's reports describe the situation in that province as "hopeless," from the standpoint of the landlords. The situation is almost as bad in Poltava and Smolensk Provinces. In Tambov Province, eighty peasants are reported to have been killed or wounded by dragoons.

Warned Colonel Floss.

It is reported that some of the soldiers of the Seminovsky Guard Regiment have served notice on their commander, Col. Minn, that they intend to kill him at the first opportunity for forcing them to murder their fellow-citizens during the Moscow revolt, and that Minn, in fear of his life, fled from the camp at Krasnoyesslo.

Body Under Snow Fences.

Montreal, July 19.—A gruesome discovery was made near Sherbrooke street in Park Lafontaine, yesterday, that of a man's body, in an advanced state of decomposition. It was under a pile of snow fences.

Guilty of Assault.

Belleville, July 19.—Edward Riley, a young English emigrant, residing near Bancroft, was found guilty of assault on Gusta McGregor of Bancroft, on July 12, and sentenced to two years and three months.

Congratulate Dreyfus.

Brussels, July 19.—The entire Liberal left in the Chamber of Deputies has united in a significant telegram to Major Dreyfus, felicitating him on the triumph of truth over intrigue.

Renewed For Four Years.

Ottawa, July 19.—The contract for the Canada West Indian Co. steamship service has been renewed with Pickford & Black of Halifax for a period of four years.

The Sensational Suicide of Dr. Bell At Windsor

Lady Physician Takes Dose of Cyanide of Potassium.

WAS SERIOUSLY ACCUSED

When Detective Went After Her For Performing a Fatal Criminal Operation on Mrs. Harry S. Morningstar She Swallowed the Poison After Eluding Him by Plea of Sudden Illness — An Ontario Girl.

Windsor, July 19.—Rather than be locked up and, in all probability sent to prison for a long term on the charge of causing the death of Mrs. Mabel Morningstar, aged 19 years, through a criminal operation, Dr. Marguerite S. Bell, aged 45, a native of Morpeth, Ont., evaded Detective Seymour long enough to swallow a dose of cyanide of potassium, from the effects of which she died almost instantaneously at 3 o'clock yesterday afternoon.

Dr. Bell's office was at 60 Clifford street, and it was there that Mrs. Morningstar, wife of Henry Morningstar, superintendent of the Essex Brass Works, Detroit, first met her Sunday morning. Dr. R. D. Hensel was called to the Morningstar home, but on learning the facts refused to treat the dying woman unless another physician was summoned. So Dr. Willard Cheney was sent for. They attended her until her death.

After Dr. Hensel notified Coroner Paret, the latter conferred with the prosecuting attorney and a stenographer and Detective Seymour went to Dr. Bell's office. There, such admissions were secured that satisfied the authorities that the doctor could be convicted on the charge of manslaughter, and her arrest was decided upon.

Left alone with the detective, Dr. Bell complained of feeling ill. She entered the bathroom and turned on the water, but when she walked back into the dining room her lips were stained with poison, and she drank some olive oil, as if to wash the poison down, before the officer could reach her. Shortly afterwards she died.

Dr. Marguerite Bell's past life is not unknown to the police. In more than one suspicious operation her name has been painfully prominent, and only her own cunning and her clients' fears of exposure have kept her from the hands of the authorities.

Dr. Marguerite Bell was a school teacher in Morpeth, Ont., up to 18 years ago, when she began the study of medicine in the Herring Homeopathic College in Chicago. She made a specialty of the diseases of women during her stay in Detroit, and was examiner for insurance fraternities. She was often the subject of suspicion.

CANADA SEALING PARTNER.

To Be Paid 25 Per Cent. of Gross Receipts of Pribyloff Seals.

Victoria, B. C., July 19.—It is stated by local sealers that one of the conditions of the proposed sealing treaty, reported almost concluded at Washington, for a cessation of pelagic sealing, will be that Canada is to have a proprietory right in the Pribyloff seal herds to the extent that Canada will be paid 25 per cent. of the gross receipts of the rookeries.

Doctor Dies of Drug Overdose.

Toronto, July 19.—From an overdose of morphine, his addiction to which had nearly proved fatal several times, Dr. William A. McIntosh, son of Allan McIntosh, 120 Huron street, and honor graduate of Trinity University, died at the Western Hospital yesterday. He returned home three months ago from Bear Creek, Minnesota, where he had built up a large practice, for a rest before opening an office in Cleveland, O., to-day. He had purchased tickets for himself, wife and infant daughter, and was to leave on the afternoon boat. Before noon his mother discovered him sitting unconscious in the parlor. She telephoned for Dr. Carveth, who hurried him to the Western Hospital, where all efforts were made to save him, without success. He was 39 years of age.

20 Bullseyes Out of 21 Shots.

Toronto, July 16.—Staff Sergt. J. H. Simpson of the Royal Grenadiers established a marksmanship record at the Long Branch ranges Saturday, that will probably stand for a long time to come. He scored 104 points out of a possible 105, at 200, 500 and 600 yards, only missing the bullseye once out of 21 shots, and then putting on a fine "outer."

VARICOCELE NERVOUS DEBILITY CURED.

No Names Used Without Written Consent.

If you have transgressed against the laws of nature, you must suffer. Self abuse, later excesses and private diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. E. A. Sidney, of Toledo, says: "At the age of 14, I learned a bad habit and at 19 contracted a serious disease. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The drains ceased, wormy veins disappeared, nerves grew stronger, hair stopped falling out, urine became clear and my sexual organs vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."

We Treat and Cure Syphilis, Gleet, Varicocele, Emissions, Stricture, Unnatural Discharges, Seminal Weakness, Kidney and Bladder Diseases.

Synopsis Of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

Chicago Wants To See Good Lacrosse

And Peterborough Team May Go and Show It To The Enthusiasts There--Trip to Windy City a Probability for Middle of August.

The Peterborough lacrosse team will in all probability take a trip to Chicago about the middle of August. Mr. R. M. Glover returned last night from the "Windy City," where he was making preliminary arrangements for the trip of the team. The two senior lacrosse teams in that city, the Calumets and Chicagos, are both enthusiastic over the prospects of having the Peterborough team there for a couple of games, and arrangements were practically completed by which the two teams there will pool the expenses of taking the local team there, and also the receipts of the two games, one with each team.

Mr. Glover was out for a practice with the Calumets on Monday evening, and was warmly welcomed by the members of the team, of which Mr. Percy Rubidge, an old Peterborough lacrosse player, is captain. While there, he met a number of former Peterborough boys, among them James Sheehy, Bert Dolan, Herb. King, and a number of others who were delighted to learn that there was a prospect of seeing the Peterborough team in Chicago, and they promised that if they came there would be a bumper crowd out to welcome them. There are thousands of Canadians in Chicago who would like to see an all-Canadian team of lacrosse players against the Chicago teams. The Canadian game is gaining a good foothold in that city, and the people turn out well to see the contests, from 2,500 to 3,000 spectators being present at the majority of the games.

The captains of the two Chicago teams are taking the matter of the trip up, and it is probable that there will be something definite in a few days.

Good Sport Enjoyed At Y.M.C.A. Boys' Camp

The "Scribe" Sends Another Newsy Letter From Clear Lake--New Features of the Outing--Baseball League Getting Warm.

Y. M. C. A. Camp, July 17.—Our Y.M.C.A. Camp goes merrily on and our enjoyment increases with the too rapidly-passing days. There are so many varied features in the programme this year that the leader announced to-day his doubt at being able to get all the events in.

Our numbers were increased yesterday by the arrival of Mr. McCann and the return of "Judge" Patterson and Howard Outram.

The baseball league had two games yesterday and the playing was fine. The Capitals won the first game, Jimmy Klynsigan having struck the first ball. The Tecumsehs won the evening game, the scores in each case being close, showing that the teams had been well balanced up in the choosing.

Last night there was heaps of fun at the mock trial, when Judge Patterson disposed of a number of serious cases. A group were charged with perjury, arising out of a fish story. Another was charged with eating hay. Each was well defended. A party of ladies were present from the Rogers' Camp.

George Martin, K.C., was prosecuting attorney, and Messrs. Manning and McClennan for the defence.

The boys are not getting up as early as they did at the start —the fellows from No. 3 all marched in to breakfast this morning in evening dress.

The boys are counting big on the Fellowship Club excursion on the 20th, and if all their relatives do not take it in there will be a sad time. Other people's relatives are expected, too, as far as the boat will accommodate the crowd.

We go to-night to Mr. R. B. Rogers' camp, where we will all be entertained for the evening.

The Scribe.

City Ball League Is Advocated

Three Teams Said to be Willing to Enter Such an Organization.

The forming of a city baseball league is being advocated at present, and it is said that three teams, the Shamrocks, Charlotte Street Guild and C. G. E. would be willing to enter. The proposal looks feasible on the surface and would fill a gap in sporting circles. Fans are complaining that there is nothing doing on Saturday afternoons. The proposed league would remedy this state of affairs by providing a fast article of baseball. Those behind the scheme say that it will be a success.

BOWLING

The games played last night resulted as follows:—

C. Wood		E V Davey	
R Wescott		J Wiley	
A Weddell		W Robinson	
R Cotterell, 12.		S Sharpe, 15.	
A R Kidd		D Davidson	
W O'Brien		J W Green	
W. Dayman		W M Lang	
Dr. McClelland, 11.		D Kennaghan, 18	
W H Isaac		A Talbot	
A Dover		A Belleghem	
G K Martin		D Belleghem	
G H Giroux, 22.		Thos. Pratt, 11.	

Schedule for this evening will be:—

Weddell versus McIlroy.
Johnston versus Talbot.
McIntyre versus Kerr.
Pratt versus Belleghem.
Thompson versus Martin.
Fitzgerald versus Runnels.

Loch versus Matthews.
Moore versus McKinnon.
McClelland versus Ferguson.
Giroux versus Medd.

BASEBALL

The rumor that the Norwood Trent Valley League team had disbanded is untrue. Yesterday they went to Hastings and trimmed that team by 6 runs to 4 in a league game. Norwood had only three of their senior men playing, the others being members of the junior team. The battery was Weldon, pitcher and Lang, catcher.

* * * *

The Shamrocks will practice to-night at the Murray street grounds at seven o'clock. The following are asked to be on hand:—Parnell, Quinlan, Fitzpatrick, Callaghan, Cahill Treanor, Craig, Derocher, Doherty, and Greene.

LACROSSE

The Port Hope Guide says:—The Ontarios and the Shamrocks, of Peterborough, will play a league game Saturday afternoon. To make a tie in this district it is necessary for the locals to win this game and they have been greatly strengthened for the game.

Muriel Wilkes Got The Money

Defeated Harry Direct at Cobourg Yesterday Afternoon.

Muriel Wilkes, driven by Timlin, beat Harry Direct, in Cobourg, yesterday in their matched race for $200 a side. A delegation of twenty from this city went down in the Chemong *auto* bus, returning at 12 o'clock last night. The heats were well contested, Harry Direct winning the first in the best time made, 2.17 3-4. The next three went to Muriel Wilkes in $13 1-4, 24, and 25. The track was in good condition and the event was witnessed by a good sized crowd. In spite of the apparent interest in the race, the betting was by no means lively and very little money changed hands.

Tim Alert, That's The Horse's Name

Mr. H. O. Cook's Latest Purchase—Tears Off Mile In .23¼.

The horse Mr. H. A. Cooke purchased recently and that bears a strong resemblance to Kingmore, is Tim Alert .23 1-4. Mr. Cook bought the horse from Waggie of Detroit and will drive him at race meets. He is a likely looking stepper and said to go good over dirt. He has never been tried out on the ice.

TURF.

Harry Direct showed a splendid burst of speed in the first heat at Cobourg, yesterday, but evidently hadn't the steam.

BIG NEW BARN HAS BEEN COMPLETED

The new barn of Albert J. Whetung at Indian Village is finished. It is 52 feet by 32 feet with a stone foundation built by Jas. Garvey of Ennismore. The framework was built by Philip English, and a hayfork was placed in position by John Johnson of Peterborough. People from South Harvey, North Smith, and Ennismore assisted in the barn raising.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of Itching, Bleeding and Protruding Piles. See testimonials in the press or ask your neighbors about it. You can buy it and seek your money back if not satisfied. 60c. at all dealers or EDMANSON, BATES & Co., Toronto.

Cigarette By-law Still Remains In Force In City

Lively Debate at Last Night's Meeting of Council—"Dream of a Visionary Reformer," Was Mr. O'Connell's Comment.

After undergoing strenuous treatment for over an hour last night at the hands of the city council Ald. Ball's cigarette by-law still remains in force. It was assailed by Ald. Mason, Hicks and Elliott and by the mayor, while a delegation of tobacconists, with Mr. D. O'Connel as spokesman, were on hand to support a petition for the repeal of the by-law.

The debate that followed was edifying and at times was most vigorous. Ald. Ball said that the tobacconists wanted to sell dope and poison and spoke of the tobacco trade as being a side line with grocers, barbers and gamblers. Mr. O'Connel characterized the by-law as "the dream of a visionary reformer whose efforts to reform people only resulted in bringing ridicule upon himself." Ald. Elliott and Hicks were in favour of placing a license fee of $100 on cigarettes, which would prevent small grocery stores from handling them. Then Ald. Johnston wanted $50 license. Ald. Mason proposed to license the sale of all tobaccos at $200. Ald. Ball wanted $200 on cigarettes or nothing. The mayor thought the by-law should be repealed. Out of all these plans one motion alone was put, that of Ald. Elliott, to place the license fee at $10. This was defeated by a two to one vote. Both sides retreated in good order after a long discussion without coming to any other decision on the matter. The by-law will thus stand until the next meeting at any rate.

There were present Mayor Best, Ald. Johnston, Hicks, Mason, Elliott, Graham, Ball, Duncan, Wilson and McIntyre. The tobacconists were represented by Messrs. T. W. McDonough, W. E. Talbot and Wm. Rundle.

Dealers Arguments.

Mr. O'Connel, their solicitor, was the first to address the meeting.

He said that there was a petition before the council, signed by eight or nine dealers, who were among the substantial citizens of the city. They objected to be unjustly discriminated against, especally when the by-law did not serve its purpose. The object was to prevent youths from getting cigarettes. The ways for getting cigarettes were too many for the by-law to be any use. Young men could obtain tobacco as usual. The dealers were carrying on a legitimate and upright business. There were many men who wanted cigarettes in the city beside the boys. The fact remained that people could procure cigarettes in the hotels. The promise had been made that the hotel men would cease, which promise was absurd. Hotels have to carry cigarettes for the benefit of their customers. It was said that the license inspector here intimated to hotel keepers that they should stop selling. They would not submit to such petty tyranny on the part of the license inspector.

Brought Boys into Barroom.

The by-law produced a monopoly of the cigarette business in the hotels. It had the effect of bringing young men into bar-rooms. The real object of the by-law was that it would prevent small grocery stores from selling cigarettes. If young men had been obtaining cigarettes from men it would be more consistent to license all tobacco commodities to $100 instead of cigarettes alone, which would drive the trade into legitimate lines. The cigar dealers were heavy taxpayers and good citizens, and were entitled to consideration. During the time it has been in force the by-law has injured their trade.

License all Tobaccos.

Ald. Mason said that the by-law introduced by Ald. Ball was a desirable one. It has turned out that that the by-law did not result as was expected. The by-law might be amended, as suggested by Mr. O'Connel. He would suggest that the by-law be amended to include cigars, cigarettes and all forms of tobacco. This would be better than the original by-law.

Ald. Hicks said that when the by-law came up at first he had been in favour of placing a small license fee on cigarettes which would cut off the corner groceries. He did not think it would be fair to the groceries to license the sale of all tobaccos.

Ald. Elliott said that when the by-law passed he thought it was prohibitive. The hotels had not stopped selling them. He did not think it fair to license all tobaccos. Unless the cigarette by-law was prohibitive he would not be in favour of repealing it altogether.

Makes His Own Cigarettes.

Ald. Johnston said that the small boy made his own cigarettes and asked if it were possible to prohibit that state of affairs. It was a hard question to deal with by the municipality.

The Father of the By-law.

Ald. Ball was heard from, in a vigorous speech. He said that the by-law stood on the minutes some time before passing. He defied any man to say the by-law was a defective measure. He had not seen a boy near his place with a cigarette in his mouth for two weeks, whereas as before this was the case with every second one. The deputation did not represent the tobacco trade of Peterborough. If any reason could be shown to repeal the by-law he was ready to go ahead with it. His veracity had been questioned by members of the council. He had been assured by Messrs. Brooks and Hountree, of the License Victuallers' Association, that only three hotels would handle cigarettes. The tobacco business was a side line with the barbers, grocery stores and with the gamblers. No man had a right to sell anything. It was a privilege. As far as the hotels were concerned the council had nothing to do. "Their time will come." The by-law had carried out the purpose of the framer. Cigar men had told him that they were glad the by-law was in force; that there was nothing in cigarettes.

Dreams of Visionary Reformer.

Mr. O'Connel said that the dealers he represented hotly resented the remarks of Ald. Ball. They were dealing within their rights and were not gamblers. The by-law is nothing less than the dream of a visionary reformer, whose efforts to reform people did nothing but bring ridicule on himself, said Mr. O'Connel.

Ald. Elliott was the first to begin the attack in earnest on the by-law. He moved that the by-law be amended by striking out $200 and inserting $10 as license. This would keep grocery stores from handling cigarettes.

Ald. Duncan expressed himself as being not in favour of shutting off the sale of tobacco from the corner grocery store.

Ald. Wilson and Graham both stated that the by-law should be allowed to stand as it is or else thrown out altogether.

Ald. Johnston thought that a fee of $50 would answer all purposes.

Ald. Elliott's motion was then put and was lost by the following vote:

Yeas—Ald. Elliott, Hicks, Mason.

Nays—Ald. Ball, Duncan, Wilson, Graham, McIntyre and Johnston.

Ald. Mason moved the first reading of a by-law to repeal the cigarette by-law but got no seconder. Ald. Wilson moved an adjournment, which was carried and the meeting was over, with no settlement arrived at.

"Eddie" Carr Gets A 16-Pounder

Meets With Good Luck Fishing at Young's Point.

Mr. Ed. Carr, of the office staff of the American Cereal Co., has been distinguishing himself at Young's Point, where he is spending his holidays. Yesterday he was fishing and hooked a 16-pound 'lunge, which, after some difficulty, and with the assistance of Mr. H. Roddy, he landed.

Bandsman W. Boorman Weds Miss Maud Fromm

Another Hallejuah Wedding at S. A. Barracks—Popular Young Couple Wedded by Staff Captain McAmmond—Congratulations Numerous and Hearty.

Hallelujah weddings are certainly a feature of matters in connection with the local corps of the Salvation Army, and last night another one of these popular events was solemnized at the barracks in the presence of a large number of spectators and guests. Bandsman Wesley Boorman was the lucky man, and Miss Maud Fromm, the bride. Both young people are active workers in the Army, the latter being treasurer of the Sunday school. They came from Tunbridge Wells, England, about two years ago, and there probably dawned the little romance that so happily culminated in their union last night. The meeting also took the form of a welcome to the corps cadets, who returned yesterday morning from a two weeks' trip to Eastern Ontario. A programme of much merit was rendered during the evening by the band and individual contributors.

Of course, the most interesting feature of the evening was the wedding itself, and the time for the tieing of the nuptial knot was awaited with much interest, and when it did arrive the audience greeted the contracting parties with much enthusiasm. Staff-Captain McAmmond officiated, and several members of the Army spoke words of cheer and encouragement to the newly-wedded couple. The father and mother of the groom, Mr. and Mrs. John Boorman, were on the platform. The band, in its usual commendable style, played the wedding march. The ceremony was performed under an arch of Union Jacks, relieved by white bunting and over this swung a large banner on which was written, "God Bless the Bride and Groom." Three large Union Jacks and a Stars and Stripes suspended from four pillars in the hall, also were part of the decorations in recognition of the occasion.

It is hardly necessary to describe in detail the hallelujah wedding ceremony, as it is familiar to readers of this paper through descriptions given in the report of previous events. Last night's ceremony was characterized by the general expression of good-will on the part of all who spoke, and the bride and groom were the recipients of many bouquets of well-chosen words. The speeches delivered were both of a humourous and earnest character, each speaker heartily congratulating the happy couple on the step they had taken. Hymns of an appropriate nature were also sung, and the general spirit of the occasion should afford much good cheer to the two young people who are launching out as partners on the vast sea of life.

Previous to the wedding a large representation of the Salvation Army Band paraded the streets, and a feature of the street meeting was a pretty flag drill by six young girls cadets. They were clad in a becoming uniform of blue, and executed the movements of the drill with precision and grace.

Sewer By-law Passed By The Council Last Night

Some Important Communications Were Received—Invitation to Attend Municipal Association Convention—Other Routine Business.

Several important communications were received and two bylaws passed at last night's special session of the city council. The bylaw provided for the construction of sewers, and the grant to the Salvation Army band.

The communications were as follows:

From M. W. Matchett, secretary general committee, I.O.O.F., thanking the council for the offer to help entertain the delegates to the Grand Lodge, and also expressing the society's inability to accept the same under the circumstances.

From E. B. D. Hall enclosing a letter from the Bell Telephone Co., stating that they cannot sign the draft contract which was submitted to them by the city. The principal objection was to the time limit for the use of the underground work the company intended to put in. At the same time the company would be willing to meet representatives of the council with a view of preparing a suitable agreement.—Received.

From R. M. Dennistoun, petitioning against the construction of a granolithic walk on George street, from Smith street south to lot 19, plan 42.—Board of Works.

From Geo. Schneider, B. F. Askeyman and other ratepayers, asking that Dalhousie street be opened up for traffic east of George street to the C. P. R. tracks.—Board of Works.

From W. D. Lighthall, hon. sec.-treasurer of the Union of Canadian Municipalities, inviting the Mayor and council to attend the sixth annual convention of the society to be held at Halifax on August 14th, 15th and 16th.—Received.

From John Crane, manager of the Ontario Bank, notifying the council that the balance of the account of the municipality, is $89,223.74. — Received.

From W. P. Hubbard, Toronto, president of the Ontario Municipal Association, requesting the attendance of the Mayor and representatives of the council at the annual meeting of the body in Toronto, on Aug. 29th and 30th.—Received.

Ald. Mason and Hicks moved the adoption of the bylaw to grant $150 to the Salvation Army Band. The bylaw was passed.

A bylaw authorizing the construction of sewers on certain streets, as local improvements was passed, on motion of Ald. Hicks and Mason.

Had a Bad Leg.

"For twelve years I was a great sufferer with eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was terrible. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore."—Mr. Alex. McDougall, Postmaster, Bread Cove, Marsh...

Death Claims Victim Of Sad Shooting Accident In Burleigh Township

Thos. Robertson, of Haultain, Shot Through Thigh by a Peterboro' Man—Artery Severed and Death Resulted in an Hour and a Half—Doctors Called But Unfortunate Man Had Died—Leaves a Wife and Three Children.

Examiner Special.

Stony Lake, July 20.—Another fatal rifle accident in Peterborough County, which has cast a gloom over the little village of Haultain, in Burleigh, occurred yesterday evening ending in the death of Mr. Thos. Robertson. The fatality took place on Cedar Lake, a body of water about three miles from Mt. Julian, Stony Lake, and near Haultain.

Mr. Robertson was accompanied on Cedar Lake by Mr. Deynocurt Stone, of Peterborough, and the latter's cousin, Willis Stone, of Haultain. They had paddled across to inspect some timber upon the other shore, belonging to a lumber company, and were just landing at about 7 o'clock in the evening when the shooting happened.

The party had a 40-60 rifle in their possession, which was carried by Deincourt Stone. In getting out of the canoe on to the shore, it discharged, the bullet entering and going completely through Robertson's left thigh.

Dr. Douglas, of Warsaw, was quickly summoned, and in company with Mr. P. Morrison Milne, a guest at the Victoria House, paddled across to Mt. Julian, from where they were driven to the scene of the fatal accident. Owing to the great distance, they did not reach Haultain until almost midnight, and only to find that the unfortunate man had succumbed at about 8.30 owing to loss of blood.

On examining the wound the doctor found that an artery had been cut, which was the cause of the speedy death, and even had medical aid been immediately procurable, it would have been almost impossible to save his life.

A particularly sad feature of the accident is that the deceased man leaves to mourn his loss a young wife and three small children, who depended upon him for their livlihood. He was only 26 years of age, and was well known throughout the northern part of the county and also by nearly all the cottagers on Stony Lake. Last year he catered on the lake, selling meat, eggs, etc., to many of the cottagers. For many years he had been under the employ of different lumber companies and was considered one of the best river drivers in the north country, as well as an excellent judge of timber. He will also be missed by a great many of the residents of Haultain and vicinity as he had always been a favourite among them.

Mr. Robertson has three brothers on the north shore. Their names are William, James and Mark, all of whom have followed the same occupation as their brother, Thomas.

The funeral will be held on Saturday, but at present it is not known to what burial grounds. It will be in charge of Mr. Clarke, of Toronto, the student in charge of the Haultain mission for the summer.

An inquest will probably be held.

Big Excursion From Hastings

The Methodists of That Village Pay a Visit to Stony Lake.

The Methodist excursion from Hastings to-day to Stony Lake was among the biggest that have yet gone to that popular excursion resort. A special train consisting of five coaches carried over 500 people from Bellville, Hastings, Keene and all intervening points. The steamer Stoney Lake met the train at Lakefield carrying the excursionists around the lakes touching at the different points. They will return by a special train this evening.

Preparing For Pettewawa Camp

24th Battery Had Good Drill Last Night.

In preparation for the trip of the 24th Battery to Pettewawa Camp, next month, Serg.-Major Guerin held a good drill last night at the East City Armouries, when he gave instructions in fire discipline, fuse setting and telescopic sighting. There was a good bunch of men out, and they showed satisfactory skill in the exercises.

On Aug. 11th, the gun-layers and gunners, with four sergeants, the Serg.-Major and Quartermaster Sergeant, comanded by four officers, will leave for the camp, where they will remain until Wednesday night, Aug. 15th. In all there will be 22 Non-Coms. and men, and the four officers making this trip, the drivers, of course, not being taken.

Buried At The Bottom Of An Eleven Foot Trench

Robt. Maxwell's Terrible Experience in a Sewer Yesterday —His Employer's Quick Work Was All That Saved Him From Death.

Buried beneath two feet of sand, at the bottom of an eleven foot trench, Robert Maxwell, a labourer, residing at the corner of Bathurst and London street, had an experience yesterday which he will not soon forget, and which came within an ace of costing him his life.

Maxwell was employed by Mr. Robert Smith, who has the contract for making the connection between the main sewer, and the new house being erected at the corner of Charlotte and Stewart streets for Dr. H. A. Wood. He was digging at the bottom of the trench, which was eleven feet deep at this point, when suddenly the side of the excavation caved in upon him, completely burying the unfortunate man beneath at least two feet of sand. He was caught in a stooping position, and held there.

His employer, Mr. Smith, who was working at the surface, immediately jumped into the trench, and within a minute had Maxwell's head uncovered. The work of rescue was then completely completed. A rope was placed around the man's body, and he was hauled to the surface.

Maxwell escaped almost uninjured from his terrible experience. He was badly shaken up and shocked, but the only injury was to his leg, which was jammed against a pick. He was almost smothered however before being rescued, and had it not been for Mr. Smith's quick action, would have undoubtedly met his death in the deep trench in which he was buried.

The vibration of the ground, caused by the frequent passing of street cars, is said to have been the cause of the accident.

Biggest Crowd In City's History Is In Prospect

From 25,000 to 28,000 People Will be Population of Peterborough on August 9th—The Conditions Which Will be Conducive to That Result.

On Thursday, August 9th, Peterborough will contain the largest crowd of people in its history. According to the present prospects, on no one day in the past has there been anything like the number of people here that will visit the city that day.

In the first place the biggest circus that has ever pitched its tents in Peterborough will be here. On an ordinary circus day the city is crowded, but the additional attraction of the biggest circus on the globe, will, no doubt, have the effect of greatly increasing the crowds.

In the second place, the Grand Lodge of Oddfellows will be in session here that day. That means another 1000 people at least, between visiting members of the Order and their friends, who will come with them.

In the third place that day is Orillia's civic holiday, and according to present prospects, practically the whole of that town's population will come to Peterborough, to which city a special excursion is to be run, and 1200 to 1500 persons will likely come from that town.

Then there is an excursion from Barrie to Peterborough the same day. Those that are arranging that excursion declare that they will bring at least 1000 people here.

In addition, the railways and steamboat lines will all run cheap trips to Peterborough, and it is well within the mark to say that there there will be at least 25,000 or 28,000 people in Peterborough on that day.

ONE THING AND ANOTHER

Recognized Him.

"THIS," remarked Mr. Softe, "is my photograph with my two French poodles. You recognize me, eh? "I think so," said Miss Caine. "You are the one with the hat on, are you not?—Cassel's Journal.

• • • •

High Finance.

MOTHER—What do you mean by bringing back the two sous? Didn't you post my letter?

Promising Olive Branch—Yes, I did. I took advantage when no one was looking to slip it into the box without a stamp.—Life.

Boy's Essay on the Human Body.

THE STUDY of anatomy, recently introduced in the public schools, may be a good thing in some instances, says an exchange, but it was evidently thrown away on a certain boy whose essay on the human body was read at an examination not long ago. This is what he discovered after a careful perusal of the text books:

"The human body consists of the head, thorax, abdomen and legs. The head contains the brains in case there are any. The thorax contains the heart and lungs, also the liver and lights. The abdomen contains the bowels, of which there are five—a, e, i, o, u, and sometimes w and y. The legs extend from the abdomen to the floor, and have hinges at the top and middle to enable a fellow to sit when standing or to stand when sitting.

• • • •

A Few Wants.

(Montreal Herald.)

Wanted—a pretty girl with brains,
Who knows just how to cook

Wanted—An author who takes pains,
And thinks about his book.

Wanted—A surgeon who says, "No, I dare not operate."

Wanted—A chauffeur who goes slow
And never plays with fate.

Wanted—A wife who never buys
One thing she doesn't need.

Wanted—A gift to know what lies
Each day we have to read.

Wanted—A tradesman who is square,
No need to be found out.

Wanted—A thing that will grow hair
Certain, beyond a doubt.

Wanted—A trust that lowers the price
Just for the public good.

Wanted—Protection from that vice,
Adulterated food.

Wanted—Health systems that will cure
Before we pay a cent.

Wanted—More cash to make the people
Enjoy their sentiment.

Inspector Soon To Have Office

Meeting of License Commissioners to be Held To-night.

To-night the Board of License Commissioners will meet at 8 o'clock in the office of the chairman, Dr. Morrison, who states that the inspector has no office yet, but that in all probability it will be only a matter of a short time before he will be provided with one.

Immigrant Was Lost From Train

Mysteriously Disappears From Train Near Tweed.

The Toronto Globe to-day says: The C.P.R. train which brought the last contingent of immigrants to the city arrived at the Union Station yesterday morning, minus one of the passengers, a Scotchman, Robert McKee. Mr. Gardiner, his mate, had been sitting with him in the train, he stated, and both had been asleep. About 2 o'clock yesterday morning, when the train was a short distance east of Tweed it was discovered that McKee was missing. Whether he had stepped off the train and been left at a station, or had fallen off the train, was a matter of conjecture, and yesterday evening the immigration officials had not received any news of McKee's whereabouts. The C. P. R. officials had not even heard of the incident, but inclined to the belief that McKee must be in safety, otherwise some of the passing engineers or firemen would have seen some trace of him during yesterday.

Fall Wheat Cutting In South Monaghan

A Resident Reports That It Is Practically Over.

A gentleman from South Monaghan to-day states that fall wheat cutting is practically over. In this respect South Monaghan is considerably ahead of the other townships. The yield, too, is reported to be very good, although the storms have beaten the grain down considerably.

Narrow Escape From Drowning

Marmora Lady Fell Into Cistern.

Miss Alice Purdy, daughter of R. Purdy, very nearly came to death by drowning yesterday. In the yard is a large puncheon which is used as a cistern. Miss Purdy went out to get a pitcher of water, and in some way she accidentally fell while stooping over. Her screams attracted the attention of some of the neighbours and by the time she arrived she was almost exhausted. Restoratives were applied and she was soon revived, although a couple of minutes delay would have resulted fatally. — Marmora Herald.

Rare Chance —FOR— BEAUTIFUL HOME

We are instructed by Mr. C. B. McAllister to sell his entire property in East City, as follows:—

No. 1.—His beautiful residence situated on Burnham street and known as "Engle Burn Park", containing five acres of land, about three of which has been laid out in choice building lots, some fronting on Burnham street, and others having a commanding view of the river. The balance of about two acres is included with the house, a large lawn beautified by choice Shrubs and Ornamental trees, nice garden with choice fruit, also first-class stable and carriage house.

No. 2.—A block of land containing three acres with two splendid houses, situated on corner of Burnham and Maria streets and known as the late John Burnham property. This has recently been sub-divided into building lots.

As Mr. McAllister intends moving from Petersborough, we are authorized to dispose of the above property en bloc or divided as per plan at our office Price and full particulars on application.

FRIDAY, JULY 20, 1906.

ENCOURAGE HOME ENTERPRISE

If it is a fact that the Colonial Weaving Company was promised a fixed assessment, the Council is in honour bound to implement the agreement. It is far better to lose the taxes a $1,000 or $1,500 increased assessment would bring, than to break faith. When other new industries exploited by outside persons, are given a fixed assessment, surely a local concern, built up by local capital, should be treated on equal terms, and not contribute taxes to make up for the remission of taxes represented by fixed assessment in respect of other industries. A policy of encouraging the establishment of manufactures is a commendable one, and the encouragement should especially apply to local capital, which has the enterprise to aid industrial development to the other forms of building up the city, to which the citizens represented by such capital invested have contributed their share.

AUTOS AND FARMERS' HORSES

The automobile careering in malodorous majesty over our country roads may do its large share in frightening farmers' horses, accustomed to nothing more exciting than the whirr of a reaper, but if the auto emphasizes the necessity of good roads and improved highways, the farmers, as a class will derive far greater benefit than the injury sustained by his horses being frightened out of a day's growth. The auto will never replace the horse, but it has evidently come to stay, and the situation created by its introduction will have to be faced, and it is well that the necessity of good roads for its use tends to minimise many of the disadvantages arising for its bizarre appearance upon our highways. However, the farmer is entitled to all the protection, and if auto drivers relinquish the idea that they own the roads and pay proper respect to the rights of others, including right of way and halting when danger threatens from restive horses, their way through the county will be made much smoother and their recognition of a legitimate place in the economy of travel will come the sooner.

DROWNING AND SWIMMING.

The people of Canada are enjoying themselves by thousands at our summer resorts, but a heavy toll is being paid for the enjoyment. Death is reaping an abundant harvest on our rivers and lakes this summer. Every paper one opens contains reports of drowning accidents and narrow escapes, equally eloquent in enforcing the necessity of learning to swim. So frequent are these accidents that one is forced almost to the conclusion that no person is justified in going into the water or upon the water who cannot swim or does not do so in the effort to learn to swim. Experience demonstrates that any person entering a canoe without a knowledge of swimming is recklessly risking life not only of himself or herself, but of others who may come to the rescue. A giggling girl and a reckless young man entering a canoe without knowledge of swimming are taking a tremendous risk. Anybody that can walk, can learn to swim, at least a little, and in case of a canoe or boat capsizing the ability to take a few swimming strokes may serve to bring the person in peril to a support that will sustain him till a rescue may be effected. It is an unfortunate fact that nine-tenths of the accidents that come to mortals are due to carelessness in one form or other and in the case of water enjoyment one form of carelessness in the indifference to acquiring the art of swimming. The teaching of swimming to children is a duty of parents and guardians as plainly as that of teaching them the catechism.

RHEUMATISM

Price 25c.

I will refund your money if it fails.

Johnston's Rheumatism Cure relieves falls in 24 hours. Positively cures in a few days. It does not put the disease to sleep, but drives it from the system.

EDITORIAL NOTES.

Half a million dollars will be spent on the Parliament buildings in the Queen's Park, the idea, suggests the Toronto Star, being to put on another story and keep Premier Whitney's head from bumping the stars.

It is a good thing for Ontario to have the succession duties act in force. When men leave an estate like that of Mr. William Hendrie, of Hamilton, of over two million dollars, the provincial treasury will be strengthened, and the heirs will have an abundance besides.

Toronto carpenters may strike on the first of August. Peterborough carpenters are on strike now every day. They hit the nail on the head, too, and drive it home in hundreds of new houses. Never was building so busy as at the present time.

It is pleasant to note the prosperity of a local industry, and the fact that Mr. Jas. Kendry, president and general manager of the Auburn Woollen Mills Company, has purchased 300,000 pounds of wool in the Northwest for the use of his mills, is a subject of congratulation. It is all the more pleasing to note this evidence of prosperity, from the fact that at the time of the last general elections, Mr. Kendry, as a politician, declared that the Liberal tariff policy would put his mills out of business. It is very pleasant to find that he was unduly pessimistic and that his mills are flourishing in so satisfactory a manner and turning out good goods at a great rate.

The Conservatives have in contemplation a summer spouting tour in the province of Quebec. Such sweat-shop methods of political propagandism may be a pic-nic to the free and independent electors, but oratorical arguments wont sink very deep when they are liable to be washed off by streams of perspiration. There will be a hot time in the old province this summer, and all the hotter unless the rival aspirants for the Conservative leadership consent to sink their ambition for the occasion. Mr. Borden and Mr. Monk are scheduled as speakers, but it does not seem that Mr. Foster, Dr. Sproule and Mr. McLean have consented to extend the olive branch on the tips of their eloquent tongues.

An Old Pioneer Passes Away

Death of Mr. Thos. Egan at 83 Years of Age.

The death occurred at the family residence, Brock street, this morning, at 5 o'clock, of Thomas Egan, aged 83 years. The announcement of the demise of the above gentleman will cause general regret, particularly in Otonabee, where he resided for over 60 years, previous to taking up his residence in this city. Owing to ill health, he sold his farm and moved to Peterborough about a year and a half ago, and has not been well, physically, since.

Mr. Egan came to Canada from Ireland with his parents when only one year old, and, as before noted, had resided in Otonabee until the time he removed to this city. He had seen Peterborough grow from a primitive town of a few shacks to its present prosperous condition, of one of the leading towns in Canada, and if he were alive he could probably tell many interesting reminiscences of this district in its early days. Deceased was of a quiet and retiring disposition and did not belong to any lodge or society. He was widely known and held in high respect by all who knew him.

The late Mr. Egan is survived by his wife, Bridget Ann Moloney, sister of Mr. John Moloney, clerk of the County Court; two sisters, Mrs. Wm. Redmond, Cavan, and Miss Egan at home, and a brother, John, in the United States.

The funeral will take place on Sunday afternoon at 3 o'clock to St. Peter's Cemetery.

Good Cheese In This District

Mr. Gillespie Says It Has No Superior.

"There should be no complaints on the quality of the cheese manufactured in the Peterborough district this year," said Mr. G. A. Gillespie, who bought over 2700 boxes of this good cheese on the board Wednesday. He believes that the Peterborough district cheese has no superior in Canada, and attributes the good price obtained by the salesmen on this board largely to the fact that the cheese made here has a good reputation on the market. He will ship his 2700-odd boxes to-morrow.

YOUR COLUMN

BABY CARRIAGES CATCH IN THE CRACKS OF THE STREET CROSSINGS

The disgraceful condition of the crossings on Charlotte and Simcoe streets across Bethune is arousing considerable indignation among the matrons of the city who have baby carriages to wheel. The planks that now constitute the crossings appear to have been there since the first saw mill was erected. Large cracks and holes stop the baby carriages, and on many occasions the babies have tumbled head first upon the G. T. R. tracks. These are crossings where accidents are apt to occur and the crossings should be constructed at once by the authorities.

DUST EVIL STILL CONTINUES TO CALL FORTH COMPLAINT

"I have never seen the Sahara," said a citizen to-day, "but if the sand storms there are any worse than the dust evil in Peterborough it would be a big surprise to me." He went on to point out that the water cart came around but once a day, which helped some in the morning, but conditions were as bad as ever in a short time. "There is dust everywhere. With dust pouring down our streets and nothing but luke-warm water to drink it would be no wonder if severe accidents from failing off the water wagon were reported," he concluded.

WHAT IS DONE WITH THE CITY'S PUBLIC WATER?

"What are our council doing with the public water?" said a citizen today. "We don't get much on our streets and very little in the water troughs, and I am sure they are not drinking much of it. Perhaps some one might be able to explain just what is being done with it."

TOO MUCH RUBBISH LEFT ON THE STREETS BY CARELESS TEAMSTERS

There are a number of teamsters about the city who are very careless in allowing portions of their loads to fall off, and remain strewn over the city's streets, many of which are bad enough now. It is a very frequent occurrence to find large rocks here and there, also rubbish of different descriptions, lying on the roads, which thoughtless teamsters have carelessly dropped.

Bicyclists and owners of delicate vehicles are in danger every hour of smashing their machines. It would be a good thing for the citizens if such a practice were dropped.

WILL BE HELD UP TO RIDICULE BY OTHER TOWNS

"The cigarette bylaw is a failure," said a citizen this morning. "I knew from the first that it could never be practicable, and it would have been far better had the Council never touched on the matter at all. When the bylaw is ultimately repealed the City Fathers of Peterborough will be held up to ridicule by outside towns, and the local Council will lose some of its prestige by pushing a bylaw through without considering most thoroughly all its pros and cons."

POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column:

Dear Sir,—Cannot something be done to suppress the peanut fiend at the band concerts in the Park? At last week's concert the finest parts of the selections were totally lost in the shrill cries of "Peanuts! Five a bag!" let loose by some half dozen vendors of this article. The council pays liberally for these concerts, and it is too bad to have them spoiled in this way. There's a time for all things, and the time for selling peanuts, etc., at these concerts should be in the interval between the selections. And the Juvenile merchants might go round to the park the next morning and gather up the paper bags they have caused to be thrown around. Here's hoping.

Yours, etc.,
LISTENER.

Please Remember Day and Date

ORIENTAL HOTEL, PETERBOROUGH, WEDNESDAY and THURSDAY July 25th and 26th—Two Days Only.

Log Jam Delays The Excursion

But the Park Street Sunday School Enjoyed the Outing.

The Park street Baptist church and Sunday school picnic yesterday, to Jubilee Point, was a record breaker. The Water Lily and scow were loaded to their full capacity. The day was an ideal one and a good tempered congenial crowd made a most enjoyable outing. There were at least all told three hundred on board. The ladies at the refreshment stalls did an immense trade. Ice cream was demanded in every direction and everything was sold out on the return journey.

The Rathbun Co's logs furnished an interesting experience at the last bridge nearest the point, where a jam of logs blocked the river. The engine was stopped, and it looked as if they were doomed to get off at the island park. The captain did not feel responsible for clearing the passage and sat smoking his pipe most unconcerned, but the excursion was booked for Jubilee, and to Jubilee the crowd was bent on going. So they went ashore, hitched on a rope and induced the captain to jam, and after 20 minutes hard tugging with a gang of passengers on the rope, and after a wait of nearly an hour, the way was cleared, and they reached Jubilee about two o'clock—good and hungry.

An exciting time was spent in the various events and football match. It was a pretty sight, groups filling all the tables and little knots under the green trees.

The logs made the return journey not less exciting, for the jam was even greater and the delay longer, but "all's well that ends well," and the steamer reached her dock at 11 p.m., safe and sound.

The crowd was a good tempered one and the logs were the only unpleasant feature of the programme. Supt. Miss Maggie Mann wore a broad smile as she carried a bag well filled and she is thinking seriously of making a heavy donation to the building fund of the new new church out of the day's proceeds. Deacon G. T. Gillespie was master of ceremonies and worked hard and well.

One Ingredient of

Zutoo

Is soda—just old-fashioned soda, that our grandmothers took to settle the stomach.

The principal ingredient—the one that stops the headache, is a vegetable ingredient, imported for us from Japan. It wont hurt you any more than will the soda.

The other ingredients of Zutoo are just as harmless.

If you knew what the drug cures contain, and their ultimate effect on the system, you would discard them at once and take Zutoo, which is harmless as

Soda.

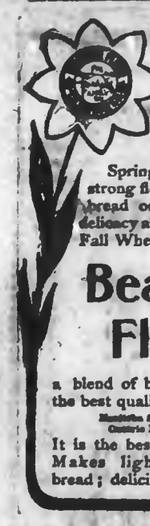
ELECTRIC WIRING

With electricity—you can have a handsomely lighted house, electric bells, electric fans, annunciators, burglar alarms, etc. With an electric fan you always get a breeze whether the wind blows or not.

It's my business to plan, construct and put into operation, every known device. Estimates given when desired. Work guaranteed. Complete line of Electrical Fixtures and Supplies furnished.

ARTHUR ASH

Orders left at my residence, No. 206 Dublin Street, promptly attended to
TELEPHONE 677 (BELL)



The Flour of the Family.

Spring wheat makes strong flour suitable for bread only—lacks the delicacy and flavor of the Fall Wheat.

Beaver Flour

a blend of both, combines the best qualities of

Manitoba Spring Wheat
Ontario Soft Wheat.

It is the best family flour. Makes light nutritious bread; delicious pastry.

DO YOU NEED A SWITCH?

It will save you considerable to inspect our collection of Switches before buying elsewhere.

PRICES $2.00 to $6.00

We have these Switches in any shade. We would like you to see these personally. If we haven't the shade you desire, we can make it up for you and match it.

MUNICIPALITY OF SMITH

Voters' List '06

NOTICE IS HEREBY GIVEN THAT I have transmitted or delivered to the persons mentioned in Sections 8 and 9 of the Ontario Voters' List Act, the copies required by said sections to be so transmitted or delivered of the said list, made pursuant to the said Act, of all persons appearing by the last revised Assessment Roll of the said municipality to be entitled to vote at said municipality at elections for members of the Legislative Assembly, and at Municipal elections; and that said list was first posted up at my office at Peterborough, on the 18th day of July 1906, and remains there for inspection.

Electors are called upon to examine the said list, and if any omissions or any other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.

F. J. BELL,
Township Clerk.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Moderate east winds' mostly fair and decidedly warm. Saturday—Showers and thunder storms.

Get the Habit.

—See Buster Brown in the Examiner to-morrow.

Still No Ice.

—July 20th, and still no ice in the city fountains.

Band Concert.

—The usual weekly band concert will be given at Victoria Park to-night by the 57th Band.

Caught Two 'Lunge.

—Mr. Jas. McMartin, the Otonabee ferry man, landed two fine specimens of 'lunge this morning in Little Lake.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Sovereign Passes Through.

—The Government steamer Sovereign passed down from the upper lakes last night on its way to Healey Falls.

Beaver Takes Trip.

—The steamer Beaver ran the regular trip for the Water Lily yesterday. The latter boat was engaged for the day by the Park street Baptists.

Buster Brown.

—To-morrow the Buster Brown cartoon will be "Does it pay to be a Cross-patch" Get a copy and show it to the children. It will be on page 8 of the first section.

Tax Bills.

—Parties not receiving their tax bills, and the owners of lots which have changed hands, by calling at once can get their tax bills and avoid the rush later on.

A Wheel Takes a Ride.

—A three-wheeled wagon with a hay rack, was among the many vehicles which passed up George street this afternoon. The fourth was having a ride while the driver walked.

Mouth Organs.

—We have an organ for every mouth, all sizes. "Imperial and Ideal," Harmonicas. Excellent value. Come and try them. J. M. Greene Music Company, New Opera House Building. 6d11

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Talking Machines.

—Every day this week we will sell one talking machine. To-night we will sell one talking machine only at a reduction of five dollars off regular price; 161 Simcoe street. Free concert. 5d13

Fishing Good.

—The Warkworth Journal says:—From reports of our local fishermen as to the catches they are having this season on the Trent river, these waters are bound to become famous—and may bring some of our American cousins here to visit us.

Enjoyable Outing.

—A very enjoyable outing was spent on the water last evening, when Miss M. Dunsford, Murray street, entertained her young lady and gentlemen friends. Music and songs, and good management by Miss Dunsford provided a very enjoyable evening to all.

New Companies.

—The Ontario Gazette announces the incorporation of the Haldimand Rural Telephone Company, limited, of the Village of Gully, Northumberland County, with an authorized capitalization of $300,000, also the Belleville Cuba Company, of Belleville, a land company, capitalized at $200,000.

Money in Pork.

—On Wednesday all local records were broken for big value for pigs, when Mr. W. J. Scenoy was paid $216 for one load of this particular breed of stock. Mr. Torpey, of Peterborough, bought the load, and he said that it was the biggest load that he had ever purchased.—Havelock Sentinel.

A Steep Price.

—A despatch from Holyoke, Mass., tells of the fining of a member of the Holyoke Stonemasons' Union for working 20 minutes overtime. The workman's offence consisted in accommodating his employer for one-third of an hour, for which he received an hour's pay. The union would permit no such infraction of its rules.

Books for Summer Reading.

—Hammock books, these, or railway train books, or lakeshore books — or anything else summery you have a mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low a five cents each, or 8 for 35 cents. Illustrated cover on heavy paper; 25 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

What About Rosy Cheeks?

—A modern seer gives rosy cheeks the following severe condemnation: "What can anyone see beautiful about rosy cheeks? Every old apple is red on one side, all blonde bartenders have pink and white faces, and the faded woman's cheeks are aglow with rouge. A face that is nobly formed and perfectly proportioned is marred by colour. Imagine a Venus de Milo with red blotches on her cheeks!"

Of Interest to Peterborough People.

Messrs. Ormond & Walsh are pleased to announce in The Examiner the sale of Huyler's Chocolates and Bon Bons at 80 cents per pound. Owing to the enormous demand for their goods in Canada the Huylers found it necessary to open a branch in Toronto for their manufacture, and as a result, those purchasing these celebrated chocolates will now be able to procure for 80 cents the same that previously cost $1.10 per pound. The saving is in the duty. Messrs. Ormond & Walsh are sole agents for Peterborough.

The Style of Hair Worn

Is an important factor to produce a younger and refined face and a well shaped head to any lady or gentleman. Prof. Dorenwend, who will be at the Oriental Hotel, Peterborough, Wednesday and Thursday, July 25 and 26, can demonstrate this to anyone calling on him at his show rooms. He has Ladies' and Gents' Wigs, Toupees, Bangs, Wavy and Plain Fronts, Switches in every length and shade, that he will gladly adjust on any Lady's head free of charge to prove this. Don't fail to see him. It is his only visit to Peterborough this summer. Call early 5d-13

Mr. Strickland Seriously Hurt

Well Known Peterborough Man Injured at Sutton.

Sutton, July 19.—H. S. Strickland, the well-known electrical expert and electrical inspector for Toronto Fire Underwriters, while wheeling from this place to Jackson's Point this morning, was in some way thrown from his wheel, sustaining severe injuries. Mr. Strickland's right shoulder was dislocated and his knee severely wrenched. Medical assistance was secured and his injuries attended to, but it will be some time before he is fully recovered. Mrs. Strickland family are summering at Jackson's Point and it was while on a short visit to his family that the accident occurred.

The Hen Roost Was Lightened

Mr. A. J. McClellan Loses Thirty Valuable Chickens.

Mr. A. J. McClellan of 48 Gilmour street, who possesses a number of valuable fowl, woke up this morning to find about thirty chickens, all about four months of age, missing. An entrance to his hen house had been effected through the back door. No traces of the thieves have yet been discovered.

Gentlemen, if You are Bald,

See Prof. Dorenwend's Art Coverings in Wigs and Toupees, worn on thousands of heads. They are a protection against colds, Catarrh, etc., and give a most natural and younger appearance to the face.

Trying on and demonstrating the superior art of these goods free of charge.

He will be at the Oriental Hotel, Peterborough, Wednesday and Thursday, July 25 and 26. Be on hand early. 5d-31

Picnic Party On Otonabee Banks

Delightful Time Spent Under the Willow Shades.

A charming picnic party was given by the Misses Belford and Birdie Martin to a number of their friends last night on the banks of the Otonabee. The picnic was held under the willows a short distance below the street railway wharf. A large number were present and with many baskets that appeared to be inexhaustible a very enjoyable time was spent. The party after spending a quiet sail on the river returned to the wharf under the bright rays of the big searchlight of the Water Lily.

Premises Were Decorated

Business Men Displayed Proper Public Spirit To-day.

Several of the business places of the city showed a proper spirit when they decorated their premises in honour of the big excursion from Whitby and other eastern points which visited the city to-day. The citizens, especially the merchants should do this more often than is their custom. It costs but a trifle and adds immensely to the reputation of the city for hospitality. Messrs. J. J. Turner & Sons, M. C. Tooley and Jas. Head had their places decorated with flags and bunting to-day and they presented a very festive appearance.

Yacht Club To Hold Meeting

Will Discuss Important Matters To-morrow.

The Secretary of the Chemong Yacht Club is issuing notices to members, calling attention to the fact that a special meeting of the club will be held on Saturday night at the Club House. Important business is to be dealt with at this meeting.

PAYS $5 PER WEEK TO SUPPORT WIFE

Allan Armstrong, East City, appeared before the magistrate this morning on a charge of non-support. The complaint was laid by his wife. An arrangement was made with the magistrate by which he pays her $5 a week and the case was dismissed.

Armstrong has not been on very amicable terms with his wife recently and did not make an effort to support her.

Dances At The Pavilion Are Proving Popular

Yachting Party Cruises the Lake—Many More Cottages Being Opened—Tourists and Visitors Still Flock to Kawarthadom—Guests at the Victoria House and Kilkenny.

Stony Lake, July 20.—The "hop" at the Juniper pavilion last night was quite largely attended. Although the dancers left early, the gathering will, for some time, occur each evening and the staple amusement of the young people indulged in.

A yachting party, consisting of Cleveland people from Ivanhoe Cottage and Victoria House, visited the different points of interest on the lakes yesterday. Among those present were Dr. and Mrs. G. W. Stevenson, Mr. and Mrs. A. H. Smith, Mr. and Mrs. P. H. Smith, Dr. and Mrs. Belt, Mr. and Mrs. J. Mortimer and Misses Adolaide, Harriet, Helen and Lois Smith.

Mr. and Mrs. John Nugent opened their cottage, Medi Wabock, yesterday, and have as their guests Miss May McBurney, Peterborough, and Miss Caldwell, Toronto.

Miss Rota Cavanah, city, is a guest at Forest Home.

Mr. O. R. Cottingham, St. Oakley, and Mr. A. R. Whittemore, Toronto, are guests of Mr. Cole at Oakleigh.

Mr. Fred. Cresaman, city, is visiting at Fern Rock.

Mrs. J. Wasson, who has been spending a week at Mrs. Sanderson's cottage, Boschink, returned to the city yesterday.

Hon. L. Graham, New York City, arrived last evening and opened his cottage for the season.

Mr. C. D. Crawford, Lakefield, came up to his cottage last night.

Mr. and Mrs. H. Sutherland, Toronto, returned to Inglestano yesterday, and have as their guests Miss A. R. Campbell, and Mr. Arthur Bell, Toronto.

Mr. Chas. Gordon of Lakefield, took the round trip on the lakes yesterday.

Mrs. W. S. Baltin and family, Toronto, who have been at Victoria House for a few days, have taken Britannia Cottage for the season.

Mr. R. C. Strickland, Lakefield, came up to his cottage last night.

A large excursion party given by All Saints' church, Peterborough, was on the lakes yesterday.

Mrs. Jas. McGeannan, who has been a guest of Mrs. S. R. Armstrong, returned to the city yesterday.

Mr. C. Hughes, city, is a guest at Victoria House.

Miss K. Blomfield went down to Lakefield yesterday.

Dr. A. C. and Mrs. Remington and Mr. Willis E. Remington, Rochester, are at Rock Ridge.

Mr. J. O. McCarthy, Mrs. McCarthy and Miss Pearl, Toronto, opened their cottage, Emerald Isle, last night, and have as guests Miss Annie Davis, M. D., and Miss Bella Davis, Brigdon, and Miss E. E. Davis, Madoc.

Mr. Keith Loch returned to Kenmore last night.

Miss Myrtle Kline of Lakefield took the round trip on the steamer yesterday.

Messrs. J. Davidson and H. Hall, city, came up to the Anchorage last night.

There were only four different persons tumbled into the drink at McCracken's Landing yesterday. It's a local option corner, too.

Mr. S. R. Armstrong went down to the city yesterday.

Yesterday's arrivals at Victoria House were Mr. J. M. Price, Miss T. Boomer, New York City; Miss A. Ditmar, Jersey City; Miss M. Becker, Chicago; Mr. L. L. Maguire, New York City; Mr. C. Hughes, Peterborough; Mr. Jas. B. and Mrs. Brooks, Miss Elizabeth Brooks, Mr. and Mrs. H. J. Miller and Mr. L. J. Thompson, Pittsburg. By the week's end there will be a house full at the Victoria, as there are now nearly 50 guests, and a party of five is expected to-day and one of four to-morrow.

Recent arrivals at Kilkenny are Dr. R. L. and Mrs. Langstaff, Richmond Hill; Mr. and Mrs. C. M. Cameron and Miss Madelaine Cameron, Montreal.

Mr. and Mrs. Ferguson opened their cottage yesterday afternoon at Boschink.

Mrs. Crowley came up to Boschink yesterday, and, accompanied by a party, opened up her cottage for the season.

Mr. A. Mitchell and family, Toronto, moved up to Sunnyside Cottage near Eel's Creek yesterday afternoon.

Mr. and Mrs. Spence, New York City, came up to Mrs. A. Sanderson's cottage to-day.

Mr. and Miss Griffin, Lakefield, came up to their cottage on Eagle Mount yesterday.

Mr. Teskie and party, Toronto, are encamped on Juniper Island for a few days.

Mr. McClelland, Peterborough, has opened his cottage for the summer.

The Hudson party, of Elmira, N.Y., returned home from Burleigh Falls this morning. They report the fishing there excellent.

Miss Henderson, Toronto, went down the lake this morning.

Brought To Canada; False Pretences Made

An Immigrant Sent Here by the Church Army—Tells of His Experiences—States That Misrepresentations Were Made—Church Army Officials Not Blamed—Believes That Someone in Canada is to Blame.

Some pretty severe criticism of the methods, as well as the results, of the work of the Church Army were uttered to the Examiner last night by Mr. Charles Duggan, who was induced to come to Canada by officials of this organization some months ago, and, according to his statements, left stranded, when he arrived at Brighton, where the Army sent him, from London. Mr. Duggan, is an ex-army officer, and a pensioner of the British Army service, and tells a story of his experience since he arrived in Canada, which is not likely to induce others to try their fortune in this country.

Mr. Duggan arrived in Peterborough last night, and gives a graphic description of the manner in which the Church Army, according to his statement, misrepresented conditions in Canada. If the story related by Mr. Duggan is substantiated by facts, as there seems no reason to doubt, the lot of the emmigrants sent to Canada by the Church Army is far from pleasant. With about five hundred other Englishmen, Mr. Duggan sent out to Canada from London, his destination being Brighton, where the Church Army officials stated there was a good position waiting for him. He was told that he had a position with Captain Butler, a gentleman engaged extensively in the apple export trade. It is not hard to imagine his surprise, therefore, upon his arrival at Brighton where he at once placed himself in communication with the Church of England Vicar when he learned that Captain Butler not only had not sent for him, but had no knowledge whatever of any men being sent to work for him. Captain Butler's surprise was as great as his own, and he expressed himself in vigorous language in denunciation of the methods made use of by the Church Army to induce people to come to Canada under such false pretenses.

The only probable solution of the matter seems to be that someone, either in Canada or England, had seen Captain Butler's name on apple barrels, and, playing on the gullibility of the Church Army officials had handed his name to them with the statement that he needed men. The Vicar at Brighton had been advised of the intended arrival of Mr. Duggan and the other members of the party, but was as helpless as themselves to procure situations. Other members of the party after remaining a few days came to Peterborough where they at once secured positions, and, under the belief that Mr. Duggan would be better off here than in that town sent for him. He has already secured a position here and is confident that Peterborough will prove a much more desirable location than Brighton, his memories of the latter place being naturally not of a particularly pleasant nature.

It is very difficult to place the responsibility for the apparently unorganized condition of the work of the Church Army. Mr. Duggan is confident that so far as he was concerned there was no deliberate attempt at misrepresentation on the part of the officials who sent him to Brighton. His belief is that they were supplied with what turned out to be unauthorized information, and believes that someone in Canada has been guilty of sending out statements concerning the alleged scarcity of labour, which are not warranted by the actual conditions. He states that numbers of others have been sent, as he was, promised good positions only to find upon their arrival here that there were no such positions vacant. Naturally he and the others in similar circumstances are feeling deeply aggrieved and are inclined to speak out their minds pretty freely on the matter.

"Square Deal" Thinks "Belmont" A "Knocker"

He Defends the City and Says Streets are as Good Here as in Most Places—Contribution to an Interesting Discussion—Will "Belmont" Reply?

Editor Examiner:—

I see that "Belmont" is out again with another letter in which he utters a general denunciation of everybody and everything, from Gas Company officials to the Mayor and Council. I do not happen to be either one or the other, but it seems to me that there is no particular occasion for such a sweeping condemnation of the methods of the City officials as he employs in his two column effusion. I recognize the fact that there is nothing, except abuse and misrepresentation for those who try to serve the city, as members of the Council, and for this reason I, for one, am inclined to take up the cudgels on behalf of a class of gentlemen whom I believe are not given credit for their services in the interests of the city.

"Belmont's" particular trouble seems to be with the alleged unsatisfactory condition of the streets of the city. I do not pretend to say that the streets of Peterborough are models—they are not—but I do say that for the money spent on them Peterborough has as good streets as any place I know of. It is an easy matter for "Belmont" or anyone else with a grouch, to pick out some particular piece of street, and criticize it. Perhaps "Belmont's" front lawn, even, would bear some criticism. But take the streets as a whole, which it seems to me is the only reasonable and fair way to do, and I think one will find that they will compare favourably with those in other places of this size.

"Belmont" looks to me like a man with a grouch. Perhaps he has an axe to grind. It isn't possible, is it, that he is someone who has a personal grudge against the Chairman of the Board of Works? His attack seems to be directed against him, particularly, which seems to give colour to this suspicion.

Personally, I don't like a knocker, anyway. If things do not suit "Belmont" why does he not go to the persons whom he thinks could remedy matters, and tell them personally what he takes two columns of newspaper space to unload upon readers of the Examiner. I'm satisfied that the city officials are trying to do what is right, and that they succeed fairly well—better, no doubt than "Belmont" would if he were placed in the position of any one of them, in spite of all his fiery criticism. Its an easy matter to talk, but a different proposition when it comes to doing things. If "Belmont" could sit at his parlour table and run the city, what an ideal place Peterborough would be to live in. There would be none of those dreaded "corporations" of which he speaks, no holes in the city's streets, no tax bills for the citizens to pay—in fact there would be nothing that we should have.

A sample of the irrational statements made by this erratic writer is furnished by this sentence:

"There is no city in Canada with worse streets than Peterborough has at this blessed present."

There is no occasion for a citizen of Peterborough to make such statements, and I do not think that anyone who had the best interests of the city at heart would do so. The writer of that letter surely has not been on his holidays this year yet, and visited some of the surrounding towns and cities, or he would not make a statement like that. If the streets are not what they should be, it's all right to call the attention of the authorities to that fact, but in the name of goodness why cannot it be done in a decent, friendly spirit, and why should it be necessary to employ such unwarranted comparison as "Belmont" makes use of.

To tell the truth, I am sick and tired of this class of people who are always complaining, kicking, chewing about the work that well-intentioned people are trying to do, while the knockers stand idly by and do not lift a hand to help things along.

The Gas Company—in other words, the Peterborough Light and Power Company, also comes in for its calls, too. That's consideration on the part of Mr. "Belmont," because the poor chairman of the Board of Works might feel that he was the only sinner in the city, if the writer of the letter had not happened to see, in his fault-finding expedition some evidences of the enterprise of this Company, and thought that it was up to him to give them a dig, too. For years the people of the town had been complaining about the lack of transportation facilities afforded within the limits, and we had to hear the jibes of other, apparently more favoured towns, who referred to our "underground railway." Well, an enterprising Company came along, restored an obsolete concern into a semblance of life, and by the injection of some enterprise and ginger, gave the people of Peterborough what they had been clamouring for for years, a street railway service, and the result is that the Company has been hounded right and left ever since.

Because he happened to see a few gas pipes lying on the street for a few days, "Belmont" thinks its up to him to raise a "holler," and pull attention to conditions, the existence of which no one but himself knew anything of.

My advice to "Belmont" is to get busy and do something himself instead of eternally pulling to pieces what other people are trying to do.

Yours, etc.
"Square Deal."

THEY NEEDED THE MONEY

That's Why We Bought So Cheaply

Bargains of extreme merit await every man and young man at

Excursion To Deseronto

The Foresters' Committees Have Been Selected for Occasion.

The following committees have in hand the Court Chemong No. 350, excursion to Deseronto and Foresters' Island Park on Peterborough's civic holiday:

Printing—Bro. J. W. Buyers.

Transportation — Bros. Buyers and Wallace.

Tickets—Bros. Miles and Powell.

Badges — Bros. Howard-Moore and W. Miles.

Concert and Dancing — Bros. Buyers and Howard-Moore.

Sports. — Bros. Wallace, Miles, Whale and Pearce.

A challenge has been sent to the Hoards Court of Foresters to play a scratch team from Peterborough a game of football.

Bro. J. M. Morgan, the Supreme Organizer and Superintendent of the Orphans' Home at Deseronto, will be in charge of the programme of music.

Some Changes In The Circuit

Rev. J. A. Chapman Leaves Centreton on Account of Ill Health.

The following item from the Christian Guardian will be of local interest, in view of the fact that Rev. J. A. Chapman, who is referred to, is well known in this city, and was ordained to the ministry two years ago, when the conference met at Peterborough. The Guardian says:—

"This is the parting of the ways with Centreton Circuit, as the late Conference divided it, uniting the two north appointments, Bethany and Bomanton, with Roseneath Circuit, and Centreton with Grafton Circuit. The many friends of the Rev. J. A. Chapman, M.A., the late pastor of Centreton Circuit, will be pleased to learn that his health has much improved since Conference, and he has strong hopes that his retirement from the active work will be only temporary. He gave Centreton a year of faithful service, and received a unanimous invitation from the Official Board to remain another year, but he felt forced to decline on account of his health. He leaves many warm friends on the circuit, who very much regret his departure."

Rev. Mr. Jolliffe Well Received

Congregation at Clinton is Well Satisfied.

The correspondent from the London Conference to the Christian Guardian says: "Rev. W. J. Jolliffe at Clinton, and Rev. M. Pearson at Strathroy, recently transferred into this Conference, have been cordially received by the Conference and both have made a good impression with their respective congregations."

Wants Autos To Display Numbers

Citizen Says They Do Not Always Do This.

A gentleman to-day complained to the Examiner, that the automobiles did not all display their license numbers as the law provides they should. He states that he saw one last night on the street, and there was no number whatever, so far as he could see. The Government decided that for the protection of the public every auto should display its number, but in this case, according to the statement of this gentleman, the law has been ignored.

Excursion Here From Orillia

Will Come Here on That Town's Civic Holiday.

On Aug. 9th, Circus Day, Mr. Fred Robbings, of Orillia will run an excursion from that city to Peterborough to attend the big, Barnum and Bailey circus. Orillia's Civic Holiday has been arranged for that day, consequently there is little doubt that a bumper crowd will be carried, in view of the additional attraction of the Oddfellows' Grand Lodge.

Mr. Matthews' New Venture

Will Establish Pork Factory at Halifax.

Mr. A. Joseph Matthews, of Brantford, brother of Mr. T. F. Matthews, of Peterborough, is leaving soon for Halifax, where he is establishing a pork packing plant. He has been connected with the George Matthews Matthews Company, of Brantford.

The Big Circus Coming This Way

Barnum and Bailey Reported En Route With Many New Sensations.

The "circus is coming to town." The Barnum & Bailey Greatest Show on Earth will exhibit in this city on Thursday, August 9. The coming of this internationally famous big circus is always an event of importance among the season's amusements. Past experience has proved that it can always be depended upon to furnish all that is newest and most novel in the line of arenic entertainment. At the time of the show's last visit to this city the impression prevailed that the limit of possibility in magnitude and circus sensationalism had been reached. This, however, was evidently not the case, for this year's announcements indicate that the show is not only larger than ever before, but also that all previous achievements in the way of startling acts have been surpassed. This is the verdict of the New York press, which undoubtedly echoes the sentiment of more than 300,000 persons who saw the show during its five weeks' engagement at Madison Square Garden.

It is interesting to learn that the performances given there will be identical in every way with those presented in New York City, and that the big sensational features will be presented without abridgment, and with all the original attention to detail. One need only scan the programme to realize what this means. There are, apparently, a score of acts that might with justice be described as "features," but among the big acts are several that stand out with special and startling distinctiveness. Probably the most sensational, viewed from the standpoint of thrilling interest, is "The Dip of Death," and, judging from the way it has been received, the name is no misnomer. In this remarkable display of seemingly reckless daring, an automobile, controlled by a young American girl, makes a forty-foot flight through space, with machine and chauffeure upside-down. A second startling sensation presents two nervy bicyclists who, by the use of a most ingeniously constructed apparatus, are enabled to turn complete aerial somersaults on their wheels.

In conjunction with these features of an ultra-sensational character, a genuine old-fashioned circus performance, brought down to date, with many new and interesting European novelties, is announced. The programme introduces itself with a new spectacle, in which President Roosevelt's successful efforts to bring the war in Manchuria to an end is pictured in a gorgeous military pageant and in a series of allegorical tableaux under the significant title "Peace." The circus performance that follows introduces, it is announced, scores of the world's cleverest artists in many new, pleasing and interesting displays. The exciting presentation of ancient and modern racing events on the big hippodrome track, and the great zoological annex, for which the big circus has always been renowned, are incidental features that undoubtedly add much to the comprehensive attractiveness of the show. Owing to the magnitude of the exhibition there will be no parade this year.

Nineteen Relatives In Orange Parade

Some Aftermath of the 12th In Lindsay.

A subscriber writes to the Lindsay Watchman-Warder: "I see that Mr. Major Martin has offered a reward of $5 to any two brothers-in-law who can beat the record of himself and his brother-in-law, Mr. Richard Warren, as they had thirteen relatives in the parade on Thursday. Mr. Henry Neddo and his brother-in-law, Mr. William German, have beaten that record by six, as they had nineteen relatives in the parade. So this is a record-breaker."

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bar School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food, and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

Another Request For Publication

A George Street Merchant Also Wants Assessment Roll Published.

Said a prominent George street merchant to the Examiner to-day, "I hope you will keep pounding away on that question of publishing the assessment roll, that you referred to yesterday. It's nothing but reasonable, and its information that the public should have. It only means that there will have to be a determined stand made for the publication of the roll, and the council will have to accede to the request." The question has evidently been giving other people some thought, as well as the merchant referred to in yesterday's paper.

An Excursion Much Enjoyed

Richard Hall & Son Entertained Their Employees Down the River.

The delightful scenery of the Otonabee was viewed by almost a hundred excursionists yesterday afternoon from the decks of the steamer Monarch, when a most enjoyable day was spent by employers, employees and ex-employees of the Richard Hall and Son's store. The steamer left the Wolfe street wharf about 2 o'clock, but owing to the numerous quantity of logs in the river, did not meet Jubilee Point, its destination, until 5 o'clock. Tea was then partaken of, and after pleasant walks about the Island, the merry crowd embarked about 7. Nothing during the day occurred to mar in any way the pleasure of the excursionists. During the homeward voyage, music and singing was the order which served to pass away the time too quickly.

Mr. Hall, with the usual kindness shown among his employees, presented them with the steamer for the day, and also the ice cream and tea. The ladies supplied the baskets, and the young men the bon-bons and fruit.

A couple of short addresses on deck also formed a portion of the homeward cruise. Mr. Hunt, on behalf of the employees, expressed his appreciation of Mr. Hall's kindness and the showing of good feeling to all. In reply, Mr. Hall said he was pleased to see all enjoying themselves, as he himself had been doing. He looked upon them, not as employees, but as friends, and was so much pleased with the success of the excursion that he hoped to make it an annual event. He also spoke highly of the assistance given by Mr. Ross in getting up the excursion.

The steamer reached the home wharf again about 10.30, after one of the most pleasant trips of the season down the Otonabee.

Engineer Goes On Inspecting Trip

Mr. Grant Left for Hastings and Healey's Falls.

This morning the Government steamer Sovereign left on a trip to Hastings and Healey's Falls, with Mr. Grant, superintending engineer, and Mr. Clem. Gordon, overseer. It is expected that this trip, which is one of inspection, will take about two days.

Pastor Withdraws His Resignation

And Bethany Tabernacle Will Not Lose Mr. Steuernagel.

At the meeting of the congregation of Bethany Tabernacle last night, the resignation of Pastor Steuernagel which was tendered at the meeting last week, was again considered, after having been laid on the table until this meeting.

In consideration of the request of the congregation the pastor agreed to withdraw his resignation, and conditions which prompted him in tendering it have been changed, so that now he is satisfied to continue in charge of the congregation.

This will be welcome news to those who worship there. At the service on Sunday morning church matters will be discussed.

McCarthy, of Peterborough, is spending her holidays with her sister, Mrs. W. Shea.....Mr. Percy Miller, accompanied by a friend from Peterborough, were guests of Mr. and Mrs. Geo. Duffield last Sunday.....Mrs. Warren Hall and family, of Peterborough, are visiting at the home of Mr. J. C. Wildman, King street.—Norwood Register.

OBITUARY.

MRS. CHRISTINA BURRITTE.

Mrs. Christina Burritte, aged 48, passed away last night at nine o'clock at the family residence, 197 Perry street, after an illness of two weeks. She leaves to mourn her loss, one daughter, Miss Annie, at home, and many relatives in this city.

Deceased was a daughter of the late Clem Guerin. She was predeceased by her husband many years ago.

The funeral takes place from her late residence at 3.30 on Sunday afternoon to St. Peter's cemetery.

Big Excursion From The Western Town In City

S. O. E. and A. O. U. W. of Whitby Brought Over Five Hundred People Here—Visited Lift Lock, Jackson Park and Other Attractions.

One of the biggest excursions of the season reached here this morning under the united auspices of the Sons of England and the Ancient Order of United Workmen, of Whitby. Five hundred and thirty-five persons were on board the special G. T. R. train which arrived here at 11.30, and included excursionists from Whitby, Oshawa, Bowmanville and other eastern points. They were welcomed at the station by a committee from the Lansdowne Lodge, Sons of England, Peterborough, composed of Bros. A. Kingscote, Wm. Taylor, R. Wareham, Record and Simmons, and also by Mr. J. J. Turner, sr., of the local order of the United Workmen. The excursionists were accompanied by the 34th Regimental Band of Whitby, which discoursed inspiring music.

A large number of excursionists who had picnic baskets, went at once to Jackson Park, while the remainder were accommodated at the hotels. To come to Peterborough without seeing the lift lock would never do, and so the committee in charge made arrangements for the steamer Beaver, which carried the greater portion of the visitors over the lock. A visit to the Cordage Works was also one of the features of the programme. The visitors apparently enjoyed their visit to Peterborough. They leave for home at 6.30 o'clock.

The following committee had the affair in charge; Messrs. J. Bateman, John Stanley, W. J. Hallet, and E. W. Evans, Sons of England, and W. M. Vanvolkenburg, E. R. Blow, and B. D. Huggard, of the A. O.U. W., all of Whitby.

The excursionists were no sooner off the train than they wanted to see Jackson Park, the lift lock, the Cordage Works and have dinner, all at once, and the committeeman had a busy time for a few minutes answering inquiries.

Commissioners Asked To Re-consider Decision

Largely Signed Petition to Allow Mrs. Bowman to be Granted a License—Several Reasons Stated.

The License Commissioners of West Peterborough when they meet tonight will have some important business to consider. Among other things there will be a presentation of a largely signed petition asking the Commissioners to reconsider their decision not to grant a license to Mrs. Bowman of the Oxford House.

The petition which has been circulated throughout the city, and, as has been said, is largely signed, points out that in the six years she has been in business she has never had a conviction against her and that she and her landlord are willing to make whatever repairs the Commissioners might demand. It also suggests that as Mrs. Bowman is a widow, she is entitled to some consideration.

Case Against McGregor And Reid Was Dismissed

Plumbing Case Caused Much Interest This Morning—Wrongfully Deprived of His License, Said the Magistrate—Other Cases.

The case of MacGregor and Reid, charged with not having a plumbing license, was the principal case at this morning's session of the police court, and attracted a large number of the members of the lead-pipe fraternity. In fact the audience was made up for the greater part of plumbers, who listened with the closest attention to the proceedings. The case was dismissed by the Magistrate, who said that the firm should be given a license.

The defence was that the firm had been refused a license by the plumbing inspector, Peter Thompson, and the getting at the reason of this refusal occupied considerable time. The inspector said that he refused a license on the ground that the firm do not employ practical and experienced plumbers, and in his evidence said that he was not satisfied that Mr. MacGregor was such a man himself, as he had never seen any of his work. He had passed the work of the firm during the time he had held the office of inspector. Mr. Thompson said that three years' apprenticeship was needed before a man would be a practical plumber.

The Magistrate spoke of "a lot of master plumbers getting their heads together to prevent this man from getting apprentices," and characterized it as a "little bit of bulldozing."

Mr. MacGregor in his evidence said that he was a practical plumber with twenty years' experience. Testimonials in connection with his work at the King Edward Hotel and Telegram buildings, Toronto, were put in. He had always personally supervised the work of his assistants, one of whom had been at the business for six years, and both would be considered as good men as could be found in the city.

The case was dismissed, the Magistrate remarking that the firm had been wrongfully deprived of their license and that the inspector had misconstrued the bylaw.

Riding on Pavement.

Wheelmen, it appears, have yet to learn the lesson that it is expensive to ride on the sidewalk, when there is a bylaw against the feat. The Magistrate hands out two dollar fines every time a case is proven against an offender, but the riders still continue to disobey the bylaw.

A boy was fined two dollars for this offence this morning. A young man with the same charge against him pleaded not guilty, and advanced the excuse that the road was so rough that he had broken his tire riding among the stones. It also cost him two dollars for the privilege.

A young man in this city also was charged with riding on the pavement, but was able to prove an alibi, and it was apparently a case of mistaken identity. He was allowed to go.

Vicious Dog Case.

A vicious dog case was also on the calendar this morning. A young lady was charged with harbouring a dog which it was proven had bitten a girl on George street. The dog was ordered to be destroyed.

Radial Railway Excursion Off

Logs Kept the Water Lily Down the River Until 11 O'clock.

The Radial Railway Company seems to be meeting with hard luck with their semi-weekly moonlight excursions down the Otonabee. The initial trip on Tuesday night was successful, but the fact that the river was full of logs hurt the attendance. The logs were responsible for the calling off of last night's excursion. The steamer Water Lily which was down the river with an excursion did not reach the city until 11 o'clock, owing to the logs, which, of course, put an end to the street railway excursion.

New Mexico Is Shaken By Some Minor 'Quakes

Earth Is Never Still Between the Continuous Vibrations.

52 SHOCKS SINCE SUNDAY

Noise of the Convulsions Is Frightful—Not a House in Socorro Is Safe to Enter, and Population Is Deserting the City by Thousands—Centre of the Earthquake Zone Is 10 Miles Wide by 30 Miles Long.

Albuquerque, N. M., July 20.—Refugees in large numbers are arriving here from Socorro, N. M., where great damage has been wrought by a succession of earthquakes since July 2. In that time not an hour has passed without one or more quakes. The centre of the disturbance is a zone 30 miles long by about 10 miles wide, running from the Ladrone Mountains southeast through Socorro, San Antonio and San Marcia. This side of the belt the shocks have been hardly felt.

Rumblings Like Heavy Thunder.

Each one is preceded by a loud rumbling like heavy thunder, which can be heard approaching from the northwest before it reaches Socorro.

People are leaving on every train, and those who cannot ride on the railroad are leaving by wagon. About 2,000 persons are camping out in tents, and no one dares to go indoors. Practically every residence and business block in the town has been damaged. There has been much distress among the people who are camping in the open, as heavy rains have fallen in the last two days, one being the heaviest for 50 years.

Ground Slips Violently.

The shocks generally occur as short, sharp jerks, the ground seeming to slip violently. It is believed that the adjustment of rock strata in the rugged Ladrone and Magdalena Mountains is the cause of the continued shocks. Provisions are growing scarce and real distress is feared for the refugees.

"The noise and the quakes are frightful," said Mrs. J. J. Leeson, a refugee from Socorro. "I have experienced earthquakes at Los Angeles and San Francisco, but never anything so sickening as these prolonged rockings and jerkings of the earth at Socorro. Water placed in a bowl will show continuous vibrations between the greater shocks, shewing that the earth is never still. Not a house in town is safe to enter and chimneys and walls topple with each recurrent tremor."

52 Shocks Since Sunday.

Fifty-two shocks have been felt since Sunday morning. The court house is wrecked. The building of the School of Mines is cracked and nearly every residence in the city is destroyed or much damaged. The town is largely built of adobe or brick. The Sante Fe Railroad has sent box cars to Socorro to take the people away, and many have already fled to old towns. Huge boulders have been jarred down on the railroad track and trains cannot enter the town. They stop several miles outside the place.

Hot Springs Hotter.

The water in the Hot Springs near Socorro has increased several degrees in temperature, and the inhabitants fear that the extinct volcano ten miles from the town will become active again.

The entire surrounding country has felt the shocks and much damage has been done, especially at San Marcia and Magdalena.

Menace to Railways.

Tojeka, Kans., July 20.—Reports received at the general office of the Atchison, Tojeka and Santa Fe road tell of delay to traffic on account of New Mexico earthquake. Boulders shaken down from the mountain sides have covered the railway tracks in places and fully fifty carloads of lava covers the tracks south of San Marcia.

Monument to Champlain.

Bar Harbor, Me., July 20.—A monument to mark the discovery of Mount Desert Island by the French explorer, Samuel De Champlain, on Sept. 5, 1604, was dedicated Wednesday. The monument is a moss-covered boulder, placed just east of the Seal Harbor, facing the open Atlantic. On one side of the stone is a bronze tablet with the following inscription: "In honor of Samuel De Champlain, born in France, 1567, died at Quebec, 1635: Soldier, sailor, explorer and administrator, who gave this island its name." On the reverse of the stone, there is an inscription which is an extract from Champlain's diary.

Estate of Wm. Hendrie.

Toronto, July 20.—The will of the late William Hendrie of Hamilton was filed for probate yesterday. The estate is valued in round figures at $2,300,000 The estate is divided equally among the ten children. The widow is left the homestead, and an annuity. The sons and Mrs. Hendrie are the executors. The succession duties payable to the Ontario Government, will, it is estimated, amount to $136,000.

Dr. Lynd in Court.

Toronto, July 20.—Dr. Lynd appeared before Magistrate Kingsford yesterday pleaded not guilty to the bribery charge and elected summary trial. The magistrate adjourned the case until Tuesday.

Convention Postponed.

Ottawa, July 20.—The proposed Dominion Conservative party convention, which it was planned to hold this coming autumn in Winnipeg, has been postponed till next summer.

The Address In Russian House Finally Passed

Parliament Sets Forth Attitude On Agrarian Question.

A NOTE OF PACIFICATION

Minimizes Revolutionary Feature and Address in Present Form Was Only Possible by the Abstention of Group of Toil in the Voting—121 Voted For and 53 Against, 101 Members Abstaining From Voting.

St. Petersburg, July 20.—(3 a. m.)—An address to the country setting forth the attitude of the Parliament on the agrarian question and the reasons for the delay in the adoption of a resolution of the problem was adopted by the lower House at 3 o'clock this morning, but in an emasculated form, with changes designed to minimize the revolutionary features of the document as an appeal to the people against the Government and to shift the emphasis to a note of pacification, in which the peasantry were exhorted to refrain from excesses and violence and to await Parliament's decision.

Group of Toil Didn't Vote.

The vote was taken at the close of a 12-hour sitting, in which it seemed probable that the address would be rejected entirely by the combined votes of the right and left wings of the House again the centre party. The address was saved by the abstention from voting of 101 members of the Group of Toil, and sympathisers with that faction who favored a more radical measure. There were only 124 votes, all constitutional democrats for the address and 53 against it. The minority comprised Count Hayden and Michael Stakovich, a marshal of the nobility, and other members of the right with a few extremists from the Socialist camp.

The Czar Hesitates.

At the council held at Peterhof Wednesday night the camarilla came out strongly in favor of dissolving Parliament, but, according to the best information, the Emperor hesitated, and at the moment of adjournment refused to agree to a dissolution, though his final decision was postponed.

Rely on Intervention.

Nevertheless, the more moderate faction of the Constitutional Democrats, comprehending that the Government can hardly avoid the issue, shrink from making the appeal to the country, which may involve a climb-down. They seriously believe that the advocates of a dissolution of Parliament, realizing that making the appeal would be equivalent to a declaration of civil war, count upon the active intervention of Austria and Germany, which, according to the official Rossia, have agreed in principle on sending troops across the border to aid in the suppression of an agrarian uprising, should the Russian Government formally request it.

The Rossia's announcement created a tremendous sensation. It is stated that the decision of the two neighboring powers was based on fear that the execution of the principles of the confiscation of their property in Russia would constitute a danger to them.

"The King's Head."

The Reich declares that if the Government adopts the desperate expedient of calling in Austrian and German troops to put down a civil war, the result will not be the same as in 1849, when a Russian army saved the Hapsburg dynasty. The paper declares that the people will rally under the banner of Parliament, as they did in England under that of the English Parliament at the time of Charles I., "with probably a similar result, namely, the loss of the King's head."

Stoessel Condemned.

The commission appointed to investigate the surrender of Port Arthur, recommends that Gen. Stoessel, the former commander, be dismissed from the army and shot, that Lieut.-Gen. Fock, who commanded the fourth Siberian division at Port Arthur, be dismissed from the army and undergo a year's hard labor; that Gen. Reiss, chief of staff of Gen. Stoessel, be dismissed and banished, and that Admiral Alexieff, former viceroy in the Far East, Lieuts. Gen. Smirnoff, commander of the Port Arthur fortress, and Gen. Vernander be reprimanded. The formal trial of these officers will take place shortly.

An attempt was made yesterday to assassinate Count Tedleben, aide-de-camp to Emperor Nicholas, the revolver bullet grazing his head. The would-be assassin escaped.

Troops Powerless.

Moscow, July 20.—A landlord, fleeing from Bobrov (in the Province of Voronezsch, where a peasant uprising has taken place), has arrived here and gives a frightful picture of the devastation. He describes the losses in the province as colossal.

The troops are powerless to cope with the peasants, who are marching in large bands, destroying practically everything. Not more than one-tenth of the estates are spared. The movement was started by the refusal of the landlords in the northern part of the Bobrov district to agree to an advance of wages to the farm women.

Town in Flames.

Samara, Russia, July 20.—The whole Town of Syzran, Province of Simbrisk, is in flames. The inhabitants are fleeing to Samara and Saratoff.

Syzran is situated on a river of that name near its confluence with the Volga, and 70 miles north of Simbirsk. It is a busy commercial and industrial place, having a population of over 32,000.

The Canadian Power Campanies Gives Privileges

May Export Only 50,000 H. P. of Niagara Electric Power.

PERMITS ARE TEMPORARY

Secretary Taft Intimates That He Must Investigate Before Granting Permanent Permits for Such Transmission of Power to the United States by Canadian Companies—Permanent Rights Depend on Result.

Washington, July 20.—In accordance with the act granting authority to the Secretary of War to regulate and control the waters of Niagara River for the preservation of Niagara Falls, Secretary Taft has announced that temporary permits will be granted power companies to take the following amounts of water:

Niagara Falls Power Co., 8,600 cubic feet per second.

Niagara Power Co., 4,000 cubic feet a second.

Lockport Hydraulic Co., 500 cubic feet from the Erie Canal, and 333 cubic feet from the lower level of the same canal at Lockport.

The Niagara, Lockport and Ontario Power Co. is granted permission to receive into the United States electrical current equivalent to 25,000 horse-power daily from the Ontario Power Co. of Niagara Falls, Canada, and the Niagara Falls Power Co. not to exceed 25,000 horse-power of electrical current daily.

These last two permits are the only ones granted for the taking of electricity generated in Canada into the United States, and the Secretary of War states that it will be necessary for him to make a thorough investigation before granting permanent permits for such transmission.

Secretary Tafts statmement shows that under the law the amount of water which he can permit to be taken is limited to 15,600 cubic feet a second, and he says that it does not seem to be necessary at this time to grant permits to companies which are not actually in operation.

GRAND OFFICERS ELECTED.

Grand Lodge, A. F. & A. M. Concludes Business—Ottawa Next Year.

Toronto, July 20.—The Grand Lodge, A. F. & A. M., closed its annual session yesterday. The election of grand officers for the ensuing year resulted as follows:

Grand Senior Warden: V. W. Bro. H. A. Taylor, Toronto.

Grand Junior Warden: W. Bro. Alex. K. Wanless, Sarnia.

Grand Chaplain: W. Bro. Rt. Rev. Dr. Williams (Bishop of Huron), London.

Grand Treasurer: W. M. Bro. E. T. Malone.

Grand Secretary: W. M. Bro. Hugh Murray.

Grand Registrar: W. Bro. W. D. Tye, Goderich.

Board of General Purposes: W. Bro. J. S. Dewar, London; W. Bro. F. J. Skinner, Gananoque; W. Bro. D. F. McWatt, Sarnia; W. Bro. A. Shaw, Kingston; W. Bro. William Rea, Ottawa; W. Bro. Allan Cameron, Owen Sound; R. W. Bro. S. A. Luke, Ottawa; W. Bro. A. J. Young, Nipissing.

The actual traveling expenses of the grand master and other officers were ordered paid.

The grand lodge will meet at Ottawa next year.

THE IRISH GLASS HOUSE.

Dundee Advertiser Says Emerald Isle Should Not Throw Stones.

London, July 20.—The Dundee Advertiser quotes a statement of Robert Houston, secretary of the Armagh agricultural technical instruction committee, to the effect that in eight years he has subjected over 200 Irish cattle to the tuberculosis test. One hundred and sixty-four failed in the test.

The paper says: "Those who live in glass houses should not throw stones. The Irish should be the last to cast imputations on the purity of Canadian cattle, yet with Canadian and other supplies stopped, upon Ireland Britain would have to depend for her stores.

Forest Man Hurt.

Detroit, July 20.—Stepping off a moving Woodward avenue car late Wednesday night, William Gammon, 31 years old, of Forest, Ont., was thrown to the pavement with great force, sustaining injuries, which may result in his death.

J. W. HUTCHISON,
Harwood P. O., Ont

Synopsis Of Canadian North-West Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

Latest News Of Various Sports

No Horse Racing At East Peterboro' Fair

Directors of Norwood Show Decide to Discontinue That Feature in Future—Will be Prizes for Trials of Speed, Though.

Horse racing at the Norwood Fair is a thing of the past. The directors at a meeting held on Monday, decided to cut it out in future. At that meeting a communication was read from Mr. Cowan with reference to the interpretation of sec. 29, of the new Act governing agricultural societies respecting horse racing and trials of speed.

The following motion was then passed: Moved by Mr. Neilson, seconded by Mr. Hawthorne, that we, the directors of the East Peterborough Agricultural Society, are willing to conform to such regulations, and request all officers in connection with out society to assist in the enforcing of the same.

It was however decided to make a new class for trials of speed and the prizes will be $30, $20 and $10.

First Game In City Ball League

Two Fast Teams Will Meet at Riverside Park.

The first game in the city baseball league will be played to-morrow afternoon at Riverside Park at 4 o'clock. The Armature and Toolroom teams of the C. G. E. shop eagus have joined their forces and will play a picked team from the Machine Shop and Brass Department of the same shops. This should be one of the best games of the season, as the two teams are among the strongest that could be selected in the city.

The lineup is as follows:

A. and T.—Quinlan, p, rf; Roddy p, rf; Roberts, cf; Whitcroft 2b; Treanor, 2b; Fitzpatrick, 1b; Ray, lf; Wareham, ss; Gillaspie, c.

B. and M.—Lang, c; Callaghan, 1b; Pilling, p; Sheridan, 2b; Curtis, cf; Tobin, rf; Pedlar, 3b; Walker, ss; Dercher, lf.

Sherbournes Want A Baseball Game

Toronto Team Would Like to Play Here.

The "Shelbournes," of the Senior Inter-Association Baseball League, Toronto, would like to play a game with a Peterborough team on Saturday, July 28th. The Sherbournes are a fast bunch of ball players and would, no doubt give any local team a good game. They want $35 and local expenses, but evidently haven't too much faith in the honesty of baseball players, because they stipulated that it should be paid before the game.

MELLINGTONS EASY FOR NIGHT OWLS

Last night at the exhibition grounds the Night Owls defeated the Wellingtons by the score of 7—3. The teams lined up as follows: Night Owls—Robt Pilling, p; B. Billington, c; Henderson, 1b; Holland, 2b; R. Pilling, ss; Milloy, 3b; Henry, rf; Russell cf; Kennedy, lf. Wellingtons—C. Hayes, p; Patterson, c; Thompson, 1b; Darke, 2b; Connors, 3b; V. Hayes, ss; White, rf; Gibson, cf; Harris, lf. The game was won on its merits, the Night Owls playing snappier ball than their opponents. For the winners Pilling struck out six while Hayes struck out two.

LAWN BOWLING

Members of the Bowling Club who are not playing and who wish to attend the banquet to the British bowlers on August 1st, are requested to place their names on the list now open at the club house. This list remains open until Monday night, after which date the remaining tickets will be offered to the public.

Giroux versus Kerr.

TURF.

A local turfman says that, contrary to reports which have appeared in Toronto journals, there was nothing like $2,000 that changed hands over the matched race between Harry Direct and Muriel Wilkes, and that there were by no means 1,500 people in attendance.

BASEBALL

The coal heavers challenge any team in the city to a game of baseball. The coal heavers have a number of their old time nine to pick from and are anxious to get into a game. The proceeds are to be devoted to charitable purposes.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of Itching, Bleeding and Protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c, at all dealers or EDMANSON, BATES & Co., Toronto.

DR. CHASE'S OINTMENT.

Orillia Blanked Bradford Team

An Exciting Game of Lacrosse in Asylum Town.

Orillia, Ont., July 19.—The lacrosse match here to-day was witnessed by the largest crowd ever seen on the field. Only once in the history of the Orillia Lacrosse Club has there been a bigger gate, namely, at the Cornwall-Orillia senior game some 15 years ago. Excursions were run from Bradford Meaford, Barrie, Beaverton and Sunderland. Everybody expected a tight game, and were somewhat disappointed at the poor showing of the Bradford team. The score was 9 to 0 in Orillia's favour. Bradford's defence and field were fully equal to Orillia's, but their home was away off colour.

Other Horses Might Enter

Suggestion to Have a Quartette of Local Steppers Meet.

It is rumoured that a second matched race will be arranged between Muriel Wilkes and Harry Direct, for $500 a side. Why not get Lady Gothard, owned by M. Connors; Tim Direct, owned by H. A. Cook, enter as it were, and have each owner put $200 into a purse. If the race is run off on the turf club track that body would probably be willing to chip in generously. And its worth while for the owners to risk working their horses with such a big sum at stake.

BASEBALL THURSDAY.

Citizen Protests Against Action Of The Council

In Matter of Treating Request of Water Commissioners—Believes They Have Earned a Salary—Work is Beyond Dispute—Suggests That Council Square Themselves at Next Meeting.

The Examiner, in conversation with a prominent citizen last night, heard some pretty wrathy words against the manner in which the request of the Water Commissioners was turned down by the majority of the City Council, on Wednesday night, when they applied for a salary.

It is a well known fact, he said, that the Commissioners have accomplished their labours better than any other body looking after the city's interests. The responsibility placed on their shoulders has been no light burden, and a considerable portion of their time has been spent to insure such good results as are known to exist.

During their four years' term of office they have not only given complete satisfaction as Water Commissioners but have made an increase in the amount of work, and also increased the amount of receipts nearly 40 per cent., yet the city council, he said, had refused to recognize their ability, and the significance of their important position. In so doing they have refused to make remuneration for their invaluable services to the city.

At the time of their appointment, he explained, the Commissioners agreed to work for the first year, without salary, but not only did they not receive anything then, but had never since. This was an act which the city fathers who have been in office during the last three years, ought to be ashamed of.

He was certain that the three men in office lost considerable time and money in attending to the wants of the city and had they not had the arduous task as Water Commissioners to attend to, would undoubtedly have been more in pocket. Year by year their duties have become more urgent, and the manner in which they have performed them, should have been sufficient to have their well deserved request granted.

"Moore, Matthews and Hill," he said, "were good men, and richly deserved to have a salary at once as Water Commissioners."

Although pleased to see that four of the aldermen were willing to comply with the request he expressed his surprise that the remaining five present were unable to appreciate "a good thing when they see it," and were therefore the means of turning it down.

The salaries would not, by any means, have to come from the city's coffers, he pointed out, but from the surplus, after all expenses had been paid. This would be more than sufficient to meet the amounts asked for and would be the means of giving the commissioners some slight compensation for doing the work so successfully.

In concluding his expressions of wrath against the city council for their conspicuous misconduct he hoped to see them take the matter up again at their next meeting, and try and "square" themselves.

A Good Story On Mr. Gardiner

Some Reminiscences of His Early Days.

The Garden Hill correspondent to the Port Hope Times has the following: "Mr. Jas. H. Gardiner, auctioneer of Peterborough spent a few days in the village last week renewing old acquaintances. When a resident of this place some years ago James used to have a base ball team of his own which was a winner. Whenever James was present on account of the enthusiasm he pumped into the boys. Whenever he thought it was necessary to have a home run all he had to do was to clap his hands and yell: "well done boys," and the trick was done every time. One evening when trying a new pitcher he noticed that it was dangerous for any one to be in the field during the ordeal, so after having a good laugh, he spoke thus: "Upon my word, Harry, you're the best greenhorn pitcher ever I saw," and had him relegated to a place of safety."

Commercial Men Do Not Like Holidays

Travellers Complain That They Cannot Do Business on Thursdays—Stores Closed in Afternoon—Forenoon Merchants Are Too Busy.

There was a sore band of commercial travellers and drummers lying around the city hotels yesterday and cursing the fate which brought them to Peterborough on that of all days. Quite a number of them landed in on the noon trains, expecting to be able to pursue their usual rounds and book a nice lot of orders. Instead, they found the stores closed, the streets empty, and the city as dull and quiet as the tomb.

"What's the matter?" was the first question they asked, for few of them remembered that the stores were closing for the half holiday. The hotel clerks were kept busy explaining matters.

Finding themselves with a day off, the drummers tried to find some way to spend it. The clerks were again applied to for information.

"Any theatres or pleasure parks in this city?"

"No, not exactly."

"Any chance of a water trip?"

"Not much."

"Then how are we to put in the day?"

"Why, you might go up and look at the lift lock—"

But at that stage, most of the drummers would break and go to drown their sorrows with something long and cool.

During the afternoon they were loafing around the front streets and saying things. It must be admitted that they had struck a bad day to idle away in Peterborough.

Will Hold Meeting.

In conversation with an Examiner reporter, one of the travellers stated that he believed over $10,000 in business was lost every year over these special holidays. He believed that the merchants ought to give fair warning when anything of the kind was contemplated.

"Next meeting that we hold, I'm going to bring the matter up. We will have to insist on knowing when the merchants are having a general close down."

They explained that, while it was true the stores were open in the morning, there was some special sale or other in progress, and the merchants were too busy to see them then so that the whole day was lost.

Time Passes All Too Quickly At Y.M.C.A. Camp

Only Five Short Days Remain—Some of the Interesting Incidents of the Last Few Days Interestingly Told by "The Scribe"—Baseball League Still Furnishes Good Sport.

Ninth Y.M.C.A. Camp, July 19.—This Thursday morning finds all bright and lively in our camp. Every one of us is able to appear at least three times a day, and do justice to the excellent food provided by our genial cook. Then, too, the store furnishes many extras in between. The sun has done good work on some, who are as swarthy as Indians, while others have had to resort to balms of various kinds to fix up sunburns.

The days are going altogether too fast, and after to-day, but five days remain, not including the excursion day on Wednesday next, when we tour the lakes prior to our return home.

Yesterday's baseball games were very exciting. The Chips won from the Tecumsehs by a score of 18 to 5, and the Chips in turn did up the Caps by a score of 13 to 3, with an innings or two to spare. The Caps did not play well yesterday, because their captain had pressing duties at the store.

The All Saints' excursion gave us a hail yesterday, and Buster could not resist the temptation to spend the day with his friends.

A big day is anticipated on Friday when the Fellowship Club's excursion will come up. Mr. Baker's nine from the city have challenged the camp's "All Stars" to a game, so that there will be wigs on the green. Everything possible will be done to entertain the visitors.

Last night Mr. McCann led us in a social sing, and afterwards conducted a moot on the subject of "sport."

He is the popular man of the camp, and after he had conducted a Bible study this a.m., he was given three hearty cheers. He said that this was the best outing he had ever had in his life. He leaves for home on the afternoon boat.

Section No. 2 have challenged the camp to the best original poetry—so the machine will be working overtime. Si is the poet laureate of the camp.

Some of our neighbours have funny ways of farming; one man brings in his season's crop of hay on a wheel barrow; it is said to have been in Noah's ark.

"Jidddy" Martin spent the greater part of last evening on the water. It was a serenade.

Berry picking is becoming a profitable and edible recreation and at almost every meal someone is chasing up the sugar can or the cream pitcher.

THE SCRIBE.

Paint Brush Pierced Arm

A Peculiar Accident to Port Hope Man.

A week ago Wilfrid St. Curs, son of Mr. Alfred St. Curs, section foreman, met with a painful accident.

A painter was at work on one of Captain Henning's houses on Smith street when Wilfrid who was playing tag with Johnnie Driscoll and Eddie Navin, accidentally ran against the ladder the painter was using. The paint brush fell from the painter's hand and the sharp pointed handle struck the boy near the shoulder making a wound an inch deep. He pulled out the brush which brought portions of flesh with it. After placing the ragged flesh together as well as he could he started for home, which is near the G. T. R. station, with blood flowing profusely from the wound. Dr. Powers was at once called and said that there was fear of blood poisoning setting in. The boy's arm is now progressing favourably and it is hoped that no serious results will be the outcome of the accident.—Port Hope Times.

"GOOD GROWING WEATHER."

When the New Scalp Antiseptic is Used.

A good head of hair is as much a "crown of glory" for man as it is for woman, notwithstanding all the poetry on the subject applied to the female sex exclusively. In the season when flies bite, the bald-headed man can sympathize with the Egyptians who were so sorely plagued on account of the children of Israel. Why not try Newbro's Herpicide? Others have been benefited and are loud in its praise. It cleanses the scalp, kills the germ at the root of the hair, and by keeping the scalp sweet, pure and wholesome, the hair is bound to grow as nature intended, regardless of the temperature. Try it and be convinced Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

Orangemen At Apsley Church

They Attended Service on Sunday, July 8th.

Apsley, July 19. — On Sunday, the 8th day of July last, the Orangemen and True Blues of Apsley marched in procession to St. George's church, Apsley, in the afternoon, when the Rev. C. Lord addressed them after the service. Mr. Booth reading the lesson; and on the 11th day of July last, the new English church here was opened for divine service, by the Venerable Archdeacon Warren of Lakefield. Mr. Langfeldt, rector of St. Luke's, Peterborough, and Rev. Mr. Lord assisting in the service, Mr. Booth reading the lessons. Mr. McAndrews, divinity student from Trinity College, Toronto, was also present. Mrs. Booth presided at the organ on both occasions. There was a surpliced choir, and a very hearty service throughout on both occasions. The Archdeacon congratulated the people on having such a fine church. Rev. Mr. Lord deserves a great deal of credit for his trouble in collecting for this church, which in a short time will be consecrated.

Had a Bad Leg.

"For twelve years I was a great sufferer with eczema on the inside of the leg. There was a raw patch of flesh about three inches square, and the itching was terrible. Dr. Chase's Ointment completely cured me, took away the itching and healed up the sore."—Mr. Alex. McDonell, Postmaster, Broad Cove, Marsh...

Direful Results Of Czar Nicholas' Action

A Revolution Now Seems Inevitable—Preparations Made to Remove Foreign Families From St. Petersburg—All Depends Now on the Army.

Examiner Special.

St. Petersburg, July 23.—Momentous events have followed the Imperial Ukase dissolving the Douma, and upon the loyalty of the Army depends the issue. The Douma has fled to Finland and panic stricken foreigners are leaving the city on every train. The representatives of the various Governments here held a conference and decided to ask for warships and to charter vessels to take off foreign residents in case of necessity. All the Ministers have placed their resignations in Minister Stolypin's hands. It is the general belief that a dictatorship must soon come. Hundreds of revolutionary agitators have been arrested in St. Petersburg. Patrols of cavalry were kept constantly on the move up till noon to-day, which kept petty disorder in check and has been effective so far in enforcing quiet on the entire city.

Charles Gow's Father Passed Away Saturday

One of the Most Highly Respected Residents of Dummer Dead—Lived There Thirteen Years—Had Been Ill for Some Months—Funeral This Morning Was Very Large.

Examiner Special.

Warsaw, July 23.—After a lingering illness, during which he suffered from indigestion, John F. Gow, father of Charles Gow, well known to the residents of this county and many others for his unfortunate connection with the now historic Dummer tragedy of last year, passed away on Saturday afternoon at 3.15, at his home north of this village. The late Mr. Gow had passed the sixtieth milestone in his life and was approaching the three score years and ten. He had been a resident of Dummer for 13 years, prior to that time living in Peterborough, where he now has two sisters living.

For some months past the deceased had been gradually sinking, his end being recognized as only a matter of a short time. He passed away on Saturday, survived by his family.

He leaves three sisters, Mrs. Geo. Brown, Peterborough; Miss Lizzie Gow, Peterborough, and Miss Annie Gow, Perth. Two sons and three daughters are also left to mourn his loss, his wife having pre-deceased him by some years. The sons are Charles and William at home, and the daughters Mrs. Ed. Handlin, of Dummer; Mrs. David Payne, Dummer, and Miss Bertie, at home.

The funeral, which took place this morning at 10 o'clock, was one of the largest in this township for some time. Interment took place at Little Lake Cemetery, Peterborough.

Hail And Wind Storm Did Much Damage Yesterday

Flower Beds in the City Suffer—Grain Beaten Down by the Wind and Hail in the Country—Terrific Storms on the Lakes—Many Windows Broken.

The sudden and violent storm which swept the city yesterday, would have been disastrous had its duration been longer. The intense oppressive heat of the afternoon presaged a severe storm and it came almost out of a clear sky, so suddenly did it swoop down. The down pour of rain which lasted a short time, falling to the depth of about half an inch, was swept in dense sheets by a strong gale from the north, and a little later a dense fusilade of hail, the stones being of large size and falling, at some points, heavily enough to almost cover the ground. During the hailfall the clouds in the north-western heavens were of an intense black—literally as black as ink. Not much damage was done however, except where raised windows permitted the hail to enter rooms and cover the carpets where it melted, if not at once seen and speedily removed. Delicate flowers were badly beaten down and the high wind split some elms in different parts of the city. The embankment of the new railway siding to the Cereal Company was somewhat washed out, but on the whole very little serious damage was done.

At Stony Lake the storm was violent for a time. Chairs were blown off verandahs, hammocks were blown rudely about and other minor damage was done. The hail was abundant.

The storm at Chemong was one of the most sudden that ever swept across the lake. With scarcely any warning, the wind changed the water from almost perfect calmness to one of the roughest surfaces ever witnessed there. Very little rain fell and from this source no damage was done. The lightning was very severe and lasted a considerable time.

In the Country.

Warsaw, July 23.—The storm here was of a very violent nature. There was no hail but the wind and rain was very severe. Many of the crops were flattened as if rollers had passed over them. A number of trees in the vicinity were blown down, but no damage was done by the lightning.

Indian River, July 23.—Rain, hail, wind were the accompaniments of the big storm here yesterday which was one of the most violent that has visited this district for some time. Windows in the village were broken by the big hail stones and crops were beaten down in the country.

In Smith township very little hail or rain fell but the wind was of a very violent nature and much standing grain was beaten down.

Sudden Death Of Mr. Wilhelmy

Passed Away Yesterday Morning at 3 O'clock.

The sudden death of Cyrille Wilhelmy, the George street dealer in electrical supplies and plumbing, occurred yesterday morning at the St. Joseph's Hospital. The late Mr. Wilhelmy came to Peterborough about 8 years ago from Montreal where most of his relatives reside. He was first engaged at the C.G.E. Works and about 5 years ago began business for himself on George street near the City Hotel. Later he moved to the premises next to Mr. Carey's store, which he occupied until his death. He was about 40 years of age and was well known in the city as a good business man.

His health for some time past has not been the best but it was only last Friday that he was taken to the hospital. Death was due to heart failure. The deceased was a member of a family of seventeen, fifteen of which survive him. His wife and two children predeceased him some time ago. The body left on the midnight C.P.R. train last night for Montreal where interment will take place.

BIRTH.

MILLER—At 174 Dublin street, on Sunday, July 22nd, 1906, to Mr. and Mrs. F. C. Miller, a son.

Another Hen Roost Robbed

Nineteen Valuable Chickens Stolen From Incubator Last Night.

Chicken thieves in the city seem to be increasing very rapidly, or else one hen roost robber must be getting rich. Last night Mr. Alex. MacGregor's chicken incubator was robbed of 19 Rose Combed Leghorns about three months old.

At 7 o'clock in the evening the owner closed the door of the incubator, and at that time found everything correct. This morning, however, the apartment was empty, and the door re-closed again, just as he had left it. Twenty-one fowl were there last night, but this morning only two were left, and these were running about the yard. About a week ago Mr. MacGregor's incubator had been attacked, but the thief or thieves had been scared away with only five chickens in their possession.

Some person well acquainted with the surroundings is supposed to be the guilty one, as a thorough knowledge of the situation would be necessary in order to find the spot where the poultry was kept.

Only Child Died From Lock Jaw

Dr. McNaughton's Son Died in London Yesterday.

The many friends in this city of Dr. McNaughton, a member of the staff of the Provincial Asylum, London, formerly a practising physician at Westwood, will regret to learn of the sudden death of his only son, Thomas John, aged 12 years, from lockjaw, yesterday afternoon, at his home in London. Word was just received of the death to-day, but no particulars were furnished.

The body will arrive in the city to-morrow night on the 7.33 C.P.R. train, and the funeral will take place on Wednesday at 2.30 o'clock from the residence of Mr. G. Larmonth, 294 Stewart street, to Little Lake Cemetery.

Mrs. Larmonth is a sister of Dr. McNaughton.

Expert's Report To Be Considered

At the Meeting of Committee To-night.

At the meeting of the Fire, Water and Light Committee to-night the report of Mr. Aitkin, the expert who inspected the wiring system of the city, will be dealt with. This will be the most important matter of business coming before the committee at the meeting to-night.

The Light and Power Company is anxious to learn what the report has to say in reference to the style of lamp provided for street service. In case a new lamp is to be ordered, the officials want to know it, in order that they may set about ordering it.

Cereal Company After More Girls

As Indicated by The Examiner on Saturday.

As announced in The Examiner of Saturday, the American Cereal Company is after a large number of girls for their packing department, and an advertisement appears in this issue calling for 50 girls. The increase in business, as indicated by the necessity for this large addition to the staff will be learned with pleasure by the citizens of Peterborough.

Finger Caught In Hay Fork

With Result That It Was Severed at First Joint.

On Thursday last, a painful, if not serious accident occurred to Mr. Albert Nichol, a resident of Smith, who lives about a mile from Bridgenorth. He was unloading hay by means of a hay-fork, and while in the act of sending up a large forkfull of hay, a finger was caught in the pulley attached to the fork, and was taken off at the first joint. Medical assistance was at once procured, and although Mr. Nichol is still suffering much pain, he is around again, and it is hoped will soon be able to continue his work.

Local Interest In The Wedding

In Which Miss Sadie Potter Will be Bride.

A wedding of considerable local interest is announced to take place on Wednesday, in Kingston, when Miss Sadie Potter, sister of Rev. J. G. Potter, of this city, will be married to Mr. Herbert Newman, for some years a member of the editorial staff of the Kingston News, and later editor of the Gladstone, (Man.,) Era. Mr. Newman has been connected with the Canadian Immigration Agency of London, England, but on August 1st will take charge of the Virden, (Man.,) Advance, which he has purchased. The wedding will be performed by Rev. J. G. Potter.

New Warehouse Of Shovel And Tool Company

Work Commenced This Morning by Hoolihan Bros.

Work is being commenced this morning on the new warehouse to be erected by the Peterborough Shovel and Tool Company. The contract has been let to the Hoolihan Bros. for erecting the building which will be 40 ft. by 120 ft. It will be built beside the C.P.R. siding on the company's property facing Bank street.

The New Auto Car Mounts Boulevard

And Gave the Residents of Water Street a Scare.

Residents of the vicinity of the corner of McDonel and Water streets, were awakened from their slumbers on Saturday night, about 11.30, by a noise which they state resembled the San Francisco earthquake.

Running to their doors or windows, as their stage of dress permitted, they were surprised to see the big auto-car mixed up with gas pipes lying partly on the boulevard.

It appears that rounding the corner in a narrow passage the car ran into some pipes, which proved its undoing. Fortunately it was running slowly and no damage was done.

Dr. Hodgett's Report To Be Ready Soon

When Board of Health Will Consider It.

It is understood that the report of Dr. Hodgetts on his recent trip to Lakefield along the Otonabee River, with Mr. Eyres, chairman of the local Board of Health, will be received in a few days, and a meeting of the Board will be called to consider it.

It is, of course, premature to discuss the contents of the report, but it is understood that there will be something radical done as a result of its publication.

MONDAY, JULY 23, 1906.

THE WORK OF THE MAN.

Not only in Canada but the world over is an intense interest taken in the rapidly growing importance of the Canadian West. In every department of activity, but especially in the production of wheat, the wonderful growth of the country challenges an interested attention — interested, because more and more every year the capability of this region for supplying food stuffs for the great moiety of the world called the Empire is being demonstrated. Population is flowing in apace and this section of the Dominion is approaching in population and production capacity the older parts of Canada. This great growth is due to two main causes—the natural productiveness of the soil and its immense area and to the careful manner in which this great trust has been administered by the Government. This wise administration has provided the conditions conducive to settlement and the creation of conditions favourable to the settler. The foundations of the present prosperity were wisely and securely laid during the regime of Hon. Clifford Sifton as Minister of the Interior. His administration provided the conditions that have largely led to the past, present and progressive results. When he took office he inaugurated his vigorous and aggressive immigration policy. He was especially well fitted for this work because he had the advantage of a personal knowledge of the capabilities of the western country and its needs. His policy from the beginning was bold, energetic and practical. He realized, what his predecessors had failed to grasp, that the landing of immigrants in the country, was only the beginning of successful immigration work, and that to gain the best results the conditions must be made such as to make the new Canadians content and comfortable. To this end the land regulations were greatly simplified, the new settler was welcomed and made to feel that he had found a home and friends. The aim was, in brief, to make the conditions the easiest for the settler, trusting to the fertility of the soil to do the rest. The result of this, combined with a persistent, energetic and enthusiastic effort in Great Britain and the United States, to induce immigration, has been a tremendous growth in population and the production results this condition brings. Whereas immigration was declining under the Conservative administration, it has since steadily and rapidly increased, till now the Canadian West is the Mecca of home-seekers, the cynosure of the eyes of the world. When one recognises that these results are largely due to Mr. Sifton and his policy, it was a matter of regret that he retired, temporarily, it is to be hoped, from public life. The importance and value of the services which Hon. Clifford Sifton has given and is capable of giving, justify the hope that he will again resume the activities of public life which have been of such great benefit to this great and growing country.

The Premier's Veracity And His Use Of Power

Another Chapter Added to the History of the East Northumberland Nepolitan Incident.

The following from the Colborne Enterprise throws additional light upon a transaction dark enough to need light out yet too dark to stand the light:—

It will be remembered that Premier Whitney, under peculiar circumstances, proclaimed to the world that the policy of the Government was not to dismiss without fair trial such members of the civil service as Registrars of Deeds. Shortly after this, however, the Registrar of East Northumberland was dismissed without being allowed a trial of any kind or an opportunity to make any defence, though he asked for both. It is an undeniable fact that Mr. Whitney made a similar statement regarding dismissals, over his own signature. Yet with a shameless disregard of the honour of his position and of his own reputation for truthfulness he ignores both his official public utterances and his own written statement to perpetrate an act so devoid of fairness and justice, so hateful and profligate that no one is willing to offer an apology for it.

Mr. Whitney, at the instance of Dr. Willoughby, with the methods of a bully and the instincts of a coward, dismisses an official and popular member of the civil service in defiance of precedent and decency and crowns their abuse of power with as gross an act of nepotism as can be cited. All this is very well known to the News and others not as professedly "independent," yet they one and all refuse to say frankly just what they think of the incident.

Another chapter has, however, been added to its history and it is hoped this may enable them to overcome their reluctance and say what they really think should be said in the premises. It need hardly be repeated that under date Nov. 6, 1905, Colonel Brown was asked by the Atty. General to send in his resignation if it was true that he "did at two different times on the 5th of January last canvass one William Fowler." A prompt denial seems to have buried this little attempt to get Dr. Willoughby's nephew in a soft place.

Afterwards, however, statements — by courtesy called charges — regarding happenings eight years before were made by interested and designing parties.

(The question has been raised how Dr. Willoughby and his nephew would like to have their individual records for the past eight years raked out and paraded before the public and whether or not, in case this were done, they would be in a position as strong as was Col. Brown to repel the attacks made upon him.)

Though Col. Brown was in a cowardly manner denied an opportunity to defend the wanton attacks upon his reputation, the act of dismissal was insolently consummated. Mr. Whitney, however, seemed to deem it proper to offer some palliation for his extraordinary conduct and gave out a statement in which among other things, in referring to Col. Brown's dismissal, he says:—"Statutary declarations were also made to the effect," etc., etc. Recently Col. Brown wrote the Attorney General's Department, asking for the names of the gentlemen who made the declarations referred to and received the following reply:

Toronto, July 19th, 1906.

Dear Sir,—I am directed to say in reply to your favour of the 5th inst., addressed to the Attorney General, that there are no statutory declarations against you as Registrar, or with respect to your dismissal. I am further to say that the Department looks upon this matter as closed.

Yours truly,
J. R. CARTWRIGHT.

W. W. Brown, Esq.,
Registrar of Deeds,
Colborne.

The inference the reader will make from this simple statement of facts is most pitiable, most humiliating. The excuse thus given by the Premier of this Province to allay public feeling is flatly contradicted officially. One naturally refuses to designate him by the term usually employed in such cases. But, however, one may regard such conduct, it is by no means the most to be dreaded in this unfortunate matter. There were no valid charges. There was no trial. There was no opportunity to defend. There was alleged to be evidence. The fact is officially denied. So there was no evidence. There was a dismissal followed by an appointment that no one cares to defend publicly. Why? For what? On what based? Was it revenge? Hatred? or just a vulgar greedy desire to occupy a lucrative position at the expense of the public. If not for any of these reasons why was an efficient, popular public official holding a responsible, honourable position treated with less consideration than the most ordinary individual charged with the infraction of a municipal law. Dr. Willoughby, Mr. Whitney and the News are challenged to cite a case that for unfairness, absence of justice, disregard for veracity, contempt of public rights and public sentiment and employment of despicable methods can bear any comparison with this one.

The letter referred to reads very like a public declaration that the office of registrar belongs to the Attorney General and that the rest of the world must be satisfied when his will is made known. The whole gratuitous statement with which the letter closes can hardly be overlooked. It is made quite clear that the Department does not desire and does not intend, if it can prevent it, to have any further correspondence or bother about this matter. No one need be surprised with this, however much one may be surprised at the insufferable impertinence of a man who is a servant of, and paid by the people, venturing to thus address a citizen writing and enquiring strictly within his rights. Doubtless the Department and all concerned would be glad if the public would also look upon the matter as closed, but this is hardly the view likely to be adopted by those who have a regard for both honour and probity, and a dread of men filled with the lust of power and ready at any public sacrifice to gratify the vulgar greed of place hunters and office seekers.

For Benefit Of Blind Children

The Institute at Brantford Ready to Receive Them.

Editor of the Examiner:—

Dear Sir,—I ask your assistance to enable me to get into communication with the parents or guardians of all the blind children in Ontario, under the age of twenty-one years. The Institution for the Education and Instruction of the Blind, maintained by the Ontario Legislature, admits as pupils "all blind youths of both sexes, between the ages of seven and twenty-one, not being deficient in intellect, and free from disease or physical infirmity, being residents of the Province of Ontario." It is not necessary that the applicant shall be totally blind; the test is inability to "read ordinary type and attend a school for the seeing without serious injury to teir sight." The initial difficulty is to locate the children who are eligible for admission, and it will be helpful in the future if your readers will send me the names and addresses of blind children under seven, as well as of those between seven and twenty-one.

Should you favour me by the publication of this letter, I would ask your readers not to depend upon the parents of the children with defective sight to attend to this matter. If all could witness the gain in health, happiness, knowledge and self-reliance that comes to those who, deprived by their affliction of access to the public schools, take advantage of the educational facilities afforded by this Institution, none would grudge the time and trouble required to widen the scope of the school's influence. Send me the names and addresses, and I will by correspondence or visitation do the rest.

H. F. GARDINER,
Principal O. I. B.

Brantford, July 20, 1906.

NORWOOD COUNCIL IS CONSTITUTIONAL

The following question and answer appeared in the legal column of the Mail and Empire:—

N. B., Asphodel.—Q.—In the Village of Norwood one of the councillors moved away, and the clerk put up a notice for the nomination of a councillor to fill the vacancy. One of the persons nominated gave the proper qualifications, and he was declared elected. He had acted as a deputy returning officer at the January election. He was nominated by a non-resident and was seconded by a person who only became a resident in 1906. Was he legally elected?

(2.) His election took place on the 20th of May and he has taken part in the business of the council ever since. Are the acts of the council in which he has taken part legal?

A.—Section 212 of the Municipal Act says "in case a vacancy occurs in the council caused by resignation or otherwise, the head of the council shall forthwith, by warrant under his signature, require the returning officers and deputy returning officers, appointed to hold the last election, to hold a new election, to fill the vacancy." Section 214 says, "the returning officer and deputy returning officers, shall hold a new election within fifteen days after receiving the warrant. The person thereupon elected, shall hold his seat for the remainder of the term for which his predecessor was elected." The fact that he acted as "deputy returning officer" at the January election makes no difference. And the Statute does not say that a candidate must be "nominated" by a "resident," therefore I think the nomination cannot be declared invalid on that ground.

(2.) The councillor had a right to take part in the business of the council, after his election, and whether he was validly elected or not he is a "de facto" councillor, and the acts of a de facto council may be perfectly valid.

WHY YOU CAN'T SLEEP.

It's just like this. Somewhere in the brain cells or blood vessels that supply the brain with blood, there is SOMETHING WRONG. That wrong must be righted or you'll go to smash.

Your physically exhausted body needs building up, needs more nutritious blood, needs tone and vigor. Your only hope is FERROZONE, which completely overcomes sleeplessness.

FERROZONE

IS GOOD FOR THE SLEEPLESS.

Every FERROZONE Tablet contains more concentrated goodness than you'll get in quarts of liquid medicine. It benefits instantly.

FERROZONE fairly fills the blood with nourishment. Feeds it with iron and oxygen, invigorates as nothing else can.

The refreshing sleep of a little babe, the restfulness and comfort of childhood's days will come every night of your life by using FERROZONE. Avoid substitutes!

Ferrozone is sold by all dealers in 50c boxes or six for $2.50. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

ADVERTISING THE CANADIAN WEST

The Canadian Government, which has expended vast sums in advertising its agricultural resources in order to attract immigration, has sent to England a sort of museum on wheels in the shape of a motor car, carrying exhibits of its farm produce. The advertising agents in charge of the display report that direct results are traceable to its tour of the English counties thus far visited. It is worthy of note, however, that without the co-operation of the newspapers of the Mother Country, the travelling museum would have failed of its object. The papers chronicle its coming and going and constitute the real connecting link between the Government and the prospective immigrants. Many an advertising scheme which looks novel at first sight is, after all, dependent upon the persuasive power of newspapers. Originality needs the newspapers to drag it out of obscurity and make it effective. — Brantford Expositor.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business transactions, and financially able to carry out any obligations made by his firm.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Fresh to strong north westerly winds. Fine and cooler to-morrow.

Board of Works.

—To-morrow night the Board of Works will hold a meeting.

No Police Court.

—There was nothing doing in Police Court Circles this morning.

Fire, Water and Light Committee.

—A meeting of the Fire, Water and Light Committee will be held in the city clerk's office to-night.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 MacDonnel street. 'Phone 199.

Auburn Excursion.

—The annual outing of the employees of the Auburn Woollen Co., will be held on Saturday, August 11, to Orillia.

Excursion Wednesday.

—On Wednesday the Metcalf street Methodist Sunday School, Oshawa, will run its annual excursion to Burleigh Falls. The special train will call at the intermediate stations.

Appreciated Kindness.

—Mr. S. H. Mitchell, city agent for the Great West Life Assurance Company is giving his patrons nicely polished foot-rules, with the compliments of the Company.

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valiet," presser, cleaner and repairer of clothes, 381 1-2 George street. 'Phone 575.

Man's Meeting.

—The Y.M.C.A. Men's Meeting on Sunday was fairly well attended. Rev. Dr. Crothers gave a very interesting address on "Two Men in Three States." Mr. J. F. Thornton had charge of the meeting.

Packet of Letters Found.

—Yesterday morning Mr. Isidore Vinnette found, in Inverlea Park, a packet of letters, the covers of which contained the address of Mr. S. J. Mansell. The owner can and may obtain his property by applying to The Examiner.

Excursion to Hastings.

—On Wednesday an excursion will be run to Hastings by the steamer Water Lily, carrying the choir and altar boys of St. Peter's Cathedral, and also the school teachers, trustees and winners of the recent writing competitions. On that day they will be the guests of Rev. Father McColl.

Books for Summer Reading.

—Hammock books, these, or railway train books, or lakeshore books — o anything else summery you have mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low a five cents each, or 8 for 35 cents Illustrated cover on heavy paper; 25 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

Murray Street.

—Yesterday Rev. L. McKinnon preached at both services, while the pastor, Rev. F. J. Scott, was at Selwyn and Gilmour Memorial, supplying the former's pulpit. The usual meetings will be held this week, the B.Y.P.U. to-night and the prayer meeting on Wednesday. The deacons will meet on Wednesday at 7.30. Next Sunday evening the ordinance of the Lord's Supper will be observed.

Gentlemen, if You are Bald,

See Prof. Dorenwend's Art Coverings in Wigs and Toupees, worn on thousands of heads. They are a protection against Colds, Catarrh, etc., and give a most natural and younger appearance to the face.

Trying on and demonstrating the superior art of these goods free of charge.

He will be at the Oriental Hotel, Peterborough, Wednesday and Thursday, July 25 and 26. Be on hand early. 51-31

PERSONAL MENTION

Those going on a holiday, or having friends visiting them in the city, would do the Examiner a favour by dropping a post card to this office containing the news, or telephoning the information to the editorial rooms. Telephone, Bell, 134; Machine, 57.

Please write proper names carefully and avoid annoying errors. The Examiner is always pleased to publish the news and many are interested in the coming and going of summer visitors. Tell your friends of your holiday through the Examiner.

Mr. W. Young spent Sunday in Trenton.

Mr. A. S. Shannon left to-day for Winnipeg.

Mr. Harry Creasman was in Belleville Sunday.

Mrs. A. LeHane went to Stony Lake to-day.

Mr. Thos. Dawson, Toronto, spent Sunday at his home.

Commencing this week, and continuing for the next six weeks, the meetings of the Young people's Society, of St. Andrew's church, and the prayer meeting, will be combined, and will be held on Wednesday nights At the meeting this week the choir will be in charge, the meeting taking the form of a prayer and praise service.

The Style of Hair Worn

Is an important factor to produce a younger and refined face and a well shaped head to any lady or gentleman. Prof. Dorenwond, who will be at the Oriental Hotel, Peterborough Wednesday and Thursday, July 25 and 26, can demonstrate this to anyone calling on him at his show rooms. He has Ladies' and Gents' Wigs, Toupees, Bangs, Wavy and Plain Fronts, Switches in every length and shade, that he will gladly adjust on any Lady's head free of charge to prove this. Don't fail to see him. It is his only visit to Peterborough this summer. Call early 5d-13

An aerial tramway four miles long has just been completed at Conrad City, Yukon, by the Conrad Consolidated Mining Co., in which Mackenzie and Mann were largely interested. It contains the longest span of any aerial tramway in the world, two thousand nine hundred feet. Work on another tram has been begun and two others are to be finished this year.

CHAMBERLAIN-DUNDAS.

Groom's Father Unable to Be Present Owing to Illness.

London, July 23.—At St. Margaret's Church, Westminster, Saturday afternoon, Austen Chamberlain, son of Joseph Chamberlain, the former Colonial Secretary, was married to Miss Ivy Dundas.

Few society functions in the past had attracted so much popular attention.

MR. AND MRS. CHAMBERLAIN.

Enormous crowds thronged the approaches to the church and gave the bride and bridegroom a rousing reception.

Joseph Chamberlain was not present, being confined to his residence by a bad attack of gout.

Both House of Parliament were well represented and the presents were unusually numerous and costly. King Edward, Queen Alexandra and the Prince and Princess of Wales being among the donors.

ENGLAND GETS KING'S PRIZE.

Capt. Davies of the First Middlesex Volunteers Wins the Trophy.

Bisley, Eng., July 23.—The King's prize ($1,250, the gold medal and the gold badge), open only to volunteers, was won Saturday by Captain Davies of the First Middlesex Volunteers, with a total score of 324. Sergt. Ommundsen of Edingurgh, winner of the King's prize in 1901, carried off the silver medal, and another Scotchman, Sergt. Reid, of Glasgow, took the bronse medal.

Staff-Sergt. T. H. Hayhurst was the only Canadian who reached the final stage of the competition. The meeting of the National Rifle Association ended Saturday afternoon.

Hayhurst, at the commencement of the third stage, was 12 points behind the leader, and with but a small chance of coming out first. His performances were not so brilliant as to raise the hopes of his countrymen very high. His total scores at the three stages, and the possible number of points, are as follows:

	Score.	Pos.
1st stage, 200, 500, 600 yds.	95	105
2nd stage, 500 yards	84	100
3rd stage, 200, 900, 1,000 yds	126	150
Totals	305	355

Hayhurst will get about $40 in prizes money in this match.

Lord Roberts Saturday inspected the Canadians. He spoke a few words to each man, and hoped they would be the winners of many prizes. Later Prince Arthur of Connaught inspected the team and viewed the pavilion.

CRASHED THROUGH BRIDGE.

Judge Townsend of Rossland, Wife and Son-in-Law Killed.

Nelson, B. C., July 23.—The Great Northern express from Northport to this city, about 5 p. m. Saturday, crashed through the bridge at Beaver Canyon. The known dead are:

Judge W. B. Townsend, formerly of Rossland, right-of-way agent for the Great Northern Railway, residing in this city, with his wife and son-in-law.

W. B. Smith, Kaslo, bar proprietor on steamer Kaslo.

M. D. Mackinnon, purser, steamer Kaslo.

Seven others are reported more or less seriously injured.

A special train was sent from Rossland with doctors and nurses, and the whole party arrived here about two o'clock Sunday morning.

Two Burned to Death.

Hamilton, July 23.—James Call perished in a fire that broke out in his rooms at the rear of 70 South Wamut street, about 2 o'clock Sunday morning and Mrs. Annie Beach, who passed as his wife, died at the city hospital the same morning. J. Cusner, from whom the couple rented the rooms, discovered the fire and he says that before turning in the alarm he notified the pair, who answered, but were apparently unable to escape. Neighbors tried to rescue them, but were overcome by smoke. Cusner was painfully burned.

Man Struck by Train.

Toronto, July 23.—Stef Robalack, whose address is box car 711, Toronto Junction yards, was struck by C. P. R. train No. 6 about 9 o'clock last night. He was attended by Dr. Clendenning and brought to the head of Bathurst street in a baggage car, and taken to the Western in an ambulance. A rib is broken and head injured.

Torn to Pieces in Shafting.

Brockville, July 23.—John Bernier, an employe of the International Paper Co. at Piercefield Mill, was caught on a shaft Saturday and literally torn to pieces. His arms were torn off; his body broken in two; and nearly every bone smashed. It was ten minutes before the shafting, making 350 revolutions per minute, could be stopped. Bernier was unmarried.

Farmer Trampled by Cows.

Brockville, July 23.—Talking between two cows, Herbert Laing, a farmer living near here, was thrown under the feet of one of the animals, by being kicked from his stool. When rescued, he had been trampled upon severely two ribs being broken. He was injured internally in the abdomen. The doctors are dubious concerning his recovery.

Drops 100 Feet and Lives.

Niagara Falls, July 23.—Thomas Scarffe, who has been in the employ of the Ontario Power Co. Transmission Line, fell over the cliff yesterday and although falling a clear drop of nearly one hundred feet and his body rolling about half that distance, escaped with a fractured shoulderblade and scalp wound. The man came here from Owen Sound.

Eighteen Reported Dead.

Charlotte, N. C., July 23.—Seaboard Air Line passenger train No 44 collided with extra freight train a mile west of Hamlet yesterday and from 12 to 22 people are reported to have met death. The dead and injured are being taken to Rockingham.

An important conference on the English canal system, took place at Birmingham, when it was advocated that the trunk lines from Hull to Bristol and London to Liverpool, should be united at a cost of about $45,000,000, and that the Rivers Thames, Humber and Severn should be connected.

Tore Their Flesh.

"My children were taken with an itching, burning skin disease, and tore their skin until it was sore, and their shirts would sometimes be wet with blood. The doctor did not seem to know what ailed them and could give no relief, so I began using Dr. Chase's Ointment. Whenever it was applied it did its work well and has entirely cured them of this horrible disease." — Mrs. Lois McKay, Tiverton, Digby Co., N. S.

Chemong Regatta On Twenty-fifth Of August

Date Was Decided for Big Event on Saturday Night—Chemong Park a Lively Spot This Summer—Cottages Have All Been Opened—A Big Storm on the Lake Yesterday.

Special Staff Correspondence.

Chemong, July 23.—The pretty little summer resort on the shore of Chemong Lake must not be forgotten among the ideal summer spots on the Kawartha chain. Although it is not so widely known as Stony Lake, yet it always attracts a great many tourists and cottagers every season, and probably more than any other resort for its size in the county.

The season at the park this year has been unusually brisk. The 37 or more cottages in a row occupying the beautiful position among the pines, and commanding a view of the big lake, have all been thrown open to admit of the cool breezes from the weather. The Park Hotel, under the able proprietor of Mr. D. W. Porter, has never contained as many guests as early in the season as at present. Every room is occupied and some have to be turned away. Mr. Porter has a number of others booked for the latter part of July and the first of August, when the present guests leave.

Mr. Pope, the genial boat liveryman and sage at the park, is very enthusiastic over the season thus far and the prospects for the future. He has done more business this month than in two of last year. Chemong, he says, is rapidly becoming a popular spot, and bids fair to supercede a great many of those more widely known.

Fishing on the lake is not an extensive occupation, although some excellent catches are reported. The summer inhabitants are more bent on boating and having a general jolly time, and they are certainly following it up.

Regatta on August 25.

Probably the most interesting event that has occurred at the park for some time was the annual meeting of the Chemong Yacht Club on Saturday night at the club room. Interesting, because at this meeting the date of the Chemong annual regatta—the greatest event of the season—was decided upon. It will be held on August 25 this year, and is already being looked forward to, especially by the dinghy owners, as it is on this day the coveted Kawartha Cup will be up again for competition, open to all dinghys on the Kawartha chain. The 25th of August, providing the day is a favourable one, will see a greater population at Chemong than ever it contained in the past. Excursions will be run from Sturgeon Point and Stony Lake, which, together with the increasing popularity of this annual event, will bring thousands to see the regatta on that day. The Kawartha Cup is at present held by Mr. Hopwood, Toronto, and as the dinghy population has considerably increased, this race promises to be a memorable one.

Excursion To Stony Lake.

At the Yacht Club's meeting on Saturday night it was finally decided to run an excursion from Chemong to Stony Lake on Civic Holiday, August 13, to attend the big regatta there. Many of the Chemong Lake boatmen intend trying conclusions with their brethren among the rocks on that date.

It was also decided to hold the junior regatta for the juvenile population at the park on the Thursday of the first week in August.

Officers Elected.

The officers of the Yacht Club and the various committees were selected Saturday night, resulting generally in the original members being re-elected for another term. The following are the officers:

Honorary Commodore, Mr. Macomb.
Commodore, R. M. Dennistoun.
Vice-Commodore, Milne Hamilton.
Secretary-Treasurer, A. A. Hollingshead.

the following committees were appointed:

Executive Committee—Alex. E. Holt, W. H. Hill, W. R. Hartshorne, T. F. Matthews, G. H. Hull, F. Roy, F. Merrett, Howard Hopwood.

House Committee—W. R. Hartshorne, W. H. Hill, T. F. Matthews.

A sailing committee, consisting of J. M. Hamilton, Howard Hopwood and F. Merrett, was elected. This committee will have full control of all sailing events, as well as the placing of buoys, etc.

Mr. W. S. Davidson was appointed secretary of the regatta.

There are at present 18 boats sailing under the club's colours and are owned by the following: Messrs. Hopwood; Dennistoun, 2; Matthews, Hamilton, Merrett, Easton, Currier, Gilmour, Dumble, Lundy; Bates, 3; Heathcote, Hollingshead, Roy and Mendell.

The honourary commodore, Mr. Macomb is a retired commodore from the United States navy.

There was also considerable discussion by the club on moorages, legal questions and on the routine business.

A Fishing Party.

Mr. Alex. Elliott took a fishing party through the lakes to Buckhorn on his gasoline launch, the "Altyre," on Friday evening, returning yesterday. The party were more than delighted with their outing, probably more so on account of their good fortune, which has given them excellent opportunities of telling how the gamey ones were landed.

Two Dinghys Upset.

Yesterday morning the big lake looked the very picture of tranquility. Scarcely a ripple ruffled its calmness, and very little headway was made by the many dinghys and sloops that dotted its surface. This continued until the afternoon when a slight breeze began to blow, enticing the sails out again. Just at 4 o'clock, with scarcely a moment's warning the breeze changed to a gale and the wind could be heard roaring from the west before it reached the lake. In less than a minute the whitecaps were raging, with two dinghys and a sailing skiff out on the lake. The former two turned turtle when struck by the first strong gust, in full view of the inhabitants of the whole village, who had flocked to the shore to watch their progress. Two persons were in each so that no time was lost in going to the rescue. Several skiffs went out and the quartette was landed none the worse for their unique experience. The sailing skiff hauled down the sheet at the first warning, and returned to shore in safety. Long residents of the village said that they had often seen wilder storms on the lake but none that rose so quickly and in such a manner.

Saturday's Flag Race.

The weekly dinghy race for the flag is one of the most interesting events of the week. Enthusiasm had spread throughout the whole camp and everybody assembled to witness the big event. The course consisted of twice around three flags one mile apart, making a distance of six miles. Three tacks are the least of course that can be made but are not yet the minimum number for all.

On Saturday seven — five dinghys and two sloops — were engaged in the struggle. Mr. Merritt was the winner and holds the flag until it was wrested from him again. The others finished in the following order: O. Dumble, Easton, A. A. Hollingshead, R. M. Dennistoun, (Wha Hae), D. Gilmour, R. M. Dennistoun, (Chipmonk.)

New Arrivals at Park Hotel.

Among the July guests at the Chemong Park Hotel are the following: Mr. and Mrs. M. Kondolf, Miss Louis and Mathias Kondolf, Mr. and Mrs. Chas. Little, J. H. Miller, Rochester, N.Y.; Mr. and Mrs. Alphonso Weill, Misses Marion and Katherine and Ralph Weill, Dr and Mrs. Aaron, Mrs. M. Block, Mr. and Mrs. Nathan Desbecker, Miss Francis and Harold C. Desbecker, Edgar Block, Allan Weill, Buffalo; Mrs. E. R. Allison, Mrs. Wm. J. Master Allison Jennings, Chicago; P. L. Allison, Peterborough, Mr. and Mrs. Baxendale, England, Perren C. Landon, Rochester; the Misses Davidson, Winnipeg; Dr. Ryerson, T. S. and E. J. Ryerson, Toronto; E. R. Fortner, Toronto; Mrs. Andrews, and son, Arthur, England; Miss Kelly, Berlin, W. Rucklay, Souris, Man., W. H. Schwartz, Buffalo.

Personal Mention.

Mr. and Mrs. Alex. Grant of Peterbough, are at the Park Hotel for the summer.

Mr. George J. Reilly spent Sunday at the park.

Mr. and Mrs. S. Jordan were visitors at the park yesterday.

Miss A. Murphy was a visitor at Chemong yesterday.

Miss K. Sharp spent Sunday at Chemong.

Mr. and Mrs. Charles H. Mitchell are spending a week at the Park Hotel.

Miss M. O'Neill visited Chemong yesterday.

OBITUARY.

MRS. C. H. MOORE

After a week's illness, the death of Mrs. C. H. Moore, occurred yesterday afternoon, at her home, 142 Hunter street east. The late Mrs. Moore, who was a life long resident of Peterborough, was well known in the city, and and news of her death will be received with sincere regret. She was taken ill about a week ago with peritonitis, which was the cause of her death.

She leaves to mourn her loss, her husband—to whom she was united in marriage November 23rd, 1882—and four children, one son and three daughters, Melville, of W. A. Sanderson & Co., and Misses Eva, Jennie and Lilian, at home. Her parents, Mr. and Mrs. John Craig, also survive her.

The funeral will take place tomorrow at three o'clock from the family residence to the Little Lake cemetery, for interment.

ADA BROWN.

The friends of Mr. and Mrs. Robert Brown, 223 Park street, will sympathize with them in the loss of their infant daughter, Ada, aged ten weeks. The death occurred yesterday and interment took place this afternoon to Little Lake Cemetery at two o'clock.

Another Survey For Grain Route

This Time Route Comes Very Close to Chemong.

C. P. R. surveyors are at work on another alternative route for the proposed grain route. This time they are surveying a road which passes a short distance on this side of Chemong Park. It is not known yet at what point they propose to cross the river, but it is understood it will be not far from Nassau.

The residents of Bridgenorth are very enthusiastic over the probability of its touching their village and have received assurances that it will do so.

BIG CONGREGATIONS AT PARK STREET

Park street Baptist church is in the south, but the members are not afraid of hot weather. This was marked yesterday at the large turnout at both services.

The theme in the morning was "Spiritual Vision, or the Single Eye," and that in the evening "Absolution."

Monday evening the B.Y.P.U. will meet, being in charge of the young people.

Ladies' Aid meets on Tuesday, with Mrs. M. Mowry in the chair.

Public service on Wednesday evening, the pastor presiding.

Thursday, the Ladies' Circle picnic, at Mrs. Robt. Smith's, Monaghan. 'Buses will leave the church at 2 o'clock.

A platform meeting will be held next Sunday evening, with a new band of workingmen.

Mr. Holmes Leaves On a Mining Tour To New Liskeard

Rich Silver Veins Reported on Relatives' Property.

Mr. Jno. Holmes the North Monaghan councillor left this morning for New Liskeard. At Orillia he will meet his brother, William, and a party of Buffalonians from where they will go to New Liskeard on a fishing tour for a fortnight. After their outing they will set out on a prospecting expedition to some property owned by relatives of the Messrs. Holmes upon which there is reported rich veins of silver.

Among the gentlemen from Buffalo is a mining expert who will conduct the inspection on the ground supposed to contain the hidden treasure.

Awoke To Find It Just a Dream

Coat and Waistcoat Were Gone With Money and Music.

After imbibing a little too much of the life-saving fluid on Saturday, Michael Fallon went to repose in Victoria Park in the early hours of Sunday morning not very well acquainted with the happenings of this world. He awoke sometime yesterday morning after daylight after passing through many beautiful scenes, only to find it was all a dream and that he was still among the trees of Victoria Park. The most lamentable part of the proceedings was that Michael was minus his coat and waistcoat of brown striped cloth, containing some money a mouth organ and a pocket handkerchief. His trousers were still with him.

Any person finding the dry goods would do a favour to leave them at the Police Station.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found who will deny that Newbro's Herpicide does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that Herpicide means, a destroyer or killer of "Herps." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair, this is the microbe that Newbro's Herpicide promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich. Ormond & Walsh, special agents.

On board a British battleship of the Mediterranean fleet, a tin of preserved meat was recently hoisted on a beam, and covered with labels, "Rats," "Dogs," "A Chinese Compound."

Eight new laws were promulgated in Manx and English from the Tynwald Hill in the presence of 10,000 persons, all of whom, with the exception of 2,000, were visitors to the Isle of Man.

A Friend Told Me About Bu-Ju

THE GENTLE KIDNEY CURE

Hundreds of people, who have been cured of Kidney Trouble by Bu-Ju, were first induced to try this wonderful remedy by friends who had themselves been cured. The sales of Bu-Ju are daily increasing, because everyone who takes them is benefitted—and these in turn, tell others. So the good news is spread.

Here is what a Pictonman says about Bu-Ju:—

"I have used Bu-Ju with great benefit to myself, and cheerfully recommend to all who, I think, are suffering from Kidney Troubles and Rheumatism.

"I think Bu-Ju the best remedy made."

Yours sincerely,
JAMES MILLS.

"Hay" A Subject For Poetry

Items of Interest Gathered by Hall's Glen Correspondent.

Examiner Special.

Hall's Glen, July 23.

The farmers now are busy here
With mower, fork and rake,
To gather up the hay in heaps,
And to the barn to take;
Which makes it necessary for all
Quite early to awake.
'Twill soon be over, and we'll feast
On huckleberries and cake.

Mr. Arthur Grant made a flying visit to Burleigh this week.

The automobiles have not visited our hamlet lately, but rubber-tired buggies are all the go. They're all right, aren't they, ——?

The North Dummer Orange Lodge attended the twelfth at Norwood this year. The day proved to be a fine one, despite the predictions to the ordinary.

Miss Lena Payne spent a week visiting friends in North Monaghan and Peterborough.

We are pleased to have in our midst again Misses Lida and Annie Crowe, who are with their mother for their vacation.

On July 12 some, Hall's, Glen and Warsaw people had an enjoyable picnic at the canal.

Miss Hazel Walsh, Julian's Landing, spent a few days at Mrs. R. W. Payne's.

At the first of the vacation Miss Adah Payne passed a week in Bellville and Campbellford. At the former place she attended the closing exercises at Albert College.

Miss Maggie McAdam is visiting her sister, Mrs. G. Crowe.

We are pleased to hear that Mr. Oswald Jory is recovering from his accident.

Mr. A. Carveth and Miss Murphy spent Sunday at Warsaw.

Mrs. P. W. Currie, of Ottawa, is down visiting relatives in this vicinity.

Miss C. Roseborough, from the city, is staying for a few days with her aunt, Mrs. J. Crowe.

It was stated at a meeting of the Central Unemployed body for London that nobody who is unlikely for physical or moral reasons to make a good colonist is sent to Canada by the emigration committee.

A masked robber entered an express train in Germany and robbed a lady, her children, and a governess at the point of a revolver, afterwards making his escape while the train was going at full speed.

Trent Canal Level And Late Superintendent

A Letter From Mr. R. B. Rogers—Examiner Has Not Treated Him Unfairly.

To the Editor of the Examiner,—

Sir, — My attention has been drawn to an article in your issue of the 17th inst., it which you state, "It is questionable if the late superintendent in seeking to arrange a meeting of the cottagers to condemn the course of the present superintendent is acting wisely." The "Examiner has been informed that within the last three days the late superintendent has been trying to arrange a meeting of the Cottage Holders' Association to condemn the present high water. But he should possess his soul in patience."

I protest against the continual unfair treatment you accord me. With regard to this last attack on me, I beg to say, as you know, and it would have been only fair for you to have stated so, that I am president of the Stony Lake Cottagers' Association. As such I am required by the constitution to call a meeting of the Association when requested by members to do so. I have been requested to do this, but have not so far complied, nor have I been trying to do as you insinuate.

Your statements as regards the regulation of the water when under my control, are alike also unfair, and not according to facts. I merely wish to state that the works at Young's Point and Burleigh, were designed and constructed by the late Mr. Rubidge, then engineer of construction, some twenty years ago, for a fixed level of water in Stony Lake, which level was about three and a half feet below the water as it is to-day. Compensation was paid for damages at this level. My instructions from the Department were that the water was not to be raised above this level. When I endeavoured to hold the water at a higher level, I was censured, and informed that I was not to use Stony Lake as a reservoir. If new instructions are now issued by the Department, and the Government intend to compensate for land damaged for a higher level of water, I think fair-minded people will agree that your criticisms are most unfair.

RICHARD B. ROGERS.

Peterborough, July 20, 1906.

No unfair treatment is given Mr. Rogers by the Examiner. A member of the Cottage Holders' Association informed the Examiner, as stated, that Mr. Rogers was speaking to him about a meeting regarding the high water, and he protested against the way steps were being taken to try to make political capital out of what every person knows is for Peterborough's benefit. As superintendent of the waterway and canal we have no hesitation whatever in saying that for years Mr. Rogers has been his own worst enemy. Conservatives and Liberals alike all admit this.

Count de la Vaulx's new steerable balloon made its first ascent from St. Cloud, France, answering the rudder perfectly till the screw failed to act owing to the loosening of a nut, and the balloon descended without accident at Montrecourt.

Head Of The Lake Is As Popular As Ever

Great Many Visitors in the Vicinity of Boschink—They Declare it is the Best Part of the Lake—The Usual Large Number of Sunday Visitors Reported—Some Good Fishing is Recorded.

Special Staff Correspondence.

Stony Lake, July 23rd. — The people on that part of Stony Lake east of Boschink, and known as "the head," are not backward in declaring it the best section of the lake, and claiming the finest fishing and most beautiful scenery is to be found here. The claim seems to be well founded, for certainly one could not find more charming islands than those near the head. Two of the most popular picnic resorts, Eel's and Jack's Creeks, are to be found here and they are visited by people from all parts of the lake.

The cottages here are nearly all opened for the summer and the lake has begun to take on a gay appearance. Amongst those at their cottages are the following: Mr. R. J. Winch and family are at Yarrowbrae; Mr. C. H. Winch of Montreal, is at his cottage; Mr. Mitchell of Toronto, and family, are at Sunnyside; Mrs. Craig of Toronto, is at Belle Island; Mr. and Mrs. H. P. Gould of Parkdale, Toronto, are at Woodseat Hall; Mr. Merrell of Pittsburg, is occupying Mr. H. LeBrun's Cottage, Belle Chase; Mr. J. D. Craig and family of Peterborough, are at Upsidon; Mr. and Mrs. R. B. Lundy of Peterborough, are at their summer home. Mr. Ackerman of Norwood has opened his cottage for the season. Mr. Craig of Fergus has purchased a cottage on the Dummer shore, and is occupying it with his family. Miss Williams of Norwood is at Maplehurst.

Among the other Norwood people at the lake are Mr. John Davidson, principal of the high school, Mr. Nicholls and Mr. H. G. Buck. All have a large number of visitors.

Mr. and Mrs. Simpson of Peterborough, with a number of friends, are occuping Mr. Grubbe's cottage at the mouth of Eel's creek.

Crowe's Landing, which is to the people of the head, what Juniper Island is to those farther down the lake has taken a decided boom owing to several improvements, and is the liveliest spot in this section. The new Government wharf built last fall, is one of the best on the lake, and was badly needed here. It has given the greatest satisfaction.

The store at the landing, which was closed up last year, has been reopened by Mr. McKelvie of Norwood, who carries a full line of all campers' supplies, much to the satisfaction of the summer residents. The establishment, which includes an ice-cream parlous is being largely patronised. The only handicap here is that there are only tri-weekly mails, but this may be remedied before long. The mail comes to Clarina post office, via Norwood. The post office formerly known as Stony Lake, was changed to Clarina some time ago, when Juniper post office became known as Stony Lake. Now that the latter office has been changed again, residents here will endeavour to have the old name restored.

Mr. Davidson of Norwood, has a fine new cottage this season, and in addition has purchased a speedy gasoline launch which arrived on Saturday.

The annual tea of the Carmel church, Dummer, will be held on July 30th. This is always well attendtended by the cottagers, who are looking forward with pleasure to this interesting event.

The many friends of Mrs. R .B. Lundy of Peterborough will be sorry to learn that she has been very ill.

Mr. Vernon Craig caught three lunge, weighing six, seven and ten pounds in less than an hour on Friday afternoon. Fishing has not been as good as usual here, but is expected to improve.

Several people in small boats were caught in the terrific squall which burst upon the lakes about 5.30 Sunday afternoon and had great difficulty in reaching shore in safety. There was almost a hurricane for a few minutes and it was absolutely impossible in the open part of the lake to make headway, against the storm, the only safe course being to run with the wind. People who had gone to the head of the lake and were returning when the sudden squall came, were placed in a very dangerous position, but fortunately were able to get in the lee of islands until the storm, which went as quickly as it came, had passed.

Mount Julian.

The season at Mount Julian has been a busy one and a large number of guests have been registered. Among the latest arrivals at the Mount Julian Hotel are the following:—E M Connor, Paul M Joyce, Rochester; Elgan D Hayes, Wallace H Evans, Pittsburg; Dr. and Mrs. G W Stevenson Sanding, W H E Bravender, Harriston, N.Y.; H B Watt, Durham, Eng.; T A McClennan, Peterborough; Wm. L Crawford, Albany, N.Y.; Spencer Howland, Oxford, Eng.; Miss Dorothy Tait, Alfred O Tait, Toronto; O C Seath, Rochester; L E Book, G B Church, G A Schleiger, Rochester, N.Y.

In J. E. Kelly, of Lackfield, Mount Julian has the distinction of having the only barber on the lake. Mr. Kelly has a well equipped shop near the hotel and as he is an experienced barber, is naturally kept busy almost night and day in attacking beards which seem to thrive in the air from the pines.

Mr. Will Cochrane came up to the lakes on Saturday.

Mrs. J. R. Stratton and Mrs. Loch were among the Saturday arrivals at the lake.

Mr. Benj. Shortly came up to his cottage on Saturday.

Dinner Party For A Popular Bride

Mr. and Mrs. M. H. Skuce the Guests at a Delightful Function.

The Redlands, (Cal.,) Review, has the following society note, which will be read with interest by the many friends of the bride, whose marriage was reported some few days ago. The Review says:

The home of Mr and Mrs. John Allen, of 208 East Citrus avenue, was the scene of a merry dinner party given last evening in honour of Mr. and Mrs. M. H. Skuce, who returned on Tuesday from a short bridal trip to Santa Catalina and Long Beach. The rooms were beautifully decorated with a profusion of greenery and white flowers. Over the dining table in canopy effect streamers of white fluttered from the chaudelier to the corners of the table, and a handsome bouquet of bride's roses and plumosus asparagus ferns formed a graceful centrapiece at the table where covers were laid for fourteen.

The guests included Mr. and Mrs. J. Graham, Mr. and Mrs. M. H. Skuce, Mr and Mrs. W. F. Stutt, Mrs. Mary Skuce, Mrs. Mary Stewart, Miss Helen Burgess, Miss Nina Burgess, Charles Skuce and Herbert Stutt.

Remnants! Remnants!! Remnants!!!

B. Y. NOYES, 408, George Street

To celebrate three weddings over 3,000 persons recently assembled in a village in Drittany, and for three days kept up a feast during which time they consumed seventy-five barrels of wine and cider, fifteen oxen, ten cows, thirty calves, and one thousand fowl and rabbits.

Peterborough Interested In Western Progress

The Trade Expansion There Means Many Orders for Local Manufacturing Concerns—Mr. R. R. Hall, M.P., Tells of His Recent Trip to Northwest—A Steady Progress Reported—Great Crop Prospects—Lumber Business is Prospering.

Mr. R. R. Hall, M.P. for West Peterborough, arrived home on Saturday after a business trip of one month in British Columbia and the Northwest.

Mr. Hall, when seen by an Examiner reporter, expressed himself as greatly pleased with the result of his mission to British Columbia, and was most enthusiastic in his views regarding the development of Western Canada.

A Prosperous Company.

On the 20th of June Mr. Hall left Ottawa for Arrowhead, B.C., to attend a meeting of the directors of the Big Bend Lumber Company, of which Mr. Theodore Ludgate, formerly of this city, is manager. This company owns property worth upwards of half a million dollars. Its mill had a capacity of about 75,000 feet per day, which is now increased to 125,000 feet a day. The company possesses the largest dry kills and planing capacity in the mountains. A decidedly marked improvement in the lumber business has taken place in British Columbia during the last six months. Mr. Hall said: "I was very much surprised in my recent visit at the number of the representatives of the largest sawmill manufacturers of the United States in British Columbia, who are looking over plants and limits with a view to purchasing them."

Lumber Business Expanding.

The Bowman Lumber Company of Minneapolis have recently purchased a large mill at Revelstoke and have erected another at Comaplex. Negotiations are about completed for the purchase of other sawmill plants and limits at a price which will net the purchasers about two dollars for every one dollar invested by them about two years ago. There is no doubt in my mind that the immense timber limits of British Columbia will pass into the hands of wealthy manufacturers who are being attracted there largely by reason of the stupendous growth that is taking place in the Northwest Provinces. I had the opportunity of meeting many well-informed business men in the Northwest Provinces, and from them I gather that the arable land which has been brought under cultivation this last year is unprecedented. The influx of people to the Northwest this year has been on a scale which is wholly without precedent. Many wealthy American farmers are going in and purchasing immense tracts of land, and on account of their wealth are bringing under cultivation more land in one year than formerly whole settlements of farmers were able to accomplish. For instance, one farmer in the United States last year made a profit out of his year's operations of $67,000.

Farmers are Anxious.

"From present indications it is perfectly apparent that in the larger and richer fields of the Northwest the immense expansion of farm land in the Western States, tributary to the banks of the Mississippi will be far surpassed by the rapid growth and development which will take place in the Northwest, in the territory tributary to the Saskatchewan. A fear this year seems to prevail amongst the farmers that the additional help of 25,000 men to harvest the crop will not be forthcoming and that thousands of acres of grain will remain uncut. There seems good grounds for thinking so, especially in view of the thousands of men who have been pressed into service in the construction of the thousands of miles of railways that are now under construction in connection with the Grand Trunk Pacific, the C. N. R. and the C. P. R. at various points between Port Arthur and the Rocky Mountains.

Local Manufacturers Interested.

"There is no question that the manufacturing industries of Peterborough are vitally interested in this great growth. Amongst the lumbering men and mining men of British Columbia, the Wm. Hamilton Manufacturing Co. stands high. The Canadian General Electric Co. have an office in Vancouver and Winnipeg, and are installing electric plants in Fort William and Winnipeg, and in the Kootenay Valley, which are only second in size to those which are being established at Niagara Falls. The Canadian Cordage and Manufacturing Co., Limited, have had to decline many orders for twine to supply the wheat fields of the great West, notwithstanding that it has been running to the utmost of its capacity. The erection of buildings in the city and towns of the Northwest has certainly been a great benefit to the Peterborough Lock Manufacturing Company, and the railway development will certainly persuade the Peterborough Shovel and Tool Co. that its plant will be wholly unable to fill its share of the demands for shovels, and our two great cereal companies may count upon increasing demands for their products."

Narrow Escape From Drowning

East City Young Man Caught in Eddy Below the Dam.

Another narrow escape from drowning is recorded from East City. On Saturday afternoon a number of boys and young men were bathing at Rogers' dam, some distance above the Hunter street bridge, when Harry Wyatt, a resident of Driscoll Terrace, almost met his death. In some manner he was pulled into the eddy just below the dam, and was just exhausted when a board was thrown to him by Joseph Primeau, upon which he was carried to safety.

FIRST CLASS NEW BOARDING HOUSE

Mrs. Wylder's well known boarding house, Chamberlen street, which was burned last January, has been completely rebuilt in substantial style and finished in a thoroughly modern manner, with all modern conveniences, by Messrs. Letellier & Bennet, who have made a thoroughly first-class job of the work. There is not a more complete, comfortable and convenient boarding house in the city. It will open for the accommodation of ten boarders on Monday next, July 30th. Permanent accommodation is assured, as Mrs. Wylder, who has had several years' successful experience in keeping a first-class boarding house, owns the property.

COURT LITTLEJOHN'S ANNUAL EXCURSION

Arrangements have again been completed between Court Littlejohn, C. O.F. and the Grand Trunk Railway for the twentieth annual excursion to Toronto and Niagara Falls on Peterborough's Civic Holiday, Monday, August 13. This splendid trip includes conveyance by rail to Toronto, and thence by magnificent steamers across Lake Ontario to Niagara, and by electric railway, giving a magnificent view of the thrilling whirlpool and other scenery, for 11 miles in full view of all the wonders of Niagara. Excursionists who desire may extend their trip to Buffalo. Toronto tickets will be good for two days, and Niagara Falls tickets good for three days. Price of tickets and other particulars will be announced by posters and hand-bills in a few days. The chairman of the committee is Mr. Joseph Saunders, and the secretary Mr. Robt. Mulligan.

SOMETHING NEW.

The Central Canada Fair at Ottawa this year, September 7 to 15, will likely be the best ever given in Canada. Of the many changes this year, the dropping of the spectacular for the night show, and the substitution of the popular comic opera, "The Gingerbread Man," this to be staged on a grand scale in the magnificent new steel and concrete blocks theatre hall now being erected on the grounds, will appeal to everyone. People were tired of the spectacular show, and the enterprise and progressiveness of the directors will doubtless be rewarded by monster houses every night.

SUNLIGHT SOAP

is better than other Soaps but is best when used in the Sunlight way. Follow directions.

SUNLIGHT WAY OF WASHING

FIRST.—Dip the article to be washed in a tub of lukewarm water, draw it out on a washboard and rub the soap lightly over it. Be particular not to miss soaping all over. THEN roll it in a tight roll, lay in the tub under the water, and go on the same way until all the pieces have the soap rubbed on, and are rolled up.

These go away for thirty minutes to one hour and let the "Sunlight" Soap do its work.

NEXT.—After soaking the full time rub the clothes lightly out on a wash board, and the dirt will drop out; turn the garment inside out to get at the seams, but don't use any more soap; don't scald or boil; single piece, and don't wash through two suds. If the water gets too dirty, pour a little out and add fresh. If a streak is hard to wash, rub some more soap on it, and throw the piece back into the suds for a few minutes.

LASTLY COMES THE RINSING, which is to be done in lukewarm water, taking special care to get all the dirty suds away, then wring out and hang up to dry.

For Woolens and Flannels proceed as follows:—Shake the articles free from dust. Cut a tablet of SUNLIGHT SOAP into shavings, pour into a gallon of boiling water and whisk into a lather. When just lukewarm, work articles in the lather without rubbing. Squeeze out dirty water without twisting and rinse thoroughly in two relays of lukewarm water. Squeeze out water without twisting and hang in the open air.

☞ The most delicate colors may be safely washed in the "Sunlight" way.

SAVE THIS PICTURE IN YOUR COLLECTION FOR PREMIUMS

$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

5c. Buy it and follow directions. 5c.

Empire Now In Autocrat's Grip; The Czar's Course

Russian Douma Wiped Out By the Czar By Short Ukase.

CAME TO IGNOMINOUS END

Another Ukase Declares Capital in a State of Extraordinary Security, Akin to Martial Law—New Assembly is to Be Elected Before March 5, 1907—Members of Late Parliament Go to Finland to Plan.

St. Petersburg, July 22.—Russia's first experiment in Parliamentary Government came to an ignominous end Saturday night with the promulgation of two imperial ukases, the first dissolving the present Parliament and providing for the convocation of its successor on March 5, 1907, more than six months hence, and the second proclaiming the capital of Russia and the surrounding provinces to be in a state of extraordinary security, which is only infinitesimally different from full martial law.

This measure of safety is to provide for the outbursts which undoubtedly will be provoked by this daring measure.

It is now but a step to dictatorship.

The text of the two ukases, both of which are addressed in the stereotyped form to the ruling Senate, follows:

Parliament Dissolved.

"According to paragraph 105 of the fundamental laws, we order the Imperial Parliament dissolved and fix the time for the convocation of the newly-elected Parliament for March 5, 1907.

"Regarding the time for the new election to the Imperial Parliament we will later issue special indications.

"The ruling Senate will not fail to take proper measures to place this into effect.

(Signed) "NICHOLAS,
"Peterhof, July 21."

"Extraordinary Security."

The text of the second ukase follows: "In consideration of a report of the Council of Ministers presented to us regarding the necessity in the future for the preservation of order and public safety in the city and province of St. Petersburg, we consider it necessary to declare in the above city and province, instead of the state, of reinforced security which now prevails there, a state of extraordinary security. The prefect of the city and the governor of the province are intrusted with the rights thereto appertaining.

"The ruling Senate will not fail to take proper measure to place this into effect.

(Signed) "NICHOLAS,
"Peterhof, July 21."

Sets Russia Back.

With these pithy but momentous orders, which were promulgated at 3 o'clock yesterday morning, Emperor Nicholas, by a stroke of the pen, set Russia back to where she stood two years ago, putting the iron grip of autocracy and irresponsible Government wiping out for six months at least the whole structure of Parliament, created at such cost.

There is but little doubt that the convocation of the new assembly will still further postpone this time, unless new Parliament promises to be more amenable than the present.

The delay in fixing the time for the new elections seems to indicate a decision to change the present basis of suffrage to perhaps a basis of universal suffrage, with which the advisers of the Emperor hope to swamp the educated Liberals, the Socialists and the workmen with the vast mass of peasantry.

The Coming Storm.

The only uncertainty is the coming storm—when and where it will break. The advocates of the "Mailed fist" believe that by dissolving Parliament and provoking a collision now they will find the revolutionary leaders not prepared for an uprising, as at Moscow, whereas further delay would give the revolutionists the time needed to organise and to continue corruption of the army.

There are no precedents in Russian history for the execution of an order of prorogation, but Monday probably will find the Tauride Palace in the possession of the military and the surrounding streets held by the Emperor's Guards.

The Constitutional Democratic caucus, which had been in session for several hours, adjourned before the news of the dissolution of Parliament was received, but the information already has reached the leaders of the party.

Appeal to Faithful.

An imperial manifesto, issued last night, which is regarded both as a threat and an appeal to the Emperor's millions of mujiks to join in suppressing the revolution under promises of land, summons the "faithful sons of Holy Russia." Many Liberals consider this a direct incitement of the "black hundreds."

In spite of the excitement, yesterday passed with comparative quiet in the capital, and street rioting only began with the advent of darkness. The collisions generally were on a small scale.

Depend on Army's Loyalty.

With the imperial ukase dissolving Parliament, the curtain rose upon possibly the last act in the great drama of the Russian revolution. The people and the Government now stand face to face, and upon the loyalty of the Army depends the immediate issue.

During Saturday night additional troops were brought in and disposed of according to plans previously adopted.

The work of gathering in revolutionary agitators began immediately after the ukase placing St. Petersburg in "a state of extraordinary security," was promulgated and hundreds of arrests were made before daylight.

The powers conferred upon M. Vonderlaunitz, prefect of police, and M. Zinovieff, Governor of the province, are little short of those of petty dictators.

Ready For War.

The proletariat organisations have been preparing for months for just such provocation to declare open war. It is impossible to describe the consternation with which the Constitutional Democrats learned the news. Although it has been bruited for the past three days, the ukase was received by them in blank amazement.

After a hurried secret conference yesterday morning, it was decided, on account of the possibility of the meeting being broken up and the members arrested, that they go immediately to Finland and decide the future course to be pursued, and small groups left yesterday afternoon and evening by train. Whether word was given them to meet at Viborg or Helsingfors is not known, but it seems probable that Finland in future Russian history will become synonymous with "the tennis court" of the French revolution.

Even Count Heyden, the leader and other members of the right are understood to have departed. It is quite improbable, however, that Parliament as a body will attempt to formally set up its authority against that of the Government.

General Strike.

The Constitutional Democrats and intellectuals generally recognize that they have no weapon with which to fight the Government bayonets. The initiative, therefore, will naturally fall to the proletariats. This, the Social Democrats and the Group of Toil in Parliament all along have recognized and the most elaborate preparations have been made to repeal the tactics of the last fall and paralyze the country with a general strike.

But the plans at this time have been perfected, with much more deliberation and involve not only the paralysis of cities, telegraphs, railroads and all means of communication throughout the empire, but a complete strike of peasants in the country as well. They confidently believe the loyalty of the troops has been so shaken that the military supports of the Government will give way and when put to the test, the army will be divided against itself.

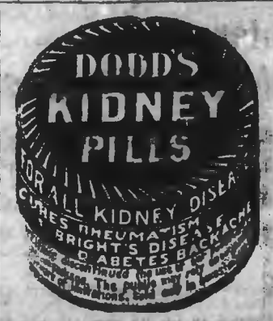
Last night the trains are filled with foreigners departing abroad.

Killings and Mutiny.

Tiflis, July 22.—Tartars Saturday destroyed the village of Kshadjek. Thirty persons were killed.

Katuga, July 22.—Anti-Jewish disturbances broke out in the village of Spasdalensk Saturday. A mob beat Jews and plundered their houses. The troops fired a volley, killing two of the plunderers and wounding many others. Order was restored.

Sebastopol, July 22.—A meeting of 2,500 sailors from the warships here Saturday drew up economic demands for presentation to Admiral Skrydloff. Unless these demands are fulfilled the men say the whole of the Black Sea fleet will revolt.



C.P.R. Ferry Rams British Columbia Tug Steamer

Seven of Passengers and Crew of the Latter Drown.

SEVEN PEOPLE ARE SAVED

Dr. Hutton of Manitoba College One of the Victims—Fast Ferry Princess Victoria, Running From 18 to 20 Knots Per Hour, Caught the Tug Chehalis, Going Seven Knots—Struck Her 6 Feet From Stern.

Vancouver, B. C., July 22.—Saturday afternoon the Union Steamship tug Chehalis was cut in two by the steamer Princess Victoria, the fast ferry that runs daily between Vancouver, Victoria and Seattle.

The tug immediately sank and of the fourteen on board seven were drowned. The dead:

Dr. W. A. B. Hutton, late registrar of Manitoba Medical College, recently surgeon on board Anglican mission boat Columbia, plying up northern coast. Dr. Hutton was an expert chemist and had made a special study of oyster culture.

Mrs. Bryce, wife of the purser of the steamer Cassiar.

P. J. Chick, formerly purser, recently retired.

Charles Benwell, little son of J. J. O. Benwell of Benwell and Peart, wholesale wine merchants here.

Crawford A. White, deckhand.

Two Japanese firemen.

Among the saved were P. G. Shallcross, Capt. House, J. J. O. Benwell, Mr. Bryce, R. N. Rich and three of the crew.

The tug was passing through the Narrows at the entrance of the harbor, en route to Blundel Harbor, with a party interested in oyster beds at that point. The Princess Victoria left her dock one hour late, or the disaster would not have happened. She caught up on the Chehalis in about two minutes, the former going about seven knots and the Princess from eighteen to twenty.

There is no explanation as to how the tug was struck. Both vessels appeared to have sea room if they maintained their courses. Survivors of the Chehalis say the Princess swerved from heavy incoming tide. At any rate the tug was struck six feet from stern on port side and went to the bottom in an instant.

An order for the arrest of Capt. Griffith of the Princess Victoria has been demanded by the coroner.

PILES

DR. CHASE'S OINTMENT.

General Saved Only By Exercise Of Will Power

Dreyfus' Heart Weakens At Legion of Honor Ceremonies.

A CHEVALIER OF THE ORDER

Ceremony, Which Took Place on Spot Where He Was Disgraced 12 Years Ago, Was Very Impressive—Gen. Gillian Places the Cross on Martyr-Hero's Breast With Appropriate Words—Thanks Friends.

Paris, July 23.—In the presence of a distinguished military assemblage, Major Alfred Dreyfus Saturday received the Cross of Chevalier of the Legion of Honor. The ceremony, which occurred in the courtyard of the military school, was rendered doubly impressive by being held on the very spot where the buttons and gold lace were stripped off his uniform and his sword broken 12 years ago.

His brother officers, who were prominent figures in various stages of the controversy, were among the spectators, and outside the circle of troops stood Mme. Dreyfus and the little son of Dreyfus. Brigon Picquart, who shared in the court's acquittal of the famous prisoner; Anatole France of the French Academy, and Alfred Capus and other literary men, who sided in Zola's campaign in behalf of a revision of the first trial.

The Ceremonies.

Major Dreyfus took up a position at the head of the two batteries of artillery by the side of Col. Targe, their commander, the man who made the recent discoveries at the War Office which led to the rehearing of the case. Stepping into the circle, General Gillian announced the decoration of Targe as a commander and Dreyfus as a Chevalier of the Legion of Honor.

Dreyfus and Targe, with their sabres drawn, then advanced to the centre of the troops, taking a position before Gen. Gillian. The general first bestowed the decoration on Targe, and then, turning to Dreyfus, said: "In the name of the president of the republic and in virtue of the powers entrusted to me, Major Dreyfus, I hereby name you a Chevalier of the National Order of the Legion of Honor."

After pinning the cross on Dreyfus' breast, the general gave the major the military accolade, the trumpets sounding and the spectators applauding.

The officers who had not taken official part in the ceremony also came forward to greet their comrade.

Turning to Anatole France, Dreyfus said: "I thank you more than I can say. You, who have always struggled for my cause."

M. France replied. "We merit no thanks, for what has been done was in the interest of right and justice. We felicitate you all the more, since so many others who have struggled for justice have died before it was attained."

Col. Targe terminated his felicitations by conducting Major Dreyfus to the officers' quarters, where Mme. Dreyfus was waiting for him. The meeting between the husband and wife was most affectionate, the spectators withdrawing to permit them to be alone. The ceremony was over in five minutes.

Seized With Weakness.

Shortly after this, Dreyfus, accompanied by his wife and son, emerged from the military school and entered a carriage amid cheers. The carriage was driven swiftly towards Dreyfus' home. On reaching his residence, Major Dreyfus, who is affected with heart trouble, suffered a violent attack, but, thanks to his strong will power, the faintness soon passed away, and he was able to receive Procurator-General Baudouin and Brigadier-General Picquart, to whom he expressed his sincerest thanks for their exertions in his behalf.

Latest News Of Various Sports

Port Hope Juniors Won A Rough Game

Defeated Shamrocks by 4-1 in Lake Town on Saturday—The Visitors Showed Effects of Hard Contest—Result a Three-Cornered Tie in the District.

District No. 13, in the junior C. L. A. series is now a three-cornered tie as a result of the Shamrock vs. Port Hope game in the lake town on Saturday, in which the homesters won one of the roughest, if not the roughest game ever seen in that place by a score of 4 goals to 1. At half time the Ontarios led by a score of two goals to nil.

As a result of Saturday's match Oshawa, Port Hope and the Shamrocks are tied for first honours in this district. It is likely that C. L. A. executive will order Port Hope and Oshawa to play off, the winners of that contest to play the Shamrocks. Judging from the form displayed here by the different teams, the local boys should easily win out. The main reason that the locals have been beaten in the lake towns is that the grounds in both Port Hope and Oshawa are not athletic fields, but meadows, with grass about two feet long on them. This tired out the Shamrocks, as they are only midgets in the way of size, as compared with the over-growns that play on the lake town twelves.

It was a badly battered up aggregation that came in on the "Moonlight" freight from Port Hope on Sunday morning. Every player bore the marks marks of the gruelling contest which he had taken part in the previous afternoon with the Port Hope "scalpers." It was not only a rough contest, but a dirty one, in which the home team were the worst offenders, and were bound to win, regardless of cost. They used their lacrosse sticks as tomahawks to mow down the visiting players. That they succeeded to a certain extent is evidenced by the marks the boys carry. Referee Arene kept the Port Hopers going to the side-lines in a continued procession, while only two of the Shamrocks did time.

The game was played in a hayfield, with grass nearly two feet long covering the greater part of the grounds. This proved a great handicap to the Shamrocks, as they are not used to playing in a prairie, and it did not take long for the tall grass to have an effect on their playing either.

One thing the Port Hope management did that was not at all sportsmanlike was in calling the match at four o'clock instead of about two, in order that the visiting team might leave to go home on the 4.40 train. When the Shamrock management asked them to start the game at an early hour, the Port Hope manager replied: "We'll start the game when we want to." By calling the contest at four, it made it necessary for the visitors to either stay over Sunday and come home Monday, or come up on the "moonlight" freight early Sunday morning.

For the visitors every man was a star, but they seemed to play in hard luck. Davis and Dobson were the best players on the field, their work being of the very highest order. The Shamrocks kept the rubber in Port Hope territory the greater part of the match but were unable to score.

R. Arens, the clever goal tender of the Orillia lacrosse team, made a satisfactory official.

LAKEFIELD STARTING POINT INSTEAD OF CHEMONG PARK

An unfortunate error occurred in the article in Saturday's Examiner announcing The Examiner road race for Thanksgiving Day. It stated that the course would be from Chemong Park to Peterborough, whereas it should have been from Lakefield to Peterborough. The original intention was to have it from the park, but it was later decided to have th start at Lakefield, in view of the fact that on Thanksgiving Day Chemon Park will have been practically deserted, and the idea is to make the race as popular as possible. Th course will therefore be from Lakefield, finishing in front of The Examiner office.

Amateurs Play Gilt-Edge Ball

Wellingtons Defeated the Night Owls by 7-6.

A great game of baseball was played on Saturday afternoon at the exhibition grounds, when the Wellingtons defeated the Night Owls by 7—6. The features of the game were a home run by White, and three base hits by Hayes, Darke and Milloy. The teams lined up as follows:

Wellingtons—Patterson, c; Hayes, p and 3b; Thompson, 1b; Darke, 2b; White, 3b and p; Harris Hayes, ss; Gibson, rf; Lewis, cf; Harris, lf.

Night Owls—Billington, c; Holland, p; Henderson, 1b; Henry, 2b; Milloy, 3b; R. Pilling, ss; Kenneally, rf; Russell cf; B. Pilling, lf.

JULY NUMBER OF ROD AND GUN

Of exceedingly varied interest is the July number of "Rod and Gun and Motor Sports in Canada," published by W. J. Taylor, at Woodstock, Ont. With the usual completeness, characteristic of each number of this excellent Magazine, the whole Dominion from Labrador to British Columbia, is covered, and articles and stories concerning New Brunswick, Nova Scotia, Quebec, Ontario, Manitoba, etc., find places. The cover cut showing interlocked deer horns found in the woods of New Brunswick, and a narrative of interlocked deer seen on the prairies by a party of Grand Trunk Pacific surveyors cannot fail to arouse much interest amongst sportsmen, and by a curious coincidence both incidents find a place in the same number. Mr. W. R. White, K.C., gives his view of the changes made in the Quebec Fish and Game Leases; the past year in Ontario fisheries is summarised and reviewed; a successful moosehunt in the Cobalt district is told; and the arrangements for the first Summer Camp of the Alpine Club of Canada are described by the President. The Boating Department, under the able supervision of Mr. L. K. Marsh, is again of strong interest, and there appears a fully illustrated and well-written account of the Canadian Indians' Tournament at Montreal. Let the sportsman follow what branch of outdoor life he may, he will find that this Magazine, and even this particular number, has something of special interest for him.

FOOTBALL

In a sudden death game for the junior championship of Ontario Midmay defeated All Saints by 4 goals to 3 on Saturday.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

Henry Clewes, in his regular weekly market letter this week, says:

Owing to prospects of a good harvest and slight improvement in monetary conditions, a better tone prevailed in the stock market at the end of the week. Curative processes are steadily at work, and contraction of speculative commitments has progressed at a rate which should secure very considerable relief in monetary conditions. Bank reserves are much lower than usual at this period, and in another two weeks the usual crop demands should begin to assert themselves; but in this connection it is worth remembering that the West each year becomes better able to finance its own crops and depends less and less upon New York. Crop moving money this year will come largely from abroad, as Europe will want our cotton, wheat and other products badly enough to force them to give up considerable gold in payment. When the $30,000,000 Panama Canal bonds obtain a final resting place they will increase the circulating medium of the country to the extent of the face of the bonds by the issue of national bank currency based thereon. As a matter of fact, the Panama bond issue will result in inflation.

New York, July 23.—To-day's market has been a big, strong affair, with all the ear marks of a bull campaign. Opening prices were nearly a point lower all around, due to the death of Russell Sage and the serious Russian advices, but prices commenced to move upward, slowly at first, and then with a rush. Shorts were heavy buyers, and helped the advance materially. Southern Pacific and St. Paul were the leaders, while U.P., Reading, Copper and Penna. showed great strength.

The afternoon market was active and firm, but in the late trading the market sold off a little on profit-taking, closing firm.

Synopsis Of Canadian North-W

HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the Northwest Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

Turnbull's Advance Showing of New Fall Lines

Always in the lead is Peterboro's Greatest Store. Three years ago we reduced the working hours of our salespeople 5 hours a week, during July and August. This year it has been adopted by nearly all the stores in the city. Now we are showing Fall lines when most stores are pushing Spring and Summer Goods.

New Fall Dress Goods

FALL MATERIALS—Broadcloths, Crepe, Bengalines, Poplins, French Serges, Cashmeres, Voiles, Bastistes, Eoliennes and Tweeds.

FALL SHADES—The colour card sent out from Paris gives Black first place, Blues second—particularly Dark Blues, Preens (Myrtles and Olives) third, Reds fourth, Browns fifth, Rose sixth, and Greys seventh; while Light Tweeds and Plaids will be much worn for early fall.

Millinery Department

Miss Noble

Miss M. Noble, who will have charge of our Millinery Department again for the Fall season, leaves in a few days for New York where she will spend the month of August, in the interest of her numerous customers and the most up-to-date department in the city.

Dressmaking Department

Miss Welsh

Peterboro ladies will be pleased to hear that Miss D. Welsh, who has proved such a success this season, will again have charge of our Dressmaking Department for the fall. This Department will reopen in the latter part of August remodelled and enlarged. Orders now being booked for Fall season.

THE NEW TOURIST TWEED COATS

None too early to choose your new Tourist Coats for Fall. Already we have a large assortment of these popular coats from..... $5 to $20

Incidents Of Y. M. C. A. Camp's Closing Days

The "Scribe" Writes to Tell of the Progress of the Camp—Field-Day To-morrow and the Minstrel Demonstration at Night—Parents of Boys Spend Sunday at the Camp.

Y.M.C.A. Camp, Monday, July 23. —This Monday morning brings us within two days off the close of our camp, and when you hear from us again the old camp ground will be deserted and for another twelve months the woods will not ring with the familiar last call for dinner from our leader, or our responding cheer and quickened step.

To-day will see the final struggle in the baseball league; the Caps having dropped out the Chips and the Tecumsehs will decide as to which will get the first place, and the much coveted cup. To-night a limelight entertainment will be given, picturing in sketches some camp characters and incidents. The field day will take place on Tuesday and the annual minstrel demonstration on Tuesday night.

The round-the-lake excursion on Wednesday via the Stoney Lake, will wind up the camp, and we will all go home to partake of a good square meal around the family boards.

Our prophecy in our Saturday letter regarding fishing proved true, for one party came home to camp with a ten pound lunge which Minorgan had captured.

The leader says that this has been the best fish year during the nine camps which have been held. A fish supper on Saturday night was thoroughly enjoyed.

A great bon fire blazed on the shore on Saturday night, when a reception was tendered Messrs. Harding, Layfield and Martin, who were welcomed in a few well chosen words by the camp leader. Each was greeted with cheers as they arose to respond. Mr. Harding can now be called a camp veteran, for the boys feel that no camp the last five years has been complete without his presence—if but for a few days.

Mr. Layfield suggested the orhanization of a branch of the Ontario Fish and Game Association, and nearly all the boys have signed the agreement of membership. Mr. Layfield's excellent proposition will be passed on to the other boys' camps in Ontario, and great good will no doubt result from it.

Gold Tooth Manning had to go home yesterday and was given a good send off, in appreciation of his splendid efforts as leader of a section. Jim Patterson was chosen to succeed him as leader, and got his introduction last night. He has his work out out for him but he is quite capable of it.

Mr. Harding took the address at the service under the "Twin Oaks" at camp on The Great City. His address was a simple but forcible one. Mr. G. K. Martin kindly rendered a solo by request.

Yesterday afternoon the camp was visited by the greatest storm that has struck us for years. The wind blew a gale and lashed the lake into whitecaps. The rain fell in torrents and hail thrashed the lake and the ground; the stones numbered thousands and were as large as cherries.

It took all the strength the boys could bring to bear to keep the tents erect by holding up the poles. The storm lasted for half an hour, the sun beaming out again, only to be darkened by another downpour although not of such large dimensions as the first.

Our visitors were given the camp yell as they boarded the boat this morning, when we turned aside to make the most of the three days that yet remain of "the best outing of the year for boys."

THE SCRIBE.

Y.M.C.A. Camp, Saturday, a.m. —Fishing is the order for to-day. Last night Art Hall pulled in a ten-pound lunge and it aggravated greatly the fish fever, the symptoms of which have shown strong developments during the past three days. Already fully a dozen good sized bass have been captured and but three lunge—captured by McAllister, Ostram and Hall.

Early this morning three parties started out from camp with rations for the day, so with fair weather and extravagant imaginations we will be treated to some huge fish stories to-night.

The excursion has come and gone and its promoters are to be congratulated in the great success they scored. Mr. Harding and his staff of workers in the Fellowship Club, have the thanks of the whole camp and Association fraternity. It should be an annual affair. The Water Lily hove in sight about 1 o'clock, being delayed at the request of Reg. Green, who insisted on having a little swim before the rest got to land. He was finally picked up, pretty well tuckered out.

There was a joyous reunion of boys, parents and friends when the boat landed and the first business was to get dinner out of the way. A number were served to a camp dinner while the majority took it picnic style.

After dinner the Water Lily took as many of the excursionists who wished, up to Stony Lake, McCracken's and the store at Juniper, being visited.

In the meantime the great baseball game took place when Baker's Nine, (excursionists) played the "All Stars of the Camp. The game was exciting from start to finish, for the camp boys got a smell of the trophy (the water melon) and finally won out by a score of 6 to 4.

One of the most welcome features of the excursion was the abundance of treats which were too numerous to specify. Messrs. Wm. Pringle and R. A. Dutton sent a large bunch of bananas each, and Mr. G. K. Martin, oranges. By the way the boys worked a little joke on Mr. Martin, because his oranges were "leaf," still have not turned up to date. The boys have a good laugh at G. K.'s expense.

The parents congratulated Mr. Williamson on the camp. Kindly comment was made on the neatness and order of the camp, on the good quality of food served and the evidences of health and good spirits with the boys.

Messrs. R. E. Layfield, R. E. Harding, G. K. Martin and Jim Patterson all remained and spent their first night in camp last night. They are all jolly, good fellows and still boys in their ability to fall in line with boys' ways.

Mr. Harding went through his camp bed for the first event and he found refuge in tent No. 4.

There was high feasting in all the tents until a late hour and many did not go to breakfast this morning at all.

Heavy rain last night refreshed things considerably, but the tents kept out the wet pretty well—some of the boys denying that there had been any rain at all. When you hear from us again our camp will be well nigh at an end.

"The Scribe."

ANNUAL EXCURSION TO ST. ANNE

McIlroy, City Passenger Agent, 343 George street. 3d16

Local Jewellers' Good Advertising

A Trade Journal Reproduces Ads. of Two Local Firms.

The Trader and Canadian Jeweller for this month criticises the advertisements of two local jewellers. Speaking of Frost's advertisement, it says: "Frost's advertisement is excellent in make-up, and to the reader may appear about the best of advertising." The critic suggests that it should be changed oftener, however. In reference to an advertisement of Sanderson's, which is also reproduced, the paper says: "Sanderson has a good make-up—one that is odd without being freakish, and attractive without being obtrusive. The little preliminary talk at the top is well placed." There is a mild criticism of this advertisement, which wording, in some places, the writer says, is un-English.

Yacht Club And Club House Possibilities

A Proposition on Foot to Erect a Large Club House on Banks of the Otonabee—To Form a Joint Stock Company—Meeting Will be Called in Near Future.

It is probable that in the near future a yacht club will be formed in this city and a new club house erected. An informal meeting was held on Saturday night, attended by a few of the score or so of yacht owners in the city, when the proposition was discussed. The scheme is yet in its infancy, and nothing definite has been decided on yet, but the plan which seemed to meet with greatest favour was to form a joint stock company, taking in as shareholders those who own yachts and who wish to become identified with the company. A clubhouse will be erected and accommodation provided for the yachts, while on the second floor it is proposed to fit up a pavilion for dancing and reception purposes.

The yacht owners of the city who have been approached on the subject express themselves as highly favourable to the plan, and it is probable that in a short time a general meeting will be called to launch the project.

It is pointed out that the plan, as outlined, will be a profitable one for those who own yachts, because they have to provide a place to keep their craft, in any case, and the money which they would spend in erecting an out house could be used to purchase stock in the yacht club.

Those who have been spoken to on the subject are enthusiastic, and there seems no reason to doubt the success of the scheme. No site has been discussed as yet, but it will in all probability be below the locks.

Great Harvest In Store For The West

Ex-Ald. Leary Returns From a Trip to Northwest—Harvest Will Commence in Few Weeks—Many Men Are Required.

"You may say that the people of the Northwest will reap the greatest crop in their history this year," remarked ex-Ald. Leary to-day to The Examiner reporter who asked him for a "story" on his recent trip to Alameda, Sask., with a big shipment of horses. Mr. Leary is most enthusiastic over the prospects for the farmers of Manitoba and the new Provinces this year, and states that unless something unforeseen happens, this year's yield of grain will be a record.

The harvest is fast coming on, too. In some places it is just about as far advanced as it is in many parts of Ontario. The last few weeks the weather has been ideal for ripening the wheat, and with a few weeks of fine, warm weather the binders will be at work in the grain, which is now fully headed out and turning a golden colour.

The great difficulty will be that of securing sufficient help to reap the harvest. In spite of the fact that thousands of men have been pouring into the Northwest all summer, there is still a scarcity of help, and this condition will be more acutely felt when grain cutting commences.

Mr. Leary's trip was not only pleasant, but it was successful, and he will leave again in a short time for another trip to the West, where he will dispose of another bunch of horses, the last lot having sold well.

VALUABLE PAPERS AND MONEY STOLEN FROM STEAMER

On Saturday afternoon as the steamer Monarch, was lying in port at the Wolfe street wharf, thieves made a raid upon it, and got off with some $45 in cash, and a number of stock certificates in the Big Dipper mine. The valuables were inside a cupboard in the purser's cabin, and were taken while all the crew were up street. The certificates are payable to bearer and are a negotiable lot of papers, amounting to a considerable sum. They are numbered, however, and it is not supposed the thieves will attempt to dispose of them in Peterborough.

The police are vigilantly working on the case, but as no clue could be obtained to disclose the identity of the guilty parties their task is a difficult one.

ST. LUKE'S ANNUAL S.S. EXCURSION

To Jubilee Point, Thursday, July 26th, per steamer "Monarch." Boat leaves Wolfe Street Wharf at 8.30, East Peterborough Wharf at 9.00. Return Tickets, Adults, 40c.

You have read the Sailor Boy's Plea buy to-day for your dinner to-morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon. Your money does not buy better goods. Do you get Sailor Boy or substitute?

Room in Mr. Jas. Bogue's Residence Badly Burned—Little 5-Year-Old Son the Only Occupant—Nephew Saved the Building But Was Burned Himself—Fire Brigade Called Out.

Fire broke out in a room in the residence of Mr. Jas. Bogue, 220 Dublin street, contractor, this morning about 8.30, and had it not been for the quick action of the inmates, might have resulted disastrously. Only one occupant was in the room at the time, the five-year-old son of Mr. Bogue, who was dressing. Luckily he was old enough to comprehend the danger, and shouted for water. James Bogue, a nephew of the owner, who boards with his uncle, rushed into the room and applied the necessary preventive, but was almost seriously injured himself. His clothing caught fire and his hair was singed, but the flesh was not dangerously burned.

The fire brigade was called out and arrived quickly on the scene, but the conflagration had then been extinguished. Among the articles burned were a sofa, the carpet, window curtains, dresser covers and a suit of clothes, and also the room was considerably damaged by smoke and water.

The origin is yet unknown, but it is supposed that the little boy had lit a match which ignited some part of the contents of the room.

Will Advertise For A New Fire Alarm System

The Installation of Which is Part of Scheme for Improving City's Fire Protection—Water Commissioners to be Asked to Report on Fire Protection for Auburn.

A meeting of the Fire, Water and Light Committee was held last night when a number of matters, more or less important, were dealt with. Those present were: Chairman Ald. Adams, Mayor Best, Ald. Elliott, Duncan and Mason.

Auburn Fire Protection.

The Chairman reported that the Water Commissioners had been asked to report as to the cost of supplying fire protection to Auburn, and that the committee had not as yet received any reply to that request. In view of this fact a motion was passed asking the Commissioners to report on the cost.

Fire Alarm System.

It was decided to advertise for supplying a fire alarm system for the city, the equipment to include 25 fire alarm boxes, 12 alarms in the firemen's dwellings, electric striker for the town clock and in the power station as well as a gong in the fire hall. Two systems have been exhibited here, viz.,—the Anderson and the Gamewell, the committee apparently favouring the former, claiming that it was more effective.

Will School Board Relinquish The Park?

Some of the Members Willing to Give Up the Two Lots There for the Normal School—Mayor Best Asking for Information From Government as to Size of Site Required.

The Mayor is trying to facilitate the selection of a site for the new Normal School, and at his request Mr. T. E. Bradburn wrote to the Department of Education, asking what area of ground they would require for the site of the school, and whether one acre would be sufficient. A letter was received in response, but the information asked for was not given, so that he is as much in the dark as ever. He expects to be advised, however, in the course of a few days, and as soon as he knows just how much land will be required, he can take steps to procure the site.

His Worship has a site in mind, but at present he considers it premature to state where it is. He will probably try to arrange a joint meeting of the Board of Education and the Committee of the Whole Council when this matter may be talked over, and some arrangement worked out to their mutual satisfaction. It is understood that some of the members of the Board of Education are willing to withdraw their claim to the two lots in Central Park and give the whole four north lots to the Government for a Normal School site, but others are not favourable to this proposal.

Death Sentence On Czar And His General

Terrorists Seem Determined to Rid Russia of Nicholas and His Protector—Other Heads to Fall.

Examiner Special.

St. Petersburg, July 24.—Proclamations announcing that the death sentence has been imposed on the Emperor, Gen. Trepoff, M. Probiedonostoff, who was procurator general of the Holy Synod; Gen. Orloff, the pontificator of the Baltic Provinces, and others, have been scattered over part of Peterhof. The Terrorists are said to have succeeded in nailing copies of these sentences on the doors of Gen. Orloff's and Gen. Trepoff's quarters.

ONE THING AND ANOTHER

Summer Sustenance.

GEORGE — Could you live on one dollar and a half a week?

Clara — Of course; $1 for ice cream and 50 cents for soda water.

• • •

"To Have and to Hold."

MIRANDA — We are not going to have much of a wedding. Jack and I want to have everything as simple as possible.

Myrtilla — Yes, dear, you will have! You'll have each other, won't you!"

• • •

She Had Mercy.

EBEN — But you'll love me when the summer is past!

Flo — No; but I'll take up the subject again next winter. You see I'll give you the fall months to recuperate your bank account!

• • •

When a Woman Rules.

MAUDE — They say her husband is a great one for talkin in his sleep.

Bess — Poor fellow; I suppose that is the only chance he gets.

• • •

Certain of It.

STERN FATHER — So you wish to marry my daughter, eh!"

Young man — "That's what I said."

Stern father. — "Do you think you will be able to provide for her in the style to which she has always been accustomed?"

Young man. — "I'm certain of it; why last week she refused to accompany me to the theatre because she had no clothes fit to wear."

• • •

Resemblances.

FOGG—I told Bass what you said—that he reminded you of a giraffe because he held his head so high. Fenderson—And what did he say? Fogg—He said you reminded him of an ass. Fenderson—Because why? Fogg—Because you are one, he said.

• • • •

Of Some Use After All.

GRACE — That fellow's head isn't of much use to him.

Gladys — Well, I suppose he feels he must have something to hang his hat on.

• • •

Bonds of Sympathy.

"THERE was one consolation for our crew when they lost the race."

"And what was that?"

"They were all in the same boat."

• • •

Knocks Him Silly.

PAUL — Do you really think it hurts a man to be hit by one of Cupid's arrows?

Evelyn — No; as a rule, he only becomes ridiculous for a time.

Mr. H. A. Mulhern Operated Upon

In an Effort to Stay Progress of Disease in the Knee.

In Toronto yesterday an operation was performed upon Mr. H. A. Mulhern, manager of the Central Milling Company, and his left leg was amputated above the knee. A telegram from the attending physicians after the operation, stated that it had been satisfactory, and that the patient was doing as well as could be expected.

Mr. Mulhern has been troubled for some time with an affection of the knee, and the services of the best Canadian medical men have been called into requisition. For some time he was much better, and it was hoped that he was on the way to complete recovery, but later the trouble returned and some weeks ago he went to Toronto, where, last week, an operation was performed upon the knee, but it was later found necessary to take the leg off.

His many friends here will hope for a speedy and complete recovery.

Wheel and Street Car Collide

Mr. Rocque Brion Was Thrown Heavily on His Shoulder.

Yesterday afternoon an accident occurred in front of the White House, Charlotte street, which resulted in the total destruction of a bicycle and almost causing severe injuries to Mr. Rocque Brion, a G.N.W. lineman. Mr. Brion was wheeling east along Charlotte street when he met a street car and at the same time two boys on bicycles. The whole three were pretty close to the car and by wiggling from one side of the road to the other were undecided which course to pursue with the result that Mr. Brion was forced to take the inside track and collided with the car.

He was thrown violently on his shoulder but emerged from the mix-up with few injuries. The front tire of the wheel exploded like the report of a gun and startled a number of residents in the vicinity. The machine was scarcely recognizable both wheels being completely demolished.

Walked In His Sleep And Fell Down Stairs

Mr. Andrew Robson the Victim of a Peculiar Accident—Is To-day Suffering From Concussion of the Brain—A Strange Accident.

During last night Mr. Andrew Robson, 451 McDonel street, met with a peculiar and serious accident. The exact circumstances connected with it are not known, Mr. Robson himself not being in a condition to tell how it happened, but it is supposed that he got up in his sleep and wandered to the stairs, down which he fell backwards.

The first intimation anyone in the house had that anything was wrong was when Mrs. Robson heard a thud as he struck the bottom of the stairs, and when she missed her husband from her side she arose to see what the trouble was, and found him lying at the bottom of the stairs in an unconscious condition, with blood flowing from a cut in the back of his head.

A physician was immediately called, and it was found that he was suffering from a concussion of the brain, as a result of the fall, while a gash about two inches long was made on his head, and his chest was injured.

He was unconscious for some time, but this morning was somewhat better, and it is not anticipated that the results will be serious.

Mr. Robson has not been in the habit of walking in his sleep, and this fact adds to the mystery of the accident, for it appears to be the only reasonable solution as to the cause.

Mr. Robson is a well known brick mason in the city, and is about 40 years of age.

Senator Cox To Erect 25 New Buildings?

Mayor Best Says This is His Intention—Will Build on the Sugar Property—Local Manager is Out of the City and Story Cannot be Confirmed—Will Open New Streets.

The Toronto Savings and Loan Company, according to Mayor Best, will at once construct twenty-five new dwelling houses on the property recently acquired by Senator Cox, at the south end of the city, known as the Sugar Property, but adjacent to the new carpet factory premises. His Worship stated last night at a meeting of the Fire, Water and Light Committee, that Mr. W. G. Morrow, the local manager of the company, had informed him that the company would proceed at once with the construction of the houses, and that two new streets would be opened through the property.

Mr. Morrow was out of the city today and could not be reached to verify the statement, and Mr. Morphett, who was in charge of the office, was unable to say whether the houses would be erected at once or not. He stated that two streets would be run through the property, and undoubtedly houses would in time be built, but he would not say they would be erected at once.

Leg Was Broken In Collision

Millbrook Boy Brought to the Hospital To-day.

Norman Bruce, a youth with a badly mangled limb arrived this morning on the G.T.R. train from Millbrook and was taken in the Dan Spence ambulance to the Nicholls Hospital for treatment. He was wheeling in Millbrook and by some accident collided with a buggy, emerging from the mix-up with his leg broken in several places.

Dr. Snelgrove, of Millbrook, is attending him.

Had To Pay For Statute Labour

Otonabee Man in County Police Court This Morning.

Thos. Hatley, an Otonabee resident, appeared before His Worship, Magistrate Edmison, at the County Police Court this morning, charged with cheating the township out of one day's statute labour. No defence was necessary as Hatley pleaded guilty to the charge. The Magistrate discharged him with costs for witness fees and also the sum necessary to pay for the day's roadwork, amounting in all to $6.45.

John Graham Weir, pathmaster, laid the information and collected the money for the labour which was left undone and all the parties left the court room reconciled.

Prize Winners At Douro Picnic

The following were the winners of the prizes drawn for at the Douro picnic, which was held on June 23:

Gold Piece, won by John Coughlin, Douro, No. 20.

Harness won by Patrick Hogan, Douro, No. 625.

Hay rake, won by Mrs. Robt. Allen, Lakefield, No. 127.

THREE FACTS

For Sick Women To Consider.

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised.—Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance

TUESDAY, JULY 24, 1906:

SARCASTIC.

The Brockville Times, Conservative, says:

Sir Wilfrid waved his magic wand and made Canada a nation, and without delay the animal, vegetable and mineral kingdom began to fructify. Beneath Sir Wilfrid's sunny smile the crops grew better, the bees worked harder the hens laid more eggs, and the cattle multiplied as never before upon the face of the earth — in Canada. Even the fishing became better.

Whatever sarcasm may be intended, it is a fact that these conditions have pretty well obtained under Sir Wilfrid Laurier's administration of our country's affairs. Canada has prospered, grown, and flourished more under ten years of Laurier's reign than it did in twenty years under the reign of his Conservative predecessors. Though the Liberal Government is not by any means to be credited with direct responsibility for such results, they are to be credited with the creation of conditions by which the country has been able to take the fullest advantages of the bounty of Providence. Bad administration could easily have neutralized these conditions.

PLAIN SPEAKING.

This is the excuse the Mail and Empire is making for the dismissal of Ontario civil servants appointed by a preceding Government. In reply to an inquiry, the Mail and Empire says:

Many appointments were made from purely political and party considerations. There are deputy ministers who received their appointments simply because they had party secrets. These men may or may not be efficient public servants. Weak ministers may retain them, but the public who voted for a change of Government demands that every man of them should be summarily dismissed, and good, reliable men put in their places.

What a scattering there would be at Ottawa if this beautiful doctrine were adopted there? The Whitney Government can count rather safely on such a form of reprisal not being adopted. This is the twentieth century, and the practice that may have been justified in the evolution of civilized government from barbaric methods, will not be resorted to by the Liberal Government at Ottawa. "To the victors belong the spoils" is a good Yankee doctrine, however, and "the party of loyalty" shows its consistency by adopting the most un-British method it is possible to conceive. The Mail and Empire, as organ for the Conservative party, must have some authority for making so explicit a declaration of the intention of the Whitney Government to apply the "spoils policy. We are quite sure that the respectable members of the Conservative party do not approve of such a policy. But the Government weakly yields to the "graft" element and we have the results.

BEWARE OF THE WATER.

The Toronto Saturday Night, appalled by the record of drowning this season, believes that the great annual loss of life by water could be reduced by an organized campaign of education in the newspapers. Possibly warnings are of no avail, for these appear in our columns with great regularity, as well as in other newspapers. No doubt many of the accidents occur through ignorance and also many through carelessness. Saturday Night says:—

If we could carefully collect information it would be found, perhaps, that most of those who drown while bathing are swimmers. The man who cannot swim usually holds water in fear, enters cautiously and paddles about in the shallows, while the swimmer, with eager haste, plunges into the deep. He takes no precautions. He is the one who is overheated. He delights in the shock of cool water. It is, in fact, the swimmer who needs to be warned. When a boat upsets it is the swimmer who is not content to cling to the craft, but strikes out for shore encumbered with clothing that soon wears down his strength.

Many rules are laid down for the guidance of bathers or swimmers, the most important of which are that they should not enter the water while over-heated, chilled or exhausted, nor just after a meal. It would be as well if a doctor were consulted by such people. People with weak hearts should not take any risk in the water. How to deal with the person who takes charge of a boat when entirely ignorant of its management is a puzzler. But we have no notion that it is a disadvantage to be able to swim, even if injudicious and over-venturesome swimmers are sometimes drowned.—Hamilton Times.

FADS.

Carrie Nation has got herself into serious trouble at last. She has been arrested at Guthrie, Okla., on a charge that she sent improper matter through the mails. The charge is based on an article which recently appeared in her paper, The Hatchet. It was a lecture to young men and boys, and it is alleged in the complaint that Mrs. Nation used language in it which isn't fit to print. This is the usual fate of extremists in almost anything—religion, temperance, politics or what not. They get a special bee in their bonnets, and develop a monomania. Some estimable persons become so pious that at length they come to think that what is sin for others to do, is no sin for them. Some persons become so extreme on moral questions that they soon bring themselves to the point that they will smash the whole decalogue in the attempt to exploit their special moral fad. Some persons adopt the fad of political reform, and push it until they develop into red radicals, or anarchists, before they reach the end of their tether. Specialism in such matters, if it does no other harm, sets people in grooves, and makes them narrow-minded, and intolerant. The safest way is to take the middle course, and aim at a fair average of goodness. Carrie Nation, in her attempt to promote the interests of temperance, has shown as much intemperance as any of the votaries of the habit she was combatting. The result is that she is in jail for a serious offence, committed in combatting an evil without judgment, and under the influence of an intemperately worked fad. One cannot hack morality into people with a hatchet, nor beat religion into anybody with the club of intolerance. Man is a rational and reasonable being, and if his reason is not convinced, is not likely to yield to coercion.

EDITORIAL NOTES.

There will be a fly in Premier Whitney's ointment when he visits Scotland. A fire in Dundee has destroyed a million gallons of Scotch whiskey.

While Japan, victorious in the late war, is energetically repairing the hurts which war always brings, even to the victors, Russia, beaten in the late war, is facing another struggle more desperate and more disastrous in the outlook.

Russell Sage, the New York millionaire is dead—that is all there is to say good of him. He died with a million dollars as money counts, but never was known to be worth a cent to his country. He goes to his grave with the reputation of being the meanest millionaire that ever lived. His millions to-day do him as little good as they do to the meanest beggar in the streets of New York.

The Czar of Russia has made the fatal choice. He has decided for tyranny and the oppression of the people. The aristocracy and the knoutocracy have shown the same blind belief in the divinity of their claims to oppress the people, as the French nobility did, and it is probable that the same bloody revolution will follow. The Czar has a le Oliver Cromwell kicked out his parliament, but alas he is no Oliver Cromwell to make good his high-handed action. He is a weak, flabby, spineless figurehead. We may expect bloody news from Russia from day to day.

The Whitney Government in its pursuit of the spoils policy, doesn't take a large view of things. In engineering the dismissal of Mr. Bastedo, Fisheries Commissioner, it has even gone to the extent of refusing, as is usual, his counsel fees, in connection with the investigation designed to dispense with him. Taking this as a precedent, it is to be assumed that the Government will refuse him the retiring allowance to officials of long time of service. Mr. Bastedo has served the Government for twenty-five years, and as in the case of other retiring officers, is entitled to a fair allowance.

Northern Life On Right Course

Northern Life Benefitted From Enquiry of Insurance Commission.

The regular quarterly meeting of the directors was held the other day at the head office of the company, Masonic-Temple Building, Toronto. The out-of-town members present were: Matthew Wilson, K.C., Chatham; John Davies, Windsor; N. H. Stevens, Chatham; Malcolm McGugan, ex-M.P., Mt. Brydges.

The report of the progress made during the year 1906 is very satisfactory. This company is firmly established in public favour. The recent examination before the royal commission established the fact that its affairs were well and economically managed, and that in no instance had the interest of any individual been preferred to that of either the shareholders or policyholders.

The directors congratulate the manager that at the close of the examination by the commission nothing improper or illegal had been found to exist in the company's management, and the manager had been complimented by the commission upon the satisfactory reports returned by him and upon the careful and economical management of his company.

The company's steady growth and increasing assets give proof that the right course has been pursued since its incorporation.

The office of the Peterborough agency is over Madill's drug store; and is energetically managed by R. H. Doughty, local manager.

Citizen Does Not Approve

Of the Transformation of the Palace into a Pool Room.

It does not seem a very desirable thing to turn a place like the Palace Hotel, against which there has been no complaint in the past, as far as its being properly conducted is concerned, into a poolroom, which would necessarily be a resort for immature youths and boys. What is the public sentiment on this point? I simply ask the question because I believe after the expiration of the present license that is what it will be used for.

A CITIZEN.

ANOTHER SITE FOR NORMAL SCHOOL

A member of the School Board suggests a simple way of providing a site for the proposed Normal School. He advises placing it upon the Central Park site, originally intended and purchased for the Collegiate Institute building. He says that since the City Council refuses to give the Board of Education a deed of the institute site, the Board will not erect an institute on property of which they have not full control. The gentleman mentioned says that a new site for the institute can be procured and that the proposed site will thus be left free for the Normal School.

A record catch of 120,000 hake has been landed at Cardiff, Wales, recently, while at Southport so many mackerel have been caught that they are being sold at eight for a quarter.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchiness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "cold fogy" treatment—beware of mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. CURES GUARANTEED OR NO PAY. 25 Years in Detroit. 250,000 Cured.

Consultation Free. Question Blank for Home Treatment and Books Free.

Do You Eat the Kind of Food That Is Exactly Adapted to Your Condition ?

Some foods tax the power of the stomach to an enormous degree.

Get your stomach in order. No matter what your condition may be, once you get your nutrition right nature will do the rest for you.

Life Chips, Granose Biscuits, Granose Flakes, Granola and Caramel Cereal Coffee

are all foods made on "the Battle Creek idea." For instance, one pound of Granola exceeds in nutrient value two pounds of round steak.

Delicious with cream and crushed fruits.

NOTICE

Mr. Joseph Poulston left his lawful wife and child two years ago, and I wish it known to the public in general and particularly those women and girls he is now known to, that he is a married man, and I am his lawful wife.

MRS. JOSEPH POULSTON.

THE NEWS OF CITY AND THE DISTRICT

Weather To-day—Light to moderate winds, fine. To-morrow—A little warmer.

Board of Works.

—To-night an important meeting of the Board of Works will be held.

Piano Tuning.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

Scow Load of Hogs.

—The Rainbow brought up a scow-load of hogs for the George Matthews Company from Harwood last night.

Accident to "Rainbow."

—The Water Lily shipped her rudder last night below the Locks and arrived at the Locks somewhat after schedule time.

A Good Catch.

—Miss Vida Foote is among the successful feminine anglers at the Lakes. The other day she landed a twelve pound lunge near Burleigh Falls.

Cottagers to Meet.

—A meeting of the Stony Lake Cottagers' Association will be held at the pavilion on Friday night. Business of importance will be taken up.

A Phonograph.

—Is one of the necessities for your summer home or your camp. Buy the Edison. It's the best. Call and hear them. J. M. Greene, Music Co. 6d19

Long Life to Your Clothes.

—Stained garments made to look just as good as new, and we guarantee perfect work and never hurt the material. "My Valet," presser, cleaner and repairer of clothes, 381 1-2 George str et. 'Phone 575.

Thanks the Helpers.

—Mr. S. W. Landry, the watchman at the G.T.R. trakes on Brock street, wishes to thank the Firemen, the Bowlers and the general public for their generous assistance at the time his house was burned some weeks ago.

Lawn Social.

—To-morrow night four young ladies of All Saints' Jr. Auxiliary will give a lawn social on the Rectory grounds. An enjoyable evening is anticipated. The young ladies who will give this social are Misses Pearl Haskill, Marjory Latimer, Mabel Hooper and Bessie Latimer.

Books for Summer Reading.

—Hammock books, these, or railway train books, or lakeshore books — o anything else summery you have mind to call them. Light reading but by good authors. Over one hundred titles. Paper bound, as low a five cents each, or 8 for 35 cents Illustrated cover on heavy paper: 2 cents. Cloth bound, 75c and $1.25. A. H. Stratton & Co.

A Novel Egg.

—A south ward citizen was the owner of a rather remarkable egg, laid by one of his hens this week. It was eight inches in diameter one way by 7 1-4 the other, and on breaking it a full axed egg with shell complete, was found inside. Our friend ate it as he could not resist the pangs of hunger or overcome his pangs of economy or it might have been handed over to some museum.—Lindsay Post.

Gentlemen, if You are Bald,

See Prof. Dorenwond's Art Coverlugs in Wigs and Toupees, worn on thousands of heads. They are a protection against colds, Catarrh, etc. and give a most natural and youngest appearance to the face.

Trying on and demonstrating the superior art of these goods free of charge.

He will be at the Oriental Hotel, Peterborough, Wednesday and Thursday, July 25 and 26. Be on hand early. 51-31

Vacation Days are Here.

Don't forget a fan.
Don't forget a hammock.
Don't forget a few good books.
Don't forget a package of writing paper.
Don't forget a money wallet or purse.
Don't forget a wrist bag or hand satchel.
Don't forget a package of calling cards.
Don't forget souvenirs of Peterborough.
Don't forget the Peterborough Bookstore. A. H. Stratton & Co.

The G.T.R. Short Line.

—Work has been started on this end of the G.T.R. short cut to Midland. Commencing at the west of the roundhouse the road has been graded through the Adams and Killen fields to the wesetrn boundary of the town. We understand a steam shovel is to start work to-day or to-morrow on Mr. O'Halloran's farm, where a very deep cutting has to be made. Trains will likely be running over the road the latter part of September.—Lindsay Post.

How Indigestion Is Really Cured

If you had the opportunity we have of reading the letters which come to these offices from persons who have been cured by Dr. Chase's Kidney-Liver Pills you would not be long in making up your mind to put this treatment to the test when troubled derangements of the liver, kidneys and bowels.

When we tell you that Dr. Chase's Kidney-Liver Pills cure intestinal indigestion of the most aggravated form we have in mind the thousands of such cures that have been reported to us.

By enlivening the action of the liver and causing a healthful flow of bile into the intestines this treatment hastens the passage of food along the intestinal canal, insures regular movement of the bowels and positively removes the cause of such symptoms as headache, dizziness, biliousness, muddy complexion, irritability and bodily pains.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Company, Toronto.

Tore Their Flesh.

"My children were taken with an itching, burning skin disease, and tore their skin until it was sore, and their shirts would sometimes be wet with blood. The doctor did not seem to know what ailed them and could give no relief, so I began using Dr. Chase's Ointment. Whenever it was applied it did its work well and has entirely cured them of this horrible disease." — Mrs. Lois McKay, Tiverton, Digby Co., N. S.

PERSONAL MENTION

Those going on a holiday, or having friends visiting them in the city, would do the Examiner a favour by dropping a post card to this office containing the news, or telephoning the information to the editorial rooms. Telephone, Bell, 134; Machine, 57.

Please write proper names carefully and avoid annoying errors. The Examiner is always pleased to publish the news and many are interested in the coming and going of summer visitors. Tell your friends of your holiday through the Examiner.

Mr. Heathcote is giving a tea this afternoon to some personal friends, and visitors from England, at the pavilion, Chemong Park. Mr. Harry Long is catering.

Miss Helen Stapleton, Gilmour street, left this morning for the lakes, where she will be the guests of her cousins, the Misses Hull, at Fairview, Clear Lake.

A camping party, consisting of Mr. and Mrs. T. J. Wallace, of Peterborough, and Miss Emeline E. Miller, Toronto, and Mrs. A. J. McCuish, Fort William, are encamped at Idyl Wyld.

Mr. J. E. Ivey, Peterborough, has been visiting his cousin, Miss Josie Hawkey.....Mr. Melville Jamieson, of Peterborough, spent Sunday with Mr. and Mrs. Jas. Fleming, King street.—Port Hope Guide.

Mrs. Charles Stapleton and Mr. and Mrs. R. G. Kingan returned home on Saturday from a delightful auto tour, which included Toronto, Hamilton, Niagara Falls, etc. They were the guests of Mr. Howland, Toronto.

Mr. John Denoon, head salesman in Kennedy's meat market, started out this morning to enjoy a well-earned holiday. He was accompanied by Mrs. Denoon, without whom a holiday is no holiday to Mr. Denoon.

Mr. and Mrs. G. Gough and daughter, Lillian, of Peterborough, were in town on Sunday.....Mrs. B. Morrow and son Herald, of Peterborough, were in town on Saturday attending the funeral of the late Albert O'Brien.—Lindsay Post.

Mr. John Billington of the Great Northern Elevator Company, and wife, are in the city for a couple of weeks renewing old acquaintances. Mr. Billington left Peterborough seven years ago and has not returned since until this present time. He naturally notices a marked improvement in the city. He is very much taken up with the west and, like practically all others who live there, is very optimistic as to its future. Mr. Billington is a former member of the Peter Hamilton office staff, and was connected with the fire brigade band while in Peterborough.

Stand Trial For Killing a Horse

Driver of Vehicle Will Appear Before the Magistrate.

A police court case will probably be the issue of the accident which happened a few weeks ago, resulting in the death of a horse the property of Mr. Bygott, Hydraulic, of Lakefield. Examiner readers will remember that three young men one or more of them intoxicated, were driving along Water street and collided with the vehicle from Lakefield, wounding Mr. Bygott's horse so that it died the following day.

It is probable that summonses will be issued this week, and that the driver, through whose carelessness the accident is said to have occurred, will have to stand a trial.

DIED.

MIDDLETON—At 81 Conger street, on Tuesday, July 24th, 1906, Marion, the infant daughter of Mr. and Mrs. W. H. Middleton.

The funeral will take place to-morrow at 3 p. m., to Little Lake cemetery.

Rev. Jas. Davidson, for fifty-two years vicar of Nafferton, East Yorkshire, England, who died last week, was one of the oldest university graduates living having graduated in Aberdeen in 1837.

Everyone Run Down

depressed—with headaches, indigestion, constipation, boils, tumours, scrofula or other results of impure blood—can find speedy relief in Mira Blood Tonic.

It draws out the poison from the blood and tones up stomach, liver, kidneys and bowels.

Rice Lake Is Bound To Become Popular In Time

Mr. M. C. Clapp, Toronto Will Build Cottages on Curtis' Point—Contribution of a Summer Visitor.

Rice Lake is not yet, by any means, as popular a resort as Stony Lake or the other lakes of the Kawartha chain, but it is an ideal place for summering, and the many advantages it offers in the line of a place for a summer residence are bound to be recognized, and in a few years it will probably present a different and much gayer scene than it does now. There is no reason why Rice Lake should not be prominent among Ontario's many places where visitors from our own cities and from those across the border as well, flock to in great numbers during the months of July and August. Mr. N. C. Clapp, of Toronto, is commencing a movement in the right direction to attain this result, and has purchased 40 acres of land on Curtis' Point on which he purposes erecting 20 or 30 cottages to be disposed of to summer visitors. Mr. D. Morgan and family, of Toronto, have already taken up one, and next year it is expected that several others will be occupied.

The following interesting article has been contributed by a gentleman who is at present spending a vacation at Rice Lake, and who is very familiar with the Otonabee and Rice Lake:

The strenuous labour of this busy age and our "sultry clime," together with our aesthetic inclinations and physical requirements, make it necessary for us to take a holiday during July or August. The citizens of Peterborough need not trouble themselves planning a distant trip or selecting a favourable location, for they are surrounded by rare summer resting places. Kawarthadom, with its scenic grandeur and the Otonabee River and Rice Lake, with their countless spots of indolent ease, where breeze and shade, and rolling white-crested waves lure the most mercenary heat to wanton idleness, will satisfy the most fastidious of rest-seekers.

The writer, as a guest of the efficient and genial captain of the steamer Water Lily, spent four days on Rice Lake waters, and from the time the boat left the locks the beauty of the landscape, the healthful air of the water and the numerous points of interest claimed his attention. Both banks of the river are a series of camping grounds, while Crawford's Grove is a city of tents. Campers by the hundreds were swinging contentedly in hammocks, reclining on easy chairs, paddling hither and thither in canoes, or in some quiet spot where some friendly tree shaded alike the hunter and the hunted, while the former endeavoured to capture a prize.

Jubilee has its usual quota of summer guests, while Gore's Landing, that quiet, secluded and pretty village, has its normal population increased three-fold.

As the steamer glides through the gap in the old railway filling and approaches Harwood from the north, one cannot fail to compare the time when the village was a great centre of commercial activity with its busy sawmills and extensive shipments of iron ore, with the present, when a few scattered rails on a neglected roadbed, and a great tract of sawdust are all that speak of the past. True, there is a store or two, a good dock and a first-class summer house kept by Mr. Corkery, a village school and a decent church that "tops the neighbouring hill," but as a village it is a ghost of the past.

Mr. Sam. Lambert (Lombard), the aged sailor who has sailed the lake and river for the past 55 years, and who took the trip that day for the sake of "having his hands on the wheel," informed us that he steered our present King on the old steamer Otonabee from this village to Hiawatha, 45 years ago. Then Harwood was a village of note.

But the trip is not complete until one comes to one of the prettiest spots on Rice Lake—Idyl Wyld. It is truly a delightful island. In it is combined the primitive forest, with its well-kept lawns and shady walks; its promontory, where the waves splash the tree tops, and the quiet bay, where the water lilies rest their sleepy heads on the calm waters. The house is large, airy and commodious, and Mr. Hutchinson spares no pains to have his guests enjoy themselves. He is to be congratulated on the way the grounds are kept, and on the class of tourists he is catering to, where the most sensitive lady or little child finds everything refined and restful.

Smith Street Bridge Re-opened After Repairs

Was Thrown Open to the Public at Noon To-day—No Estimate of the Cost of Repairs—Logs Have Delayed the Work.

After having been closed for several months for repairs the Smith street bridge was reopened to the vehicular traffic at noon to-day, and in future it will no the necessary for those living in Auburn to drive to the London or Hunter street bridges to cross the river. The City Engineer was unable to state what the cost of the repairs to the bridge would be, but intimated that it would be rather high, because of the fact that when the work was commenced it was found that some parts of the structure which were thought to be sound, were found to be unsafe and had to be replaced by new timber. The logs going down the river too, have here retarded the work considerably.

It is believed, however, that a good job has been done and that with the repairs completed the bridge will be in good shape for some time to come.

The Outing Season In Full Career At Stony Lake

Pleasure Passengers Heavily Freight Steamers—First-Class Fishing—Notes of the Storm—Newsy Budget From the Lakes.

Stony Lake, July 23.—The holiday season may now be said to be fully developed. The traffic of passengers and their belongings is very heavy, and all up boats may be said to be expanding their sides to accommodate the crowd. Nearly all the cottages have been opened for the season, the boarding-houses and hotels are fast filling up, and numerous campers' tents decorate the islands. The Sunday services, the dances and other public gatherings are showing their old-time appearance.

The lake is swarming with launches, sailing yachts and smaller craft, and many of the summer residents have already acquired the much coveted coat of tan.

The "hop" at Juniper on Saturday evening was one of the largest and most enjoyable of the season. Many new faces besides those of the other year residents appeared, and the dance was indulged in until quite a late hour.

The Services.

The attendance at the morning service at Juniper pavilion was the largest of the season. Rev. John McIntosh, who is camping here, was the minister, and as usual preached an eloquent sermon. In the evening a large number congregated at the pavilion and a delightful song service was held.

Mr. Clarence Bell, Toronto, conducted the service at Viamede pavilion. Miss Winnifred Dobbin, Peterborough, gave assistance by playing the hymns, and during the offertory Miss Lobb, Toronto, sang a solo.

A half-hour service was held at the Victoria House in the morning, at which guests and others were present. Mr. J. B. Clarke, Toronto, was the minister, and Mr. L. L. Maguire, New York City, played the hymns.

A large number from the lake attended service in the evening at St. George's church, where Mr. Clarke preached in his usual convincing manner.

Two of the worst storms in recent years raged over the lake yesterday afternoon. The wind, which was accompanied by rain, arose so quickly at each storm that, with scarcely a five minute warning, the white caps were rolling high, and caught many a canoeist and sailing party in mid-ocean. Such storms as these should be a warning to amateurs and those having over-confidence in their ability as boatmen.

Out on a "Lark".

The storms on Sunday may have been "something fierce." Yet they had no terrors for the good ship Pando and her valiant crew. While the first storm was at its height and cottagers and campers were struggling hand and foot to "hold their own" on shore, this craft with its 200 feet of sail, could be seen tacking back and forth between Juniper Island and the mainland. After the storm had somewhat abated and the daring mariners had drawn in towards shore, Skipper Colling took several high dives off the bow to make sure that he was really wet. Mr. Basil Hall, a deckhand, escaped the dampness by wearing a rubber coat and a 15-quart tin pail for a hat. Mr. Charlie Hointzman had to desert the piano several times to bail the boat.

A week's-end visitor at Stony took an unexpected bath on Saturday afternoon by which he was soaked to the "skin." He was out speeding in a racing canoe, near McCracken's Landing, and tried to do the Norman Bell stunt in turning the buoy. It failed to work, however, with the result before mentioned. The victim of the upset spent the remainder of the day in some borrowed togs, waiting for his good clothes to dry out. Some people should paddle a punt.

At Victoria House.

Young men and maidens, old folks and children, are all enjoying life at this popular house. The followers of I. W. are here in large numbers and the exceptionally good fishing this season (Bob says it's the best for many a year) is the cause of many prolonged holidays. This week will see the erection of tents and cots on the grounds to accommodate the expected arrivals.

The arrivals last week were: P. Morrison Milne, C. R. Battin, Mrs. W. S. Battin, Toronto; Geo. R. Bonfield and wife, Arthur Bonfield, of Cleveland; W. E. White, Peterborough; Mr. and Mrs. R. H. Brennan, Havelock; C. F. Ostway, E. C. Bickford, Rochester; Glen. E. Prekham, Buffalo; J. M. Price, Miss T. Baumer, L. L. Maguire, New York City; Miss A. Dittmar, Jersey City Miss M. E. Becker, Chicago; J. R. Carrie, Port Hope; Geo. B. and Mrs. Worham, Belleville; Chris. Hughes, Peterborough; Mr. and Mrs. J. B. Brooks, Miss E. Brooks, Mr. and Mrs. H. J. Miller, Mr. Wm. Marsh, Pittsburg, Mrs. Henry Barnes, Miss Alma Barnes, Cleveland; Mr. W. B. Curtis, Mr. De Witt Curtis, Chicago; Mr. and Mrs. F. W. Wright, Rochester.

At Viamede.

The first Marshmallow roast of the season was held on Saturday evening. Viamede guests and their friends, about fifty in number, gathered around a monster bonfire near the water's edge and spent a few happy hours in true camp-fire style. The usual songs and stories were indulged in; some of the stories, of the fish variety, might be called unusual.

Among the recent improvements at this popular summer resort are the "Lovers' Walk" and turnstyle. These last mentioned items should augment the already enviable reputation of Viamede as a young peoples' paradise. The good fishing still continues. Mrs. H. T. M. Weller landed a twelve pound lunge on Friday near Viamede wharf and the large bass catches are becoming every day occurrences.

Among those who have come to Viamede during the last few days are, Miss Winnifred Dobbin, of Peterborough; Miss Flora Knapp, Mrs. M. K. Schaub, Miss Margaret Orenburg and Miss Margaret Marks, of Rochester, N.Y.; Miss Minnie Lobb, Miss Adelaide Lobb, Toronto; Mrs. A. C. McGlachlan, Mr. Donald McGlachlin, Rochester; Mr. and Mrs. H. L. M. Weller and Mr. Maurice Weller, Toronto; H. A. Allen and Mrs. Allan, Cobourg; Miss Florence Ball, W. C. Rogers and Mrs. Rogers, W. G. Galt, J. R. Stuart, Mrs. Sim, Miss Sim, Misses Foley, Toronto.

Miss Violet Stevens, city, is a guest of Miss Alberta Gooding.

Mr. and Mrs. O. B. Shortly, Toronto, were among Saturday's arrivals at Glenwood.

Miss Fanny Bryant, Whitby, is at Gladbalken the guest of Miss Gladys Crane.

Mr. L. P. Horne and Miss D. Horne, Toronto, are guests at Glenwood.

Miss Alice Donnel was down to the city on Saturday.

Mrs. Lawrence Graham and Misses Marjorie and Elsie Graham, San Juan, Porto Rico, are at Kilima Cottage for the season.

Mr Harry Sutherland, Toronto, returned to Inglestane on Saturday.

Mrs. D. Breese, returned to Glenwood on Saturday evening.

Mr. John Freeman, of the Victoria House, went down to the city on Saturday.

Miss Lumsden and Miss Edna Ackerman, city, are spending a few days on the lake, the guests of Mr. John Lumsden.

Mrs. Gordon Smith, Paris, is at Shota which was opened for the season on Friday.

Mr. R. H. Waram, Belleville, spent Friday at Victoria House.

Mr. Laidley, of the Bank of Toronto, and Mr. L. M. Watson, of the Bank of Commerce, visited Winonah on Sunday.

Miss Katie Urquhart, Lakefield; Mrs. W. J. White, Mr. and Mrs. P. W. Currie, Ottawa, and Misses Elsie and Dorothy Sherin, Lakefield, are guests at Oakland Cottage.

Mr. E. J. McCallum, Pittsburg, Pa., is a guest at Burleigh.

Mr. R. J. Winch came up to his cottage on Saturday evening.

Mr. Ross Cameron spent the week's end at the Cottage Syndicate.

Mr. Chris. Hughes returned to the city on Saturday having spent a week at Victoria House.

Mr. Will Cox, returned to Kenmore on Saturday.

Mr. Reid Munro spent the week's end at the Cottage, Clear Lake.

Mr. Wm. Cochrane spent Sunday at the cottage, Eagle Mount.

Mr. Fred Collins went down to the city on Saturday.

Mr. F. Craig, of the Examiner, is spending his holidays at the cottage.

Mr. B. Shortly came up to his cottage on Saturday.

Mr. and Mrs. Hasen Ritchie spent the week's end the guests of Miss Bradburn.

Mrs. J. R. Stratton returned to Strathormond-on-the-Lake on Saturday.

Miss Mary Nicol, Miss Bessie Lillie and Mr. Morlyn Lillie, Norwood, are guests of Mr. Buck at Doon Brae.

Mr. H. G. Stubbs and Mr. C. W. Nediok, Toronto, returned to Chateau du Lac, on Saturday.

Mr. P. D. Walker, Cardinal, and Mr. H. B. Wilson, Port Hope, are guests at Mount Julian.

Mr. A. G. Miller, Toronto, is the guest of Mr. Wilfred Rice, at Grassy Island.

Miss Edna Hogg, Montreal, is a guest of Miss Florence Cameron, Boschink.

Mr. and Mrs. Irwin and family close Headlands for the season and returned to the city on Saturday. The absence of this family from the lakes is much to be regretted especially that of the Misses Irwin, who added much to the gaiety of the dances.

Mrs. K. G. Leech returned to Kenmore on Saturday.

Mr. Horace Walkey, city, spent the week's end at Cairndhu.

Messrs. Eber L. Frost, Norman Graham, Norwood, and Stephen and Thomas Miller, Warsaw, are spending a couple of weeks under canvas at White Lake.

Messrs. Norman Bell and Bert Gilbert, of Peterborough, made the trip down to the city in a canoe on Sunday evening.

THEY NEEDED THE MONEY

That's Why We Bought So Cheaply

Bargains of extreme merit await every man and young man at

For
INSECT STINGS CHAFED SKIN SORE FEET HEAT SORES SUNBURN & ALL SKIN DISEASES

ZAM-BUK kills insect poison and stops the pain of the sting. Heals cuts and bruises, sore aching feet, chafing sores, prevents festering, cures blood poison. Is a skin food, and covers ulcers, abscesses, etc., with new healthy skin. Doctors recommend it for Eczema.

Mrs. Angus, of Fenelon Falls, says:—"I have been keeping house for 40 years, and never found anything to equal Zam-Buk. As a household balm and salve it is wonderful."

USE **Zam-Buk**
The Balm that benefits You
ALL DRUGGISTS SOLD

IS YOUR COAT DUSTY?

You Probably Have the White Scab of Dandruff on It.

If your coat or shoulders have a white dust upon it, the chances are that it is from dandruff. The only way to permanently cure dandruff is to remove the cause, which is a germ. Newbro's Herpicide kills the germ. Every toilet table should have such a hair dressing that contains also the destroyer of the dandruff and hair falling germ. It stops all irritation, and keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good" will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. Ormond & Walsh, Special Agents.

A Reception Much Enjoyed

Mr. and Mrs. A. Kingscote's Residence Scene of Pleasant Time.

Mr. and Mrs. Alf. Kingscote's residence at 344 Water street, was the scene of a delightful social time last evening. It was a reception given in honour of Mr. and Mrs. Harry Kingscote, who leave in a short time for Rochester, N.Y., where they intend to reside.

About fifty guests were present, and enjoyed a pleasant evening from 8.30 until after midnight. Dainty refreshments during the evening were served, which added to the enjoyment of the merry party.

Before leaving the guests bade farewell to Mr. and Mrs. Kingscote, and wished them success in their new home across the border.

Nervous and Worried.

Mr. Archibald Sutherland, Principal South Bar School, Sydney, N.S., writes, "I was greatly troubled with nervous dyspepsia, and after meals I often felt like vomiting, and my stomach was sore. I was nervous and worried, frequently had headaches and shortness of breath. When several doctors failed I decided to try Dr. Chase's Nerve Food, and it has entirely cured me. I shall be glad to be the means of bringing this medicine to the notice of any one who is suffering as I did."

Dainty Summer Footwear

Yes m.

We've everything in Summer Footwear, your heart can desire. High or Low Cut Shoes; Lace, Button or Bluchers; Narrow or Medium Heels; Straight or Swing Lasts.

LOW CUT SHOES!

Yes, we've the choice styles of the season. We're always as ready to show as to sell.

MR. G. F. WARDE IN A COLLISION

This morning a teamster's sudden stop, at the corner of Charlotte and George streets, caused Mr. G. F. Warde, East City, to sustain a sudden and somewhat forcible fall. Mr. Warde was coming behind a truck on a bicycle, when the driver noticing a car coming down Charlotte street at the George street corner, pulled up suddenly and Mr. Warde collided with the cart. He was hurled forcibly to the ground, but as he was not travelling at a very high rate of speed escaped without injury.

THE STORE THAT NEVER DISAPPOINTS

Nothing Succeeds Like Success

BILLETING ARRANGEMENTS PRACTICALLY COMPLETED

All the members of the Grand Lodge Committee of the local Oddfellows' Lodges are reminded of the meeting to-morrow night, when it is hoped to be able to complete billetting arrangements for the Grand Lodge meeting. It is very desirable that every member should be present as there is but one meeting more before the Grand Lodge opens, and there is still considerable work to be accomplished. The committee has worked energetically and things are in good shape for its great gathering of members of the Order. It is expected that the task of providing accommodation for the visiting brethren will have been completed to-morrow night, and then practically everything will be in readiness.

POLICE COURT.

Six dollars was the amount the city coffers were enriched by this morning at the Police Court session. P. C. Newell, who was on duty last night, kept a vigilant eye on the conduct of the citizens and as a result the prisoners' box was filled by a trio of offenders.

Ravolio.

M. Ravolio, an native of Sunny Italy, now residing at 267 Simcoe street, was the first called upon. He was charged with being drunk yesterday. P. C. Newell found him lying on a boulevard oblivious of the world around him. He pleaded guilty and paid his $2.

Joseph Tobin.

The same charge was laid against Jos. Tobin, who was also gathered in by P. C. Newell. He admitted the charge and was assessed $2 with 5 days to pay, or in default, 10 days in jail.

Fred. Telbault.

Fred Telbault was arraigned for a similar offence and treated accordingly.

For Stealing Apples.

Mr. Robert Redmond, of Bonegal street laid a complaint this morning against a boy by the name of McManus, for apple theft. The youth is about 13 years of age, and Mr. Redmond says, has repeatedly been troubling him, taking at different times plums, flowers and apples, from his garden.

"There's a tribe of them," he remarked who keep hanging around this property on the lookout for fruit. He placed barbed wire on the top of the fence but that was not even instrumental in obstructing them.

"Has the McManus' boy any parents who can fine him?" the magistrate asked.

"If you leave that to them it will never be done," said Mr. Redmond.

"Where is the lot on which your property is situated?"

"You ought to know. I bought it from you," was the reply.

The information was laid and the case will be considered to-morrow.

Will Conduct A Pool Room

It is Said Palace Hotel Will be Used for That Purpose After August 1st.

The license of the Palace Hotel expires on August 1st. It is said that Mr. M. Pappas will occupy the premises and use them for a poolroom, shoeshine parlour and cigar store.

LOAFERS WILL BE LOOKED AFTER

Young men still seem to want to hang around the street corners, and and other selected spots and stop the pedestrians. The police are working hard to give these loafers a little exercise, and the "move on" exclamation was frequently heard last night on George street. The policemen seem determined that this practice should cease, and if the command is not obeyed, some may have to pass an evening behind the bars.

THE LOCATION OF THE C. P. R. LINE

It would appear that the agitation against the idea of the new C.P.R. line passing through the western part of the city, or through the lands next west of the boundary, is having its effect. Either this or another route is being contemplated for the advantages it may present. A line is being, or has been, surveyed, which, it is stated, contemplates leaving the main line east of Peterborough, crossing the river between Peterborough and Lakefield, and passing northwesterly south of Lake Chemong. However, it is not known yet, and perhaps the railway authorities themselves have not decided definitely where the new line will be located.

ST. LUKE'S ANNUAL S.S EXCURSION

Blood Poison As Result of Fall

Narrow Escape of Son of County Treasurer Elliott.

Percy Elliott, the ten-year-old son of County Treasurer Elliott, has for three days been lying near to death's door as the result of a fall which he took last Friday, and which at the time did not appear to be serious. It appears that he fell from the top of a fence and cut a small gash over his right eye. At the time nothing was thought of it, but on Saturday symptoms of blood-poisoning appeared, and he rapidly became worse. His whole face was swollen and he became delirious. On Sunday, in spite of the best medical attention, the boy's temperature had reached 104 2-5, and it was feared that the injury would prove fatal. To-day, however, the fever has subsided, and his temperature is now below normal, but the danger is by no means over. It is hoped, however, that he will recover.

JULY 23rd; TENDER WAS ACCEPTED FOR SUPPLYING ICE FOR CITY FOUNTAINS

At the meeting of the Fire, Water and Light Committee last night, Ald. Duncan moved that the tender of Thos. Rehill to supply ice for the fountain at the City Clerk's office and at Central Park at $10 each, per month, be accepted. Ald. Mason seconded the resolution, which was carried.

Chicken Thieves Are Operating

Another Stable Broken Into and Robbed Last Night.

There is apparently a gang of chicken thieves operating in the city, and about the best advice that can be given to those who have valuable fowl which they do not want to lose is to keep their hen houses locked, and a shot gun loaded with sparrow shot near at hand. A good dose of the latter would probably cure the thieves as well as anything.

Last night about 10 o'clock Mr. J. E. Belcher's stables were entered and a number of valuable fowl were taken, as the owners found to their sorrow this morning.

The thieves are apparently getting bolder in their marauding, for they do not even wait until the owners of the birds retire before they commence their operations. Last night members of Mr. Belcher's family heard the fowl giving evidence of alarm about 10 o'clock, but thinking that there was nothing serious the trouble did not go to ascertain the cause, but this morning it was all made clear when they found their birds missing.

Of all the stores within this town, There's one that certainly wins renown;
For bargains great or bargains small
408 George street beats them all.

On Wednesday and Thursday at B. Y. Moyes' the above mentioned store, we have these "bargains great." The warm weather now being on, we are endeavouring to put our white wear within the reach of every one's purse. In fact we are making these two days general bargain days in the store, a number of things going at ridiculously low prices.

Just a few of our "awful sacrifices":—

All descriptions of wash belts, 23c.
Collar and cuff sets, regular 30c., for 25c.
Linen towelling, regular 10c., for 8c.
Beautiful Japanese mats, regular 30c., for 20c.
White flannelette blankets, regular $1.25, for 79c.

All these and "loads" of other values at B. Y. MOYES', 408 George street.

Sugar! Sugar!

We are unloading a carload TO-DAY.

Come! Come!

Buy a bbl. or a cwt. while it lasts.

Beautiful Ste. Anne Attracts Hundreds

Annual Excursion to St. Anne de Beaupre To-day Draws Record Crowd—Special Train Over the C. P. R.—Grand Trunk Passengers Took Belleville Train—Some of Those Who Left Peterborough.

The annual excursion to St. Anne de Beaupre under the patronage of His Grace the Archbishop of Kingston, left Peterborough to-day and was one of the largest in the history of the annual event, which is always very largely patronized, and which apparently is becoming increasingly popular. From Peterborough there is each year a large number of persons taking the trip, which proves to be a delightful holiday outing, and in addition to the pleasure of the trip there are the never-failing attractions of the historic and beautiful St. Anne.

From Peterborough about 225 persons left to take this trip to-day by the two trains. A special train of 12 coaches left the C.P.R. station at 12.45, and about 150 persons took that train here, while 75 more took the regular G.T.R. train to Belleville, to which two coaches were attached for the use of the excursionists. This train will connect with the special at Belleville, and will go from there direct to St. Anne, where it is expected to arrive to-morrow morning about 7 o'clock. Pullman cars are attached to the train, so that those who wish to travel with this additional comfort may do so.

Among those who went from Peterborough by the C. P. R. excursion train were the following:

Frank Grady, Miss Mary Grady, Mr and Mrs E Hickey, Mr and Mrs M J Hickey, Mr and Mrs J Hayes, Miss Annie O'Neil, Dr McNulty, Mrs A Blackburn, Miss E Fellie, Mrs S Barrette, Mr J Laplante, Miss L Richea, Mrs Letellier, Miss B Gordon, Mrs E Laplante, of Peterborough; Jas Killen, Ennismore; D Flaherty, Ennismore, Miss Nora McMartin, Peterborough; Mrs. Chas Faux, Villiers; Mrs John Dwyer, Peterborough; Mrs and Miss Macklamor, Miss Deedy, Buffalo; Miss Annie Dillon, Mrs. Kennedy, Peterborough; Mrs T Twomey, Emily; Mrs J K Galvin, Miss Nellie Howren, Miss Lizzie Howren, Mrs E Corkery, Mrs P Crowley, Mrs M Crough, Ennismore; Mr John Sullivan, Emily; Miss Katie Mahoney, Miss Mary Young, Miss Lottie Galvin, Miss Nellie Donoghue, Mrs John Flood, Mrs Jas Scollard, Mrs Wm Cavanagh, Ennismore; Mrs P Torpey, Miss Agnes Torpey, Peterborough; Mrs Murray, Emily, Mr and Mrs P Allen, Douro; Mrs McGallough, Miss Carrie McCullough, Miss Mary McCullough, Peterborough; Mrs P Kane, Peterborough; Mrs Jas Scott, Clydesdale; Mrs Gooley, Peterborough; Mrs P Sullivan, Otonabee; Miss Agnes Gilman, Mr and Mrs Richard Gilman, Mrs J Gilman, Roger Devlin, Miss Norah Devlin, Peterborough; Mr and Mrs Patrick Allen, Lakefield; Miss Cecelia and Miss Eliza Daignault, Peterborough; Mrs Wm Moher, Mrs D McGrath, East City; Miss Annie Horrigan; Mrs Robert Lang, W Moher, John Conroy, W Butler, Mrs Kylie, the Misses Lacheur, T McCabe, Miss Lynch, Mrs A Lawless, Lakefield, Miss McCabe.

Among those who left on the Grand Trunk were, Father Sweeney, Mr. and Mrs. Walter Young, Young's Point; Miss B. Walsh, Young's Point; Miss Rita McAuliffe, Ennismore; Mrs. McMurry, Douro; Frank Flood, Peterborough; Henry Clark, Ennismore; Miss Conrove, Miss Mahoney, Ennismore; Miss Eva McKee, Peterborough; Miss Agnes Mercier, Rochester; Miss Debora Welsh, Peterborough; Mrs. McGrath, Miss Katie McGrath, Peterborough; Miss Mary Young, Ennismore; Mr. and Mrs. M. McManus, Peterborough.

Disastrous Head-On Collision On Southern Railway

Results in Death of Twenty-Two and Injury to a Score.

ON N. CAROLINA RAILWAY

Fatal Omission of a Telegraph Operator, Who Failed to Give the Regular Passenger Train Orders at Rockingham — Both White Men and Negroes Victims of Mistake—Many Other Fatal Accidents.

Raleigh, N. C., July 24.—A collision between a freight train and a regular mail train on the Seaboard Air Line at 8.40 o'clock Sunday night, three miles south of Hamlet, resulted in the death of four of the trainmen, and sixteen others, and injured twenty-four. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.

Why the order was not given to the passenger train at Rockingham is not known and will be investigated. The injured were conveyed to Charlotte as soon as they could be taken from the wreck.

Twenty-Two Dead.

Later—Twenty-two persons are dead and upward of 23 injured. There were 20 bodies taken out of the wreck, and two of the injured died yesterday in the hospitals here. Most of the victims are negroes.

CRUSHED BY FALLING BUILDING.

Six Workmen Are Dead and a Score Are Hurt.

South Framingham, Mass., July 24.—At least six and perhaps three times that number of masons, plumbers and Italian laborers were crushed yesterday in the sudden collapse of a building in process of construction on the main street, while ten others were dragged or dug out of the mass of broken building material, cut, bruised or maimed for life. At a late hour last night, since men were still missing and a large force of laborers was at work on the ruins, searching for other victims. When the accident happened, there were between 25 and 40 men at work at the building.

Small Boy Drowns.

Toronto, July 24.—Albert Francis North, a 12-year-old boy, met death by drowning in the Don about 3 o'clock yesterday afternoon. His father, Thomas North, is a laborer with the Construction and Paving Co. and lives at 73 Lewis street. The little fellow was bathing.

Meets Death in River.

Ottawa, July 24.—Patrick Edward Brady, aged 21, a young emigrant, is supposed to have ended his life in the Ottawa River. His clothes and a Roman Catholic Prayerbook were found on the river bank and the police was thrcat ,nFabe ..ETA ETA ETT are dragging for the body.

Irish Bill Passes.

London, July 24.—The House of Commons at an early hour this morning passed to its third reading the Irish laborers' cottage bill, by a vote of 196 to 19. The figures were received with laughter.

Head Of Iron To Rule Oppressed Czar's Subjects

Will Russian People Now Be Governed By the Czar.

ARRESTS BY THE WHOLESALE

Rumored In St. Petersburg That the Members of the Defunct Douma Will Be Arrested on Their Arrival From Finland—The Address Drafted at Viborg Will Be Suppressed in Newspapers—Jewish Panic.

St. Petersburg, July 24.—The Council of Ministers has recommended the Emperor to issue a ukase proroguing the Council of the Empire, or upper House of Parliament.

The Government's midnight coup d'etat is already having the effect of uniting all the discordant elements of the Opposition, and it requires little perspicacity to see that an era of repression and all which it entails will drive Liberal and Revolutionary alike to support the most desperate measures. It is already clear that resistance will be made.

Wholesale Arrests.

A correspondent of the Associated Press made a tour of the city early yesterday morning. At every block he encountered reinforced patrols, and met half a dozen squads of gendarmes with drawn swords, escorting little bands of arrested persons to prison. During the night over a thousand arrests of workmen, agitators and revolutionary suspects were made. The railroads leading out of the city have been placed under martial law, and the gendarmes search the passengers and baggage on all trains for arms and political documents. Systematic military perquisitions for political agitators, and especially members of the proletariat organizations are in full swing.

Not only the Tauride Palace, but the gates of the park leading to it, are closed, and the surrounding streets are alive with gendarmes and secret police. With the regular garrison, there are now more than 60,000 troops massed in the city.

Upon all the dead walls are posted proclamations of the prefect of police prohibiting meetings, public or private, without permission; the distribution of proclamations, the raising of flags and singing in the streets.

Gagging the Press.

The prefect of police placed officers in the newspaper offices Sunday night to see that they did not transgress the limits of the law, under threat of confiscation of their issues. Nevertheless, the edition of The Rech was seized soon after it left the press.

From every direction come reports that an era of repression has been inaugurated, including the confiscation of Radical newspapers and wholesale arrests of political and revolutionary suspects.

The great news of the day is the adoption of an address to the people by the deputies to Parliament who assembled at Viborg, the language of which affords pretext enough for the Government to lodge its authors in the fortress if it feels strong enough. A rumor was spread last night that this course had been decided upon.

A large crowd gathered at the Finland station last night, where the deputies were expected to arrive, but only a few appeared, and these were not molested and neither was there a popular demonstration.

Will Suppress Appeal.

Copies of the appeal to the people are in the hands of all the St. Petersburg newspapers, but it will scarcely be printed to-day for the reason that a detachment of police is posted at the door of every newspaper printing office in the city with orders not to permit any papers to leave the building until authorized by the censor.

Police last night were posted at the lodgings of M. Sedelnikoff and M. Ilyn awaiting the return of those revolutionary delegates who already have involved themselves by seditious acts since the dissolution of Parliament.

New Council.

A few days many witness the constitution of a "provisional Government" composed of an enlarged council of Ministers with the inclusion of conservative members of the dispersed lower House of Parliament, councillors of the Empire and men influential in the life of the Empire who can be induced to accept Ministries without portfolios and contribute their authority and advice to the hard-pressed Government. This was the subject of deliberation at a meeting of the Cabinet Sunday night and again last evening.

Jews in State of Panic.

Odessa, July 24.—The Jews here are in a state of panic, fearing an anti-Jewish outbreak as the result of the killing of a drunken Cossack, who recently wandered through the Jewish quarter, brandishing his sabre and shouting "Death to the Jews."

Sage Left $100,000,000.

New York, July 24.—The funeral of Russell Sage will be held this afternoon at 4 o'clock. The burial will be in Oakwood Cemetery, Troy. Dr. Carl Schmick, the local physician, attending Mr. Sage says that, going by what he heard from Mr. Sage on various occasions, he felt positive that Mr. Sage had left everything in his wife's control. "Mr. Sage was undoubtedly the wealthiest man on the street. His fortune can be conservatively estimated at from $75,000,000 to $100,000,000," said Henry Clews yesterday.

British Steamer Sinks Swede.

Southampton, Eng., July 24.—The British steamer Roman, from Antwerp for Montreal, put in here yesterday and reported having been in collision with the Swedish steamer Talis, which sank. The Roman rescued the passengers and crew of the Talis and brought them to this port.

Captain Arrested.

Vancouver, July 24.—Capt. Griffin, in charge of the Princess Victoria at the time of the collision with the tug Chehalis, has been arrested on a charge of manslaughter and released on bail. The Princess Victoria later sailed for Victoria and Seattle in command of Capt. Hickey.

Seize $14,000 Worth of Furs.

Wallaceburg, July 24.—A large quantity of valuable furs stolen in New York (valued at $14,000) was traced by detectives through Montreal and Toronto to Chatham, Ont., where the trail was lost for a time. A clue obtained at Chatham yesterday, however, put Chief Compeau on the track afresh and it resulted in the capture of Jos. Jackson and his two sons in a house here they had recently rented, and where they were at work dressing the furs. The thieves and their plunder were immediately taken in Chatham.

Diarrhoea

MAY attack you at any time of the year, but it is more prevalent during the summer months. When this trouble attacks you, it does not pay you to experiment with untried remedies, but always procure one that has stood the test of time. Such a one is Dr. Fowler's Extract of Wild Strawberry. It has been on the market for 60 years and is considered by thousands of people as the best cure for all bowel complaints.

Mrs. Wilfrid Tomlinson, Victoria Harbor, Ont., writes: "I always keep Dr. Fowler's Extract of Wild Strawberry in the house, knowing from past experience that it is a sure and efficient remedy in diarrhoea and kindred bowel complaints."

Notice is hereby given that it is the intention of the Grand Trunk Railway Company, of Canada, after the expiration of four weeks from the first publication of this notice, to apply to the Board of Railway Commissioners for Canada, under Sections 175 and 176 of the Railway Act, 1903, for authority to construct a branch line or siding extending from a point on its tracks on Bethune street, north of Rink street, Peterborough, thence southerly along Bethune street and crossing Rink street to a point opposite the premises of the Peterborough Fuel and Cartage Company, as shown upon the plan, profile and book of reference deposited in the Registry Office in the County of Peterborough, the 23th June, 1906.

Dated at Montreal 20th June, 1906.

W. H. Biggar, General Solicitor, Grand Trunk Railway Company, of Canada.

New Kennel Club To Co-operate With Fair

A Proposal to Hold Dog Show in Connection With Fall Fair in This City—Proposition Will be Submitted to the Meeting To-morrow Afternoon.

The Peterborough Kennel Club is the latest club probability in the city, and, from information gained by The Examiner, the prospects for its organization and successful operation are very bright. For some little time some of the prominent dog fanciers in the city have been discussing among themselves the formation of a kennel club, and it is probable that after to-morrow the matter will take definite shape.

At the meeting to be held to-morrow afternoon in the Council Chambers to discuss the affairs of the Peterborough Industrial Fair, the promoters of the new kennel club will be present and will be prepared to make a proposition, which, if accepted by the Fair directors, will secure as an additional attraction to the fall fair a dog show. The exact nature of the proposition has not been given for publication, but it is understood that it is one which will appeal to the directors as reasonable, and especially in view of the fact that if it is accepted the dog show will be added to the attractions at the fair.

In the city and vicinity there are a great many dog fanciers and many good dogs, and it is believed that not only could a strong kennel club be organized, but that there is sufficient interest in the subject to induce a large number of owners to enter their dogs in a show, should one be held.

A tent could be erected on the grounds and the show held in it, in order that none of the space now used for exhibition purposes would be taken up.

It is expected that at to-morrow's meeting a representation from the proposed kennel club will be present and submit the proposition to the directors, and they believe that it will have an effect on the decision of the meeting on the question as to whether the fair will be held or not.

Fell Twenty Feet Into The New Gas Holder

T. P. Charon, of Boston, Met With Serious Accident at Gas House To-day—Fell From Scaffold While Erecting Gas Holder.

T. P. Charon an employee of the Cruise, Temper Company, of Boston, Mass., is lying at his boarding house, 29 Queen street, this afternoon, in a decidedly painful condition, as a result of a fall this morning.

He has been working with a gang of half a dozen men or so on the new gas holder for the Peterborough Light and Power Company at the gas house. He was working on a scaffold putting the steel plates, of which the holder is made, in position, when he fell to the steel floor of the holder, a distance of over twenty feet. He was taken to his boarding house, where two doctors were called, and it was found that he had sustained injuries which will incapacitate him for work for some time. He was injured in the ankle, hip and elbow, a bone in his arm being broken, and it is possible that other bones may be broken as well.

The injured man is suffering considerable pain, and while it is not anticipated that any particularly serious results will follow the accident, it will be some time before he will be able to resume his work.

Concentration Only Hope For Success

This Is a Director's Opinion in Reference to the Fall Fair—Some Other Ideas Advised.

A director of the Peterborough Industrial Fair, discussing the meeting to be held to-morrow afternoon, to-day, suggested that if it was decided to continue the fair the directors should concentrate the attractions more. In the past he says, the attractions have been scattered over the whole grounds with the result that there has been a crowd at no one place. He advocates cutting out the horse races, and confining all the operations to the fair grounds proper.

He believes that the attractions should be featured, and that a midway is a good drawing card, and suggests that a locator be appointed to deal with the midway attractions, and place them all together. If they could be assured that the people would not be scattered all over the grounds they would be more inclined to come to the fair and would pay for the privilege. His strong point is that things should be concentrated.

Will Make The Change In The Lamps At Once

Mr. Larmonth Prefers to Use C. G. E. Lamp if it Can be Bought as Cheaply as Westinghouse—Is Now Awaiting Advice From Committee.

Mr. J. H. Larmonth, managing director of the Peterborough Light and Power Company, informed the Examiner to-day that the company would proceed as quickly as possible with the work of substituting the enclosed arc lights for the present open lamps. As yet he has received no notification from the committee of the decision reached last night at the meeting, but as soon as he is advised of its action he will at once take up the matter.

As to the particular style of lamp he would adopt Mr. Larmonth could no say. So far as his company was concerned it was largely a matter of price, and there was practically no difference between the C.G.E. and Westinghouse lights. He would of course prefer to use the local lamp if it could be bought as cheaply as the other.

Resented His Frequent Visits

Police Called to Save Young Lady's Guest From Being Mobbed.

Last night, shortly before 11 o'clock, two young men, came into the police station, asking for assistance in quelling a row at the end of the street car line. Police Constables Newhall and McGinty went down to see what the trouble was.

It appears that a number of young men, for some reason unknown, took exception to a young man, Graham by name, keeping company with a young lady who lives below the driving park. Last night about twenty of them waited outside his friend's house, with the apparent intention of mobbing him, and this was the reason the police were summoned. When they arrived they found the much-sought after young man in the centre of the mob and a fellow by the name of McWilliams, according to the word of a bystander, slapped him across the face once or twice. The members of the gang "skidooed" without further notice when the police arrived. The latter took into custody a young man by the name of Peters, who gave some particulars of the row at the police station and was allowed to go again. It is probable the whole crowd will appear in court.

Everyone Gets Rich In The West

Mr. James Harvey, of Saskatoon, Tells of the Great Prosperity.

Mr. James Harvey, of Saskatoon, Sask., is in the city to-day visiting Mr. Jas. Head, and was interviewed by the Examiner in reference to the prospects for the West.

Mr. Harvey is, of course, very enthusiastic over the crop possibilities there now, and is on his way back to the West to help reap the harvest, for he is the owner of one of the big farms near the town of Saskatoon, where he makes his home.

Mr. Harvey is a native of Alnwick, but has lived in the West for the last three years, and is greatly pleased with the new land, where, he says everyone may get rich if they stay long enough.

The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, July 24.—The feature of the market to-day was the great activity and strength in C.P.R. After lying dormant for a long time, the Lewy crowd in London took hold this morning and boosted the stock to 161 1-4. There was no news, the buying being based probably on the magnificent showing now being made by the road.

The general market was reactionary and showed declines of a point or two in the active issues. Sentiment was affected by the serious news from Russia. London, however, was steady.

During the early afternoon the market became dull, but heavy buying of Southern Pac. by the Wasserman pool strengthened the entire list and it rallied sharply in the late traiding, closing quite strong.

Saskatoon Man Was Arrested

Charged With Defrauding a Toronto Man.

The Toronto Globe to-day says:—James H. Scriver, an insurance agent, on his way from Saskatoon to his home at Keene, near Peterborough, was arrested last night by Detective Kennedy on a charge of defrauding Frank Melville of the Confederation Life Building. Scriver is alleged to have passed a cheque for $75 for which there was not sufficient funds in the bank.

Cut Prices for New Books.

—You are neglecting your chance in summer reading if you haven't found out that the Peterborough Bookstore is selling paper-bound books for f-i-v-e cents each. The titles and authors are just as popular as the 25c, 50c, 75c and $1.25 editions. Better still, you can buy eight of these books, all for 35c. This is another little lot that has just come in, and don't think any more can be got at anything like the price. A. H. Stratton & Co.

BASEBALL

A meeting of the Guild League executive will be held on Thursday night at 8 o'clock in the Y. M. C. A., to decide on the date of the final game to decide the championship.

SPRINTING

Port Hope, July 23.—Jimmie Reynolds, Port Hope's fifty-five-year-old barber, who recently won renown by walking from Port Hope to Toronto in 21 hours, has taken another wager. He has bet $200 to $600 that he will walk from Port Hope to Toronto and return within 42 hours. The feat is considered impossible here, and the general opinion is that "Jimmie" will lose his money.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60 cents at all dealers or Edmanson, Bates & Co., Toronto.

Synopsis Of Canadian North-W HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the Northwest Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

PRINCIPAL DYER, D.D.

New Style Lamps For Street Lighting System

Fire, Water and Light Committee Decide to Adopt the Enclosed Arc Lamp—Will Replace the Present Style Open Arc—Mr. Aitkin's Report—C. G. E. Style Lamps Recommended.

The present style of street lamps will, in the near future, be replaced by enclosed arc lights, on alternating current, and the council will recommend that the C. G. E. light be accepted by the company.

This was decided at the meeting of the Fire, Water and Light Committee last night, when the report of K. L. Aitken, of Toronto, the expert engaged by the council to report on the city's lighting system, was read. The clause referring to the street lighting alone was discussed last night, the more important portions, those referring to the wiring system, being left until the Board of Works meeting to-night to be dealt with.

Mr. Aitkin reported strongly in favour of the enclosed arc light for street lighting, and his report was acted upon by the committee. The portions referring to this question are as follows:

"Wherever it has been proposed to replace an old style open lamp street lighting system with enclosed lamps, either of the direct current, or alternating type, I have never had any hesitation whatever in saying that either of the latter systems will give results far superior to the old style of lamps. It has been stated on numerous occasions, that the old type open lamp actually gave more light than the enclosed types, using an equal amount of energy, and while this is undoubtedly true, still the consensus of engineering opinion points out that the distributing powers of the enclosed lamp are much greater, and, therefore, the effective illumination at points distant from the lamps is much superior to that given by the open type.

"Where I have personally replaced open lamps with enclosed, I have found the above to be the case, and I would therefore say that it is my opinion that the change proposed will be beneficial to your corporation.

"The new lamps should be of the 7 1-2 ampere type, having clear inner and outer globes, and being provided with either internal or external reflectors. It would be preferable to equip each lamp with an absolute cut-out, but this matter can be left with the company operating the lamps.

"As your lamps are now hung, a great deal of the light is lost, owing to the dense foliage on street corners, and I would therefore suggest that the new lamps be hung as close as possible to points over the centres of the streets. Many of your lamps are hung too high to give satisfactory results with enclosed lamps, and proper modification should be made when installing the new equipment.

"Either the General Electric, Westinghouse, or Adams-Bagnall systems will give entire satisfaction, but if the latter be adopted it will be necessary to instal a potential transformer between the supply circuits and the current regulator. In some rare cases this potential transformer can be dispensed with, but it is my opinion, that it should be used with every installation of this system. Not more than fifty lamps should be used on any one circuit."

After a consideration of this report, in the course of which Mr. Aitken was asked a number of questions, largely of a technical nature, Ald. Mason moved that the committee approve of the installation of the alternating enclosed arc lamps, and recommends that the C. G. E. Company's lamps be used; that the lamps shall be placed in such positions on the streets, and in such a manner as the committee, or someone appointed by the council, shall decide. Ald. Elliott seconded the motion, which was carried.

During the discussion which took place incidental to the adoption of this resolution, it was stated that the Peterborough Light and Power Company was desirous of making the change to the enclosed arc, because of the fact that with the direct current lights off the circuit, the power will be all supplied from the one power house.

Some discussion took place in reference to hanging the lamps in the centre of the streets, and it was the general opinion that the new lamps should be hung to extend more over the streets than at the present time.

Some Novelties Among This Week's Pictures

Large Crowd at Jackson Park Last Night—Merry-go Round and Box Ball Alley Were Busy—The Moving Pictures Presented Some Novelties.

Despite the fact that the mercury had dropped a few degrees last night a large number assembled at Jackson Park to watch the new features in the moving pictures. The air beneath the pines was warmer than expected, and the evening's proceedings were very much enjoyed.

The merry-go-round attracted many in the intervals between the pictures, and was very well patronized. In the building the box-ball alley was also doing a good business during the evening, probably owing to the coolness of the weather.

Pictures Were Features.

The pictures thrown on the screen last evening were all novel, and elicited much commendation from the big audience. They were among the best that have been shown this season, and will be popular during the week.

The "Invisible Men," the first presentation, was of a somewhat supernatural type, and proved to be one of the best received. Among the others were "Robbers Robbed" "Hello, Hallo, Grinder!" "The Heart Rules the Head," and "Peck's Bad Boy."

The subject of the last was whispered around among the juvenile population long before it was presented on the canvas, and was greeted by loud applause as soon as it was announced. The famous grocery store and the groceryman, as well as the bad boy himself, were depicted in a realistic manner.

$4,430.00 In Prizes For Good Live Stock

This Amount, Will be Donated for Prizes at the Live Stock and Poultry Show at Ottawa—To Be Held in March, 1907.

Examiner Special.

Toronto, July 24.—The Eastern Ontario Live Stock and Poultry Show has been established at Ottawa for educational purposes, and is held under the auspices of the Ontario Department of Agriculture and the Ontario Live Stock Associations. The next show will be held at Ottawa, Ont., March 4 to 8, 1907, in a fine new steel frame building, which will supply comfortable quarters for the exhibits of live stock and poultry, and good accommodation for visitors to see the exhibits and judging and to hear the practical addresses on subjects relating to agriculture.

Following are the different departments of the show with the approximate amount of cash prizes offered in each:

Beef Cattle	$ 860
Dairy Cattle	735
Sheep	775
Swine	690
Poultry	1250
Seeds	120
Total—	$4430

Each department has a classification which provides for exhibits of the principal breeds and varieties. Breeders and feeders, especially in Eastern Ontario, should begin now to make preparations for exhibiting. Persons wishing prize lists will receive them free upon application to the secretary, A. P. Westervelt, Parliament Buildings, Toronto.

WOULD PAY COURT FINES TO GET MEN ON THE FARM

The York County farmers are in the midst of haying, and they need men, despite the fact that $2 a day is freely offered, says the Toronto Star. A number of immigrants are employed, but the average immigrant does not take kindly to haying, and many a farmer is in a sorry plight, with tons and tons of fodder to handle and little hired help for the purpose.

Governor Vaasant of Toronto Jail has been appealed to, and already several prisoners have had their fines paid by York farmers, who pay tempting wages besides. Additional applications came in to-day, some of the farmers applying in person. One in particular was greatly disappointed when unable to get a man. Of course only those prisoners in durance because of unpaid fines are available. The offenders without an option do not enter into the proposition at all. They must serve their time.

A Letter About Victoria Park

Its Dangerous Condition of Disrepair Referred to.

To the Editor of the Examiner,—

Dear Sir, — I saw something in your paper about the central walk in Victoria Park, from the fountain to the court house plaza. I saw more than that. I saw the walk itself, if more holes than walk can be called a walk; and a more ricketty, disreputable deformity to one of the most beautiful little parks in Canada, I can't imagine. On August 8th and following days, the Oddfellows, about a thousand strong, are going to meet in Grand Lodge, in the House. They will come from every part of the country—come expecting to find Peterborough, as they have been told it is, one of the most progressive and prettiest of Canadian cities. What impression will those who walk, or stumble, up the hill to the Court House, where meetings will be held—that is, those who don't break their legs in the attempt — what impression will they take away of the enterprise of our aldermen, who permit such a park to be disgraced with a rattle-trap, ricketty, neck-breaking, dilapidated, man-trap of a walk, as that going by that name up the emerald, tree-embowered slope of Victoria Park?

The aldermen had $250 to give the Oddfellows to help entertain the visitors. The Oddfellows, while appreciating the offer, declined the gift. Now make the offer good again. The Oddfellows—some of them have told me so—are willing that this $250 should be devoted to putting in a new central walk in the park. Harry Evans and Jack Thirnbeck tell me that when there isn't too much filling, they can put in concrete pavement at six cents per foot. Suppose the walk is fourteen feet wide, and two hundred and fifty feet long. That will be 250 x 14, equal 3,500 square feet, which multiplied by 6, equals $210.00, or enough to build the walk and $35 to the good out of $250. Now, allowing for contingencies, the whole $250 might be needed; or, allowing for more contingencies, perhaps $50 over the $250, or $300, might be required. Build the walk, and trust to the County Council to make up the balance of $50. If the Board of Works would "get a hustle on," they might have the walk completed before the meeting of the Oddfellows' Grand Lodge, and they would carry away a good report of Peterborough. As it is, if they try to use the present walk, what some of them will carry away will be a testimony to the care with which our two excellent ambulances carry men with broken legs to the hospitals. Anyway, something should be done to patch up this disreputable walk a little and so, as much as possible, minimize the disgrace the mayor and aldermen will incur by permitting strangers to see in the most beautiful spot in this beautiful city, a a walk in such a cantankerous condition, that even an axeman with a surveying party, in the wildest wilds of New Ontario, would take out an accident policy before he would trust his trained feet to its tender mercies. A suggestion: The Mayor, if he were provided with a balancing pole, or a little slack wire practice, might use this walk as a platform from which to read a civic address of welcome to the Oddfellows.

Yours, with abject abasement,

HUMILIATED.

Even Better Than Frumenty

Old English Dish Is Now Surpassed by a Malted Grain Food.

Writing on the food problem and advocating a rational health diet, Dr. Josiah Oldfield, author of "The Claims of Common Life" and other well-known works, declares a sufficiency of grain food is necessary and refers to the old English dish of frumenty as a most excellent article of food. He also speaks of malted grain as a food for increasing years. This eminent author thus strikes the very keynote of health and strength.

"There is a modern food which embraces all the qualities of frumenty and has even more, for it is malted grain. We refer to Malta-Vita—all pure grain and nothing else.

Malta-Vita is made by an extended and elaborated process of the old way of making frumenty. The whole wheat grain is thoroughly cleaned, then boiled in water and cooked in steam to gelatinize the starch. After the starch cells have broken down, the wheat is mixed with pure barley malt extract which converts the gelatinized starch into maltose, or malt sugar, highly nutritious and easily digested even by the weakest stomachs. Then each grain of wheat is rolled into little wafer flakes and goes to the great ovens where, under intense heat, it is baked crisp and brown, "done to a turn," and ready for your table.

All grocers sell Malta-Vita. 10 cents

Important to Builders and Contractors

BARGAINS IN BOYS' SUITS

Just now is the time to buy a Suit for your boy. We have the famous Sanford make of Boys' Clothing. They have had the largest experience in the manufacture of Boys' Clothing of any firm in Canada, which is a very strong argument as to quality. They know where the boy requires the extra stitches in order to strengthen the weak spots. It's easy enough to make a Suit look right, but to have it equal to every strain, every tussle—that's a different proposition, and that's where ours excel. Prices like these:—

BUSTER BROWNS

$3.75 and $4.00 Suits $2.95
$4.50 and $5.00 Suits 3.95
$6.00 and $6.50 Suits 4.95

BOYS' SUITS 22-28

$2.50 Suits for $1.95
$3.00 Suits for 2.48
$3.50 and $4.00 Suits 2.95

BOYS' SUITS 29-33—Norfolk and 3-Piece Suits

$3.50 and $4.00 Suits, for $2.95
$4.25 and $4.50 Suits, for 3.45
$4.75 and $5.00 Suits, for 3.95

Regular 35c. and 50c. Boys' Blouses **29c.** Boys' Hosiery at 15c and 25c. guaranteed stainless. See our showing in south window of Men's Night Shirts at **69c.** regular $1.00 quality; also the special Dress Shirts at **50c.**, worth $1.00.

Our Sale Still Continues in all Departments

and our prices almost blush at their cheapness.
